What's New for Oracle Cloud at Customer

Release 19.2

F29418-03

August 2020

What's New for Oracle Cloud at Customer 19.2

This document lists the new features and enhancements added to the Oracle Cloud at Customer and Oracle Cloud services.

Topics

- [What's New for Oracle Cloud at Customer 19.2](#)
- [What's New for the Oracle Cloud Services on Oracle Cloud at Customer](#)

What's New for Oracle Cloud at Customer 19.2

This release includes an OSS (Object Storage) upgrade, the deployment of a new Storage Console, and important firmware updates and security fixes. It also includes high-availability-ready lifecycle tools along with Oracle Enterprise Manager agent changes to accommodate the lifecycle tools updates.

Oracle Cloud at Customer 19.2 introduces the following updates:

Feature	Description
OSS Upgrades	From version 3.36.10 to 3.37.3
Storage Console	Version 1.4.3
Oracle Identity Cloud Service (IDCS) Upgrade	To version 18.4.2
Oracle Cloud Infrastructure Load Balancing Classic (LBaaS) Upgrade	To version 18.4.6

What's New for the Oracle Cloud Services on Oracle Cloud at Customer

 **Note:**

For the complete list of services supported on Oracle Cloud at Customer 19.2, see [Services Available on Oracle Cloud at Customer](#) in *Getting Started with Oracle Cloud at Customer*.

The following table lists the Oracle Cloud services that are provisioned in your Oracle Cloud at Customer Cloud Account by default.

Table Features in Oracle Cloud Services

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software" or "commercial computer software documentation" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.
