# About This Guide

US SAR stands for United States Suspicious Activity Report.

The *Oracle Financial Services Compliance Regulatory Reporting User Guide* explains the concepts behind the Oracle Financial Services Compliance Regulatory Reporting application and provides step-by-step instructions for navigating through the application.

This chapter discusses the following topics:

- Who Should Use this Guide
- How this Guide is Organized
- Where to Find More Information
- Conventions Used in this Guide

## Who Should Use this Guide

The *Oracle Financial Services Compliance Regulatory Reporting User Guide US SAR*, is designed for use by various users. Their roles and responsibilities, as they operate within the Oracle Financial Services Compliance Regulatory Reporting application, include the following:

- **Analyst:** This user can view, create, and edit report details, request reports for approval, close reports, add comments to the report as well as view final PDF.
- **Supervisor:** This user can view, create, edit report details and add comments to the report. This user is responsible for taking action on the reports submitted by the Analyst, such as approve, reject, re-approve, or close reports. Users mapped to the role of Supervisor can add comments to the report as well as view final PDF.
- **Admin User:** This user can view reports, edit approved reports, re-approve, and close approved reports. Users mapped to the role of Admin can add comments, generate e-file, and file them with the regulatory bodies.
- **Super User:** This user can create, update, approve, reject, re-approve, and close reports. This user can also generate e-file and file the reports with the regulatory bodies. Users mapped to the role of Super User can perform all the tasks performed by an Analyst.
- **System/Application Administrator:** This user is responsible for managing the static data used in the application, creating application users, mapping users to user groups, and configuring the various parameters used in the application.
- **Auditor:** This user can view regulatory reports and draft PDF.
- **System Authorizer:** This user is responsible for authorizing configurations.

For more information on user roles, refer to *Table 2*.

## **How this Guide is Organized**

The *Oracle Financial Services Compliance Regulatory Reporting User Guide US SAR*, includes the following topics:

- Chapter 1, *About Compliance Regulatory Reporting*, provides an overview of the Oracle Financial Services Compliance Regulatory Reporting application.
- Chapter 2, *Getting Started*, explains the steps to login to the Oracle Financial Services Compliance Regulatory Reporting application and provides a brief overview of the various users and their roles in the OFS CRR application
- Chapter 3, *Managing OFS CRR*, explains the workflow of regulatory reports.
- Chapter 4, *Filing Regulatory Reports*, describes the process of filing the regulatory reports to the Regulatory Authorities and completing the SAR process.

## **Where to Find More Information**

For additional information about the Oracle Financial Services Compliance Regulatory Reporting application, refer to the following documents:

- *Oracle Financial Services Compliance Regulatory Reporting Data Model Reference Guide*: This guide explains the structures of the entities in the RR data model and provides in-depth information on managing the data in the OFS CRR application.
- *Oracle Financial Services Compliance Regulatory Reporting Webservice Guide*: This guide explains how and in what format the source business data is provided to the OFS CRR application through a web service for the US SAR report type.
- *Oracle Financial Services Compliance Regulatory Reporting Installation Guide*: This guide provides step-by-step instructions for installing the Oracle Financial Services Compliance Regulatory Reporting application on an existing Oracle Financial Services Behavior Detection Platform hosted in Windows environment.
- *Oracle Financial Services Compliance Regulatory Reporting Administration Guide*: This guide describes comprehensive activities to be done by the OFSAAI Administrator in the Oracle Financial Services Compliance Regulatory Reporting application. This guide details the Compliance Regulatory Reporting, and provides information about configuring and maintaining users and static data.

To find additional information about how Oracle Financial Services solves real business problems, see our website at [www.oracle.com/financialservices](http://www.oracle.com/financialservices).

# About Compliance Regulatory Reporting

This chapter provides an overview of the Oracle Financial Services Compliance Regulatory Reporting application.

This chapter discusses the following topics:

- Introduction of Compliance Regulatory Reporting
- About Oracle Financial Services Compliance Regulatory Reporting Application

## ***Introduction of Compliance Regulatory Reporting***

As a part of regulations and compliances, a Financial Services Organization has to perform appropriate analysis and report any suspicious activities that may lead to fraud and money laundering, to the regulatory authorities. These regulatory bodies are responsible for safeguarding financial institutions and consumers from abuse, providing transparency in the country's financial system, enhancing that country's security, and deterring and detecting criminal activity in the financial system.

Financial institutions are required to provide data regarding suspicious activities to their geographic region's regulatory authority. This data is delivered to the regulatory bodies through regulatory reports. These reports, depending on the regulatory geographic region, can be delivered in a paper format or in an electronic format.

## ***About Oracle Financial Services Compliance Regulatory Reporting Application***

The Oracle Financial Services Compliance Regulatory Reporting (OFS CRR) application supports the management, delivery, and resolution of regulatory reports across multiple geographic regions and across multiple financial lines of business. The OFS CRR application supports the generation of suspicious transaction reports for various countries such as The United States of America (US SAR), Nigeria (NG STR), Pakistan (PK STR), Malaysia (MY STR), Singapore (SG STR), and Kenya STR (KE STR). Since there are several differences in requirements for paper-based formats versus electronic formats, between different geographic regions, and the data elements that are required on these reports, the approach to satisfy the end goal is to provide a Compliance Regulatory Reporting framework that is configured to support paper-based and electronic formats for different geographic regions and to generate and file different types of reports.

The Oracle Financial Services Compliance Regulatory Reporting application is integrated with the Oracle Financial Services Behavior Detection platform (OFSBDP) to allow users to generate reports automatically populated with information relevant to an investigation for any report filed.

The OFS CRR application helps in generating e-file in a *xml* format according to specifications described in FinCEN Suspicious Activity Report (FinCEN SAR) Electronic Filing Requirements. After successfully e-filing, you can download the acknowledgment (*XML*) file from the BSA E-Filing System and upload the acknowledgment into OFS CRR, thereby completing the SAR process.

This chapter explains the steps to login to the OFS CRR application and provides a brief overview of the various users and their roles in the OFS CRR application.

This chapter explains the following topics:

- Overview
- User Access
- Logging in to Compliance Regulatory Reporting
- Managing the OFSAA Application Page
- Components of Regulatory Reports List
- Components of Regulatory Report Details

## Overview

Following are the user roles defined in the OFS CRR application:

- **Analyst:** This user can access Regulatory Reports, create new reports, edit/view report details, add comments to the report, request for approval, cancel filing of reports from *Open* and *Reopen* status, reopen canceled reports, and also view/save the final report.
- **Supervisor:** This user can access Regulatory Reports, create new reports, edit and view report details, add comments to the report. This user can also take actions on the reports such as approve, rework, and cancel filing of reports. This user can also submit the reports.
- **Super user:** This user can access Regulatory Reports, create new reports, edit and view report details, add comments to the report. This user can also take actions on the reports such as approve, rework, and cancel filing of reports. This user can also generate E File and then submit the E File.
- **Admin User:** This user can access File Regulatory Reports Menu, this user can generate E File and then submit the E File.
- **System Administrator:** This user is responsible for managing the static data used in the application, creating application users, mapping users to user groups, and configuring the various parameters used in the application.
- **Auditor:** This user can view and add comments to the report.

This chapter explains the tasks that can be performed by the users of OFS CRR application.

This chapter also explains the steps to login to the OFS CRR application. It explains the components of Regulatory Reports List and the Regulatory Report Details as well as the functions of the action buttons in the Regulatory Reports List and Regulatory Report Details.

## User Access

The following table explains the tasks that can be performed by various users in the OFS CRR application.

## Logging in to Compliance Regulatory Reporting

To access the Compliance Regulatory Reporting application, follow these steps:

1. Enter the URL into your browser using the following format:

`<scheme/ protocol>://<ip address/ hostname>:<port>/<context-name>/login.jsp`

The OFSAA Login page is displayed.

2. Select the **Language** from the Language drop-down list.
3. Enter your **User ID** and **Password**.

4. Click **Login**. The OFSAA Application page is displayed.

The OFSAA Application Page is divided into two parts:

- **Left Pane:** Displays any menus and links to modules in a tree format based on the application selected in the **Select Application** drop-down list.
- **Right Pane:** Displays any menus and links to modules in a navigational panel format based on the selection of the menu in the Left pane. It also provides a brief description of each menu or link.

## ***Managing the OFSAA Application Page***

This section describes the different panes and tabs in the OFSAA Application page.

The OFSAA Application page has the following tabs:

- Applications
- Object Administration

The following sections describe these tabs.

### **Applications Tab**

The Applications tab lists the Regulatory Reporting application that is installed in the OFSAA setup based on the logged in user and mapped OFSAA Application User Groups.

The following menu items are available in the **Applications** tabs:

- Compliance Regulatory Reporting Pack
  - US SAR
  - User Administration
  - Webservice Configuration
  - Excel Upload (Atomic)

### **Object Administration Tab**

Object Administration is an integral part of the Infrastructure system and allows system administrators to define the security framework with the capacity to restrict access to the data and metadata in the warehouse, based on a flexible, fine-grained access control mechanism. These activities are mainly done at the initial stage, and then as needed. This tab includes information related to the workflow of the Infrastructure Administration process with related procedures to assist, configure, and manage administrative tasks.

The Object Administration tab lists the RR Information Domain created in the OFSAA setup based on the logged in user and mapped OFSAA Application User Groups. For more information about managing Information Domains, refer to the *Administration Guide*.

The following menu items are available in the Object Administration tab:

- Financial Services Analytical Applications Infrastructure
  - Object Administration

**Note:**

- If you've installed OFS CRR without OFS USSAR, the Oracle Financial Services Analytical Applications Infrastructure page will display the **OFS RR** link under the Home menu. Clicking **Regulatory Reporting** will navigate you to the Regulatory Reporting Search and List page.
- If you've installed OFS CRR with OFS USSAR, the Oracle Financial Services Analytical Applications Infrastructure page will display the **USSAR** link under the Home menu. Clicking **USSAR** will navigate you to the OFS USSAR Home page depending upon your roles and access rights.

## Accessing Compliance Regulatory Reporting from OFS USSAR

To access OFS CRR from OFS USSAR, follow these steps:

1. Go to the **OFSAAI** Login page.
2. Select the **Language** for the application.
3. Enter your **User ID**.
4. Enter your **Password**.
5. Click **Login**. The OFSAAI Home page is displayed.

**Note:** From the Set My Home Page drop-down list, select **Financial Services Regulatory Reporting** and click **Save**. This saves the List of Regulatory Reports as the start page. If the List of Regulatory Reports is the start page, the Home and the Logout link will be enabled on this page. If not, the Logout link is available only in the landing page.

The screenshot shows the Oracle Financial Services Regulatory Reporting interface. At the top, it says 'ORACLE Financial Services Regulatory Reporting' and 'ussar | Tuesday, June 26, 2018'. The main navigation includes 'Regulatory Reporting' and 'Administration'. The breadcrumb trail is 'Regulatory Reporting >> US SAR >> Regulatory Reports List'. There is a search bar with 'Search', 'Reset', and 'Go' buttons. Below the search bar are several filter fields: Report Name, Alert/Case ID, Created By, Jurisdiction, Subject Name, Created By, Status (Open, Requested for Approval, Approved, Reject), SSN/EIN/TIN, BSA ID, and Report Format Version. There are also date pickers for 'Created Date From' and 'Due Date From'. Below the filters, there is a section for 'Regulatory Reports (4)' with 'Unwrap' and 'Export to Excel' options. The table below shows the following data:

Report Name	Report Type	Jurisdiction	Alert/Case ID	Subject Name	# of Subjects	Created Date	Created By	E-File Reference	Ack Date	Status	BSA ID	Report Format Version	Draft Report

**Figure 1. List of Regulatory Reports**

The OFS CRR application displays the following links.

- Regulatory Reporting
- User Attributes

The Regulatory Reporting menu displays the Regulatory Reports SAR primary menu.

The Regulatory Reports SAR menu displays the following sub-menus:

- Regulatory Reports
- File Regulatory Reports
- Create New Regulatory Report

**Note:** Regulatory Reports SAR is the primary menu. Regulatory Reports, File Regulatory Reports, and Create New Regulatory Report are the secondary menus. In addition, the User Attributes menu displays. This menu allows you to map and maintain the security attributes for each user role.

The following table provides an overview of the menus that are accessible to the OFS CRR users.

## Components of Regulatory Reports List

The List of Regulatory Reports display the summary of all reports generated using the OFS CRR application.

The List of Regulatory Reports display the following components:

- Search Bar
- List Header
- Action Buttons
- Column Headings
- List Matrix

### Search Bar

The RR Search bar allows you to search and view the report details. For more information on searching reports refer to section *Searching Regulatory Reports*.

### List Header

The header contains the title *Regulatory Reports* and displays the total number of reports. The header also provides pagination with forward and backward arrows for advancing page by page or for advancing to the first or last page.

## Action Buttons

The system provides the following action buttons that appear above the Regulatory Report List matrix:

- **Export to Excel:** Allows you to export the report details into an Excel template. For more information on Exporting to Excel, refer to *Exporting to Excel*.

## Column Headings

Column headings provide labels that tell you what kind of information displays in the columns. Most column headings in the RR List matrix can be sorted.

Right-click on the column heading to sort the display.

The following sorting options display:

- Ascending
- Descending
- Clear Sort
- Field Chooser

Select the relevant sorting option. The application refreshes the list and re-sorts the list based on the selection you have made.

## List Matrix

The RR List matrix displays the summary of all reports.

The following table provides a list of columns and their descriptions in the RR List matrix:

**Table 4. Columns in RR List Matrix**

Column Heading	Description
Report name	Displays the report name.
Report Type	Displays the report type. <b>Note:</b> SAR is the default value for report type.
Jurisdiction	Displays the jurisdiction to which the report is mapped. <b>Note:</b> Jurisdiction over a territory relates to the geographic area over which a court has the authority to decide cases. Following are the values for Jurisdiction: <ul style="list-style-type: none"><li>● CA</li><li>● SA</li><li>● US</li><li>● INDA</li><li>● AMEA</li><li>● SGI</li><li>● SGO</li><li>● ENT</li></ul>

**Table 4. Columns in RR List Matrix**

Column Heading	Description
Alert/Case ID	Displays the Alert/Cased ID that triggered the creation of the report in OFS CRR from OFSBDP/OFSECM. This field displays as blank for manually created report.
Subject Name	Displays the subject name.
Number of Subjects	Displays the number of subjects involved in the suspicious transaction
Created Date	Displays the date of report creation.
Created By	Displays the user who created the report.
E-File reference	Displays the e-file reference number.
Acknowledgment Date	Displays the date on which the acknowledgment was received.
Status	Displays the status of the report.
BSA ID	Displays the BSA ID generated for the report. <b>Note:</b> BSA stands for <b>Bank Secrecy Act Identifier</b> . The BSA ID is a distinct value assigned to each SAR submitted to FinCEN. FinCEN will use this ID to track a SAR as well as any corrections or amendments to that SAR.
Draft Report	This column displays a PDF icon. Click the PDF icon to view the report details in PDF. For more information on Draft report refer to, <i>Viewing Draft Report</i> .

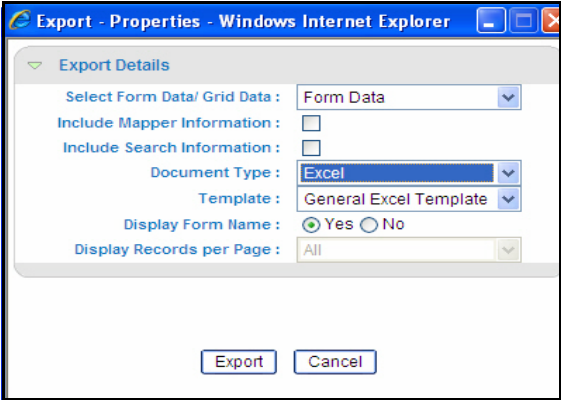

**Exporting to Excel**

The List of Regulatory Reports allows you to export the report details into an Excel template.

To export the report details into an Excel template, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click **Export to Excel**. The Export Properties dialog box displays.

**Note:** All the reports in the Regulatory Reports List are exported into an Excel template. You cannot export individual reports into Excel.

**Figure 2. Export Properties Dialog Box**

3. Set Document Type as *Excel* and select Form Data/Grid Data as *Grid Data*.
4. Click **Export** in the Export Properties dialog box.

When processing is complete, the data displays in an IE window with a dialog box.

**Figure 3. File Download Box**

5. Click **Save** from the dialog box.

The Save As dialog box displays.

6. Select a directory location where you want to save the file.
7. Enter a new name in the **File Name** field or the application automatically generates a name for the file to accept.
8. Click **Save**.

The application saves your file to the specified location.

**Note:** Open the file in Microsoft Excel to edit as needed.

## Viewing Draft Report

The Regulatory Report Details allows users mapped to the role of Analyst, Supervisor, Super user, and Admin User to view draft report. You can view the draft PDF in any status.

To view draft report, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name to view the report details.
3. Click **Draft Report**. The File Download box displays.

**Note:** You can also view the report details in PDF by clicking the PDF icon in the Draft Report column in RR List Matrix.

**Figure 6. Regulatory Report Details**

Following are the components of the Regulatory Report Details:

- Action Buttons
- Report Context
- Report Details Tabs

## Action Buttons

The presence of an action button will depend on your role as a user and the current status of the report.

Following are the action buttons in the Regulatory Report Details:

- **Add Comments:** This button displays in the Regulatory Report Details in all the report status. The display of this action button does not have any relation with the report status. It allows you to add comments to the report. For more information about adding comments, refer to *Adding Comments to Report*.
- **Draft Report:** This button displays in all the report status. The display of this action button does not have any relation with the report status. It allows you to view the report details in a PDF. For more information about drafting report, refer to *Viewing Draft Report*.
- **Request For Approval:** This button displays in the Regulatory Report Details when the report is in *Open*, *Rejected*, or *Rejected from e-file* status. It allows you to submit a report for approval. For more information about requesting for approval, refer to *Submitting the Report Details for Approval/Requesting for Approval*.
- **Approve:** This button displays in the Regulatory Report Details when the report is in Request for Approval status for users mapped to the role of Supervisor and in *Open*, *Rejected*, *Rejected from e-file*, *Request for Approval* status for users mapped to the role of Super User. It allows you to approve reports. For more information about approving reports, refer to *Approving Reports*.
- **Re-approve:** This button displays in the Regulatory Report Details when the report is in *Approved or Re-approve Required* status. It allows you to re-approve reports. For more information about re-approving reports, refer to *Re-Approving Reports*.
- **Reject:** This button displays in the Regulatory Report Details when the report is in *Request for Approval*, *Approved*, and *E-file generated* status. It allows you to reject reports. For more information about rejecting reports, refer to *Rejecting Reports*.
- **Close:** This button displays in the Regulatory Report Details when the report is in Request for Approval status for users mapped to the role of Supervisor and in *Open*, *Approved*, *Rejected*, *Rejected from e-file*, *Request for Approval* status for users mapped to the role of Super user.

This button displays in the Regulatory Report Details when the report is in *Open*, *Rejected from e-file*, and *Rejected* status for users mapped to the role of Analyst.

It allows you to close reports. For more information about closing reports, refer to *Closing Reports*.

- **Setting Due Date:** This button allows you to set due date for reports. For more information on setting due date, refer to section *Setting Due Date for Reports*.

## Report Context

The Report Context displays information about the report and is non-editable. It contains minimize and maximize buttons that allows you to expand and collapse the details in the Report Context.

**Note:** The BSA ID (Bank Secrecy Act Identifier) is generated when the acknowledgment file (XML file) is uploaded into the OFS CRR application. After the XML file is uploaded into the OFS CRR application, the BSA ID field in the Report Context is auto-updated.

For more information on the tabs in the Regulatory Report Details, refer to *Entering Report Details*.

## Adding Comments to Report

The Regulatory Report Details allows users mapped to the role of Analyst, Supervisor, Super User, and Admin User to add comments to a report. You can add comments to a report when the report is in any status.

To add comments to a report, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name to view the report details.
3. Click **Add Comments**. The Action pop-up window displays.

**Figure 8. Action Pop-up Window**

4. Enter the comments in the Action pop-up window.

**Note:** The comments box in the Action pop-up window allows entering a maximum of 120 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 120 characters in the Comments box, the following message displays: *Number of characters exceeded.*

5. Click **Save**. The following message displays: *Add Operation Successful.*

**Note:** Click **Clear** to clear the data in the Action pop-up window and click **Close** to close the Action pop-up window.

6. Click **OK**. The Action pop-up window closes and displays the Regulatory Report Details.

**Note:** The Regulatory Report Comments grid in the Audit tab displays the comments added to the report

If you click **Save**, without entering the comments in the Action pop-up window, the following message displays: *Mandatory fields are not entered.*

## Setting Due Date for Reports

Set Due Date action will allow authorized users to set a due date or modify an existing due date of an STR.

The application allows you to set the due date for SAR. The due date is set based on the date SAR creation request is sent from the Alert Management/Case Management to OFS CRR. This is the period during which the SAR must be filed with FinCEN. Due date is configurable and by default is set to 30 days from the date SAR creation request is sent from the Alert Management/Case Management to OFS CRR. It includes only business days excluding holidays and weekends. But, this period is configurable.

There are two roles defined for set due date functionality.

- **Due Date with View and Edit:** Users mapped to this role can view, set, and edit due date for reports.
- **Due Date with View:** Users mapped to this role can only view due date for reports.

**Note:** The roles are mapped based on the configurations in the Application Parameters table.

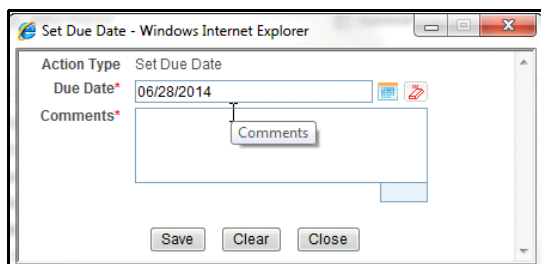

Following table explains the configurability for these roles:

**Table 5. Set Due Date Functionality Configurability**

Set Due Date Action as per Report Status	Due Date With View & Edit		Due Date View Only	
	Take Set Due Date Action	View Due Date	Take 'Set Due Date' Action	View Due Date
Open	X	X		X
Requested for Approval	X	X		X
Rejected	X	X		X
Rejected from E-File	X	X		X
Approved		X		X
Closed				
E-File Generated		X		X
Filed				
Reapprove Required		X		X

To set due date of an STR, follow these steps:

1. Navigate to the Report Details page of a report.
2. Click **Set Due Date**. The Set Due Date Action window is displayed.

**Figure 9. Set Due Date Window**

3. To set a due date, select a date from the calendar icon.

**Note:** This field is a mandatory field.

4. Enter the comments in the **Set Due Date** action pop-up window.

**Note:** The comments box in the **Set Due Date** action pop-up window allows entering a maximum of 255 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 255 characters in the Comments box, the following message is displayed: *Number of characters exceeded.*

If you click **Save** without entering the Set Due Date and Comments, in the **Set Due Date** Action pop-up window, the following error message is displayed: *Mandatory fields are not entered.*

5. Click **Save**. The following message is displayed: *Update Operation Successful.*
6. Click **OK**. The Report Details page is displayed.

**Note:** The Actions section in the **Audit** tab tracks both the actions and the comments entered while performing the **Set Due Date** action.

# *Managing OFS CRR*

This chapter explains the workflow of regulatory reports.

This chapter explains the following topics:

- Overview
- Searching Regulatory Reports
- Creating New Regulatory Reports
- Submitting Regulatory Reports
- Approving/Rejecting/Closing Reports
- Filing Regulatory Reports

## **Overview**

The life cycle of the regulatory reports is described in the following workflow diagram.

Figure 10. Regulatory Reporting Workflow

A report is created in the OFSRR application either from OFSBD or within the application. When a report is created in the application, the report details are entered and then submitted for approval. An authorized user validates the report details and either approves, rejects, or closes the report.

If the report is approved, an e-file is generated for the report. The generated e-file is submitted with the FinCENs BSA E-Filing System. The e-file is validated and an acknowledgment (XML file) is generated. The acknowledgment file is then uploaded into the OFSRR application, thereby completing the SAR process. The status of the report changes to Filed. Filed status is the final status given to a SAR that has been submitted to and processed by FinCEN.

If the report is rejected, then you must re-work on the report and submit the report for approval or you can close the report. If you close the report after being rejected, then the status of the report changes to closed. But if you choose to rework on the report, then the status of the report changes to request for approval, that must again be validated and approved by authorized users. This process continues until the report is approved or closed.

If there are any changes done to an approved report, the status of the report changes to Re-approve required, which must be validated by authorized users.

If a user determines that a SAR report should not be filed they can close it. The Closed status removes it from the work queue and helps to distinguish it from those in a Filed status. If the report is closed, the report details cannot be edited and the report is in View mode.

For more information on user roles, refer to *Table 2*.

Every report generated in the OFSRR application can have various statuses.

The following table describes the action taken on the report and the resulting change in the report status.

**Table 6. Report Status**

Action Taken	Resulting Report Status
A report is auto-generated or created manually.	Open
An authorized user has updated and submitted the report details for approval.	Request for Approval
An authorized user validates the report details and has taken approved action. The user can now file the report with the regulatory authority.	Approved
An authorized user has edited the approved report details. The user must take Re-approve action on the report to run the report validations and ensure that the editing did not introduce any report validation errors.	Re-Approve Required
An authorized user has taken close action on the report.	Closed
An authorized user has taken a reject action on the report.	Rejected
An authorized user has generated an e-file for an approved report.	E-file Generated
An authorized user has rejected the generated e-file from filing to the regulatory authorities.	Rejected from E-file
An authorized user has filed the regulatory report to the regulatory authorities.	Filed

The report has a life cycle which begins with the Open status and ends when it is Closed/Filed.

The following table explains the possible actions the users can take in different statuses.

**Table 7. Actions Performed by various Users in Different Status**

Status	Possible Action	Resulting Status	User Roles
Open	Request For Approval	Requested for Approval	Analyst/Super User
	Close	Closed	Analyst/Supervisor/Super User
	Approve	Approved	Supervisor/Super User
Request for Approval	Approve	Approved	Supervisor/Super User
	Reject	Rejected	Supervisor

	Reject	E-File Rejected	Admin/Super User
Rejected from E-File	Request For Approval	Requested for Approval	Analyst /Super User
	Approve	Approved	Supervisor/Super User
	Close	Closed	Analyst/Supervisor/Super User
RE-Approve Required	Re-approve	Approved	Supervisor/Admin/Super User

The report is in View mode in the following statuses:

- Closed
- E-file Generated
- Filed

You cannot edit report details when the report is in View mode. All action buttons are hidden in View mode.

The following table explains the status in which the report details are editable by OFSRR users.

**Table 8. Status in which report details are editable by different users**

## Searching Regulatory Reports

The Regulatory Reporting List page allows you to search the report list and details.

To search regulatory reports using search components, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports - SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.

The screenshot shows the 'Regulatory Reporting Administration' interface. At the top, there are tabs for 'Regulatory Reporting' and 'Administration'. Below the tabs, the breadcrumb path is 'Regulatory Reporting >> US SAR >> Regulatory Reports List'. A search bar contains 'Search', 'Reset', and 'Go' buttons. The search filters include: Report Name, Alert/Case ID, Created By, Created Date From, Due Date From, Jurisdiction, Subject Name, Created By, To, To, Status, SSN/EIN/TIN, BSA ID, and Report Format Version. Below the filters, there is a section for 'Regulatory Reports (4)' with 'Unwrap' and 'Export to Excel' options. The table below lists four reports:

Report Name	Report Type	Jurisdiction	Alert/Case ID	Subject Name	# of Subjects	Created Date	Created By	E-File Reference	Ack Date	Status	BSA ID	Report Format Version	Draft Report

2. Enter the search components in the RR Search bar.

The following table provides a list of search components that display in the RR search bar.

**Table 9. Components of RR Search Bar**

Criteria	Description
Report Name	Enter the report name to display report with name as specified in the search criteria. <b>Note:</b> This field supports a wildcard search, using the % as a wildcard indicator and allows you to enter a maximum of 61 characters.
Jurisdiction	Select the jurisdiction from the drop-down list to display reports mapped to the selected jurisdiction. <b>Note:</b> Every report is associated with a jurisdiction, whether created manually or coming from an alert or case. When a SAR is created from an alert or case, the SAR inherits the jurisdiction that was associated to that alert or case. When creating a SAR manually Domain 1 field on the create SAR screen displays the list of available jurisdictions.  Each user has access to a set of jurisdictions. Each SAR is associated with a single jurisdiction. A user has access to any report where the user's jurisdictions intersect with the SAR's jurisdiction.  Jurisdiction is a mandatory field for the creation of SAR whether manually or from alert/case, and hence jurisdiction cannot be empty.
Status	Select the report status from the drop-down list to display reports in the selected status.  <b>Note:</b> The Status search criteria is pre-selected with a list of statuses that is configurable. By default, the application displays the following statuses: <ul style="list-style-type: none"> <li>● Request for Approval</li> <li>● Approved</li> <li>● Rejected</li> <li>● Rejected from Efile</li> </ul>
Alert/Case ID	Enter the Alert/Case ID to display reports with the selected Alert/Case ID. <b>Note:</b> Alert/Case ID is the alert/case that has triggered the creation of report in OFSRR application. This field supports a wildcard search, using the % as a wildcard indicator.  For more information on how reports are auto-generated from OFSBDP, refer to <i>Creating a New Regulatory Report from OFSBDP/OFSECM</i> .
Subject Name	Enter the subject name to display reports with the selected subject name. <b>Note:</b> This field supports a wildcard search, using the % as a wildcard indicator.
SSN/EIN/TIN	Enter the SSN/EIN/TIN to display reports with the selected SSN/EIN/TIN. <b>Note:</b> This field supports a wildcard search, using the % as a wildcard indicator.
Created By (drop-down list)	Select the name of the user who created the regulatory report from the drop-down list to display reports created by the selected user. The Created By drop-down displays 10 users at a time.

Table 9. Components of RR Search Bar

Criteria	Description
Created By (text-box)	<p>Enter the name of the user who created the regulatory report to display reports created by the selected user.</p> <p>The Created By text box allows you to search for user who created the reports. To search using this text box, Click  icon. A pop-up displays listing all the user names. Select the check-box of the user name to add to the search criteria.</p> <p>This text-box also supports wild card search. If the wildcard search results only one user name, then it is automatically displayed in the search criteria. This field can have a maximum of 25 characters.</p> <p><b>Validations:</b></p> <ul style="list-style-type: none"> <li>● If you click <b>Go</b>, after entering values in both <i>Created By Drop-down</i> and <i>Created By Text-box</i>, then the application displays the following message: <i>You have provided values for both Created By drop-down list and text-boxes. Please provide value for only one field at a time.</i></li> </ul>
BSA ID	<p>Enter the BSA ID of the report to display reports with the BSA ID as specified.</p> <p><b>Note:</b> BSA stands for <b>Bank Secrecy Act Identifier</b>. The BSA ID is a distinct value assigned to each SAR submitted to FinCEN. FinCEN will use this ID to track a SAR as well as any corrections or amendments to that SAR.</p> <p>This field can have a maximum of 25 characters.</p>
Created Date From	<p>Select the created date from the calendar to display reports created from the selected date.</p> <p><b>Note:</b> Created Date From and To can be used independently. When both are used it returns only those SARs within the selected dates inclusive of the selected dates. When only From is used, it returns reports with a create date greater than or equal to the selected From date.</p>
Created Date To	Select the created date to, from the calendar to display reports created until this date.
Report Format Version	<p>Select the Report Format Version from the drop-down list. This denotes the final report format version that is used for this Report. It can be one of the following:-</p> <ol style="list-style-type: none"> <li>1) 1.1 (TXT/CSV)</li> <li>2) 1.2 (XML)</li> </ol>
Due Date From	Select the due date from the calendar to display reports due from the selected date.
Due Date To	Select the due date to, from the calendar to display reports due until this date.

3. Click **Go**. The relevant search list displays.

**Note:** If you click **Reset**, all search fields are set to default values (blank).

## Creating New Regulatory Reports

The OFSRR can either operate as a standalone application or operate along with OFSBDP. The OFSRR supports creation of reports from OFSBDP. For more information on how a report is generated from OFSBDP, refer to *Creating a New Regulatory Report from OFSBDP/OFSECM*. To assist clients whose suspicious activity are not captured in the typical alert/case model, the OFSRR supports the creation of manual suspicious activity reports. For more information on creating manual reports in OFSRR application refer to section *Creating a New Regulatory Report from OFSRR Application*.

For more information on User Roles, refer to *Table 2*.

This section explains the following topics:

- Creating a New Regulatory Report from OFSBDP/OFSECM
- Creating a New Regulatory Report from OFSRR Application

### Creating a New Regulatory Report from OFSBDP/OFSECM

When a user with access to Regulatory Reporting selects **Recommend US SAR** on an Alert or Case from the Oracle Financial Services Behavior Detection platform, the data is passed to OFSRR through the web service and a report is opened in the OFSRR application. Once the report is opened in OFSRR, the same details are updated within the Oracle Financial Services Behavior Detection Platform.

To create regulatory reports from OFSBDP, follow these steps:

1. Login to OFSBDP with valid User ID/ Password.

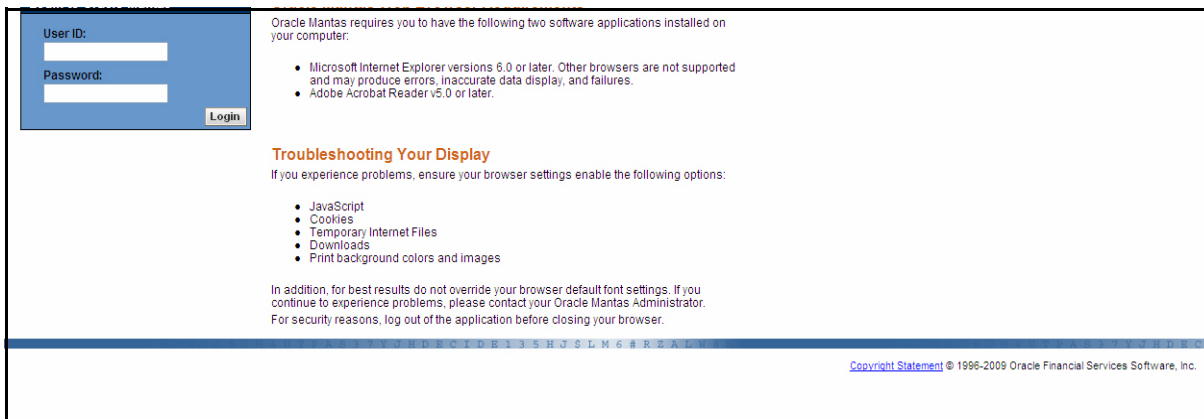

Figure 13. OFSBDP Login Page

2. Click **Investigation** tab.
3. Select the scenario class '**ML**' '**IML**' or '**FR**' and select the focus as **AC**, **CB**, **CU**, **EN** and **HH**. Select the status of the alert as **New** and **Open**. Click **Search**. The Alert List page displays.

## Creating a New Regulatory Report from OFSRR Application

Users mapped to the role of Analyst, Supervisor, Super User, and Admin user can create new regulatory reports.

To create a new regulatory report, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Create New Regulatory Report**. The Create New Regulatory Report page displays.

The screenshot shows the 'Create New Report' form. On the left, under 'Report Information', there is a text input for 'Report Name\*', a dropdown for 'Report Type' with 'SAR' selected, a dropdown for 'Domain 2', a dropdown for 'Domain 4', a text input for 'Internal Control File Number', and a timestamp for 'Created On' (05/29/2014 02:38:37 PM). On the right, under 'Corrected Report', there is a dropdown for 'Corrected Report\*', a dropdown for 'Domain 1\*' with 'ENT' selected, a dropdown for 'Domain 3', a dropdown for 'Domain 5', and a text input for 'Created by' (USSUPER). 'Save' and 'Reset' buttons are located in the top right corner.

2. Enter the required information.

The following table explains the fields in Create New Report page.

**Table 10. Fields in Create New Report Page**

Field Name	Description
Report Name	Enter the report name. <b>Note:</b> The report name can have a maximum of 60 characters. If you enter more than 60 characters for report name, the following message displays: <i>Number of characters exceeded.</i>
Corrected Report	Select whether the report is corrected or not from the drop-down list. <b>Note:</b> Corrected report is a term used by FinCEN to identify a report that was previously submitted but is being resubmitted with modifications to correct the earlier provided information. A corrected SAR must reference the previously submitted SAR by virtue of the BSA ID of the previous SAR.
Report Type	Displays the report type. <b>Note:</b> The application supports generation of US SAR, hence the value for report type is defaulted to SAR.
Domain 1	Select Domain 1 from the drop-down list. <b>Note:</b> The Domain 1 through Domain 5 fields allow a user to associate security attributes to the case being created, which can be used to control access to the case. For example, OFSRR requires that Domain 1 always be associated with a business <b>Jurisdiction</b> . The specific jurisdiction values that will be available in the drop-down are defined at the firm level. Once a jurisdiction is assigned to a newly created report, only users with access to that jurisdiction will be able to see and work on the report.
Domain 2	Select Domain 2 from the drop-down list. <b>Note:</b> Domain 2 through Domain 5 can be associated with other attributes such as business domains or organizations. When assigned to a report at creation, these can also be used to control access. For information on how your firm is using Domain 2 through Domain 5, contact your system administrator.
Domain 3	Select Domain 3 from the drop-down list.
Domain 4	Select Domain 4 from the drop-down list.
Domain 5	Select Domain 5 from the drop-down list.
Internal Control/File Number	Enter the internal control/file number. <b>Note:</b> This will be the Alert or Case ID from OFSBDP if the reports is auto-generated from OFSBDP. For manually created reports, clients will have the option to provide an internal control/file number to the new report.
Created On	Displays the date and time of report creation.
Created By	Displays the user who created the report.

3. Click **Save**. The following message displays: *Add Operation Successful*.
4. Click **OK**. The Create New Report page displays.

**Note:** To exit the Create New Report page, select Regulatory Reports or File Regulatory Reports from the Regulatory Reports-SAR primary menu.

## Submitting Regulatory Reports

This process involves the following steps:

- Entering Report Details
- Submitting the Report Details for Approval/Requesting for Approval

### Entering Report Details

The Regulatory Report Details allows users with appropriate rights to enter or update report information.

For more information on User Roles, refer to *Table 2*.

You must enter the report details in the tabs present in the Regulatory Report Details.

Following are the tabs in the Regulatory Report Details:

- Filing Institution Information
- Fin Inst Where Activity Occurred
- Suspicious Activity Information
- Subject Information
- Documents
- Narrative
- Audit

**Note:** All the fields in the Regulatory Report Details tabs have some numbers preceding the field labels. These numbers correspond to the numbers of the fields as they appear in FinCEN's SAR PDF that is used for discrete filing.

### Managing Filing Institution Information

The Filing Institution Information page is the default page for the Regulatory Report Details.

This tab displays the following sections:

- Reporting Information
- Filing Institution Information

**Note:** This tab has a single **Validate** button that checks the information present in both the Reporting Information container and the Filing Institution Information container.

If you click on request for approval and if there is any error in the details of the Filing Institution Information tab, then the application displays the following message: *Please Validate Filing Institution Information.*

### Reporting Information

This container displays information on the type of report filing.

Following are the possible types of filing:

- **Initial Report:** Initial reports are reports that are submitted to the FinCEN for the first time.
- **Correct/Amend Prior Report:** Corrected reports are reports that was previously submitted but is being resubmitted with modifications to correct earlier provided information. A corrected SAR must reference the previously submitted SAR by virtue of the BSA ID of the previous SAR.
- **Continuing Activity Report:** They are reports that are reporting on additional and continuing behavior as related to one or more previously submitted SARs on the same subjects. If a SAR is designated as a Continuing Activity report then the user must provide the Prior BSA Number of the previously filed report.
- **Joint Report:** It is a suspicious activity report that is being filed by the current institution jointly in cooperation with another financial institution.

**Filing Institution Note to FinCEN:** This field displays the note user want to mention to FinCEN.

### Validations

If you have selected the report as Joint Report and have not selected Initial Report or Correct/Amend Prior Report or Continuing Activity Report, then the application displays the following message: *Please select at least one of the Initial Report, Correct/Amend Prior Report or Continuing Activity Report.*

### Filing Institution Information

This section provides details about the filing institution which is reporting the suspicious activity. There can be only one filing institution reporting the suspicious activity.

### ***Activity Classification***

Select Activity Classification from the LHS menu to view the Activity Classification pane. This section provides options to describe the type of suspicious activity such as Fraud, Terrorist financing, Insurance, Casinos, and so on. When selected, Activity Classification displays the following classification categories:

- Structuring
- Terrorist Financing
- Fraud
- Gaming Activities
- Money Laundering
- Identification/Documentation
- Other Suspicious Activities
- Insurance
- Securities/Futures/Options
- Mortgage Fraud
- Cyber Events
- Were any of the following product type(s) involved in the suspicious activity?
- Were any of the following instrument type(s)/payment mechanism(s) involved in the suspicious activity?

Within each category there are options to select specific behavior that indicate why it was felt the suspicious activity could be considered Structuring or Terrorist Financing and so on. Review the options within each category and select one or more that best describe the activity being reported.

Each of these classifications in the Activity Classification LHS menu contains subtypes. You can check all the options applicable to the suspicious activity.

If you select **Other** from the activity classification list, you must enter a description of the activity classification in the **Other** field.

If you click **Save**, all the details in Activity Classification pane are saved and if you click **Reset**, the fields in the pane are reset to the last saved values.

The Documents tab lists all the documents that are attached to the report. It also allows the user to add additional documents. You can upload files of any format with size which are smaller than 1 MB.

The following table explains the fields in the Documents grid.

**Table 22. Fields in Documents grid**

Field Name	Description
Actual file name	Displays the actual file name of the document attached.
File name	Displays the logical file name assigned by the user.
Include this file in the report	Displays whether the attached document is included in the final report or not.

**Note:** You can upload files of any format in Documents tab. You can choose to include the attached document in the report.

However, only one file of .csv format can be included in the report. You cannot include files of any other format other than .csv in the report.

**Figure 52. Documents Tab – Edit Mode**

### Adding Documents

To add documents, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name in the List of Regulatory Reports. The RR Details display.
3. Click the **Documents** tab. The document details display.
4. Click **Add**. The Attach Document pop-up window displays.

**Figure 53. Attach Document Pop-up Window**

The following table explains the fields in the Attach Document pop-up window.

**Table 23. Fields in Attach Document Pop-up Window**

Field Name	Description
Logical File Name	Enter the file name of the document to be attached.
Choose a File	Select the file that needs to be attached. <b>Note:</b> You can attach files of any format in the Documents tab.

5. Click **Browse** in the Choose a file field. Select the document that must be attached from the local system.
6. Click **Attach file**. The following message displays: *Add Operation Successful*.
7. Click **OK**. The Attach Document pop-up window displays for attaching a new document.  
**Note:** Click **Close** to view the newly added document in the List of Documents grid.

### ***Viewing Documents***

To view the documents attached, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name in the List of Regulatory Reports. The RR Details display.
3. Click the **Documents** tab. The Document details display.
4. Select the document you want to view from the List of Documents grid.
5. Click **View Document**. A File Download box displays.
6. Click **Open** in the File Download Box to view the document attached. Click **Save** to save a copy of the attached document in your local system or click **Cancel** to close the File Download Box.

### ***Deleting Documents***

To delete the attached documents, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name in the List of Regulatory Reports. The RR Details display.
3. Click the **Documents** tab. The document details display.
4. Select the document you want to delete.
5. Click **Delete**. The following message displays: *Are you sure you want to delete this record.*
6. Click **OK**. The following message displays: *Delete Operation Successful.*  
If you click **Cancel**, the document is not deleted.
7. Click **OK**. The List of Documents grid displays.

### ***Validate a Document***

While creating the report, if the user has selected **Include in Report** option, then the Report (.csv format) will get validated here. Only .csv format is accepted as an attachment in the document tab.

### ***Including Documents in Report***

You can include the document attached in the Documents tab to be included in the report. Only one file of .csv format can be included in the report. You cannot include files of any other format.

To include the attached document, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name in the List of Regulatory Reports. The RR Details display.
3. Click the **Documents** tab. The documents attached display in the List of Documents grid.
4. Select the check box of the document you want to include in the report.
5. Select **Yes** from the drop-down list in the *Include This File in Report* column.

**Figure 54. Including .csv in E-file Generated**

6. Click **Save** in the List of Documents grid. The following message displays: *Update Operation Successful*.
7. Click **OK**. The List of Documents grid displays.

**Note:** If you try to include files of any other format (other than .csv format), the following message displays: *Only a document with csv extension can be included in report.*

If you try to include more than one .csv file in the report, the following message displays: *Only one document can be made primary for a report.*

You cannot edit the report details when the report is in View mode. Action buttons, such as Add, Delete, and Save, are hidden in the Documents tab when the report is in View mode.

**Figure 55. Documents Tab – View Mode**

### Adding Narrative

The Narrative tab displays the description of the suspicious activity. It also displays any additional information related to the suspicious activity.

To update the Narrative tab, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name in the List of Regulatory Reports. The RR Details display.
3. Click the **Narrative** tab. The Narrative pane displays.
4. Enter the information in the Narrative pane.

**Note:** You can enter a maximum of 20000 characters in the narrative pane.

5. Click **Save**. The following message displays: *Update Operation Successful. Carriage returns (if any) will be removed when submitting to FinCEN.*

**Note:** The line breaks if present in the Narrative tab are removed while submitting the e-file to FinCEN.

6. Click **OK**. The narrative details are saved.

To clear the changes made in the Narrative tab, click **Reset**. The page refreshes to display the last saved data.

**Figure 56. Narrative Tab - Edit Mode**

You cannot edit the report details when the report is in View mode. Action buttons, such as Save and Reset, are hidden in the Narrative tab when the report is in View mode.

Field Name	Description
Action	<ul style="list-style-type: none"> <li>● Filing Institution Information Modified</li> <li>● Added Financial Institution</li> <li>● Modified Financial Institution</li> <li>● Removed Financial Institution</li> <li>● Added Branch Information</li> <li>● Modified Branch Information</li> <li>● Delete Branch Information</li> <li>● Added New Subject – Subject Record # (When user clicks Save)</li> <li>● Removed Subject – Subject Record #</li> <li>● Modified Subject Details – Subject Record #</li> <li>● Modified Suspicious Activity Details Modified Suspicious Activity Classification</li> <li>● Modified Law Enforcement Information</li> <li>● Added Suspicious Activity Additional Information</li> <li>● Modified Suspicious Activity Additional Information</li> <li>● Removed Suspicious Activity Additional Information</li> <li>● Added New Document – Name of the added document</li> <li>● Removed Document – Name of the Removed document</li> <li>● Added Relationship with Financial Institution</li> <li>● Modified Relationship with Financial Institution</li> <li>● Removed Relationship with Financial Institution</li> <li>● Added New Account - Account Number</li> <li>● Modified New Account - Account Number</li> <li>● Removed New Account - Account Number</li> <li>● Narrative Added</li> <li>● Due Date Modified</li> </ul>

### ***Regulatory Report Comments***

Regulatory Report Comments lists all the comments from different users from the Audit log.

The Regulatory Report Comments grid displays the following fields:

**Table 25. Fields in Regulatory Report Comments Grid**

Field Name	Description
Date	Displays the date on which the comment was recorded.
By	Displays the name of the user who has given that comment.
Comments	Displays the comments added to the report by the user.

## Submitting the Report Details for Approval/Requesting for Approval

After updating the report details, they must be validated. The Regulatory Report Details allows users with appropriate roles to submit a report for approval. Authorized users can validate the report details and can either Approve, Close, or Reject the report.

**Note:** A user can initiate Request for Approval action, only when the report is in *Open/Rejected/Rejected from e-file* status.

For more information on user roles, refer to *Table 2*.

To submit a report for approval, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name to view the report details.
3. Click **Request for Approval**. If there is mandatory information which is missing, or information that is in some way invalid for the report submission, you will receive warnings to correct the information before requesting approval. If there are no errors detected the Request for approval action pop-up window displays.

**Figure 59. Request for Approval Action Pop-up Window**

4. Enter the comments in the Action pop-up window.

**Note:** The comments box in the Action pop-up window allows entering a maximum of 120 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 120 characters in the Comments box, the following message displays: *Number of characters exceeded*.

5. Click **Save**. The following message displays: *Add Operation Successful*.

**Note:** Click **Clear** to clear the data in the Action pop-up window and click **Close** to close the Action pop-up window.

6. Click **OK**. The report audit details display.

**Note:** The Regulatory Report Action grid in the Audit tab displays the comments added in the Request for Approval Action pop-up window.

If you click **Save**, without entering the comments in the Request for Approval Action pop-up window, the following message displays: *Mandatory fields are not entered*.

## Approving/Rejecting/Closing Reports

The Regulatory Report Details allows authorized users to approve, reject, or close the regulatory reports.

**Note:** The authorized users can approve, reject, or close the report only when all the mandatory fields in Report Details tabs are complete.

If the user approves the report, an e-file is generated for the report. The generated e-file is submitted with the FinCENs BSA E-Filing System.

If the user rejects the report, then you must re-work on the report and submit the report for approval. This process continues until the report is approved or closed.

If the user closes the report, the report details cannot be edited and the report is in View mode.

For more information on user roles, refer to *Table 2*.

### Approving Reports

To approve a report, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name to view the report details.
3. Click **Approve**. If there is mandatory information which is missing, or information that is in some way invalid for the report submission, you will receive warnings to correct the information before requesting approval. If there are no errors detected, the Approve Action pop-up window displays.

**Figure 60. Approve Action Pop-up Window**

4. Enter the comments in the Action pop-up window.

**Note:** The comments box in the Action pop-up window allows entering a maximum of 120 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 120 characters in the Comments box, the following message displays: *Number of characters exceeded.*

5. Click **Save** The following message displays: *Update Operation Successful.*

**Note:** Click **Clear** to clear the data in the Action pop-up window and click **Close** to close the Action pop-up window.

6. Click **OK**. The report audit details display.

The Regulatory Report Action grid in the Audit tab displays the comments added in the Approve Action pop-up window.

If you click **Save**, without entering the comments in the Approve Action pop-up window, the following message displays: *Mandatory fields are not entered.*

If the report is approved, the status of the report changes to *Approved*.

## Re-Approving Reports

The Regulatory Report Details allows authorized users to re-approve reports. The user can re-approve reports when the report is in *Re-Approve Required* status. This action must be performed if the report has been edited in any way. Taking the action of Re-Approve will re-run the report validations and ensure that the editing did not introduce any report validation errors.

**Note:** If an approved report is edited in any way, the status of the report changes to *Re-approve Required*. When a report in *Re-approve Required* status is re-approved, the status of the report changes to *Approved*.

To re-approve a report, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name to view the report details.
3. Click **Re-approve**. The Re-approve action pop-up window displays.

**Figure 61. Re-Approve Action Pop-up Window**

4. Enter the comments in the Action pop-up window.

**Note:** The comments box in the Action pop-up window allows entering a maximum of 120 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 120 characters in the Comments box, the following message displays: *Number of characters exceeded.*

5. Click **Save**. The following message displays: *Add Operation Successful.*

Click **Clear** to clear the data in the Action pop-up window and click **Close** to close the Action pop-up window.

6. Click **OK**. The report audit details display.

**Note:** The Regulatory Report Action grid in the Audit tab displays the comments added in the Re-approve Action pop-up window.

If you click **Save** without entering the comments in the Re-approve Action pop-up window, the following message displays: *Mandatory fields are not entered.*

## Rejecting Reports

The Regulatory Report Details allows authorized users to reject reports from filing. A user can reject report when the report is in Approved or Request for Approval status. If a report is rejected, then the user must re-work on the report and again submit the report for approval. This process continues until the report is approved or closed.

**Note:** If a report is rejected, the status of the report changes to *Rejected*.

To reject a report, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name to view the report details.
3. Click **Reject**. The Reject Action pop-up window displays.

**Figure 62. Reject Action Pop-up Window**

4. Enter the comments in the Action pop-up window.

**Note:** The comments box in the Action pop-up window allows entering a maximum of 120 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 120 characters in the Comments box, the following message displays: *Number of characters exceeded*.

5. Click **Save** The following message displays: *Add Operation Successful*.  
Click **Clear** to clear the data in the Action pop-up window and click **Close** to close the Action pop-up window.
6. Click **OK**. The report audit details display.

The Regulatory Report Action grid in the Audit tab displays the comments added in the Reject Action pop-up window.

If you click **Save**, without entering the comments in the Reject Action pop-up window, the following message displays: *Mandatory fields are not entered*.

## Updating Rejected Reports

If a report is rejected, then the user can either close the report or can re-work on the report and again submit the report for approval. This re-work process continues until the report is either approved or closed.

For more information on editing report details, refer to section *Entering Report Details*.

## Closing Reports

If a user determines that a SAR report should not be filed they can close it. The Closed status removes it from the work queue and helps to distinguish it from those in a Filed status.

A user might choose to close a report that is in an approved state if, for any reason, it is determined that the SAR no longer needs to be filed. This may be because of late arriving information to the investigation or other subsequent events that eliminate the need for reporting the activity.

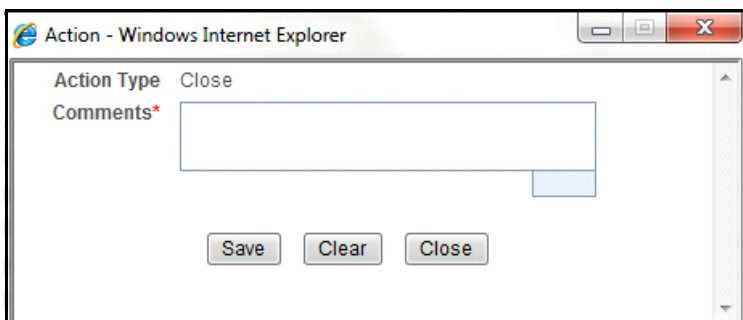

The Regulatory Report Details allows authorized users to close reports without filing. The user can close reports when the report is in Approved or Request for approval or Rejected status.

Once the report is closed, you cannot edit the report details and the report is in View mode.

**Note:** If a report is closed, the status of the report changes to *Closed*.

To close a report, follow these steps:

1. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **Regulatory Reports**. The List of Regulatory Reports display.
2. Click the Report name to view the report details.
3. Click **Close**. The Close Action pop-up window displays.

**Figure 63. Close Action Pop-up Window**

4. Enter the comments in the Action pop-up window.

**Note:** The comments box in the Action pop-up window allows entering a maximum of 120 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 120 characters in the Comments box, the following message displays: *Number of characters exceeded*.

5. Click **Save**. The following message displays: *Add Operation Successful*.  
Click **Clear** to clear the data in the Action pop-up window and click **Close** to close the Action pop-up window.
6. Click **OK**. The report audit details display.

The Regulatory Report Action grid in the Audit tab displays the comments added in the Close Action pop-up window.

If you click **Save** without entering the comments in the Close Action pop-up window, the following message displays: *Mandatory fields are not entered*.

## ***Filing Regulatory Reports***

Once the report is approved, the authorized users must file the regulatory reports with the regulatory bodies.

The OFSRR application helps in generating e-file for an approved report. The e-file generated is in a **.xml** format that is according to the specifications described in FinCEN Suspicious Activity Report (FinCEN SAR) Electronic Filing Requirements. After successfully e-filing, you can download the acknowledgment (*XML*) file from the BSA E-Filing System and upload the acknowledgment into OFSRR, thereby completing the SAR process. The status of the report changes to *Filed*.

Filed status is the final status given to a SAR that has been submitted to and processed by FinCEN.

For more information on user roles, refer to *Table 2*.

For more information on filing regulatory reports, refer to Chapter *Filing Regulatory Reports*.

This chapter describes the instructions for generating an e-file, filing regulatory report at FinCEN, uploading the acknowledgment, and completing the SAR process. Only users mapped to the role of *Super User* or *Admin User* can generate the e-file.

This chapter discusses the following topics:

- Overview
- Workflow for Filing the Regulatory Report
- Searching Approved Reports
- Generating E-File
- Searching E-File Status
- Viewing E-File, E-File Details, and E-File Attachments
- Downloading the E- File
- Submitting the E-File at FinCEN
- Saving E-File Acknowledgments from FinCEN
- Uploading E-File Acknowledgment into OFSRR Application
- Rejecting SAR(s) from E-File
- Completing the SAR Process
- Adding Comments to E-File

## **Overview**

When a report is created in the application, the report details are entered and then submitted for approval. Once the report is submitted for approval, an authorized user validates the report details and either approves, rejects, or closes the report.

If the user approves the report, that report is available for e-file generation by an authorized user. The generated e-file is submitted with the FinCENs BSA E-Filing System. The e-file is validated by FinCEN and an acknowledgment (*XML* file) is generated. The acknowledgment file can then be uploaded into the OFSRR application. The application will then associate the FinCEN returned BSA Identifier to each SAR within the e-file. At this point the user can then mark the SAR process as complete.

This chapter explains the steps involved in filing approved reports.

## Workflow for Filing the Regulatory Report

The following figure illustrates the workflow of E-File in the OFSRR application:

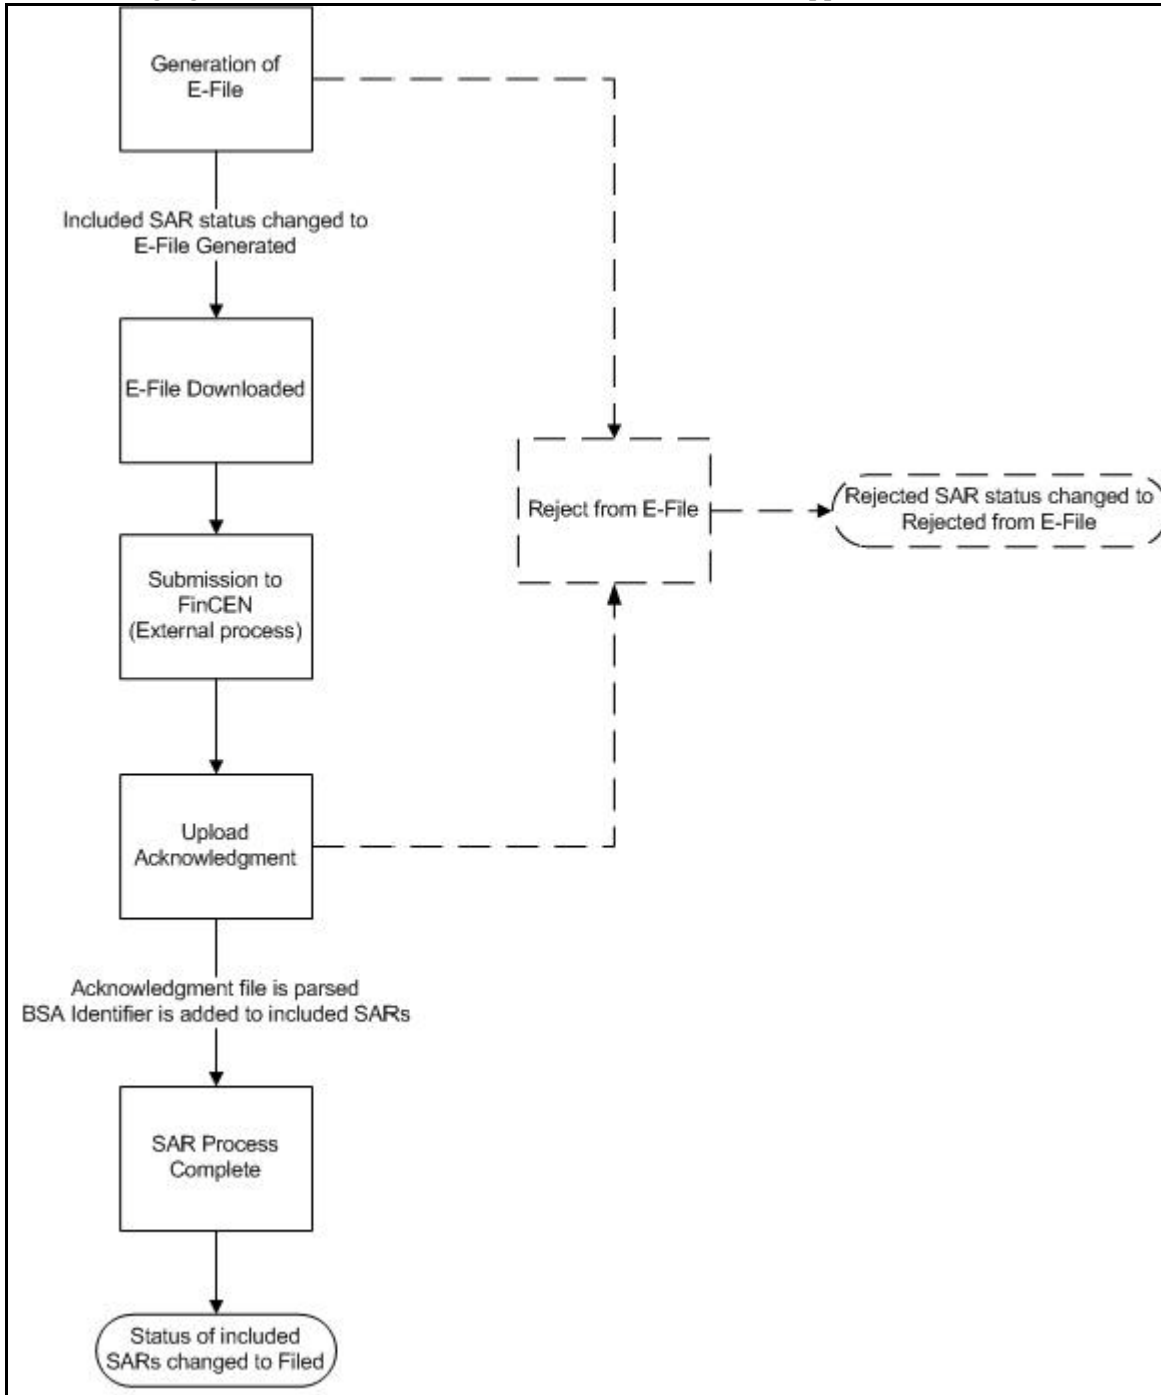

Figure 64. Filing Regulatory Reporting Workflow

## Searching Approved Reports

The File Regulatory Reports workflow contains two tabs namely, Approved Reports and E-File Status. The Approved Reports tab enables you to search for and display reports that are in an Approved state and are ready for e-filing. It is from this tab that you will generate the e-file.

**Note:** Super user and Admin user can reject or close approved reports from this tab.

To search for approved reports, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. Click **Approved Reports** tab. The Advanced Report List page displays all the reports in *Approved* status.

**Figure 65. Approved Reports List**

4. To further filter the list of Approved reports, enter criteria in one or more of the provided filters, as described in the following table

**Table 26. Approved Reports Search Bar Field Descriptions**

Field Name	Description
Report Name	Enter the name of the regulatory report. Wildcard searches are supported using % as the wildcard symbol.
Alert/Case ID	Enter the Alert or Case ID for the report.
Created By	Select the user role(s) from the drop-down list to search for reports created by the selected user roles.
Approved By	Enter the name of the approver to search for reports approved by the selected user.
Approved From Date	Select the approved date from the calendar to display reports approved from the selected date.
Approved To Date	Select the approved date from the calendar to display reports approved until this date.
Jurisdiction	Select the jurisdiction from the drop-down list to display reports mapped to the selected jurisdiction.

5. Click **Search**. The relevant search list displays.

**Note:** If you click **Reset**, all search fields are set to default values (blank).

## **Generating E-File**

Once the status of a regulatory report changes to *Approved*, you can generate the e-file for those report(s) and upload the resultant.xml file into FinCEN' BSA E-Filing System.

Note: When an e-file is generated, an attachment zip file is created for the e-file with a .csv file in it. This .zip file is only available if attachments were associated with any SAR within the E-File.

To generate e-file, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. In **Approved Reports** tab, the Advanced Report List page displays all the reports in *Approved* status. You can also use the Approved Report Search to filter the required reports in *Approved* status.
4. From the Approved Report List, select the required report(s) for which you want to generate e-file.
5. Click **Generate E-File**. The following message displays: *E-File Generated Successfully*.
6. Click **OK**. The status of the regulatory report changes to *E-File Generated*.

**Note:** The reports on which **Generate E-File** action is taken are moved from Approved Reports list to E-File List.

When two users try to generate e-file for the same report(s) at the same time, the following message displays: *One or more reports selected by you are locked by another user for generating E File or it has already been generated. Click OK to refresh the list*

If you try to E File/Reject a report which has already been locked by another user for E Filing, the application displays the following message: *<Report nm1>-<user>, <Report nm2>-<user>..... One or more r Report(s) selected by you are locked by another user and not available for action.*

If you try to E File a report which has already been generated/rejected, the application displays the following message: *<Report nm1>, <Report nm2>..... Report(s) selected by you has already been actioned to either include in an e-file or rejected from the e-file. So cannot perform this action.*

.

## Searching E-File Status

The E-File Status tab in File Regulatory Reports page allows for management of the e-files that have been generated. The E-Filed Status search bar allows you to search for E-Files in different statuses and perform any of the following actions:

- Adding Comment
- Uploading Acknowledgment
- Completing the SAR Process

To search for E-File using the E-Filed Status search bar, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. Click the **E-Filed Status** tab.

E-File Name	Generated Date	Generated By	Comments	E-File	Attachment(s)	Details	Ack	Ack Date	Ack File	Completion Date

Figure 66. E-File List

4. To further filter the list of e-files, enter criteria in one or more of the provided filters, as described in the following table:

**Table 27. E-File Search Bar Field Descriptions**

Field Name	Description
Report Name	Enter the name of the regulatory report for which the e-file is generated. Wildcard searches are supported using % as the wildcard symbol.
Alert/Case ID	Enter the Alert or Case ID of the report.
E-File Generated By	Select a user role to search for e-files generated by the selected user.
E-File Generated From Date	Select the e-file generated date from the calendar to display e-files created from this date.
E-File Generated To Date	Select the e-file generated to date from the calendar to display e-files generated until this date.
Jurisdiction	Select the jurisdiction from the drop-down list to display e-files generated for the reports mapped to the selected jurisdiction.

5. Click **Search**. The relevant search list displays.

## ***Viewing E-File, E-File Details, and E-File Attachments***

From e-file list results page, you can view the generated e-file, e-file details and e-file attachments. In the E-file List, the e-files are arranged in ascending order of SAR document number.

To view the generated e-file text file, select a record and click  in the e-file column. A file download window prompts to **Open** or **Save** the e-file.

To view the e-file details, select a record and click  in the Details column. This e-file details column displays the number of SARs included in the selected e-file within brackets. Click on the Details icon to view the details of all the SARs included in the e-file. These details are displayed below the E-File List.

To view the e-file attachments, select a record and click  in the Attachments column. A file download window prompts to **Open** or **Save** the attachments zip file. The attachments zip file contains the .csv file included for a report from the regulatory reports details page.

## ***Downloading the E- File***

Once you generate an e-file, the OFSRR application generates a *.xml* file with its content formatted according Financial Crimes Enforcement Network (FinCEN) specifications for electronic filing. You must save this *.xml* file and submit to FinCEN's BSA E-Filing System.

To download the generated e-file, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. Click the **E-Filed Status** tab. By default, the E-File List displays a list of e-files in different statuses.
4. Select a record and click  in the E-File column. A File Download window displays.
5. Click **Save** to save a local copy of the file to your computer. The E-File is downloaded successfully.

## Submitting the E-File at FinCEN

Once the e-file is generated, you must file them with the FinCEN’s BSA E-Filing System which in turn generates an acknowledgment or (XML) file.

To submit the E-File at BSA E-Filing System, follow these steps:

1. Login to the BSA E-Filing System website.
2. From the left hand side menu pane click **New Reports**, then select **File Batch FinCEN SAR**. An Open a Form window displays.

**Open an Existing Form**

\*Unless you are making an amendment, please be sure you have not already submitted this form. To determine if a filing was submitted, compare the Filing Name on the form with the submissions listed in your Track Status view.

Browse to a saved form and click "Open Existing Form" to open it.

**Open a New Form**

Click "Open New Form" to open a new form.

Figure 67. Open Existing Form Window

3. Click **Open New Form**. A BSA E-Filing SAR Batch Form opens.

## BSA E-Filing SAR Batch Form

Version Number: 1.0

The attachments may contain SAR filings and the supporting documents for SAR filings .

The form can only be submitted with one batch file and one attachment file. If more than one file is attached for batch or attachment, an alert window will be displayed and the form cannot be submitted. Only one batch file and one attachments file may be attached to each form. If there is a need to submit multiple batch files, use a separate form for each file. A batch file may contain multiple filings. The attachment file must be a zip file, in which one supporting document at most per filing is allowed. Each supporting document must be a comma separated (.CSV) file and must not exceed 1MB. Please click [here](#) for more information.

Do not use the built-in Adobe Reader attachments functionality to add or delete files on this form. Use the "Add File" and "Delete File" buttons on this form instead. This software automatically compresses files during the upload process.

Do not submit any test files into the BSA E-Filing system without first coordinating with the Help desk at 1-888-346-9478 [option 1] or e-mail at [BSAEFilingHelp@fincen.gov](mailto:BSAEFilingHelp@fincen.gov). The Help Desk regular hours of operation are 8:00 AM - 6:00 PM East Coast Time, Monday - Friday. Please note that the Help Desk is closed on federal holidays.

4. In the **Filing Name** field, enter a filing name. There is no specific requirement for the name of the filing. It is recommended that it must be a unique name as this can be used to identify the e-file on the BSA E-Filing site after submission.

5. In the **Batch File** field, attach the e-file that was downloaded from the RR application using the **Add File** button.  
**Note:** The e-file is in *.xml* format.
6. In the **Attachments File** field, add the e-file attachment *.zip* file that was downloaded from the RR application along with the E-File.  
**Note:** This *.zip* file is only available if attachments were associated with any SAR within the E-File.
7. In **Number of Forms in Batch** field, enter the number of individual SAR reports an e-file contains.
8. Click Sign with PIN and enter the details. The following message is added to the header and footer of the document: This form has been signed with a PIN and cannot be altered.  
**Note:** This is the unique identifier assigned by BSA and FinCEN to ensure only authorized individuals are submitting SAR filings.
9. Click **Save** to save the filled BSA E-Filing SAR Batch Form. Once you save the form, the **Submit** button gets enabled.
10. Click **Submit**. A confirmation window displays the following message: *We have received your submission. Please confirm the following information and retain it for your records. Please track the status of your submission using the 'Track Status' function in the BSA E-Filing system.*  
**Note:** The status of a submitted E-file can be any of the following:
  - Transmitted
  - Transmitted with Warnings
  - RejectedClick the **Accepted with Warning** or **Rejected** status hyperlink in the Status column of Track Status page to view the submission errors on the e-file that are in *Accepted with Warning* or *Rejected* status.
11. Click **OK**. The e-file is successfully submitted at FinCEN.

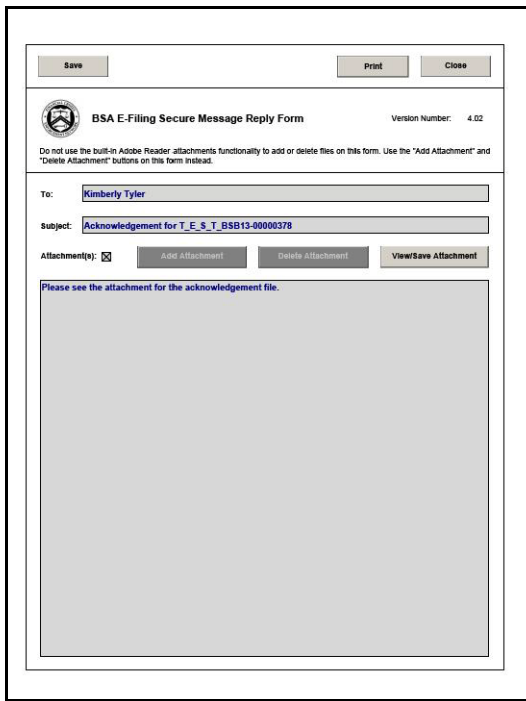

## Saving E-File Acknowledgments from FinCEN

When the BSA E-Filing System Track Status page shows that the submitted file has been acknowledged you will be able to retrieve an acknowledgment file from the BSA E-Filing System Secure Messaging center. This file will be in a *XML* format. You must save this acknowledgment file and upload it into the OFSRR application.

**Note:** An acknowledgment file will not be generated when an e-filing is rejected.

To save the acknowledgment file from BSA E-Filing System, follow these steps:

1. Login to the BSA E-Filing System.
2. From **Secure Messaging**, select **View Inbox** to display a list of acknowledgments.
3. Click the **Subject** of the required acknowledgment. A BSA E-Filing Secure Message Reply Form displays.

**Figure 69. BSA E-Filing Secure Message Reply Form Window**

4. Click **View/Save Attachment**. A window opens listing the acknowledgment (*XML*) file.
5. Click **View/Save** to save the *XML* file to your computer.

## Uploading E-File Acknowledgment into OFSRR Application

After downloading the acknowledgments from BSA E-Filing System, you can update the status of regulatory reports in the OFSRR application. Once you upload the acknowledgment (*XML*) file into the application, the file is then parsed to retrieve the BSA Identifier that has been assigned by FinCEN to each report. This BSA Identifier is then added to the report record.

To upload the acknowledgment, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. Click the **E-Filed Status** tab.
4. From the E-File List results, select the record for which you want to upload the acknowledgment.
5. Click **Upload Acknowledgment**. A SAR Acknowledgment window displays.

7. Click **Choose a File** field and upload the respective *XML* file saved from the BSA E-Filing System.
8. Click **Attach File**. The following message displays: *Add Operation Successful*.
9. Click **OK**.

10. Enter the details in the SAR Acknowledgment window as described in the following table:

**Table 28. SAR Acknowledgment Window Field Descriptions**

Field Name	Description
E-File Name	Displays the e-file name. <b>Note:</b> This field is auto generated
Ack Updated By	Displays the name of the user role who is updating the acknowledgment. <b>Note:</b> This field is auto generated.
Ack Received On	Select the date from the calendar on which the acknowledgment was received.
Ack Number	Enter the acknowledgment number.
EFile Comments	Enter any comments in this field.

11. Click **Save and Parse**. The following message displays: *Update Operation Successful*.

12. Click **OK**. You are navigated back to E-File List results.

**Note:**

- Once you have uploaded the acknowledgment file for an e-file, a **BSA ID** is associated for the respective report.
- Once you have uploaded the acknowledgment file successfully into the OFSRR application, the XML file can be viewed and saved from the e-file list results. To view the acknowledgment file, select a record and click . A file download window prompts to **Open** or **Save** the XML file.
- When you try to upload an acknowledgment file for an e-file for which a XML file is already uploaded, the following warning message is displayed: *Acknowledgment has already been uploaded*
- When an upload acknowledgment action doesn't pass the validation check, the following error message is displayed: *The number of SARs in the acknowledgment file does not match the number of SARs in the selected e-file. No updates will be made. Please verify you have the correct acknowledgment file.*

## Rejecting SAR(s) from E-File

You can reject SAR(s) from an e-file at any point of time before completing the SAR process. Once a SAR report is rejected from an e-file, it is removed from the reports list and the status of the rejected report changes to *Rejected from E-File*.

For SAR(s) that are not rejected, a new e-file is regenerated. If the acknowledgment file is already uploaded, you can complete the SAR process of the regenerated e-file by clicking **Complete SAR Process**.

You can correct/amend a rejected report and submit for Super User/Admin User role's approval. Once the corrected report is approved, you can follow the workflow of filing a regulatory report all over again as explained earlier. Subsequently, while uploading the acknowledgment (XML) file received from FinCEN into the OFSRR application, a new BSA Identifier overwrites the previously associated BSA Identifier of the rejected SAR(s).

**Note:** Once an e-file has been uploaded and accepted by FinCEN, it is advised that you do not reject SARs from the e-file until after the acknowledgment file has been uploaded and parsed. If you reject a report after submission but before processing the acknowledgment files there will be a mismatch in the files referenced in the acknowledgment file and the current e-file. If a report is rejected prior to uploading the acknowledgement into the application, then you have to re-submit the e-file at FinCEN’s BSA E-Filing System to get the latest acknowledgment file.

To reject SARs from an e-file, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. Click **E-Filed Status** tab.
4. From E-File List results, select an e-file record that you want to reject.
5. Click  to view the e-file details.
6. From Report list page, select the required SAR(s) and click **Reject**. An E-File Rejected window displays.

**Figure 71. E-File Rejected Window**

7. Enter comments in the comments field and click **Save**. The following message displays: *Reports Successfully removed from E-File.*

**Note:** The comments box in the E-File rejected window allows entering a maximum of 120 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 120 characters in the Comments box, the following message displays: *Number of characters exceeded.*

8. Click **OK**. The rejected e-file is removed from the E-File List results.

## Completing the SAR Process

Once the status of the regulatory reports reflects the acknowledgment action and the BSA Tracking Identifier, you can complete the suspicious activity reporting process by clicking the **Complete SAR Process**. The status of all regulatory reports included in the e-file then changes to Filed. Once a report is moved to the *Filed* status it cannot be edited.

To complete the SAR process, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. Click the **E-Filed Status** tab.
4. Search for the report using the E-File Search bar or from the E-File List results.
5. Select the e-file for which you want to complete the SAR process.
6. Click **SAR Process Complete**. The following message displays: *Update Operation Successful*.
7. Click OK.

### Note:

- When you try to take **Complete SAR Process** action before performing the **Upload Acknowledgement** action the following warning message displays: *You must first upload an acknowledgement file before taking this action.*
- When you try to take **Upload Acknowledgment** action on a file for which SAR process has already been completed, the following warning message displays: *The SAR process is complete for this file. No further action is permitted.*

## Adding Comments to E-File

You can add comments to an e-file record at any time using the Comment button. Adding comments to an e-file does not have any impact upon the reports included in the e-file. If you select to add a Comment to an e-file with an existing report you can either append to the previous comment or replace it completely.

To add comments to an e-file, follow these steps:

1. Login to the OFSRR application as Super User/Admin User.
2. From the Regulatory Reporting menu, hover over **Regulatory Reports – SAR** and click **File Regulatory Reports**. The File Regulatory Report page displays.
3. Click **E-Filed Status** tab.
4. From E-File List results, select an e-file record for which you want to add a comment.
5. Click **Add Comments**. An E-File Comments window displays.

**Figure 72. E-Filing Comments Window**

6. Enter comments in the comments field and click **Save**. The following message displays: *Update Operation Successful.*

**Note:** The comments box in the E-filing Comments window allows entering a maximum of 250 characters. As you begin entering the comments, the word count displayed below the comments box keeps decreasing. If you try to enter more than 250 characters in the Comments box, the following message displays: *Number of characters exceeded.*

7. Click **OK**. The E-File Comments window displays.
8. Click **Close**. The E-File List results page displays.
