2. Saving Accounts Application

The savings account application has been created so as to enable customers to apply for a savings account by providing minimal personal details. As an applicant, you are also provided with the option to customize the debit card associated with the account. All the required disclosures and notices are displayed as part of the application and all regulations governing the bank and applicant involved have been kept in mind while identifying information to be captured.

The application tracker has been built so as to enable tracking of the application once it is submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved.

Savings Account Application Workflow

Following are the steps involved in the account opening application:

- **Account Information:** In this section, you can identify the holding pattern of the account, i.e. whether the account is to be jointly held and subsequently identify if the co-applicant is an existing customer of the bank or a new applicant.
- **Applicant Information:** The applicant information sections consist of details such as basic personal information, identity, contact, and employment information of the applicant.
- **Features and Specifications:** This section comprises of two sub sections – Activity Profile and Debit Card Preferences. In the activity profile sub section, you can define details pertaining to the regular activities you plan on performing on your account. In the debit card preferences sub section, you can customize your debit card linked to the savings account, by defining the name to be printed on the card, the card design, etc.
- **Account Funding:** This section enables you to select the method through which you will fund the initial deposit on your account and to specify details of funding including amount to be funded and subsequent account or card details from which the amount is to be debited.
- **Review and Submit:** This section comprises of two sub sections. The first displays the summary of the application. You can verify details submitted as part of the application and can modify any if required. The second sub section displays the disclosures and notices applicable on the savings account application. You can view details of these disclosures and notices and give consent to them before submitting the application to the bank.

- **Confirmation:** This section displays a message confirming that the application has been submitted along with details on additional steps that might be required to be taken by the applicant or the bank. If the bank has configured the debit bureau check step for savings account applications, the debit decision outcome is also displayed and if positive, the account number that is generated by the bank is displayed.

Hence, if you are not a citizen of the United States but are a permanent resident of the United States and have a Social Security Number you can apply for a savings account online. However, if you are not a United States citizen and are not a permanent resident either, you cannot apply for a savings account online.

Financial institutions in the US are governed by strict laws one of them being the Equal Credit Opportunity Act (ECOA) which dictates that it is unlawful for any financial institution to discriminate against any applicant on the basis of race, color, religion, national origin, sex, marital status or age (as long as the applicant is a legal major). Hence, information such as the number of dependents, marital status, etc are not captured in the application.

Your Social Security Number is masked as soon as you enter it so as to eliminate the risk of shoulder surfing security threat

4. Why do you require the expiry date of my identity proof?

The same eligibility criteria applicable to you (the primary applicant) is applicable to the co-applicant i.e. the co-applicant must be a legal major in the state in which the account is going to be held and must either be a US citizen or a resident alien.

8. Why must I specify details of the activity I intend on performing on my account?

We require you to provide details of intended activity on your account so as to be able to identify if there is any security threat on your account when an activity which is not expected to be undertaken by you is performed. If such an occasion arises, we will notify you regarding the specific activity on your account so as to eliminate any security threat.

9. Can I fund my account through multiple modes?

No, currently you are able to select only one mode of funding through which you are required to fund the entire amount.

10. Why do I have to give my consent to all the disclosures displayed under the Review & Submit section?
