

Textura Payment Management v22.2 Release Notes

Release date: February 7, 2022

What's New in This Release?

The Textura v22.2 release includes improvements to the user interface, new functionality, and numerous bug fixes.

Below is a summary of the overall changes:

- We've added a course assessment to the Textura Payment Management for Subcontractors Learning Path! The assessment allows you to get certified with Textura. Please visit the Learning Path [here](#) or from the Construction and Engineering Learning page on mylearn.oracle.com.
- We've refreshed the Owner Funding, Split Payment, and Discount out of Terms pages make them easier to use.
- Compliance notifications have been enhanced when electronic submission is disabled on a requirement. These notifications will now include better instructions for submission.
- We've added the Progress Claim Control Log and Contract Status pages to the Document Archive! You can now easily export PDF versions of these pages alongside your other project documents.
- Numerous bugs have been fixed in this release.
