Description

ID **35175479** – CORRECTION UPLOAD FAILING DUE TO DUPLICATE COLUMNS

Prerequisites

- The minimum version of the Oracle Financial Services Reconciliation Framework on which this patch can be applied is 8.1.1.1.5 (ID **35045156**).
- If you are using Data Governance (DGS) along with the Reconciliation Framework application, then perform the below steps:

For Example: If you are using a higher version of DGS of 8.1.2.0.0 version and Reconciliation Framework of 8.1.1.1.6, then the `DataAdjustment.jar` of any one-off patch of the Reconciliation Framework is not applied.

To rectify this:

1. Modify the AAI table in **config schema** `aai_pack_app_file_details` for the `DataAdjustment.jar` file and rename the file with a suffix as `'_YYYYMMDD_tag'`.
2. Apply the Reconciliation Framework patch on the environment and the new `DataAdjustment.jar` file will be copied by the installer.
