 - 2.4 ORACLE BANKING PAYMENTS REST SERVICES FOR PAYMENTS ORIGINATION 2-3

1. Preface

1.1 Purpose

This guide is designed to help acquaint you with the Oracle Banking Payments application. This guide provides answers to specific features and procedures that the user need to be aware of the module to function successfully.

1.2 Audience

This manual is intended for the following User/User Roles:

Role	Function
Implementation & IT Staff	Implementation & Maintenance of the Software

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to make sure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

1.5 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.6 Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

2. Oracle Banking Payments Integration Touchpoints

This document gives the details of integration touchpoints for Oracle Banking Payments integration.

2.1 Core Banking /DDA Services Consumed by Oracle Banking Payments

These are services that the Core Banking/DDA will need to provide to Oracle Banking Payments.

Core Banking

Services Consumed by OBPM	
Servicing Module	Service Description
DDA	Request & Response for Balance Block & Account Validations
Accounting	Request & Response for Accounting Handoff
Notification Updates	Update Status of Payment on the Payment initiation Product processor

If the integration is with FCUBS/OBVAM, the below listed services are used:

Source System	Service Consumed	Service Description
FCUBS	FCUBSCAService	For debit entries to real accounts – Customer / Account validation + Balance check
FCUBS	FCUBSAccService	For credit entries to real accounts - Customer/Account validation
FCUBS	FCUBSIFService	Accounting handoff
OBVAM	obvam-eca-services/service/ecablock	For debit entries to Virtual Account – Customer / Account Validation + Balance Check

Source System	Service Consumed	Service Description
OBVAM	obvam-transaction-journal-services/service/eac	For credit entries to virtual accounts – Customer / Account validation
OBVAM	obvam-transaction-journal-services/service/txns	Accounting Handoff
