1.4 Structure
This manual is organized into the following categories:
Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:
- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.

If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

7. **Stop/ Unblock Cheque**

Cheques are physical instruments used for making payments. After a cheque is issued, a user may want to block payment in case of theft or misplacement of a cheque issued to a payee. For better management of cheques, the application has an online option to stop cheques - so that they cannot be utilized for making payment or cannot be misused.

Stop/ Unblock cheque feature allows user to stop a cheque issued for making payment. User can specify the cheque number and initiate a stop payment. The user will have to select the account number and the cheque number. The cheque number entered will be validated against the account number selected. This is an online request and cheque status will be changed to stop. The User has to specify the reason while stopping the cheque.

User can also specify the cheque range to stop a complete cheque series. Then user can initiate block request for complete cheque series in case cheque book has been lost or misplaced by him. The User has to specify the reason while stopping the cheque series.

Users can unblock already blocked/ stopped cheque by specifying the cheque number or cheque series through the online channel. It is an online transaction and on initiating the unblock transaction, cheques status will be immediately changed to unblocked. Unblocked cheques can be used for making cheque payments.

**How to reach here:**

*Toggle Menu > Accounts > Current and Savings > Stop/Unblock Cheque*

*OR*

*Dashboard > Toggle Menu > Accounts > Current and Savings > Overview > Quick Links > Stop/Unblock Cheque*

**To stop or unblock cheque:**

FAQs

1. **Who all can view a nickname that a user has set?**
   
   One account can have multiple nicknames set by different users, who have access to that account – however only the logged in user can view the nickname he has set.

2. **Are nicknames displayed in all places, where an account number is displayed?**
   
   No, Approvers can only view the account number, but not nicknames set by makers. Further Review screens contain the account number (where applicable), but not the nickname.
