# 1. Preface

## 1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

## 1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

## 1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

## 1.4 Structure

This manual is organized into the following categories:

*Preface* gives information on the intended audience. It also describes the overall structure of the User Manual.

*Introduction* provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.

If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

### 3. Savings Account Application

A savings account is an interest-bearing deposit account held at a bank or in a financial institution that provides a modest interest rate.

The savings account application is created so as to enable customers to apply for a savings account by providing minimal personal details. As an applicant, you are also provided with the option to customize the debit card associated with the account.

The application tracker has been built so as to enable tracking of the application once it is submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved.

#### Savings Workflow

Following are the steps involved as part of application submission:

- **Account Information:** In this section, you can identify the holding pattern of the account, i.e. whether the account is to be jointly held and subsequently identify if the co-applicant is an existing customer of the bank or a new user.
- **Applicant Information:** The applicant information sections consist of details such as basic personal information, identity, contact, and employment information of the applicant.
- **Features and Specifications:** This section comprises of two sub sections – Activity Profile and Debit Card Preferences. In the activity profile sub section, you can define details pertaining to the regular activities you plan to perform on your account. In the debit card preferences sub section, you can customize your debit card linked to the savings account, by defining the name to be embossed on the card, the card design etc.
- **Account Funding:** This section enables you to select the option through which you will fund the initial deposit on your account and to specify details of funding including amount to be funded and subsequent account or card details from which the amount is to be debited.
- **Review and Submit:** This section displays the summary of the application. You can verify details submitted as part of the application and can modify details in any of the section if required.
- **Confirmation:** This section displays a message confirming that the application has been submitted along with account number and additional steps that might be required to be taken by the applicant or the bank.

### 3.17 Existing User

An application form for an existing user will differ from that of one being initiated by a new/unregistered user. If you are applying for a savings account product as an existing user, once you login to the banking system after having entered your login credentials, the application form will be displayed with all your personal details pre-populated in the respective fields and sections. You will, hence, be required to only specify details pertaining to the savings account. The sections that will be pre-populated with your information are Primary Information, Proof of Identity, Contact Information and Employment Information.

## 4. Application Tracker

The Application Tracker enables you to view the progress of submitted applications and also to retrieve and complete applications that have been saved. Through the application tracker you can perform the following actions:

- **View submitted applications:** The application tracker enables you to view details of submitted application which includes viewing status history and application summary
- 
- **View applications in draft:** While filling out an application form, if you opt to save the application instead of submitting it, the application is saved in the application tracker as an 'In Draft application'. You can select any of the applications available under this tab in order to complete and submit that application.

### To track an application:

- Click **Track Application** on the dashboard. The **Login** screen is displayed.
- Enter the registered email ID and password, click **Login**.
- The **Application Tracker** screen is displayed. By default the submitted application view is displayed.

### 4.1 Submitted Application – Savings Account

## **FAQs**

- 1. I am an existing customer of the bank but do not have channel access, how can I proceed?**

You can register yourself as a channel user through the 'Register' option available on the portal page and provide the required details.

- 2. Can I proceed with the application if I am not an existing channel user?**

Yes. You can continue filling in the application details as a guest user and need not necessarily login.

- 3. Does the Co-Applicant also need to login for the system to populate the information if he/she is an existing channel user?**

No. The co-applicant's customer ID needs to be entered by the primary applicant if he/she is an existing user. A verification code will be sent to the co-applicants email ID and/or mobile number. Once the verification process is successful, the co-applicant's details will be populated.

- 4. Why am I asked to capture previous residential address details?**

The bank has a resident stability policy in place wherein if the applicant is staying at the current address for less than a defined term then he/she needs to define the previous residential address.

- 5. My co-applicant and I live in the same house, do I need to enter address details again while defining co-applicant information?**

No. There is an option in the co-applicant contact information section to default the primary applicant's address in that of the co-applicant's residential address fields.

- 6. Why am I being asked to capture previous employment details?**

The bank has an employment stability policy in place wherein if the applicant has not completed a defined term in the current organization then he/she needs to define previous employment details.

- 7. I have saved the application. Can my co-applicant resume the application from the application tracker?**

Yes. The co-applicant needs to be a registered channel user to login to the application tracker and resume the application.

- 8. Can the co-applicant perform all the pending tasks (if applicable) in the application tracker?**

Yes, the co-applicant has all the rights as that of the primary applicant.
