Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate failsafe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

This software or hardware and documentation may provide access to or information on content, products and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

20.6.1	Transaction Summary - Adhoc Report.....	181
20.6.2	Transaction Summary - Schedule Reports	186

1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.

If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

For more information on Oracle Banking Digital Experience Release 18.3.0.0.0, refer to the following documents:

3. Customer Services

This module allows the bank customers to interact with bank and avail its services. It includes the following sub-modules:

- **Channel On boarding:** Channel Onboarding allows customers to register for channel access. Customers who do not have access to online channels can onboard themselves to access online channels without approaching a bank physically to request for channel access.
- **Calculators:** Calculators are the tools used by the users to simulate and thus understand the implications of financial decisions. The different kind of calculators could be, Term Deposit Calculator, Loan Calculator, Loan installment Calculator, Loan Eligibility Calculator, and Forex Calculator.
- **Role specific dashboards:** Dashboard is a landing page or screen wherein user can access various transactions. The dashboards are classified into categories like, Maker Dashboard, Viewer Dashboard, and Approver Dashboard.
- **Mailbox:** Mailbox allows bank customers to send and receive emails to a business user.
- **Find ATM / Branch:** ATM/ Branch locator allows a user to view the address and location of the ATMs and the branches at a geographic location.
- **Reports:** Reports are an integral part of actively managing any company. Management uses the reports to track progress towards its various goals, control expenditures, increase revenue, track fraudulent transactions if any. The two types of reports are, Adhoc Report and batch Reports
- **Security Settings:** Security settings are done to protect the sensitive data and information from security threats.
- **View Transaction Limits:** This option allows a user to view the utilized limits and available limits for use.

[Home](#)

4. Log-In & Log-Out

Log-in allows users to access the portal securely, view information and access transactions. Logging out enables users to exit from the system in a secure way, so that no one else can gain access to the system (without supplying valid credentials) and the entire system is secure.

Pre-requisites

The User must have a valid account with bank with online banking enabled. Other features related to accounts must be supported by the core banking system.

Features Supported In Application

- [Log-in to the application](#)
- [Log-out of the application](#)

4.1 Log-in to the application

The user requires authentic credentials to log in to the **Oracle Banking Digital Experience** application.

To log in to the application:

1. Open an internet browser to access the application.
2. Type the Oracle Banking Digital Experience URL in the Address bar, and press **Enter**. **Portal Page** appears.

Portal Page

The screenshot displays the ZigBank portal interface. At the top left, the ZigBank logo is visible. A navigation menu on the left includes: Claim Money, Track Application, Register, Login, ATM/Branch Locator, Help, and About. The main content area features a header with the text "Your financial security guaranteed." Below this, a section titled "Choose from our range of products" offers four options: Savings, Current Account, Auto Loans, and Personal Loans. A promotional banner below reads "Achieve your Dream with us" with a quote from Walt Disney: "All your dreams can come true, if we have the courage to pursue them". Another banner states "Get instance loan with in principle approval." The "Tools & Calculator" section includes icons for LOANS, TERM DEPOSITS, ELIGIBILITY, and FOREIGN EXCHANGE. The footer, titled "Get in touch with us", provides contact information and a "Submit" button. Social media icons for Facebook and Twitter are also present.

First Time Login - Terms and Condition

ZigBank

Welcome, John Smith
Last login 19 Nov 06:26 PM

Thank You for choosing Zig Bank as your Banking needs partner.
We welcome you to the Zig Bank family.
Happy Banking!!!

Terms and Conditions

These Terms mentioned herein form the contract between the User using the Internet Banking services and the Bank. By applying for Internet Banking Services and accessing the service the User acknowledges and accepts these Terms of Service (Terms and Conditions). Any conditions relating to the accounts of customer other than these Terms will continue to apply except that in the event of any conflict between these Terms and the account conditions, these Terms will continue to prevail. The agreement shall remain valid until it is replaced by another agreement or terminated by either party or account is closed, whichever is earlier.

1. APPLICATION FOR INTERNET BANKING SERVICES

The Bank may offer Internet Banking Service to selected customers at its discretion. The customer would need to be Internet User or have access to the Internet. The acceptance of the application and the acknowledgement thereof does not automatically imply the acceptance of application for Internet Banking Services. The Bank may advise from time to time the Internet software such as Browser, which are required for using Internet Banking Services. There will be no obligation on the part of the Bank to support all the versions of this Internet software.

2. INTERNET BANKING SERVICES

The Bank shall endeavor to provide to the User through Internet Banking services such as inquiry about the balance in his/her account(s), details about transactions, statement of account request for issue of cheque-books, request for transfer of funds between accounts of the same User and other accounts and many other facilities as the Bank may decide to provide from time to time. These facilities shall be offered in a phased manner at the discretion of the Bank. The Bank at its sole discretion may also make additions/deletions to the Internet Banking Services being offered without giving any prior notices or reasons. The availability /non-availability of a particular service shall be advised through the web page of the Bank or written communication or any other mode as the Bank thinks fit. The Bank shall take reasonable care to, ensure the security of and prevent unauthorized access to the Internet Banking Services using technology reasonably available to the Bank. The User shall not use or permit to use Internet Banking Service or any related service for any illegal or improper purposes.

6. Dashboards

Oracle Banking Digital Experience is a one-stop solution for a bank for its core banking operations, across corporate offerings. It is designed to help banks respond strategically to today's business challenges, while also transforming business models and processes to reduce operating costs and improve productivity across both front and back office.

Role based dashboards have been designed to deliver the right information to the right people at the right time so they can make optimal business decisions. Multiple dashboards can be made available to the users based on their roles in a corporate.

Dashboard provides a quick view of the most relevant functions, to achieve a particular objective or complete a process. OBDX supports role specific dashboards for user - role combinations viz., Corporate Maker, Corporate Approver, Corporate viewer etc.

Pre-requisites

- User must have the relevant access from bank with online banking enabled.
- Other features related to accounts must be supported by core banking system.

Features Supported In Application

- [Viewer Dashboard](#)
- [Maker Dashboard](#)
- [Approver Dashboard](#)

6.1 Viewer Dashboard

Corporate Viewer Dashboard service provides the top management of any corporate with a consolidated and easy to understand view of their business immediately after logging in. This helps them to take speedy and accurate decisions to meet their short term and long term business goals.

 - Status: Status of the transaction

Reports

The latest reports mapped and generated under a party/parties mapped to the logged in user are listed in this section. Click View All to view all the reports generated.

Transaction Journey

Click the **reference number** link on the description of activity log to view the Transaction Journey

This screen displays the transaction details and transaction journey of a transaction, and the current status of transaction whether it is Initiated, Approved or Processed.

The screenshot displays the ZigBank interface for an International Payment. At the top, the ZigBank logo is on the left, and search, mail, and user profile icons are on the right, with the text "Welcome, Bruce Wayne" and "Last login 26 Jun 03:33 PM". The main heading is "International Payment". Below this, there is an "e-Receipt" link. The "International Fund Transfer Details" section lists the following information:

- Transfer To: JustinIntl1
- Account Type: International
- Account Number: 9005NEET
- Account Name: Justin Trudeau
- Transfer From: xxxxxxxxxxxx0027
- Transfer When: 02 Jan 2014
- Amount: \$100.00
- Correspondence Charges: PAYEE
- Payment Details: transferring the funds
- Note: transferring the funds to JS

The "Transaction Journey" section shows a three-step process:

- Initiation**: Bruce James Wayne, 26 Jun 10:14 AM
- Approval**: (No specific details shown)
- Completion**: Processed, Reference No : AT3FTOC14002CTV5, 26 Jun 10:14 AM

A "Back" button is located at the bottom left of the transaction details area. At the bottom of the page, there is a copyright notice: "Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions".

Transaction Journey

Review

The section displays the details of the transaction.

Transaction Journey

This section displays the status of transactions. Transaction journey displays the status as:

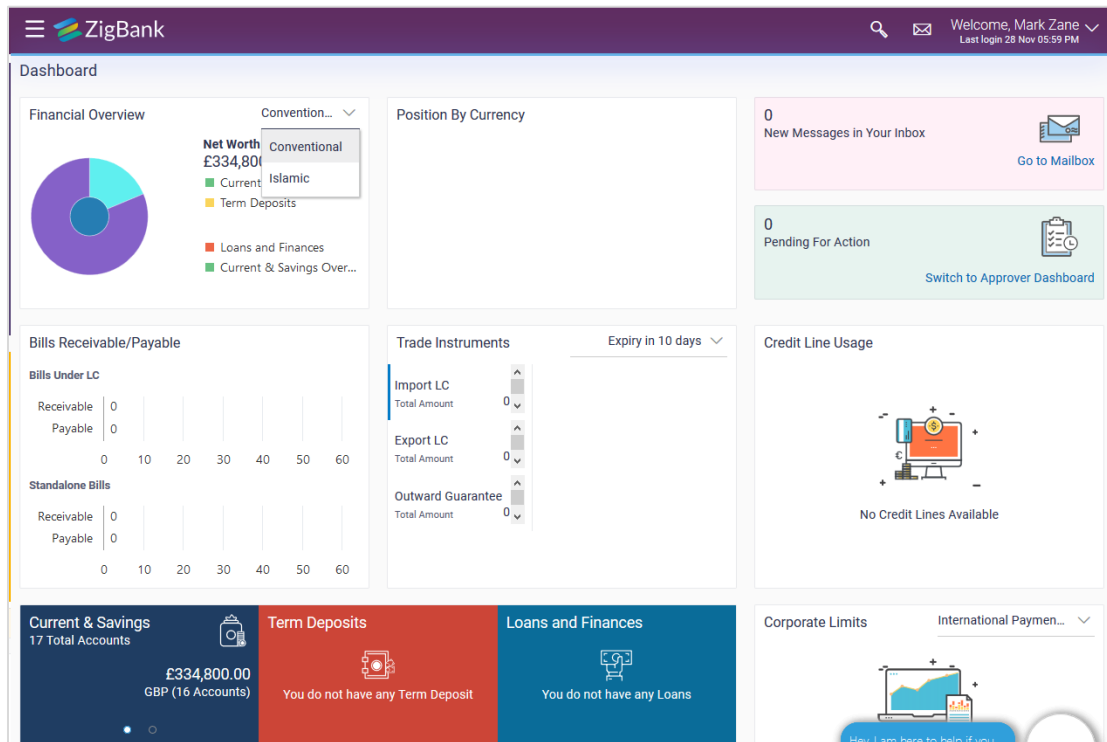

- Initiation
- Approval
- Completion

1. Click **Back** to navigate to the **Dashboard**.
OR
Click **e-Receipt** to generate the e-receipt of the transaction.

6.1.2 Conventional/Islamic Accounts

This option enables the corporate users to view & select both Conventional & Islamic accounts under separate headers of “Conventional” & “Islamic” while processing any transaction in the entire application. These headers will appear for all transactions where there is an account dropdown or account selection of Current and Savings, Term Deposits and Loans is required.

Note: Users having both (Conventional & Islamic accounts) will be able to view their accounts in respective headers however, in case if he is only having either of account then there will be no separate header bifurcation for the same.

6.2 Maker Dashboard

This Dashboard is designed to cater to the corporate users who are the transaction executors. An option of Quick Links have been provided on the Dashboard for an easy access to some of the more commonly used features in the system along with the few important features like account details, activity log etc.

The screenshot displays the ZigBank Maker Dashboard interface. At the top, there is a navigation bar with the ZigBank logo, search, mail, and user profile icons. The user is identified as Bruce Wayne, with a last login on 06 Jun 05:25 PM. Below the navigation bar, a yellow banner provides a reminder to submit FATCA & CRS related information. The main dashboard area is divided into several sections:

- Account Summary:** Three colored boxes show balances for Current & Savings (£14,756,899.29), Term Deposits (£20,923.17), and Loans and Finances (£18,704.73).
- Work Snapshot:** A notification stating "Transactions Not Initiated" and that the daily summary will be updated.
- Account Details Table:** A table listing three accounts for Merlin Entertainments Ltd, including account numbers, types, and net balances.
- Notifications:** A section indicating "No New Notifications" and a prompt to check for updates.
- Last 5 Payments:** A list of recent payments, including an internal transfer of ₹100.00 on 06 Jun at 3:30 PM.
- Activity Log:** A detailed table showing transaction activity with columns for Date, Description, Account Number, Amount, Reference No, and Status. It includes sub-sections for Accounts, Payments, Bulk File, and Bulk Record.
- Quick Links:** A grid of icons for "Own Account Transfer", "Adhoc Payment", "File Upload", "Funds Transfer", "Issue Draft", and "Uploaded Files Inquiry".
- Bulk File Upload:** A form with a dropdown for "Identifier" and a "Choose file..." button, followed by a "Submit" button.

At the bottom of the dashboard, a footer contains the copyright notice: "Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions".

Dashboard Overview

Icons

This section allows the user to upload a bulk file directly from the dashboard.

Transaction Journey

Click the **reference number** link to view the Transaction Journey

This screen displays the transaction details and transaction journey of the specific transaction. It displays the current status of transaction whether (Initiated, Approved or Processed).

The screenshot displays the ZigBank interface for a transaction journey. At the top, the ZigBank logo and user information 'Welcome, Bruce Wayne' are visible. The main content is divided into two sections:

- Redemption:**
 - TD Account Number: xxxxxxxxxxxx0058
 - Redeemable Amount: £500.00
 - Redemption Type: Partial
 - Charges/Penalty: £0.00
 - Final Redemption Amount: £500.00
 - Pay To: Own Account
- Transaction Journey:**
 - A horizontal flowchart with three stages: **Initiation**, **Approval**, and **Completion**.
 - The **Initiation** stage is currently active, indicated by a blue circle with a checkmark and a downward arrow.
 - Below the Initiation stage, the user name 'Bruce James Wayne' and the timestamp '06 Jun 11:00 AM' are displayed.
 - A 'Back' button is located at the bottom left of the journey section.

At the bottom of the page, there is a copyright notice: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Transaction Journey

Transaction Name

This section displays the name of the transaction that is to be approved.

Review

The section displays the details of the initiated transaction for review.

Transaction Journey

This section displays the status of transactions that are initiated by the maker. Transaction journey displays the status as:

- Initiation
- Approval
- Completion

-
1. Click **Back** to navigate to the **Dashboard**.
OR
Click **e-Receipt** to generate the e-receipt of the transaction.

6.3 Approver Dashboard

This dashboard is available for corporate users who is responsible for approving the transactions. Approver has the responsibility to ensure correctness of financial or non-financial transaction as per the bank and corporate mandate, to ensure speedy and accurate processing.

-  [About](#) Click this menu to view the information about the application like version number, copyright etc.

Notifications

The notification section allows the corporate approver to view last four notifications sent by the bank. Click **View All** to view all the notifications sent by the bank. User can also click on the specific notification to see the details.

Pending for Action

This section displays the summary of all the financial and non-financial transactions that are pending for approval by the corporate approver user in a graphical form.

The transactions are grouped by module name and provide a quick view of transactions that are needed to be approved.

Quick Links

The following transactions can be initiated from this section:

- Own Account Transfer
- Funds Transfer
- Ad-hoc Payment
- Issue Draft
- File Upload
- Uploaded Files Inquiry

Pending for Approvals

This section displays the details of transactions that are initiated by the maker and are pending for approval. It is briefly classified into two broad categories a) Financial and b) Non-Financial. User can click each tab to view the details of transactions that are pending for approvals. Click the **reference number** link to view, approve or reject the transaction. User can also select multiple records from the summary and approve or reject the transactions.

My Approved List

This section displays the details of transactions that are approved by the approver user. Click each tab to view the snapshot of transactions already approved.

Click the **Reference Number** link to view the detailed transaction.

Click Download to download the summary of transactions approved by the approver user.

 : Click this icon to search the transactions that are performed on a particular date. It has two fields **From Date** and **To Date**; you can select the start and end date to search the transaction.

My Limits

This section allows the user to view the transaction specific limits assigned to him for initiating and approving the transactions. It also provides information about the limits assigned by the bank and the limit utilized by the user.

Corporate Limits

The user can view the party cumulative transaction limits for each transaction, daily and monthly limits utilized and available limits for use from the viewer dashboard.

The user can select the transaction from the drop-down to view the corporate limit of that transaction.

Current and Savings/ Term Deposits/ Loans

The current and savings/ Term Deposit/ Loan account card displays the count of the account and total balance in these accounts along with the transaction currency. The section below the account card displays the summary of assigned CASAs/ Term Deposit / Loan (combined by account currencies) with below details. Click the particular account number of CASA/ Term Deposit / Loan account to go to the account details screen.

- Current and Savings:
 - Party Name: Displays the different party names linked to the ID and holding the accounts.
 - Account Number: clicking the account number takes you to the **Account Details** screen.
 - Account Type: Displays the account type - savings or current.
 - Net Balance: The balance amount in the account is displayed
- Term Deposits:
 - Party Name: Displays the different party names linked to the ID and holding the deposits
 - Deposit Number: clicking the account number takes you to the **Deposit Details** screen.
 - Interest Rate: shows the applicable rate of interest on the various deposits
 - Principal Balance: shows the amount invested in deposit
 - Maturity Date: shows the date of maturity of deposit
 - Maturity Balance: shows the amount which would be available at the date of maturity.
- Loans
 - Party Name: Displays the different party names linked to the ID and holding the loans
 - Account Number: clicking the account number takes you to the Loan Details screen.
 - Interest Rate: Applicable rate of interest of loan
 - Maturity Date: date when the loan would be closed if all the due is clear
 - Outstanding Balance: Amount which is left to be deposited against the loan

Click **Download** to download the account summary of Current and Savings/ Term Deposit/ Loan accounts.

6.3.1 Pending for Approvals

The Pending for approvals list contains transactions that have been initiated by the maker and are pending for approvals. When the approver user logs in to the application, he can view the transactions that are pending for his decision to either approve or reject.

How to reach here:

Approver Dashboard > Pending for Approvals section

To approve the transaction:

1. Select the transaction pending for approval, by clicking on the checkbox against it and click on **Approve** or **Reject**

FAQs

1. **If one user is configured so that he is having both the roles i.e. a Maker and an Approver, how can he switch the Dashboard View?**

The user can go to the toggle menu and switch between the Maker / Approver roles.

[Home](#)

7. Forgot Password

Login password is the password using which customer logs into the internet banking platform. User cannot access his bank accounts without the password. Forgot password feature allows user to reset their login password to access banking portal.

User is asked to enter his User ID and Date of Birth. His identity is validated through the two factor authentication process, post which, the user can setup a new login password for channel access.

Pre-requisites

- User must have a valid login credential to access the digital banking platform.
- System Administrator must have setup the two factor authentication for Forgot Password.

Features Supported In Application

- User Verification
- New Password Creation

How to reach here:

Portal > Forgot Password

To reset the password:

1. In the **Log In** page, click **Forgot Password**. The **Forgot Password** screen appears.

Forgot Password - User Verification

The screenshot displays the 'Forgot Password - User Verification' interface. At the top, the ZigBank logo is on the left, and a 'Login' link with a dropdown arrow is on the right. Below the header, a message reads: 'Okay, no problem. Just enter the details below.' The form contains two input fields: 'Username' with the value 'LeoMaker' and 'Date of Birth' with the value '01 Jul 1990'. At the bottom of the form, there are two buttons: 'Cancel' and 'Continue'. The footer of the page contains the text: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Username	Log in id provided by the bank.
Date of birth	Date of birth of the user.

- In the **Username** field, enter the log in id.
- In **Date of birth** field, enter the date of birth of the user.
- Click **Continue**.
OR
Click to **Cancel** the transaction.
- The **Verification** screen appears. The user has to pass the 2factor authentication, before he can proceed. 2 factor authentication (OTP/Security question/Soft Token) will be as per the setup done by system administrator.
- The **Forgot Password** screen appears.

Forgot Password – New Password Creation

The screenshot displays the ZigBank interface for creating a new password. It includes a navigation menu, the ZigBank logo, and a 'Login' button. The main content area features two password input fields with 'Submit' and 'Cancel' buttons. A 'Current Entity' dropdown is set to '1_UBS 12.4 AT3 Branch'. A 'Password Conditions' box lists the following requirements:

- ✓ Have 6 to 16 characters
- ✓ Must include upper case, lower case, numbers, and special characters
- ✓ Have at least 1 uppercase letter(s), 1 lowercase letter(s), 1 number(s), and 1 special character (@, #, \$)
- ✓ Not contain identical (aaa) and consecutive (abc) characters more than 4
- ✓ Not be a common password

The footer contains the text: Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions

Field Description

Field Name	Description
Please enter your new password	

Field Name	Description
Password	New password for channel access.
Re-enter Password	Re-enter the new password to confirm.

- In the **Password** field, enter the password.
OR
Click  icon to enter the password using the virtual keyboard.
- In the **Re-enter Password** field, re-enter the password.
OR
Click  icon to re-enter the password using the virtual keyboard
- Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
- The success message of resetting the password appears. Click **Login** to log in to the application.

[Home](#)

8. Live Chat

Multi-Modal Assisted Banking allows you to initiate a video or voice call and can share his / her screen with the Bank user in case they face an issue while completing a transaction or have any queries pertaining to their account. The multi-modal assisted banking feature is configurable. Below are the features being provided as part of the current release:

- Integration with Oracle Live Experience for assisting customer.
- An assisted banking icon across the application for end user, by clicking on which he/she can start the call.
- Business user can enable and disable this option from his user preferences.

Note: Live Chat is supported only when the user is logging from desktops.

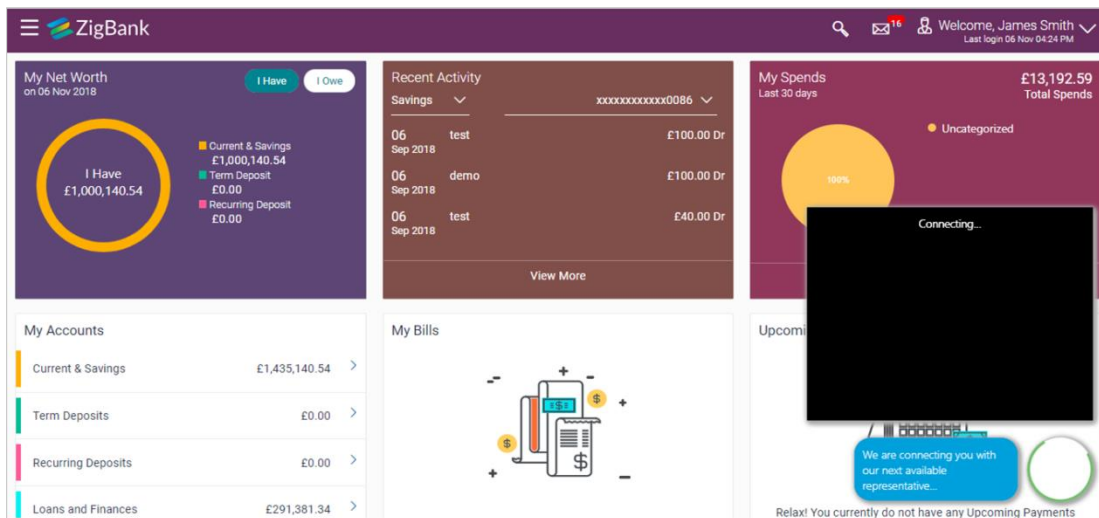

How to reach here:

Bottom right corner of the application

To start a meeting:

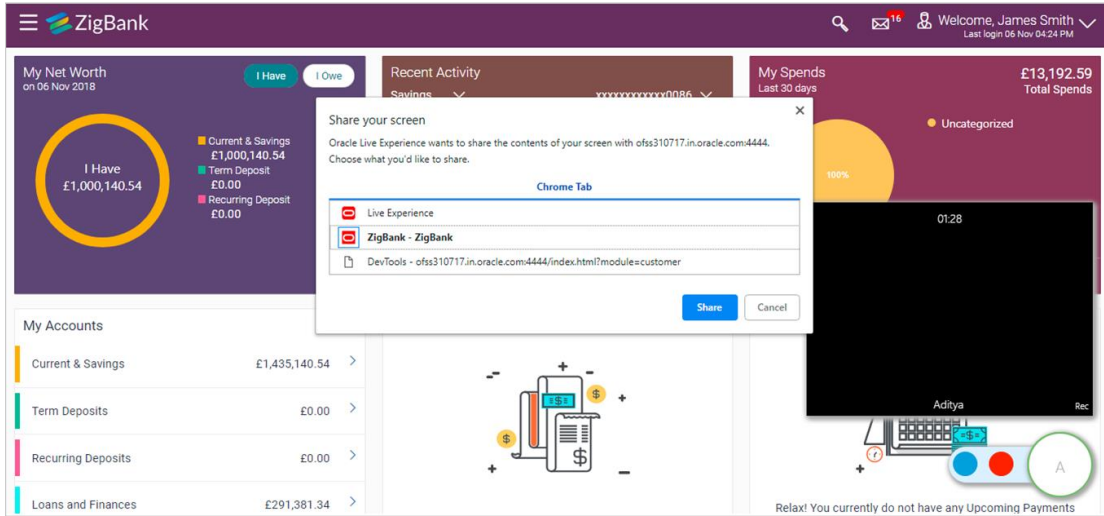

1. Click '**Hey I am there to help if you need it**' icon.
2. The session recording message is displayed, click **Ok** to continue with the modal assisted banking session.
OR
Click **Cancel** to close the session.

Live Chat

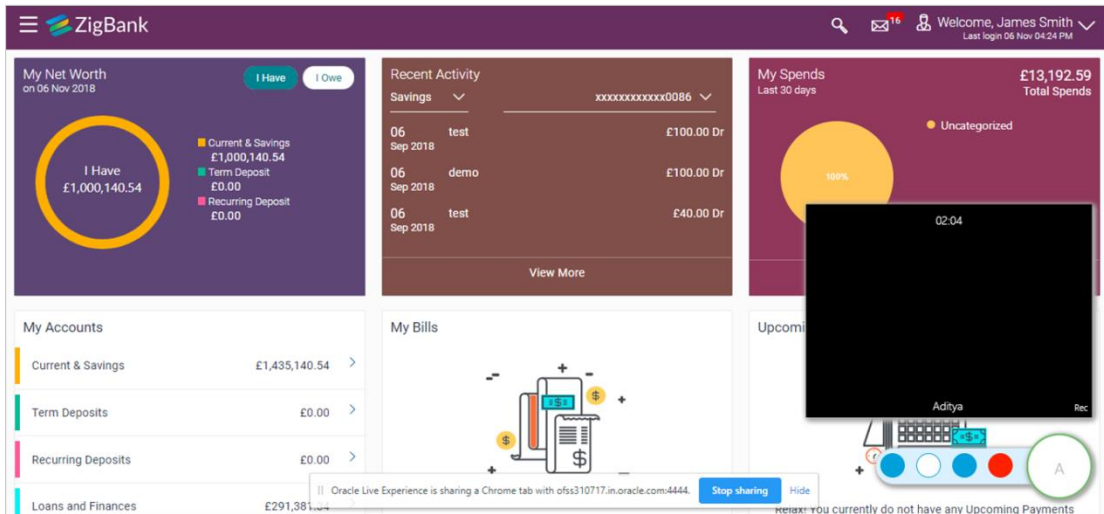

3. Once the connection is established, a screen sharing message is displayed. Click **Ok**.
OR
Click **Cancel** to abort the live chat session.

Live Chat Screen Share

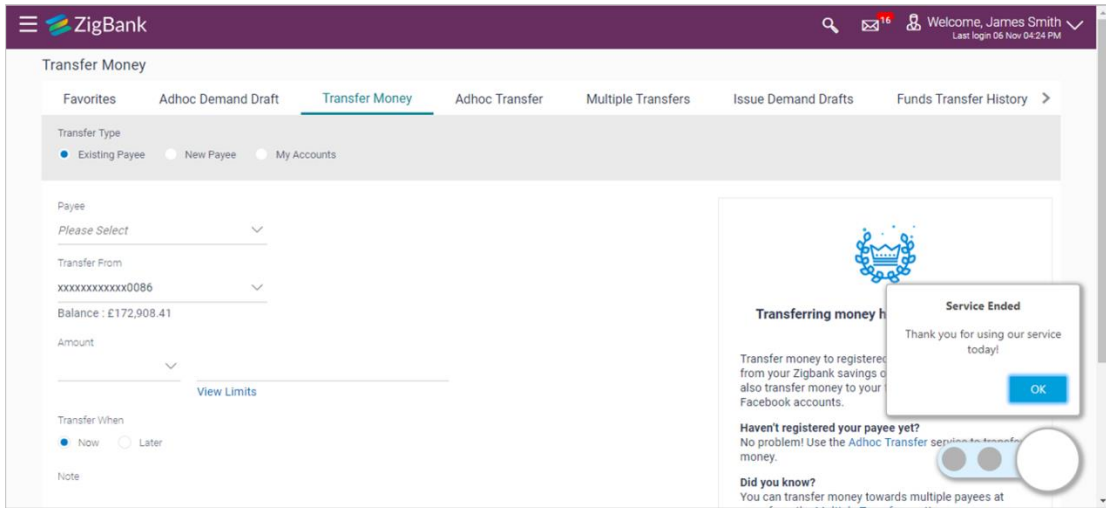

4. Share your screen message is displayed. Select the application and click **Share**.
OR
Click **Cancel** to abort the live chat session.
5. The screen is shared with the customer support representative.

Live Chat screen share

6. Business user can voice or video chat with the Bank executive basis on the configuration done by bank.

End Session

7. Screen shows the confirmation message once the session gets ended.

[Home](#)

9. Session Summary

The option used by the user to check the log of transactions and login details for the previous five logins. The user can view the entire session summary of the previous five logins, login and logoff date and time for each session, channel in which transactions are carried out in each session along with the IP address of the channel.

OR
Click **Cancel** to cancel the transaction and navigate back to 'Dashboard'.
6. The success message along with the transaction reference number appears. Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **More Alert Options** to access other alert options.

10.4 Third Party Consents

This option allows the user to manage the access provided to third party application(s). The user can define the fine-grained entitlements i.e. account level access along with a set of transactions for the third party. User can disable the access for a specific third party application whenever required.

Note: Third Party Applications will appear on this page only if the user has registered on any of the third party application and provided consent to the third party application to access accounts for inquiries and transactions.

How to reach here:

Dashboard > Toggle Menu > Account Settings > My Preferences > Third Party Apps

Third Party Consents

Field Description

Field Name	Description
Third Party Application Name	The name of the third party applications are displayed. Select a third party application to define access to the application.
Application Process	The option to enable the access for the application. If access is granted, then the user can revoke access and if it was revoked, then the user can grant access whenever required.

Field Name	Description
Current and Savings/ Term Deposits/ Loans and Finances	The account level access provided for the set of Current and Savings / Term Deposits/ Loans and Finances account numbers to the third party. Select a product to define account and transaction level access to the third party.

1. Click **Edit** to enable the access. The **Third Party Consents – Edit** screen with values in editable form appears for user to modify account and transaction access.
OR
Click **Cancel** to cancel the operation and navigate back to ‘**Dashboard**’.
OR
Click **Back to Dashboard** to go to the **Dashboard**.

Third Party Consents – Edit

The screenshot shows the 'Third Party Consents – Edit' interface. At the top, there's a navigation bar with the ZigBank logo and user information: 'Welcome, Mary Doe', 'Last login 12 Jun 04:41 PM'. Below this, the page title is 'Third Party Consents'. A sidebar on the left contains menu items: Profile, Primary Account Num..., Alerts/Notifications, Third Party Apps (highlighted), Security and Login, and Settings. The main content area features the logos for 'MODEL Solutions' and 'epay'. Underneath, there's an 'Application Access' section with a toggle switch currently turned on, labeled 'Granted'. Below this, there are three tabs: 'Current and Savings' (selected), 'Term Deposits', and 'Loans and Finances'. A list of accounts is shown, with the first one selected: 'xxxxxxxxxxxx0020 - Savings Account - Regular'. This account has a large list of transaction types, each with a checked checkbox: 'Map All Transactions', 'CASA Inquiries' (including 'CASA Interest Certificate' and 'Party CASA Interest Certificate'), 'CASA' (including 'E-Statement Subscription', 'Demand Deposit Electronic Statement Download', 'List Demand Deposit Electronic Statement', and 'Request Demand Deposit Statement'), 'Payments' (including 'Domestic Payment', 'International Draft', 'Bill Payment', 'Domestic Draft', 'International Payout', 'External Transfer', 'Internal Transfer', 'PeerToPeer Transfer', 'Instruction Cancellation', and 'Self Transfer'), and 'All Inquiry Transactions' (including 'Payments Inquiries' and 'CASA Inquiries'). A second account, 'xxxxxxxxxxxx0018 - Savings Account - Regular', is listed below but is not selected. At the bottom of the main content area, there are three buttons: 'Save', 'Back', and 'Cancel'. A 'Back To Dashboard' link is located at the bottom left of the page, and a 'Home' icon is at the bottom right. The footer contains copyright information: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description

Click **OK** to complete the transaction and navigate back to 'Dashboard.

10.5 Security Question Authentication

The security question is configured as two factor authentication mechanism and as per the level of authentication configured, it is executed. User has to answer the security questions to execute the transaction successfully.

For security question authentication:

1. In the transaction review screen, verify the details, and click **Next**.
OR
Click **Cancel** to cancel the operation and navigate back to '**Dashboard**'.
2. The Two Factor Authentication (2FA) screen appears.
3. For the Security Question based Two Factor Authentication, in the **Answers** field, enter the answers corresponding to the security question

Security Question Authentication

The screenshot displays the ZigBank Security Question Authentication interface. At the top, the ZigBank logo and navigation icons are visible. The main content area is titled 'Security Question' and contains two questions with input fields: 'What is your mother's maiden name?' and 'What is the name of your first pet?'. Below the input fields are 'Next' and 'Cancel' buttons. The footer includes the text: 'Copyright Model Bank Ltd. All Rights Reserved | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Questions	The list of security questions set for the Two Factor authentication.
Answer	The answers corresponding to the security question.

4. Click **Next** to go to the next level of authentication (if applicable).
OR
Click **Cancel** to cancel the operation and navigate back to '**Dashboard**'.
5. Complete the Two Factor Authentication, and click **Confirm**
The success message appears along with the transaction reference number.
Click **OK** to complete the transaction and navigate back to '**Dashboard**'.
OR
Click **Cancel** to cancel the operation and navigate back to '**Dashboard**'.

10.6 One Time Password Authentication

One Time Password is a second factor authentication method. It is a unique code that can be used only once. A verification code is sent to the registered mobile number or email ID of the account holder. User has to enter the received code to complete the process. User can click on Resend Code, to receive the code again (if not received or expired).

For OTP verification:

1. In the **Verification Code** field, enter the code as received.
OR
Click **Resend Code**, if you wish to receive the verification code again or your verification code got expired.

Verification

Field Description

Field Name	Description
Verification Code	The code sent to the customer's registered email id or on their mobile number.

2. Click **Submit**.
3. On successful authentication, the user is allowed to proceed with the transaction.

FAQs

1. Why is there a need for a One-Time Password (OTP)?

An OTP helps to protect against online fraud. It is a secure way to authenticate whether a customer who is making an online transaction is the rightful owner of the credit / debit card being used.

2. When do I key in the OTP and how do I receive the OTP?

When you make an online transaction using your credit/debit card, OTP is set up will be required. OTP will be sent to your mobile phone via SMS or email.

10.7 Security and Login

Following options in security settings are available in the application:

- Set Security Questions
- SMS and Missed Call Banking

10.7.1 Set Security Questions

Using this option, the user can choose the security questions and maintain the corresponding answers. User will be asked to answer these questions to as the second level of authentication to complete the transaction (if Two FA is configured by Bank/System admin).

How to reach here:

Dashboard > Toggle Menu > Account Settings > My Preferences > Security and Login > Set Security Question

OR

Dashboard > Toggle Menu > Set Security Question

As a part of first-time set-up of Security Questions, the user selects security questions, from those maintained in the application and provides the answers to these. He saves the answers. At the time of authentication, he's asked these questions and he has to provide an answer that matches with the one he had saved earlier, as a part of the second level of validation.

Set Security Question

The screenshot shows the ZigBank application interface for setting security questions. The top navigation bar includes the ZigBank logo, search, mail, and user profile icons. The user is identified as ASHLEY CHARLES, with a last login time of 26 Jun 04:43 PM. The main content area is titled 'Security And Login' and has two tabs: 'Set Security Question' (active) and 'SMS and Missed Call Banking'. A message states 'User Security Questions have not been set up yet.' Below this message are three buttons: 'Set up now' (green), 'Cancel' (grey), and 'Back' (grey). To the right, a 'Note' box explains that security questions act as an added layer of security and lists requirements: 'Choose answers that are difficult for others to guess' and 'Choose questions which you have not answered on public or on social media sites'. The footer contains copyright information: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

To set up security questions:

Note: Since security questions have not been set-up by the user, message will be displayed "Security Questions are not set up yet".

1. Click **Set up now** to set-up security questions. The **Security Question Maintenance** screen appears.

Security Question Maintenance

The screenshot shows the 'Security Question Maintenance' interface. It features a list of five security questions, each with a dropdown menu for the question and a text input field for the answer. The questions and answers are: 1. 'what's your fav color?' with answer 'Grey'; 2. 'what's your mother birth place?' with answer 'Pune'; 3. 'what's your pet name?' with answer 'Tommy'; 4. 'what's your birth place?' with answer 'Mumbai'; 5. 'what's your fav place?' with answer 'Mumbai'. A 'Note' box on the right states: 'Security questions works as an added layer of security that helps in protecting your account against fraudulent activities. You must: • Choose answers that are difficult for others to guess • Choose questions which you have not answered on public or on social media sites'. At the bottom, there are three buttons: 'Save', 'Cancel', and 'Back'. The footer contains copyright information: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description

------------------------	---

iOS Devices	All the iOS wearable on which the user has installed the application.
--------------------	---

Feedback Preferences

Feedback Preferences	All the Android and iOS devices on which the user has enabled the feedback preferences.
-----------------------------	---

Live Help

Live Help	Select this option to enable/disable the live help after every transaction.
------------------	---

1. In the **Registered Phones/ Tablets** section, click the **Android Devices** toggle button to un-register.
User's alternate login gets disabled from all the android devices on which he has installed the application.
OR
Click the **iOS Devices** toggle button to un-register.
User's alternate login gets disabled from all the iOS devices on which he has installed the application.
2. In the **Push Notifications**, section, click the **Android Devices** toggle button to un-register.
User's notification alerts gets disabled from all the android devices on which he has installed the application.
OR
Click the **iOS Devices** toggle button to un-register.
User's notification alerts gets disabled from all the iOS devices on which he has installed the application.
3. In the **Registered Wearables**, click the **Android Devices** toggle button to un-register.
User's alternate login gets disabled from all the android wearable on which he has installed the application.
OR

Click the iOS Devices toggle button to un-register.

User's alternate login gets disabled from all the **iOS wearable** on which he has installed the application.

4. In the **Feedback Preferences** section, click the toggle button to un-register. The Feedback Preferences gets disabled and feedback pop up screen after every transactions will not appear in all the users android and ios devices.
5. In the **Live Help** section, click the **Live Help** toggle button to register/ deregister live help on your devices. You will no longer the option of Live Help on your devices on which you have installed the application.

FAQs

1. **If I have more than one iOS devices and I need to deregister one of my devices from the Zigbank application, can I do so using 'Registered Device' option?**

If you disable 'iOS Devices' in the 'Register Device' option, it will disable your alternate login from all the devices. You need to re-install the application if you want to use it again on that device.

2. **Why there is a need to unregister the devices?**

The unregistering of devices is done in case you have lost your device and you want to disable your alternate login from that device to prevent any misuse of your Bank account.

12. E-Receipts

E-receipts are electronic receipts that are generated for a transaction from the confirmation page. E-receipts are proof of payment, showing that a payment or a transaction has been done in the bank account. Alternately e-receipts can be generated from the transaction journey page, on the dashboard – for all completed transactions.

An e-receipt displays the transaction name, transaction details along with date and time stamp. It's a configurable feature; the user can view the E-receipt button on the transaction only if it is configured (this is done by the bank, when the user requests for the feature)

Pre-requisites

- User has a Current and/or Savings account with the bank with online banking enabled
- The E-receipts maintenance is configured, for the user by the admin.

Features Supported In Application

- Provide e-receipts for a transaction

13. FATCA & CRS Form

The Foreign Account Tax Compliance Act (FATCA) is a United States federal law that was introduced to enable the Internal Revenue Service (IRS) to obtain detailed account information of US tax payers that invest and earn income through non U.S. institutions.

The Common Reporting Standard (CRS), is a global reporting standard developed by the Organization for Economic Cooperation and Development (OECD). This information standard was brought into effect for the purpose of combatting tax evasion at a global level.

The goal of both FATCA and CRS is to enable tax authorities to obtain information pertaining to the financial assets held by their citizens in foreign or overseas financial institutions, thereby greatly strengthening global tax compliance.

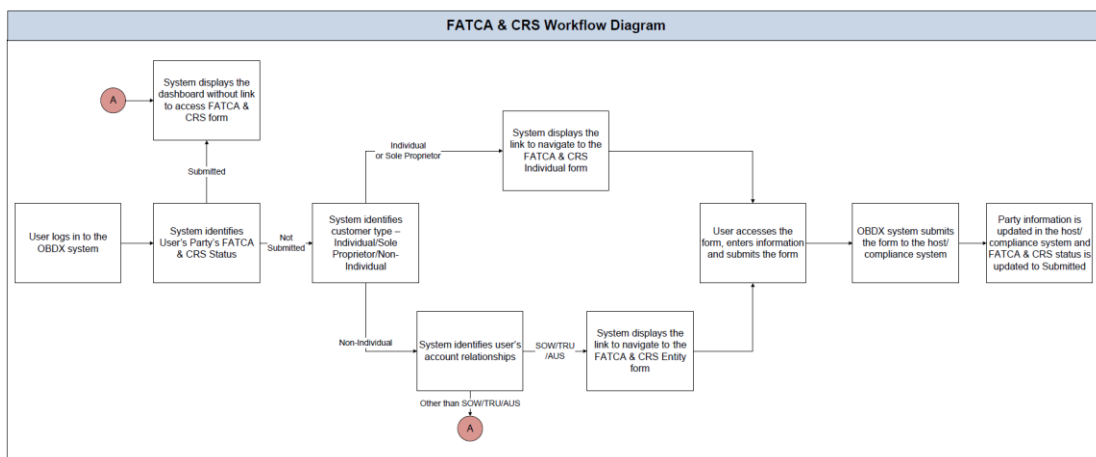

The FATCA and CRS Self – Certification Forms for Individuals and Entities has been created so as to capture required information for the purposes of complying with both FATCA and CRS.

A FATCA & CRS check is maintained under system configurations by the system administrator to identify if FATCA & CRS is to be enabled or not. If enabled, every time a business user logs into the banking application, the system will identify whether the user is required to fill out the form or not and further identify the type of form to be provided to the user based on the type of user. Individuals and sole proprietors will be displayed the FATCA & CRS Self – Certification form for Individuals and Corporates and other business entities will be displayed the FATCA & CRS Self – Certification form for Entities. Moreover, the FATCA & CRS Self – Certification form for Entities will be made available only to users that are accessing the online banking services of the entities in the capacity of trustees, sole owners or authorized signatories.

This section documents the information captured in the FATCA & CRS Self – Certification forms for both Individuals and Entities.

Workflow

The following workflow identifies the steps involved in the process of capturing customer information required from the view point of complying with FATCA & CRS, considering that the FATCA & CRS check in system configuration is set to Enabled.

How to reach here:

Corporate Dashboard > FATCA and CRS Self - Certification Form link > FATCA and CRS self - certification Form

13.1 FATCA and CRS Self - Certification Form for Entities

The FATCA & CRS Self – Certification form for Entities is made available to users that are accessing the online banking services of the entities or companies in the capacity of trustees, sole owners or authorized signatories.

The sections that consist of this form are documented as follows:

To fill the FATCA & CRS Self - Certification Form for Entities:

1. Select the FATCA & CRS link displayed as part of a message on the dashboard.
2. The FATCA & CRS Self - Certification Form for Entities appears.

13.1.1 Identification of the Entity

In this section, basic details of the entity are captured such as the name and address details of the entity.

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
- All the days you were present in the current year, and
- 1/3 of the days you were present in the first year before the current year, and
- 1/6 of the days you were present in the second year before the current year.

Name of the established securities market on which the stock of the related corporation is regularly traded
ABC Traders

Declaration

I acknowledge and agree that information contained in this form and information regarding income above may be reported to the tax authorities of the country in which such income arises and that those tax authorities may provide the information to the country or countries in which I am a resident for tax purposes.

Zigbank is not able to offer any tax advice on FATCA or CRS or its impact on me. I shall seek advice from a professional tax advisor for any tax related questions. I undertake to notify Zigbank of any change in circumstances that causes any information on this form to become incorrect and to provide Zigbank with updated information within 30 days of said change.

I authorize Zigbank to close or suspend my account(s) without any obligation of advising me of the same if any information provided by me in this form or hereafter is found to be false, untrue or misleading. I have understood the FATCA and CRS instructions and the requirement of information collected through this form and hereby confirm that the information provided by me in this form is true, correct and complete to the best of my knowledge.

Zig International Services declare acceptance of all statements above

1. Verify the details, and click **Confirm**.
OR
Click  against any section that you wish to edit, if required.
OR
Click **Cancel** to close the form.
OR
Click **Back** to navigate to the previous page.
2. The success appears along with the status of submission of the form.

13.1.6 Confirm

The confirmation page will be displayed once you have submitted the form. This page will display a message identifying whether the form was successfully submitted or not.

Confirm

1. Click **Go to Dashboard** to navigate to the dashboard.

FAQs

1. What is FATCA, why I have to fill the FATCA & CRS form?

FATCA stands for 'Foreign Account Tax Compliance Act' and is a legislation designed to prevent tax evasion. Introduced by the United States Department of Treasury and the US Internal Revenue Service (IRS), the purpose of FATCA is to encourage better tax compliance by preventing US Persons from using foreign banks and other financial organizations in order to avoid US taxation on their income and assets.

2. What is a tax identification number (TIN)?

This is your unique number issued in your jurisdiction to you as a tax payer. However we are aware that some jurisdictions do not issue a specific tax numbers. UK residents can use their National Insurance number.

[Home](#)

14. Mailbox

Mailbox is a two way communication channel between the Bank Administrator and the business user. Mailbox shows the list of messages to the user with date and time, message subject and content. Customers can send mail messages to the bank with specific pre-defined subjects for their queries / complaints / feedback, via the secured mailbox facility which will be delivered to either OBDX Bank administrator or to the UBS user (using UBS Interactions Module) depending upon the day 0 configuration.

In addition customers can view alerts generated and sent by the Bank on various events.

Prerequisites:

- User has a valid account or relationship with bank with online banking enabled

Features Supported In Application

The major components of mailbox are:

- [Compose](#) – This allows customer to select predefined subject and initiate a mail with queries/ complaint/ feedback.
- [Inbox Folder](#) - where customers can view messages replied by bank administrators. And also can reply and delete these mails.
- [Sent Mail Folder](#)- This allows user to view the mails sent by logged in user. Also an option is provided to delete the mails.
- [Deleted Mail Folder](#) - This allows the user to view mails deleted from user's inbox and sent folders. User can permanently delete the mails.
- [Alerts](#) – View alerts sent by the bank to the logged in user's mailbox. The user has an option to delete the alerts.
- [Notifications](#) - This section allows the user to view all the notifications sent by the bank.

How to reach here:

Dashboard > Toggle Menu > Mailbox > Mails

OR

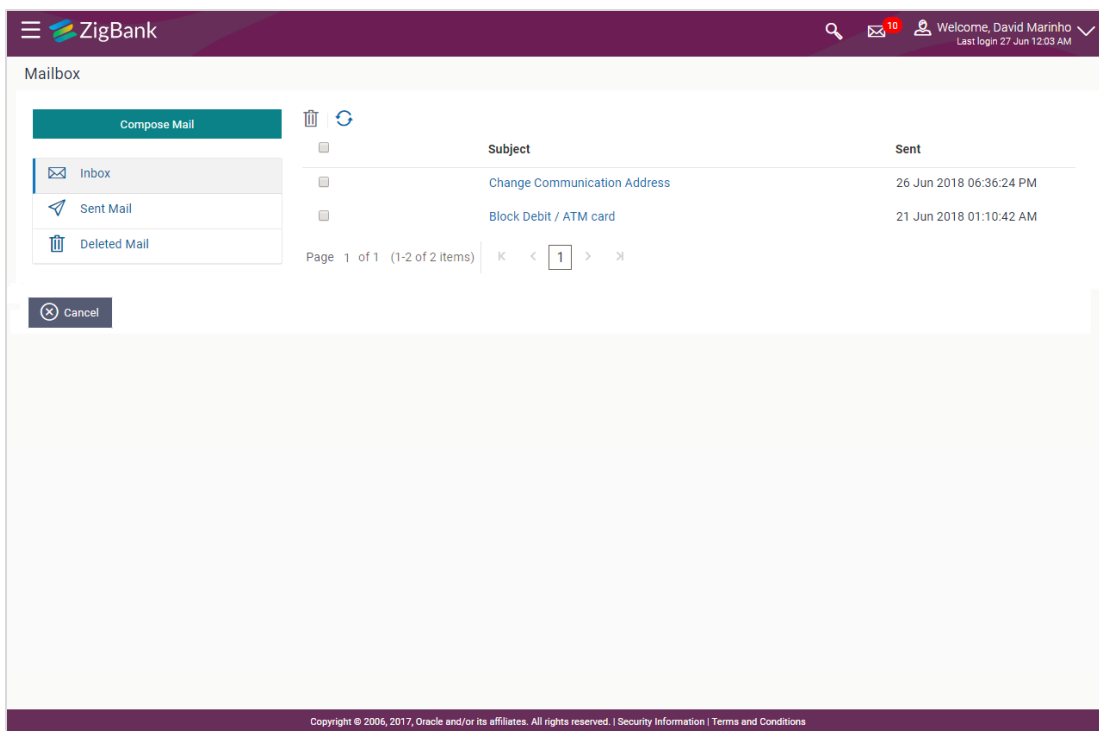

Dashboard > Click  >View All > Mails

14.1 Mails

The Mails functionality is subdivided into the following sub-sections:

- **Compose Mail:** initiate new mail about any issue, query or feedback
- **Inbox:** View messages received
- **Sent Mail:** View the messages that have been sent by the by logged in user
- **Deleted Mail:** View the messages deleted by logged in user from Inbox and Sent Mail folder

Mailbox - Mails

Field Description

Field Name	Description
------------	-------------

Compose Mail	An option to compose new mail.
Inbox	Lists the messages sent by Bank.
Sent Mail	Lists the messages sent by logged in user.
Deleted Mail	Lists the messages deleted by logged in user from Inbox and Sent Mail.
Subject	The descriptive synopsis of the message. Click the link on subject of the mail to access the message details
Received	Date and time when the message was exchanged.

OR

Click  to refresh the mailbox.

OR

To delete multiple messages, select the check box(s) and click .

OR

Click **Cancel** to cancel the transaction.

14.1.2 Compose Mail

The user can initiate a mail communication with the bank through this option. However there is no option to enter recipient's email id. For sending a mail to the bank, user needs to select the intended account and the subject for which the message has to be sent. Doing so, helps bank to direct the user's concern / query to the desired team for quicker and accurate resolution.

How to reach here:

Dashboard > Toggle Menu > Mailbox > Mails > Compose Mail

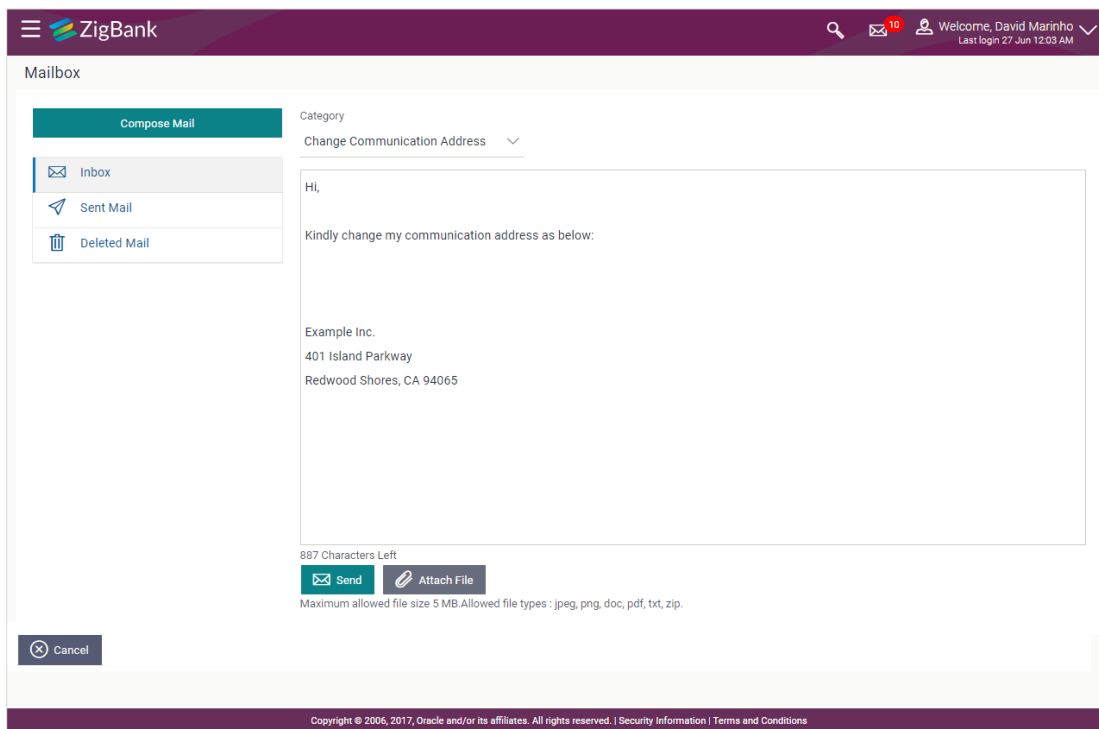

OR

Dashboard > Click  >View All > Mails > Compose Mail

To send a message:

1. Click **Compose Mail**. The **Mailbox** screen appears.

Click **Cancel** to cancel the transaction and to go back to the dashboard.

14.2 Alerts

Under this section, all the alerts which are auto generated and sent to the logged in user will be displayed. User is not allowed to reply to the alerts received in the mailbox. Number of unread alert count if any will also be shown in this section.

How to reach here:

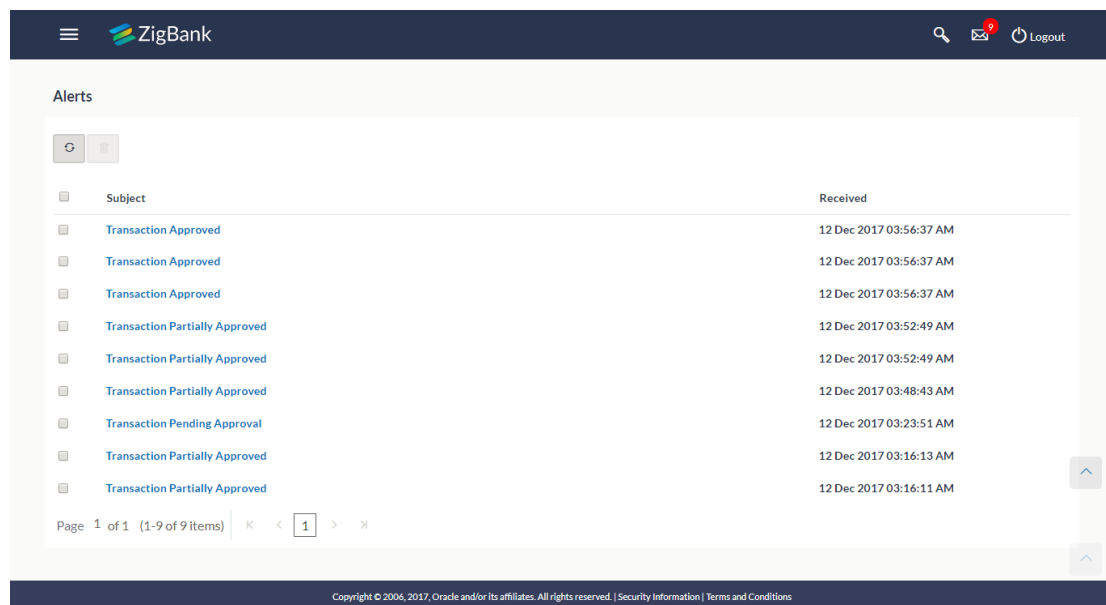

Dashboard > Toggle Menu > Mailbox > Alerts
OR

Dashboard > Click  >View All > Alerts

To view the alerts:

1. The alert section displays list of all the alerts received by the user.

Alerts

The screenshot displays the 'Alerts' section of the ZigBank interface. At the top, there is a navigation bar with the ZigBank logo, a search icon, a notification bell with a red '9', and a 'Logout' button. Below the navigation bar, the 'Alerts' section is titled and contains a list of alerts. Each alert row includes a checkbox, a subject line, and a 'Received' timestamp. The subjects are: 'Transaction Approved', 'Transaction Partially Approved', and 'Transaction Pending Approval'. The timestamps are all from December 12, 2017, ranging from 03:16:13 AM to 03:56:37 AM. At the bottom of the list, there is a pagination control showing 'Page 1 of 1 (1-9 of 9 items)' and navigation arrows. A footer at the very bottom of the page reads: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Subject	Subject of the alert.
Received	Date and time on which the alert was received.

2. Click individual alert to view the details.

OR

Click the  header to sort the records according to ascending or descending date.

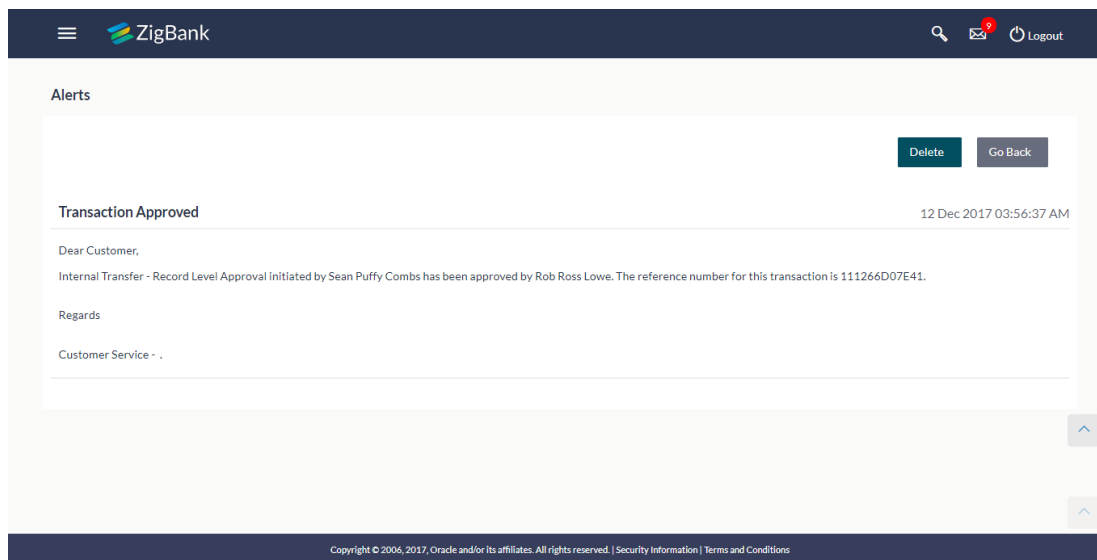

OR

Click  to refresh the mailbox.

OR

To delete multiple alerts, select the check box (s) against the alerts, and click  to delete the alert message.

Alerts Details

14.3 Notifications

This section lists all the notifications received by the logged in user. The user can view the detailed notifications but cannot reply to these notifications. Number of unread notification count if any will be shown in this section.

How to reach here:

Dashboard > Toggle Menu > Mailbox > Notifications
OR

Dashboard > Click  >View All > Notifications

To view the notifications:

1. Click the **Notifications** tab. The **Notification** section displays list all notifications.

FAQs

1. Can the user initiate a new mail?

Yes, users of the bank can initiate mails by accessing compose mail option through secured mailbox. All the mails are targeted to Bank Administrator only.

2. Can the user delete multiple mails?

Yes, the user can select multiple mails, by checking against the mails and then click on delete.

3. Can the users retrieve the deleted mails?

Deleted mails from inbox and sent mail folder will be stored in Deleted Mails folder. User can view the details of deleted mail. Mails will get permanently deleted from user's view if further deleted from 'Deleted Mail folder'.

4. Can the user send a reply to the alerts sent by the Bank?

No, users will not be able to reply to the alerts sent by the bank (these alerts are auto generated by system)

[Home](#)

15. Limits

Using this option, user (Maker or Approver) can view the daily limits utilized or available for use. The Maker can view his transaction initiation monthly and daily limits, while the approver can view the approval limits allocated to him / her at user level and party level.

The limit has two tabs:

- My Limits
- Corporate Limits

Pre-requisites

Valid limits set up for various transactions.

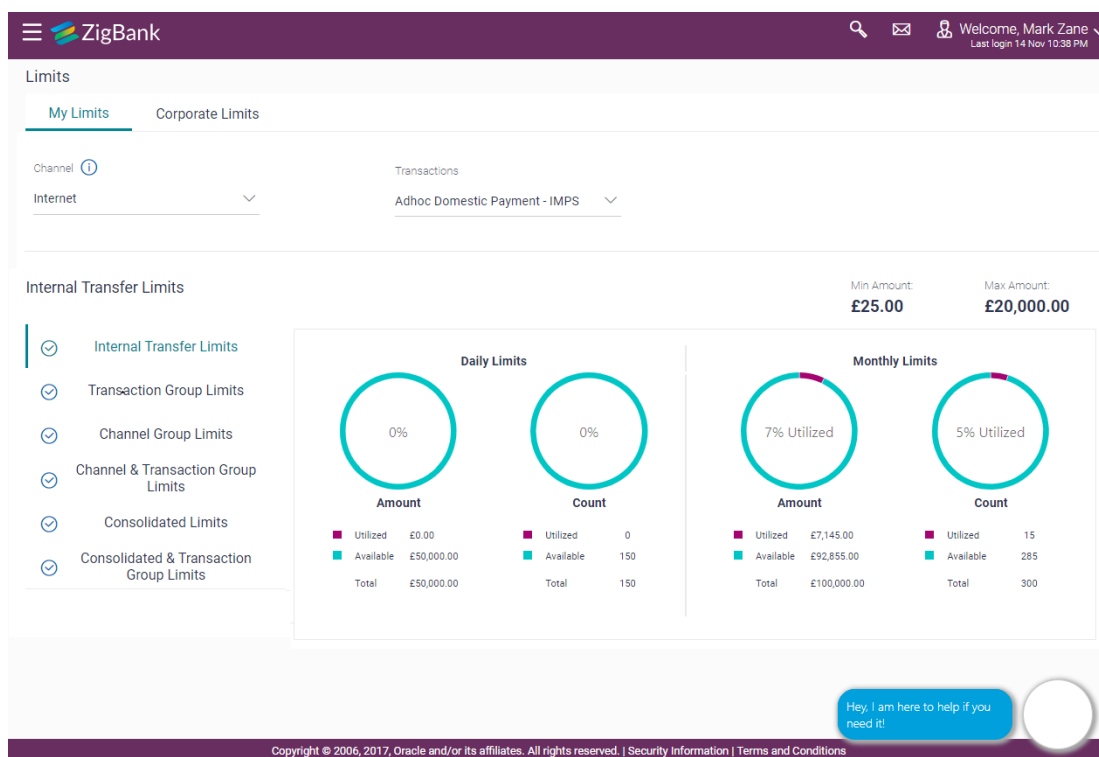

Features Supported In Application

- View user transaction limits (Daily/Monthly)
- View corporate transaction limits (Daily/Monthly)

How to reach here:

Dashboard > Toggle Menu > Account Settings > Limits

16. Calculators

Calculators are the tools used by the users to arrive at a certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle banking digital experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

Features Supported In Application

The different calculators are:

- Eligibility Calculator
- Loan Calculator
- Term Deposits Calculator
- Foreign Exchange Calculator

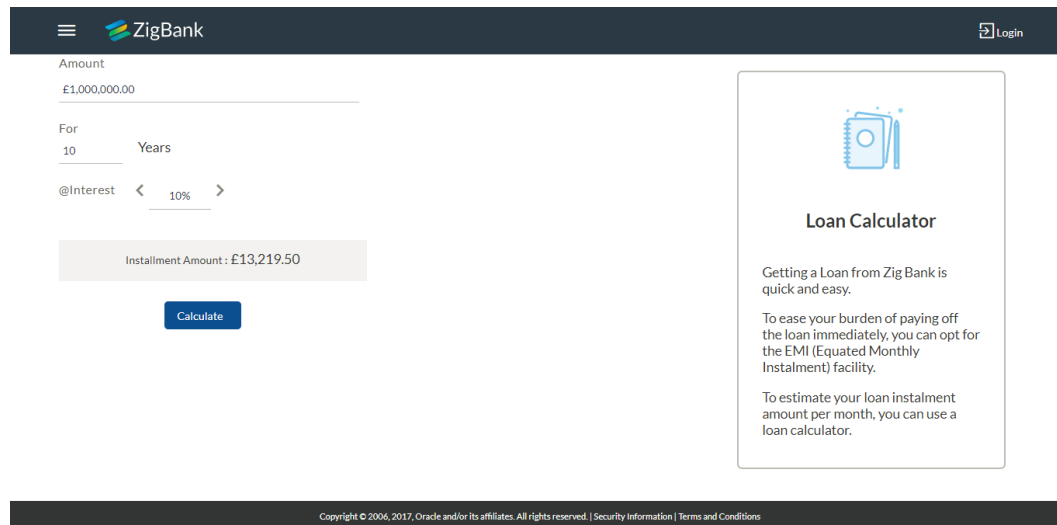

16.1 Loans Calculator

The loans calculator is a simple installment calculator which identifies the monthly installment amount payable on a loan based on the loan amount, tenure in years and interest percentage.

How to reach here:

Portal Page > Tools & Calculator > Loans

Loan Calculator

The screenshot displays the ZigBank Loan Calculator interface. At the top, there is a navigation bar with the ZigBank logo and a 'Login' button. The main content area is divided into two sections. On the left, there are input fields for 'Amount' (set to £1,000,000.00), 'For' (set to 10 Years), and '@Interest' (set to 10%). Below these fields, a grey box displays the calculated 'Installment Amount : £13,219.50'. A blue 'Calculate' button is positioned below the installment amount. On the right, there is a sidebar with a blue icon of a calculator and the title 'Loan Calculator'. The sidebar text reads: 'Getting a Loan from Zig Bank is quick and easy. To ease your burden of paying off the loan immediately, you can opt for the EMI (Equated Monthly Instalment) facility. To estimate your loan instalment amount per month, you can use a loan calculator.' At the bottom of the page, there is a dark footer bar with the text: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Amount	The amount that the customer wants to borrow from the bank.
For (Period) Years	Desired tenure of the loan in terms of years.
@ Interest	Interest rate that bank will charge on the applied loan.
Installment Amount	The monthly installment payable on the loan calculated on the basis of the loan amount, tenure and interest rate specified by the user.

1. In the **Amount** field, enter the loan amount.
2. In the **For Years** field, enter the loan tenure in years.
3. In the **@Interest** field, enter the interest rate.

Click **Calculate**.

The application calculates and displays the monthly installment of the loan.

16.2 Eligibility Calculator

Loan eligibility calculator plays an important role in helping a customer understand their current position with respect to their borrowing capacity. The calculator enables customers to gain an understanding of their loan eligibility, considering their average monthly income and expenditure. It computes the loan amount and repayment amount based on income, expense, interest rate and tenure of the loan. Loan eligibility is calculated by the application and is displayed to the customer.

The eligibility is calculated on the basis of:

- The customer's average monthly income
- The customer's average Monthly Expenditures
- Tenure of the loan being inquired applied
- Estimated rate of interest

How to reach here:

Portal Page > Tools & Calculator > Eligibility

Loan Eligibility

The screenshot shows the ZigBank Loan Eligibility Calculator interface. At the top, there is a navigation bar with the ZigBank logo and a 'Login' button. The main content area is titled 'How Much Loan Can You Get?'. It contains several input fields: 'Your Average Monthly Income' with a value of £50,000.00, 'Your Average Monthly Expenses' with a value of £30,000.00, 'For How Many Years' with a value of 5, and '@Interest' with a value of 10%. Below these fields is a 'Calculate' button. A result box displays 'You can get a loan of: £941,146.00' and 'Average Installment: £20,000.02/month'. On the right side, there is a sidebar with a 'Loan Eligibility Calculator' icon and text: 'Zig Bank calculator provides quick results regarding your eligibility for the loan considering factors like your monthly income and expenses.' At the bottom, there is a footer with copyright information: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
How Much Loan Can You Get?	
Your Average Monthly Income	Monthly income of the user.
Your Average Monthly Expenses	Monthly expenditure of the user.
For How Many Years	Tenure of loan in terms of years.
@ Interest	Interest rate of the loan.

Field Name	Description
You can get a loan of	The amount of loan that the customer is eligible to borrow.
Average Installment	Display the estimated monthly installment amount.

1. In the **Your Average Monthly Income** field, enter your monthly income.
2. In the **Your Average Monthly Expenses** field, enter your monthly expenses.
3. In the **For How Many Years** field, enter the tenure of loan.
4. In the **Interest** field, enter the rate of interest.
5. Click **Calculate**.
The application calculates and displays the eligible loan amount and the average installment amount.

16.3 Term Deposits Calculator

The Term Deposit calculator gives an indication to the user about the maturity amount which will be available, if a particular amount is invested at the bank and left for a fixed period of time. It calculates the total amount of the term deposit at the end of maturity period. The User can choose amongst different products that which suits his requirements the best.

How to reach here:

Portal Page > Tools & Calculator > Term Deposits

Deposit Calculator

The screenshot displays the ZigBank Term Deposit Calculator. The main form includes the following fields and values:

- Amount:** £200,000.00
- Frequency:** 3 Years, 6 Months, 0 Days
- @Interest:** 10%
- Result:** You get back: £284,190.23
- Calculate Button:** A blue button labeled 'Calculate'.

On the right side, there is a box titled 'Deposit Calculator' with the following text:

Deposit calculator helps you find out the maturity amount and the interest you will earn on it after a particular time period.

Term Deposits are considered to be safe investments.

At the bottom of the interface, there is a 'Back To Dashboard' link and a copyright notice: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
How Much would you like to Deposit	
Amount	Total deposit of principal amount for deposit with default currency.
Frequency - Years/ Months / Days	Option to specify tenure in terms of Years / Months / Days.
@Interest	Interest rate for which the total amount is to be calculated.
You get back	The value of your deposit at maturity.

To calculate deposit value at maturity:

1. In the **Amount** field, enter the deposit amount.
2. In the **Frequency - Years/ Months / Days** fields, enter the relevant information.
3. In the **Interest** field, enter the rate of interest.
4. Click **Calculate**. The Deposit Value at maturity appears.

16.4 Foreign Exchange Calculator

The foreign exchange calculator provides the value of one currency with respect to another currency. The Calculator displays the converted amount and the currency exchange rate applied. Exchange rates of only predefined currencies can be viewed by the customer.

Exchange rates for the currency will be fetched online from the host system and calculations will be done based on the exchange rate retrieved.

Features Supported In Application:

This section allows user to see the value expected for a conversion of currency into other.

- Exchange rate of currencies
- Calculation of amount of currency converted to the other

Pre-Requisites

- Support for the currencies provided by host

How to reach here:

Portal Page > Tools & Calculator > Foreign Exchange > Forex Calculator

Forex Calculator

The screenshot displays the ZigBank Forex Calculator interface. At the top, there is a navigation bar with the ZigBank logo and a 'Login' button. The main content area is titled 'Forex Calculator' and contains the following fields:

- From:** Currency dropdown set to EUR.
- Amount:** Input field containing €1.00.
- To:** Currency dropdown set to INR, with a note below it: @ 1 EUR = 70 INR.
- Result:** A grey box displaying 'Amount: ₹70.00'.
- Action:** A blue 'Convert' button.

On the right side, there is a sidebar with a calculator icon and the text: 'Forex Calculator. Calculate currency and foreign exchange rates with Zig Bank's currency converter and get up to date exchange rates.' At the bottom left, there is a 'Back To Dashboard' link, and at the bottom center, there is a small copyright notice: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description**Field Name Description**

From**Currency** Currency to be sold for which the exchange rate is to be inquired.**Amount** Amount for which conversion is required.**To****Currency** Buy currency**Amount** Amount (in the To Currency) which you will get post conversion.

To calculate currency exchange rate:

1. From the **From – Currency** list, select the appropriate currency.
2. In the **Amount** field, enter the amount to be converted.
3. From the **To - Currency** list, select the currency
4. To calculate the currency exchange rate, click **Convert**.
The exchange rate for the currency pair appears.

18. Feedback Capture

Feedback option enables you to provide feedback on various aspects of the application as well as specific to transactions. You will be asked a feedback question on which you need to rate on a rating scale and answer subsequent questions if defined for a scale weight that you rate. The feedback captured is analyzed by the bank administrator to decide on the course corrections in case of issues.

Feedback can be provided by the user through the following options in the system:

- [General Feedback](#)
- [Transaction Specific Feedback](#)

General Feedback

General feedback is available as an option to provide feedback on generic aspects about the application.

How to reach here

Toggle Menu > Leave Feedback

To provide general feedback:

1. Click **Leave Feedback**. The **Feedback** pop-up screen appears.
2. A feedback question appears along with a rating scale.
3. Select an appropriate rating on the scale.
4. Depending on the rating, the system will provide you with a question along with a set of options.
5. Select an appropriate option corresponding to the question.
6. You can also add comments, if required.

General Feedback

The screenshot shows the ZigBank feedback interface. At the top left is the ZigBank logo. On the right, there are icons for search, mail, and user profile, along with the text 'Welcome, OFFSET CASA' and 'Last login 25 Jun 05:40 PM'. The main content area has a purple header with a 5-star rating scale (3 stars are filled). Below the scale is the question 'Tell us, what areas can be improved?'. There are two checkboxes: 'Navigation and User Experience' (unchecked) and 'Transaction can be made available on alternate channel' (checked). Below the checkboxes is a text input field labeled 'Your comments (Optional)'. At the bottom of the form is a green 'Submit' button. The background of the form features an illustration of a person standing next to a large smartphone displaying a transaction screen.

7. Click **Submit**. A message confirming successful submission of feedback appears.

Transaction Specific Feedback

You can capture feedback specific to a transaction provided the transaction has been enabled for feedback capture by the bank. Feedback will be available as an option post transaction confirmation. Transaction specific feedback is recorded and stored for further analysis.

To provide transaction specific feedback:

1. Once the transaction is successfully submitted, feedback as an option is displayed on confirmation page.
2. Click **Feedback**. The **Feedback** pop-up screen appears.
OR
Click **Go to Dashboard** link to navigate to the Dashboard.
3. A feedback question appears along with a rating scale.
4. Select an appropriate rating on the scale.
5. Depending on the rating, the system will provide you with a question along with a set of options.
6. Select an appropriate option corresponding to the question.
7. You can also add comments, if required.

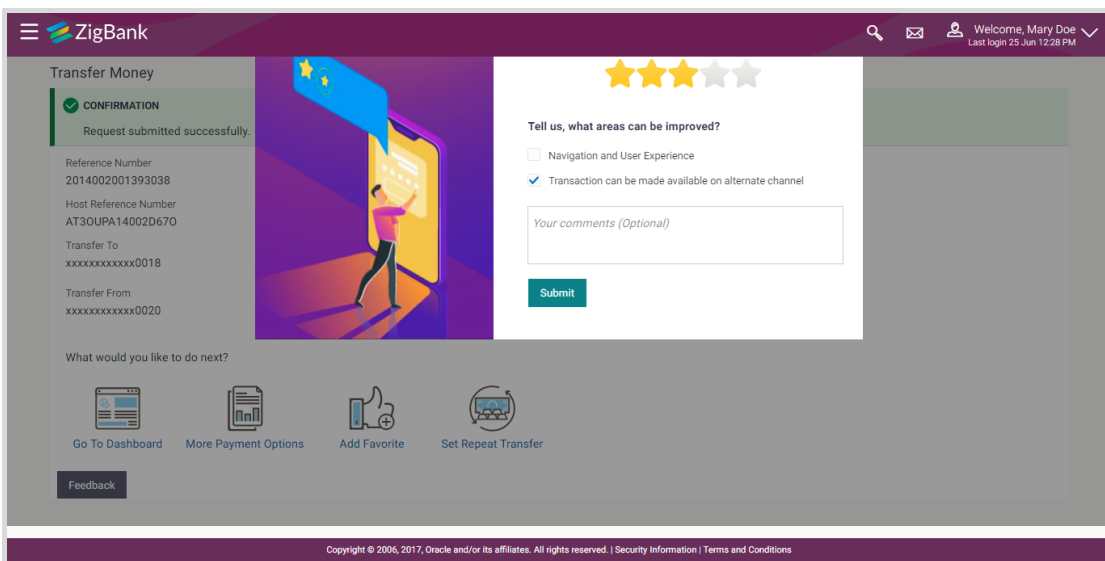

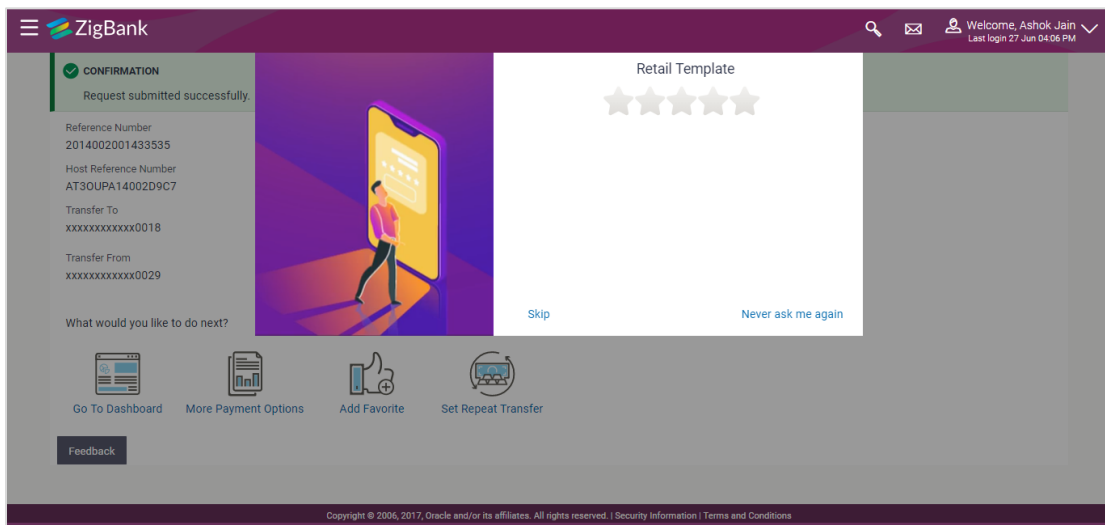

OR

Click **Skip** to skip the feedback process. The **Dashboard** screen is displayed.

OR

Click **Never ask me again** if you do not wish to be asked to provide for any transaction. The system will suspend the feedback process for all transactions and you can enable the same again (if required) through 'My Preferences' from the toggle menu.

Transaction Feedback

8. Click **Submit**. A message confirming successful submission of feedback appears.

19. My Reports

Corporate User logs into the system and navigates to My Reports screen. On accessing 'My Reports' menu, last 10 reports which generated by the user or by other users of a party are listed with the respective report status. User can choose to search the specific report using the search criteria or can opt to view/ download detailed report.

Reports are categorized as:

- Adhoc Reports
- Scheduled Reports

How to reach here:

Corporate Dashboard > Toggle menu > Reports > My Reports

19.1 My Reports - Adhoc

Adhoc reports are generated on demand or on request. Reports can be requested from the 'Reports' screen. Adhoc reports can be viewed using 'My Reports' screen.

To view and download the generated adhoc reports:

My Reports - Adhoc

The screenshot shows the ZigBank 'My Reports' page. At the top, there is a navigation bar with the ZigBank logo, a search icon, an envelope icon, and a user profile for 'Carrol Ankiston' with the last login time '08 Jun 10:24 PM'. Below the navigation bar, the page title is 'My Reports'. There are two tabs: 'Adhoc' (selected) and 'Scheduled'. A search filter is visible with fields for 'Report Id', 'Report Name' (with a dropdown menu), and 'Generation Date' (with 'From Date' and 'To Date' sub-fields). A 'Search' button is located below the filter. The main content area displays a table with the following data:

Report Name	Report Sub Id	Generation Date and Time	Status
Daily Balance Position Report	080619769439001	08 Jun 2018 11:41:38 AM	PROCESSED
Party wise pending Approvals list Report	080622031109001	08 Jun 2018 10:43:05 AM	PROCESSED
Party wise pending Approvals list Report	080619297480001	08 Jun 2018 10:10:56 AM	PROCESSED

Below the table, there is a pagination control showing 'Page 1 of 1 (1-3 of 3 items)' and a 'Cancel' button. On the right side of the page, there is a 'Note' section with a calendar icon and the text: 'You can view the list of all adhoc and scheduled reports from here which are already generated, failed or still under processing.'

Field Description

Field Name	Description
Report Name	Name of the scheduled reports.
Report Id	Ids of the reports that are scheduled.
Schedule Frequency	The frequency that has been scheduled to generate the report.
Start Date	Start date of the date range for the scheduled report.
End Date	End date of the date range for the schedule report.

- Click on desired **Report ID** to view the details of the scheduled report. The **View Scheduled Reports** screen appears.

View Scheduled Reports

The screenshot displays the 'View Scheduled Reports' page in the ZigBank system. The report details are as follows:

Field	Value
Report Name	Party wise pending Approvals list Report
Report Id	080636116047
Report Format	PDF
Report Frequency	MONTHLY
Start Date	09 Jun 2018 12:00:00 AM
Stop Date	09 Jun 2019 12:00:00 AM
Scheduled By	carrol

Below the details, there are four buttons: **Edit**, **Delete**, **Cancel**, and **Back**.

Field Description

Field Name	Description
Report Name	Name of the scheduled report.
Report Id	Id of the scheduled report.
Report Format	The report format of the scheduled report.
Report Frequency	The frequency at which the reports are scheduled to run.
Start Date	Start date of the date range for the scheduled report.
Stop Date	End date of the date range for the schedule report.
Scheduled By	The id of the user who scheduled the report generation.

20.2.2 Edit Scheduled Reports

Using this option, corporate user can edit the parameters defined for scheduled reports. These changes are implemented to generate the reports of next scheduled cycle.

To edit the scheduled reports:

1. Click the **Scheduled** tab. The scheduled report generation screen appears.
2. Click the **View Scheduled** Reports link.
The **Scheduled Reports** screen appears.
3. Click on desired **Report ID** to edit the details of the scheduled report. The **View Report Schedule** screen appears.
4. Click **Edit** to modify the report schedule. The **Edit Report Schedule** screen appears.
OR
Click **Delete** to delete the report schedule.
OR
Click **Back** to navigate to the previous screen.
OR
Click **Cancel** to cancel the transaction.

Edit Scheduled Reports

The screenshot displays the 'Edit Scheduled Reports' interface. At the top, the ZigBank logo and user information 'Welcome, Anderson wood' are visible. The main content area is titled 'Scheduled Reports' and contains a form with the following fields:

- Report Name: Party wise pending Approvals list Report
- Report Id: 080636116047
- Report Format: PDF (dropdown menu)
- Report Frequency: MONTHLY (dropdown menu)
- Start Generating: 09 Jun 2018 12:00:00 AM
- Stop Generating: 06/09/19 (calendar icon)
- Scheduled By: carrol

At the bottom of the form, there are three buttons: 'Save' (green), 'Back' (grey), and 'Cancel' (grey). A footer at the bottom of the screen contains the text: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Report Name	Name of the scheduled reports.
Report Id	Ids of the reports that are scheduled.

Field Name	Description

Field Description

Field Name	Description
-------------------	--------------------

Report Parameters

Party ID	The Id of party for whom the report is to be generated.
Party Name	The name of the party for whom the report is to be generated.
Graph	The graph represents the type of transactions performed that is Financial, Accounts Non Financial, Payments, Bulk File, Bulk Record and Payee and Biller.

Report Parameters- Account Financial

Date	Date of the transaction initiation.
Name	Name of the user.
Account ID	Account ID of the transaction.
Amount	Amount for transactions allowed for the user.
Initiated By	Initiator type who initiates the transaction.
Reference Number	Reference number of transaction.

Report Parameters- Accounts Non Financial

Date	Date of transaction initiation.
Name	Name of the user.
Account Details	Accounts details of the transaction.
Initiated By	Initiator type who initiates the transaction.
Reference Number	Reference number of transaction.

Report Parameters - Payments

Date	Date of the transaction initiation.
Name	Name of the user.
Account Details	Accounts details of the transaction.
Amount	Transactions allowed for the user.

Field Name	Description
Payee Account Details	The payee account details.
Initiated By	Initiator type who initiates the transaction.
Reference Number	Reference number of transaction.
Status	Status of the transaction.
Report Parameters- Bulk File	
Date	Date of the transaction initiation.
Name	Name of the user.
Transaction Type	Transaction Type.
File Name	File name of the bulk file.
File Amount	File amount.
Initiated By	Initiator type who initiates the transaction.
Reference Number	Reference number of transaction.
Report Parameters- Bulk Record	
Date	Date of the transaction initiation.
Name	Name of the user.
Account Details	Accounts details of the transaction.
Amount	Transactions allowed for the user.
Payee Account Details	Payee account details.
Initiated By	Initiator type who initiates the transaction.
Reference Number	Reference number of transaction.
Report Parameters- Payee and Biller	
Date	Date of the transaction initiation.

Field Name	Description
Initiated By	Initiator type who initiates the transaction.
Reference Number	Reference number of transaction.
Transaction Type	Type of transaction.
Description	Description about the transaction.

20.5.2 Party wise Pending Approvals List - Schedule Reports

The reports that are generated in specific time frame such as daily, weekly, monthly, quarterly, and annually are categorized under scheduled reports.

To generate the Party wise Pending Approvals List schedule report:

1. Click the **Schedule** tab.
2. From the **Report Name** list, select the appropriate report to be generated. The receptive report generation screen appears.

Party wise Pending Approvals List - Scheduled Report

The screenshot displays the 'Reports' section of the ZigBank application, specifically the 'Schedule' tab. The form includes the following fields and values:

- Report Name:** Party wise pending Approvals list..
- Report Format:** PDF
- Select Frequency:** WEEKLY
- Start Generating:** 06/26/18 00:00
- Stop Generating:** 09/30/18 00:00
- Party ID:** ***930
- Party Name:** Berkshire Hathaway

At the bottom of the form, there are three buttons: 'Schedule Report' (highlighted in green), 'Cancel', and 'Clear'. Below the form is a link labeled 'View Scheduled Reports'.

On the right side of the interface, there is a 'Tips' section with a lightbulb icon. The text reads: 'With this option, you can schedule reports which are internal or related to customers. You need to select the Report Name, Frequency and Duration for which you want to generate it. Once submitted you can either go to My Reports option and can view or download reports from there or can simply click on View Scheduled Reports link provided on the same page.'

The footer of the page contains the text: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

20.6 Transaction Summary Report

Transaction summary report provides a list of opening balance, credit details, opening balance and closing balance. A user can request to generate an adhoc and scheduled report with following additional parameters:

- Account Number
- Frequency
- Date Range

Further, user has to select a format in which the report needs to be generated.

Reports are categorized under:

- Adhoc Report
- Scheduled Report

How to reach here:

Corporate Dashboard > Toggle menu > Report > Report Generation

20.6.1 Transaction Summary - Adhoc Report

Transaction summary adhoc reports are generated on demand or on request. Reports can be requested from the 'Reports' screen. Adhoc reports can be viewed using 'My Reports' screen.

To generate the transaction summary adhoc report:

1. Click the **Adhoc** tab.
2. From the **Report Name** list, select the appropriate report to be generated. The receptive report generation screen appears.

Transaction Summary - Adhoc Reports

The screenshot shows the 'Reports' section of the ZigBank interface. It has two tabs: 'Adhoc' (selected) and 'Schedule'. Under the 'Adhoc' tab, there are four input fields: 'Report Name' (Transaction Summary Report), 'Report Format' (PDF), 'Account Number' (xxxxxxxxxxxx0012), and 'Duration' (09 Jun 2018 to 30 Jun 2018). Below these fields are three buttons: 'Generate Report' (green), 'Cancel' (grey), and 'Clear' (grey). To the right of the form is a 'Tips' section with a calendar icon and text explaining that adhoc reports can be generated for internal or customer use, and that users can view and download reports from the 'My Reports' option. The top of the page shows the ZigBank logo, search, mail, and user profile icons, with the user name 'Welcome, Carol Ankiston' and 'Last login 08 Jun 10:24 PM'. The footer contains copyright information: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.
