# Preface

# About this guide

This guide provides the user with all the information necessary to perform Policy Exception Approval Process for the corporate customer in OBCFPM.

#### **Intended Audience**

This document is intended for the banking personnel responsible for performing Policy Exception Approval Process for the corporate customer.

### **Conventions Used**

The following table lists the conventions that are used in this document:

Convention	Description
Italic	Italic denotes a screen name
	Bold indicates
Bold	Field name
Dold	Drop down options
	Other UX labels
	This icon indicates a note
Y	This icon indicates a tip
	This icon indicates a warning

# Common Icons in OBCFPM

The following table describes the icons that are commonly used in OBCFPM:

lcons	Icon Name					
+	Add icon					
	Calendar icon					
¢	Configuration / settings icon					
	Delete icon					
Ø	Edit icon					

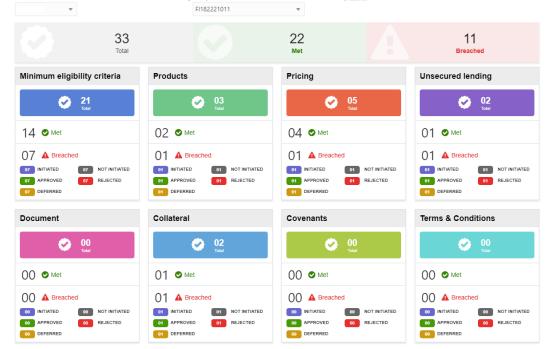

# Policy Exception Summary

Credit proposals initiated in OBCFPM are validated with respect to the policies defined by the bank in each stage of credit process. The defined policies cover both financial and non-financial dimensions of an organization seeking credit facilities. During the policy validation, the organization might meet or breach the bank's policies on various dimensions such as minimum eligibility criteria, products, and pricing.

The Policy Exception Summary is displayed in each stage of credit proposal process to provide a holistic view of the met and breached policies to the banking personnel. Thus, the banker can take necessary decision in initiating policy exception approval process or rejecting the proposal.

Policy exceptions Checklist

Upon Submitting the Credit Application, the Policy Exception Summary page appears:

1. Select the name and ID of company from the drop down list. If the application is submitted for a group of company, then "all" is displayed in the drop down field by default.

After selecting the company name and ID, the Policy Exception Summary for the selected company appears.

In the Policy Exception Summary:

Total count shows the number of validated policies.

Met count shows the number of met policies.

Breached count shows the number of breached policies.

2. To know the status of policy exception approval process, refer the following count in each dimension:

- INITIATED
- APPROVED
- DEFERRED
- NOT INITIATED
- REJECTED

3. To view the list of exceptions in each dimension, click the corresponding dimension. *Policy exceptions - <dimension name>* window appears:

Policy exceptions - Minimum eligibility criteria											
Hide filter       Minimum eligibility criteria     Products     Unsecured lending       21     14     7     3     2     1     5     4     1     2     1     1     0       Total     Met     Breached     Met     Breached     Met     Breached     Total	Document 0 0 Breached

nter overa	II comments															

In the Application Details section:

- 5. Select the **Application Priority**. The options available are: Low, Medium, and High.
- 6. Select the Application Category from the drop down list.
- 7. Search and select the Application Branch.

8. If business opinion about the policy breach is required, select the **Refer to business opinion** check-box.

9. If legal opinion about the policy breach is required, select the **Refer to legal opinion** check-box.

10. If risk opinion about the policy breach is required, select the **Refer to risk opinion** check-box.

- 11. Type **Overall comments** for the Policy exception initiation.
- 12. Click Initiate policy exception process.
- 13. To exit the Policy exception initiation window, click Close.

Upon clicking the **Initiate policy exception process** button, Policy Exception Approval process is initiated.

Refer **Approval Process** chapter for information on approving the policy exceptions for corporate customer.

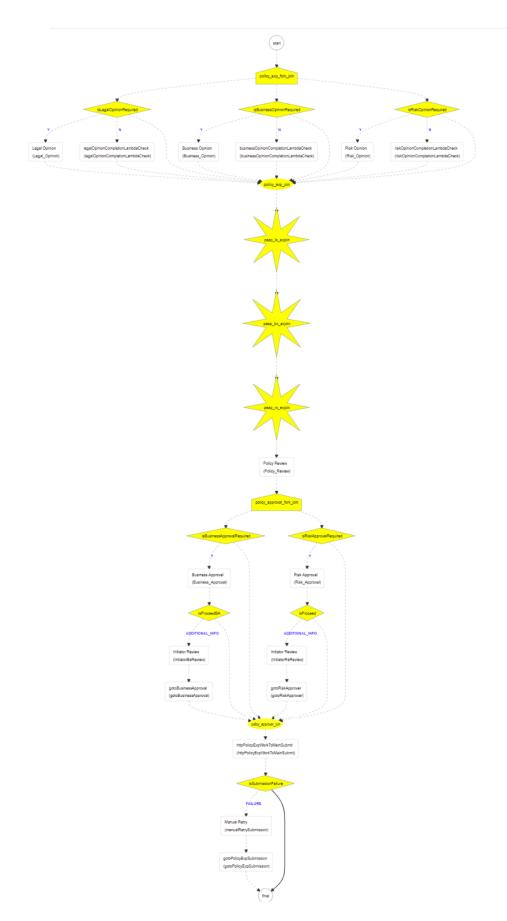

# **Policy Exception Approval Process**

In the Policy Exception Approval Process, the exceptions are sent to different teams in the bank for capturing opinion and approval based on the options selected during exception approval process initiation.

The following flow chart illustrates the various stages in Policy Exception Approval Process:

# **Chapter 2 - Approval Process**

**Policy Exception Approval Process User Manual** 

# Legal Opinion

Legal Opinion task is created in OBCFPM, if **Refer to Legal Opinion** check-box is selected while initiating the Policy Exception Approval Process. The Legal Officer in the bank can acquire this task to view the policy exception summary and capture legal opinion about the exceptions.

1. To acquire the Legal Opinion task, navigate to **Tasks** > **Free Tasks**. *Free Tasks* page appears.

2. Select the required task and click **Acquire & Edit**. *Legal Opinion - Customer Summary* page appears.

3. View the customer summary and click **Next**. *Exceptions* page appears:
