# 2 Corporate Customer Onboarding

## 2.1 Overview

Corporate Customer Onboarding is an umbrella term that is often used to describe the entire process that users go through when they start their journey as a customer of banking product or service. The onboarding is an ongoing process, which helps banks to create relationship with customers. In a bank there would be RM for every corporate customers, the respective RM would take care of the customer to successful on board into the bank. The various activities performed for Corporate Customer Onboarding process are:

- Initiation
- KYC
- Enrichment
- Review
- Recommendation
- Approval
