1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.

If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Credit Cards

A credit card is a plastic card issued by a financial institution that involves the card holder and the financial institution entering into an agreement that the card holder will pay the institution back in the future so that they can purchase something at present. The financial institution lends the card holder the money that they use to make the purchase and expects that the user pays them back over a period of time (generally a month). The card holder is required to pay the entire amount back including a fee or interest charge if the amount is not paid back in full by the due date.

Credit cards are used to make purchases online or at a point of sale (POS). The card holder's borrowing limit is pre-set based on the individual's credit rating.

The application enables users to manage cards effectively and efficiently. Through the credit card module, a user is able to perform a variety of functions such as viewing credit card details and statements, applying for automatic and adhoc payment of credit card dues, initiating service requests such as request for a change in card billing cycle, request for PIN etc. Additionally the user can also apply for a new credit card from the credit card dashboard. A facility is also provided to view the details of an add-on card issued under primary card and to perform a variety of functions. (An add-on credit card is an additional credit card that is issued under a primary card. The card can be issued to family members, parents, spouse or children of the primary card holder depending on the terms and conditions of the primary card).

This user manual covers all the services provided in the system with regards to credit cards.

3.1 Features Supported In Application

The retail credit card module supports the following features:

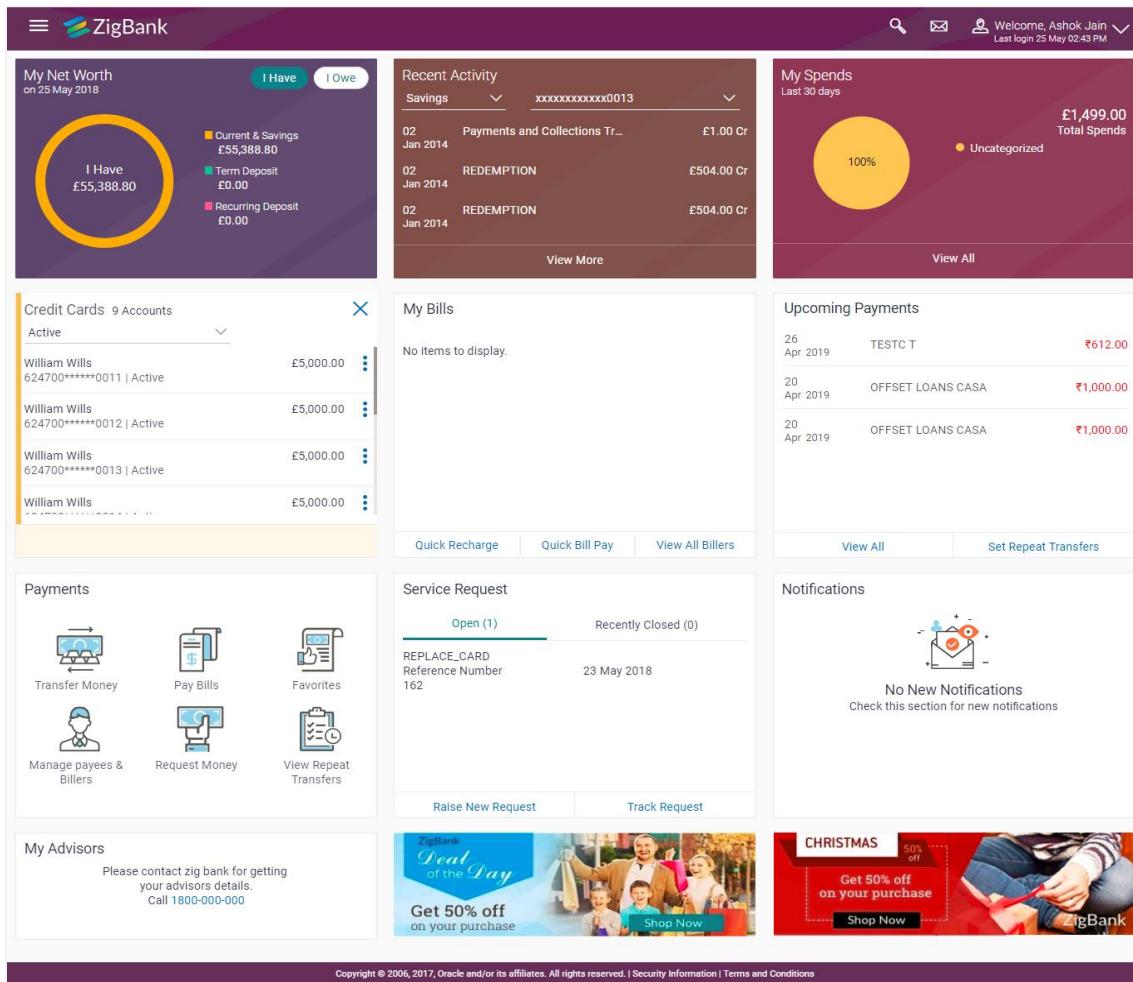

- Credit Card Widget
- View Credit Card Details
- Credit Card Bill Payment
- Manage Auto Pay Instruction
- View and Change Card Bill Cycle
- Update Cash and Credit Limits
- Request PIN
- Reset PIN
- Block Credit Card
- Cancel Credit Card
- Request for Add-On Card
- View Inactive/Blocked/Cancelled Credit Cards
- View Statement
- View and Redeem Rewards Points

3.2 Prerequisites

- Transaction access is provided to retail user.
- Credit cards are maintained in the credit card host system under a party Id mapped to the user.
- User has valid user credentials to login into OBDX.

3.3 Credit Card Widget

The credit card widget provides the user with a holistic view of all his credit cards held with the bank. Additional features available are to make credit card payments block the credit card, apply for a new credit card, and view of inactive cards.

The screenshot displays the ZigBank mobile banking application interface. At the top, there is a navigation bar with the ZigBank logo, a search icon, a user icon, and the text "Welcome, Ashok.Jain" and "Last login 25 May 02:43 PM".

The main content area is organized into several sections:

- My Net Worth** (on 25 May 2018): Shows a large yellow circle with "I Have £55,388.80". Below it, a breakdown of savings: Current & Savings £55,388.80, Term Deposit £0.00, and Recurring Deposit £0.00.
- Recent Activity**: A table showing recent transactions:

Date	Description	Amount
02 Jan 2014	Payments and Collections Tr...	£1.00 Cr
02 Jan 2014	REDEMPTION	£504.00 Cr
02 Jan 2014	REDEMPTION	£504.00 Cr
- My Spends** (Last 30 days): A pie chart showing 100% in the "Uncategorized" category with a total of £1,499.00.
- Credit Cards** (9 Accounts): A list of credit cards, all marked as "Active", each with a balance of £5,000.00:

Card Holder	Card Number	Balance
William Wills	624700*****0011	£5,000.00
William Wills	624700*****0012	£5,000.00
William Wills	624700*****0013	£5,000.00
William Wills	£5,000.00
- My Bills**: A section stating "No items to display."
- Upcoming Payments** (26 Apr 2019, 20 Apr 2019, 20 Apr 2019):

Date	Description	Amount
26 Apr 2019	TESTC T	₹612.00
20 Apr 2019	OFFSET LOANS CASA	₹1,000.00
20 Apr 2019	OFFSET LOANS CASA	₹1,000.00
- Payments**: Options for Transfer Money, Pay Bills, Favorites, Manage payees & Billers, Request Money, and View Repeat Transfers.
- Service Request**: A section for raising new requests or tracking existing ones. It shows "Open (1)" and "Recently Closed (0)". A specific request for "REPLACE_CARD" with Reference Number 162 is listed, dated 23 May 2018.
- Notifications**: A section stating "No New Notifications" and "Check this section for new notifications".
- My Advisors**: A note: "Please contact zig bank for getting your advisors details. Call 1800-000-000".
- Deals**:
 - ZigBank Deal of the Day**: Get 50% off on your purchase. Shop Now.
 - CHRISTMAS**: Get 50% off on your purchase. Shop Now.

At the bottom, there is a footer with the text "Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions".

Widget Overview

Credit Cards

This section lists the active and inactive credit cards that the user holds with the bank.

- **Credit Cards (Active):** All the active credit cards of the user including the add-on cards linked to the user's primary cards are listed in this widget. In addition to the card number and status, the name of the card holder as embossed on the card, as well as the outstanding amount are displayed. The user can view further details of each card or initiate requests such as request PIN, Block Card, etc. against a card by clicking on the **More Options** link provided against each card.
- **Inactive Cards:** On selecting the status option 'Inactive/Closed', all the credit cards that are inactive are listed down in the widget. Each inactive credit card is listed along with the name as embossed on the card along with any amount that is outstanding against the card. The option to view additional information or to perform actions against the cards is provided against each card.

[Home](#)

4. Credit Card Details

The user can navigate to the credit card details page by selecting any credit card displayed in the summary section of the credit cards widget.

This page displays important details of a credit card such as billing details, cash and credit limits, validity and reward details. Additionally, the user can initiate service requests from this page including PIN request, card block, auto pay, card cancellation, update of card limits, etc. The facility to apply for an add-on card is also provided on this page. The option to pay the credit card bill is provided against the billing details.

Following are the categories displayed in details:

- **Header** – This section displays the card holder name as it is embossed on the card, the card number in masked format and also the card nickname if already defined by the user and the option to update/add nickname.
- **Additional Information:** This section displays the validity of the card and its status. Further it also shows if it is enabled for international transactions or not.
- **Billing** – Information pertaining to billing such as current billing details including total amount due, , due date as well as the billing cycle is displayed in this section. The option to pay the bill is also provided in this section, by clicking on which, the user is able to navigate to the bill payment page.
- **Limits** – This section displays limit information that includes the total and available credit limits as well as the total and available cash limits. The user is provided with the option to apply for a change in either of the two limit types i.e. cash and credit.
- **Rewards:** This section displays the amount of reward points accrued as on date.

How to reach here:

Dashboard > My Account Widget > Credit Cards > More options > Credit Card Details

OR

Dashboard > Toggle menu > Credit Cards > Credit Card Details

To view the credit card details:

1. The **Credit Card Details** screen along with the **Additional information, Billing, Limits, and Rewards** details appears.

Credit Card Details

The screenshot shows the 'Credit Card Details' page for a card held by Rose Dawson. The card number is 717700*****0103, it's a Primary card, and the expiration date is Oct 2014. The card is active. The page includes sections for Additional Information, Billing, Limits, and Rewards. The Rewards section shows 5000 Reward Points available for redemption. A 'Redeem Points' button is present.

Field Description

Field Name	Description
Customer Name	The card holders name as embossed on the card.
Card Number	The credit card number in masked format.
Card Type	Displays the card type as primary card or Add-on card.
Nickname	Nickname of the card. Click + Add Nickname , to add nickname, For more information on Account Nickname, refer Account Nickname .

The options are as: <ul style="list-style-type: none"> • Active – International transactions to be allowed on the card • Inactive - Disable all international transactions on the credit card
Card Status	Displays current status, whether the card is active or inactive.

Billing

This section is displayed only if the details being viewed are that of a Primary Credit Card.

Field Name	Description
Total Amount Due	Total amount due on credit card.
Billing Cycle	Existing billing cycle as maintained for the selected card. Date for which billing statement is generated. To change the Bill cycle, click  displayed against the bill date.
Due Date	The date before which either minimum due or full payment is to be done.
Limits	
Available Cash	The available cash limit on the user's card.
Total Cash	The total cash limit on the user's card.
Available Credit	The available credit limit on the user's card.
Total Credit	The total credit limit on the user's card.
Reward Points	The total reward points accumulated on the credit card.

2. Click on the **Back to Dashboard** link to go back to the **Dashboard** screen.
 OR
 To view and download the statement, click **View Statement**.
 OR
 To pay the credit card bill, click **Card Payments** available against the total due amount.
 OR
 To block or cancel the credit card, click **Block/Cancel Card**.
 OR
 To change the Bill cycle, click  displayed against the bill date.
 OR
 To update Credit & Cash Limit, click **Update** available against the respective limit details.
 OR
 To reset the credit card pin, click **Reset PIN**.
 OR
 To request for credit card pin, click **Request PIN**.
 OR
 To redeem rewards points, click **Redeem Points**.
 OR
 To set auto pay for the credit card, click **Auto Pay**.

Note:

1) Auto Pay feature is available if user has opted for auto payment facility.

2) For Add on active credit card, View Details, Request PIN, Block/Cancel card/ Replace card, View-Update Limits, View –Update International transactions, View Card Status transactions will be available.

4.1 Update Limits

Users can update the cash and/or credit limit of a credit card by selecting the 'Update' option displayed on the credit card details screen. On selecting the 'Update' option, the 'Update Card Limit' page is displayed. The user can view the existing limits and has the option to specify the desired limit of cash and credit for the credit card selected.

The user can also update the limits of an add-on card. In this case, in addition to the existing limit, the screen also displays the maximum limit amount that can be set for the card. This maximum limit amount is the limit assigned to the primary card.

To modify the limits of the credit card:

1. Click **Update** to update the limits as required. An editable screen appears.

Credit Card - Update Limits

Additional Information		Billing	Limits	Rewards
Validity From Oct 2014	Total Amount Due £5,000.00	Available Cash £1,000.00	5000 Reward Points	
Validity To Aug 2017	Billing Cycle Day 14 of every month	Total Cash £10,000.00	Your points give you access to an exciting range of rewards.	
International Transactions Inactive	Due Date 05 Jul	Available Credit £70,000.00	Redeem Points	
Card Status Active		Total Credit £100,000.00		

2. Update the available cash & credit limits, if required.
3. Click **Save** to save modified limits.
OR
Click **Cancel** to cancel the transaction.
4. The **Update Limits** popup appears.
5. Click **Proceed** to proceed with the request to update the limit/s.
OR
Click **Cancel** to cancel the transaction.
6. A success message appears identifying that the request has been initiated successfully. The service request number is also displayed as part of the success message.
7. Click **Go to Dashboard** to go to the **Dashboard** screen.
OR
Click **Go to Account Details** to visit the accounts page.

4.2 Change Billing Cycle

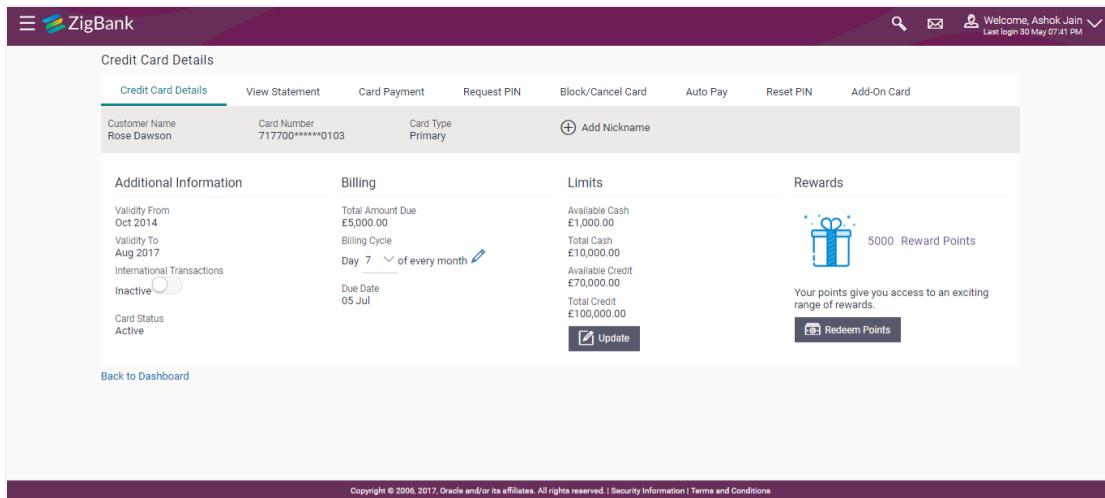

Users might want to change the billing cycle of a credit card to better suit their needs. The application enables users to set a new billing cycle for any credit card of which they are primary card holders so as to enable the users to better manage their funds. The user can change 'Billing

Cycle' by clicking the  icon available against the billing details sub section in the credit card details page of a specific credit card.

To change the billing cycle of a credit card:

1. Click the  icon displayed against the current billing cycle on the **Credit Card Details** page.

Credit Card - Change Billing Cycle

2. From the **Billing Cycle** list, select the appropriate available new billing day to assign for the selected credit card.
3. Click  to update changes.
OR
Click on the **Back to Dashboard** link to go back to **Dashboard** screen.
4. The **Update Bill Cycle** popup appears.
5. Click **Proceed** to continue the transaction.
OR
Click **Cancel** to cancel the transaction.
6. The application updates the new billing day.
7. Click **Go to Dashboard** to go to the **Dashboard** screen.
OR
Click **Go to Account Details** to visit the accounts page.

[Home](#)

5. Card Payment

This page provides the option to the user to make payments towards his credit card bills. User can select the amount he is willing to pay, whether that is minimum due, outstanding amount or a specified amount. This page is displayed when the user selects the 'Card Payment' option. The user can opt to pay the minimum amount due, the total outstanding amount due or can even specify an amount other than the minimum amount due or the total outstanding amount, to pay towards credit card bill payment.

All the linked current and savings accounts of the user will be available for selection from which to make the payment. Once the user selects a source account, the available limit of that account will be displayed against the field so as to enable better management of funds.

8. Block / Cancel Card

8.1 Block Card

Loss of credit card or any fraudulent transaction suspected on a credit card is a nightmare for a user. In such a critical situation, visiting a branch or calling up customer care to block the card is time consuming. The user should be able to block his credit card instantly in such situations. The Block Card feature of the application enables the user to raise a request to block a credit card immediately.

The user can raise a request to block or cancel a credit card at any time and can even specify the reason for which the request is being raised. The user can also request for a replacement card to be issued as part of the block card request and can identify where the new card is to be delivered i.e. either to the user's residence or a branch.

This feature is available for both primary and Add-On cards.

7. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Back** to go back to the previous screen.
OR
Click **Cancel** to cancel the transaction.
8. The success message appears, along with the service request number.
9. Click **Go to Dashboard** to go to the **Dashboard** screen.
OR
Click **Go to Account Details**, to view the details of the credit card.

8.2 Cancel Card

User might want to cancel a credit card for any number of reasons. The application supports the credit card cancellation feature. By means of the Cancel Credit Card feature, the user can cancel a credit card and can specify the reason for cancellation and also provide additional feedback as to why the card is being cancelled.

The application supports cancellation of both primary as well as Add-On cards.

How to reach here:

Dashboard > Toggle menu > Credit Cards > Block / Cancel Card

OR

Dashboard > My Accounts Widget > Credit Cards > More options > Block / Cancel Card

Cancel Card

The screenshot shows the 'Cancel Card' page. At the top, there are tabs: Credit Card Details, View Statement, Card Payment, Request PIN, Block/Cancel Card (which is selected and underlined), Auto Pay, Reset PIN, and Add-On Card. The main form has a card number input (717700*****0103) with a radio button for 'Block' and one for 'Cancel' (which is selected). Below this, a note says 'We are sad to see you go!' and 'Help us by providing a reason for cancellation'. A dropdown menu for 'Reason' is set to 'Permanent Relocation'. A 'Comments' input field contains 'cancel the card' with a character count of 80. To the right, there's a 'Note' box with an icon of a notepad. It contains instructions: 'If your card is lost or stolen or if the PIN is disclosed to a third person, please notify us immediately.', 'You can cancel Primary/ Add on Credit Card.', and 'If you have any outstanding dues on your credit card, we request you to clear the same before cancelling a card.' At the bottom, there are 'Submit' and 'Cancel' buttons, and a 'Back to Dashboard' link.

Field Description

Field Name Description

Card Number	Card number in masked format along with the account nickname. For more information on Account Nickname, refer Account Nickname .

9. Apply for Add-On Card

Add-On cards, also known as supplementary cards, are cards issued to additional cardholders such as a spouse or a child, at the request of the primary card holder. The Add-On card holder might have the same limit as that of the primary card holder and cannot be held legally responsible for credit card payments. All expenses incurred on an Add-On card are billed to the primary card holder.

The application enables the primary card holder to apply for Add-On cards online. The user can apply for an Add-On card by selecting the option provided. The user can customize the Add-On card by specifying the name to be embossed on the card and also by defining the credit and cash limits of the card.

Note:

- 1) In case user is having an Add-on, and it is active card, he will be able to see the card details, Request pin for his card only, and block his card only.
- 2) In case user is having an Add-on Card, and it is inactive, he will be able to see the card details and able to block his card.
- 3) In case user is having an Add-on Card which is hotlisted, then he will be able to see just his card details.
- 4) In case user has Add-on Card is cancelled, then he will be able to see just the card details.

How to reach here:

Dashboard > Toggle menu > Credit Cards > Add-On Card

OR

Dashboard > My Accounts Widget > Credit Cards > More options > Add-On Card

Add-On Card Request

The screenshot shows the 'Apply For Add-On Card' page. The 'Add-On Card' tab is selected. The form fields include:

- Card Number: 624700****0110
- Relationship: Son
- Name on Card: Smith John
- Required Credit Limit: £90,000.00
- Required Cash Limit: £5,000.00
- Delivery Location: Branch Near Me
- City: New York
- Branch: Universal Bank

Note:

With Add On Cards, you can now share all the benefits of your Primary Credit Card with your family members. All communications for Add-on credit card will be sent to the primary card holder. Add-on credit card can be used for International transactions, only if International Usage is enabled on the Primary Card.

At the bottom are 'Apply' and 'Cancel' buttons, and a 'Back to Dashboard' link.

Field Description

Field Name	Description
Card Number	The credit card number against which an add-on card is being requested is displayed in masked format.
Relationship	Select the relationship that you have with the person for whom the add-on card is being requested. The options are <ul style="list-style-type: none"> • Father • Mother • Son • Daughter • Spouse
Name on Card	Specify the name to be embossed on the Add-On card.
Required credit limit	Specify the credit limit to be assigned to the Add-On card. The primary card's credit limit is displayed below this field so as to identify that the Add-On card's credit limit cannot exceed that of the primary card.
Required cash limit	Specify the cash limit to be assigned to the Add-On card. The primary card's cash limit is displayed below this field so as to identify that the Add-On card's cash limit cannot exceed that of the primary card.
Delivery Location	Specify where the add-on card is to be delivered. The options are: <ul style="list-style-type: none"> • My Address • Branch Near Me
Following fields will be enabled if the My Address option is selected in the Delivery Location field.	
Select Address	Address where the new Add-On card is to be delivered. The options are: <ul style="list-style-type: none"> • Residence • Postal
Based on the selected option, the user's address details corresponding to the selected address as maintained are displayed.	
Following fields will be enabled if the Branch Near Me option is selected in the Delivery Location field.	
City	The user can filter branches based on the city in which they are located.

Field Name	Description
Branch Near Me	Branch name where the Add-On card is to be delivered.
Branch Address	The address of the branch selected is displayed on the screen.

To apply for an Add-On card:

1. From the **Relationship** list, select the add-on card holder's relationship with that of the primary card holder.
2. In the **Name on Card** field, enter the name of the Add-On card holder.
3. In the **Required credit limit** field, enter the desired credit limit for the Add-On card.
4. In the **Required cash limit** field, enter the desired cash limit for the Add-On card.

Note: It is mandatory to define either the credit or cash limit of the Add-On card.

5. In the **Delivery Location** field, select the appropriate delivery address.
 - a. If you select the **My Address** option;
 - i. From the **Select Address** list, select the appropriate option.
Based on the option selected, the complete address of the user as maintained by the bank is displayed.
 - b. If you select the **Branch Near Me** option;
 - i. From the **City** list, select the desired city.
 - ii. From the **Branch Near Me** list, select the desired branch.
The complete address of the selected branch appears.
6. Click **Apply**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back to Dashboard** to go back to the Dashboard screen.
7. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Back** to go back to the previous screen.
OR
Click **Cancel** to cancel the transaction.
8. The success message appears, along with the service request number.
9. Click **Go to Dashboard** to go to the **Dashboard**.
OR
Click **Go to Account Details**, to go to the accounts page.

10. Auto Pay

Missing a credit card payment or not having the time to make the payment is a common occurrence. Penalties and extra charges are bound to be applied if a user fails to make a credit card payment on time.

In order to help users avoid such situations, the application supports the auto pay functionality. This feature enables a user to set automatic payment instructions for a specific credit card.

While setting up the auto pay instruction, the user identifies whether the minimum amount due has to be paid or whether the total amount due has to be paid or specific amount has to be paid. The user is also required to identify the linked current or savings account from which the funds are to be debited in order to make the payment.

The Auto pay instruction is executed as per the credit card bill cycle for the selected card. The user can de-register from auto pay at any time.

How to reach here:

Dashboard > Toggle menu > Credit Cards > Auto Pay

OR

Dashboard > My Accounts Widget > Credit Cards > More options > Auto Pay

To update and de register the Auto Pay instruction for the Credit Card:

Auto Pay Register

The screenshot shows the 'Auto Pay' section of the ZigBank application. At the top, there are tabs for 'Credit Card Details', 'View Statement', 'Card Payment', 'Request PIN', 'Block/Cancel Card', 'Auto Pay' (which is selected and underlined in blue), 'Reset PIN', and 'Add-On Card'. Below the tabs, the card number '624700*****0001' is displayed. A note states: 'You currently are not registered for Auto Pay. Would you like to register?'. Below this are two buttons: a green 'Yes' button and a grey 'No' button. To the right, there is a 'Note' section with an icon of a notepad. The note text is: 'With Auto Pay option you can set up a standing instruction to pay either minimum amount due or total amount due. The debit on the bank account provided will happen on the payment due date. In case the payment due date happens to be a Sunday or a holiday, the debit will be happen one day prior.' At the bottom of the page, there is a 'Back to Dashboard' link and a copyright notice: 'Copyright © 2006, 2017, Oracle and/or its affiliates. 11. View Statement

The Card Statement feature enables users to view details of all purchases, payments and any other debits and credits made on their credit card accounts. Users can select any card of which to view the statement. All transactions initiated on the card are displayed in chronological order of spending, with the latest transactions displayed first. Only primary cards are available for selection. On selecting a primary card, if any Add-On cards are linked to it, the transactions initiated on the Add-On card are also listed.

In addition to being able to select a specific card of which to view the statement details, users can also filter transactions based on billed or unbilled transactions. On selecting the option 'billed' the user can select the billing month to view the statement of that month.

By subscribing to e-statements, the user receives statements on his registered email address.

The application allows the user to unsubscribe from the e-statement facility. Once a request to unsubscribe from this facility is made, the user will stop receiving e-statements on his email address.

The Download Pre-generated option, allows the user to view, download and print the pre-generated e-statements by selecting the desired period.

How to reach here:

Dashboard > Toggle menu > Credit Cards > View Statement

OR

Dashboard > My Accounts Widget > Credit Cards > More options > View Statement

11.1 View Statement

To view the account statement:

1. From the **Credit Card Number** list, select the credit card account for which statement has to be generated.
2. From the **View Option** list, select the type of transactions to be viewed.
If **Billed Transactions** is selected;
 - a. From the **Month and Year** list, specify the year and month for which to view billed transactions.
Based on the period, the credit card statement appears.

Card Statement- View Statement

Field Description

Field Name Description

Card Number The user can select the card for which to view the statement. The cards are available for selection in a drop-down and are displayed in masked format along with the account nickname.

4. Click **Search**. The pre-generated statements for the specified period are listed down.
5. Click on the link provided to download / print the statement.

FAQs

1. How do I view the transactions undertaken by the Add-On card holder?

The description of each transaction record displays details of the transaction as well as the card name and number using which the transaction was performed. Based on the name and number, you can identify which transaction was initiated by the primary card and which was initiated by the Add-On card.

2. How does the bank keep the card holder informed of the transactions initiated using the credit card issued?

The bank sends a monthly statement to all card holders which contains the details of the transactions made using the card and the amount required to be paid to settle dues.

3. Will my e-Statement look the same as my paper statement?

Yes. Your e-Statement looks exactly like your paper statement.

[Home](#)

12. Inactive Cards Details

All cards that have been cancelled, blocked or deactivated are displayed on the **Inactive Cards** page. Users should be able to track all cards that are inactive so as to identify if any action needs to be taken regarding the status of these cards. Through the Inactive Cards feature of the application, users can view details of all their credit cards that have been cancelled, blocked or deactivated.

The following actions can be taken on cards that are inactive:

- **Blocked Cards** – The user can pay the outstanding amount due.
- **Deactivated Cards** – The user can raise a request to activate the card and also pay any outstanding amount due on the card.
- **Cancelled Cards** – No action can be taken on these cards.

Once a card has been activated, it will no longer be displayed under inactive cards and will be available on the credit cards dashboard under the section listing down all the active credit cards.

The details of cancelled cards will not be displayed. Instead, the user can only view the summary of any cards that have been cancelled.

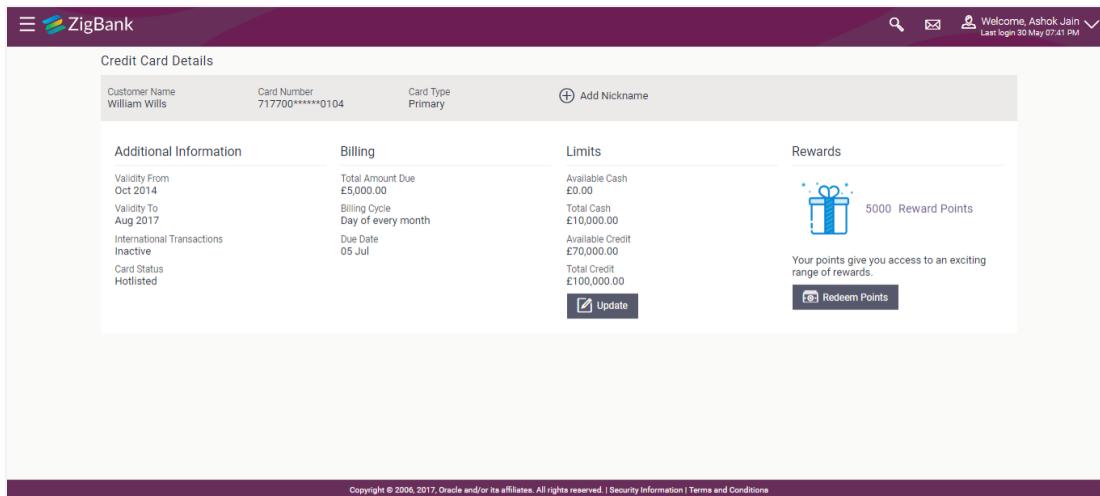

How to reach here:

Dashboard > My Account Widget > Credit Cards > Inactive/ Closed > More options > Credit Card Details

To view inactive credit card details:

1. Select the option Inactive/Closed from the provided filter option on the credit cards widget.
2. All the inactive credit cards held by the user appear.
3. Click on a specific credit card record in order to view details of that card.

Inactive Card Details

The screenshot shows the 'Credit Card Details' page for an inactive card. The card number is 717700*****0104, and the card type is Primary. The cardholder's name is William Wills. The card is marked as Inactive. The page displays additional information, billing details, and limits. A rewards section shows 5000 Reward Points available for redemption. The footer includes a 'Redeem Points' button and a link to the terms and conditions.

Credit Card Details			
Customer Name William Wills	Card Number 717700*****0104	Card Type Primary	+ Add Nickname

14. Account Nickname

Users can assign their own description or name to all of their credit cards. User's nickname is the unique ID. Nicknames will be displayed on various transactions instead of the standard account description. This option also allows user to modify or delete the nickname whenever required.

To add nickname to account:

1. Click  **Add Nickname**, to add nickname to an account.
2. In the **ADD Nickname** field, enter the nickname you want to use.

Add Nickname- Example

The screenshot shows the 'Credit Card Details' section of the ZigBank website. At the top, there are several tabs: 'Credit Card Details' (which is active and underlined), 'View Statement', 'Card Payment', 'Request PIN', 'Block/Cancel Card', 'Auto Pay', 'Reset PIN', and 'Add-On Card'. Below these tabs, there are fields for 'Customer Name' (Rose Dawson), 'Card Number' (717700*****0103), and 'Card Type' (Primary). To the right of these fields is a button with a plus sign and the text '+ Add Nickname', which is highlighted with a red box. The main content area is divided into four sections: 'Additional Information', 'Billing', 'Limits', and 'Rewards'. The 'Additional Information' section includes fields for 'Validity From' (Oct 2014), 'Validity To' (Aug 2017), 'International Transactions' (Inactive), and 'Card Status' (Active). The 'Billing' section shows 'Total Amount Due' (£5,000.00), 'Billing Cycle' (Day 14 of every month), and 'Due Date' (05 Jul). The 'Limits' section displays 'Available Cash' (£0.00), 'Total Cash' (£10,000.00), 'Available Credit' (£70,000.00), and 'Total Credit' (£100,000.00). The 'Rewards' section features a gift icon and text stating '5000 Reward Points'. At the bottom of the page, there is a 'Back to Dashboard' link and a copyright notice: 'Copyright © 2006, 2017, Oracle and/or its affiliates. Field Description

Field Name Description

Add Nickname	On clicking on the Add Nickname link, a field is displayed in which the user can specify a nickname to be assigned to the account.
---------------------	--

3. Click  to save your changes. The specified nickname will be displayed on various transaction screens.

To edit / delete nickname to account:

Add Nickname - Edit/ Delete

4. Click the  link displayed against the nickname in order to modify the nickname. Modify the nickname as required and save your updates.
OR
Click the  link to delete the nickname.

FAQs

1. What is the advantage of adding a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it when viewing cards summary.

2. How can I check my credit card account balance?

The credit card details page displays a summary of your current account status, including outstanding balance, available credit limit and information as to when your next payment is due.

3. The bill / Statement indicate 'Minimum Amount Due' and 'Total Amount Due'. What is the amount required to be paid by me?

The amount indicated as 'Total Amount Due' is required to be paid by the 'payment due' date. In case this is not done, interest will be charged on the outstanding balance and on any new transaction undertaken from the date of the transaction till such time that the past dues are paid in full.

In case the 'Minimum Amount Due' is paid, no late payment fee will be charged. However, interest will be charged on the balance outstanding amount due after the due date for payment. Interest will also be levied on all cash advances from the date of the transaction until the date of payment.

4. What is a Credit Limit?

The 'Credit limit' is the maximum amount that a user can spend/borrow on a single credit card. This limit is defined by the bank/financial institution based on the user's credit rating and history.

5. What is a Cash Limit?

The cash limit of a credit card is the maximum amount of money that can be withdrawn using the credit card.

6. Can I update the limits applicable on an Add-On credit card?

Yes, you can update both the cash and credit limits of an Add-On card. However, the limits of an Add-On card cannot exceed the respective limits of the primary card to which it is linked.

7. What is the impact on the billing cycle of an Add-On card when the billing cycle of the primary card, to which it is linked, is changed?

When the billing cycle of a primary card is changed, the same billing cycle will be applicable on all linked Add-On cards as well.

8. Is the bank required to manually accept a request for change in billing cycle or does it get automatically approved?

Depending on the bank's configuration, manual acceptance by the bank might be required or it could be a straight through process where the billing cycle gets changed automatically when a request to change is initiated by the user.

9. If I suspect someone has stolen my credit card or used it to make a fraudulent purchase, what should I do?

You should block the card immediately from your online banking portal. If you do not have access to the online application you should call up at the bank's call centre and inform the bank to block the card immediately.

10. What happens to Add-On cards linked to a primary card if the primary card is blocked?

The status of the Add-On cards, linked to a primary card that is blocked, remains active. The card holders can continue to transact using the Add-On cards.

11. Will the bank cancel a credit card if the card holder requests bank to do so?

Yes. The bank cancels the credit card on request, provided that the outstanding amount, if any, is settled/ paid.

12. Where can I view details of all cancelled, blocked and deactivated credit cards?

You can view the details of all cards that have been cancelled, blocked or deactivate in the Inactive Cards page by selecting the View All option available in the Inactive Cards widget on the Credit Cards dashboard.

13. What is Auto Pay' and what is the difference between auto pay and scheduled payments?

Auto Pay or automatic payment is a request initiated by a user instructing the bank to make regular credit card bill payments via automatic direct debit from a specified savings or checking account. The difference between auto pay and scheduled payments is that once a user sets up an auto pay instruction with the bank, he need not manually make payments towards credit card bill payment. The bank will automatically debit the selected account for the credit card bill amount (depending on instruction which could be to pay the minimum due or the total amount due) subject to availability of funds in the account. If an auto pay instruction is not made, the user will be required to make scheduled manual payments towards credit card bill payment.

14. I made a mistake while setting the auto pay instruction for my credit card. Can I update the same?

You can update the auto pay instruction of a credit card if it has been accepted by the bank. If the request is still in process, you cannot update the instruction.

15. How do I view the transactions undertaken by the Add-On card holder?

The description of each transaction record displays details of the transaction as well as the card name and number using which the transaction was performed. Based on the name and number, you can identify which transaction was initiated by the primary card and which was initiated by the Add-On card.

16. How does the bank keep the card holder informed of the transactions initiated using the credit card issued?

Banks sends a monthly statement to all card holders giving details of the transactions made using the card and the amount required to be paid to settle any dues.
