About Economic Dependency Analysis

Economic Dependency Analysis is the process of analyzing customer's dependencies on various parameters that might impact the customer's ability to service loans, meet conditions or adhere to the general covenants set by the bank. Analyzing the economic dependency of the customer helps the bankers in understanding how the cash flow or the overall financial or trading position of the customer will change in case of any variation in the mentioned parameters.

The various parameters include:

- Loan Account Conduct
- Working Capital Account Conduct
- Debtors
- Creditors
- Top Customers
- Top Suppliers
- Country Exposure
- Currency Exposure
- Shareholders
- Bankers
- Guarantors
- Insurers
- Management Team
- Directors
- Contractors
- Advisors

Chapter 2 - Overview

Economic Dependency Analysis - Process Flow Diagram

Chapter 2 - Overview

The Economic Dependency Analysis process has the following stages that are required to be performed by the authorized users in bank:

- Enrich and Analyze
- Review
- Recommendation

Refer Enrichment, Review, and Recommendation chapters for information on performing Enrichment and Approval tasks.

Chapter 3 - Enrichment and Analysis

Enrich and Analyze

In this stage, the banker can capture details about all the parameters on which the customer is depending for running their business and analyze the dependency on each of the parameter. After performing the analysis, the banker can also view the dependency trend for each parameter.

For performing Economic Dependency Analysis on each parameter, appropriate questionnaire must be maintained for each parameter and linked to this process in Business Process maintenance.

To capture the customer's dependency details, perform the following steps:

1. Login to OBCFPM.
2. Navigate to **Credit Facilities > Economic Dependency Analysis > Economic Dependency Analysis Initiation**. The *Economic Dependency Initiation* page appears:

The screenshot shows the Oracle Economic Dependency Initiation page. The sidebar on the left contains navigation options: Collaterals, Core Maintenance, Credit Facilities, Economic Dependence, Initiate Facility Closure, Maintenance, My Portfolio, Upload Financial Docum..., Dashboard, My Portfolio, Party Onboarding, Policy, Security Management, and User. The main content area is titled 'Economic Dependency Initiation' and displays 'Customer Information' for a Corporation in Mumbai. The information includes: Customer ID (PTY192560509), Register No (IN001989087), Legal Status (Proprietorship), Liability Amount (\$22,000,000.00), and Is KYC Compliant (No). There are also buttons for Share Holders (3), Contractors (2), Guarantors (3), and Bankers (3). A search bar contains the Customer ID, and there are 'Initiate' and 'View EDA' buttons.

3. Search and select the required customer ID.
4. Click **Initiate**. The *Customer Summary* page appears.

Chapter 3 - Enrichment and Analysis

Customer Summary

In the *Customer Summary* page, basic details about the customer are displayed.

The screenshot displays the 'Customer Summary' page within the 'Economic Dependency Analysis - Enrich And Analyse' application. The page is divided into several sections:

- Customer Information:** Shows the customer's name, legal status (Proprietorship), and various counts for Share Holders (0), Contractors (0), Guarantors (0), and Bankers (0).
- Facility Summary:** Displays 'Total funded - \$0.00' and 'Total non funded - \$0.00'.
- Collateral summary:** Shows 'Total collateral value' as 0 and 'Customer LTV' as 0%.
- Existing Facilities:** Lists 'Total existing facilities', 'Takeover amount', and 'Takeover in this application', all showing \$0.00.
- Covenants:** Shows counts for Financial (0), Non Financial (0), Met (0), Breached (0), and Total (0).
- Terms & conditions:** Shows counts for Pre disbursement (0) and Post disbursement (0).
- Scores:** Displays a score of 8 out of 35, with a 22.9% rating.
- Ratings:** Shows a 'Fair' rating with a 22.9% score.
- WIP Applications:** Shows 'No items to display'.

The page includes a navigation bar at the top with 'Customer Summary', 'Enrich and Analyze', and 'Comments' tabs. A bottom navigation bar contains 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel' buttons.

5. View the **Customer Summary** and click **Next**. The *Enrich and Analyze* page appears.

Chapter 3 - Enrichment and Analysis

Enrichment

In the *Enrich and Analyze* page, customer's economic dependency details on various parameters can be added, analyzed and managed.

Chapter 3 - Enrichment and Analysis

The screenshot displays the 'Economic Dependency Analysis - Enrich and Analyze' application window. The interface is organized into a grid of 18 panels, each representing a different category of economic dependency. Each panel contains an 'Enrich' button, indicating that data for these categories is currently missing or needs to be updated. The categories are: Loan Account Conduct, Working Capital Account Conduct, Debtors, Creditors, Top Customers, Top Suppliers, Country Exposure, Currency Exposure, Shareholders, Bankers, Guarantors, Insurers, Management Team, Directors, Contractors, Advisors, and Financial Analysis. The top of the window features a navigation bar with 'Customer Summary', 'Enrich and Analyze', and 'Comments' tabs. The bottom of the window has a control bar with 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel' buttons. A note at the bottom of the first two panels states '* All amounts are in local currency (USD)'.

Chapter 3 - Enrichment and Analysis
