Copyright © 2022 Oracle and/or its affiliates. All rights reserved.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

# 1 About the Guide

This section provides release information for the OFS Loan Loss Forecasting and Provisioning Application Pack and includes the following topics:

- [Intended Audience](#)
- [Access to Oracle Support](#)
- [Related Information Sources](#)

## 1.1 Intended Audience

This document is intended for users of the OFS Loan Loss Forecasting and Provisioning Application Pack.

## 1.2 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> Or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

## 1.3 Related Information Sources

You can access the following online documents from the Oracle Help Center (OHC) Documentation Library for [OFS Loan Loss Forecasting and Provisioning Application Pack](#):

- OFS Loan Loss Forecasting and Provisioning Release Notes
- OFS Loan Loss Forecasting and Provisioning Installation Guide
- OFS Loan Loss Forecasting and Provisioning User Guide

You can access the OFS AAI documentation online from the OHC Documentation Library for [OFS AAI](#):

- [OFS Advanced Analytical Applications Infrastructure \(OFS AAAI\) Application Pack Installation and Configuration Guide](#)
- [OFS Analytical Applications Infrastructure User Guide](#)

The additional documents are:

- [OFSAA Licensing User Manual, Release](#)
- [OFS Analytical Applications Infrastructure Security Guide](#)
- [OFSAAI FAQ Document](#)
- [OFS Analytical Applications Technology Matrix](#)
- [OFS Loan Loss Forecasting and Provisioning Technical Documents](#)

## 1.4 Introduction to OFS Loan Loss Forecasting and Provisioning Application Pack

International Financial Reporting Standards (IFRS) guidelines have set new requirements for the classification and measurement of financial assets and liabilities. It specifies two approaches for the measurement of assets, namely, Amortized Cost and the Fair Value Approach. The scope of Oracle Financial Services Loan Loss Forecasting and Provisioning is to focus only on the Amortized Cost Approach.

## 1.5 OFS Loan Loss Forecasting and Provisioning Language Pack

This is a Language Pack release for OFS Loan Loss Forecasting and Provisioning Application Pack v8.1.2.0.3. A language pack for a given language and release contains artifacts at the specific release level (in this case v8.1.2.0.0) that are translated to the specific language. The language supported in this release is Chinese.

### 1.5.1 Prerequisites

1. Install the OFS Loan Loss Forecasting and Provisioning Application Pack 8.1.2.0.0 or higher before you proceed to the Language Pack Installation. Log in to [My Oracle Support](#) and search for **33813714** under the **Patches & Updates** Tab. For more information on installing this release, see the [OFS Loan Loss Forecasting and Provisioning Installation Guide](#).
2. Install the OFS AAI Language Pack 8.1.2.0.0 (add patch number) Log in to [My Oracle Support](#) and search for **33720277** under the **Patches & Updates** Tab.
3. Log in to [My Oracle Support](#) and search for the 8.1.2.0.2 patch **33924158** and the 8.1.2.0.3 patch **33973785** under the **Patches & Updates** Tab. Perform the following steps to install the patch:
  - a. Download the OFS Loan Loss Forecasting and Provisioning v8.1.2.0.3 archive file from MOS and copy it to your OFSAA server in **Binary Mode**.
  - b. Stop all the OFSAA Services.  
For more information, see the *Start/Stop Infrastructure Services* section in the [OFS Loan Loss Forecasting and Provisioning Installation Guide 8.1.2.0.0](#).
  - c. If you have the Unzip utility, skip to the next step, or, download the Unzip utility (OS-specific) and copy it in **Binary Mode** to the directory that is included in your PATH variable, typically \$HOME path or directory in which you have copied the language pack archive file.
  - d. Extract the contents of the OFS Loan Loss Forecasting and Provisioning Application Pack Language Pack 8.1.2.0.3 archive file by using the following command:

```
unzip <name of the file to be unzipped>
```

For example, `unzip -a 33973785_GENERIC.zip`
  - e. Grant 755 permissions to the Installation and Download Directory.
  - f. Perform the following **Silent Mode** steps:
    - i. Navigate to the <directory>/appsLibConfig/conf Path.

- ii. Edit the `params.conf` File.
- iii. Modify the `UPLOAD_MODEL` Parameter to 0.
- iv. Navigate to the `<directory>OFS_LLFP/bin` Path and execute the command `./setup.sh SILENT`.

## 1.5.2 Apply the Language Pack Release

For detailed instructions to install this Language Pack Release, see the [OFS Loan Loss Forecasting and Provisioning 8.1.2.0.3 Language Pack Installation and Configuration Guide](#).

## 1.5.3 Known Issues or Limitations

The following are the Limitations of Release 8.1.2.0.3:

- The Inbox and Attribution Analysis Screens are not fully translated.
- **Note:** A few terms such as *Older*, *Year of origination* are not translated in a few reports.

## OFSAA Support

Raise a Service Request (SR) in [My Oracle Support \(MOS\)](#) for queries related to the OFSAA applications.

## OFSAA Support

Raise a Service Request (SR) in [My Oracle Support \(MOS\)](#) for queries related to the OFSAA applications.

## Send Us Your Comments

Oracle welcomes your comments and suggestions on the quality and usefulness of this publication. Your input is an important part of the information used for revision.

- Did you find any errors?
- Is the information clearly presented?
- Do you need more information? If so, where?
- Are the examples correct? Do you need more examples?
- What features did you like most about this manual?

If you find any errors or have any other suggestions for improvement, indicate the title and part number of the documentation along with the chapter/section/page number (if available) and contact Oracle Support.

Before sending us your comments, you might like to ensure that you have the latest version of the document wherein any of your concerns have already been addressed. You can access My Oracle Support site that has all the revised/recently released documents.
