## 1.1 Purpose of this Document

There is a consistent requirement for a faster and effective approach of replicating an existing OFSAA instance for further project developments. The approach is to set up the OFSAA instances that are exact copies of the current OFSAA instance.

## 1.2 Assumptions

The assumptions made in this document are:

- A working source OFSAA 8.1.x instance is in place.
- An appropriate target system exists for the new OFSAA setup.

## 1.3 Audience

This reference guide is for the administrators and implementation consultants responsible for the cloning of an OFSAA instance.
