This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

# **1 Oracle WebCenter Forms Recognition 12c (12.2.1.4.200714) Solution Configuration Manager Technical Specifications**

Oracle WebCenter Forms Recognition Solution Configuration Manager (WFRSCM) is a web-based application that enables Forms Recognition Configuration administrators to configure and manage the database for the different AP Project solutions.

Use the technical specifications that follow as guidelines. The actual hardware and software configuration depends on your specific requirements.

---

## 2 Compatibility

The Forms Recognition version compatible with the AP Project is as follows:

Releases	WFR12c
SCM 1.3	12.2.1.4.0 or later

---

### 3 Server Requirements

The following table lists the minimum requirements for SCM servers.

Element	Specification
Processor	Dual core processor running at 2GHz (a minimum requirement)
Memory	Minimum 2 GB RAM
Disk Space	20 GB available disk space

---

## 4 Additional Server Requirements

The following table lists the additional requirements for SCM servers:

Specification	Description
Operating Systems	<ul style="list-style-type: none"><li>▪ Microsoft Windows 10</li><li>▪ Microsoft Windows 7</li><li>▪ Microsoft Windows Server 2008 R2</li><li>▪ Microsoft Windows Server 2012 R2</li><li>▪ Microsoft Windows Server 2016</li></ul>
Software	<ul style="list-style-type: none"><li>▪ Microsoft .NET Framework 4.6</li><li>▪ Internet Information Server 7 or later</li><li>▪ .NET Extensibility 3.5</li><li>▪ ASP.NET 3.5</li></ul>

### 4.1 Database Requirements

The Solution Configuration Manager module requires that the project data be centrally managed in a database. The Solution Configuration Manager database is certified to run on the following database platforms:

- Microsoft SQL Server 2008 R2
- Microsoft SQL Server 2012
- Microsoft SQL Server 2014
- Microsoft SQL Server 2016
- Oracle 11g

---

Note: To use Oracle 11g database with SCM 1.3, you must install Oracle Client 12c on the SCM Server.

---

- Oracle 12c
