1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Customer Services

This module allows the bank customers to interact with bank and avail its services. It includes the following sub-modules:

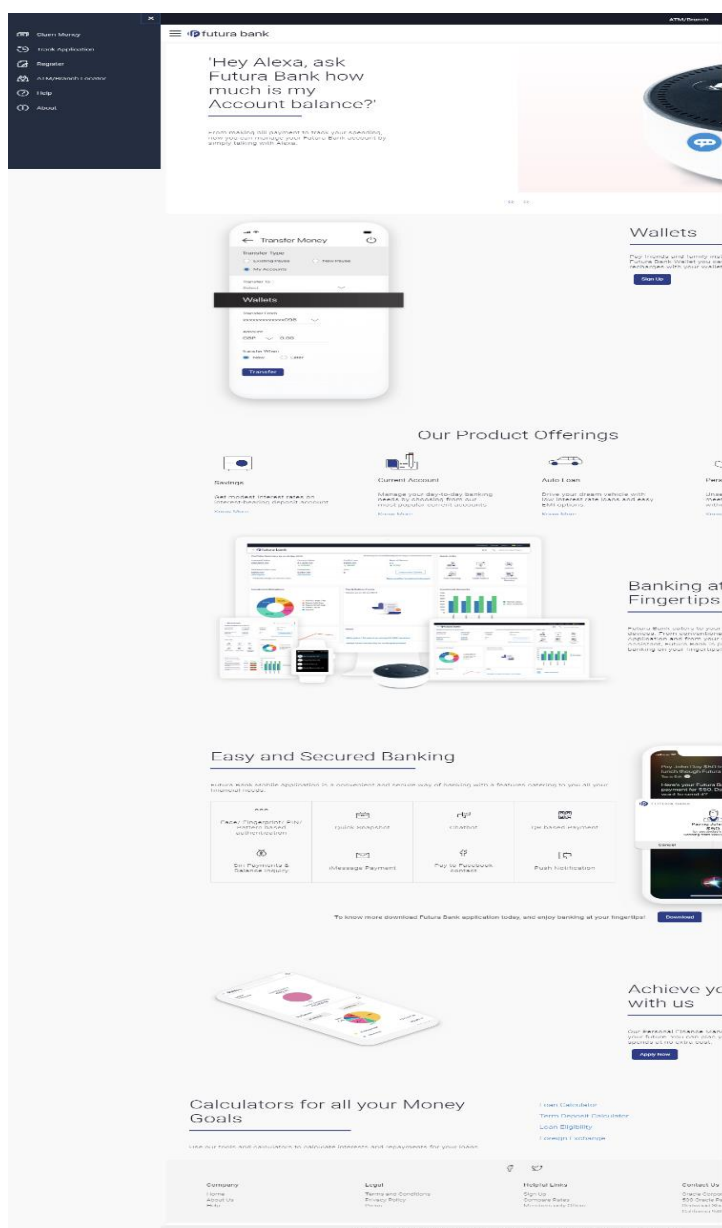

- **Channel On boarding:** Channel Onboarding allows customers to register for channel access. Customers who do not have access to online channels can onboard themselves to access online channels without approaching a bank physically to request for channel access.
- **Calculators:** Calculators are the tools used by the users to simulate and thus understand the implications of financial decisions. The different kind of calculators could be, Term Deposit Calculator, Loan Calculator, Loan installment Calculator, Loan Eligibility Calculator, and Forex Calculator.
- **Role specific dashboards:** Dashboard is a landing page or screen wherein user can access various transactions. The dashboards are classified into categories like, Maker Dashboard, Viewer Dashboard, and Approver Dashboard.
- **Mailbox:** Mailbox allows bank customers to send and receive emails to a business user.
- **Find ATM / Branch:** ATM/ Branch locator allows a user to view the address and location of the ATMs and the branches at a geographic location.
- **Reports:** Reports are an integral part of actively managing any company. Management uses the reports to track progress towards its various goals, control expenditures, increase revenue, track fraudulent transactions if any. The two types of reports are, Adhoc Report and batch Reports
- **Security Settings:** Security settings are done to protect the sensitive data and information from security threats.
- **View Transaction Limits:** This option allows a user to view the utilized limits and available limits for use.

4. Portal Page

A bank's landing page should be designed in a manner that connects with its customers and also leads to quick conversions of prospects into customers of the bank. The portal page should enable existing customers to easily login to the system and should also provide users to perform tasks such as to view and apply for the bank's product offerings, register for online banking access, track existing product applications, search for the bank's ATMs and branches etc.

The **Oracle Banking Digital Experience** portal page displays various options that enable users to undertake required tasks and gain information about the bank and its products. The different sections and features provided on the portal page are documented as follows:

Portal Page

Login page Overview

Icons

Following icons are present on the corporate dashboard:

-  : The logo of the bank.
-  : Click the toggle menu to access the transactions.
-  : Click this icon to log in to the application.
-  : Click this icon to close the toggle menu. This icon appears if the toggle menu is open.

Toggle Menu transactions:

- **Claim Money**
Click here to claim for money.
- **Track Applications**
Click here to track the progress of the account opening application.
- **Register**
Click here to register with the bank.
- **Login**
Click to log in to the application.
- **ATM/ Branch Locator**
Click to view the address and location of the ATMs and the branches of the Bank. For more information refer [ATM/ Branch Locator](#).
- **Help**
Click to launch the online help.
- **About**
Click this menu to view the information about the application like version number, copyright etc.

Wallets

Click **Sign Up** to access and register for Wallet account to avail the benefits and services of the wallet account with the bank.

This section displays the products offered by the bank. Following products are offered by the bank.

- **Savings**
Click to apply for savings account.

- **Current**
Click to apply for Current account
- **Auto Loan**
Click to apply for auto loan.
- **Personal Loan**
Click to apply for unsecured personal loan.
Select any product to view individual offerings and to apply for an account of choice.

Easy and Secured Banking

Following mobile transactions are present in the application.

- **Face/ Fingerprint/ PIN/ Pattern based authentication**
Allows user to login to the mobile application by drawing a pattern on screen instead of entering his user id and password
- **Quick Snapshot**
User can view the account summary from mobile application and get important account information in a single view without going on the dashboard.
- **Chatbot**
Chatbot is an artificial intelligence system that interacts with users over a messaging platform.
- **QR Based Payment**
QR Based payment allows the user to initiate a payment to a beneficiary by scanning the QR code.
- **Siri Payments and Balance Inquiry**
This feature harnesses Apple's voice command assistant, Siri, to enable users to initiate voice based payments to registered payees from their mobile devices.
- **iMessage Payments**
iMessage payment allows the user to initiate a payment to a beneficiary i.e. the contact in context of the conversation by launching the app from iMessage.
- **Pay to Facebook contact**
This feature enables the user to initiate a payment to a Facebook friend by simply logging into Facebook and selecting the contact towards whom the payment is to be made.
- **Push Notification**
Push notification is a way of propagating message to the user device(s) registered with the bank. Through push notifications, user can be notified of any event/transactions that has occurred in the user account.

5. Log-In & Log-Out

Log-in allows users to access the portal securely, view information and access transactions. Logging out enables users to exit from the system in a secure way, so that no one else can gain access to the system (without supplying valid credentials) and the entire system is secure.

Pre-requisites

The User must have a valid account with bank with online banking enabled. Other features related to accounts must be supported by the core banking system.

Features Supported In Application

- [Log-in to the application](#)
- [Log-out of the application](#)

In case the user has forgotten their username or password, they can use the [Forgot Username](#) and [Forgot Password](#) links to retrieve these details. For more information, refer the [Forgot Username](#) and [Forgot Password](#) sections respectively.

5.1 Log-in to the application

The user requires authentic credentials to log in to the **Oracle Banking Digital Experience** application.

To log in to the application:

1. Open an internet browser to access the application.
2. Type the **Oracle Banking Digital Experience** URL in the **Address** bar, and press **Enter**. **Portal Page** appears.
3. Click **Login**.
The **Login** screen appears.
OR
Click **Register** if you are a new user.

Login Page

The screenshot displays the login interface for Futura Bank Online Banking. At the top right, there are links for 'ATM/Branch', 'English', and 'UBS 14.3 AT3 Branch'. The main header includes the Futura Bank logo and name. Below the header, the page title is 'Login to Futura Bank Online Banking' with a sub-link 'Using Futura Bank Internet banking for the first time? Register now'. The login form contains two input fields: 'Username' and 'Password', followed by a blue 'Login' button. Below the button are links for 'Forgot Username' and 'Forgot Password'. To the right of the form is a security warning box with a blue speech bubble icon, containing the following text:

- Never provide your User ID or password to any one on phone or in response to a mail.
- The Bank shall not be held responsible for any incorrect online transactions and disclosure of account-related details. We request you to exercise due diligence with the same.

Field Description

Field Name	Description
Username	Enter your login user name.
Password	Enter your login password.

4. In the **Username** field, enter the user ID.
OR
Click  icon to enter the username using the virtual keyboard.
5. In the **Password** field, enter the password.
OR
Click  icon to enter the password using the virtual keyboard.

Note: The characters typed in the **Password** field appear masked (•••••) for security reasons.

6. Click **Login**.
7. The Dashboard **Overview** screen appears with broad level financial summary, outstanding and available balance in current and savings account, loans, term deposit, and credit cards.

5.2 Log-out of the application

To log out of the application:

1. In the top right corner, click  icon. The success message of logging out appears.
2. Select the **Logout** option. The success message of logging out appears.

[Home](#)

6. First Time Login

When a new user logs into the application for the first time with the user name and password provided by bank, there are certain tasks that he/she needs to fulfill before being able to access the online services of the bank. These steps are configured by Bank and can include accepting Terms and Conditions, Setting up Security Question, My profile and limit information.

Note: The steps and sequence for 'First Time Login' may vary for different users as defined or configured by System Administrator.

Each step will either have Next or Skip button basis on the configuration done by Bank Administrator.

Prerequisites:

- The bank administrator has enabled the First time login steps for Retail users.

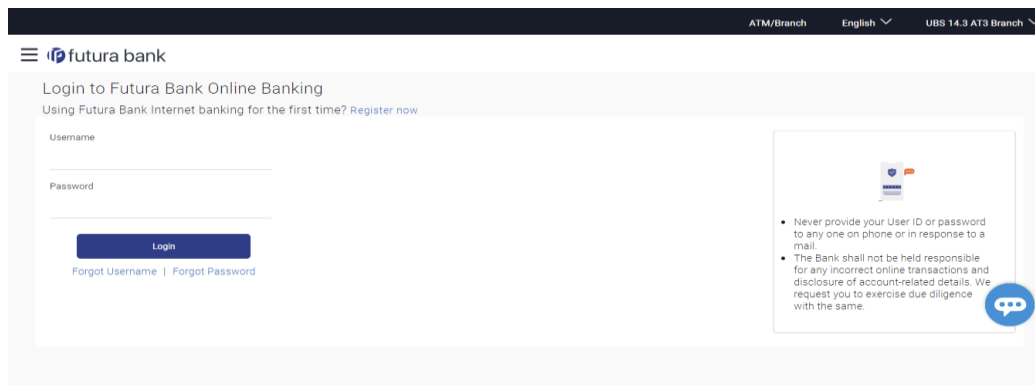

How to reach here:

Portal Page > Login

To log in to the application:

1. Open an internet browser to access the application.
2. Type the Oracle Banking Digital Experience URL in the Address bar, and press Enter. The **Portal** page appears.
3. Click **Login**. The **Login** screen appears.

Login

Field Description

Field Name	Description
Username	Enter your login user name. Note: Usernames are case insensitive i.e. User can login in OBDX with any case.

Field Name	Description
------------	-------------

Password	Enter your login password.
-----------------	----------------------------

4. In the **Username** field, enter your user name.
OR
Click icon to enter the username using the virtual keyboard.
 5. In the **Password** field, enter your password.
OR
Click icon to enter the password using the virtual keyboard.
-

Note: The characters typed in the **Password** field appear masked (•••••) for security reasons.

6. Click **Login**.
The next **configured** screen appears.
-

Note: Force Change password is not a part of First Time Login flow wizard, this screen will appear for every new user.
The Force Change Password screen will only appear for users for whom the password is set by administrator and not for the users who have self-registered themselves.

First Time Login - Terms and Condition

ATM/Branch

Welcome, Jones Smith
Last login 21 Nov 02:29 PM

Thank You for choosing Futura Bank as your Banking needs partner.
We welcome you to the Futura Bank family.
Happy Banking!!!

Terms and Conditions

These Terms mentioned herein form the contract between the User using the Internet Banking services and the Bank. By applying for Internet Banking Services and accessing the service the User acknowledges and accepts these Terms of Service (Terms and Conditions). Any conditions relating to the accounts of customer other than these Terms will continue to apply except that in the event of any conflict between these Terms and the account conditions, these Terms will continue to prevail. The agreement shall remain valid until it is replaced by another agreement or terminated by either party or account is closed, whichever is earlier.

1. APPLICATION FOR INTERNET BANKING SERVICES

The Bank may offer Internet Banking Service to selected customers at its discretion. The customer would need to be Internet User or have access to the Internet. The acceptance of the application and the acknowledgement thereof does not automatically imply the acceptance of application for Internet Banking Services. The Bank may advise from time to time the Internet software such as Browser, which are required for using Internet Banking Services. There will be no obligation on the part of the Bank to support all the versions of this Internet software.

2. INTERNET BANKING SERVICES

The Bank shall endeavor to provide to the User through internet Banking services such as inquiry about the balance in his/her account(s), details about transactions, statement of account, request for issue of cheque-books, request for transfer of funds between accounts of the same User and other accounts and many other facilities as the Bank may decide to provide from time to time. These facilities shall be offered in a phased manner at the discretion of the Bank. The Bank at its sole discretion may also make additions/deletions to the Internet Banking Services being offered without giving any prior notices or reasons. The availability /non-availability of a particular service shall be advised through the web page of the Bank or written communication or any other mode as the Bank thinks fit. The Bank shall take reasonable care to, ensure the security of and prevent unauthorized access to the Internet Banking Services using technology reasonably available to the Bank. The User shall not use or permit to use Internet Banking Service or any related service for any illegal or improper purposes.

The USER would be allotted a User-id and a password (to be used at the time of login) by the BANK in the first instance. The USER will be required to mandatorily change the User-id and password assigned by the BANK on accessing Internet Banking Services for the first time.

As a safety measure the USER shall change the password as frequently as possible, at least once in 90 days. In addition to User-id and Password the BANK may, at its discretion, advise the USER to adopt any other means of authentication including but not limited to One Time SMS Password and/or Digital certification issued by Bank, licensed or approved Certifying Authorities or vendors.

The USER shall not attempt or permit others to attempt accessing the account information stored in the computers and computer networks of the BANK through any means other than the Internet Banking Services.

3. USER-ID AND PASSWORD

The USER shall:

1. Keep the User-id and password totally confidential and not reveal them to any third party.
2. Create a password of at least 8 characters long and shall consist of a mix of alphabets, numbers and special characters which must not relate to any readily accessible personal data such as the USER's name, address, date of birth, telephone number, vehicle number, driver license etc. or easily guessable combination of letters and / or numbers.
3. Commit the User-id and password to memory and not record them in a written or electronic form; and
4. Not let any unauthorized person have access to his computer or leave the computer unattended while using Internet Banking Services.
5. Not disclose/reveal his/her personal or confidential information to anyone over email/SMS/phone call even if it's purportedly from our bank. Our bank or any of its representatives will never send you emails/SMS or call you over phone to seek your personal information like Username, passwords, One Time SMS passwords etc. For tips on safe usage of password(s), "Password Management" displayed as a link on the login page of our bank may be referred.
6. Not access internet banking if his/her computer device is not free of malware (Viruses, Trojans, etc.).

In the event of forgetting of User-id and/or password or expiry/ disability of password(s) USER can request for change of the password by sending a written request to the BANK or call up the customer care. The selection of a new password and/ or the replacement of User-id shall not be construed as the commencement of a new contract. The User agrees and acknowledges that BANK shall in no way be held responsible or liable if the User incurs any loss as a result of compromise of User-id and password by the User himself or User has failed to follow the Internet Banking Service instructions as published by the BANK on the site from time to time. User agrees to fully indemnify and hold harmless BANK in respect of the same.

Locking of User ID

Internet Banking Password / User ID shall get locked after a number of incorrect attempts, up to such number (at present 3 failed attempts) as may be decided by the Bank from time to time. The same shall be available on the next day. In case of emergency, the User ID / password can be unlocked through the branch.

Deactivation of User ID

The Bank has the discretion to deactivate a User Internet Banking ID, if the same has not been used for a period defined by the Bank. Also the Bank has the right to deactivate the Internet Banking login of User due to unsatisfactory behavior in the account.

7. Dashboards

Oracle Banking Digital Experience is a one-stop solution for a bank for its core banking operations, across corporate offerings. It is designed to help banks respond strategically to today's business challenges, while also transforming business models and processes to reduce operating costs and improve productivity across both front and back office.

Role based dashboards have been designed to deliver the right information to the right people at the right time so they can make optimal business decisions. Multiple dashboards can be made available to the users based on their roles in a corporate.

Dashboard provides a quick view of the most relevant functions, to achieve a particular objective or complete a process. OBDX supports role specific dashboards for user-role combinations namely, Corporate Maker, Corporate Approver, Corporate Viewer, Non Customer Maker, Non Customer Checker, and Non Customer Viewer.

Pre-requisites

- User must have the relevant access from bank with online banking enabled.
- Other features related to accounts must be supported by core banking system.

Features Supported In Application

- Viewer Dashboard
- Maker Dashboard
- Approver Dashboard
- Non Customer Viewer Dashboard
- Non Customer Maker Dashboard
- Non Customer Approver Dashboard

7.1 Viewer Dashboard

Corporate Viewer Dashboard service provides the top management of any corporate with a consolidated and easy to understand view of their business immediately after logging in. This helps them to take speedy and accurate decisions to meet their short term and long term business goals.

 -  **File Upload** : Click this icon to upload files and view the files already uploaded.
 -  **Reports** : Click this icon to generate the reports and view the generated reports.
 -  **Application Tracker** : Click this menu to track your loan, trade finance and credit facility applications.
 -  **Account Settings** : Click this menu to set your preferences as well as daily limits and change password.
 -  **Mail Box** : Click this menu to view the Mails, Alerts and Notifications.
 -  **Leave Feedback** : Click this menu to leave your feedback about the user interaction of the application.
 -  **ATM/Branch Locator** : Click to view the address and location of the ATMs and the branches of the Bank. For more information refer **ATM/ Branch Locator** section.
 -  **Help** Click this menu to launch the online help.
 -  **About** Click this menu to view the information about the application like version number, copyright etc.
-

Financial Overview

The section provides a graphical representation of the distribution of assets and liabilities across the Current and Savings Accounts, Term Deposits & Loans & Finances accounts held with the bank. It also displays the total amount of assets, liabilities and the Net Worth. Account types displayed in the section include CASA, term deposits, and loans & finances.

Position By Currency

The section displays currency wise position of user's assets and liabilities in the form of a bar graph. Each bar represents one currency.

Credit Line Usage

Credit Facility/Line Usage widget provides a quick understanding of the most and least utilized credit facilities (both in terms of amount and percentage) with their current available and utilized amounts. By looking at this widget the corporate user can quickly assess the facilities that can be utilized more and facilities that need a limit extension.

The bar graph shows the following two values:

- **Utilized Amount:** The limits utilized by the party from the total set limit.
- **Available Amount:** The limits remaining from the total set limit.

Click the bar of a particular facility ID to view the utilization details of that facility.

Bill Receivable/ Payable

The section displays the summary of all import and export bills associated with specific party/ parties. The dashboard allows the user to view the total amount receivable and payable with respect to the trade bills (Under LC and standalone) immediately after logging in.

Trade Instruments

Trade Instruments section allows the user to view the summary of all trade instruments (Import-Export LC, outward guarantee) that are going to expire in near future and are associated with specific party/ parties.

The user can view the trade instruments that are going to expire within 10 days, 15 days and 30 days by selecting the option from the drop-down.

Reports

The latest reports mapped and generated under a party/ parties mapped to the logged in user are listed in this section. Click View All to view all the reports generated.

Current and Savings/ Term Deposits/ Loans and Finances

The current and savings/ Term Deposit/ Loan account card displays the count of the account and total balance in these accounts along with the transaction currency. The section below the account card displays the summary of assigned CASAs/ Term Deposit / Loan with below details. Click the particular account number of CASA / Term Deposit / Loan account to go to the account details screen.

- Current and Savings:
 - Party Name: Displays the party names linked to the ID and holding the accounts

- Account Number: Displays the Account Number (masked format), account nickname (if any), and the product name. Click the account number to go to the Account Details screen.
- Account Type: Displays the type of account viz., savings or current etc
- Net Balance: The balance amount in the account is displayed
- Term Deposits:
 - Party Name: Displays the party names linked to the ID and holding the deposits
 - Deposit Number: Displays the TD Account Number (masked format), account nickname (if any) and the product name. Click the account number to go to the Deposit Details screen.
 - Interest Rate: shows the applicable rate of interest on the TD
 - Maturity Date: shows the date of maturity of deposit
 - Principal Balance: shows the amount invested in deposit
 - Maturity Balance: shows the amount which would be available on the date of maturity.
- Loans and Finances
 - Loan Account Details: Displays the Loans Account Number (masked format), account nickname (if any) and the product name. Click the account number to go to the Loan Details screen.
 - Party Name: Displays the party names linked to the ID and holding the loans
 - Amount Financed: The loan amount that was initially availed
 - Outstanding: Outstanding Amount against the loan
 - Maturity Date: The Maturity Date of the Loan account
 - Rate: Applicable rate of interest

Using the **Search** field, the user can search for a specific Current and Savings/ Term Deposit/ Loan account. Click **Download** to download the account summary of Current and Savings/ Term Deposit/ Loan accounts.

Corporate Limits

The user can view the party cumulative transaction limits for each transaction, along with daily and monthly limits utilized and available for use, from the viewer dashboard. The transaction for which the limits must be viewed can be selected from the dropdown list that is provided.

The user can select the transaction from the drop-down to view the corporate limit of that transaction.

Click **View All** to access the Limits screen, where the user's limits and the corporate limits can be viewed. The user can also use the channels list and the transactions list to view limits for a specific transaction originating from a specific channel.

Activity Log

The latest activity logs are displayed on the viewer's dashboard. It is divided into two fields broadly: Financial and Non-Financial.

The logged in user can view the transaction summary with respective statuses and details.

On selecting either the Financial or the Non-Financial transaction options, the categories under the particular option are displayed. Each category showcases the number of transactions that are in each of the following statuses:

- **Processed:** The number of transactions that have been fully completed.
- **In-Progress:** The number of transactions that have been initiated, but not yet completed.
- **Rejected:** The number of transactions that have been rejected by the approver.
- **Locked:** The number of transactions that have been locked by the approver
- **Pending Modification:** The number of transaction that have been sent for modification by the approver to the Initiator.

Note: Send to Modify is enabled only for specific transactions. To see the list of transactions for which this is enabled, please refer the respective module user manuals.

: Click this icon to search the transactions that are performed on a particular date. It has two fields **From Date** and **To Date**, you can select the start and end date to search the transaction.

Financial: This displays the financial transactions initiated by the maker in the following categories

- Accounts - The details of activity log are:
 - Date: Date of the transaction

Currency Exposure

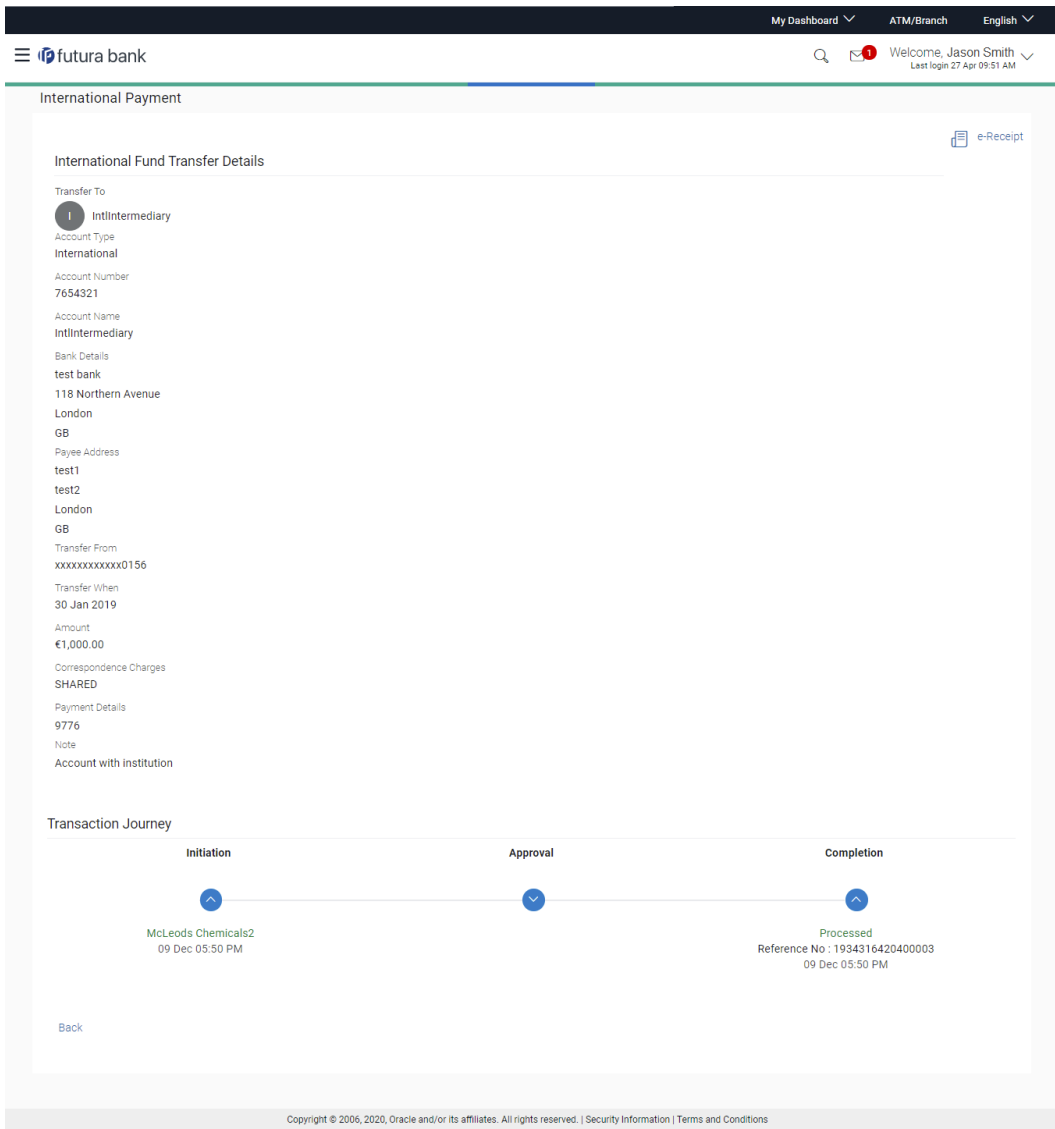

The section displays total available balance in a corporate's current and term deposit accounts along with the number of accounts and cash flow position as on the current date. In cash flow, a corporate's receivables and payables from and towards invoices and trade bills respectively are projected on the graph.

This section also allows the user to initiate a forex deal.

Transaction Journey

Click the **reference number** link on the description of activity log to view the Transaction Journey

This screen displays the transaction details and transaction journey of a transaction, and the current status of transaction whether it is Initiated, Approved, Locked, Modification Requested or Processed.

Transaction Journey

Review

The section displays the details of the transaction.

Transaction Journey

This section displays the status of transactions. Transaction journey displays the status as:

- Initiation
- Approval
- Completion
- Request Modification
- Locked

1. Click **Back** to navigate to the **Dashboard**.
OR
Click **e-Receipt** to generate the e-receipt of the transaction.

7.1.1 Conventional/Islamic Accounts

This option enables the corporate users to view & select both Conventional & Islamic accounts under separate headers of “Conventional” & “Islamic” while processing any transaction in the entire application. These headers will appear for all transactions where there is an account dropdown or account selection of Current and Savings, Term Deposits and Loans is required.

Note: Users having both (Conventional & Islamic accounts) will be able to view their accounts in respective headers however, in case if he is only having either of account then there will be no separate header bifurcation for the same.

7.2 Maker Dashboard

This Dashboard is designed to cater to the corporate users who are the transaction executors. An option of Quick Links have been provided on the Dashboard for an easy access to some of the more commonly used features in the system along with the few important features like account details, activity log etc.

Transaction Journey

Click the **reference number** link to view the Transaction Journey

This screen displays the transaction details and transaction journey of the specific transaction. It displays the current status of transaction whether (Initiated, Approved, Locked, Request Modification or Processed).

Note: Once a transaction is initiated by the Corporate maker, system checks for the account access of all the approver/s (found as part of approval rule/workflow maintained). In case approver/s at one or more level does not have the required account access for the account/s involved in the transaction, system rejects the transaction and an alert will be triggered to initiator notifying the same.

The screenshot shows the Futura Bank interface for an International Payment. At the top, there's a navigation bar with 'futura bank' logo, a search icon, a notification bell with '549', and a user profile for 'Victoria Grayson' with the last login time '29 Apr 07:27 PM'. The main content area is titled 'International Payment' and includes an 'e-Receipt' link. Below this is the 'International Fund Transfer Details' section, which lists the following information:

- Transfer To:** IntlIntermediary
- Account Type:** International
- Account Number:** 7654321
- Account Name:** IntlIntermediary
- Bank Details:** test bank, 118 Northern Avenue, London, GB
- Payee Address:** test1, test2, London, GB
- Transfer From:** xxxxxxxxxxxxxxx0156
- Transfer When:** 30 Jan 2019
- Amount:** €1,000.00
- Correspondence Charges:** SHARED
- Payment Details:** 9776
- Note:** Account with institution

Below the details is the 'Transaction Journey' section, which shows a three-step process:

- Initiation:** McLeods Chemicals2, 09 Dec 05:50 PM
- Approval:** (No specific details shown)
- Completion:** Processed, Reference No : 1934316420400003, 09 Dec 05:50 PM

A 'Back' link is located at the bottom left of the Transaction Journey section. At the very bottom of the page, there is a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Transaction Journey

Transaction Name

This section displays the name of the transaction that is to be approved.

Review

The section displays the details of the initiated transaction for review.

Transaction Name

This section displays the name of the transaction that is to be approved.

Transaction Journey

This section displays the status of transactions that are initiated by the maker. Transaction journey displays the status as:

- Initiation
- Approval
- Completion
- Locked
- Request Modification

-
1. Click **Back** to navigate to the **Dashboard**.
OR
Click **e-Receipt** to generate the e-receipt of the transaction.

7.3 Approver Dashboard

- Initiated By: The user who has initiated the transaction
- Reference Number: Reference Number of the transaction
- Status: Status of the transaction

My Approved List

This section displays the details of transactions that are approved by the approver user. Similarly to Pending Approval list, here also it is classified into two broad categories a) Financial and b) Non-Financial. The Tab under Financial and Non Financial and the columns of each Tab are same as mentioned in 'Pending For Approval' section.

Click each tab to view the snapshot of transactions already approved.

Click the **Reference Number** link to view the detailed transaction.

Click **Download** to download the summary of transactions approved by the approver user.

My Limits

This section allows the user to view the transaction specific limits assigned to him for initiating and approving the transactions. It also provides information about the limits assigned by the bank and the limit utilized by the user.

Corporate Limits

The user can view the party cumulative transaction limits for each transaction, daily and monthly limits utilized and available limits for use from the viewer dashboard.

The user can select the transaction from the drop-down to view the corporate limit of that transaction.

Current and Savings/ Term Deposits/ Loans and Finances

The current and savings/ Term Deposit/ Loan account card displays the count of the account and total balance in these accounts along with the transaction currency. The section below the account card displays the summary of assigned CASAs/ Term Deposit / Loan (combined by account currencies) with below details. Click the particular account number of CASA/ Term Deposit / Loan account to go to the account details screen.

- Current and Savings:
 - Party Name: Displays the different party names linked to the ID and holding the accounts
 - Account Number: clicking the account number takes you to the Account Details screen.
 - Account Type: Displays the account type - savings or current.
 - Net Balance: The balance amount in the account is displayed
- Term Deposits:
 - Party Name: Displays the different party names linked to the ID and holding the deposits
 - Deposit Number: clicking the account number takes you to the Deposit Details screen.
 - Interest Rate: shows the applicable rate of interest on the various deposits

- Principal Balance: shows the amount invested in deposit
- Maturity Date: shows the date of maturity of deposit
- Maturity Balance: shows the amount which would be available at the date of maturity.
- Loans and Finances
 - Loan Account Details: Displays the Loans Account Number (masked format), account nickname (if any) and the product name. Click the account number to go to the Loan Details screen.
 - Party Name: Displays the party names linked to the ID and holding the loans
 - Amount Financed: The loan amount that was initially availed
 - Outstanding: Outstanding Amount against the loan
 - Maturity Date: The Maturity Date of the Loan account
 - Rate: Applicable rate of interest

Using the **Search** field, the user can search for a specific Current and Savings/ Term Deposit/ Loan account. Click **Download** to download the account summary of Current and Savings/ Term Deposit/ Loan accounts.

Reports

The latest reports mapped and generated under a party/ parties mapped to the logged in user are listed in this section. Click View All to view all the reports generated.

Activity Log

Displays the details of all the transactions made to their accounts like account financial, account non-financial, bulk file, bulk record, Payee and Biller and payments transactions.

It is divided into two fields broadly: Financial and Non-Financial.

The logged in user can view the transaction summary with respective statuses and details.

On selecting either the Financial or the Non-Financial transaction options, the categories under the particular option are displayed. Each category showcases the number of transactions that are in each of the following statuses:

- **Processed:** The number of transactions that have been fully completed.
- **In-Progress:** The number of transactions that have been initiated, but not yet completed.
- **Rejected:** The number of transactions that have been rejected by the approver.
- **Locked :** The number of transactions that have been locked by the approver
- **Pending Modification:** The number of transaction that have been sent for modification by the approver to the Initiator.

Note: 'Send to Modify' option is available to the Approver for sending the transactions back to maker for any modification. If the approver is sending any transaction back to maker for modification, the maker will be able to make the changes in the same transaction and re-submit the same.

Send to Modify is enabled only for specific transactions. To see the list of transactions for which this is enabled, please refer the respective module user manuals.

: Click this icon to search the transactions that are performed on a particular date. It has two fields **From Date** and **To Date**; you can select the start and end date to search the transaction.

Financial : This displays the financial based transactions - further categorized as following:

- Accounts - The details of activity log are:

Click **Download** to download the activity log.

Currency Exposure

The section displays total available balance in a corporates current and term deposit accounts along with the and cash flow position as on the current date. In cash flow, a corporate's receivables and payables from and towards invoices and trade bills respectively are projected on the graph.

This section also allows the user to initiate a forex deal.

7.3.1 Pending for Approvals

The Pending for approvals list contains transactions that have been initiated by the maker and are pending for approval. When the approver user logs in to the application, he can view the transactions that are pending for his decision to either approve or reject.

Approver can also Lock a transaction, in case he wants to verify something operationally before approving it. Once the transaction is locked, the same will not be available for approval and the transaction status will be changed to 'Locked'. Maker will be able to see transaction with "Locked" status in his activity log. Once a transaction is locked, no action (like approve, reject, send to modify) will be allowed on that transaction.

Any approver, who is authorized to approve that transaction, will be able to unlock it by going to transaction approval page. Once the transaction is unlocked, it will be available for approval to the users as per the workflow.

For only specific transactions, Send to Modify functionality is enabled. Here approver can send the transaction back to modification, which are waiting for his approval, with comment if any.

Note:

To see the list of transactions for which Send to Modify is enabled, please refer the respective module user manuals.

Send to Modify functionality is not supported on wearables.

The reference number of the transaction is a hyperlink, on clicking the link the transaction details and transaction journey of the specific transaction is displayed.

How to reach here:

Approver Dashboard > Pending for Approvals section

To approve the transaction:

1. Select the transaction pending for approval, by clicking on the checkbox against it and click on **Approve** or **Reject**

-  **File Upload**: Click this icon to upload files and view the files already uploaded.
-  **Account Settings**: Click this menu to set your preferences as well as daily limits and change password.
-  **Mail Box**: Click this menu to view the Mails, Alerts and Notifications.
-  **Leave Feedback**: Click this menu to leave your feedback about the user interaction of the application.
-  **Help**: Click this menu to launch the online help.
-  **About**: Click this menu to view the information about the application like version number, copyright etc.

Top Programs

A Donut Graph projects the top 5 programs of the corporate which are highest in terms of receivables and payables in the local currency. The values of Receivables or Payables are displayed along with the name of the Program.

Finance Maturing

Finances are loans taken against invoices for working capital requirements or any other necessary business expenses. This widget provides a graphical representation of all the outstanding finances and categorizes them in the buckets of overdue finances, Due in 30 days, 31-60 days, 61-90 days and above 90 days.

Quick Links:

The most commonly used transactions are provided as quick links for quick access to the transactions. Following transactions are provided as quick links:

- View Programs
- View Invoices
- View Associated Party
- Create Invoice

Invoice Timeline

This widget draws all the outstanding invoices of the corporates on the invoice timeline. The invoices are categorized into buckets of overdue invoices, invoices maturing in 30 days, between 31-60 days, between 61-90 days and above 90 days in terms of Receivables OR Payables. The Timeline is made comprehensive by colour coding the category of invoices on the basis of maturity.

Overdue Invoices:

Overdue invoices are one of the major concerns for a Corporate Supplier and a Buyer and needs to be addressed immediately. A dedicated widget projects 5 invoices that are running overdue for the longest period of time. It also acts as an alarm for the corporate. They are reminder that, the overdue invoices should be attended on priority. The link given on the widget enables the corporate to view the all its overdue invoices by navigating the user to the View Invoices Screen.

Overdue Finances

Finances are liabilities of the corporates which needs to be paid on due date. This widget warns the corporates of any finances running overdue. Timely payment of Finances is required to maintain the credit goodwill of the corporates. This widget assists in keeping the same intact. It displays the details like Finance No., Amount Overdue, and No. of Days Overdue. It also provides link to [View All Finances](#).

Corporate Limits

The user can view the party cumulative transaction limits for each transaction, daily and monthly limits utilized and available limits for use from the viewer dashboard.

The user can select the transaction from the drop-down to view the corporate limit of that transaction.

7.5 Non Customer Maker Dashboard

This Dashboard is designed to cater to the needs of non-customer users who are transaction executors. An option of Quick Links has been provided on the Dashboard for easy access to some of the more commonly used features in the system.

Dashboard Overview

Icons

Following icons are present on the corporate – Non Customer Maker dashboard:

8. Forgot Password

The login password is the password using which the user can log into the internet banking platform. The user cannot access his bank accounts without this password. The Forgot Password feature enables users to reset their login password.

The user is required to enter his User ID and Date of Birth. Post successful validation of the user's details, user is asked to enter the second factor authentication details (as per the authentication mode maintained by the Bank).

Once the user is authenticated, user will receive a link to generate the new password, on his registered email ID.

Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Password.

Features Supported In the Application

- User Verification
- New Password Creation

How to reach here:

Portal > Forgot Password

To reset the password:

1. In the **Login** page, click **Forgot Password**. The **Forgot Password** screen appears.

Forgot Password - User Verification

Forgot Password

Okay, no problem. Just enter the details below.

Username

Date of Birth

Submit Cancel

Forgot your internet banking password?

No worries, generate a new password in 3 simple steps.

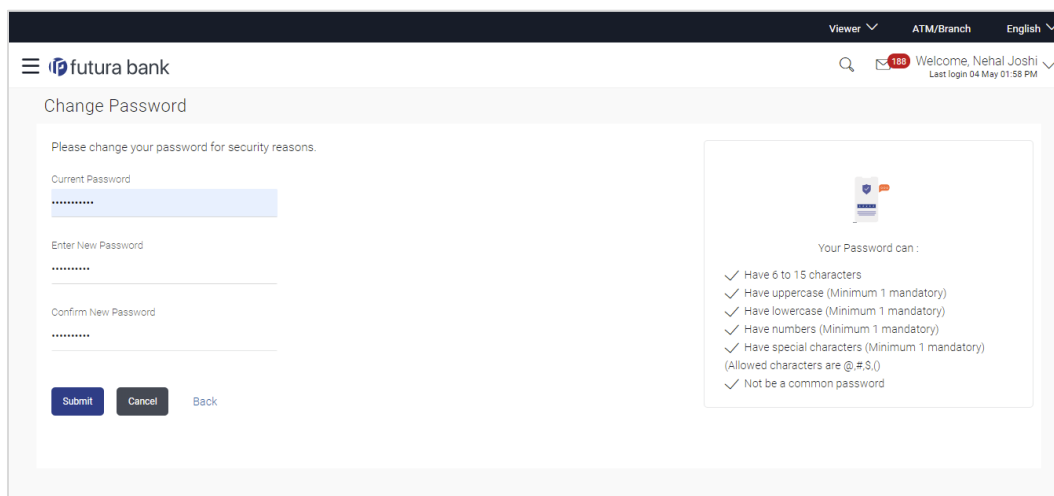

1. Enter your Username and Date of birth
2. Authenticate your details by entering OTP received on your mobile.
3. Reset password by entering a new password of your choice on the link sent to your registered email address.

Field Description

Field Name	Description
Username	Enter your login username.
Date of birth	Enter your date of birth.

- In the **Username** field, enter your login username.
- In **Date of birth** field, enter your date of birth.
- Click **Continue**.
OR
Click to **Cancel** the transaction.
- The **Verification** screen appears. The user has to enter the 2factor authentication, before he can proceed. 2 factor authentication (OTP/Security question/Soft Token) will be displayed as per the setup done by the system administrator.
A **Confirmation** screen appears, along with a message stating that the link to reset password has been sent to user's registered email.
- Click the link received in your email to reset the password. The **Reset Password** screen appears.

Reset Password – New Password Creation

Field Description

Field Name	Description
Please enter your new password	
Password	Enter a new password for channel access.
Re-enter Password	Re-enter the new password to confirm the same.

7. In the **Password** field, enter a new password.
OR
Click  icon to enter a new password using the virtual keyboard.
8. In the **Re-enter Password** field, re-enter the new password.
OR
Click  icon to re-enter the new password using the virtual keyboard.
9. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
10. A message confirming the successful reset of the password appears. Click **Login** to log in to the application.

[Home](#)

9. Forgot Username

Using this feature user can retrieve his channel banking Username, in case he has forgotten the same.

Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Username.

How to reach here:

Portal > Forgot Username

To reset the username:

1. In the **Login** page, click **Forgot Username**. The **Forgot Username** screen appears.

Forgot Username - User Verification

Field Description

Field Name	Description
Email	Enter your email ID that is registered with the bank.
Date of birth	Enter your date of birth.

2. In the **Email** field, enter your email ID that is registered with the bank.
3. In **Date of birth** field, enter your date of birth.

4. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
5. The verification screen appears if the transaction is configured for 2 Factor Authentication.
6. Enter the details required for second factor authentication.
The **Forgot Username** confirmation screen appears.
7. A message stating that the username has been sent to your registered email address appears. Click the **Click here** link to log in to the application.

Note: If a user has more than one user ID with the same email ID and DOB, then he/she will not be able to retrieve his/her User ID using the above function. In that case, the user will have to contact the bank for retrieving his/her user ID.

11. FATCA & CRS Form

The Foreign Account Tax Compliance Act (FATCA) is a United States federal law that was introduced to enable the Internal Revenue Service (IRS) to obtain detailed account information of US tax payers that invest and earn income through non U.S. institutions.

The Common Reporting Standard (CRS), is a global reporting standard developed by the Organization for Economic Cooperation and Development (OECD). This information standard was brought into effect for the purpose of combatting tax evasion at a global level.

The goal of both FATCA and CRS is to enable tax authorities to obtain information pertaining to the financial assets held by their citizens in foreign or overseas financial institutions, thereby greatly strengthening global tax compliance.

The FATCA and CRS Self – Certification Forms for Individuals and Entities has been created so as to capture required information for the purposes of complying with both FATCA and CRS.

A FATCA & CRS check is maintained under system configurations by the system administrator to identify if FATCA & CRS is to be enabled or not. If enabled, every time a business user logs into the banking application, the system will identify whether the user is required to fill out the form or not and further identify the type of form to be provided to the user based on the type of user. Individuals and sole proprietors will be displayed the FATCA & CRS Self – Certification form for Individuals and Corporates and other business entities will be displayed the FATCA & CRS Self – Certification form for Entities. Moreover, the FATCA & CRS Self – Certification form for Entities will be made available only to users that are accessing the online banking services of the entities in the capacity of trustees, sole owners or authorized signatories.

This section documents the information captured in the FATCA & CRS Self – Certification forms for both Individuals and Entities.

Workflow

The following workflow identifies the steps involved in the process of capturing customer information required from the view point of complying with FATCA & CRS, considering that the FATCA & CRS check in system configuration is set to Enabled.

How to reach here:

Corporate Dashboard > FATCA and CRS Self - Certification Form link > FATCA and CRS self - certification Form

11.1 FATCA and CRS Self - Certification Form for Entities

The FATCA & CRS Self – Certification form for Entities is made available to users that are accessing the online banking services of the entities or companies in the capacity of trustees, sole owners or authorized signatories.

The sections that consist of this form are documented as follows:

To fill the FATCA & CRS Self - Certification Form for Entities:

1. Select the FATCA & CRS link displayed as part of a message on the dashboard.
2. The FATCA & CRS Self - Certification Form for Entities appears.

11.1.1 Identification of the Entity

In this section, basic details of the entity are captured such as the name and address details of the entity.

Identification of Entity

The screenshot shows the 'FATCA & CRS Self-Certification Form For Entities' in the futura bank interface. The 'Identification of the Entity' section is expanded, showing the following details:

- Legal Name of Entity or Organization:** JUST EAT
- Current Legal Address:**
 - Country: United States
 - State: Idaho
 - City: CA
 - Address: 1022, Redwood Shores, Island Parkway
 - Zip Code: 94065
- Mailing Address:**
 - Same as above
 - Country of Incorporation or Organization: United Kingdom

Below the form, there are sections for 'Tax Residency', 'Entity Certification', and 'Declaration'. A 'Continue' button is visible at the bottom of the 'Identification of the Entity' section. To the right of the form, a 'Note' explains that FATCA (Foreign Account Tax Compliance Act) and CRS (Common Reporting Standard) aim at combating tax evasion on a global level. It states that as per the Inter-governmental agreement (IGA) with the US and OECD, all financial institutions including Zigbank are required to obtain self-certification and to carry out due diligence of all accounts held with the bank. It also mentions that in certain circumstances, the bank may be required to share this information with relevant tax authorities and advises consulting a professional tax advisor if there are any questions.

At the bottom of the page, there are 'Submit' and 'Cancel' buttons, and a section titled 'FATCA & CRS Instructions' which provides further details about the reporting requirements and the Substantial Presence Test.

Field Description

Field Name	Description
Legal Name of the Entity or Organization	The name of the entity or company as maintained with the bank is displayed.
Current Legal Address	

Field Name	Description
Country	Select the country in which the entity is operating.
City	Enter the name of the city in which the entity has its main headquarters.
Address 1-2	Enter the address details of the main headquarters of the entity.
Zip Code	Enter the zip code of the entity's address.
Mailing Address	
Same as above	Select this checkbox if the entity's mailing address is the same as the current legal address.
Country	Select the country of the entity's mailing address. This field appears if the Same as above check box is not selected.
City	Enter the name of the city of the mailing address of the entity. This field appears if the Same as above check box is not selected.
Address 1-2	Enter the mailing address details. This field appears if the Same as above check box is not selected.
Zip Code	Enter the zip code of the mailing address of the entity. This field appears if the Same as above check box is not selected.
Country of Incorporation or Organization	Select the country of origin of the entity or organization.

3. From the **Country** list, select the country in which the entity is operating.
4. In the **City**, **Address** and **ZIP Code** field, enter the **City**, address details of the entity.
5. Select the **Same as Above** check box, if the entity's mailing address is the same as the current legal address, else specify details of the entity's mailing address.
6. From the **Country of Incorporation** or **Organization** list, select the country of origin of the entity or organization.
7. Click **Continue**. The **Tax Residency** section appears.

11.1.2 Tax Residency

This section captures information pertaining to the tax residency of the entity. You are required to specify whether the entity can be considered as a tax resident of any country other than the country in which its accounts are held and subsequently specify details pertaining to the countries in which the entity is a tax resident. Information specific to the entity’s operations in the United States is also captured in this section.

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
- All the days you were present in the current year, and
- 1/3 of the days you were present in the first year before the current year, and
- 1/6 of the days you were present in the second year before the current year.

FAQ

1. **What is FATCA, why I have to fill the FATCA & CRS form?**

FATCA stands for 'Foreign Account Tax Compliance Act' and is a legislation designed to prevent tax evasion. Introduced by the United States Department of Treasury and the US Internal Revenue Service (IRS), the purpose of FATCA is to encourage better tax compliance by preventing US Persons from using foreign banks and other financial organizations in order to avoid US taxation on their income and assets.

2. **What is a tax identification number (TIN)?**

This is your unique number issued in your jurisdiction to you as a tax payer. However we are aware that some jurisdictions do not issue a specific tax numbers. UK residents can use their National Insurance number.

12. Live Chat

Multi-Modal Assisted Banking allows you to initiate a video or voice call and can share his / her screen with the Bank user in case they face an issue while completing a transaction or have any queries pertaining to their account. The multi-modal assisted banking feature is configurable. Below are the features being provided as part of the current release:

- Integration with Oracle Live Experience for assisting customer.
- An assisted banking icon across the application for end user, by clicking on which he/she can start the call.
- Business user can enable and disable this option from his user preferences.

Note: Live Chat is supported only when the user is logging from desktops.

How to reach here:

Bottom right corner of the application

To start a meeting:

1. Click 'Hey I am there to help if you need it' icon.
2. The session recording message is displayed, click **Ok** to continue with the modal assisted banking session.
OR
Click **Cancel** to close the session.

Live Chat

The screenshot displays the futura bank web application. At the top, there is a navigation bar with 'Viewer', 'ATM/Branch', and 'English' options. Below this, the user is identified as 'Welcome, Victoria Grayson' with a last login time of '28 Apr 12:45 PM'. A yellow banner indicates that the password is about to expire in 85 days. The main content area is divided into several sections: 'Financial Overview' with a pie chart showing 'Net Worth' of £4,293,271.32; 'Position By Currency' showing assets and liabilities for EUR and GBP; 'Credit Line Usage'; 'Reports' with a 'New Reports Not Available' message; and 'Accounts Summary' with details for 'Current & Savings' and 'Term Deposits'. A large black modal window with the text 'Waiting for an associate...' is overlaid on the right side of the screen. A blue notification bubble at the bottom right says 'We are connecting you with our next available representative...'.

3. Once the connection is established, a screen sharing message is displayed. Click **Ok**.
OR
Click **Cancel** to abort the live chat session.

4. Share your screen message is displayed. Select the application and click **Share**.
OR
Click **Cancel** to abort the live chat session.
5. The screen is shared with the customer support representative.
6. Business user can voice or video chat with the Bank executive basis on the configuration done by bank.
7. Screen shows the confirmation message once the session gets ended.

FAQ

1. **If I have more than one iOS devices and I need to deregister one of my devices from the Futura Bank application, can I do so using 'Registered Device' option?**

If you disable 'iOS Devices' in the 'Register Device' option, it will disable your alternate login from all the devices. You need to re-install the application if you want to use it again on that device.

2. **Why there is a need to unregister the devices?**

The unregistering of devices is done in case you have lost your device and you want to disable your alternate login from that device to prevent any misuse of your Bank account.

16. Personalize Dashboard

Dashboard personalization feature provides an ability to the business users to reconfigure and customize their dashboards around the tasks and information they use most frequently. This feature will enable business users to create their own dashboard that is easier to navigate, making every visit more efficient.

Corporate users can reconfigure/ customize their dashboards by dragging and dropping the desired widget at desired location while configuring new dashboard to add more widgets. The users can also move the widgets already present in the dashboard to the desired location using this function. The user can also change the size of the widget (expand and compress) and can remove the widget if desired. The widgets on the dashboard auto adjust itself according to the place available on the dashboard.

OBDX dashboards are responsive and can adapt to any size of device that Bank wants to enable for the customers. User can preview his dashboard for different form factors i.e. desktop, mobile and tablet. An option to revert to the default dashboard (configured by bank) is also provided.

Note:

- 1) Dashboard personalization feature is currently not supported by mobile and tablet devices.
 - 2) Widgets available for selection for users are on the basis of the widget access given to the associated application role of the user for Internet touch point.
-

Prerequisites

- Transaction access is provided to the corporate user
- Widgets are available for designing the dashboard

Features supported in application

- Personalize/ Customize the Dashboard
- Revert to default dashboard

How to reach here:

Dashboard > Toggle Menu > Account Settings > Personalize Dashboard

16.1 Personalize Dashboard

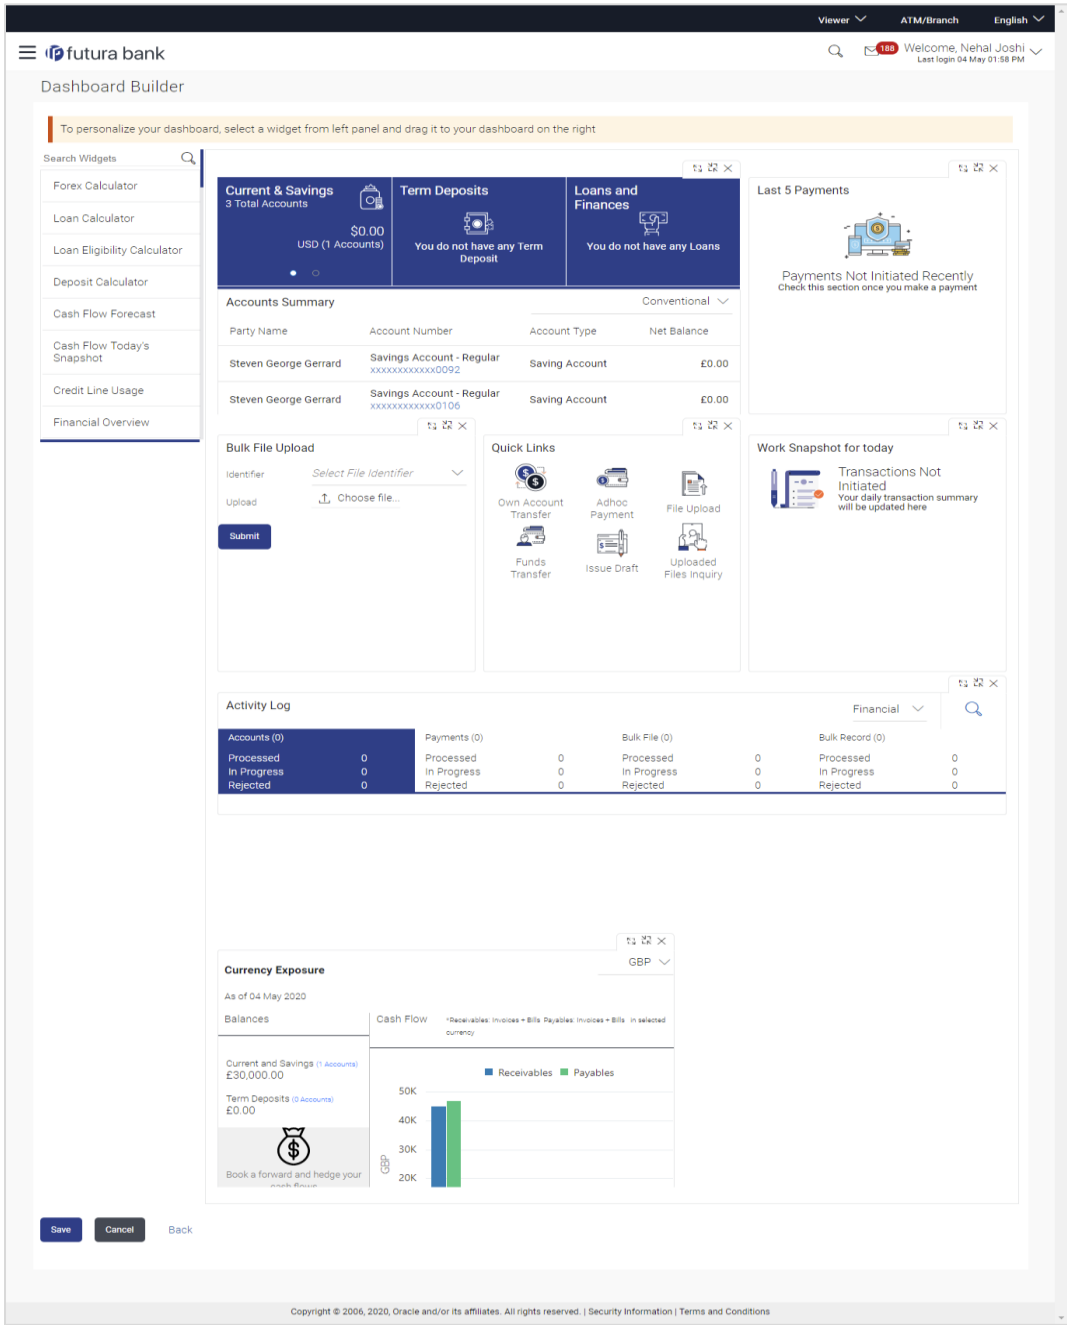

Using this option corporate users can customize their dashboard according to their convenience. A default dashboard is displayed as the user navigate to the Personalize Dashboard option. User can change the placing and even can drag and drop new widgets available from the list of widgets.

User can change the widget size (expand and compress) as per his requirement and can remove the widgets.

To customize the dashboard:

1. Navigate to the **Personalize Dashboard** screen.

Personalize Dashboard

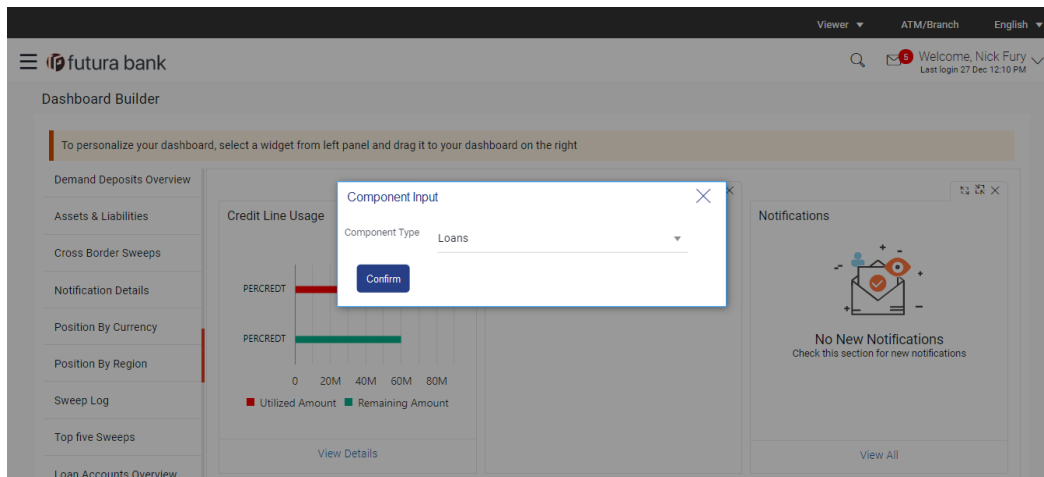

2. Drag and drop the desired widgets from the widget list.
 OR
 In the **Search Widget** field, enter the name of the widget that you want to appear on the dashboard and click .
 OR
 Drag and drop widgets of the dashboard to the desired location. System highlights the area where the widget can be dropped.
3. Click on the upper right corner of the widget, if you want to expand the widget.
 OR

Click  on the upper right corner of the widget, if you want to compress the widget.
OR

Click  on the upper right corner of the widget, if you want to remove the widget from the dashboard.

- If the selected widget has multiple widgets on the same like quick links, select the required widget that you want to appear on the dashboard.

Select Widget

Field Description

Field Name	Description
Component Type	Select the component type, which you want to appear on your dashboard. This field is applicable only if the selected widget has multiple components.

- From the **Component Type** list, select the widget component type that you want to appear on the dashboard.
 - Click **Confirm**. The selected component appears as a widget on the selected location of your dashboard.
- Click **Save** to save the template.
OR
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.
OR
Click **Back** to navigate to previous screen.
 - The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.
OR
Click **Back** to navigate to previous screen.
OR
Click the **Desktop/ Tab/ Mobile** icon to review the template in desktop, tab or mobile mode.

7. The success message appears.
Click **Go to Dashboard** to view your customized dashboard.

Note: Once the user personalizes his dashboard, the same is available as 'My Dashboard' under the Dashboard selection drop-down on the top navigation bar. His default dashboards (set by the bank depending upon his roles) will also be available for selection from the same drop-down.

16.2 Revert to default dashboard

Using this option a corporate user can revert back to the default dashboard as defined by the bank.

To switch to the default dashboard:

1. Navigate to the **Personalize Dashboard** screen.

Switch to Default Dashboard

The screenshot shows the 'Dashboard Builder' interface for Futura Bank. The top navigation bar includes 'Viewer', 'ATM/Branch', and 'English'. The user is logged in as 'Welcome, Nehal Joshi' with the last login on 04 May 01:58 PM. The dashboard builder area has a search bar and a list of widgets on the left, including 'Forex Calculator', 'Loan Calculator', 'Loan Eligibility Calculator', 'Deposit Calculator', 'Cash Flow Forecast', 'Cash Flow Today's Snapshot', 'Credit Line Usage', and 'Financial Overview'. The main dashboard area contains several widgets: 'Current & Savings' (3 Total Accounts, USD \$0.00), 'Term Deposits' (You do not have any Term Deposit), 'Loans and Finances' (You do not have any Loans), 'Last 5 Payments' (Payments Not Initiated Recently), 'Accounts Summary' (Table with columns: Party Name, Account Number, Account Type, Net Balance), 'Bulk File Upload' (Identifier, Upload, Submit), 'Quick Links' (Own Account Transfer, Adhoc Payment, File Upload, Funds Transfer, Issue Draft, Uploaded Files Inquiry), 'Work Snapshot for today' (Transactions Not Initiated), 'Activity Log' (Table with columns: Accounts, Payments, Bulk File, Bulk Record), and 'Currency Exposure' (As of 04 May 2020, Balances, Cash Flow, Receivables, Payables). At the bottom, there are buttons for 'Switch to Default', 'Save', 'Cancel', and 'Back'.

2. Click **Switch to default** to revert to the default Dashboard. The Dashboard Restore pop-up message, prompting the user to confirm the restoration of default Dashboard appears.

OR

Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.

OR

Click **Back** to navigate to the previous screen.

3. Click **Confirm**.

OR

Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.

4. The success message appears.

Click **Go to Dashboard** to view the default dashboard.

FAQ

1. **Can I design new widgets using Dashboard Builder functionality?**

No, designing of a new widget is not allowed using this functionality. User can use the existing widgets and can design his dashboard.

2. **Can I design different dashboards for different device types (desktop, mobile and tablet) using one template?**

No, you cannot design different dashboards for different devices. However you can preview the designed dashboard for different devices on the review page.

17. Security Question Authentication

The security question is configured as two factor authentication mechanism and as per the level of authentication configured, it is executed. User has to answer the security questions to execute the transaction successfully.

For security question authentication:

1. In the transaction review screen, verify the details, and click **Next**.
OR
Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.
2. The Two Factor Authentication (2FA) screen appears.
3. For the Security Question based Two Factor Authentication, in the **Answers** field, enter the answers corresponding to the security question

Security Question Authentication

Field Description

Field Name	Description
Questions	The list of security questions set for the Two Factor authentication.
Answer	The answers corresponding to the security question.

4. Click Next to go to the next level of authentication (if applicable).
OR
Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.

- Complete the Two Factor Authentication, and click **Confirm**

The success message appears along with the transaction reference number. Click **OK** to complete the transaction and navigate back to 'Dashboard'.

OR

Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.

17.1 One Time Password Authentication

One Time Password is a second factor authentication method. It is a unique code that can be used only once. A verification code is sent to the registered mobile number or email ID of the account holder. User has to enter the received code to complete the process. User can click on Resend Code, to receive the code again (if not received or expired).

For OTP verification:

- In the **Verification Code** field, enter the code as received.
OR
Click **Resend Code**, if you wish to receive the verification code again or your verification code got expired.

Verification

Field Description

Field Name	Description
Verification Code	The code sent to the customer's registered email id or on their mobile number.

- Click **Submit**.
On successful authentication, the user is allowed to proceed with the transaction.

FAQ

1. Why is there a need for a One-Time Password (OTP)?

An OTP helps to protect against online fraud. It is a secure way to authenticate whether a customer who is making an online transaction is the rightful owner of the credit / debit card being used.

2. When do I key in the OTP and how do I receive the OTP?

When you make an online transaction using your credit/debit card, OTP is set up will be required. OTP will be sent to your mobile phone via SMS or email.

18. E-Receipts

E-receipts are electronic receipts that are generated for a transaction from the confirmation page. E-receipts are proof of payment, showing that a payment or a transaction has been done in the bank account. Alternately e-receipts can be generated from the transaction journey page, on the dashboard – for all completed transactions.

An e-receipt displays the transaction name, transaction details along with date and time stamp. It's a configurable feature; the user can view the E-receipt button on the transaction only if it is configured (this is done by the bank, when the user requests for the feature)

Pre-requisites

- User has a Current and/or Savings account with the bank with online banking enabled
- The E-receipts maintenance is configured, for the user by the admin.

Features Supported In Application

- Provide e-receipts for a transaction

18.1 Example for e-receipt generation

To transfer the money to existing payee:

1. In the **Transfer Type** field, select the **Existing Payee** option.

Make Payment - Existing Payee

19. Mailbox

Mailbox is a two way communication channel between the Bank Administrator and the business user. Mailbox shows the list of messages to the user with date and time, message subject and content. Customers can send mail messages to the bank with specific pre-defined subjects for their queries / complaints / feedback, via the secured mailbox facility which will be delivered to either OBDX Bank administrator or to the UBS user (using UBS Interactions Module) depending upon the day 0 configuration.

In addition customers can view alerts generated and sent by the Bank on various events.

Prerequisites:

- User has a valid account or relationship with bank with online banking enabled

Features Supported In Application

The major components of mailbox are:

- Compose – This allows customer to select predefined subject and initiate a mail with queries/ complaint/ feedback.
- Inbox Folder - where customers can view messages replied by bank administrators. And also can reply and delete these mails.
- Sent Mail Folder- This allows user to view the mails sent by logged in user. Also an option is provided to delete the mails.
- Deleted Mail Folder - This allows the user to view mails deleted from user's inbox and sent folders. User can permanently delete the mails.
- Alerts – View alerts sent by the bank to the logged in user's mailbox. The user has an option to delete the alerts.
- Notifications - This section allows the user to view all the notifications sent by the bank.

How to reach here:

Dashboard > Toggle Menu > Mailbox > Mails
OR

Dashboard > Click  >View All > Mails

19.1 Mails

The Mails functionality is subdivided into the following sub-sections:

- **Compose Mail:** initiate new mail about any issue, query or feedback
- **Inbox:** View messages received
- **Sent Mail:** View the messages that have been sent by the by logged in user
- **Deleted Mail:** View the messages deleted by logged in user from Inbox and Sent Mail folder

Mailbox - Mails

The screenshot shows the Futura Bank Mailbox interface. At the top, there is a navigation bar with the Futura Bank logo, a search icon, and a user profile for Leo Thomas with the text 'Welcome, Leo Thomas' and 'Last login 08 May 02:00 PM'. Below the navigation bar, the 'Mailbox' section is visible, containing a sidebar with 'Inbox (64)', 'Sent Mail', and 'Deleted Mail'. The main area displays a list of 10 email items with columns for 'From', 'Subject', and 'Received'. The 'From' column includes 'Administrator User', 'Vikram Gupta', 'Pizza Retail', 'SWATI THITE', 'Sweta Thakur', 'Pizza Retail', 'Pizza Retail', 'Williamson Son1', and 'Vikram Gupta'. The 'Subject' column includes 'Re :Block Debit / ATM card', 'Block Debit / ATM card', 'Open New Bank Account', 'Re :Change Communication Address', 'Re :Change Communication Address', 'Change Communication Address', 'Term Deposit Certificate', 'Change Communication Address', 'Block Debit / ATM card', and 'Change Communication Address'. The 'Received' column shows dates and times ranging from 20 Apr 2020 04:32:47 PM to 07 May 2020 03:36:54 PM. A pagination bar at the bottom indicates 'Page 1 of 7 (1-10 of 66 items)' and a 'Cancel' button is located at the bottom left.

	From	Subject	Received
<input type="checkbox"/>	Administrator User	Re :Block Debit / ATM card	07 May 2020 03:36:54 PM
<input type="checkbox"/>	Vikram Gupta	Block Debit / ATM card	07 May 2020 03:29:51 PM
<input type="checkbox"/>	Pizza Retail	Open New Bank Account	07 May 2020 03:25:36 PM
<input type="checkbox"/>	SWATI THITE	Re :Change Communication Address	05 May 2020 02:20:35 PM
<input type="checkbox"/>	Sweta Thakur	Re :Change Communication Address	05 May 2020 02:15:39 PM

20. Calculators

Calculators are the tools used by the users to arrive at a certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle banking digital experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

Features Supported In Application

The different calculators are:

- Eligibility Calculator
- Loan Calculator
- Term Deposits Calculator
- Foreign Exchange Calculator

20.1 Loans Calculator

The loans calculator is a simple installment calculator which identifies the monthly installment amount payable on a loan based on the loan amount, tenure in years and interest percentage.

How to reach here:

Portal Page > Tools & Calculator > Loans

Loan Calculator

The screenshot displays the 'Installment Calculator' interface on the Futura Bank website. At the top, there are navigation elements including 'futura bank' logo, 'ATM/Branch', 'English', and 'UBS 14.3 AT3 Branch'. The main content area is titled 'Installment Calculator' and contains the following input fields:

- Amount:** £600,000.00
- For:** 5 Years
- @Interest:** 11.75%

Below the input fields are two buttons: 'Calculate' and 'Back'. To the right of the input fields, there is a 'Loan Calculator' section with a document icon and the following text:

Loan Calculator
Getting a Loan from Futura Bank is quick and easy.
To ease your burden of paying off the loan immediately, you can opt for the EMI (Equated Monthly Installment) facility.
To estimate your loan installment amount per month, you can use a loan calculator.

Field Description

Field Name	Description
Amount	The amount that the customer wants to borrow from the bank.
For (Period) Years	Desired tenure of the loan in terms of years.
@ Interest	Interest rate that bank will charge on the applied loan.
Installment Amount	The monthly installment payable on the loan calculated on the basis of the loan amount, tenure and interest rate specified by the user.

1. In the **Amount** field, enter the loan amount.
2. In the **For Years** field, enter the loan tenure in years.
3. In the **@Interest** field, enter the interest rate.

Click **Calculate**.

The application calculates and displays the monthly installment of the loan.

20.2 Eligibility Calculator

Loan eligibility calculator plays an important role in helping a customer understand their current position with respect to their borrowing capacity. The calculator enables customers to gain an understanding of their loan eligibility, considering their average monthly income and expenditure. It computes the loan amount and repayment amount based on income, expense, interest rate and tenure of the loan. Loan eligibility is calculated by the application and is displayed to the customer.

The eligibility is calculated on the basis of:

- The customer's average monthly income
- The customer's average Monthly Expenditures
- Tenure of the loan being inquired applied
- Estimated rate of interest

How to reach here:

Portal Page > Tools & Calculator > Eligibility

Loan Eligibility

The screenshot displays the Futura Bank Eligibility Calculator interface. At the top, there are navigation options for 'ATM/Branch', 'English', and 'UBS 14.3 AT3 Branch'. The main header shows the Futura Bank logo and the title 'Eligibility Calculator'. The form includes the following fields and values:

- How Much Loan Can You Get?** (Section Header)
- Your Average Monthly Income:** £50,000.00
- Your Average Monthly Expenses:** £35,000.00
- For How Many Years:** 5
- @Interest:** 12%

At the bottom of the form, there is a blue 'Calculate' button and a 'Back' link. On the right side, there is a sidebar with a 'Loan Eligibility Calculator' icon and a text box stating: 'Futura Bank calculator provides quick results regarding your eligibility for the loan considering factors like your monthly income and expenses.' A blue chat bubble icon is also visible in the bottom right corner of the sidebar.

Field Description

Field Name	Description
How Much Loan Can You Get?	
Your Average Monthly Income	Monthly income of the user.
Your Average Monthly Expenses	Monthly expenditure of the user.
For How Many Years	Tenure of loan in terms of years.

Field Name	Description
@ Interest	Interest rate of the loan.
You can get a loan of	The amount of loan that the customer is eligible to borrow.
Average Installment	Display the estimated monthly installment amount.

1. In the **Your Average Monthly Income** field, enter your monthly income.
2. In the **Your Average Monthly Expenses** field, enter your monthly expenses.
3. In the **For How Many Years** field, enter the tenure of loan.
4. In the **Interest** field, enter the rate of interest.
5. Click **Calculate**.
The application calculates and displays the eligible loan amount and the average installment amount.

20.3 Term Deposits Calculator

The Term Deposit calculator gives an indication to the user about the maturity amount which will be available, if a particular amount is invested at the bank and left for a fixed period of time. It calculates the total amount of the term deposit at the end of maturity period. The User can choose amongst different products that which suits his requirements the best.

How to reach here:

Portal Page > Tools & Calculator > Term Deposits

Deposit Calculator

The screenshot displays the Futura Bank Term Deposit Calculator. At the top, there are navigation options for 'ATM/Branch', 'English', and 'UBS 14.3 AT3 Branch'. The main heading is 'Term Deposit Calculator'. Below this, there are several input fields: 'Amount' set to £20,000.00, 'Frequency' with 'Years' at 4, 'Months' at 5, and 'Days' at 0, and '@Interest' set to 7%. A 'Calculate' button is located below the inputs. The result area shows 'You get back: £27,317.12'. To the right, there is a 'Deposit Calculator' information box with a gift icon and text explaining the calculator's purpose and that term deposits are safe investments. A chat bubble icon is in the bottom right corner.

Field Description

Field Name	Description
How Much would you like to Deposit	
Amount	Total deposit of principal amount for deposit with default currency.
Frequency - Years/ Months / Days	Option to specify tenure in terms of Years / Months / Days.
@Interest	Interest rate for which the total amount is to be calculated.
You get back	The value of your deposit at maturity.

To calculate deposit value at maturity:

1. In the **Amount** field, enter the deposit amount.
2. In the **Frequency - Years/ Months / Days** fields, enter the relevant information.
3. In the **Interest** field, enter the rate of interest.
4. Click **Calculate**.
The Deposit Value at maturity appears.

20.4 Foreign Exchange Calculator

The foreign exchange calculator provides the value of one currency with respect to another currency. The Calculator displays the converted amount and the currency exchange rate applied. Exchange rates of only predefined currencies can be viewed by the customer.

Exchange rates for the currency will be fetched online from the host system and calculations will be done based on the exchange rate retrieved.

Features Supported In Application:

This section allows user to see the value expected for a conversion of currency into other.

- Exchange rate of currencies
- Calculation of amount of currency converted to the other

Pre-Requisites

- Support for the currencies provided by host

How to reach here:

Portal Page > Tools & Calculator > Foreign Exchange > Forex Calculator

Forex Calculator

Field Description

Field Name	Description
From	
Currency	Currency to be sold for which the exchange rate is to be inquired.
Amount	Amount for which conversion is required.
To	
Currency	Buy currency
Amount	Amount (in the To Currency) which you will get post conversion.

To calculate currency exchange rate:

1. From the **From – Currency** list, select the appropriate currency.
2. In the **Amount** field, enter the amount to be converted.
3. From the **To - Currency** list, select the currency
4. To calculate the currency exchange rate, click **Convert**.
The exchange rate for the currency pair appears.

22. Feedback Capture

Feedback option enables you to provide feedback on various aspects of the application as well as specific to transactions. You will be asked a feedback question on which you need to rate on a rating scale and answer subsequent questions if defined for a scale weight that you rate. The feedback captured is analyzed by the bank administrator to decide on the course corrections in case of issues.

Feedback can be provided by the user through the following options in the system:

- General Feedback
- Transaction Specific Feedback

22.1 General Feedback

General feedback is available as an option to provide feedback on generic aspects about the application.

How to reach here

Toggle Menu > Leave Feedback

To provide general feedback:

1. Click **Leave Feedback**. The **Feedback** pop-up screen appears.
2. A feedback question appears along with a rating scale.
3. Select an appropriate rating on the scale.
4. Depending on the rating, the system will provide you with a question along with a set of options.
5. Select an appropriate option corresponding to the question.
6. You can also add comments, if required.

General Feedback

7. Click **Submit**. A message confirming successful submission of feedback appears.

22.2 Transaction Specific Feedback

You can capture feedback specific to a transaction provided the transaction has been enabled for feedback capture by the bank. Feedback will be available as an option post transaction confirmation. Transaction specific feedback is recorded and stored for further analysis.

To provide transaction specific feedback:

1. Once the transaction is successfully submitted, feedback as an option is displayed on confirmation page.
2. Click **Feedback**. The **Feedback** pop-up screen appears.
OR
Click **Go to Dashboard** link to navigate to the Dashboard.
3. A feedback question appears along with a rating scale.
4. Select an appropriate rating on the scale.
5. Depending on the rating, the system will provide you with a question along with a set of options.
6. Select an appropriate option corresponding to the question.
7. You can also add comments, if required.

OR

Click **Skip** to skip the feedback process. The **Dashboard** screen is displayed.

OR

Click **Never ask me again** if you do not wish to be asked to provide for any transaction. The system will suspend the feedback process for all transactions and you can enable the same again (if required) through 'My Preferences' from the toggle menu.

Transaction Feedback

1. Click **Submit**. A message confirming successful submission of feedback appears.

[Home](#)

23. My Reports

Corporate User logs into the system and navigates to My Reports screen. On accessing 'My Reports' menu, last 10 reports which generated by the user or by other users of a party are listed with the respective report status. User can choose to search the specific report using the search criteria or can opt to view/ download detailed report.

Note: Send to Modify functionality is now supported for this transaction.

Reports are categorized as:

- Adhoc Reports
- Scheduled Reports

How to reach here:

Corporate Dashboard > Toggle menu > Reports > My Reports

23.1 My Reports - Adhoc

Adhoc reports are generated on demand or on request. Reports can be requested from the 'Reports' screen. Adhoc reports can be viewed using 'My Reports' screen.

To view and download the generated adhoc reports:

My Reports - Adhoc

The screenshot displays the 'My Reports' interface for Futura Bank. At the top, there's a navigation bar with 'ATM/Branch' and 'English'. The user is logged in as 'Welcome, Nehal Joshi' with a last login time of '08 May 05:36 PM'. The main content area is titled 'My Reports' and has two tabs: 'Adhoc' (selected) and 'Schedule'. Below the tabs is a search bar with a magnifying glass icon. The search criteria include 'Report Id', 'Report Name' (with a dropdown menu set to 'Select'), and 'Generation Date' (with 'From Date' and 'To Date' fields). A 'Search' button is located below the search criteria. The results are displayed in a table with columns: 'Report Name', 'Report Sub Id', 'Generation Date and Time', and 'Status'. The table contains three rows of data. At the bottom of the table, there is a pagination control showing 'Page 1 of 1 (1-3 of 3 items)' and a 'Cancel' button. A note on the right side of the screen reads: 'You can view the list of all adhoc and scheduled reports from here which are already generated, failed or still under processing.'

FAQ

- Can I choose a format in which a report is to be downloaded from My Reports screen?**

A report can be downloaded in a format selected while generating a report.

[Home](#)

24. Report Generation

Corporate user logs into the system and navigates to Report Generation screen. On accessing 'Report Generation' menu, corporate user has to select a type of a report which needs to be generated. Other reports parameters with respect to each report are displayed on the screen as input fields so that report can be requested with specific data.

Reports are categorized as:

- Adhoc Reports
- Schedule Reports

Corporate user can view the all the reports that are scheduled and can view and edit the parameters of the scheduled reports, as per requirement to generate reports on new parameters from next report cycle. Corporate user approver can approve or reject the maintenance initiated for editing existing report schedule.

Note: If two factor authentication is enabled, the reports get generated only after successful authentication.

The lists of reports are:

- Daily Balance Position Report
- Party wise Payee Maintenance Report
- Transaction Summary Report

How to reach here:

Corporate Dashboard > Toggle menu > Reports > Report Generation

Report Generation

The screenshot displays the 'Report Generation' interface for Futura Bank. At the top, there is a navigation bar with the bank's logo, user name 'Welcome, Nehal Joshi', and last login time '08 May 05:36 PM'. The main content area is titled 'Reports' and features two tabs: 'Adhoc' (selected) and 'Schedule'. Below the tabs, there is a 'Report Name' input field and a 'Select Report Type' dropdown menu. Three buttons are visible: 'Generate Report' (blue), 'Cancel' (grey), and 'Clear' (blue). A 'Tips' box on the right side provides instructions: 'With this option, you can generate adhoc reports which are internal or related to customers. You need to select the Report Name, Frequency, Duration and Format in which you want to generate it. Once submitted you can view and download the generated reports from My Reports option.' At the bottom right, there is a help button that says 'Hey, I am here to help if you need it!'.

Field Description

Field Name	Description
Report Name	Select the report that is to be generated.

24.1 Adhoc Reports

Adhoc reports are generated on demand or on request. Reports can be requested from the 'Reports' screen. Adhoc reports can be viewed using 'My Reports' screen.

Adhoc Reports

The screenshot shows the 'Reports' section of the Futura Bank interface. It features two tabs: 'Adhoc' (selected) and 'Schedule'. Under the 'Adhoc' tab, there are three main fields: 'Report Name' (set to 'Daily Balance Position Report'), 'Report Format' (set to 'PDF'), and 'Duration' (set to '01 Dec 2019' to '27 Dec 2019'). Below these fields are three buttons: 'Generate Report', 'Cancel', and 'Clear'. To the right, there is a 'Tips' box with a lightbulb icon and text explaining that adhoc reports are internal or customer-related and require selecting report name, frequency, duration, and format. At the bottom right, there is a chatbot icon with the text 'Hey, I am here to help if you need it!' and a copyright notice at the very bottom: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Report Name	The report type selected to generate the report.
Report Format	The format in which report is to be generated. The options with Oracle Business Intelligence (BI) Publisher are: <ul style="list-style-type: none"> • PDF • XLS The options with Internal Reporting Application are: <ul style="list-style-type: none"> • PDF • CSV

Field Name	Description
Duration	The period for which the report is to be generated. Start date of the date range from which you want to generate the report. End date of the date range up-to which you want to generate the report.

24.2 Scheduled Reports

The reports that are generated automatically in specific time frame such as daily, weekly, and monthly are categorized under scheduled reports.

Scheduled Reports

The screenshot shows the 'Reports' section of the Futura Bank interface. The 'Schedule' tab is active, displaying the following configuration for a report:

- Report Name:** Daily Balance Position Report
- Report Format:** PDF
- Select Frequency:** MONTHLY
- Start Generating:** 12/27/19 00:00
- Stop Generating:** 12/28/20 00:00
- Duration:** 01 Dec 2019 to 27 Dec 2019

Buttons for 'Schedule Report', 'Cancel', and 'Clear' are visible. A 'View Scheduled Reports' link is also present. A 'Tips' box on the right explains that this option is for internal or customer-related reports. A chatbot icon at the bottom right says 'Hey, I am here to help if you need it!'.
