1. Welcome to Oracle Banking Credit Facilities Process Management

Welcome to the Oracle Banking Credit Facilities Process Management (OBCFPM) User Manual. This manual provides an overview on the OBCFPM application and guides you through the various steps involved in creating and processing collaterals and credit facilities transactions.

If you need any information, look out for the help icon.

This document is intended for helping you to conveniently create and process collaterals and credit facilities transactions in OBCFPM

Overview of OBCFPM

OBCFPM is a collateral and credit facilities middle office platform which enables your bank to streamline the Collateral and Credit facilities operations.

Benefits

OBCFPM application provides service for the customers and financial institutions. This service helps the financial institutions to manage the Collaterals and Credit Facilities of the corporate clients.

OBCFPM allows you to:

- Handle Collateral Evaluation, Collateral Perfection, Collateral Review and Collateral Release process
- Handle Credit Proposal with Customer on-boarding
- Financial Document Upload of the corporate clients.
- Quantitative and Qualitative analysis of the corporate clients
- Handle Credit Exceptions

Key Features

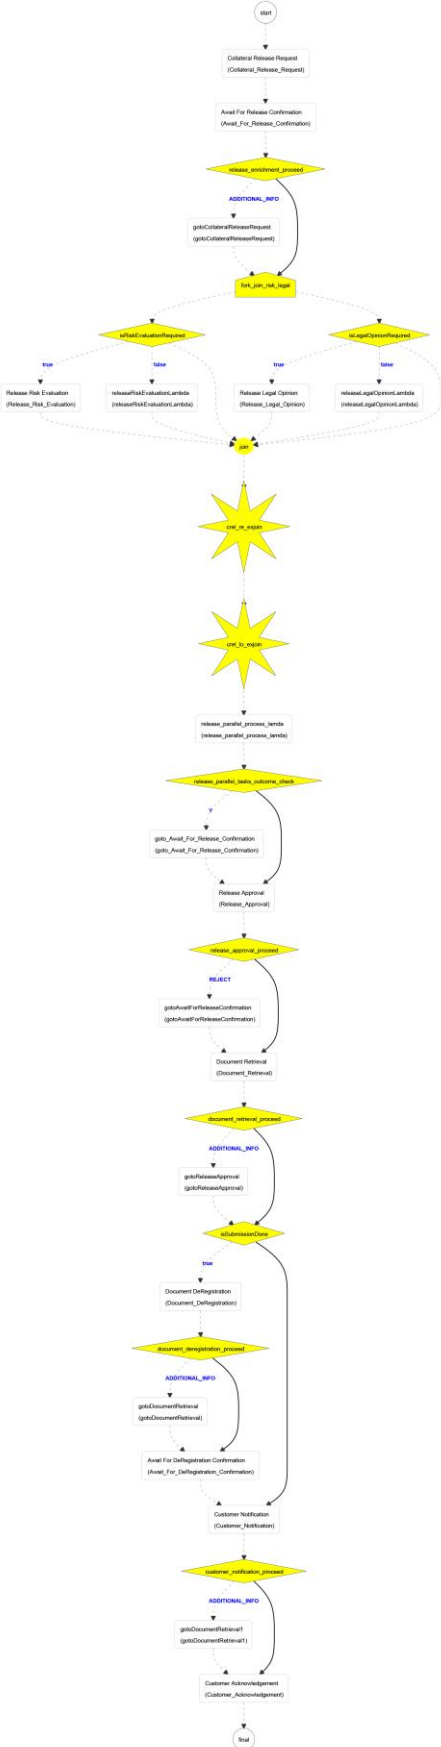

- Stand-alone system agnostic to back office application
- Requires very little change to bank's existing core systems
- Faster time to market
- Highly configurable based on corporate specific needs
- Flexibility in modifying processes
- Roll Based Dashboards

2. Collateral Release

As part of Credit Portfolio management, banks initiate collateral release once the underlying loan/contract is fully liquidated or when the customer approaches the bank to release the collateral. The various activities performed for Collateral Release are

- Release Request
- Await for Collateral release
- Upload of related Mandatory and Non Mandatory documents
- Verify Documents and Capture Details
- Legal Opinion
- Risk Evaluation
- Document Retrieval
- Document De-Registration
- Customer Notification and Acceptance

2.1 Collateral Release - Process Flow Diagram

The Collateral Release process has the following stages handled by users authorized to perform the task under those stages.

1. Release Request
2. Await for Release Confirmation
3. Legal Opinion
4. Risk Evaluation
5. Approval
6. Document Retrieval
7. Document De-Registration
8. Await for De-Registration Confirmation
9. Customer Notification
10. Customer Acceptance
11. Collateral Safekeeping

2.2 Release Request

Collateral release process will be triggered by the back office system once the underlying loan/contracts get fully liquidated. Once the collateral release task is initiated the task will be available in the Free task queue and the user can acquire the task and work on the task. The Credit Reviewer would check the status of the underlying contracts/loans and utilization of the collateral. If the underlying contracts are not fully liquidated the credit reviewer would send the task to the Await for Release Confirmation stage.

Field Name	Description	Attribute Type	Object Type	Size	Mandatory/Optional	Field Validation
Comments	Specify the comments for the stage. This will be visible in all the stages	Input	Free Text	600	Mandatory	

Action Buttons

After providing required data, you will be able to perform one of the below actions –

- a) **Submit** – On Submit, the checklists applicable for the stage will be defaulted based on the application category. On Verifying all the checklist and on selection of the Outcome of the task the task will be submitted.
- b) **Save & Close** – On click of Save & Close, the details of the captured will be saved.
 - a. If mandatory fields have not been captured, system will display error until the mandatory fields have been captured.
- c) **Hold** – On Click of Hold the task status will be suspended and the task will be available in the Hold queue.
 - a. If mandatory fields have not been captured, system will display error until the mandatory fields have been captured.
- d) **Cancel** – On Click the system will ask for confirmation and on confirming the task will be closed without saving the data.
- e) **Back** – On Click of Back, the previous screen will be opened.

2.3 Await for Release Confirmation

The Credit Reviewer would check the status of the underlying contracts/loans and utilization of the collateral. Once the underlying contracts/loans are fully liquidated, the credit reviewer would specify action to be taken post release of the collateral.

2.2.1 Release Details

The screenshot shows the 'Collateral Release - Collateral Release Request' form in the Futura Bank system. The form is titled 'Release Details' and is currently on the 'Release Details' tab. The 'Release Info' section is expanded, showing the following fields:

Application Branch *	Application Category *	Application Date *	Collateral Id
004		mm/dd/yy	COL181450462
Collateral Currency *	Collateral Value	Customer Name	Customer ID *
GBP	423423423	WAL	000039

2.3 Risk Evaluation

As a Risk Officer the user will review the collateral and its documents to see if the release of the collateral will not affect bank's exposure.

Following details will available for the user to review the collateral and provide the Risk Evaluation.

- Release Details
- Risk Evaluation
- Checklist
- Comments

2.3.1 Release Details

The screenshot displays the 'Collateral Release - Collateral Release Request' form in the Futura Bank system. The form is titled 'Collateral Release - Collateral Release Request' and is currently on the 'Release Details' step. The form is divided into several sections: 'Release Info', 'Receiver Details', and 'Registered Documents'. The 'Release Info' section contains the following fields: Application Branch (004), Application Category, Application Date (mm/dd/yy), Collateral Id (COL181450462), Collateral Currency (GBP), Collateral Value (423423423), Customer Name (WAL), Customer ID (000039), Reason For Release, Release Request Date (05/24/18), Document Hand-over Type (PSN), Document Hand-over To (John), Collateral Delink, Expected Release date (05/25/18), Document Collection Location (Enter Document Collection Location), and Bank Recommendation (Enter Banks Recommendation). The 'Receiver Details' and 'Registered Documents' sections are currently collapsed. The form also includes a 'Documents' panel on the right side, showing the Application Number (APP201805293057), Priority (Low, Medium, High), Amount (423,423,423.00), Branch (004), and Customer (000039). The form is set against a background of 'Bank Futura - (004) 04/13/18' and the user's name 'Jaysree' is visible in the top right corner. At the bottom of the form, there are buttons for 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'.

2.6 Document Retrieval

As a Document Handling Officer, the user will retrieve the collateral documents from the safe. Following details will be available for the user.

- Release Details
- Document Retrieval
- Checklist
- Comments

2.6.1 Release Details

The screenshot displays the 'Collateral Release - Collateral Release Request' form in the Futura Bank system. The interface includes a navigation bar with 'My Tasks', 'Bank Futura - (004) 04/13/18', and the user name 'Jayshree'. A progress bar at the top shows 'Release Details' as the active step, with 'Comments' as the next step. The form is divided into several sections: 'Release Info', 'Receiver Details', and 'Registered Documents'. The 'Release Info' section contains fields for Application Branch (004), Application Category, Application Date (mm/dd/yy), Collateral Value (423423423), Collateral Currency (GBP), Reason For Release, Collateral Delink, Expected Release date (05/25/18), Release Request Date (05/24/18), Document Collection Location (with a placeholder 'Enter Document Collection Location'), Application Date, Customer Name, WAL, Document Hand-over Type (PSN), Bank Recommendation (with a placeholder 'Enter Banks Recommendation'), Collateral Id (COL181450462), Customer ID (000039), and Document Hand-over To (John). A 'Documents' panel on the right shows application details: Application Number (APP201805293057), Priority (Low, Medium, High), Amount (423,423,423.00), Branch (004), and Customer (000039). At the bottom right, there are buttons for 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'.
