

Textura Payment Management v23.4 Release Notes

Release date: April 02, 2023

What's New in This Release?

The Textura v23.4 release includes improvements to the user interface, new functionality, and numerous bug fixes.

Below is a summary of the overall changes:

- Attachments can now be uploaded to Change Order Line items during the Enter Billing workflow.
- Change order has been renamed to Variation for UK users and projects.
- The Enter Billing Details page has been enhanced with a new 'Add Variations' button to allow subcontractors to request variations quickly and efficiently.
- General Contractors can now download Rate Card information into excel from the Project Fees page.
- Enterprise Admins in General Contractor organizations can now access a TPA Metering Report through our existing Generate Reports page.
- Additional subcontractor attribution has been added to the W_CONTRACT_D table in Data Services.
- Notary labels and references have been updated for Canadian users and projects.
- Changes to banking information state do not require re-onboarding of a GC or owner organization's banking information for ACH payments.
- Emails in projects within Australia and New Zealand have updated support contact information.
- Numerous bugs have been fixed in this release.

To learn more about this release and future releases, we encourage you to attend our monthly Level Up webinar. You can register [here](#).

Key Enhancements Implemented

Product Area	Feature	Details	Personas Impacted
Attachments	Expand Attachment functionality to allow for Change Order Line item attachments	<p>Attachments can now be uploaded to Change Order Line items during the Enter Billing workflow.</p> <p>Attachments can be viewed and retrieved from the Attachment screen under the Invoice Attachment type. Each change order can accommodate multiple attachments and each uploaded file is limited to 100mb in size.</p> <p>A subset of Standard documents for the AU and UK market have been updated to display a table listing attachment names and descriptions.</p>	<input checked="" type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input checked="" type="checkbox"/> Subcontractor <input checked="" type="checkbox"/> Sub-tier
Change Orders	Subcontractor Change Order Allocation – update field names	For customers in the UK, Change Orders are now renamed to Variations across the Textura. In addition, references to Assign Change Orders are now renamed to Review Change Orders.	<input type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input checked="" type="checkbox"/> Subcontractor <input checked="" type="checkbox"/> Sub-tier
Enter Billing	Enter Billing – provide quick access to Add Variations	The Enter Billing Details page has been enhanced with a new ‘Add Variations’ button to allow subcontractors to request variations.	<input type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input checked="" type="checkbox"/> Subcontractor <input checked="" type="checkbox"/> Sub-tier
Project Fees	Project Fees – download rate card information into excel	General Contractors can now download Rate Card information into excel from the Project Fees page.	<input checked="" type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input type="checkbox"/> Subcontractor <input type="checkbox"/> Sub-tier

Reporting	TPA Metering Report	Enterprise Admins for General Contractor organizations can now access a TPA Metering Report through our existing Generate Reports page. This report displays the details of TPA enrolled invoices that have been disbursed to reconcile against Oracle's metering information.	<input type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input type="checkbox"/> Subcontractor <input type="checkbox"/> Sub-tier
Data Service	Data Service – add additional subcontractor columns to W_CONTRACT_D table.	Data Service has been updated with additional subcontractor columns in the W_CONTRACT_D table. The following columns are now available: - ADDRESS_1 - ADDRESS_2 - ZIPCODE - CITY - COUNTY - STATE / COUNTRY - PHONE1 - PHONE2 - TAXID	<input type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input type="checkbox"/> Subcontractor <input type="checkbox"/> Sub-tier
Notary	Updated notary references for Users in Canada	References to Notary have been updated to use Canadian-specific terminology for projects and organizations in Canada.	<input checked="" type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input checked="" type="checkbox"/> Subcontractor <input checked="" type="checkbox"/> Sub-tier
Organization Profile Bank Information Settings	Bank re-onboarding not needed when changing state in banking info	Today, when an organization updates their banking information state in their organization profile, their banking setup must be reconfigured by the Textura ACH team. This change enables a change to an organization's banking state without needing to re-onboard the organization's banking information.	<input checked="" type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input type="checkbox"/> Subcontractor <input type="checkbox"/> Sub-tier
Email Notifications	ANZ (Australia and New Zealand) email notification support links have been regionalized	References to US-based support contact information in email notifications originating from ANZ projects have been removed. In their place are new support contact information for users in the ANZ region.	<input checked="" type="checkbox"/> Owner <input checked="" type="checkbox"/> GC <input checked="" type="checkbox"/> Subcontractor <input checked="" type="checkbox"/> Sub-tier
