DISCLAIMER

The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. The development, release, and timing of any features or functionality described for Oracle's products remains at the sole discretion of Oracle.

DISCLAIMERS FOR PRE-RELEASE, PRE-GA PRODUCTS

The **revenue recognition disclaimer** on this page is required for any white paper that addresses future functionality or for products that are not yet generally available (GA). If you are unsure whether your white paper needs the disclaimer, read the [revenue recognition policy](#). If you have further questions about your content and the disclaimer requirements, e-mail REVREC_US@oracle.com. If you do not need the disclaimer, you may delete it and the page that it appears. First, display hidden characters by clicking on the Paragraph icon on the Home toolbar. It is a small, square icon that appears to the left of the Quick Style Gallery. Then, highlight all the text on this page and press the Delete key. Notice that there is a section break displayed as a double-dotted line at the bottom of this page. Continue to press Delete until the page disappears and your cursor is on the Table of Contents page. Be sure not to remove the section break, or the formatting of the title page will be incorrect. Delete this note before publishing.

The **testing disclaimer** in the TM block on the last page (highlighted in yellow) is provided by the FCC. It must appear in the TM block for all pre-release, pre-GA products. Be sure to remove the yellow highlighting before publishing. When the product becomes GA, update your collateral by removing the disclaimer from the TM block. If your product is already GA, delete the disclaimer from the TM block.

Important: If your product is not GA, then you cannot include any regulatory compliance information in the white paper. Regulatory compliance information may be included for GA products only if you have completed all required safety and emissions testing, and you have received the certificates issued by the testing organization.

THIRD-PARTY IMAGES PROVIDED WITH ORACLE PUBLIC SECTOR COMMUNITY DEVELOPMENT SAMPLE DATA

The Oracle Public Sector Cloud demo database includes sample data images that are provided under a restricted use license for demonstration purposes only, such as a product demonstration and conference room pilots. The specific images are listed below along with their owner and media ID. If you want to use these sample images in a production environment, you must contact the image owners directly to purchase the images
