7.   Stop/ Unblock Cheque

Cheques are physical instruments used for making payments. After a cheque is issued, a user may want to block payment in case of theft or misplacement of a cheque issued to a payee. For better management of cheques, the application has an online option to stop cheques - so that they cannot be utilized for making payment or cannot be misused.

Stop/ Unblock cheque feature allows user to stop a cheque issued for making payment. User can specify the cheque number and initiate a stop payment. The user will have to select the account number and the cheque number. The cheque number entered will be validated against the account number selected. This is an online request and cheque status will be changed to stop. The User has to specify the reason while stopping the cheque.

User can also specify the cheque range to stop a complete cheque series. Then user can initiate block request for complete cheque series in case cheque book has been lost or misplaced by him. The User has to specify the reason while stopping the cheque series.

Users can unblock already blocked/ stopped cheque by specifying the cheque number or cheque series through the online channel. It is an online transaction and on initiating the unblock transaction, cheques status will be immediately changed to unblocked. Unblocked cheques can be used for making cheque payments.
