Description

ID **36261585** – ONE-OFF PATCH RELEASE OF RECONCILIATION FRAMEWORK 8.1.1.1.10.

Prerequisites

- The minimum version of the Oracle Financial Services Reconciliation Framework on which this patch can be applied is 8.1.1.1.9 (ID **35998093**).
- If you are using a higher version of DGS such as 8.1.2.0.0 version and if Reconciliation Framework is a lower version say 8.1.1.1.8, the `DataAdjustment.jar` of any one-off patch of the Reconciliation Framework is not applied.

To rectify this:

1. Modify the AAI table in **config schema** `aai_pack_app_file_details` for the `DataAdjustment.jar` file and rename the file with a suffix as `'_YYYYMMDD_tag'`.
2. Apply the Reconciliation Framework patch on the environment; the new `DataAdjustment.jar` file will be copied by the installer.

How to Apply This One-Off Patch Release

1. Log in to [My Oracle Support](#), and search for **36261585** under the **Patches and Updates** tab.

NOTE The "-a" option is mandatory to unzip the patch.
If you notice the error message: “**unzip: not found [No such file or directory]**”, before the package is installed, contact your UNIX Administrator.
