

Oracle® Retail Financial Integration for Oracle Retail Merchandise Operations Management and Oracle Financials

Release Notes

Release 15.0

E69271-01

December 2015

This document highlights the major changes for Release 15.0 of Oracle Retail Financial Integration for Oracle Retail Merchandise Operations Management and Oracle Financials.

Overview

Oracle Retail Financial Integration (RFI) release 15.0 represents an upgrade of the previous release of the direct integration solution between Oracle Retail Merchandising Suite and enterprise financial systems. The concept of retail financial integration continues to be strategic to Oracle Retail, and this integration is designed to better match other Oracle Retail-provided integration patterns making this integration easier to implement and support. The Oracle Retail Financial Integration is aligned with Oracle Retail's overall integration strategy.

This version of Oracle Retail Financial Integration targets integration between Oracle Retail Merchandising System (RMS) and Oracle Financials.

RFI is supported by Oracle for customers who have purchased the Oracle Retail Integration Bus product. As with most packaged integration, the base package provides the most common integration content to satisfy end-to-end scenarios, but customers can make some integration and mapping changes to meet their specific needs. This release includes technical and design documentation to assist customer-specific deployments.

Hardware and Software Requirements

Retail applications relevant to the Retail Financial Integration include:

- Oracle Retail Merchandising System (RMS) Release 15.0
- Oracle Retail Invoice Matching (ReIM) Release 15.0
- Oracle Retail Sales Audit (ReSA) Release 15.0
- Oracle Retail Integration Bus (RIB) Release 15.0

See the *Oracle Retail Financial Integration for Oracle Retail Merchandise Operations Management and Oracle Financials Installation Guide* for information about the following:

- Hardware and software requirements
- Oracle technology product requirements and compatibility
- Oracle Retail application software requirements and compatibility

Functional Enhancements

The following functional enhancement is included in this release.

Integration RBO Changes

A significant number of RBOs were updated in this release.

New Administration Graphical User Interface (GUI)

A new RFI Administration GUI is included that enables you to view DVMs and XREF data.

Forward Ports and Defect Fixes

Oracle Retail Financial Integration Release 15.0 includes several forward ports and defect fixes.

Technical Enhancements

This section addresses the technical enhancements included in Oracle Retail Financial Integration Release 15.0.

Supported Oracle Applications

Oracle Retail Financial Integration Release 15.0 is supported for use with the following Oracle applications:

- Oracle E-Business Suite (Accounts Payable) 12.2.4
- PeopleSoft Financials (General Ledger and Accounts Payables) 9.2.0.0

Database Server Support

Oracle Retail Financial Integration Release 15.0 is supported for use with the following database server:

- Oracle Database Enterprise Edition 12c (12.1.0.2)

Fusion Middleware Support

Oracle Retail Financial Integration Release 15.0 is supported for use with the following version of Oracle Fusion Middleware:

- Oracle Fusion Middleware 12c (12.1.3)

Software Operating System Support

Oracle Retail Financial Integration Release 15.0 is supported for use with the following software operating systems:

- Oracle Linux 7 for x86-64 (Actual hardware or Oracle virtual machine)
- Red Hat Enterprise Linux 7 for x86-64 (Actual hardware or Oracle virtual machine).

Browser Support

Oracle Retail Financial Integration Release 15.0 is supported for use with the following browser:

- Mozilla Firefox ESR 38+

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Value-Added Reseller (VAR) Language

Oracle Retail VAR Applications

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.
- (iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.
- (iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
