3. Personal Finance Management

Personal finance refers to how the customer manages their money, including their income, expenses and savings. This module enables customers to take control of their money by providing them with a financial overview of their holdings with the bank. With the help of the personal finance management tools, the customer can plan their finances and track their expenditure, set up goals and budgets.

This module comprises of multiple tools, such as.

- **Spend Analysis**

This tool provides an insight on the pattern or areas of expenditures. Customers can make smarter financial decisions by tracking their expenses over time

- **Goals**

Enables users to visualize and reach their life goals more easily.

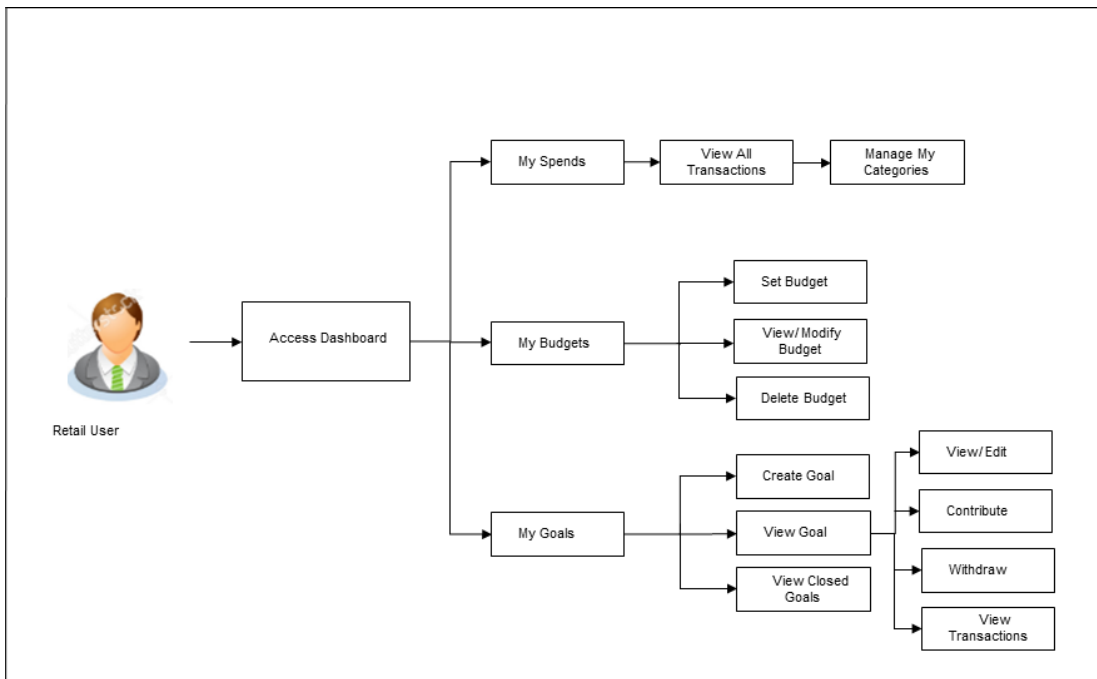

- **Budgeting**

Users can create custom thresholds, and can track their financial goals and relative performance.

Pre-requisites

- Transaction access is provided to retail user.
- Accounts are maintained in the core banking system under a party ID mapped to the user.

Workflow

Features Supported In Application

The Personal Finance Management module supports the following features:

- Spend
- Goals
- Goal Calculator
- Budget

3.1 Personal Finance Management Overview

The retail dashboard displays an overview of spends of the user. By default it displays user's spends for last 30 days and the category name with expenditure amount is displayed, where spend has been maximum.

The screenshot displays the ZigBank Personal Finance Management dashboard. At the top, there is a navigation menu with the ZigBank logo, a search icon, an envelope icon, and a user profile section for Ashok Jain. Below the navigation, a message states: "You are required to submit FATCA & CRS related information. Please click the link to open the form. FATCA & CRS form".

The main dashboard is divided into several sections:

- My Net Worth:** Shows a net worth of £396,589.00 as of 30 May 2018. It includes a donut chart and a breakdown: Current & Savings (£382,193.04), Term Deposit (£14,395.96), and Recurring Deposit (£0.00).
- Recent Activity:** A table showing recent transactions for a Savings account. Transactions include a deposit of £5,000.00, a redemption of £671.14, and payments/collections of £11.00.
- My Spends:** Shows total spends of ₹1,879,860.07 for the last 30 days. A pie chart indicates that 55% of spending is on bills and 45% is on entertainment.
- My Accounts:** A list of account types and balances: Current & Savings (£382,193.04), Term Deposits (£14,395.96), Recurring Deposits (£0.00), Loans and Finances (£97,579.76), and Credit Card (£40,000.00).
- My Bills:** A list of upcoming bills, including Edison Electric Company (£2,218.00), Airtel (£1,354.67), and Unify Internet Services (£1,175.50).
- Upcoming Payments:** A list of payments due, including SWIFT Pay later (£156.00), RTGS (£100.00), and international bank payee (£100.00).
- Payments:** A section with icons for Transfer Money, Pay Bills, Favorites, Manage payees & Bills, Request Money, and View Repeat Transfers.
- Service Request:** A section for managing service requests, showing open and recently closed requests.
- Notifications:** A section indicating "No New Notifications" and prompting the user to check for new notifications.
- My Advisors:** A section listing relationship managers: Tim Philip and Sarah Evans.

At the bottom of the dashboard, there are promotional banners for "Deal of the Day" (Get 50% off) and "CHRISTMAS" (Get 50% off).

Dashboard Overview

Trends dashboard shows widgets of PFM viz. My Spends, Budgets and Goals. They give a brief snapshot of the current financial whereabouts of user with the bank.

My Spends

This section displays the spending analysis of the customer. The spending patterns of the user are in the form of a donut chart. The details displayed in the chart will be based on the category wise expenditure in all savings accounts mapped to the user. The user can also view a period wise and account wise spend analysis.

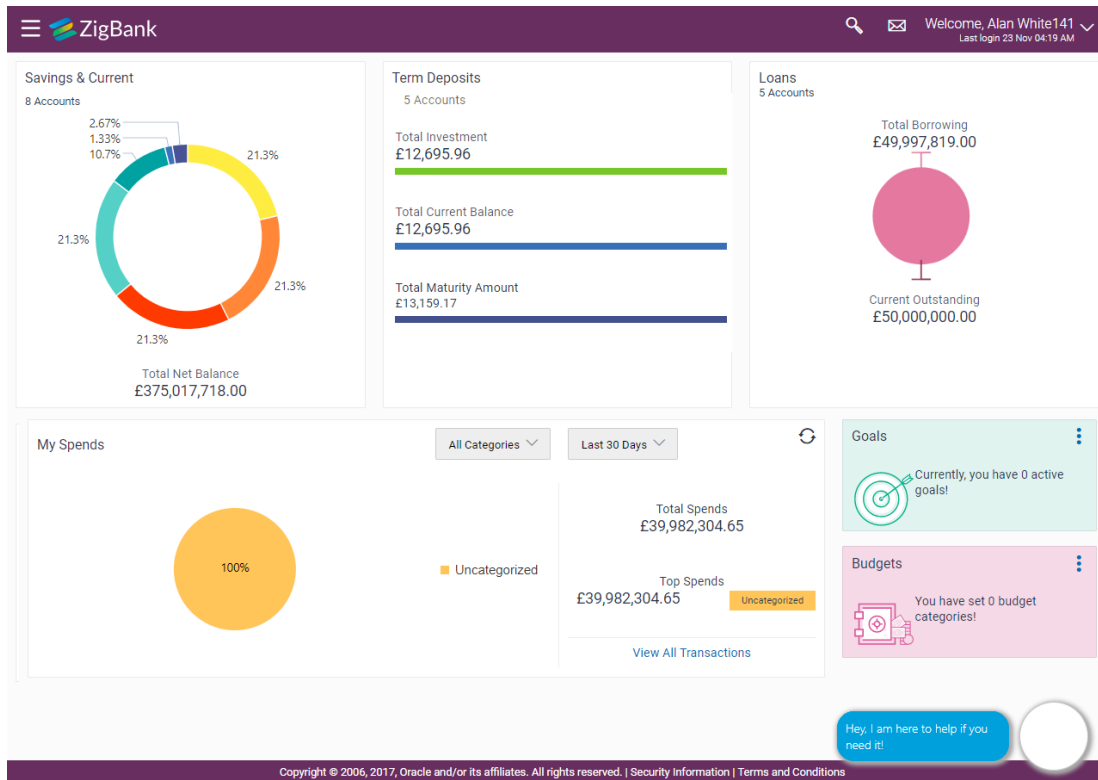

This displays the total amount expenditure incurred during a period of last 30 days. It also displays the name of the category in which the highest expenditure has been incurred for that period. Click the View Details link to open the **My Spends** transaction screen. This screen displays the records of all transactions made in the customer's accounts. The category that each transaction comes under is displayed against the transaction record.

1. In the toggle menu, go to **Trends**. The **Trends** screen appears.

Trends

The Trend Dashboard is displayed in the form of widgets, and displays the summary of all the current and savings accounts, term deposit and loan accounts held by the user.

The user can also view all his spends up to last 90 days in the My Spends widget. There is also a widget for Goals which shows the number of active goals with an option to create new goal or manage existing ones. Another widget is placed for showing number of active budget categories with option to create new budget or manage existing ones.

My Spends

This section displays the spending analysis of the customer in the form of a donut chart. The customer can customize the way the spending analysis is displayed on the basis of the following filters:

- Filter 1: This option enables the user to view the spending analysis based on categories.
- Filter 2: Periodic search options available to the user. User can view the spending patterns of the current month, last 30 days, last 60 days or last 90 days.

The graph displays the percentage wise amount spent in each category in the chart. By default the graph displays the current month and all spend categories where expenses were incurred during that period.

Click a particular category on the graph to view details i.e. sub categories of that category. The amount spent in each category is displayed along with the percentage comprising of that sub category. Click  to refresh the graph.

The total amount of expenditure incurred during the period that is being viewed is displayed along with the two categories in which highest expenditure has been incurred for that period.

The **View All Transactions** option is provided so that the customer can view the transaction records comprising of the spending analysis. Clicking this option opens the **My Spends** transaction screen. This screen displays the records of all transactions made in the customer's accounts. The category that each transaction comes under is displayed against the transaction record.

Budgets

This section displays the count of all the budgets created by the user. User can view, and create new budget by clicking  icon.

By using the **Create Budget** option user can create a new budget. Clicking this link takes you to the **My Budgets** screen.

Goals

This section displays count of all the active goals that are created by the user.

Clicking  **More Options** icon, available on the goal card, opens the **Create Goal** and **Manage Goals** screen from which the customer can view, modify, contribute to a goal or even withdraw some amount from a goal.

3.2 Goal Calculator – Pre-Login

The goal calculator helps evolve a goal for all the customer’s life events and future plans. Goal calculator helps to calculate how much money the user need to contribute at a regular frequency in order to arrive at a specific savings goal.

The goal calculator option present on the pre-login screen or portal page of the application enables the prospect user and visitors to access the goal calculator.

This option allows the user to identify the amount of savings that has to be done to achieve a certain goal. This feature, hence, enables the user to figure out the feasibility of creating a goal based on the regular contribution amount for a defined period.

The user needs to enter the goal details along with his targeted amount. The outcome will be based on the values entered by user.

5. Budget

A budget enables the user to set a virtual cap over the expenditure. It is the key, the essential ingredient in taking command of one's money. Setting a budget, and sticking to it long term, can help to cut down a user's unwanted expenses and thereby enabling him to create wealth.

The Budgeting tool enables a customer to track the progress of budget as well as create, modify or even delete an existing budget. It enables users to set a limit on various spending categories. Over a period of time user can then observe and analyze the status and progress of expenditures against the budgeted value. Users can further set the periodicity of budget, i.e. whether they want it for current month, a period of months or on recurring basis, while the frequency is set as monthly. This can be created for new customized user defined categories as well. Once created, users can adjust the budget as per the spending pattern, thus ensuring maximum savings.

Pre-requisite:

- Transaction access is provided to retail user.
- Accounts are maintained in the core banking system under a party ID mapped to the user.

5.1 Set Budget

This function enables the user to set a budget for a particular period with a monthly frequency. User can create a budget for the set category. The option to continue with the same budget on a rolling basis is also available.

Budget can be set for periodicity as: This month, Recurring or Specific Duration. User can also view, modify and delete his created budgets.

FAQs

1. How Do I set a budget for a onetime expense?

You can budget a onetime expense by selecting the option 'This Month' from the periodicity field while creating the budget.

2. How can I identify how much I have spent against a set budget?

The bar graph displays the amount consumed against a budget as a percentage value. The amount spend can also be viewed in terms of actual amount value by hovering over the bar graph.

3. Can I edit my Goal amount?

Yes, you can adjust your goal amount as per your requirements; however the amount should be within the range of the product under which you have created your goal.

4. Can I change the maturity instructions of my goal after it has been created?

Yes, you can change these maturity instructions by selecting the option to edit a goal from the Goal Details page.

5. Can I stop the standing instructions set for a goal?

Yes, you can stop, alter and restart the standing instructions defined on a goal.

6. How much can a user withdraw from a goal account?

The user can withdraw a partial amount or the entire amount of the goal. Please note that if you withdraw the entire amount of the goal, the goal account gets closed. From there on the Goal can be viewed in the closed account section.

7. What happens to the interest accrued in my Goal account if I withdraw some amount?

The interest of the amount withdrawn for that period along with the penalty, if any, will be credited to the Goal account if it is active, in case of full withdrawal, the interest would be credited to the maturity account defined at the time of goal creation.

8. Can a goal be funded from an account of a different currency than that of the goal account?

Yes, however the total value will always be shown as per the base currency of account.

9. Are the interest components added to my Goal account also visible in the Goal Details page?

Amount with interest accumulated in the goal account is displayed on the Goal details page. Separate interest component is not shown.

10. Can I view the transactions performed on my goal that is currently closed?

No, you cannot view the transactions performed on a goal that has been closed.

11. Is there a minimum amount I must contribute initially at the time of goal creation?

Yes, the bank defines a minimum contribution amount for each goal product. At the time of goal creation, you are required to credit the goal account with an amount that is not lower than this minimum amount defined.

12. Are there any validations on the standard instructions to be defined at the time of Goal Creation?

Yes, the validations to be adhered to while defining standing instructions are as follows:

- The standing instruction must be set from a savings account you hold with the bank.
- The end date of the instruction should not be later than the date on which the goal ends.

13. What do the values in the fields 'You Pay' and 'We Pay' displayed in the Goal Calculator page signify?

The value displayed in the 'You Pay' field is the amount that you contribute towards your goal, while value displayed in the 'We Pay' component is interest accrued by the bank towards fulfillment of your goal.

14. Can I calculate the time I will require to achieve a Goal if I contribute a certain amount every month?

No, the goal calculator helps you to identify the amount you need to contribute at a defined frequency and time period. The Goal Calculator does not enable calculation of amount of time required to achieve a goal.
