# 1. Preface

## 1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

## 1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

## 1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

## 1.4 Structure

This manual is organized into the following categories:

*Preface* gives information on the intended audience. It also describes the overall structure of the User Manual.

*Introduction* provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

## 1.5 Related Information Sources

## 3. Introduction

Islamic Banking is a banking system that is based on the principles of sharia (Islamic law) and guided by the Islamic economics. The Shariah Laws provide guidance on each and every aspect of human life, and the laws which govern and guide financial and commercial transactions define Islamic Banking activities.

Although Islamic banking may seem similar to conventional banking, the two differ conceptually. One key difference is that in conventional banking, banks earn their money by charging interest and fees for services, whereas in Islamic banking, banks earn their money by profit and loss sharing, leasing, charging fees for services rendered, etc.

The OBDX retail banking modules cater to Islamic accounts as well. Users of an Islamic bank, can view the account details, transfer money, make payments, request for cheque books, debit cards etc. using the portal

A user can have only Islamic accounts or only conventional accounts or a mix of both types of accounts. The portal caters to each case. If the customer has both conventional CASA accounts and Islamic CASA accounts under the same ID and password, he will have a consolidated view of all accounts on logging.

The current and savings accounts widget has a representation of both conventional & Islamic accounts. This is also applicable for enquiry and transaction screens. While initiating any transaction or payment, the user selects either an Islamic account or a conventional account, grouped under the respective labels.

The labels on the different pages / screens, for Islamic accounts, reflect the nomenclature as per and in accordance with the requirements.

---

## 4. Accounts

Current and savings accounts are the most basic and critical products of retail banking. Most banking customers hold either a current or a savings account with their banks. Banks, in turn, encourage the use of current or savings accounts as it results in a higher profit margin for the bank.

This application provides a platform by which banks are able to offer their customers an enriching online banking experience in performing activities on their accounts.

Through the online banking application, customers can perform various activities on their accounts. Customers can view account balances and statements, initiate service requests and perform other inquiries as well as perform financial transactions on their accounts.

### Features Supported In the Application:

The retail accounts module of the application supports the following features:

- Accounts Widget
- View Account Details
- Debit Card Details
- Update Debit Card Limits
- Apply for New Debit Card
- Block Debit Card
- Re-issue Debit Card
- Upgrade Debit Card
- Unblock Card
- Request for new Debit Card PIN
- Reset Debit Card PIN
- Cheque Book Request
- Cheque Status Inquiry
- Stop/Unblock Cheque
- View Account Statement and E-Statement Subscription
- Request Statement
- Forex Calculator
- View Inactive Accounts

### Pre-Requisites

- Transaction access is provided to retail users.
- Islamic CASA accounts and debit cards are maintained in the core banking system under a party ID mapped to the user.

## 5. Saving and Current Accounts Widget

The savings accounts widget showcases a summary of the accounts held by the user. It provides the facility for users to access all the important features and information related to the account.

The screenshot displays the Futura Bank mobile app dashboard. At the top, there's a navigation bar with the Futura Bank logo, a search icon, and a user profile section for 'Williamson Son1' with the last login time '24 Apr 06:15 PM'. The dashboard is divided into several widgets:

- My Net Worth:** Shows a total of £3,968,851.52. It includes a donut chart and a breakdown: Current & Savings (£3,866,108.55), Term Deposit (£102,742.97), Recurring Deposit (£0.00), and Wallet (£0.00).
- Recent Activity:** A table showing transactions for account xxxxxxxxxxxx0047. Transactions include 'ACCOUNT TO ACCOUNT...' for £932.00 Cr and two transactions of £555.56 Dr.
- My Spends:** Shows a total spend of £15,700.00 over the last 30 days. A pie chart indicates that 100% of the spend is 'Uncategorized' with a value of 15.70K.
- Current & Savings:** Lists 4 active accounts for 'Willaims' (Islamic) with balances of £967,248.67, £981,710.78, and £990,887.78.
- My Bills:** Displays 'No bills presented due for payment' with options for 'Quick Recharge', 'Quick Bill Pay', and 'View All Billers'.
- Upcoming Payments:** Shows 'Relax! You currently do not have any Upcoming Payments' with a 'Set Repeat Transfers' option.
- Payments:** A grid of icons for 'Transfer Money', 'Pay Bills', 'Favorites', 'Manage Payees & Billers', 'Request Money', and 'View Repeat Transfers'.
- Service Request:** Shows 'Open (0)' and 'Recently Closed (3)' requests. It states 'No Actions Pending' and provides options to 'Raise New Request' or 'Track Request'.
- Notifications:** Displays 'No New Notifications' and prompts the user to 'Check this section for new notifications'.
- My Advisors:** Encourages the user to 'Please contact Futura Bank for getting your advisors details. 1800-000-000'.
- FuturaMax:** Promotes the service with the text 'With FuturaMax, you can manage your money at one place' and a 'Link Account' button.
- Transfer money to wallet:** A section with the text 'Transfer money to wallet and use for shopping, bill payments and recharges.' and a 'Register Now' button.

At the bottom of the app, there is a footer with the text: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

## Accounts Widget

### Current & Savings

This section lists down all the active and inactive savings accounts that the user holds with the bank.

- **Active Accounts:** Each account page displays the basic details such as the holding pattern along with the name of the primary account holder, account product or offer name, the masked account number and account nickname, if defined., along with the net balance of the account. If the user holds both conventional as well as Islamic accounts, the type of account is also identified on each record. The user is able to view further details of an account by clicking on the account.
- **Inactive / Closed Accounts:** This displays the number of accounts of the user that are in inactive status. The user can view details of the inactive accounts.
- **More options:** It provides the facility for users to access all the important features like:
  - Account Details
  - View Statement
  - Cheque Book Request
  - Cheque Status Inquiry
  - Stop/Unblock Cheque
  - Debit Cards
  - Request Statement
  - Sweep In

### Forex Calculator

The forex calculator is a link provided on the dashboard from which the user can access the Forex Calculator.

---

[Home](#)

## 6. Account Details

The customer can navigate to this screen by selecting any active account card on the accounts dashboard. The account details screen displays important information pertaining to a current or savings account such as the account holding pattern and the names of all the account holders, the current status of the account and the branch in which the account is held along with details on various balances and limits applicable on the account.

Additionally, the customer can also perform activities on the account, which are defined below:

- Account Details: user name and account number
- Basic: It includes the basic information about the account, like customer ID, account type, holding pattern, status, etc.
- Balance and Limits: It includes information like available balance, amount on hold, unclear funds, advance against unclear funds limits, financing limits, etc.

### Functionalities

- View Statement
- Cheque Book Request
- Cheque status enquiry
- Stop/ unblock cheque
- Debit Cards
- Request Statement

### How to reach here:

*Dashboard > My Accounts Widget > Current and Savings > Active Account > Current and Savings Account > More options > Account Details*

OR

*Dashboard > Toggle Menu > Accounts > Current and Savings > Savings & Current Account Details*

### Account Details

The screenshot displays the 'Account Details' page for a Futura Bank account. The page is titled 'Account Details' and includes a navigation bar with options: Account Details, View Statement, Cheque Book Request, Cheque Status Inquiry, Stop/Unblock Cheque, Debit Cards, and Request Statement. The account information is as follows:

## 7. Debit Cards

Debit cards are used for funds withdrawal at ATMs, for making purchase transactions at Point of sale (POS) terminals and doing online transactions. Since debit cards are very frequently used for banking transactions, it is essential for the bank to provide a means by which customers can view the details of their debit cards as well as apply for new debit cards online.

This feature enables customers to view details of debit cards linked to their current or savings accounts and also to apply for a new debit card on any of their accounts.

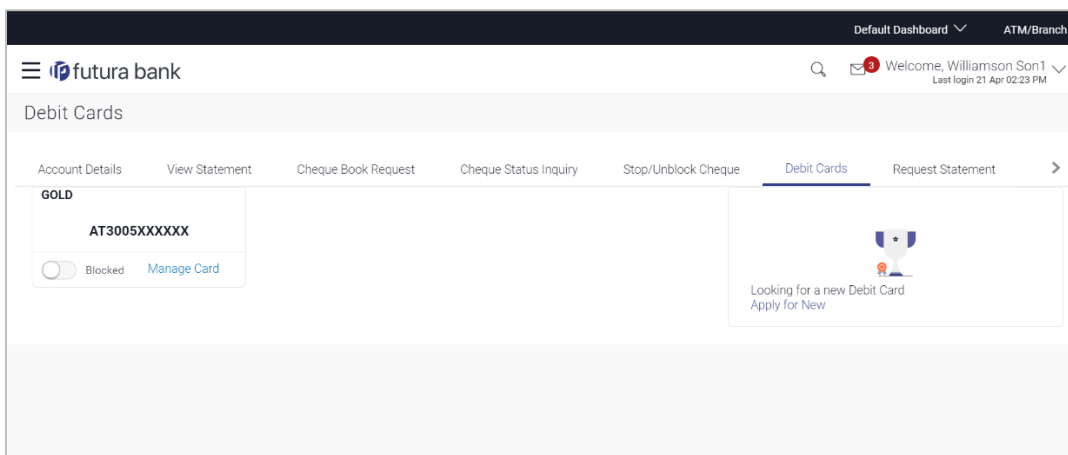

### How to reach here:

*Dashboard > My Accounts Widget > Current and Savings > Active Account > Current and Savings Account > More options > Account Details*

*OR*

*Dashboard > Toggle Menu > Accounts > Current and Savings > Savings & Current Account Details*

### Debit Cards

### Field Description

Field Name	Description
<b>Card Product</b>	The debit card product name.
<b>Card Number</b>	The debit card number in masked format.

You can also perform the following actions:

1. To block the debit card, slide **Blocked** toggle of desired debit card.  
The **Block/ Unblock Cards** popup message window appears to confirm.

### Block Debit Card

Click **Yes** to block the debit card. It will redirect the user to **Block/ Hotlist Card** screen to block the debit card.

OR

Click **No** to cancel the transaction.

2. To unblock the blocked debit card, slide **Blocked** toggle of desired debit card.

### Unblock Debit Card

Click **Yes** to unblock the debit card.

The success message of unblock debit card appears.

OR

Click **No** to cancel the transaction.

3. To view the details of debit card, click **Manage Card**.  
It will redirect user to the **Debit Card Details** screen.

[Home](#)

## 8. New Debit Card

The New Debit Card feature allows the customer to submit requests for new debit cards for their operating accounts. While initiating the request for new debit cards, customer can specify the reason for which a new card is being requested and also define the name to be embossed on the card.

This feature acts as a service request (SR) and an SR number is generated when the customer submits the request. Customers can track the status of their service requests by clicking on the Track Request link provided on the Service Request widget or by directly selecting the Track Request option from the toggle menu.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Current & Savings > Debit Cards > Apply Now Link*

*OR*

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > Debit Cards > Apply Now link*

## 10. Block / Hotlist Card

Debit card fraud costs individuals and businesses millions of dollars every year globally. The speed at which fraudulent transactions can be performed on a stolen debit card is incredible; hence users need a means by which to communicate the status of a lost or stolen card to the bank in the fastest possible manner with the least amount of friction.

The Block Debit Card feature enables users to block the debit card online in cases of a stolen card or lost debit card so that the bank can block the processing of any transaction, which can be performed via the debit card immediately.

This feature also enables the user to request for a replacement debit card which will have the same attributes as that of the debit card that is being blocked.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Current and Savings > Debit Cards > Manage Card link > Block / Hotlist Card*

*OR*

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > Debit Cards > Manage Card link > Block / Hotlist Card*

## 13. Request PIN

A debit card PIN is required to authenticate any debit card transaction. Without a PIN, the user will not be able to withdraw funds from his account or make any Point of Sale purchases. This feature enables a user to request for a new debit card PIN to be delivered at the address of choice.

The debit card PIN request is a service request transaction and on initiating the request, service request number is generated, which can be used by the user to track the status of the request. Duplicity checks are done by the system to ensure that no duplicate requests are being initiated.

### How to reach here:

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More Options > Debit Cards > Request PIN*

OR

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > Debit Cards > Manage Cards > Request PIN*

OR

*Dashboard > Toggle menu >Accounts >Current & Savings >Debit Cards > Request PIN*

### Request PIN

## 15. Cheque Book Request

Cheques are the most widely used instruments that are used to make different kinds of payments. The Cheque Book Request feature enables customers to request for a new cheque book online.

This feature is available only for those accounts for which cheque book facility is enabled. Customers can specify the number of cheque books required, leaves per cheque book, cheque book type and also the delivery location as to where the cheque book is to be delivered, while initiating a cheque book request. On initiating a cheque book request, a service request number is generated. The customer can track the status of the request through this reference number generated.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Current & Savings > Cheque Book Request*

*OR*

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > Cheque Book Request*

### Cheque Book Request

The screenshot shows the 'Cheque-Book-Request' form in the Futura Bank interface. The form is titled 'Cheque-Book-Request' and has a navigation bar with options: Details, View Statement, Cheque Book Request (selected), Cheque Status Inquiry, Stop/Unblock Cheque, Debit Cards, Request Statement, and Sweep. The form fields are as follows:

- Account Number: xxxxxxxxxxxx0056
- Balance: £923,682.33
- Type of Cheque Book: 001BRNGBP
- Number of Cheque Books: 1
- Number of Leaves per Book: Cheque Book with 25 Leaves
- Delivery Location:  Branch Near Me  My Address
- City: California
- Branch Near Me: FLEXCUBE UNIVERSAL BANK
- Unit 1, Block A, California, GREAT BRITAIN

At the bottom of the form are buttons for 'Submit', 'Cancel', and 'Back'. On the right side, there is a 'Cheque book first delivery' notice with an icon of a cheque book and a pencil. The notice text reads: 'Will be attempted within 5 working days at your communication address updated in our records. There will be two cheque books of 10 leaves each which will be issued free of charge every quarter. After that, there is a charge of Rs. 20.00 plus 15.00% Service Tax per cheque book.'

## 16. Cheque Status Inquiry

The Cheque Status Inquiry transaction enables customers to view the status of cheques at any point of time. The customer can view the status of either a single cheque by providing a cheque number or that of a cheque series by defining a cheque range. Customers can also search for cheques based on their status i.e. used, not used, stopped, etc.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Current & Savings > Cheque Status Inquiry*  
OR

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > Cheque Status Inquiry*

### Cheque Status Inquiry

The screenshot displays the 'Cheque Status Inquiry' page for Futura Bank. At the top, there's a navigation bar with 'Default Dashboard' and 'ATM/Branch'. Below that, the account number is 'xxxxxxxxxxxx0036' and the balance is '£990,887.78'. The search criteria are set to 'Status' with 'Not Used' selected. A table lists cheques from 3771 to 3780, all with a status of 'Not Used' and an amount of '£0.00'. A 'Tips' section on the right advises keeping records of cheque serial numbers. The page footer includes copyright information for Oracle.

Cheque Number	Status	Reason	Amount
3771	Not Used		£0.00
3772	Not Used		£0.00
3773	Not Used		£0.00
3774	Not Used		£0.00
3775	Not Used		£0.00
3776	Not Used		£0.00
3777	Not Used		£0.00
3778	Not Used		£0.00
3779	Not Used		£0.00
3780	Not Used		£0.00

**Field Description**

<b>Field Name</b>	<b>Description</b>
<b>Account Number</b>	Islamic savings account number in masked format along with the account nickname.
<b>Search Cheque by</b>	Allows user to specify the search criteria for cheque status inquiry. The options are: <ul style="list-style-type: none"> <li>• Number</li> <li>• Range</li> <li>• Status</li> </ul>
<b>Cheque Number</b>	Cheque number of the cheque of which you want to view the status. This field appears if you select the <b>Number</b> option from the <b>Search Cheque by</b> list.
<b>From</b>	Start number of the cheque range of which you want to view the status. This field appears if you select the <b>Range</b> option from the <b>Search Cheque by</b> list.
<b>To</b>	End number of the cheque range of which you want to view the status. This field appears if you select the <b>Range</b> option from the <b>Search Cheque by</b> list.
<b>Select Status</b>	Allows the user to view cheque as per the status. The options are: <ul style="list-style-type: none"> <li>• Used</li> <li>• Not Used</li> <li>• Stopped</li> <li>• Rejected</li> <li>• Canceled</li> </ul> This field appears if you select the <b>Status</b> option from the <b>Search Cheque By</b> list.
<b>From Date</b>	Allows the user to search the cheques by status for a given start date. This field appears if you select the <b>Status</b> option from the <b>Search Cheque By</b> list.

Field Name	Description
<b>To Date</b>	Allows the user to search the cheques by status for a given start and end date.  This field appears if you select the <b>Status</b> option from the <b>Search Cheque By</b> list.

**To inquire about the cheque status:**

## 17. Stop/ Unblock Cheque

Cheques are physical instruments used for making payments; it is likely that user might want to block payment in case of theft or misplacement of a cheque issued to a payee. Hence, it is critical to provide an option to stop cheques so that they cannot be utilized for making payment or cannot be misused.

Stop/ Unblock cheque feature allows user to stop a cheque issued for making payment. User can specify the cheque number and initiate a stop payment. The customer will have to select the account number and the cheque number. The cheque number entered will be validated against the account number selected. This is an online request and cheque status will be changed to stop. The User has to specify the reason while stopping the cheque.

This feature also enables customers to request for a cheque or cheque range that has been stopped or blocked to be unblocked. Both stop cheque as well as unblock cheque requests are online i.e. do not require manual intervention by a bank official and the specific cheque or cheque range is immediately stopped or unblocked based on the request raised.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Current & Savings > Stop /Unblock Cheque*

*OR*

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > Stop /Unblock Cheque*

### Stop /Unblock Cheque

The screenshot displays the 'Cheque Stop Unblock' page on the Futura Bank website. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', and 'UBS 14.3 ATB Branch'. The main header includes the Futura Bank logo and a user greeting: 'Welcome, Ryan Bohr' with a last login time of '09 May 04:10 AM'. Below the header, the page title is 'Cheque Stop Unblock'. A horizontal menu contains several options: 'Account Details', 'View Statement', 'Cheque Book Request', 'Cheque Status Inquiry', 'Stop/Unblock Cheque' (which is currently selected), 'Debit Cards', and 'Request Statement'. The main content area is divided into sections: 'Account Number' (xxxxxxx0021), 'Balance: £9,999,883,817.88', 'Select Action' (with 'Stop' selected and 'Unblock' as an option), 'Specify Reason' (with 'Insufficient Funds' selected), and 'Give Cheque Details' (with 'Number' selected and 'Range' as an option). The 'Cheque Number' field contains '351234'. At the bottom of the form, there are three buttons: 'Submit', 'Cancel', and 'Back'. A 'Note' box on the right side of the page contains the following text: 'There is no charge for blank lost or stolen cheques. For all other circumstances, there is a charge of \$10.00. Under what circumstances would I not be able to stop a cheque? - If it has already been debited from your account.' The footer of the page contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

**Field Description**

<b>Field Name</b>	<b>Description</b>
<b>Account Number</b>	Islamic savings account number in masked format along with the account nickname.
<b>Select Action</b>	The action to be taken on cheque that is whether to stop or unblock the cheque. The options are: <ul style="list-style-type: none"> <li>• Stop</li> <li>• Unblock</li> </ul>
<b>Specify Reason</b>	The reason for stopping or unblocking the cheque.
<b>Give Cheque Details</b>	Select the cheque either to stop single cheque or cheque range. The options are: <ul style="list-style-type: none"> <li>• Number</li> <li>• Range</li> </ul>
<b>Cheque Number</b>	Cheque number of the cheque to be stopped or unblocked. This field appears if you select the <b>Number</b> option.
<b>From</b>	Start number of the cheque range to be stopped or unblocked. This field appears if you select the <b>Range</b> option.

## 18. View Statement

Customers should be able to keep track of transactions taking place in their accounts. The Statement feature enables users to view the details of all transactions performed in their accounts. All the debit and credit entries along with each transaction amount and reference details are displayed.

In addition to being able to select a specific account of which to view the statement details, users can also filter transactions based on billed or unbilled transactions. On selecting the option 'billed' the customer can specify the billing period of which to view statement.

By subscribing to e-statements, the user receives statements on his registered email address. The access to your e-Statements is through a password.

The Download Pre-generated option, allows the user to save the pre-generated e-statements by selecting the desired period.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Current & Savings > View Statement*

*OR*

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > View Statement*

### To view the account statement:

1. Click the **View Statement** tab to view the transactions.
2. From the **View Options** list, select the appropriate transaction period and transaction type.
  - a. From the **Transaction Period** list, select the appropriate period.
  - b. From the **Transaction Type** list, select the appropriate option.
  - c. Click **Apply Filter** to generate statement based on criteria.  
OR  
Click **Reset** to clear the details entered.

<b>Balance</b>	Balance in the account. This field appears only if <b>All</b> option is selected in <b>View Options</b> field.

3. Click **Download Statement** to download the statement in .csv,.pdf, MT940,and .ofx format.

The following actions can also be performed in the **View Statement** screen:

- Subscribe for E-Statements.
- Request for a specific statement
- Download Pre-Generated Statements.

## 18.1 E-statements

The user can subscribe to receive an account statement regularly on an email address registered with the bank. 'E-statement' feature allows users to subscribe or unsubscribe to receive e-statements. It is convenient for the user to keep track of their accounts without logging into digital banking portal.

### To subscribe to e-statements:

1. In the **View Statement** screen, click the **E-Statements** link to subscribe to e-statements. This will take you to subscribe for e-statement for the account which was chosen earlier.

## E-statement

The screenshot displays the Futura Bank account statement interface. At the top, there's a navigation bar with the Futura Bank logo and user information: 'Welcome, Williamson Son1' and 'Last login 08 May 05:53 PM'. Below this, account details are shown, including the account number 'xxxxxxxxxxxx0047', opening balance '£0.00', and closing balance '£73,738.68'. A 'Download' button is visible. The main part of the page is a table of transactions with columns for Date, Description, Reference No, Transaction Type, Amount, and Balance. A pop-up message is overlaid on the table, titled 'E statement', with the text: 'You will receive monthly statements for your account <Number in masked format> by email at <User's email address>' and a 'Subscribe' button.

2. The Pop-up Message appears. (Subscribe to E-Statement You will receive monthly statements for your account <Number in masked format> by email at <User's email address> )
  - a. Click **Subscribe** to opt for receiving monthly statements on your registered email address.
  - b. The success message of request submission appears. Click **OK** to complete the transaction.
  - c. The success message of request submission appears.

---

### Note:

If the user has subscribed for the monthly statement;

(1) Click the **E-statements** link to unsubscribe for e-statements

The Pop-up Message appears. ('Unsubscribe to E-statements - You will stop receiving monthly statements for your card <; Number in masked format> by email at <User's email address >')

(2) Click **Unsubscribe** if users wish to stop receiving monthly statements on registered email address.

(3) Click **Proceed** to Unsubscribe. The success message of request submission appears.

---

## 18.2 Request Statement

For more information on Request Statement, refer [Request Statement](#) transaction.

## 18.3 Pre-Generated Statement

Pre-generated statements are statements that have been generated for an account earlier. Through this option, the user can view a statement that was generated previously – he may want to do this if he has missed a past statement for some reason. (Like accidentally deleting e-statements or misplacing his mail in case of a physical copy).

**To download pre-generated statements:**

1. In the **View Statement** screen, click **Pre-generated Statement** link to download a pre-generated statement.  
The **Pre-generated Statement** screen appears.

**Pre-Generated Statement**

The screenshot displays the 'Pre Generated Statement' interface. On the left, account information is visible: Account Number (xxxxxxxxxxxx0047), Balance (£926,261.32), and view options (Current Month, All). The main area features a search form with a 'Pre Generated Statement' title and a password protection notice. Below this, there's a section to 'Select a period to download your pre-generated Statements' with dropdowns for Year (2018) and Month (All Months), and a 'Search' button. A table below the search form lists statements with columns: Statement Number, From, To, and Download. The transaction table on the right shows columns for Transaction Type, Amount, and Balance.

**Field Description**

Field Name	Description
<b>Select a period to download your pre-generated statements</b>	
<b>Period</b>	
<b>Year</b>	The year for which the pre-generated statement to be generated.
<b>Month</b>	The month for which the pre-generated statement to be generated.
<b>Statement Number</b>	The statement reference number.
<b>From</b>	Start date of the date period for which the statement is generated.
<b>To</b>	End date of the date period for which the statement is generated.
<b>Download</b>	Click the link against a statement to download the specific statement.

2. From the **Period** list, select the desired year and month for which pre-generated statement is to be generated.
3. Click **Search** to generate the statement for the selected period.
4. Click **Download** column (.pdf) to save the statement.in pdf format.

[Home](#)

## 19. Request Statement

A user may require the physical copy of an account statement for a certain period. The statement request feature enables users to request the bank for a physical copy of the statement of an account for a specific period. This physical copy will be mailed to the user's address registered with the bank.

### How to reach here:

*Dashboard > Toggle menu > Accounts > Current and Savings > Request Statement*

*OR*

*Dashboard > My Accounts Widget > Current and Savings > Current and Savings Account > More options > View Statement*

### Request Statement

The screenshot shows the 'Request Statement' form in the Futura Bank interface. The form includes the following fields and options:

- Account Number:** xxxxxxxxxxxx0025
- Balance:** £981,710.78
- From Date:** 01 Feb 2020
- To Date:** 21 Apr 2020
- Buttons:** Submit, Cancel, Back

The interface also shows a top navigation bar with 'Request Statement' selected and a user profile section with the text 'Welcome, Williamson Son1' and 'Last login 21 Apr 06:43 PM'.

### Field Description

Field Name	Description
<b>Account Number</b>	Islamic savings account number in masked format for which statement has to be requested.
<b>Balance</b>	The balance in the account in the account currency.
<b>From Date</b>	The user is required to specify the start date from which the account statement is required.
<b>To Date</b>	The user is required to specify the date until when the statement is required.

**To request for a physical statement:**

1. From the **Select Account Number** list, select the account number for the account statement.
2. From the **From Date** list, select the start date of the account statement.
3. From the **To Date** list, select the end date of the account statement.
4. Click **Submit**.  
OR  
Click **Cancel** to cancel the transaction.  
OR  
Click **Back** to navigate back to previous screen.
5. The **Review** screen appears. Verify the details and click **Confirm**.  
OR  
Click **Cancel** to cancel the transaction.  
OR  
Click **Back** to navigate back to previous screen.
6. The success message of **Statement Request** appears along with the transaction reference number.
7. Click **Go To Account Details** to go to **Account Details** screen.  
OR  
Click **Go To Dashboard** to go to Dashboard screen.

## 20. Forex Calculator

The Forex calculator provides the value of one currency with respect to another currency. The Calculator displays the converted amount and the currency exchange rate applied. Exchange rates of only predefined currencies can be viewed by the customer.

Exchange rates for the currency will be fetched online from the core banking system and calculations will be done based on the exchange rate retrieved.

### Features Supported In Application:

This section allows user to see the value expected for a conversion of currency into other.

- Exchange rate of currencies
- Calculation of conversion amount between a currency pair.

### Pre-Requisites

- Support for the currencies provided by Core banking application

### How to reach here:

*Dashboard > My Accounts Widget > Current and Savings Widget > Forex Calculator*

### Forex Calculator

The screenshot displays the Futura Bank Forex Calculator interface. At the top, there is a navigation bar with 'Default Dashboard' and 'ATM/Branch' options. The main header shows the Futura Bank logo and a user profile section with 'Welcome, Williamson Son1' and 'Last login 21 Apr 06:43 PM'. The calculator section is titled 'Forex Calculator' and contains the following fields:

- From Currency:** USD
- Amount:** \$2,000.00
- To Currency:** KWD
- Exchange Rate:** @ 1 USD = 0.2805 KWD
- Converted Amount:** Amount: KWD561.00

A 'Convert' button is located below the converted amount. To the right of the input fields is a 'Forex Calculator' widget with a brief description: 'Calculate currency and foreign exchange rates with Futura Bank's currency converter and get up to date exchange rates.' At the bottom of the interface, there is a 'Back To Dashboard' link and a copyright notice: 'Copyright © 2008, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

### Field Description

Field Name	Description
From	
Currency	Currency to be sold for which the exchange rate is to be inquired.

<b>Field Name</b>	<b>Description</b>
<b>Amount</b>	Amount for which conversion is required.
<b>To</b>	
<b>Currency</b>	Buy currency for which the exchange rate is to be inquired.
<b>Amount</b>	Amount which you will get post conversion in the bought currency.

**To calculate currency exchange rate:**

1. From the first **Currency** list, select the appropriate currency.
2. In the **Amount** field, enter the amount to be converted.
3. From the second **Currency** list, select the currency and enter the amount in the next field.
4. To calculate the currency exchange value, click **Convert**.
5. The exchange rate for the mid option for currency pair entered appears.

## 21. Inactive Accounts

Users can view details of all active & inactive current and savings account held with the bank. While the active CASA accounts are part of all enquiry & transaction screens – inactive accounts can be viewed through the widget on the dashboard. The widget displays the count of inactive accounts, click on **view all** for additional details.

### How to reach here:

*Dashboard > My Accounts Widget > Current and Savings > Inactive Accounts > Current and Savings Account > More options > Account Details*

### To view details of an account:

1. The account detail of selected inactive account appears.

### Inactive Accounts – Account Details

## **FAQ**

**1. As a Retail User, what are the CASA accounts that I can view online?**

The Retail User will have online access to all his accounts – whether conventional or Islamic, that he holds with the bank.

**2. Can the user access Islamic CASA account details 24/7 on the online platform?**

Yes, the user can access account details 24/7, except at times of system downtime or transaction blackout.

**3. Who all can view a nickname that a user has set?**

Only you can view the nickname that you have set.

**4. Can a user apply for new debit card online, only at the time of account opening?**

The user can apply for a debit card online, whether it is his first card or his existing card is expired or lost, at the time of account opening or later.

**5. Can I have multiple debit cards linked to a CASA account?**

This is dependent of the features of the specific Islamic CASA. Generally, in joint accounts, both the primary account holder as well as the joint holder are provided a debit card each.

**6. If a lost debit card is found and restored to the cardholder, can it be reactivated?**

No, for security purposes, once a card has been hotlisted, it cannot be re-activated. You can make a request for a new debit card. If the card was blocked, it can be unblocked online.

**7. Can the user find exchange rate between all currency pairs?**

The user can find exchange rate between currency pairs, provided that they are available for selection, and the currency pair is maintained in the Host and exchange rate is available for it.
