1 OFS Loan Loss Forecasting and Provisioning Application Pack (Language Pack) 8.1.2.0.3 Release

This document describes the necessary steps to install/upgrade and configure 8.1.2.0.3 (Language Pack) and enable the UI of OFS Loan Loss Forecasting and Provisioning Application Pack in different languages in addition to US-English. The Language Pack supported in this release is *Simplified Chinese*.

Topics:

- [Pre Installation Requirements](#)
- [How to Apply this Language Pack Release?](#)

1.1 Pre Installation Requirements

1. Install the OFS Loan Loss Forecasting and Provisioning Application Pack 8.1.2.0.0 before you proceed to the Language Pack Installation. Log in to [My Oracle Support](#) and search for **33813714** under the **Patches & Updates** Tab. For more information on installing this release, see the [OFS Loan Loss Forecasting and Provisioning Installation Guide](#).
2. Install the OFS AAI Language Pack 8.1.2.0.0 (add patch number) Log in to [My Oracle Support](#) and search for **33720277** under the **Patches & Updates** Tab.
3. Log in to [My Oracle Support](#) and search for the 8.1.2.0.2 patch **33924158** and the 8.1.2.0.3 patch **33973785** under the **Patches & Updates** Tab.
4. Perform the following steps to install the patch:
 - a. Download the OFS Loan Loss Forecasting and Provisioning v8.1.2.0.3 archive file from MOS and copy it to your OFSAA server in **Binary Mode**.
 - b. Stop all the OFSAA Services.
For more information, see the *Start/Stop Infrastructure Services* section in the [OFS Loan Loss Forecasting and Provisioning Installation Guide 8.1.2.0.0](#).
 - c. If you have the Unzip utility, skip to the next step, or, download the Unzip utility (OS-specific) and copy it in **Binary Mode** to the directory that is included in your PATH variable, typically \$HOME path or directory in which you have copied the language pack archive file.
 - d. Extract the contents of the OFS Loan Loss Forecasting and Provisioning Application Pack Language Pack 8.1.2.0.3 archive file using the following command:

```
unzip <name of the file to be unzipped>
```

For example, `unzip 33973785_GENERIC.zip`
 - e. Grant 755 permissions to the Installation and Download Directory.
 - f. Perform the following **Silent Mode** steps:
 - i. Navigate to the <directory>/appsLibConfig/conf Path.

- ii. Edit the `params.conf` File.
- iii. Modify the `UPLOAD_MODEL` parameter to 0.
- iv. Navigate to the `<directory>OFS_LLFP/bin` Path and execute the command `./setup.sh SILENT`.

1.2 Post Language Pack Installation

To install the contents of this Language Pack, follow these steps:

1. Post successful installation of the Language Pack, perform the configurations as explained in the [Post Installation Configuration](#) Section.
2. Delete the existing EAR/WAR file available in the `$FIC_HOME/ficweb` folder.
3. Generate the **EAR/WAR** file and redeploy the application onto your configured Web Application Server.

For more information, see the [OFS Loan Loss Forecasting and Provisioning Installation Guide 8.1.2.0.0](#) available in the OHC Documentation Library.

4. After the Language Pack has been installed successfully and post-installation configurations are done, **restart** all the OFSAA Services.

For more information, see the [OFS Loan Loss Forecasting and Provisioning Installation Guide 8.1.2.0.0](#) available in the OHC Documentation Library.

1.2.1 Report Configuration (OBIEE)

Perform the following steps to configure the reports in OBIEE/OAS for Simplified Chinese Language:

1. Navigate to `$FIC_HOME/LLFP_DASHBOARDS` Directory containing the **LLFP.rpd** File and deploy the RPD. For more information, see the **OBIEE Configuration - Deploy OFS LLFP Analytics** section in the [OFS Loan Loss Forecasting and Provisioning Installation Guide](#).
2. Navigate to `$FIC_HOME/LLFP_DASHBOARDS` Directory containing the **LLFP_zh_CN.catalog** File and deploy the Catalog.
3. Log in to OBIEE/OAS, navigate to the **Administration** Page, select the **Import Caption** option, and then select the Simplified Chinese language.
4. Import the following XML files from the `$FIC_HOME/LLFP_DASHBOARDS` folder in the below sequence:
 - a. **ce1captions_zh_CN.xml**
 - b. **ifrs+9captions_zh_CN.xml**
 - c. **subledgercaptions_zh_CN.xml**
5. Select **Save** and then log out.
6. Log in to OBIEE/OAS, select the Simplified Chinese language and view the translated strings in the Simplified Chinese language.
7. Edit the Global Variables.
 - a. In the **Dashboards** drop-down list, click **Disclosure Reports** to open the dashboard.

- b. Click **Edit** on any of the reports to open the **Settings** Window.
- c. In the **Criteria** Tab, in the **Selected Columns** Pane, click the **Onerous Classification Code**.
- d. Click **Settings**  to open the **Settings** Submenu.
- e. Click **Edit** formula to open the **Edit Column Formula** Window.
- f. In the **Variables drop-down list**, select **Global...** to open the **Insert Global Variable** Window.
- g. Select the Global Variable that you want to edit, and then click **Edit Global Variable** .
- h. Edit a global variable with the following details:

Table 1: Required Values for the Global Variable

Field	Value to be added
Name	denomination
Type	Text
Value	case when '{@denomination}{in thousand}' = 'В тысячах' then 1000 when '{@denomination}{in thousand}' = 'В миллионах' then 1000000 else 1 end

This variable is used to divide all amount values by thousand or million, depending on the selected criteria.

- i. Click **OK**, and then click **OK** again to save.

1.3 Frequently Asked Questions

How do I view the Reports in the English language from Simplified Chinese?

Redeploy the RPD and Catalog, for more information see the **OBIEE Configuration - Deploy OFS LLFP Analytics** section in the Release 8.1.2.0.0 [OFS Loan Loss Forecasting and Provisioning Installation Guide](#).

OFSAA Support

Raise a Service Request (SR) in [My Oracle Support \(MOS\)](#) for queries related to the OFSAA applications.

Send Us Your Comments

Oracle welcomes your comments and suggestions on the quality and usefulness of this publication. Your input is an important part of the information used for revision.

- Did you find any errors?
- Is the information clearly presented?
- Do you need more information? If so, where?
- Are the examples correct? Do you need more examples?
- What features did you like most about this manual?

If you find any errors or have any other suggestions for improvement, indicate the title and part number of the documentation along with the chapter/section/page number (if available) and contact the Oracle Support.

Before sending us your comments, you might like to ensure that you have the latest version of the document wherein any of your concerns have already been addressed. You can access My Oracle Support site that has all the revised/recently released documents.
