# 1. Preface

## 1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

## 1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

## 1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

## 1.4 Structure

This manual is organized into the following categories:

*Preface* gives information on the intended audience. It also describes the overall structure of the User Manual.

*Introduction* provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this User Manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure.

If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

## 1.5 Related Information Sources

For more information on Oracle Banking Digital Experience Release 19.1.0.0.0, refer to the following documents:

### 3. Term Deposit

As the name suggests, a Term Deposit is a deposit held at a bank for a fixed term, generally ranging from a month to a few years. If compared to regular savings accounts, the interest earned on a term deposit is higher.

Customers opt to invest in term deposits as they are a safe and secure mode of investment and yield higher returns than regular checking or savings accounts.

#### Pre-requisites

- Transaction access is provided to retail customers.
- Term Deposit accounts are maintained in the host system under a party ID mapped to the customer.

#### Features Supported In the Application

The retail module of the application supports the following features:

- Term Deposits Widget
- View Term Deposit Details
- Edit Maturity Instructions
- Top Up Term Deposit
- Redeem Term Deposit
- View Term Deposit Statement
- Request Statement
- Apply for a New Term Deposit
- View Closed Deposits
- Calculate Deposit Maturity Amount

## 3.1 Overview

The retail overview/dashboard page displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The 'My Accounts' widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans and Credit Cards. On clicking on any account type record, the widget displaying details specific to that account type is displayed. One such widget is the Term Deposits widget which is displayed on selection of account type, 'Term Deposits' under the My Accounts widget.

The term deposits widget displays basic details of each deposit such as the deposit account number and name of the primary account holder, the amount of deposit, interest rate applicable as well as maturity date of each deposit. Additionally, if the customer holds both Islamic and Conventional term deposits, the deposit type (Islamic or Conventional) is defined against each deposit. On selecting any term deposit from this widget, the customer is provided with the options to view further details, view statement, top up the deposit or redeem the deposit. By default, this widget displays the customer's active term deposits. The customer can also opt to view the closed deposits on this widget by selecting the provided option. The total number of active or closed term deposit accounts (depending on which are being viewed) is also displayed on the widget.

In addition to displaying records of the customer's deposits, the term deposit widget also displays options by which the customer can open a new deposit or view the deposit calculator.

## Term Deposits Widget Overview

The term deposits widget features the following:

- **Active Term Deposits:** All the active term deposits of the customer are listed down with basic details such as the deposit account number (masked), the name of the primary account holder, the deposit amount, interest rate and maturity date as well as type of deposit i.e. conventional or Islamic. Further options to view deposit details or statement and to perform top up or redemption are provided on selection of any term deposit account.
- **Inactive / Closed Term Deposits:** The customer is also provided with the option to view all the term deposits that are closed. On selecting this option, all the closed or inactive term deposits of the customer are listed down. The customer can view further details of a closed deposit by selecting any closed deposit account record.
- **New Deposit:** The customer can click on the link provided in this widget to apply for a new term deposit. On clicking on the link, the screen on which the customer can setup a new deposit is displayed.
- **Deposit Calculator:** By clicking on this option, the customer is able to navigate to the term deposit calculator page.

[Home](#)

## 4. New Deposit under Oracle FLEXCUBE Core Banking

The New Deposit page enables the customer to apply for a new term deposit. All the term deposit offerings of the bank are available for selection on this page. The customer can select any product offered in order to apply for a term deposit of choice.

While applying for a term deposit, the customer is required to identify the amount for which the deposit is to be opened, the tenure i.e. the term of the deposit and the holding pattern i.e. single or joint. Additionally, the customer is also required to define maturity instructions and also to select the savings account from which funds are to be debited in order to fund the deposit.

In certain cases, such as specific to India region, banks might require the customer to specify his/her PAN (Permanent Account Number) while applying for a new term deposit. These could be mandatory if the customer is creating a new term deposit that exceeds a value defined by the bank or if, at any given point in time, while creating a new term deposit, the cumulative value of the deposits (Fixed as well as Recurring Deposits) held by the customer exceeds a certain amount.

The retail user will get only the corresponding products to choose from while creating the term deposit.

The term deposit offerings of the bank available are:

1. Opening conventional Term Deposit account
2. Opening RFC Term Deposit account
3. Opening TD account for NRI customers:
  - Opening NRO TD account
  - Opening NRE TD account
  - Opening FCNR TD account

However retail user with NRE CASA account can open a NRE TD and FCNR TD while the RFC CASA holders can open only RFC TD, and NRO CASA holders can open NRO TD accounts respectively.

### How to reach here:

Dashboard > My Accounts > Term Deposits > New Deposit  
OR

Toggle Menu > Accounts > Term Deposits > New Deposit

## 4.1 Opening conventional Term Deposit Account

The retail user can open new conventional term deposit account based on the CASA accounts he has.

### New Conventional Term Deposit

**Field Description**

<b>Field Name</b>	<b>Description</b>
<b>Deposit Details</b>	
<b>Source Account</b>	<p>The customer is required to select the RFC account to be debited with the deposit amount.</p> <p>All the active RFC accounts of the customer are displayed along with nicknames, if defined.</p> <p>For more information on Account Nickname, click Account Name.</p>
<b>Balance</b>	On selection of a current or savings account in the <b>Select Account</b> field, the current balance of the specific account is displayed against the field.
<b>Select Product</b>	All the RFC deposit products available for application will be listed down.
<b>View Interest Rates</b>	Click on the <b>View Interest Rates</b> link to view the interest rates that will be applicable on the deposit account based on the deposit product selected. This link will be displayed against the Select Product field once a product is selected.
<b>Currency</b>	<p>The currency in which the deposit is to be held.</p> <p>If the deposit product supports only a single currency this field is displayed as a label (instead of a list for selection).</p>
<b>Deposit Amount</b>	The customer is required to specify the amount for which the deposit is to be opened.
<b>Amount Range</b>	The minimum and maximum amounts for which a deposit can be opened are displayed against the amount field once the customer selects a particular deposit product in the <b>Select Product</b> field.
<b>Current Exchange Rate</b>	Displays the buy or sell per unit rate for the chosen currency combination.
<b>Exchange Amount</b>	Displays the exchange amount after currency exchange.

Field Name	Description
<b>Deposit Tenure</b>	<p>The customer can specify the tenure of the deposit in terms of a period i.e. years/ months/ days or by selecting a specific date on which the deposit should mature.</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• Tenure</li> <li>• Date</li> </ul>
<b>Years</b>	<p>The customer can identify the deposit tenure in years.</p> <p>This field is enabled if the customer selects the <b>Tenure</b> option in the <b>Deposit Tenure</b> field.</p>
<b>Months</b>	<p>The customer can identify the deposit tenure in months.</p> <p>This field is displayed if the customer selects the <b>Tenure</b> option in the <b>Deposit Tenure</b> field.</p>
<b>Days</b>	<p>The customer can identify the deposit tenure in days.</p> <p>This field is displayed if the customer selects the <b>Tenure</b> option from the <b>Deposit Tenure</b> field.</p>
<b>Date</b>	<p>The customer can define the deposit tenure by selecting a date on which the deposit should mature.</p> <p>This field is displayed if the customer selects the <b>Date</b> option from the <b>Deposit Tenure</b> field.</p>
<b>Deposit Period Range</b>	<p>The minimum and maximum period within which the deposit account can be opened is displayed against the deposit tenure field once the customer selects a deposit product in the <b>Select Product</b> field.</p>
<b>Calculate Maturity</b>	<p>The customer can click on the <b>Calculate Maturity</b> link in order to be displayed the maturity amount and interest rate applicable on the deposit account based on the information defined.</p>
<b>Maturity Amount</b>	<p>The system will calculate and display the estimated maturity amount based on the parameters defined by the customer.</p>
<b>Current Holding Pattern</b>	<p>The holding pattern that will be applied to the deposit being opened is displayed.</p> <p>This field will be displayed only if the current or savings account selected as the <b>Source Account</b> has a joint holding pattern.</p>

Field Name	Description
<b>Click on the below option if you wish to modify it to single</b>	<p>This option enables the user to change the holding pattern of the deposit from Joint to Single.</p> <p>The option available is:</p> <ul style="list-style-type: none"> <li>• Single</li> </ul> <hr/> <p>Note:</p> <p>1) This field will be displayed only if the RFC account selected as the Source Account has a joint holding pattern.</p> <p>2) If the user does not opt to change the holding pattern to Single, the new deposit will be opened in the joint names of the holders of the RFC account selected as the Source Account.</p> <hr/>
<b>Maturity Details</b>	
<b>Maturity Instructions</b>	<p>Maturity instructions to be set by the customer for the deposit account. The options available are dependent on the deposit product selected.</p> <p>The maturity proceeds go only to RFC accounts.</p> <p>The options can be:</p> <ul style="list-style-type: none"> <li>• Close on maturity (No Rollover)</li> <li>• Renew Interest And Principal</li> <li>• Renew Principal and Pay Out the Interest</li> <li>• Renew Special Amount and Pay Out the remaining amount</li> </ul> <hr/> <p>Note: “<b>Renew special amount and Pay Out the remaining amount</b>” option is not supported with this host.</p> <hr/>
<b>Rollover Amount</b>	<p>The amount to be rolled over.</p> <p>This field is displayed if the customer selects <b>Renew Special Amount and Payout the Remaining Amount</b> option from the <b>Maturity Instruction</b> list.</p> <hr/>

Field Name	Description
<b>Pay To</b>	<p>This field is displayed if the customer has selected any maturity instruction that involves any part of the deposit amount to be paid out at the time of maturity.</p> <p>The customer is required to select the mode through which the amount to be paid out is transferred.</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• Own Accounts</li> <li>• Internal Bank Account</li> <li>• Domestic Bank Account</li> <li>• International Bank Account</li> </ul> <hr/> <p>Note:</p> <p>1) Only "Own Accounts" feature is supported.</p> <p>2) This field is not displayed, if the customer has selected <b>Renew Interest And Principal</b> option from the <b>Maturity Instructions</b> list.</p>

#### Own Account

This section is displayed if the customer has selected the option **Own Account** in the **Pay To** field.

**Transfer Account** The customer can select a RFC account to which the funds will be transferred when the deposit matures. All the customer's RFC accounts held with the bank will be listed down and available for selection.

The following fields are displayed once the customer has selected an account in the **Transfer Account** field.

**Beneficiary Name** The name of the holder of the account selected in **Transfer Account**.

**Bank Name** Name of the beneficiary bank.

**Bank Address** Address of the beneficiary bank.

**City** City of the beneficiary bank.

#### Nomination Details

This section is enabled only if the term deposit holding pattern is single.

Field Name	Description
<b>Add Nominee</b>	<p>This option enables the customer to specify preference with regards to whether a nominee is to be added against the new term deposit or not. The options are:</p> <ul style="list-style-type: none"> <li>• Yes- Select this option if you want to add a nominee against the term deposit</li> <li>• No - Select this option if you do not want to add a nominee against the term deposit.</li> </ul>
<b>Nomination Details</b>	
This section is enabled if the customer selects <b>Yes</b> option in <b>Add Nominee</b> field.	
<b>Nomination Type</b>	<p>The customer can identify whether he/she wants to add a new nominee or wants to add the same nominee as that of another account. The options are:</p> <ul style="list-style-type: none"> <li>• Add New: By selecting this option, the customer is able to specify details of the person who is to be added as the nominee of the new term deposit.</li> <li>• Replicate Existing Nominee: By selecting this option, the customer is able to add a person who is an existing nominee of another account held by the customer, as the nominee for the new term deposit being opened.</li> </ul>
The following fields are displayed if the customer selects the option <b>Add new</b> against the <b>Nomination Type</b> field.	
<b>Nominee Name</b>	Specify the full name of the nominee.
<b>Nominee Date Of Birth</b>	Specify the nominee's date of birth.
	<p><b>Note:</b> The customer will be required to specify details of the nominee's guardian if it is identified that the nominee is a minor on the basis of the nominee's date of birth.</p>
<b>Relationship</b>	Specify the customer's relationship with the nominee. E.g. Father, Mother, Daughter, Son, etc.
<b>Address</b>	Enter details pertaining to the nominee's address.

## 4.4 Opening FCNR Term Deposit Account

The NRI customers can open FCNR term deposit account from the respective CASA accounts in different currencies like US Dollar, UK Pound, Canadian Dollar, Deutsche Mark, Japanese Yen, and Euro. These deposits serve the dual purpose of tax savings and safety from currency fluctuations for the customers.

The retail user with NRE account, can open a FCNR term deposit account only. In case of premature withdrawal from term deposit, the maturity amount goes to NRE account with same currency.

OR  
Click **Cancel** to cancel the transaction.  
OR  
Click **Back** to navigate to the previous screen.
- 14. The confirm screen is displayed with a success message along with the reference number.  
Click **Go To Dashboard** link to navigate to back to the Dashboard.  
OR  
Click **Go To Account Details** link to view the deposit details.  
OR  
Click **Create Sweep-in** link to add account for sweep-in facility.

## **FAQs**

### **1. How does a term deposit work?**

A term deposit offers a fixed interest rate for a fixed term. Interest rates differ based on the deposit term, the amount of the deposit and the interest payment frequency.

### **2. When will I start earning interest on my term deposit?**

You will begin to earn interest from the day your term deposit is opened with the bank and not on the day the application is submitted.

### **3. Can I open a term deposit in joint names?**

Yes, it is possible to open the term deposit with joint holders. Details of the holders have to be provided while opening the deposit. The maximum number of joint holders that can be added depends on the bank's offerings.

## 5. Redemption under Oracle FLEXCUBE Core Banking

In times of financial emergencies, the primary source of funds for most people is their savings and investments. The facility to liquidate funds becomes imperative in such cases. The redeem term deposit feature enables customers to quickly liquidate their term deposits in any such situations.

Using this option, the customer can redeem either the entire amount or a partial amount of a term deposit.

Customers can choose to payout the funds from a deposit through any of the following methods for premature withdrawal or full redemption:

- Transfer to own account
- Transfer to internal account
- Transfer to a domestic account
- Transfer to international account

---

**Note:** Only Transfer to Own Account is working with this host setup.

---

In case of premature withdrawal or on deposit maturity of Term Deposit, the following transfers are permitted:

- Conventional term deposit transfer is permissible to Current and Savings account with same local currency
- RFC term deposit transfer is permissible only to RFC accounts with same currency
- NRE term deposit transfer is permissible only to NRE account or its international account
- NRO term deposit transfer is permissible only to NRO account with same currency
- FCNR term deposit transfer is permissible only to NRE account with same currency

**Tips**

You can apply to withdraw the funds partially or redeem your deposit fully before the actual term is up. There may be some penalty charges for premature withdrawal, which depends on the deposit type. The penal provisions for premature closure on term deposits are subject to change from time to time and may also vary with deposit schemes.

## 6. New Deposit under Oracle FLEXCUBE Universal Banking

The New Deposit page enables the customer to apply for a new term deposit. All the term deposit offerings of the bank are available for selection on this page. The customer can select any product offer in order to apply for a term deposit of choice.

While applying for a term deposit, the customer is required to identify the amount for which the deposit is to be opened, the tenure i.e. the term of the deposit and the holding pattern i.e. single or joint. Additionally, the customer is also required to define maturity instructions and also to select the current or savings account from which funds are to be debited in order to fund the deposit.

Certain cases, specific to India region, might require the customer to specify his/her PAN (Permanent Account Number) while applying for a new term deposit. These could be if the customer is creating a new term deposit that exceeds a value defined by the bank or if, at any given point in time, while creating a new term deposit, the cumulative value of the deposits (Fixed as well as Recurring Deposits) held by the customer exceeds a certain amount.

The term deposit offerings of the bank available are:

1. Opening conventional Term Deposit account

### How to reach here:

Dashboard > My Accounts > Term Deposits > New Deposit  
OR

Toggle Menu > Accounts > Term Deposits > New Deposit

## 6.1 Opening conventional Term Deposit Account

The retail user can open new conventional term deposit account based on the CASA accounts. In case of premature withdrawal from conventional term deposit, the maturity amount goes to CASA account with same local currency.

## 7. Redemption under Oracle FLEXCUBE Universal Banking

In times of financial emergencies, the primary source of funds for most people is their savings and investments. The facility to liquidate funds becomes imperative in such cases. The redeem term deposit feature enables customers to quickly liquidate their term deposits in any such situations.

Using this option, the customer can redeem either the entire amount or a partial amount of a term deposit.

Customers can choose to payout the funds from a deposit through any of the following methods for premature withdrawal or full redemption:

- Transfer to own account
- Transfer to internal account
- Transfer to a domestic account
- Transfer to international account

### How to reach here:

*Dashboard > My Accounts > Term Deposits > Redemption*

*OR*

*Toggle Menu > Accounts > Term Deposits > Redemption*

### Redemption

The screenshot displays the ZigBank Redemption page. The top navigation bar includes the ZigBank logo, a search icon, a mail icon, a user profile icon, and a welcome message: "Welcome, SAGAR NR11" with the last login time "12 Nov '16 1:18 PM". Below the navigation bar, there are tabs for "Deposit Details", "View Statement", "Top Up", "Redemption" (which is active), "Request Statement", and "Edit Maturity Instruction".

The main content area is divided into two sections. The left section, titled "Redemption Details", contains the following information:

- Account Number: xxxxxxxxxxxx4-29
- Balance: ₹184.54
- Redeemable Amount: ₹184.54
- Redemption Type: ☐ Partial ☒ Full
- Charges/Penalty: ₹0.00
- Final Redemption Amount: ₹184.54

The right section, titled "Payout Details", contains the following information:

- Pay To: Own Account (dropdown menu)
- Transfer Account: xxxxxxxxxxxx0012 - Account 1 (dropdown menu)
- James Smith  
Bank Futura - AT3 Branch  
Needal Street  
London  
GREAT BRITAIN

At the bottom of the form, there are two buttons: "Redeem" and "Back". Below the buttons, there is a link "Back to Dashboard".

On the right side of the page, there is a "Tips" section with a lightbulb icon. The text reads: "You can apply to withdraw the funds partially or redeem your deposit fully before the actual term is up. There may be some penalty charges for premature withdrawal, which depends on the deposit type. The penal provisions for premature closure on term deposits are subject to change from time to time and may also vary with deposit schemes."

At the bottom right, there is a chatbot icon with the text: "Hey, I am here to help if you need it."

The footer of the page contains the copyright notice: "Copyright © 2006, 2017, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions"

**Field Description**

<b>Field Name</b>	<b>Description</b>

## 9. Edit Maturity Instruction

At any point in time, a customer may want to change the maturity instruction set for a term deposit. The Edit Maturity Instruction feature enables a customer to change the maturity instruction that was set at the time the deposit was being opened.

Using this option, the customer can change the maturity instruction of a term deposit.

### How to reach here:

*Dashboard > My Accounts > Term Deposits > Deposit Details > Edit*  
OR

*Toggle Menu > Accounts > Term Deposits > Edit Maturity Instruction*

### Edit Maturity Details

**Edit Maturity Instruction**

Account Number  
xxxxxxxxxxxx0147

Balance : £5,000.00

Maturity Instruction  
Close on Maturity

Pay To  
Own Account

Transfer Account  
xxxxxxxxxxxx0018

Smith John  
Bank Futura - AT3 Branch  
Needal Street  
London  
GREAT BRITAIN

**Notes**

You can change the maturity instructions set at the time of opening this deposit.

Select Pay out at maturity and update your account details.

If your maturity instruction is to Renew Principal and Interest, it will be reinvested at the interest rate applicable on the maturity date for a deposit of that term and amount.

## 10. Top Up

This feature enables a customer to invest some amount, he might have, in an existing term deposit. Customers can top-up an existing term deposit with the desired and permissible top-up amount.

The application not only displays the current investment position of the term deposit, but also has the provision to calculate the revised maturity amount, interest rate and total investment. The customer can fund the top-up using any of his current or savings accounts held with the bank.

### How to reach here:

*Dashboard > My Accounts > Term Deposits > Top Up*

*OR*

*Toggle Menu > Accounts > Term Deposits > Top Up*

### Top Up

### Field Description

Field Name	Description
<b>Account Number</b>	The account number of the term deposit for which top-up is to be done.
<b>Current Balance</b>	The current balance of the deposit account is displayed.

Field Name	Description
<b>Top Up Amount</b>	The customer is required to specify the amount by which the term deposit is to be topped up.
<b>Maximum Top Up amount</b>	The maximum amount by which the term deposit can be topped up will be displayed below the <b>Top UP Amount</b> field.
<b>Top up amount in multiples of (X amount with currency)</b>	The top up amount should be a multiple of this value in the given currency.
<b>Revised Principal Amount</b>	The revised principal amount is displayed once top up amount is defined.
<b>Revised Maturity Amount</b>	The revised maturity amount of the deposit will be displayed once top up amount has been defined.
<b>Revised Interest Rate</b>	The revised interest rate applicable on the deposit will be displayed once top up amount has been defined.
<b>Source Account</b>	<p>The customer is required to select a current or savings account held with the bank, which will be debited in order to top up the deposit account.</p> <p>All the current and savings accounts of the customer along with nickname, if defined, will be listed down.</p>
<b>Balance</b>	The account balance of the source account will be displayed against the <b>Source Account</b> field once an account has been selected.

**To top-up the term deposit:**

1. In the **Top-up Amount** field, enter the amount by which the deposit account is to be topped up.
2. From the **Source Account** list, select the current or savings account from which the amount is to be debited in order to top up the deposit.
3. To add the top-up amount, click **Top Up**.  
OR  
To calculate the revised principal amount and maturity amount, click **Calculate Maturity**.  
OR  
Click **Back to Dashboard** link to navigate to the Dashboard.
4. The **Review** screen is displayed. Verify the details and click **Confirm**.  
OR  
Click **Cancel** to cancel the transaction.

OR

Click **Back** to navigate to the previous screen.

5. The **Confirm** screen is displayed containing a success message and reference number.

Click **Go To Dashboard** link to navigate back to the Dashboard.

OR

Click **Go To Account Details** link to view the deposit details.

OR

Click **Create Sweep-in** link to enable sweep-in facility for the account.

## 11. View Statement

Customers should be able to keep track of the transactions being performed on their accounts. The View Statement feature enables customers to view the details of all transactions performed in their deposit accounts. All the debit and credit entries along with each transaction amount and reference details are displayed.

Filters are provided for the customer to view transactions performed on the account within a certain period and also based on type of transaction i.e. whether the transaction was a debit, credit or both.

Additionally, customers can also download the account statement, and request for adhoc statements from this page.

### How to reach here:

*Dashboard > My Accounts > Term Deposits > View Statement*

OR

*Toggle Menu > Accounts > Term Deposits > View Statement*

### View Statement

The screenshot displays the ZigBank 'View Statement' page. The sidebar on the left includes the account number 'xxxxxxxxxxxx0205', view options for 'Current Month' and 'All', and buttons for 'Apply Filter' and 'Reset'. Below these are links for 'E-Statement', 'Request Statement', and 'Pre-Generated Statement', along with a 'Back to Dashboard' link. The main content area features a table with columns for Date, Description, Reference No, and Amount. A single transaction is listed: '23 Nov 2018', 'NEW DEPOSIT', 'AT3DEBK183270B6U', and '£500.00 Cr'. A 'Download' button is located in the top right corner of the table area. The bottom of the page includes a copyright notice and a chatbot icon.

Date	Description	Reference No	Amount
23 Nov 2018	NEW DEPOSIT	AT3DEBK183270B6U	£500.00 Cr

### Field Description

Field Name	Description
<b>Account Number</b>	The deposit account number of which statements are being viewed, is displayed.

### Filter section

Field Name	Description
<b>Transaction Period</b>	Filters to view the transactions of a specific period. The options are: <ul style="list-style-type: none"> <li>• Current Month</li> <li>• Previous Month</li> <li>• Previous Quarter</li> <li>• Date Range</li> </ul>
<b>Date From / To</b>	Facility to specify a date range so as to view the activity performed within the specified period. This field appears if the customer selects the <b>Select Date Range</b> option from the Transaction Period list.
<b>Transaction Description</b>	Filter to view the transactions based on transaction type. The options are: <ul style="list-style-type: none"> <li>• All</li> <li>• Debits Only</li> <li>• Credits Only</li> </ul>
<b>Statement Records</b>	
<b>Date</b>	The date on which the activity was performed.
<b>Description</b>	A short description of the transaction.
<b>Reference No</b>	The reference number of the specific transaction.
<b>Amount</b>	The transaction amount along with the debit or credit indicator.

**To view the statement:**

1. From the **Account Number** list, select the appropriate account for which you want to view the statement.  
This step is required only if this screen has been navigated to from the Toggle Menu.  
The **View Statement** page is displayed.
2. From the **View Options** list, select the appropriate transaction period and transaction type.
  - a. From the **Transaction Period** list, select the appropriate period.
  - b. From the **Transaction Type** list, select the appropriate option.

- c. Click **Apply Filter** to generate a statement based on the defined criteria.  
The statement is generated and displayed based on filter criteria.
  - i. Click **Download**, and select the download format to download the statement.  
The customer can download in .csv, MT940, .pdf, .qif, and .ofx format.  
OR  
Click **Reset** to clear the filter criteria entered.

## 11.1 E-statements

The 'E-statement' feature enables users to subscribe for e-statements. Once the user has subscribed for e-statements, he/she will receive regular statements of the account on an email address that is registered with the bank.

Using this facility, the user is also able to unsubscribe for e-statements, after which he will no longer receive statements for the specific account.

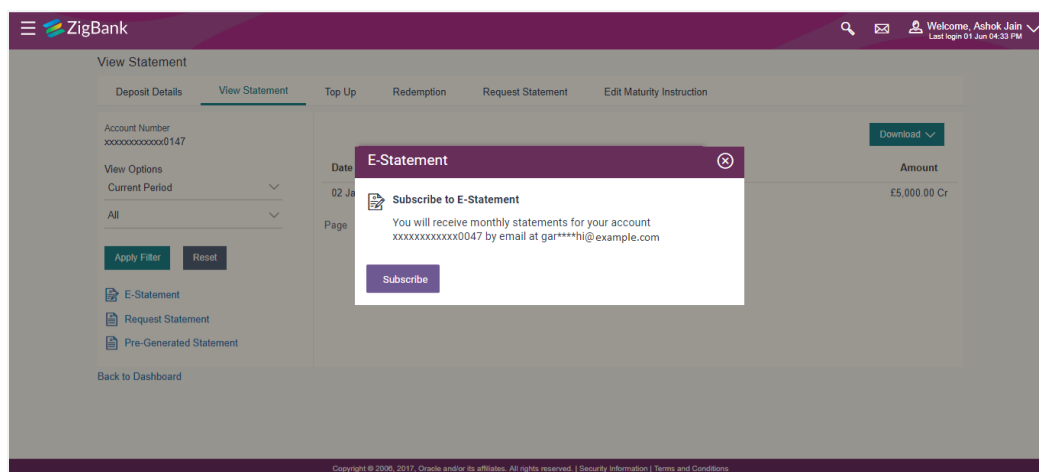

### How to reach here:

*Dashboard > Toggle menu > Accounts > Term Deposits > View Statement > E-Statements*

### To subscribe to e-statements:

1. Click the **E-Statements** link to subscribe to e-statements.

### E-statement

## 11.2 Request Statement

Users can request for physical copies of the deposit account statement from the View Statement screen as well as by selecting the **Request Statement** option on the menu.

The Request Statement feature has been documented under section [Request Statement](#) of this manual.

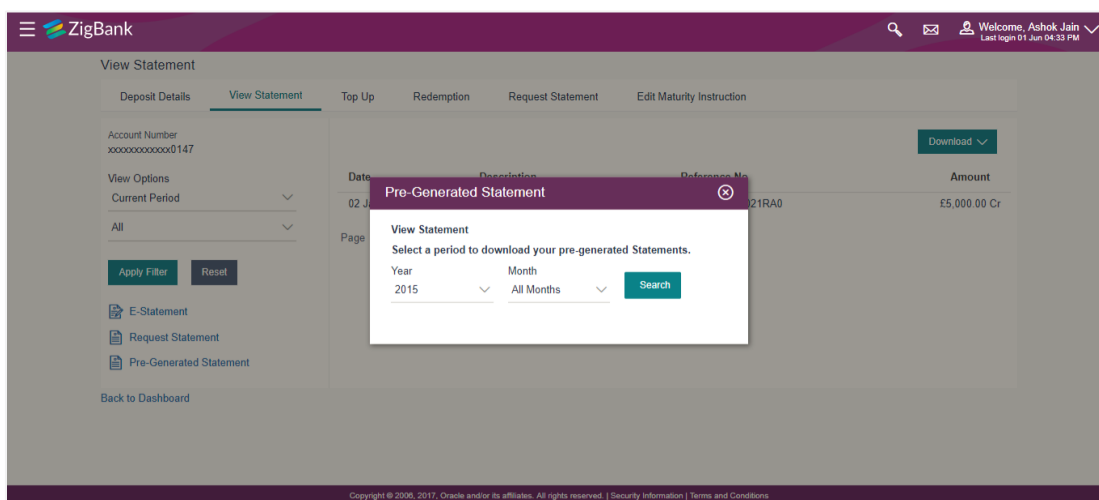

## 11.3 Pre-generated Statement

Pre-generated statements are statements that have been generated by the system for an account in the past. Through this option, the user can view statements that have been generated in the past.

### How to reach here:

*Dashboard > My Accounts > Term Deposits > View Statement > Pre-Generated Statement*

### Pre-generated Statement

### Field Description

Field Name	Description
------------	-------------

#### Period

Year	The customer is required to select a year as the first step in selecting a period.
------	--

Field Name	Description
<b>Month</b>	The customer is required to specify the month, after having specified a year, so as to be displayed the statements generated for that particular month of the defined year.

#### Statement Records

<b>Statement Number</b>	Statement reference number.
<b>From</b>	Start date of the date period for which the statement is generated.
<b>To</b>	End date of the date period for which the statement is generated.
<b>Download</b>	Click the link to download the specific statement.

1. From the **Period** lists, select the desired year and month to be displayed all the statements generated within that period.
2. Click **Search** to be displayed all statements generated within the specified period.
3. Click on the link (.pdf) available against any statement record to **Save / Print** that particular statement.

[Home](#)

## 12. Request Statement

The statement request feature enables customers to request the bank for a physical copy of the statement of an account for a specific period. This physical copy will be mailed to the user's address registered with the bank.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Term Deposits > Request Statement*

### Request Statement

### Field Description

Field Name	Description
<b>Account Number</b>	The deposit account number for which statement has to be requested is displayed in masked format along with the account nickname, if defined. For more information on Account Nickname, refer <a href="#">Account Nickname</a> .
<b>Balance</b>	The deposit account balance is displayed.
<b>From Date</b>	The customer is required to specify the start date from which the account statement is required.
<b>To Date</b>	The customer is required to specify the date until when the statement is required.

**To request for a physical statement:**

## 14. Deposit Calculator

The Term Deposit calculator gives an indication to the customer about the amount that the customer can acquire at maturity if a specific amount is invested in a term deposit with the bank for a fixed period of time. The system calculates the total value of the term deposit at the end of the maturity period.

### How to reach here:

*Dashboard > My Accounts > Term Deposits > Deposit Calculator*

### Deposit Calculator

**Term Deposit Calculator**

How Much would you like to Deposit

Amount  
£12,000.00

Frequency

Years	Months	Days
5	5	0

@Interest  
10%

You get back : £17,589.11

[Calculate](#)

[Back To Dashboard](#)

## 15. Account Nickname

A customer may wish to assign nicknames to deposit accounts so as to be able to easily identify them. The **Add Nickname** feature enables customers to easily assign nicknames to any deposit account. Once a nickname is assigned to an account, it is displayed on various transactions in addition to the standard account description. This option also allows customer to modify or delete the nickname whenever required.

### To assign a nickname to a deposit account:

1. Click the  option available on the specific deposit details page.
2. In the **ADD Nickname** field, enter the nickname you want to assign to the account.

### Add Nickname- Example

The screenshot shows the ZigBank interface with the 'Deposit Details' page selected. The 'Add Nickname' button is highlighted with a red box. The page displays various account details, including Customer Name (Ashok Jain), Account Number (xxxxxxxxxxxx0191), Current Balance (£1,300.00), and Maturity Details (Maturity Amount: £1,300.00, Maturity Date: 02 Jan 2017).

### Field Description

#### Field Name Description

Field Name	Description
<b>Add Nickname</b>	On clicking on the Add Nickname link, a field is displayed in which the customer can specify a nickname to be assigned to the account.

3. Click  to save your changes.  
The specified nickname will be displayed on various transaction screens.

To edit / delete a nickname:

## Add Nickname - Edit/ Delete

The screenshot shows the ZigBank interface. At the top, there's a navigation bar with the ZigBank logo and user information: 'Welcome, Ashok Jain' and 'Last login: 28 Jan 2017 10:10 PM'. Below this is a 'Deposit Details' section with tabs for 'Deposit Details', 'View Statement', 'Top Up', 'Redemption', 'Request Statement', and 'Edit Maturity Instruction'. The 'Deposit Details' tab is active, showing a summary table with columns: Customer Name (Ashok Jain), Account Number (xxxxxxxxxx0191), Current Balance (£1,300.00), and Nickname (SmartSaver). The Nickname cell has a red box around it and icons for edit and delete. Below this is a detailed view with three columns: Account Details, Deposit Details, and Maturity Details. The Account Details column shows customer ID, original principal amount, holding pattern, current principal amount, status, hold amount, deposit branch, and nomination. The Deposit Details column shows deposit date, deposit term, rate of interest, value date, and sweep-in provider. The Maturity Details column shows maturity amount, accrued interest, maturity date, maturity instruction, and transfer details. At the bottom, there's a 'Back to Dashboard' link and a copyright notice.

4. Click the  icon displayed against the nickname in order to modify the nickname. Modify the nickname as required and save your updates.  
OR  
Click the  icon to delete the nickname.

## FAQs

### 1. What is the advantage of assigning a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it.

### 2. What is Total Maturity Amount?

The total maturity amount is the amount that the deposit is worth at the time of maturity.

### 3. How does a term deposit work?

A term deposit offers a fixed interest rate for a fixed term. Interest rates differ based on the deposit term, the amount of the deposit and the interest payment frequency.

### 4. When will I start earning interest on my term deposit?

You will begin to earn interest from the day your term deposit is opened with the bank and not on the day the application is submitted.

**5. Can I open a term deposit in joint names?**

Yes, it is possible to open the term deposit with joint holders. Details of the holders have to be provided while opening the deposit. The maximum number of joint holders that can be added depends on the bank's offerings.

**6. Can I modify the term deposit details?**

Yes, you can modify the maturity instructions defined for your term deposit as well as top up the deposit amount. Both these options are provided on the Term Deposit Details screen.

**7. What happens to my term deposit at maturity?**

This will depend on the maturity instructions defined by you at the time the deposit was opened. Based on your selection at that point, at the time of maturity, the deposit would either be renewed or the amount will get credited to a specified account. If the funds are to be withdrawn at maturity, you can provide the details of the account to which the maturity proceeds are to be credited.

**8. Can I add funds to my term deposit?**

If the term deposit product has a facility for top up, then an option will be provided to add funds into the term deposit. The maximum amount with which you can top up the deposit will be defined by the bank and displayed on the top up page.

**9. Can I redeem the term deposit before the maturity date?**

Yes, depending on the bank's offerings, it is possible to redeem the term deposit amount either partially or fully before the maturity date.

**10. Can the maturity amount be credited into my account held with another bank?**

Yes, it is possible to setup instructions to credit the maturity amount into another bank account.
