1. **Preface**

1.1 **Intended Audience**
This document is intended for the following audience:
- Customers
- Partners

1.2 **Documentation Accessibility**

1.3 **Access to Oracle Support**
Oracle customers have access to electronic support through My Oracle Support. For information, visit

1.4 **Structure**
This manual is organized into the following categories:

*Preface* gives information on the intended audience. It also describes the overall structure of the User Manual.

*Introduction* provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:
- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.

If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 **Related Information Sources**

3. **Personal Finance Management**

The personal finance management module enables customers to take control of their money by providing them with a financial overview of all their holdings with the bank. With the help of the personal finance management tools, the customer is able to plan finances and track expenditure. This module comprises of multiple tools, all of which are described in this document.

**Features Supported In Application**

The Personal Finance Management module supports the following features:

- Personal Finance Management Dashboard
- Spending Analysis
- My Goals
- Closed Goals
- Goal Calculator
- Budget

**Pre-requisites**

- Transaction access is provided to retail user.
- Accounts are maintained in the host system under a party ID mapped to the user.
3.1 Personal Finance Management Overview

The retail dashboard displays an overview of My spends, Goals and Budgets of the user. By default it displays user’s spends for last 30 days and the category name with expenditure amount is displayed, where spend has been maximum. There is a widget for Goals which shows the number of active goals with an option to create new goal or manage existing ones. Another widget is placed for showing number of active budget categories with option to create new budget or manage existing ones.
**Dashboard Overview**

Trends dashboard shows widgets of PFM viz. My Spends, Budgets and Goals. They give a brief snapshot of the current financial whereabouts of user with the bank.

**My Spends**

This section displays the spending analysis of the customer. The spending patterns of the user are in the form of a donut chart. The details displayed in the chart will be based on the category wise expenditure in all savings accounts mapped to the user. The user can also view a period wise spend analysis.

This displays the total amount expenditure incurred during a period of last 30 days. It also displays the name of the category in which the highest expenditure has been incurred for that period. Click the View Details link to open the **My Spends** transaction screen. This screen displays the records of all transactions made in the customer’s accounts. The category that each transaction comes under is displayed against the transaction record.

**Goals**

This section displays the count of all the active goals that are created by the user.

Clicking the **More Options** icon, user gets to modify the existing goals. It opens the My Goals screen from which the customer can view, modify, contribute to a goal or even withdraw partially or fully from a goal. The user can also create a new goal from **More Options**.

**Budgets**

This section displays the count of categories against which budgets are created by the user.

You can also modify and create new budget by clicking **icon**.

---

1. In the **Dashboard**, go to Trends menu. The Trends screen appears.
Trends

My Spends

This section displays the spending analysis of the customer in the form of a donut chart. The customer can customize the way the spending analysis is displayed on the basis of the following filters:

- Filter 1: This option enables the user to view the spending analysis based on categories.
- Filter 2: Periodic search options available to the user. User can view the spending patterns of the current month, last 30 days, last 60 days or last 90 days.

The graph displays the percentage wise amount spent in each category in the chart. By default the graph displays the current month and all spend categories where expenses were incurred during that period.

Click a particular category on the graph to view details i.e. sub categories of that category. The amount spent in each category is displayed along with the percentage comprising of that sub category. Click to refresh the graph.

The total amount of expenditure incurred during the period that is being viewed is displayed along with the two categories in which highest expenditure has been incurred for that period.

The View All Transactions option is provided so that the customer can view the transaction records comprising of the spending analysis. Clicking this option opens the My Spends transaction screen. This screen displays the records of all transactions made in the customer’s accounts. The category that each transaction comes under is displayed against the transaction record.
**Budgets**
This section displays the count of all the budgets created by the user. You can view, and create new budget by clicking icon.

By using the **Create Budget** option you can create a new budget. Clicking this link takes you to the **My Budgets** screen.

**Goals**
This section displays count of all the active goals that are created by the user.

Clicking on the icon, available on the goal card, opens the **Create Goal** and **Manage Goals** screen from which the customer can view, modify, contribute to a goal or even withdraw some amount from a goal.
3.2 Goal Calculator – Pre-Login

The goal calculator option present on the pre-login screen or portal page of the application enables the prospect user and visitors to access the goal calculator.

This option allows the user to identify the amount of savings that has to be done to achieve a certain goal. This feature, hence, enables the user to figure out the feasibility of creating a goal based on the regular contribution amount for a defined period.

The user needs to enter the goal details along with his targeted amount. The outcome will be based on values entered by user.

2. In the **Enter Goal Amount** field, enter the target amount.

3. Click **Proceed**. The **Goal Calculator** screen appears.
   OR
   Click **Cancel** to cancel the transaction.
### Goal Calculator

![ZigBank](ZigBank.png)

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Your Goal Amount</strong></td>
<td>The targeted amount of your goal.</td>
</tr>
<tr>
<td><strong>Have you already saved something for it?</strong></td>
<td>The amount user has saved already for the goal or willing to add some amount towards achievement to begin with.</td>
</tr>
<tr>
<td><strong>The Remaining Amount</strong></td>
<td>The amount left after deduction of saved amount.</td>
</tr>
<tr>
<td><strong>In how much time do you want to achieve this Goal?</strong></td>
<td>This is the tenure of user's goal, i.e. when it has to be achieved.</td>
</tr>
<tr>
<td><strong>Years, Months</strong></td>
<td></td>
</tr>
<tr>
<td><strong>How frequently do you plan to set aside money for this Goal?</strong></td>
<td>The frequency of the regular contributions.</td>
</tr>
<tr>
<td></td>
<td>The options are</td>
</tr>
<tr>
<td></td>
<td>- Quarterly</td>
</tr>
<tr>
<td></td>
<td>- Monthly</td>
</tr>
<tr>
<td></td>
<td>- Weekly</td>
</tr>
</tbody>
</table>
4. In the **Have you already saved something for it?** field; enter the amount which you have already saved for the goal.

5. From the **In how much time do you want to achieve this Goal?** list, select the appropriate years and months i.e. time frame user plans to achieve his goal.

   In the **How frequently do you plan to set aside money for this Goal?** field, select the appropriate option.

   The screen section displaying **Your Monthly Contribution** based on the data entered and graph displaying your contribution and bank's contribution appears.

   The screen displays a bar chart showing **How are we helping you achieve it?** This displays the amount paid by user and the interest component provided by Bank and hence the total savings percentage.

6. Click **Set your goal Now!** to create the goal. The user is directed to the **Login Page** of the application.

   OR

   Click **Cancel** to abort the goal creation process.
4. Spending Analysis

The Spend Analysis tool helps the user by providing an insight on the pattern or areas of expenditures. It can then help users to make better and informed spending decisions.

Using this option, users can view and analyze their spending. The spending analysis is displayed in the form of a donut chart on the Trends dashboard.

The system defines categories and sub categories to which transactions are assigned. The categories or sub categories are assigned to the transactions based on rules defined by the system. The user shall be able to re-categorize the assignment of transactions to any categories or sub categories of his choice. The user can also split a transaction he has done into two or more sub transactions.

In addition to the existing default categories and sub categories (created by the bank), users can also create new categories and subcategories. They can create new categories from the My Spends screen as well as by clicking the Manage My Categories link.

While creating a new category, the system verifies that the category being created does not already exist for the customer. In case of sub category creation, the system shall check that a sub category with the same name does not exist under the same parent category. It is however possible to have duplicate sub categories across categories for the same customer. Hence, it shall not be possible to create duplicate categories nor to have duplicate sub categories within a single category for a customer.

Pre-requisite:

User must have used the account to pay directly to the service provider or merchant online or through the use of ATM/Debit cards. If the account has been used to withdraw cash and then a transaction is made, it will not get captured in the spend analysis automatically. However user can always come back and edit those transactions and categorize them accordingly.

How to reach here:

Dashboard > My Spends Widget > View Details > My Spends

OR

Dashboard > Toggle Menu > PFM > Spend > View Transactions/ Manage Categories > My Spends
My Spends

Field Description

Field Name | Description
--- | ---

Refine Your Results

Category and Sub Category | It shall be possible to filter the spend records based on categories and sub categories. Click a category to see the mapped sub categories. E.g. Vehicle - Car, Bikes

Account No | The facility to filter the spend records based on the account from which the transactions were performed. The account numbers of all current and savings account belonging to the customer will be available for selection.

Period | The filter criteria to view the spending analysis based on period. You can view the spending analysis up to the past 90 days.

Records

Date | The date on which the transaction was performed.
### Field Name | Description
--- | ---
**Category and Sub Category** | The category or sub category to which the transaction is assigned.
**Transaction** | The transaction as defined in the system along with the account number of the account from which the transaction was performed.
**Amount** | The transaction amount with currency.
**Action** | Allows you to re-categorize and split transactions.

To view the spending analysis:

1. Click the Category & Sub Category filter, and select the particular category/ sub category to search the record.
   OR
   Click Account filter to search the spend records based on account numbers.
   OR
   Click Period filter to search the spend records based on the period.
   OR
   Click to clear the search filters.

2. Click to re-categorize the transaction or and in case relevant category/sub category not available, one can re-categorize by creating new category/sub category.
   OR
   Click to split the transactions.
   OR
   Click Manage My Categories to add or edit the categories.
   OR
   Click the **Back to Dashboard** link to navigate to the dashboard.
4.1  My Spends – Re-categorize Transaction

This option allows the business user to re-categorize a transaction into a different category. The user can modify a category/ sub category or add a category/ subcategory.

Changes made to categories and sub categories shall be done at customer level. Once a category or sub category has been updated, the change shall be visible to the user. Category editing is possible for user created categories only.

To re-categorize a transaction:

1. In the My Spends screen, click against the transaction which you want to re-categorize. The Re-categorize Transaction screen is displayed.

Re-categorize Transaction

---

**Field Description**

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Category</strong></td>
<td>The category maintained by the bank and those created by user to which the transaction is assigned.</td>
</tr>
<tr>
<td><strong>Sub Category</strong></td>
<td>The sub category maintained by bank and those created by user, to which the transaction is assigned.</td>
</tr>
</tbody>
</table>
2. From the Category and Sub Category list, select the appropriate option.

3. Click Save to re-categorize.
   OR
   Click Cancel to cancel the re-categorization process.
   OR
   Click the Want to Add New Category and Sub Category? link if you want to add a new category and sub-category.

4.2 My Spends – Split Transaction

This option allows the user to split a transaction of any expenditure into different categories and sub-categories. If a user incurs an expenditure of a certain amount in a store and later wishes to split it into different categories / sub-categories, he can do so by using this option. A transaction can be split into any number of transactions with their own categories/ sub-categories. The sum of values of all the split categories/ sub-categories transactions should be equal to the main transaction amount. A transaction can be split into categories/ sub-categories only once. The split icon is no longer displayed against transactions that have been split.

To split a transaction:

1. In the My Spends screen, click , against the transaction which you want to split. The Split Transaction screen is displayed.
### Field Description

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Category</td>
<td>The category to which the transaction is assigned.</td>
</tr>
<tr>
<td>Sub Category</td>
<td>The sub category to which the transaction is assigned.</td>
</tr>
<tr>
<td>Amount</td>
<td>The transaction amount with currency.</td>
</tr>
</tbody>
</table>

2. From the Category/ Sub Category list, select the appropriate option.
3. In the **Amount** field, enter the amount for the split categories/subcategories.
4. Click Save to save the split transaction in various category/ sub category.
   OR
   Click Cancel to cancel the process.
   OR
   Click Add to add more category and sub-category for split.
5. The success message of splitting the transaction is displayed on the **My Spends** screen.
   Click the **Back to Dashboard** link to navigate to the dashboard.
   OR
   Click **Manage My Categories** to add or edit the categories.
4.3 My Spends – Add Category

Using this option, the user can add categories or sub categories under a category and shall be able to re-categorize the system assigned categories in case if he feels the existing categorization is not as per his wish. The user should have the option to modify the system provided category displayed along with each transaction details and re-categorize the category/sub category if needed.

To add a category:

1. In the My Spends screen, click the icon displayed against the transaction. The Re-categorize Transaction screen is displayed.
2. Click the Want to Add New Category and Sub Category? link.
   The Add Category screen is displayed.
   OR
   Click Manage My Categories. The My Spend screen is displayed.
   Click Add. The Add Category screen is displayed.

Re-categorize Transaction - Add Category
### Field Description

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Category Name</td>
<td>The name of the new category that is being added.</td>
</tr>
<tr>
<td>Sub Category Name</td>
<td>The name of the new sub category that is being created.</td>
</tr>
</tbody>
</table>

3. In the Category Name field, enter the name of the new category.
4. In the Sub Category Name field, enter the name of the new sub category.
5. Click Save to save the newly created category.
   OR
   Click Cancel to cancel the process.
   OR
   Click the **No, I do not want to Add a New Category** link, if you do not want to add a new category. The Re-categorize Transaction screen is displayed.
6. The success message of re-categorization of the transaction is displayed on the screen.
   Click the **Back to Dashboard** link to navigate to the dashboard.
   OR
   Click **Manage My Categories** to add or edit the categories.
4.4 **Manage My Categories**

All the user defined categories appear in the Manage My Categories screen. This screen enables users to view and manage all the categories and sub categories created by them. The user can also modify the categories and add new categories.

While creating a new category or sub category the system checks that the category being created does not already exist for the user. In case of sub category the system checks that a sub category with the same name does not exist under the same parent category. It is however possible to have duplicate sub categories across categories for the same user.

**How to reach here:**

*Dashboard > My Spends Widget > View Details > My Spends > Manage My Categories*

*OR*

*Dashboard > Toggle Menu > PFM > Spend > View Transactions/ Manage Categories > My Spends > Manage My Categories*

5. The success message of adding a category is displayed on the screen. Click Back to Dashboard link to navigate to the dashboard.
   OR  
   Click Add to add more categories.

Note: You can delete a sub category by clicking .
5. **Budget**

A budget enables the user to have a definite control over the expenditure. It is the key, the essential ingredient in taking command of one’s money. Setting a budget, and sticking to it long term, can help to cut down a user’s expenses thereby enabling him to create wealth.

The Budgeting tool enables a customer to track the progress of budget as well as create, modify or even delete an existing budget. It enables users to set a limit on various spending categories. Over a period of time user can then observe and analyze the status and progress of expenditures against the budgeted value. Users can further set the periodicity of budget, i.e. whether they want it for current month, a period of months or on recurring basis, while the frequency is set as monthly. This can be created for new customized user defined categories as well. Once created, users can adjust the budget as per the spending pattern, thus ensuring maximum savings.

**Pre-requisite:**

A user must spend only from the bank account online or through the debit /ATM card so that the information is captured under the spend categories. The user needs to create budget against the categories set by bank or else create new categories under the spend module and then set budget against them so that all the transactions are marked categorically and can be viewed against the set budgeted value.
5.1 Set Budget

Using this option, the user can set a budget for a particular period with a monthly frequency. The user is allowed to create a budget for a category. The option to continue with the same budget on a rolling basis is also available. Budget can be set for periodicity as: This month, Recurring or Specific duration.

User can also view, modify and delete his created budgets from the Trends dashboard.

How to reach here:
Dashboard > Budgets > More Options > Create Budget > My Budgets > Set your Budget > Set Budget
OR
Dashboard > Toggle Menu > PFM > Budgets > My Budgets > Set your Budget > Set Budget

Field Description

<table>

<td>Once an account is selected, the balance of that account is displayed below this field.</td>
</tr>
<tr>
<td><strong>The remaining amount</strong></td>
<td>The amount left to achieve after initial funding.</td>
</tr>
<tr>
<td><strong>In how much time do you want to achieve this Goal?</strong></td>
<td>The tenure of the goal.</td>
</tr>
</tbody>
</table>

**On goal maturity, you will receive your money in the account selected above.**

By default, on maturity, the amount in the goal shall be transferred into the source account through internal transfer. The user can, however, choose to have the goal amount credited to a different account when it matures, by defining the requirements in the following section:

**No, I would like to plan how I wish to receive my money after the Goal has matured?**

The user can select this check box, if he wishes to have the goal amount transferred to a different account than that defined in the above field as source account.

**How would you like the account transfer?**

The account transfer option for receiving the goal amount on completion of tenure.

The options suggested are:

- To My Mapped Account
- Internal Bank Account
- Through Domestic Clearing Network

The following field is displayed if you select **To My Mapped Account** option from the How would you like the account transfer? list.
<table>

<td>The targeted amount.</td>
</tr>
<tr>
<td><strong>Progress Bar</strong></td>
<td>The current achievement in percentage with respect to the goal amount set.</td>
</tr>
</tbody>
</table>
1. Click the View Details link to view the goal details. The Goal Details screen appears.
   OR
   Click the Back to Dashboard link to navigate to the dashboard.

6.3 Goal Details

Retail users can manage goals through this option. The Goal Details screen displays the details such as the current amount in the goal, maturity date of the goal and the progress bar displaying the current achievement in percentage with respect to the goal amount set.

The user can also perform the following tasks from this page:

a. View/ Edit: By default this option is selected on landing the goal details screen. This option allows the user to view and edit the created goal.

b. Contribute: This option enables the user to add funds to a goal. Clicking on this link will open the fund goal screen from which the user can fund his goal.

c. Withdraw: This option enables the user to partially redeem or fully withdraw and close a goal.

d. View Transactions: This option enables the user to view all the goal related transactions.

How to reach here:
Dashboard > Goals > More Options > Manage Goals > My Goals > View Details > Goal Details
OR
Dashboard > Toggle Menu > PFM > Goals > My Goals > View Details > Goal Details

6.3.1 View/ Edit Goals

Using this option, the user can view and modify the goal details at any time during the tenure of the active goal.

<td>The amount to be contributed towards the goal.</td>
</tr>
<tr>
<td>Funding Account Number</td>
<td>The account number from which funds will be debited for the goal.</td>
</tr>
</tbody>
</table>
To fund or contribute to your goal:

1. In the How much would you like to contribute to this Goal? field, enter the amount to be contributed.

2. From the Funding Account Number list, select the appropriate account number.

3. Click Contribute to fund the goal.
   OR
   Click Cancel to cancel the transaction.
   OR
   Click the Back to Dashboard link to navigate to the dashboard.

4. The screen prompting you to confirm the contribution amount is displayed; click Yes, Proceed to confirm the contribution.
   OR
   Click No, do not proceed if you do not want to contribute to the goal.

5. The success message is displayed on the Goal Contribute screen with contribution amount and the current goal value.
   Click the Back to Dashboard link to navigate to the dashboard.

6.3.3 Goal Details – Withdraw

Using this option, the user can withdraw from the goal account partially or fully. If the user performs a partial redemption, the goal balance gets reduced to the extent of the amount withdrawn'. On full redemption, the goal account gets closed.

Goal Details – Withdraw
Field Description

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Following message is displayed on this page:</td>
<td>You can withdraw amount from your Goal Account as and when you plan to. Please provide us with the redemption details.</td>
</tr>
<tr>
<td>My Current Goal Value</td>
<td>The current balance in the goal (including the earned interest).</td>
</tr>
<tr>
<td>What would be the nature of your withdrawal?</td>
<td>The type of redemption. The options are:</td>
</tr>
<tr>
<td></td>
<td>• Partial</td>
</tr>
<tr>
<td></td>
<td>• Full</td>
</tr>
<tr>
<td>How much would you like to withdraw from the Goal Account?</td>
<td>The amount to be redeemed from the saved value.</td>
</tr>
<tr>
<td>How would you like the account transfer?</td>
<td>The account transfer option for withdrawing the goal amount which was chosen while setting up the Goal or edited later. This cannot be modified while redemption. The options can be:</td>
</tr>
<tr>
<td></td>
<td>• To My Mapped Accounts</td>
</tr>
<tr>

<td>• Through Domestic Clearing Network</td>
</tr>
<tr>
<td>Additional fields in which the user can specify account details will be displayed in the same manner as that of the Create Goal and Edit Goal screens, once a selection is made.</td>
<td></td>
</tr>
</tbody>
</table>

To redeem/withdraw your goal:
1. In the **What would be the nature of your withdrawal?** field, select the appropriate option:
   a. If you select **Partial** option,
      In the **How much would you like to withdraw from the Goal Account?** field, enter the amount value.
   b. Select **Full** option, if you want to withdraw all the amount and close the goal.
2. Click **Withdraw** to redeem the goal amount.
   OR
   Click **Cancel** to cancel the transaction.
   OR
   Click the **Back to Dashboard** link to navigate to the dashboard.
3. The screen prompting you to confirm the amount withdrawal is displayed; click **Yes, Proceed** to confirm the withdrawal.
OR
Click **No, do not proceed** if you do not want to withdraw funds from your goal.

4. The success message of withdrawal amount is displayed on the **Goal Withdraw** screen. Click the **Back to Dashboard** link to navigate to the dashboard.

### 6.3.4 Goal Details – Transactions

Using this option, the user can view all the transactions that have taken place with regards to a goal. The user shall be able to view the transactions that have been performed on an active or open goal.

The goal transaction page displays the date of transaction, description of transaction, type of transactions (i.e. Debit or Credit), amount and reference number.

**Transactions**

<table>
<thead>
<tr>

FAQs

1. **How Do I set a budget for a onetime expense?**
   You can budget a onetime expense by selecting the option ‘This Month’ from the periodicity field while creating the budget.

2. **How can I identify how much I have spent against a set budget?**
   The bar graph displays the amount consumed against a budget as a percentage value. The amount spent can also be viewed in terms of actual amount value by hovering over the bar graph.

3. **Can I edit my Goal amount?**
   Yes, you can adjust your goal amount as per your requirements; however the amount should be within the range of the product under which you have created your goal.

4. **Can I change the maturity instructions of my goal after it has been created?**
   Yes, you can change these maturity instructions by selecting the option to edit a goal from the Goal Details page.

5. **Can I stop the standing instructions set for a goal?**
   Yes, you can stop, alter and restart the standing instructions defined on a goal.

6. **How much can a user withdraw from a goal account?**
   The user can withdraw a partial amount or the entire amount of the goal. Please note that if you withdraw the entire amount of the goal, the goal account gets closed. From there on the Goal can be viewed in the closed account section.

7. **What happens to the interest accrued in my Goal account if I withdraw some amount?**
   The interest of the amount withdrawn for that period along with the penalty, if any, will be credited to the Goal account if it is active, in case of full withdrawal, the interest would be credited to the maturity account defined at the time of goal creation.

8. **Can a goal be funded from an account of a different currency than that of the goal account?**
   Yes, however the total value will always be shown as per the base currency of account.

9. **Are the interest components added to my Goal account also visible in the Goal Details page?**
   Amount with interest accumulated in the goal account is displayed on the Goal details page. Separate interest component is not shown.

10. **Can I view the transactions performed on my goal that is currently closed?**
    No, you cannot view the transactions performed on a goal that has been closed.
11. **Is there a minimum amount I must contribute initially at the time of goal creation?**
   Yes, the bank defines a minimum contribution amount for each goal product. At the time of goal creation, you are required to credit the goal account with an amount that is not lower than this minimum amount defined.

12. **Are there any validations on the standard instructions to be defined at the time of Goal Creation?**
   Yes, the validations to be adhered to while defining standing instructions are as follows:
   - The standing instruction must be set from a savings account you hold with the bank.
   - The end date of the instruction should not be later than the date on which the goal ends.

13. **What do the values in the fields ‘You Pay’ and ‘We Pay’ displayed in the Goal Calculator page signify?**
   The value displayed in the ‘You Pay’ field is the amount that you contribute towards your goal, while value displayed in the ‘We Pay’ component is interest accrued by the bank towards fulfillment of your goal.

14. **Can I calculate the time I will require to achieve a Goal if I contribute a certain amount every month?**
   No, the goal calculator helps you to identify the amount you need to contribute at a defined frequency and time period. The Goal Calculator does not enable calculation of amount of time required to achieve a goal.
