1. Preface

1.1 Intended Audience
This document is intended for the following audience:
- Customers
- Partners

1.2 Documentation Accessibility
For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc.

1.3 Access to Oracle Support
Oracle customers have access to electronic support through My Oracle Support. For information, visit
http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info or visit
http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs if you are hearing impaired.

1.4 Structure
This manual is organized into the following categories:
Preface gives information on the intended audience. It also describes the overall structure of the User Manual.
Introduction provides brief information on the overall functionality covered in the User Manual.
The subsequent chapters provide information on transactions covered in the User Manual.
Each transaction is explained in the following manner:
- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.
If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

* There is an integration required with the host system to validate some information captured as part of payee details whereas there is no storage of payees in the host system.
3. Payments

Payments, specifically Retail Payments, are fund transfers made between individuals and are, in most instances, of a low value and are generally not time-sensitive in nature.

Retail payments are mostly made by consumers to retailers or to utility providers and involve the transfer of money from the consumer’s account to that of the service provider.

The digital banking application simplifies the user’s requirement of transferring funds from one bank account to others. By using the payments module of the digital banking application, users can transfer funds between accounts (including their own as well as to other accounts held within the same bank or outside the bank either domestically or internationally) at their convenience in a simplified manner.

The following sections in this document detail all the features offered to users through the payments module of the digital banking application.
### 3.1 Payments Widgets

In addition to a host of other banking features and information, the retail user dashboard also contains two widgets related to payments which enable users to easily access payment transactions and also to gain a quick view of scheduled upcoming payments.
Payments Widget Overview

The payments widget enables the user to gain easy access to the following transactions and features:

Transfer Money
This feature enables the user to transfer money to registered payees.

Pay Bills
This feature enables users to pay utility bills towards billers that are previously registered.

Favorites
By selecting this option, users can access the transactions, both bill payments and money transfers that they have set as favorite. Users can subsequently initiate further transactions using these favorite transactions as templates.

Manage Payees & Billers
This feature enables users to manage payees and billers. From the Manage Payees & Billers screen, the user can add new payees or billers and can also view and edit or delete existing registered payees and billers.

Request Money
The Request Money feature enables users to initiate SEPA direct debit requests.

View Repeat Transfers
This feature enables users to view previously initiated repeat transfers. Subsequently, users can also initiate repeat transfers by selecting the Set Repeat Transfers option available on the View Repeat Transfers screen.
Upcoming Payments Widget Overview

Upcoming Payments
This widget lists down all the future dated payment instructions set up by the user. By default, only four future dated payments that are due within 30 days are displayed on the widget. The user is provided with the option to view all upcoming payments by selecting the View All link.

Each payment record displays the date on which the payment is due, the amount of payment and the name/nickname of the payee towards whom the payment is to be made.

Set Repeat Transfers
The Upcoming Payments widget also contains a link by which the user is able to setup new repeat transfers and also view repeat transfers that have already been initiated.

If the user has no upcoming payments, this widget will only contain the ‘Set Repeat Transfers’ link.
4. Transfer Money

The Transfer Money feature enables the user to initiate online payments from his bank account to any other bank account. Through this feature, the user is provided with the option to either transfer funds within his own accounts held in the same bank by selecting the ‘My Accounts’ option or to transfer funds to other accounts (held within the same bank or in other banks within the same country or even to accounts held beyond geographical boundaries) by selecting the ‘Existing Payee’ option. The ‘New Payee’ option enables the user to initiate peer to peer payments towards email or mobile contacts or even towards facebook contacts. The user can also opt to register payees towards whom he intends to initiate payments in the future by selecting the option ‘Bank Account’ under the ‘New Payee’ option.

On selecting the option, ‘Existing Payee’, the user has to simply select a payee and subsequently select the specific account of the payee towards which the transfer is to take place. The user is not required to explicitly select the transfer type (internal, domestic or international) since this categorization is undertaken at the time of payee creation when defining the payees bank account details.

Transfer money also allows initiating Peer to Peer transfer via New Payee option (email/mobile, bank account).

Prerequisites:

- Transaction and account access is provided to retail user
- Transaction working window is maintained
- Payees are registered for the purpose of transferring funds via the ‘Existing Payee’ option
- The retail user has a valid active facebook accounts for the purpose of transferring funds via Facebook available as a sub option under the ‘New Payee’ option.
- Purpose of Payments are maintained
- Transaction limits are assigned to user to perform the transaction
- Payee limits, cooling period along with transaction limits are maintained

Features supported in the application

The ‘Transfer Money’ feature enables users to make payments towards:

- Existing Payees – Internal, Domestic and International transfers are supported and are triggered based on the payee and specific payee account selection.
- To My Account – Users are able to transfer funds within their own accounts held in the bank.
- To New Payee – By selecting this option, users can initiate fund transfers towards email, mobile and facebook contacts. Alternately, if the intended recipient of the funds is not yet registered as a payee, the user can also select the option ‘Bank Account’ in order to be navigated to the screen from which he can register an intended recipient as a payee.
Workflow

How to reach here:
Dashboard > Payments Widget > Transfer Money
OR
Dashboard > Toggle Menu > Payments > Transfer Money
OR
Dashboard > Payments Menu > Transfer Money

4.1 Transfer Money – Existing Payee

The existing payee option of the ‘Transfer Money’ feature enables the user to initiate payments towards existing registered payees. All account payees created by the logged in user are listed for selection. On selecting a payee, the user must select the specific account of the payee towards which the transfer is to be made. Once the payee’s account has been selected, the details are auto populated on transaction screen. The user is then required to fill in payment details to initiate the funds transfer. Payment details will vary based on the transfer type associated with the payee’s account. The user can also view the payee and transaction limits by selecting the ‘View Limits’ link provided on the screen.

How to reach here:
Dashboard > Payments Widget > Transfer Money > Existing Payee
OR
Dashboard > Toggle Menu > Payments > Transfer Money > Existing Payee
OR
Dashboard > Payments Menu > Transfer Money > Existing Payee

To transfer money to existing payee:

1. In the Transfer Type field, select the Existing Payee option. The fields by which to initiate a fund transfer to an existing payee appear.
Transfer Money – Existing Payee

Transfer money is convenient, fast and secure via the ZigBank Transfer Money service.

Using this service you can transfer money from your ZigBank savings or current account to any of your registered payees across the globe. ZigBank also enables you to transfer money to your friends’ Social Media Number or Facebook account. In case you don’t have their account information handy.

Want to make an account transfer now that have not yet registered the payee? No problem! Use the ZigBank Adhoc Transfer service to transfer money to any bank account simply specifying the account number and support the bank and branch information. This service also allows you to register the payee for future use, once you have made the transfer.

Did you know?
You can also initiate multiple transfers towards numerous payees at once. All you have to do is select the Multiple Transfers option to get started.
# Field Description

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>
</thead>
</table>
| **Transfer Type** | Select the type of transfer that you wish to initiate.  
  The options are:  
  - Existing payee  
  - New payee  
  - My Accounts (User’s own accounts)  |
| **Existing Payee** | The following fields appear if the Existing Payee option is selected in Transfer Type field.  
  **Payee** | Select the payee towards whom you wish to make a funds transfer and subsequently select the specific account of the payee in which the funds are to be transferred.  
  The following details of the selected payee appear once you have selected the payee and payee account number from the Payee field.  
  **Account Number** | On selecting the payee, the account number associated with the payee appears.  
  **Account Type** | Type of account or transfer type associated with the payee appears, once a payee is selected.  
  **Account Name** | The name of the payee in the bank account appears.  
  **Payee Address** | Address of the payee in the bank account.  
  This field appears for International type of payee.  
  **Bank Details** | The details of the bank i.e. the name and address of the bank’s branch in which the payee’s account is held appears.  
  **Transfer From** | Select the source account from which the funds are to be transferred.  
  **Balance** | On selecting a source account, the net balance of the account appears below the Transfer From field.  
  **Currency** | Select the currency in which the transfer is to take place.  
  Currency is defaulted to destination account currency for Own and Internal Transfer and local currency for Domestic Transfer.  
  For International transfer, the user can select the currency from the list.  
  **Amount** | Specify the amount to be transferred. |

## Field Name | Description
--- | ---
**NCC Lookup - Search Result**

**Bank Name** | Name of the bank.
**Branch** | Bank branch name.
**Address** | Address of the bank.
**NCC Code** | NCC code of the bank branch.

Below fields appears if the Bank Details option is selected in Pay Via field.

**Bank Name** | Name of the bank.
**Bank address** | Complete address of the bank.
**Country** | Country of the bank.
**City** | City to which the bank belongs.

**Payment Details** | Specify payment details.
This field appears if the transfer type being initiated is an international transfer.

**Add Payment Details** | The link to add more details of the transfer.
This field appears only for International Payee.

**Note** | Narrative for the transaction.

2. From the Payee list, select the preferred payee, and subsequently select the specific account of the payee towards which the transfer is to be made.
The payee details of the selected payee appear.
OR
Click ☑️ if you want to select a different payee.

3. From the Transfer From account list, select the account from which transfer needs to be made.

4. If the transfer being initiated is towards an International account, select the appropriate currency from the Currency list.

5. In the Amount field, enter the transfer amount.

6. In the Transfer When field, select the option to indicate when the transfer is to take place.
   a. If you select the option Now, the transfer will be made on the same day.
   OR
   b. If you select the option Later, select the date on which you want the transfer to be initiated from the Transfer Date field.

7. If the transfer type is Internal, select the appropriate purpose of transfer from the Purpose list.
If the transfer type is **Domestic**:

a. In the **Originators Identification Number** field, enter the identification number of the originator.

b. In the **OIN Description** field, enter the description for the OIN.

c. From the **Purpose** list, select the appropriate purpose of transfer.

If the transfer type is **International**,

a. From the Correspondence Charges list, select the appropriate option.

b. In the **Transfer via Intermediary Bank** field, select the appropriate option.

c. If you have selected **Yes** option in the **Transfer via Intermediary Bank** field, select the appropriate network for payment in the **Pay Via** field.
   
   1. If you select **Swift** option:
      
      i. In the **SWIFT code** field, enter the SWIFT code or search and select it from the lookup.
      
      ii. Click **Verify** to fetch bank details based on Bank Code (BIC).
   
   2. If you select **National Clearing code** option:
      
      i. In the **National Clearing code** field, enter the National Clearing code or search and select it from the lookup.
      
      ii. Click **Verify** to fetch bank details based on Bank Code (BIC).
   
   3. If you select **Bank details** option:
      
      i. In the **Bank Name** field, enter the bank name.
      
      ii. In the **Bank Address** field, enter the complete address of the bank.
      
      iii. From the **Country** list, select the country of the bank.
      
      iv. From the **City** list, select the city to which the bank belongs.

d. In the **Payment Details** field, enter the details about the fund transfer.

8. Click **Transfer** to initiate the payment.

OR

Click **Cancel** to cancel the operation and navigate back to ‘Dashboard’.

OR

Click the **Back to Dashboard** link, to navigate to the dashboard.

9. The **Transfer Money - Review** screen appears. Verify the details, and click **Confirm**.

OR

Click **Back** to navigate back to the previous screen.

OR

Click **Cancel** to cancel the operation and navigate back to ‘Dashboard’.

10. The **Verification** screen appears if the transaction is configured Two Factor Authentication.

11. The success message appears, along with the host reference number UTER (for International Payee) and transaction details.

   Click **Go to Dashboard**, to navigate to the dashboard.

OR

Click **More Payment Options** to access other payment options.
Click **Add Favorite** to mark the transaction as favorite.

OR

Click **Set Repeat Transfer** to initiate standing instructions.

**Note:** 'Set Repeat Transfer' link appears only in the case of Domestic and Internal Transfers.
4.2 **Transfer Money - New Payee**

By selecting the 'New Payee' option, the user is provided with three choices by which to initiate a fund transfer. They are as follows:

**Email/Mobile**

The Email/Mobile option enables the user to initiate a funds transfer towards an email or mobile contact. The user has to simply specify the email address or the mobile number of the intended payee and specify other transfer related details such as the transfer amount and source account. Once the transfer is initiated, the funds are transferred to the account number associated with that email address or mobile number.

**Bank Account**

The user can select this option if he wishes to initiate a transfer towards a beneficiary who is not yet registered as a payee. On selecting this option, the user will be directed to a screen from which he can select the option to navigate to the screen on which he can register a payee.

**Facebook**

By selecting this option, the user is able to transfer funds to a facebook contact. Funds can be transferred towards only those facebook contacts who have registered themselves for this facility with the bank via facebook.

Using this option you can transfer funds from your account to payee account within the bank, within the country or outside the country by specifying email or mobile number or to your facebook contacts having zigbank bank account. The funds transfer is done through peer to peer if payee is not added. You can also maintain payee contact details like email address /mobile number.

For details on the **New Payee** option under Transfer Money, refer the User Manual *Oracle Banking Digital Experience Retail Peer to Peer Payment*.
4.3 Transfer Money – My Accounts

By selecting the ‘My Accounts’ option as transfer type, the user is able to initiate funds towards his own accounts held with the bank.

To transfer money to own account:

1. In the Transfer Type field, select the My Accounts option. The fields by which to initiate an own account transfer appear.

2. From the **Account Number** list, select the account to which the funds need to be transferred.

3. From the **Transfer From** account list; select the account from which transfer needs to be made.

4. In the **Amount** field, enter the transfer amount.

5. In the **Transfer When** field, select the option to indicate when the transfer is to take place.
   a. If you select the option **Now**, the transfer will be made on the same day.
      OR
   b. If you select the option **Later**, select the date on which you want the transfer to be initiated from the **Transfer Date** field.
6. Click **Transfer** to initiate the funds transfer.
   OR
   Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.
   OR
   Click the **Back to Dashboard** link, to navigate to the dashboard.

7. The **Transfer Money - Review** screen appears. Verify the details, and click **Confirm**.
   OR
   Click **Back** to navigate back to the previous screen.
   OR
   Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.

8. The **Verification** screen appears if transaction is configured for Two Factor Authentication.

9. The success message appears along with the host reference number and transaction details.
   Click **Go to Dashboard**, to navigate to the dashboard.
   OR
   Click **More Payment Options** to access other payment options.
   OR
   Click **Add Favorite** to mark the transaction as favorite.
   OR
   Click **Set Repeat Transfer** to initiate standing instructions.

**FAQs**

1. **Can I use the Transfer Money transaction to transfer the funds towards the repayment of a loan that I hold in same bank?**
   
   No, fund transfers can be made only to current or savings account through the transfer money transaction.

2. **Can I set a future date for a fund transfer?**
   
   You can set a future date for a payment using the Pay Later option.

3. **What happens if I have set up a future dated transfer, but don’t have enough funds in my account on the transaction date for the transfer?**
   
   Balance check will not be performed at the time of transaction initiation with future date. The transaction will get declined in case of insufficient funds in the account on the given transaction date

4. **What happens if the transaction amount is less than set Transaction Limit?**
   
   If the transaction amount is less than the minimum limit or more than the maximum transaction limit set by the Bank, the user will not be able to initiate the transfer.

5. **Can I make a payment to an account which is currently not registered as my payee?**
   
   If you want to make payments towards a beneficiary who is not yet registered you can select the option, ‘Bank Account’ under the ‘New Payee’ option to be navigated to the screen on which you can register the intended beneficiary as a payee. You can then initiate transfers towards this payee via the ‘Existing Payee’ option. Alternately, you can transfer funds towards accounts that you have not registered through the ‘Adhoc Transfer’ transaction.
5. **Multiple Transfers**

The Multiple Transfers feature enables users to initiate transfers towards a group of people as part of a single transaction. Through this feature, users can initiate transfers towards registered payees of different transfer types i.e. internal, domestic and international transfers, with different transfer dates, all at once from a single screen.

**Prerequisites:**
- Transaction and account access is provided to the retail user
- Transaction working window is maintained for the underlying transfer types
- Registered payees are maintained
- Purpose of Payments are maintained
- Transaction limits are assigned to the user to perform the transaction
- Payee limits and cooling period limits are maintained

**Multiple Transfers**
Multiple Transfers

What are the benefits?

Making multiple transfers at once is easy with the Zibbank Multiple Transfers service. You can execute a batch of similar transfers very quickly and efficiently. For each transfer record, you can save time and effort by pre-filling details.

You can select different accounts from which you wish to transfer amounts, and each transfer has its own set of fields to be filled out.

For example, you can select 5 different accounts from which you wish to transfer amounts. Each transfer has its own set of fields to be filled out. This saves time and effort for the user.

Transfer details:

1. Destination: XYZ Bank, 123 Main St, New York, NY, USA
   - IBAN: US1234567890
   - Bank Details: XYZ Bank, 123 Main St, New York, NY, USA

2. Amount: $5000.00
   - Account Name: John Doe

3. Source: ABC Bank, 456 Broadway, San Francisco, CA, USA
   - IBAN: US0987654321
   - Bank Details: ABC Bank, 456 Broadway, San Francisco, CA, USA

4. Amount: $3000.00
   - Account Name: Jane Smith

5. Source: DEF Bank, 789 Market St, Los Angeles, CA, USA
   - IBAN: US2345678901
   - Bank Details: DEF Bank, 789 Market St, Los Angeles, CA, USA

   Amount: $2000.00
   - Account Name: John Doe

Note: You can add more transfers by clicking the + Add Another Payment button.

To save time and effort, you can pre-fill the details for each transfer.

For example, you can select 5 different accounts from which you wish to transfer amounts. Each transfer has its own set of fields to be filled out. This saves time and effort for the user.

To transfer funds to multiple payees:

1. From the Payee list, select the preferred payee, and subsequently select the specific account of the payee towards which the transfer is to be made.
   
   The details of the selected payee appear.
   OR
   Click ☒ if you want to select a different payee.

2. From the Transfer From account list, select the account from which the transfer is to be made.

3. From the Currency list, select the preferred currency.

4. In the Amount field, enter the transfer amount.
   OR
   Click the View Limits link to check the transfer limit.

5. In the Transfer When field, select the option to indicate when the transfer is to take place.
   
   a. If you select the Now option, the transfer will be made on the same day.
      OR

   b. If you select the option Later in the Transfer When field, select the appropriate future date for when the transfer is to take place.
6. If the transfer type is **Internal**, select the appropriate purpose of transfer from the **Purpose** list.
   OR
   If the transfer type is **Domestic**:
   a. In the **Originators Identification Number** field, enter the identification number of the originator.
   b. In the **OIN Description** field, enter the description for the OIN.
   c. From the **Purpose** list, select the appropriate purpose of transfer.
   OR
   If the transfer type is **International**,
   a. From the Correspondence Charges list, select the appropriate option.
   b. In the **Transfer via Intermediary Bank** field, select the appropriate option.
   c. If you have selected **Yes** option in the **Transfer via Intermediary Bank** field, select the appropriate network for payment in the **Pay Via** field.
      1. If you select **Swift** option:
         i. In the **SWIFT code** field, enter the SWIFT code or search and select it from the lookup.
         ii. Click **Verify** to fetch bank details based on Bank Code (BIC).
      2. If you select **National Clearing code** option:
         i. In the **National Clearing code** field, enter the National Clearing code or search and select it from the lookup.
         ii. Click **Verify** to fetch bank details based on Bank Code (BIC).
      3. If you select **Bank details** option:
         i. In the **Bank Name** field, enter the bank name.
         ii. In the **Bank Address** field, enter the complete address of the bank.
         iii. From the **Country** list, select the country of the bank.
         iv. From the **City** list, select the city to which the bank belongs.
   d. In the **Payment Details** field, enter the details about the fund transfer.

7. Click **Save** to save the transfer record.
   OR
   Click **Make a Copy & Save**, if you want to save the current record and also copy the details onto the next record.
   OR
   Click **Reset Fields** to clear the details entered in the record.

8. Repeat Steps 1 to 7 for subsequent transfer records.
   OR
   Click **Add Another Payment** if you want to add another transfer record without saving the current record.

9. Click **edit** against a saved record to edit the transfer details of that record.
   OR
   Click **delete** against a record to delete that record.
   OR
   Click **Add Another Payment** if you want to add another payment details.
10. Click **Submit** to submit all the transfer records to the bank.
   OR
   Click **Cancel** to cancel the operation and to navigate back to 'Dashboard'.
   OR
   Click **Back to Dashboard** link, to navigate to the dashboard.

11. The **Multiple Transfer - Review** screen appears. Verify the details, and click **Confirm**.
    OR
    Click **Expand All** to view the details of each transfer record.
    Click **Collapse All** to hide the payment details.
    OR
    Click **Back to navigate** back to the previous screen.
    OR
    Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.

12. The **Verification** screen appears if the transaction is configured for Two Factor Authentication.
    Enter the verification code and click **Submit**.

13. The success message appears.
    Click **Go to Dashboard**, to navigate to the dashboard.
    OR
    Click **More Payment Options** to access other payment options.
    OR
    Click **Status** to view the status of each transfer.
    The **Multiple Transfer – Status** screen appears on which the status of each individual transfer appears. In case any transfer has failed, the reason for failure is also displayed against the specific record.

FAQs

1. **Is there any limit on the number of payments that can be initiated at a time through multiple transfers?**
   Yes, the limit as defined by the bank will be in place. You will be displayed an error message if you try to add another transfer record once this limit has been met.

2. **Do fund transfers between business accounts need authorization?**
   Fund transfer between the business accounts require authorization, if transaction is configured for Two Factor Authentication.

3. **How long will it take to transfer funds between the accounts?**
   Fund transfer between your own accounts occurs instantly, where as it takes 2-5 business days to transfer the funds to International accounts.

4. **Is there a transfer limit applicable for Multiple Transfers?**
   There is no limit on the amount you can transfer between your own accounts. However a daily limit applies to all other transfers.
6. **Adhoc Transfer**

An adhoc transfer is one which is used to transfer funds from the user’s account to a beneficiary/payee account which is not registered with the bank. Since the transfer is towards an unregistered beneficiary, customers are required to specify the beneficiary details manually along with the transfer details while initiating an adhoc transfer.

**Pre-Requisites**

- Transaction and account access is provided to retail user.
- Transaction working window is maintained.
- Transaction limits are assigned to user to perform the transaction.

**Workflow**

![Workflow Diagram]

**Features Supported In Application**

Following type of transactions are supported under Adhoc Transfers

- Internal Transfer
- Domestic Transfer
- International Transfer

**How to reach here:**

Dashboard > Toggle menu > Payments > Adhoc Transfer > Adhoc Transfer

OR

Dashboard > Quick Links > Adhoc Transfer
6.1 Adhoc Payment - Internal Fund Transfer

An Internal Bank Account transfer is a transfer to an account which is maintained within the Bank. Basic payee details i.e. the name of the payee and payee account number are captured. In addition to the payee details, the user is also required to specify transfer specific details while initiating an adhoc internal transfer. The user can also view the transaction limits associated with a current transaction.

    OR
    Click **More Payment Options** to access the other payments options.
    OR
    Click **Add as Payee**? to register the beneficiary as a payee.
6.3 Adhoc Payment - International Fund Transfer

An international fund transfer involves the transfer of funds to an account that is maintained outside the country and beyond geographical boundaries. While initiating an adhoc international fund transfer, the customer is required to specify payee details which include the payee account number, clearing code of the bank in which the payee’s account is held along with the network through which the transfer is to be processed. Details specific to the transfer type must also be defined which include identifying the party who is to bear correspondence charges and defining payment details.

      ii. Click **Verify** to fetch bank details based on National Clearing Code.
   c. If you select **Bank details** option:
      i. In the **Bank Name** field, enter the bank name.
      ii. In the **Bank Address** field, enter the complete address of the bank.
      iii. From the **Country** list, select the country of the bank.
      iv. From the **City** list, select the city to which the bank belongs.
5. From the **Transfer From** account list, select the account from which the transfer needs to be made.
6. In the **Amount** field, enter the transfer amount and currency in which the transfer is to take place.
7. In the **Transfer when** field, select the option to indicate when the transfer is to take place.
   a. If you select the **Now** option, transfer will be made on the same day.
   OR
   b. If you select the option **Later** in the **Transfer when** field, select the appropriate future date when the transfer is to take place.
8. From the **Correspondence Charges** list, select the party by whom the transfer charges are to be borne.
9. In the **Transfer via Intermediary Bank** field, select the appropriate option.
10. If you have selected **Yes** option in the **Transfer via Intermediary Bank** field, select the appropriate network for payment in the **Pay Via** field.
   
   a. If you select **Swift** option:
      
      i. In the **SWIFT code** field, enter the SWIFT code or search and select it from the lookup.
      
      ii. Click **Verify** to fetch bank details based on Bank Code (BIC).
   
   b. If you select **National Clearing code** option:
      
      i. In the **National Clearing code** field, enter the National Clearing code or search and select it from the lookup.
      
      ii. Click **Verify** to fetch bank details based on Bank Code (BIC).
   
   c. If you select **Bank details** option:
      
      i. In the **Bank Name** field, enter the bank name.
      
      ii. In the **Bank Address** field, enter the complete address of the bank.
      
      iii. From the **Country** list, select the country of the bank.
      
      iv. From the **City** list, select the city to which the bank belongs.

11. In the **Payment Details** field, enter the details about the fund transfer.

12. Click **Pay**.

   OR
   
   Click **Cancel** to cancel the transaction.

   OR
   
   Click the **Back to Dashboard** link, to navigate to the dashboard.

13. The **Review** screen appears. Verify the details, and click **Confirm**.

   OR
   
   Click **Back** to navigate back to the previous screen.

   OR
   
   Click **Cancel**. The user is directed to the **Adhoc International Transfer** screen with values in editable form.

14. The success message appears, appears along with the host reference number, UETR number (Unique End-to-End Transaction Reference), Transfer To, Amount, Account Number, Account Type, Bank Details, Payment Details, Transfer From, Transfer When, Pay Via, Payee Address and Intermediary Bank Details.

   Click **Go To Dashboard** to go to the **Dashboard** screen.

   OR
   
   Click **More Payment Options** to access the other payments options.

   OR
   
   Click **Add as Payee?** to register the beneficiary as a payee.

**Success Message**
15. Click **Add Payee** option to register the beneficiary as a payee.

A pop up window appears on which you can identify whether the beneficiary details are to be mapped to an existing payee or whether the beneficiary is to be registered as a new payee.
16. Select the desired option under the field **Add to an Existing Payee or create a New Payee?**

17. If you select **New Payee** option, the **Add Payee** screen appears in which you can register the beneficiary as a new payee.

18. If you select the **Existing Payee** option, you will be required to select the payee to whom the beneficiary details are to be mapped.

19. Click Ok, the **Add Payee** screen appears with all the beneficiary details pre-populated in the required fields.

**Note:** For more information on payee creation, refer the section **Add Payee – Bank Account** in this manual.
FAQs

1. **Can I use the adhoc transfer transaction to transfer funds towards the repayment of a loan which I hold in the same bank?**
   
   No, fund transfers can be made only to current or savings account through the adhoc transfer transaction.

2. **Can I set a future date for a fund transfer?**
   
   You can set a future date for a payment using the Pay Later option.

3. **What happens if I have set up a future dated transfer, but don't have enough funds in my account on the transaction date for the transfer?**
   
   Balance check will not be performed at the time of transaction initiation with future date. The transaction will get declined in case of insufficient funds in the account on the given transaction date.

4. **What happens if the transaction amount is less than set Transaction Limit?**
   
   If the transaction amount is less than the minimum limit or more than the maximum transaction limit set by the Bank, the user will not be able to initiate the transfer.

5. **Can I make a payment to an account which is currently not registered as my payee?**
   
   Yes, you can make payments to the accounts which are not registered as payees through the adhoc transfer transaction.

6. **Are separate transaction limits applicable for when I initiate a transfer using Adhoc Transfer and using Transfer Money by selecting a payee?**
   
   Transaction limits are defined based on each payment network. The same limits get utilized if the transaction is initiated from Adhoc Transfer or by using Transfer Money (provided the payment network is the same).
7. **Manage Payees**

The online banking application enables users to register and maintain payees towards whom payments are to be made frequently or on a regular basis. Payee maintenance is beneficial to users as, it spares the user the effort and time spent to fill out the payee information every time a payment is to be initiated towards the payee’s account.

The ‘Manage Payee’ feature not only enables users to register payees, but also enables them to add accounts to a registered payee and view and edit or delete the accounts of existing payees. Additionally, the user can also initiate a payment from this screen by selecting the option ‘Pay’ against a specific account of a payee.

Payees can be created and maintained for the following types of transfers:

- **Bank Account Transfers**
  - Internal Bank Account
  - Domestic Bank Account
  - International Bank Account

- **Demand Drafts**
  - Domestic Bank Account
  - International Bank Account

**Pre-Requisites**

- Transaction access is provided to the retail user
- Cooling period is defined

**Features Supported In the application**

- Create Payee
- View Payee
- Edit Payee
- Delete Payee
- Initiate payment towards a Payee
How to reach here:

Dashboard > Payments Widget > Manage Payees & Billers
OR
Dashboard > Toggle Menu > Payments > Manage Payees & Billers
OR
Dashboard > Payments Menu > Manage Payees & Billers

7.1 Payee Summary

The summarized views of all the Payees maintained by the user are listed on Payee Summary screen. The user is able to search for a specific payee by entering the payee name in the provided search field. The user is able to expand any payee record in order to view the accounts associated with that payee. Subsequently the user is able to view further details of the account associated with the payee and is also able to edit or delete the specific account. The user is also provided with the option to add a new bank account or demand draft to be associated with the payee.

To manage payees:

1. In the Manage Whom field, select the Payee option. All the registered payees are listed down by their names defined at the time of payee creation.

   Select the limit you wish to delete and click **OK**. A message stating that the selected limit has been removed successfully appears.

### 7.4 Delete Payee Account/Demand Draft

**To delete a payee account or demand draft:**

1. From the **Payee List**, select and click on the expand option provided against the payee whose account you want to delete.
   OR
   Click  to search for a specific payee whose account you want to delete.
   A card displaying Payee Name, Payee Type and links to add a new account or new demand draft to the payee appears.

2. Click  and then click **Delete**. The **Delete Payee** pop up window appears with a warning message prompting the user to confirm the deletion.
Delete Payee

3. Click **Proceed** to proceed with the deletion request.
   OR
   Click **Cancel** to cancel the deletion process.

4. The screen confirming payee deletion appears. The details of the account/draft deleted are also displayed on this screen.
   Click **Go to Dashboard** to navigate to the dashboard.
   OR
   Click **More Payment Options** to access other payment options.
7.5 Add New Payee

To add a new payee:

1. In the Manage Payee screen, click the Add New Payee link. The Add New Payee pop up window appears with the options to choose the type of account that is to be assigned to the payee being created.

2. Select the option Bank Account to add a payee having a bank account. For more information on Add Payee - Bank Account, refer the Payee Maintenance - Bank Account section. OR

3. Select the option Demand Draft to add details of a demand draft to be issued to a payee. For more information on Add Payee - Demand Draft, refer the Payee Maintenance – Demand Draft section.

FAQs

1. Can I delete payees towards whom I no longer need to make payments?
   You can delete individual accounts or demand drafts of a payee towards whom you no longer wish to make payments. If the payee has a single account or demand draft assigned, the payee record is also deleted. However, if the payee whose account or demand draft details you delete also has other accounts or demand drafts assigned, these accounts or demand draft details will not be impacted by the deletion of any other account or demand draft.

2. Can I edit the payee name or account details of the payee once a payee has been created?
   No. You can only edit or remove the limits i.e. the daily or monthly limits assigned to the account or demand draft of the payee.
8. **Add Payee – Bank Account**

While adding a payee, the user is provided with the option to either assign an account number to the payee or to define a demand draft template to be used while issuing demand drafts towards the payee.

This section documents the addition of a payee with transfer type as bank account.

The Account types supported are as follows:

- Internal
- Domestic
- International

**How to reach here:**

Dashboard > Payments Widget > Manage Payees & Billers > Add New Payee > Bank Account  
OR  
Dashboard > Toggle Menu > Payments > Manage Payees & Billers > Add New Payee > Bank Account  
OR  
Dashboard > Payments Menu > Transfer Money > Manage Payees & Billers > Add New Payee > Bank Account

**To add a new payee:**

1. Click the **Add New Payee** link on the **Manage Payees** screen. The pop up screen on which to specify the transfer type i.e. bank account or demand draft, appears.

2. Select the **Bank Account** option and click **Ok**, to create bank account type of payee. The **Add Payee** screen appears.
Add New Payee popup screen

### Add Payee – Bank Account

#### Field Name | Description
--- | ---
Account Name | Enter the name of the payee as maintained against the payee’s bank account.
Nickname | Specify a nickname to be assigned to the specific account of the payee for the purpose of easy identification.

2. In the **Payee Name** field, enter the name of the payee.
3. In the **Account Number** field, enter the payee’s account number.
4. In the **Account Name** field, enter the payee’s names as maintained against the payee’s account.
5. In the **Nickname** field, enter a nickname to be assigned to the specific account of the payee.
6. Click **Add** to add a payee.
   OR
   Click **Cancel** to cancel the transaction.
   OR
   Click the **Back to Dashboard** link, to navigate to the dashboard.

7. The **Add Payee - Review** screen appears. Verify the details, and click **Confirm**.
   OR
   Click **Back** to navigate back to the previous screen.
   OR
   Click **Cancel** to cancel the transaction and to navigate back to 'Dashboard'.

8. The success message appears along with the account details.
   Click **Go to Dashboard**, to navigate to the dashboard.
   OR
   Click **More Payment Options** to access other payment options.
   OR
   Click **Pay Now** to initiate a fund transfer towards the added payee.
   OR
   Click **Setup Payee Limits** to assign limits (daily and/or monthly) to the payee’s account.

### 8.2 Add Payee – Domestic Bank Account

A domestic account transfer is one which involves the transfer of funds to an account that is held with another bank within the same country. Hence, while adding a payee that has a domestic bank account, details of the payment network, through which funds are to be transferred, along with the bank and branch in which the payee’s account is held will also need to be captured in addition to the payee details and account specific information.

#### 8.2.1 Domestic Account – India

The following steps are applicable for domestic account payee creation if the geographical region configured is India.

**To add a payee for domestic account transfer:**

1. In the **Account Type** field, select the option **Domestic** to indicate the type of account associated with the payee.
Add Payee – Domestic Account

    OR
    Click **Setup Payee Limits** to assign limits (daily and/or monthly) to the payee’s account.
8.3 **Add Payee – International Bank Account**

An international fund transfer involves the transfer of funds to an account that is maintained outside the country and beyond geographical boundaries. Hence, while adding a payee who holds an international account, the user is required to specify extensive details of the payee’s account including the network code to be used to transfer money to the account as well as the details of the bank in which the account is held.

**To add a payee with an international account:**

1. In the **Account Type** field, select the **International** option as type of account associated with the payee.

---

### Add Payee - International Account

   Home
9. **Add Payee – Demand Draft**

A Demand Draft is a pre-paid negotiable instrument. The issuing bank undertakes to make payment in full when the instrument is presented by the payee. The demand draft is made payable at a specified centre and can be issued in local currency as well as in (allowed) foreign currencies. A foreign currency demand draft can be requested using International Demand Draft while a pay order or local currency demand draft can be requested using the Domestic Demand Draft transaction. A Demand Draft, as compared to a cheque is issued by the Bank against the Bank’s own funds and hence there is a reduced risk of the cheque not clearing. Users are able to save the payee details of the draft through payee maintenance. Beneficiary for demand drafts are of two types:

- Domestic Demand Draft
- International Demand Draft

The application also provides an additional option to have the demand draft delivered at the customer’s convenience. Two options are provided for the same:

- My address – Deliver either the demand draft to customer’s communication address.
- Branch Near Me – Deliver the demand draft to any branch near to the user.

**How to reach here:**

- Dashboard > Payments Widget > Manage Payees & Billers > Add New Payee > Demand Draft > Add Payee
- Dashboard > Toggle Menu > Payments > Manage Payees & Billers > Add New Payee > Demand Draft > Add Payee
- Dashboard > Payments Menu > Manage Payees & Billers > Add New Payee > Demand Draft > Add Payee

**To add a new demand draft payee:**

1. Click the **Add New Payee** link on the Manage Payees screen. The pop up screen on which to specify the transfer type i.e. bank account or demand draft, appears.
2. Select the **Demand Draft** option and click **Ok**, to create a demand draft type of payee. The **Add Payee** screen appears.
Field Description

</thead>
</table>
| What type of payee would you like to add? | The transfer type of the new payee. The type can be:  
  - Bank Account  
  - Demand Draft |
9.1 Add Payee – Domestic Demand Draft

A Domestic Draft payee is created to initiate a request to issue a draft which is payable at a location within the country. The user provides the payee details, the details of draft to be issued in favour of and the payable location.

To create a domestic demand draft payee:

Add Payee - Domestic Demand Draft

Field Description

Field Name | Description
--- | ---
Payee Name | Specify the name by which the payee is to be identified.
Draft Type | Select the type of draft to be associated with the Payee.
Draft Favouring | The name of the payee i.e. the intended recipient of the funds.
1. In the **Payee Name** field, enter the name of the payee for identification.

2. In the **Draft Type** field, select the option **Domestic**.

3. In the **Draft Favoring** field, enter the name of the payee of the draft.

4. In the **Draft Payable at City** field, select the name of the city at which the draft is to be payable.

5. In the **Delivery Location** field, select the appropriate draft delivery option.
   a. If you select **Branch Near Me** option;
      i. From the **City** list, select the city so as to filter the branches based on city of choice.

---

**Draft Payable at City**

The name of the city in which the draft is payable.

**Delivery Location**

Select the option to identify where you would like the draft delivered.

The options are:

- **Branch Near Me**: On selecting this option, the fields by which you can select a branch of the bank at which the draft is to be delivered will appear.
- **My Address**: You can select an address at which the draft is to be delivered.

The following section appears if you select the **Branch Near Me** option as draft delivery location.

**City**

Select the name of the city to filter the branches so as to be able to select a branch in the city of your choice.

**Branch Near Me**

Select the branch at which you would like the draft to be delivered.

**Branch Address**

The complete name and address of the selected branch is displayed.

The following section appears if you select the **My Address** option as draft delivery location.

**Select Address**

Select the address at which you want the draft to be delivered.

The options are:

- **Work**
- **Residence**
- **Postal**

**Address Details**

The details of the selected address are displayed.
ii. From the Branch Near Me list, select the branch at which you want the draft to be delivered. The complete address of selected branch appears.

b. If you select the My Address option;
   i. From the Select Address list, select the option of choice. The complete address of the user as maintained corresponding to the selected address appears.

6. Click Add to add a payee.
   OR
   Click Cancel to cancel the transaction.
   OR
   Click the Back to Dashboard link, to navigate to the dashboard.

7. The Add Payee - Review screen appears. Verify the details, and click Confirm.
   OR
   Click Back to navigate back to the previous screen.
   OR
   Click Cancel to cancel the transaction and to navigate back to ‘Dashboard’.

8. The success message appears along with the draft details.
   Click Go to Dashboard, to navigate to the dashboard.
   OR
   Click More Payment Options to access other payment options.
   OR
   Click Pay Now to initiate draft issuance to the added payee.
   OR
   Click Setup Payee Limits to assign limits (daily and/or monthly) to the payee’s account.

9.2 Add Payee – International Demand Draft

An International Draft payee is created to initiate a request to issue a draft which is payable at a location outside the country. The user provides the payee details, the details of draft to be issued in favor of and the payable location.

To create an international demand draft payee:
Demand Draft – International Demand Draft Payee

   OR
   Click **Pay Now** to initiate draft issuance to the added payee.
   OR
   Click **Setup Payee Limits** to initiate set-up daily limits and monthly limits.

**FAQs**

1. **When can I make the payment to newly added payee?**
   
   After successfully adding a payee, you may proceed to transfer funds only after the cooling period (the time set by the bank during which fund transfer is not allowed to a newly added payee) or you may set a future date for the transaction to take place.

2. **If I delete or edit a payee, what will happen to the in-flight transactions?**
   
   Payee modification or deletion will not have any impact on the transactions which are initiated towards the payee and that are pending further processing.
10. **Manage Biller**

Billers are configured as the bank’s customers in the host system. The bank designates a single account to each such customer as the “collection” account. This account is used to post all payments made from various users.

The online banking application enables users to register and maintain these billers towards whom utility payments are to be made frequently or on a regular basis.

**Prerequisites:**
- Transaction access is provided to the retail user
- Billers are maintained in the host system
- Admin Biller Category mapping is done

**Features supported in the application**
- View Biller
- Edit Biller
- Create Biller
- Delete Biller

**Workflow**

How to reach here:

- Dashboard > Payments Widget > Manage Payees & Billers
- Dashboard > Toggle Menu > Payments > Manage Payees & Billers
- Dashboard > Payments Menu > Manage Payees & Billers

**10.1 Manage Billers – Summary**

The summarized views of all the billers maintained by the user are displayed on the screen.

**To manage billers:**

1. In the **Manage Whom** field, select the **Biller** option.
   
   All the registered billers are listed down by their names defined at the time of biller creation.

4. In the **Relationship Number** field edit the values if required.

5. Click **Save** to save the changes.
   OR
   Click **Back** to navigate back to the previous screen.
   OR
   Click **Cancel** to cancel the operation.

6. The success message of edit biller appears.
   Click **Back to Dashboard** to navigate to the dashboard.

10.4 Add Biller

Users can create billers by specifying the category to which the biller is associated, e.g. electricity, cable, etc., the name of the biller and the relationship number that the user holds with the biller.

To register a biller:

1. Click the **Add New Biller** link in the Manage Billers screen. The **Add Biller** screen appears.
Field Description

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>

<tr>
<td>Biller Name</td>
<td>Select the name by which the biller is to be identified.</td>
</tr>
<tr>
<td>Relationship Number</td>
<td>Specify the relationship of the user with the biller.</td>
</tr>
</tbody>
</table>

2. From the **Category** list, select the category to which the biller belongs.

3. From the **Biller Name** list, select the registered biller name towards whom payments are to be made.

4. In the **Relationship Number** field, enter the relationship number that you hold with the biller.

5. Click **Add** to add a biller.
   OR
   Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.

6. The **Add Biller – Review** screen appears. Verify the details, and click **Confirm**.
   OR
   Click **Back** to navigate back to the previous screen.
   OR
   Click on **Cancel** to cancel the operation and to navigate back to 'Dashboard'.

7. The success message appears along with the biller details.
   Click **Go to Dashboard**, to navigate to the dashboard.
   OR
   Click **More Payment Options** to access other payment options.
   OR
   Click **Pay Now** to initiate a bill payment towards the added biller.
10.5 Delete Biller

Using this option, you can delete the registered biller created under a party.

To delete a biller:

1. From the biller category list, click on the expand option provided against the category of choice. The selected category is expanded to display all the billers associated with the category.

2. Click the option against a specific Biller and then click Delete. The Delete Biller pop up window appears with a warning message prompting the user to confirm the deletion.

Delete Biller

3. Click Proceed to proceed with the deletion request.
   OR
   Click Cancel to cancel the deletion process.

4. The screen confirming biller deletion appears.
   Click Go to Dashboard to navigate to the dashboard.
   OR
   Click More Payment Options to access other payment options.

FAQs

1. Can I delete billers that I no longer need to make payments to?
   Yes. You can choose to delete the billers that you no longer need.

2. When can I make the payment to newly added biller?
   After successfully adding a biller, you may proceed to pay bills towards the specific biller immediately.

3. If I delete or edit a biller, what will happen to the in-flight transactions?
Biller modification or deletion will not have any impact on the transactions which are initiated towards the payee and that are pending further processing.
11. **Issue Demand Draft**

The Issue Demand Draft transaction enables users to request the bank to issue demand drafts towards payees. In order to initiate a demand draft issue request, the user has to first ensure that the payee i.e. the recipient of the demand draft is registered as a demand draft payee through the Manage Payees feature. Once the payee is registered, the user can initiate a request to the bank to issue a demand draft by specifying details such as the amount for which the draft is to be drawn, the account from which the funds are to be debited as well as the date on which the draft is to be drawn.

**Prerequisites:**

- Transaction and account access is provided to the retail user
- Transaction working window is maintained
- Required payees are maintained
- Transaction limits are assigned to user to perform the transaction

**Features supported in application**

The user can request for two types of demand drafts:

- **Domestic Demand Draft** – Where the draft is payable within the country
- **International Demand Draft** – Where the draft is payable outside the country

**Workflow**

![Workflow diagram]

**How to reach here:**

Dashboard > Toggle Menu > Payments > Issue Demand Drafts

OR

Dashboard > Payments Menu > Issue Demand Drafts
11.1 Demand Draft

A user can initiate a request for a Demand Draft using this transaction. All Demand Draft payees (Domestic and International Demand Draft payees) created by the user are listed for selection. Details of the payee are auto populated on the transaction screen once a selection has been made. The user is then required to fill in details such as the source account to be debited, the amount for which the draft is to be drawn and the date on which the draft is payable, in order to initiate the demand draft request.

</table>
### Field Name | Description
--- | ---
**Amount** | The amount for which the draft is to be issued.
**View Limits** | Link to view the transaction limits.
**Scheduled on** | The facility to specify the date on which the demand draft is to be issued.
**Transfer On Date** | The date on which the draft is to be issued.
This field appears if the option **Later** is selected from the **Scheduled On** list.
**Transfer From** | Select the source account from which the funds are to be debited towards the issue of the demand draft.
**Balance** | Select the source account from which the funds are to be transferred.
**Note** | Narrative for the transaction.

### To issue a demand draft:
1. From the **Favoring** list, select the payee to whom demand draft needs to be issued. The details of the selected payee appear.
   OR
   Click ☑ if you want to select a different payee.
2. From the **Currency** list, select the preferred currency.
3. In the **Amount** field, enter amount for which the draft needs to be issued.
4. In the **Scheduled On** field, select the option to indicate whether the draft is to be issued for the same day or a date in the future.
   a. If you select the **Now** option, the draft will be issued on the same day.
   OR
   b. If you select the option **Later**, select the date for when the draft is to be drawn.
5. From the **Transfer From** list, select the account from which funds need to be drawn.
6. Click **Issue** to initiate the request for the issue of the demand draft.
   OR
   Click **Cancel** to cancel the transaction.
7. The **Demand Draft – Review** screen appears. Verify the details, and click **Confirm**.
   OR
   Click **Back** to navigate back to the previous screen.
   OR
   Click **Cancel** to cancel the operation and to navigate back to ‘Dashboard’.
8. The **Verification** screen appears if the transaction is configured for 2 factor authentication.
9. The success message appears, along with the host reference number and draft details.
   Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click More Payment Options to access other payment options.

FAQs

1. **Can I initiate a future dated demand draft issuance request?**
   
   You can initiate a future dated demand draft issuance request using the Schedule Later option.

2. **What happens if I have set up a future dated draft issuance request, but don’t have enough funds in my account on the transaction date for the transfer?**
   
   Balance check will not be performed at the time of transaction initiation with future date. The transaction will get declined in case of insufficient funds in the account on the given transaction date.

3. **What happens if the transaction amount is less than the set Transaction Limit?**
   
   You will not be able to proceed with the initiation of the demand draft issuance if the amount you have specified is less than that of the set minimum transaction limit.

4. **How will I receive a physical copy of a demand draft?**
   
   The bank will operationally issue a draft and mail it to the address that you have selected as the delivery address in the payee maintenance screen.
12. **Bill Payment**

The Bill payment feature enables users to pay their utility bills online. Through this feature, users are able to pay their bills quickly, securely and at their own convenience.

**Prerequisites:**
- Transaction and account access is provided to the retail user
- Transaction working window is maintained
- Billers are maintained
- Transaction limits are assigned to the user to perform the transaction.

**Features supported in application**

**To pay a bill:**

1. From the **Biller Name** list, select the biller towards whom you wish to make a payment. OR Click the **Add New Biller** link if there are no billers mapped to make bill payment.
2. From the **Relationship Number** list, select your relationship number with the biller against which you wish to make a bill payment.
3. In the **Amount** field, enter the bill amount.
4. From the **Pay From** list, select the source account to be debited.
5. In the **Bill Date** field, specify the date on which the bill was generated.
6. In the **Bill Number** field, enter the number of the bill that is to be paid.
7. Click **Pay** to initiate the bill payment transaction. OR Click **Cancel** to cancel the operation and to navigate back to ‘Dashboard’. OR Click **Back to Dashboard** to navigate to the dashboard.
8. The **Pay Bills - Review** screen appears. Verify the details, and click **Confirm**. OR Click **Back** to navigate back to the previous screen. OR Click **Cancel** to cancel the operation and to navigate back to ‘Dashboard’.
9. The success message appears along with the host reference number and payment details. Click **Go to Dashboard** to navigate to the dashboard. OR Click **More Payment Options** to access other payment options. OR Click **Add Favourite** to mark the transaction as favorite.

**FAQs**

1. **Can I initiate future dated bill payments?**
   No, you can only initiate bill payments to be processed immediately using this transaction.

2. **Where do I find my Relationship Number?**
   Please check the bill sent to you by the respective biller. Alternatively, it is also available in the SMS/Email communication send to you by your biller.

3. **Can I make a payment towards a biller who is currently not registered in my biller list?**
   No, using this transaction, you can make payments only to registered billers.

4. **Can I set an option to auto pay the bill amount of already generated bills?**
   No, currently this option is not supported.
13. **Multiple Bill Payments**

The Multiple Bill Payments transaction enables users to pay multiple utility bills simultaneously from a single screen.

**Prerequisites:**
- Transaction access is provided to retail user
- Billers are maintained
- Transaction limits are assigned to user to perform the transaction

**Workflow**

14. Click the [Back to Dashboard](#) link to navigate to the Dashboard.

**FAQs**

1. **Is there any limit on the number of bills that can be paid at a time through multiple bill payments?**
   Yes, the limit as defined by the bank will be in place. You will be displayed an error message if you try to add another bill payment record once this limit has been met.

2. **Are there limits to payment amounts?**
   Yes, there are daily limits and monthly limits set by the bank for payments of bills.

3. **Will I receive a confirmation when my payments are processed?**
   Yes. Once you make multiple bill payments, you’ll see a confirmation screen which has a link to view the status of each bill payment. You can also download the electronic receipts of individual bill payment transactions.
14. **Manage Debtors**

In order to request money from debtors via the Request Money feature, the user needs to first add a debtor. The following details are required to be captured in order to save a debtor:

- Debtor Name
- Debtor IBAN
- BIC Code of the Debtor's bank account
- Nick Name

Once a debtor is created through the, Add Debtor feature, the user can initiate a request for money to be transferred from the debtor's account via the Request Money feature.

**Pre-Requisites**

- Transaction access is provided to the retail user

**Features supported in the application**

- View Debtor
- Add Debtor
- Delete Debtor

**Workflow**

**How to reach here:**

*Dashboard > Toggle Menu > Payments > Manage Debtors*

**To manage debtors:**

1. All the debtor names appear on **Manage Debtors** screen.

7. The **Review** screen appears. Verify the details, and click **Confirm**. OR Click **Back** to navigate back to the previous screen. OR Click **Cancel** to cancel the transaction.

8. The success message appears. Click **Go to Dashboard** to navigate to the dashboard. OR Click **More Payment Options** to go to other payment options.

### 14.3 Delete Debtor

Delete Debtor

---

You are about to delete a Debtor. Are you sure you want to proceed?
1. From the Debtor List, select and click on the debtor record which you want to delete.
   OR
   Enter the nickname of the debtor which you want to delete and click .
   OR
   Click the Add New Debtor link to create a new debtor.
   OR
   Click Back to Dashboard, to navigate to the dashboard.

2. Click and then click Delete. The Manage Debtors - Delete Debtor message box with a
   message prompting the user to confirm the deletion appears.

3. Click Proceed to proceed with the deletion request.
   OR
   Click Cancel to cancel the deletion process.

4. The success message of deletion appears.
   Click Go to Dashboard to navigate to the dashboard.
   OR
   Click More Payment Options to go to other payment options.
15. **Request Money**

The Request Money feature targets users who have receivables due from various individuals which are also periodic in nature. As the name suggests the user needs to initiate a request to pull money from the debtor (the person from whom the money is due to be received) by providing details of the debtor through debtor maintenance.

**Prerequisites:**

- Transaction and account access is provided to the retail user
- Transaction working window is maintained
- Debtors are maintained

**Features supported in application**

Request money allows the user to

- Initiate SEPA Request Money

**Workflow**

[Diagram showing the workflow]

**How to reach here:**

*Dashboard > Payments Widget > Request Money*

*OR*

*Dashboard > Toggle Menu > Payments > Request Money*

**To initiate a Request Money transaction:**
Request Money

Field Description

<table>
<thead>
<tr>
<th>Field Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Request From</td>
<td>Select the debtor from whom you need to request money.</td>
</tr>
<tr>
<td>Amount</td>
<td>Specify the amount that is to be requested from the debtor.</td>
</tr>
<tr>

<td>Select the account to be credited with the specified amount.</td>
</tr>
<tr>
<td>Balance</td>
<td>On selecting an account in the Request In field, the net balance of that account is displayed below the field.</td>
</tr>
<tr>
<td>Receive On</td>
<td>Specify the date on which the money needs to be received.</td>
</tr>
<tr>
<td>Note</td>
<td>Narrative for the transaction.</td>
</tr>
</tbody>
</table>

1. From the Request From list, select the debtor from whom the money is to be requested, and subsequently select the account maintained under debtor.

**Note:** If there is no debtor mapped, click on Add Debtor. And add the bank account details of the debtor.

2. In the Amount field, enter amount that needs to be transferred.
3. From the Request In list, select the account that needs to be credited with the amount.
4. From the **Receive On** list, select the date on which the money needs to be received.
5. In the **Note** field, enter for a note against the transaction, if required.
6. Click **Request**.
   OR
   Click **Cancel** to cancel the transaction.
   OR
   Click **Back to Dashboard**, to navigate to the dashboard.
7. The **Review** screen appears. Verify the details, and click **Confirm**.
   OR
   Click **Cancel** to cancel the transaction.
8. The success message appears along with the reference number.
   Click **Go to Dashboard** to navigate to the dashboard.
   OR
   Click **More Payment Options** to go to other payment options.
   OR
   Click **Manage Debtors** to create/edit/view debtors.

**FAQs**

1. **When will I receive the money I requested?**
   After the recipient of the request responds with a payment, the money will be automatically deposited in the account that you have identified at the time of request initiation.

2. **Can I cancel a request for money?**
   No, a request once initiated cannot be cancelled.
16. Repeat Transfers

Repeat Transfers, also referred to as Standing Instructions or Standing Orders, are instructions given by a payer (bank account holder) to the bank to transfer a specific amount to another account at regular intervals.

Once initiated, these transfers are executed repeatedly till the end date.

The application has simplified the user’s task of initiating repetitive payments by introducing the Repeat Transfers feature. Through this feature, users can set instructions for funds to be transferred at regular intervals towards registered payees or to the user’s own accounts. Once initiated, the details of these transfers can be viewed in the View Repeat Transfers screen. The user can also cancel a repeat transfer instruction, if so desired, from the View Repeat Transfers screen.

Pre-Requisites
- Transaction and account access is provided to the retail user
- Transaction working window is maintained
- Payees are maintained
- Purpose of Payments are maintained
- Transaction limits are assigned to the user

Features supported in application
- Set Repeat Transfers
- View Repeat Transfers
- Stop Repeat Transfers

Workflow
How to reach here:
Dashboard > Payments Widget > View Repeat Transfers > Repeat Transfers
OR
Dashboard > Upcoming Payments Widget > Setup Repeat Transfers > Repeat Transfers
OR
Dashboard > Toggle Menu > Payments > Repeat Transfers
OR
Dashboard > Payments Menu > Upcoming Payments > Set Repeat Transfers

16.1 View Repeat Transfers

The View Repeat Transfers feature enables users to view all the repeat transfers that have been previously initiated. The user can select any repeat transfer transaction in order to view extensive details of that particular transaction. The details include basic transfer details such as source account, beneficiary account, amount of transfer, etc.; execution details encompassing the frequency of transfers and the start and end dates as well as the payment history which lists down the status of each executed transfer instruction. The reason of failure is also defined against instructions that have failed execution.

   OR
   Click **Back** to navigate to the previous screen.
   OR
   Click **Cancel** to cancel the transaction.

11. A message confirming that the transaction has been initiated appears along with the host reference number and payment details.
    Click **Go to Dashboard**, to navigate to the dashboard.
    OR
    Click **More Payment Options** to access other payment options.

**FAQs**

1. **Can I cancel a Repeat Transfer instruction?**
   Yes, you can cancel Repeat Transfer transactions provided that the instruction has some instructions that have not yet been executed. You cannot reverse transfers that have already been initiated.
   Once an instruction has been cancelled, it will no longer be visible on the View Repeat Transfer screen.

2. **What happens if I have set up a transfer for a future date, but on that date I don’t have enough funds in my account to cover the transfer?**
   In this case, the transfer will not be made. Transfers are executed only if there are funds available in your account.
17. **Favorites**

This feature enables users to mark transactions as favorite. By doing so, the user is able to quickly access these transactions and is able to use these transactions as templates to initiate new transactions. This feature is beneficial to users who frequently initiate transfers towards the same recipients with similar details.

The user is able to mark a transaction as favorite by selecting the option provided on the specific transaction's confirmation page.

The following types of payment transactions can be marked as Favorite transactions.

- Payments made to an account
- Bill Payments

Once a transaction is marked as favorite, it is displayed in the user's favorite transaction list. The user has to simply select the transaction of choice from the list displayed. Once a transaction is selected, the system displays the details of the transaction in editable mode. The user is able to make changes, if required and can submit the transaction for processing.

**Prerequisites:**
- Transaction and account access is provided to the retail user

**Features supported in the application**

- View Favorite Transaction Details
- Initiate a Payment
- Remove Transaction from Favorite List

**Workflow**

How to reach here:

*Dashboard > Payments Widget > Favorites*

*OR*

*Dashboard > Toggle Menu > Payments > Favorites*

*OR*

*Dashboard > Payments Menu > Favorites*
17.1 Favorites – Summary

The summarized views of all the payment transactions marked as favorite are displayed on the screen.

The screen is divided into two sections –

- **Money Transfer** - Transactions marked as favorite for ‘Account’ type of payments are listed under this section
- **Bill Payments** - Transactions marked as favorite for ‘Bill Payment’ type of payments are listed under this section

The user is provided with the option to search for a favorite transaction on the basis of the payee name, in case of money transfers or the biller name, in case of bill payments. The user can view and initiate transactions using these favorite transactions as templates and can also delete any transaction from the favorite list.

**To view and initiate a favorite transaction:**

1. All the favorite transactions appear as a list on the **Favorites – Summary** screen.

**Favorites – Summary**

2. Select the relevant favorite transaction record and click **Pay Now** to initiate the transaction.
   The details of the selected transaction appear in the respective payment transfer screen.

OR
Click **Remove** to remove the transaction from the favorite list.

OR

In the **Search By Payee/ Search By Biller Name**, enter the payee/ biller name of the transaction which you want to initiate and click 🕵️.

OR

Click **Back to Dashboard**, to navigate to the dashboard.

### Transaction initiation through Favorites

3. To initiate a transaction, click **Transfer**.

   OR

   Click **Cancel** to cancel the transaction.

### 17.2 Remove Favorites

To remove a transaction from the favorite list:

1. In the **Favorite Summary** screen, select the relevant payee/ biller name.

   OR

   In the **Search By Payee/ Search By Biller Name**, enter the payee/ biller name of the transaction which you want to remove and click 🕵️.

2. Click 🕵️ and then click **Remove** to remove the transaction from favorites list.

   The **Delete Favorites** message box appears with a message prompting the user to confirm the deletion.

   OR

   Click **Pay Now** to initiate a transaction using the specific favorite transaction as a template.
Remove Favorites - Confirm

3. Click **Proceed** to proceed with the deletion request. OR
   Click **Cancel** to cancel the deletion process.

4. The message confirming the removal of the transaction from the favorite list appears. Click **Back to Dashboard**, to navigate to the dashboard.
FAQs

1. If I add a transaction to ‘Favorites’, where will this transaction be reflected and what benefit will I gain from this?

   The transaction will be saved in the ‘Favorites’ list. You can then use this transaction by selecting it from this list the next time you want to initiate a similar payment. The details will be prepopulated on the screen thus saving you the time and effort of having to enter all the details again.

2. What type of transactions can be saved as favorite?

   You can mark the following types of transactions as favorite:
   
   - Payments made to an account
   - Bill Payments

3. Can I edit the details if I am re-initiating a transaction from my favorite transaction list?

   Yes, you can edit the details and re-initiate a transaction by selecting a favorite transaction.

4. What happens when I add a transaction in my favorite list?

   Once a transaction is marked as favorite it is displayed in the user’s favorite list. The user can directly initiate a transfer using favorite transactions; all the transaction details are auto populated in the respective fields. The user can make required changes in the details and submit the transaction for processing.

Home
18. **Upcoming Payments Inquiry**

Upcoming payment is a unique feature available to users that displays the list of payments initiated by the user that are awaiting processing either on the same day or on a future date.

Through this feature, the user is able to view at a glance, all the payment transactions that are to be processed on the same day or in the near future. All the payment transactions are listed down as records with details such as the date on which the payment is due for processing, the amount of payment, description and the type of payment i.e. whether it is a one time payment or a repeat transfer.

The following payment transactions will be reflected in ‘Upcoming Payments’ as per the date of the transaction:

- Future Dated Transfers
- Future Dated Demand Drafts.
- Repeat Transfers

**Prerequisites:**

- Transaction and account access is provided to Retail user
- Upcoming payments are maintained under accounts

**Features supported in application**

Following transactions are allowed under Upcoming Payments

- View Upcoming Payments
- Cancel Upcoming Payment

**Workflow:**

Field Name  Description

Date  The date on which the payment transaction is due for processing.

Description  The description of the payment transaction. This can include details such as name of the payee as well as the type of transfer.

Amount  The transfer amount and currency.

Type  The type of transfer.

The payment type will be mainly categorized as:

- One Time: Scheduled Single Payment
- Repeat: Repeat Transfer
### Field Name Description

| Action | The option to cancel the transaction. |

2. To cancel the transaction, click **Cancel**. The ‘Cancel Transfer’ pop-up with a message prompting the user to cancel the transfer appears.

#### 18.2 Upcoming Payments – View & Cancel

On selecting the option to cancel the transaction, a pop up window appears containing the details of the transaction. The user can view these details and confirm cancellation.

**To cancel the transaction:**

1. Click **Cancel** against the record that you want to delete. The ‘Cancel Transfer’ pop-up appears which displays basic details of the transaction and also contains a button by which the user can confirm cancellation.

**Upcoming Payments - Cancel Transfer**

![Image of Upcoming Payments Inquiry interface showing the option to cancel a transfer](image_url)
2. Click **Cancel** to confirm the cancellation. The **Verification** screen appears if the transaction is configured for Two Factor Authentication.

3. A message confirming cancellation of the transaction along with host reference number and transaction details appear.
   - Click **Go to Dashboard** to navigate to the dashboard.
   - OR
   - Click **More Payment Options** to access other payment options

**FAQ**

1. **What are the types of payments that are shown under "Upcoming Payments"?**
   The following type of payments will be shown under the ‘Upcoming Payments’ based on transaction processing date:
   - Future Dated Transfers
   - Future Dated Demand Drafts
   - Upcoming Repeat Transfers

2. **Can I cancel the upcoming payment which is due today?**
   Cancellation of today’s upcoming payment depends upon the bank’s processing cycle of upcoming payments. If the bank processes all upcoming payments during same day’s BOD process, then you will not be allowed to cancel payments due today.

3. **Can I cancel a specific installment of a repeat transfer/recurring payment?**
   No, you cannot cancel the specific installment of recurrent payment, but you can cancel entire instruction given for recurring payment.

4. **Can I cancel an upcoming payment that has been initiated from any channel other than the online banking channel?**
   Yes, you can cancel any upcoming transaction initiated by you through any channel.
19. **Common Functions**

The common procedure to be followed for below option:

**Add Favorite**

Save the transaction as favorite for frequently used transactions.

**Set Repeat Transfer**

Enables the user to set a standing instruction.

(PDF)  
Allows the user to save the transaction log in .pdf format.

(Email)  
Allows the user to mail the transaction search result using default mail configured.

**To sort the Records**

1. From the Page list, select the required page number of the transactions list.
2. Click to sort records in ascending or descending order.
3. Click to view the first page of the transaction record list.
   OR
   Click to view the previous page of the transaction record list.
   OR
   Click to view the next page of the transaction record list.
   OR
   Click to view the last page of the transaction record list.
