1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.

If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Introduction

Islamic Banking is a Banking system that is based on the principles of sharia (Islamic law) and guided by the Islamic economics. The Shariah Laws provide guidance on each and every aspect of human life, and the laws which govern and guide financial and commercial transactions define Islamic Banking activities.

Although Islamic banking may seem similar to conventional banking, the two differ conceptually. One key difference is that in conventional banking, banks earn their money by charging interest and fees for services, whereas in Islamic banking, banks earn their money by profit and loss sharing, leasing, charging fees for services rendered, etc.

The OBDX corporate banking modules cater to Islamic accounts as well. Users of an Islamic bank, can view the account details, transfer money, make payments, request for cheque books, etc. using the portal.

The labels on the different pages / screens, for Islamic accounts, reflect the nomenclature as per and in accordance with the Islamic Banking requirements.

[Home](#)

4. Term Deposit

As the name suggests, a Term Deposit is a deposit held at a bank for a fixed term, generally ranging from a few days to a few years. Islamic Term deposit account offers a competitive return that varies according to the investment period that customer selects. Islamic Term deposits solutions offers the customers their returns based on the principle of profit-sharing.

Customers opt to invest in term deposits as they are a safe and secure mode of investment and yield higher returns than regular checking or savings accounts.

Pre-requisites

- Transaction access is provided to corporate customers
- Islamic Term Deposit accounts are maintained in the core banking system under a party ID mapped to the customer

Features Supported In the Application

The Corporate Islamic Term Deposit module of the application supports the following features:

- View Term Deposit Details
- Edit Maturity Instructions
- Redemption
- Request Statement
- New Term Deposit
- View Closed Deposits

[Home](#)

5. Term Deposit Widget - Overview

The corporate overview/dashboard page displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. 'My Accounts' widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans and finances and Credit Cards. On clicking on any account type record, the widget displaying details specific to that account type is displayed. One such widget is the Term Deposits widget, which is displayed on selection of account type, 'Term Deposits' under the My Accounts widget.

The term deposits widget displays basic details of each deposit such as the deposit account number and name of the primary account holder, amount of deposit, profit rate applicable as well as maturity date of each deposit. Additionally, if the customer holds both Islamic and Conventional term deposits, the deposit type (Islamic or Conventional) is defined against each deposit. On selecting any term deposit from this widget, the customer is provided with the options to view further details, view statement, or redeem the deposit. By default, this widget displays the customer's active term deposits. Whereas a customer can opt to view the closed deposits on this widget by selecting the provided option. The total number of active or closed term deposit accounts (depending on which are being viewed) is also displayed on the widget.

In addition to displaying records of the customer's deposits, this widget also displays options by which the customer can open a new deposit or view the deposit calculator.

Dashboard Overview

Term Deposits Widget Overview

The term deposits widget features the following with the total number of accounts and net balance:

TD Accounts Summary

This section on the term deposit overview screen displays the summary of the accounts, which consists of party name, deposit number, profit rate, maturity date, and principal balance available in each of the account. The user can download this information, for future reference.

Quick Links

It provides the facility for users to access all the important features like:

- New Deposit
- Redemption
- Edit Maturity Instructions
- Request Statement

Deposit Calculator

By clicking on this option, the customer is able to navigate to the term deposit calculator page.

[Home](#)

6. New Deposit

New Deposit page enables the customer to apply for a new term deposit. All the term deposit offerings of the bank are available for selection on this page. The customer can select any product offer in order to apply for a term deposit of choice. While applying for a term deposit, the customer is required to identify the amount for which the deposit is to be opened, the tenure i.e. the term of the deposit and the holding pattern i.e. single. Additionally, the customer is also required to define maturity instructions and also to select the current or savings account from which funds are to be debited in order to fund the deposit.

9. Redemption

In times of financial emergencies, the primary source of funds for most people is their savings and investments. The facility to liquidate funds becomes imperative in such cases. The redeem term deposit feature enables customers to quickly liquidate their term deposits in any such situations.

Using this option, the customer can redeem either the entire amount or a partial amount of a term deposit.

Customers can choose to payout the funds from a deposit through any of the following methods:

- Own Account
- Internal Account
- Domestic Bank Account
- International Bank Account

How to reach here:

Dashboard > My Accounts > Term Deposits > Redemption

OR

Toggle Menu > Accounts > Term Deposits > Redemption

Redemption

The screenshot displays the ZigBank Redemption interface. At the top, the ZigBank logo and user information (Welcome, Leo Checker) are visible. The main content area is titled 'Redemption' and is divided into two sections: 'Redemption Details' and 'Payout Details'.
Redemption Details:
 - Select Account: xxxxxxxxxxxx0209
 - Balance: \$6,000.00
 - Redeemable Amount: \$6,000.00
 - Redemption Type: Partial Full
 - Charges/Penalty: \$0.00
 - Final Redemption Amount: \$6,000.00
Payout Details:
 - Pay To: Own Account
 - Transfer Account: xxxxxxxxxxxx0151 - Johnny
 - LEO Corp
 - Bank Futura - AT3 Branch
 - Needal Street
 - London
 - GREAT BRITAIN
 At the bottom of the form, there are two buttons: 'Redeem' and 'Back'. A 'Tips' box on the right side contains a lightbulb icon and text: 'You can apply to withdraw the funds partially or redeem your deposit fully before the actual term is up. There may be some penalty charges for premature withdrawal, which depends on the deposit type. The penal provisions for premature closure on term deposits are subject to change from time to time and may also vary with deposit schemes.' A chatbot bubble on the right says 'Hey, I am here to help if you need it!'.

10. View Statement

Customers should be able to keep track of the transactions being performed on their accounts. The View Statement feature enables customers to view the details of all transactions performed in their deposit accounts. All the debit and credit entries along with each transaction amount and reference details are displayed.

Filters are provided for the customer to view transactions performed on the account within a certain period and also based on type of transaction i.e. whether the transaction was a debit, credit or both.

Additionally, customers can also download the account statement, and request for adhoc statements from this page.

How to reach here:

Dashboard > My Accounts > Term Deposits > View Statement

OR

Toggle Menu > Accounts > Term Deposits > View Statement

View Statement

The screenshot displays the 'View Statement' page for a ZigBank account. The page header includes the ZigBank logo and user information: 'Welcome, James Smith' and 'Last login 11 Jun 05:12 PM'. The main content area is titled 'View Statement' and features several tabs: 'Deposit Details', 'View Statement' (selected), 'Top Up', 'Redemption', 'Request Statement', and 'Edit Maturity Instruction'. On the left, there are filter options for 'Account Number' (displaying 'xxxxxxxxxxxx0124 - ADSav'), 'View Options', 'Current Period' (set to 'All'), and 'All'. There are 'Apply Filter' and 'Reset' buttons. Below the filters are links for 'E-Statement', 'Request Statement', and 'Pre-Generated Statement', along with a 'Back to Dashboard' link. The main table displays transaction details with columns: 'Date', 'Description', 'Reference No', and 'Amount'. A single transaction is shown: '02 Jan 2014', 'NEW DEPOSIT', 'AT3DEBK140021RA8', and '£7,000.00 Cr'. A 'Download' button is located at the top right of the table. The footer contains the text: 'Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name

Description

Account Number

The customer can select the deposit account number for which to view the account statement.

If this screen is navigated to from the Term Deposits widget after having selected the View Statement option against a specific deposit account, that deposit account number is defaulted in this field.

Filter section

Field Name	Description
Transaction Period	Filter to view the transactions of a specific period. The options are: <ul style="list-style-type: none"> • Current Period • Previous Month • Previous Quarter • Select Date Range

FAQ

What is advantage of assigning a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it when viewing account summary.

Can I modify the term deposit details?

Yes, you can modify the maturity instructions defined for your term deposit as well as top up the deposit amount. Both these options are provided on the Term Deposit Details screen.

What happens to my term deposit at maturity?

This will depend on the maturity instructions defined by you at the time the deposit was opened. Based on your selection at that point, at the time of maturity, the deposit would either be renewed or the amount will get credited to a specified account. If the funds are to be withdrawn at maturity, you can provide the details of the account to which the maturity proceeds are to be credited.

Can I add funds to my term deposit?

If the term deposit product has a facility for top up, then an option will be provided to add funds into the term deposit. The maximum amount with which you can top up the deposit will be defined by the bank and displayed on the top up page.

Can I redeem the term deposit before the maturity date?

Yes, depending on the bank's offerings, it is possible to redeem the term deposit amount either partially or fully before the maturity date.

Can the maturity amount be credited into my account held with another bank?

Yes, it is possible to setup instructions to credit the maturity amount into another bank account.
