## Product Catalogue – Collections Module (CN)

### 1. Product Code - CNP1- Collection Product

#### 1.1 Introduction:

This Product can be used for creating collection contracts on both online and batch (CNDBATCH). During batch process, the defaulted contracts (schedules with overdue) of CL, CI, LE and MO modules are picked and creates a collection contract in collection module with the product(s) linked in collection product screen. Manual collection agent assignment, manual queue assignment and auto closure of collection contract on payment of defaulted contracts are supported in the collection product.

#### 1.2 Business scenario:

- Collection contracts are created for defaulted CL, CI, LE and MO contracts.
- Automatic assigning of contracts to different queues based on:
  - Amount due and schedule overdue or either of one
  - Credit Scoring
  - No of cheque bounces and PDC outstanding
  - Automatic queue assignment based on Rules & SDEs like:

ASSET\_TOTAL\_OVD  
ASSET\_SCH\_OVD  
NO\_CHEQUE\_BOUNCES  
PDC\_OUTSTANDING  
CREDIT\_SCORING

- Automatic assigning queues to agent group or to an agent to process the collection of the defaulted assets.
- Interacting with the customer and collecting dues from the customer.
- Closure of collection contract.

#### 1.3 Synopsis:

- This product can be used for creation of collection contracts on both online and during batch process (CNDBATCH).
- Auto assigning to queues and agents.
- Auto closure of collection contracts on payments of defaulted contracts.

## 1.4 Detailed Coverage:
