

Textura Payment Management v22.1 Release Notes

Release date: January 9, 2022

What's New in This Release?

The Textura v22.1 release includes improvements to the user interface, new functionality, and numerous bug fixes.

Below is a summary of the overall changes:

- The Edit Organisation page has been split into two pages to simplify your experience. **My Organisation Profile** contains your organisation address, bank account, and tax information and is protected by two-step verification. **My Organisation Settings** contains configurations for your organisation and projects. Editing secondary organisations is done from an organisation profile page.
- The Override Payment Due Date page has also been redesigned using the Redwood theme to further unify the user interface across the application.
- Subcontractors will now be blocked from updating bank account information when payments are processing.
- Numerous bugs have been fixed in this release.

We are also looking for your feedback! Please complete this 2-minute survey to help us understand what we are doing well and how we can make Textura even better for you. We appreciate your time!
