**Brief Description**

**Business Process:** 3.3.2.5 C2M.CCB.Manage Consumer Contract  
**Process Type:** Sub-Process  
**Parent Process:** 3.3.2 C2M.v2.7.CCB-MDM.Manage Service Agreement  
**Sibling Processes:** 3.3.2.1a C2M.CCB.Start Premise-Based Service Using Customer Service Request; 3.3.2.3a C2M.CCB.Terminate Contracts and Stop Premise-Based Service

This business process depicts scenarios when customers requests the service provider to add, change or remove Consumer Contracts and Products. It happens if consumer requests a new service or make a changes to existing service and Customer Service Request is being created and processed. This process describes steps required to create, maintain and remove Consumer Contracts and Products requested by customer or performed automatically if specific Contract and Product conditions met. Typically an authorized business user evaluates the Consumer Contracts and Products and makes necessary changes if appropriate.

Detail Business Process Model Description

1.0 Search for Existing Consumer Contract
Actor/Role: Authorized User
Description:
At first the Application User will search for an Existing Consumer Contract.

1.1 Select Contract ID, Review, and Update CS Request Contract Information
Actor/Role: Authorized User
Description:
If the consumer contract exists, the Authorized User will select the Contract ID then the user will review and update the CS Request Contract Information through the Contract Change Request Contract page.

1.2 Request Add CS Request Contract
Actor/Role: Authorized User
Description:
The Authorized User will request to add the CS Request Contract.

1.3 Validate and Add CS Request Contract in Pending Status
Actor/Role: C2M(CCB)
Description:
Based on the provided information, a new CS Request Contract will be added in the C2M(CCB) in the Pending Status.

3.3.2.5 C2M.v2.7.CCB.Manage Consumer Contract

Entities to Configure:

| Contract Product |

---

1.4 Enter CS Request Contract Information
Actor/Role: Authorized User
Description:
If the consumer contract does not exist, the Authorized User will enter the information for a new CS Request Contract through the Contract Change Request Contract page.

1.5 Review CS Request Contract
Actor/Role: Authorized User
Description:
The Authorized User will review the created CS Request Contract.

1.6 Update CS Request Contract Information
Actor/Role: Authorized User
Description:
If an update is required, the Authorized User will update the information for CS Request Contract.

1.7 Request Update CS Request Contract
Actor/Role: Authorized User
Description:
The Authorized User will request to update the CS Request Contract.

1.8 Update CS Request Contract in Pending Status
Actor/Role: C2M(CCB)
Description:
Based on the provided information, the CS Request Contract will be updated in the C2M(CCB) in the Pending Status.

Available Plug-In(s)

| C1-CCNTINFO Customer Service Request Person Information (Information Algorithm) |
| C1-VALCSRCNT Validate Contract Change Request Contract Action (Validation Algorithm) |

Business Object

| Entities to Configure: | CI-ContractChangeReqContBasic (Contract Change Request Contract Basic) |

**1.9 Evaluate Requirements for CS Request Contract Product**
*Actor/Role: Authorized User*
*Description:*
The Authorized User will evaluate the requirements for CS Request Contract Product.

**2.0 Review Contract Product Information**
*Actor/Role: Authorized User*
*Description:*
If the Consumer Contract Product exists, the Authorized User will review the existing CS Contract Product.

**2.1 Populate Existing Consumer Contract Product Data and Action Date**
*Actor/Role: Authorized User*
*Description:*
If the Consumer Contract Product exists and needs to be terminated, the Authorized User will populate the existing Consumer Contract Product data and the Action Date through the Contract Change Request Contract Product page.

**2.2 Request End Action for CS Request Contract Product**
*Actor/Role: Authorized User*
*Description:*
The Authorized User saves the CS Request Contract Product after populating the existing Consumer Contract Product data and the Action Date.

**2.3 Enter Contract Product Information**
*Actor/Role: Authorized User*
*Description:*
If the Consumer Contract Product exists, the Authorized User will enter the Contract Product Information on the CS Contract Product through the Contract Change Request Contract Product page.

**2.4 Request Add Action for CS Request Contract Product**
*Actor/Role: Authorized User*
*Description:*

### 2.6 Review CS Request Contract Product

**Actor/Role:** Authorized User

**Description:**
The Authorized User will review the created CS Request Contract Product.

### 2.7 Update CS Request Contract Product Information

**Actor/Role:** Authorized User

**Description:**
If an update is required, the Authorized User will update the CS Request Contract Product information through the [Contract Change Request Contract Product](#) page.

### 2.8 Request Update CS Request Contract Product

**Actor/Role:** Authorized User

**Description:**
The Authorized User will request to update the CS Request Contract Product.
2.9 Update CS Request Contract Product in Pending Status
Actor/Role: C2M(CCB)
Description:
Based on the provided information, the CS Request Contract Product will be updated in the C2M(CCB) in the Pending Status.

</table>

3.0 Review CS Request Contract and CS Request Contract Product(s)
Actor/Role: Authorized User
Description:
The Authorized User will review the created CS Request Contract and CS Request Contract Product(s).

3.1 Discard CS Request Contract
Actor/Role: Authorized User
Description:
If the Contract is not linked to any Contract Product, the Authorized User will request to discard the CS Request Contract.

3.2 Update CS Request Contract Product to Discarded Status
Actor/Role: C2M(CCB)
Description:
The CS Request Contract will be updated to Discarded Status.

### 3.3 Review CS Request Contract and CS Request Contract Product(s)

**Actor/Role:** Authorized User  
**Description:**  
The Authorized User will review the created CS Request Contract and CS Request Contract Product(s).

### 3.4 Discard CS Request Contract

**Actor/Role:** Authorized User  
**Description:**  
If the Contract Product is not required, the Authorized User will request to discard the CS Request Contract Product.

### 3.5 Update CS Request Contract Product to Discarded Status

**Actor/Role:** C2M(CCB)  
**Description:**  
The CS Request Contract Product will be updated to Discarded Status.

</table>
3.6 Review CS Request Contract
Actor/Role: Authorized User
Description:
The Authorized User will review the CS Request Contract.

3.7 Initiate Process CS Request Contract
Actor/Role: Authorized User
Description:
The Authorized User will initiate the CS Request Contract through the Contract Change Request Contract page.

3.8 Validate and Transition to Process CS Request Contract
Actor/Role: C2M(CCB)
Description:
Based on the provided information, the CS Request Contract will be validated and transitioned in the C2M(CCB) in the Process Status.

4.1 Update Consumer Contract and Set to Agreed Status. Group: Create or Update Consumer Contract

Actor/Role: C2M(CCB)

Description:
If the Consumer Contract exists, C2M(CCB) will update the Consumer Contract and it will be transitioned to Agreed status.

Please refer to task 4.0 Create Consumer Contract and Set to Agreed Status. Group: Create or Update Consumer Contract for configuration details.

4.2 Update CS Request Contract to Processed Status. Group: Create or Update Consumer Contract

Actor/Role: C2M(CCB)

Description:
If the processing of the Consumer Contract is successful, the CS Request Contract in the C2M(CCB) will be transitioned to Processed status and process logic specified in 3.3.2.1a C2M.Manage Service Request and Start a Premise-Based Service.

</table>

5.0 Review the Contract Info  
Actor/Role: Authorized User  
Description:  
The Authorized User will review the Consumer Contract.
5.1 Search for Contract
Actor/Role: Authorized User
Description:
At first the Authorized User will search for an Existing Consumer Contract.

5.2 Update Consumer Contract Identifiers, Characteristic(s)
Actor/Role: Authorized User
Description:
The Authorized User will update the Consumer Contract’s Identifiers and/or Characteristics through the Consumer Contract page.

5.3 Request Update Consumer Contract
Actor/Role: Authorized User
Description:
The Authorized User will save the Consumer Contract changes.

5.4 Update Consumer Contract
Actor/Role: C2M(CCB)
Description:
If the Consumer Contract exists, C2M(CCB) will update the Consumer Contract.

Available Plug-In(s)

| C1-CCONINFO Create the Consumer Contract Information (Information Algorithm) |
| C1-TRANBOST Transition Consumer Contract based on Contract Products End Date Times (Pre-Processing Algorithm) |

Business Object

| C1-ConsumerContract (Consumer Contract) |

Entities to Configure:

| Consumer Contract Type |
| CIS Division |

5.5 Select Milestone Type, Populate Required Data, Request Add Milestone(s)
Actor/Role: Authorized User
Description:
If it was determined by the Authorized User that additional milestone(s) are needed, the Authorized User will specify the Consumer Contract Milestone Type and other required data on the Consumer Contract Milestone page.

5.6 Add Milestone(s) in Pending Execution Status
Actor/Role: C2M(CCB)
Description:
C2M(CCB) will add the Consumer Contract Milestone(s) and it will be added with a Pending execution status.
### 5.7 Request Cancel Milestone(s)
**Actor/Role:** Authorized User
**Description:**
If it was determined by the Authorized User that a milestone needs to be canceled, the Consumer Contract Milestone’s execution status will be set to *Canceled* on the Consumer Contract Milestone page.

### 5.8 Update Milestone(s) to Canceled Execution Status
**Actor/Role:** C2M(CCB)
**Description:**
C2M(CCB) will update the Consumer Contract Milestone(s) to have an execution status of *Canceled*.

### 5.9 Request Milestone(s) to be Excluded from Processing
**Actor/Role:** Authorized User
**Description:**
If it was determined by the Authorized User that a milestone needs to be excluded from processing, the Consumer Contract Milestone’s execution status will be set to *Not Executable* on the Consumer Contract Milestone page.
**6.0 Update Milestone(s) to Not Executable Execution Status**

**Actor/Role:** C2M(CCB)

**Description:**
C2M(CCB) will update the Consumer Contract Milestone(s) to have an execution status of *Not Executable*.

**Available Plug-In(s)**

<table>
<thead>
<tr>
<th>Business Object</th>
</tr>
</thead>
<tbody>
<tr>
<td>C1-CCONINFO Create the Consumer Contract Information (Information Algorithm)</td>

<tr>
<td>C1-TRANBOST Transition Consumer Contract based on Contract Products End Date Times (Pre-Processing Algorithm)</td>
</tr>
</tbody>
</table>

**Entities to Configure:**

| Consumer Contract Milestone Type |

---

**6.1 Update Start/End Date, Price Effective Date, Characteristic(s)**

**Actor/Role:** Authorized User

**Description:**
The Authorized User will update the Consumer Contract Product’s Start or End Date, Price Effective Date and/or Characteristic(s) through the Consumer Contract Product page.

**6.2 Request Update Consumer Contract Product(s)**

**Actor/Role:** Authorized User

**Description:**
The Authorized User saves the changes to the Consumer Contract Product(s).

**6.3 Update Consumer Contract Product(s)**

**Actor/Role:** C2M(CCB)

**Description:**
Application updates the existing Consumer Contract Product based on the information provided.

**Available Plug-In(s)**

<table>
<thead>
<tr>
<th>Business Object</th>
</tr>
</thead>

6.8 Analyze Error in Log
Actor/Role: Authorized User
Description:
The Authorized User analyzes the error in the log.
If error occurred while application processed the CS Request Contract, the Authorized User reviews the Contract Change Request Contract page.
If error occurred while application processed the CS Request Contract Product, the Authorized User analyzes the error and reviews the Contract Change Request Contract Product page.

6.9 Request to Discard CS Request Contract
Actor/Role: Authorized User
Description:
If the Authorized User deems that the CS Request Contract needs to be discarded, the Discard button will be clicked.

7.0 Update CS Request Contract to Discarded Status
Actor/Role: C2M(CCB)
Description:
C2M(CCB) will transition the CS Request Contract to Discarded status.
