Customer Appreciation Reception
Wednesday, May 15th, 4:00 PM – 6:00 PM
Please Thank our Partner Sponsors

Astute Business Solutions focuses on helping PeopleSoft customers across all industries maximize their return on investment by helping them implement the latest Application and Tools capabilities while leveraging the power of Oracle Cloud Infrastructure (OCI) to reduce TCO, improve performance and increase security.

Astute, an Oracle Cloud Select Partner, is the leading provider of Move and Improve services for PeopleSoft on OCI. Astute leverages the power of Cloud Automation with tools like PeopleSoft Cloud Manager, Terraform, and OCI CLI to streamline PeopleSoft Application Lifecycle Management, helping customers take up PUM updates and Tools upgrades at a faster pace, thus delivering business value from their investments in PeopleSoft.

Astute is developing innovative solutions using Oracle Chatbot technology, Oracle Autonomous Database, Kubernetes, Micro Services and PeopleSoft Test Framework for customers across industries such as Healthcare, Education, Non-Profit, Professional Services, Government, Financial Services and more.

Established in 2005, **Elire** is a Minneapolis based full-service consulting firm with 14+ years of experience in successfully completing projects for our customers. The leadership team averages more than 20 years of experience and our Consultants average more than 10 years of experience as PeopleSoft trusted advisers.

We help our clients achieve success by efficiently implementing, integrating, testing, updating, upgrading, and managing their PeopleSoft investments. In addition, we also provide strategic guidance and support to assist with a wide variety of business process improvements, and specialize in helping our clients unlock the full potential of their PeopleSoft applications.

MIPRO has a single point of focus: PeopleSoft. “We love it; we live it; we breathe it every day.” MIPRO’s history with the product translates into a deep understanding of PeopleSoft at its core.

Known as a thought leader for PeopleSoft Selective Adoption, Fluid and Lease Administration, MIPRO has expertise with PeopleSoft ERP/Financials and Supply Chain Management, Human Capital Management and a dedicated Asset Lifecycle Management practice.

For the past 13 years MIPRO has earned a reputation for integrity, honesty and for always “doing the right thing.” Recognized repeatedly as a *101 Best & Brightest Companies to Work For* and as a *Crain's Cool Places to Work* has enabled MIPRO to attract and retain top talent for their customers.

At **Presence of IT**, our strength is the excellence of our people and our focus is on our clients. We are an Oracle Platinum partner and a leading global consulting organization for PeopleSoft enterprise applications. We have been in the industry for 20 years and have delivered over 300+ PeopleSoft projects. We have a reputation for excellence in delivery and driving thought leadership & innovation. As a trusted partner we offer comprehensive services across the following functions:

Implement: Rapid deployment of new PeopleSoft modules, functional and technology components such as Fluid, Guided Self Service, and Elastic Search etc. Our agile approach, accelerators and Solution DNA significantly shorten project timeframes.

Enhance: Improve your ROI in PeopleSoft by leveraging our value-added services such as PTF Automation Suite, Selective Adoption as Service and comprehensive Training Courses. In addition, our pre-built tools such as Payroll Verification, Team Calendar, Broadbean Integration etc., offer targeted and on-going cost savings.

Operate: Leverage our offshore based and cost-effective Managed Support Services for your PeopleSoft application. Our experts overcome challenges to improve service levels, provide a secure, cost effective solutions for database, functional and technical support to meet your business needs and get to the root cause of issues.

Transform: Transform your PeopleSoft system to Cloud Infrastructure. We offer Cloud Readiness Assessment, Roadmap, Strategy & Governance, Business Case preparation, Lift and Shift services to migrate and operate securely on Public Cloud Infrastructure.

Innovate: Modernize your enterprise applications and cater for your increasingly mobile and virtual workforce through our Robotic Process Automation (RPA) and Digital Assistant (Chatbot) services for PeopleSoft.

Smart ERP Solutions, Inc. is a Platinum level member of the Oracle Partner Network providing innovative add-on software solutions and consulting services for PeopleSoft applications. Solutions include but not limited to, automated Employee Pre-boarding, Onboarding and Off-boarding, I-9/E-Verify processing with Department of Homeland Security, and other business process automation solutions for Procurement, Financials and Supply Chain Management. Our full PeopleSoft service offerings range across all your PeopleSoft applications, from strategic planning, implementations, upgrades, application managed support, remote DBAs and more.

Spear MC – As an Oracle Platinum Partner and Applications Unlimited Managed Partner, we've been helping organizations unlock their true PeopleSoft potential since 2004. Along the way, we've been privileged to work with medium-sized firms to some of the largest organizations in the country, and have enjoyed the unique challenges of every project. Our deep knowledge of Oracle applications, technology, managed services and training help us consistently deliver excellent service and real ROI for our customers.

Along with our deep expertise in PeopleSoft and PeopleTools, we also specialize in Oracle Cloud Infrastructure (OCI), Hyperion Planning and Oracle EPM Cloud. Our friendly Oracle consulting specialists, business analysts, technical leads and project managers create tailored solutions for individual projects by combining their exceptional technical skills, industry experience and extensive knowledge of operational improvement best practices.

Stop by our table and say hello. We'd enjoy talking about what we've been up to lately.
