1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 **Documentation Accessibility**

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info or visit

http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 **Related Information Sources**

3. Introduction

Islamic Banking is a banking system that is based on the principles of Shariah (Islamic law) and guided by the Islamic economics. The Shariah Laws provide guidance on each and every aspect of human life, and the laws which govern and guide financial and commercial transactions define Islamic Banking activities.

Although Islamic banking may seem similar to conventional banking, the two differ conceptually. One key difference is that in conventional banking, banks earn their money by charging interest and fees for services, whereas in Islamic banking, banks earn their money by profit and loss sharing, trading, leasing, charging fees for services rendered, and so on.

The OBDX corporate banking modules cater to Islamic accounts as well. Users of an Islamic bank, can view the account details, inquire schedule details or disbursement details, and more using the portal.

A user can either have only Islamic accounts or only conventional accounts or a mix of both types of accounts. The portal caters to each case. If the customer has both conventional loans and finances accounts and Islamic loans and finances accounts under the same ID and password, he will have a consolidated view of all accounts on logging.

The loans and finances accounts widget has a representation of both conventional and Islamic accounts. This is also true for enquiry and transaction screens. While initialing any transaction or payment, the user selects either an Islamic account or a conventional account, grouped under the respective labels.

The labels on the different pages / screens, for Islamic accounts, reflect the nomenclature as per and in accordance with Islamic banking requirements.

4. Corporate Islamic Finance

In Islamic Finance an amount of money is financed by the bank for a certain period of time. Banks charge a profit rate for the amount financed. Hence, Islamic Finance accounts are valuable income generating assets for banks. It is therefore important for banks to enrich the end user's servicing experience so as to increase user satisfaction and retention. In order to achieve this, banks are constantly making efforts to enhance the digital banking experience for their customers by introducing and revamping servicing features on the digital platform. The labels have been adjusted and rechristened for Islamic Finance and are in accordance to the Islamic Banking requirements, in the digital banking platform.

Once a customer avails Islamic Finance, the details of the same can be accessed online. They can manage their banking requirements efficiently and effectively through the OBDX self-service channels. The Islamic financing module enables the customer to view details of Islamic financing, transaction activities, repayment schedule, and the available profit percentage for various Islamic finances. Customers can also make repayments towards the finance.

Note: In application

 Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, or Account Currency.
 Bank can configure the fields to be shown as additional values in the accounts drop-down.

2) Bank can configure the fields to be shown as additional values in the accounts drop-

Features Supported In Application

The loans and finances module of the OBDX application supports the following features:

- Loans and Finances Widget
- Loans and Finances Details
- Repayments
- Disbursement Inquiry
- Repayment Schedule
- Account Statements

Pre-requisites

- Transaction access is provided to corporate user.
- Islamic Finance accounts are maintained in the core banking system under a party ID mapped to the user.

<u>Home</u>

5. Loans and Finances Overview

This screen is like a dashboard which provides a summary of the finance accounts that the corporate user, has access to. The Loan & Finance Overview displays a summary of the total borrowings in all accounts along with the current outstanding amount. It allows the user to understand the current position with respect to finance accounts.

The Application Tracker section provides a visual representation of the number of applications in various stages, which are in-progress, draft, submitted, and completed.

Through the Quick Links section, the user can launch into the servicing sections of the finance module namely, repayment of finance, inquiring the repayment schedule, and viewing the disbursement details. A loan drawdown request can also be initiated from the Quick Links section.

In the Loan & Finance Accounts Summary, the user can view account details such as party name, account number in masked format, amount financed, profit rate, principle outstanding, profit outstanding, outstanding amount, principle outstanding, profit outstanding(local), outstanding amount(local), total outstanding (local) of the finance accounts that the user has access to. Details of each finance account can be viewed by clicking on the account number hyperlink.

Upcoming and overdue installments are also displayed in the dashboard, with the option to make a repayment.

Loan and Finance Overview

This widget displays the following figures:

- Amount Financed: The total financed amount in local currency that has been lent by the bank to the corporate party.
- Total Loans Financed: The total number of finance account availed by the party.
- Amount Repaid: The total financed amount repaid. This field is only displayed with OBCL.
- Outstanding Balance: The outstanding amount in local currency that is yet to be repaid by the corporate customer.

The amount repaid and the outstanding balance are also visually represented on a line graph in percentage form.

Application Tracker

The Application Tracker widget allows the logged-in corporate user to view the progress summary of the various loan drawdown applications submitted from the Digital Banking Platform. Click on the **View Details** link to know the detailed progress of the applications. Refer the **Application Tracker** section in User Manual Oracle Banking Digital Experience Corporate Lending Origination, for more details.

Loan and Finance Summary

This section displays a summary of loan accounts, mapped to the logged in corporate user, along with related information of each account.

Details include:

- Loan Account Details: Loan account number (in masked format), product name, along with the account nickname (if set)
- Party ID : Customer ID (in masked format)
- Party Name: Name of the party under which the loan account is opened
- Amount Financed: The total loan amount in local currency that has been lent by the bank to the corporate party
- Principal Outstanding: Principal outstanding in contract currency
- Interest Outstanding: Interest outstanding in contract currency
- Total Outstanding: Summary of Principal and Interest, that is total outstanding loan amount in contract currency
- Principal Outstanding (Local) Principal outstanding in local currency equivalent
- Interest Outstanding (Local) Interest outstanding in local currency equivalent
- Total Outstanding (Local) Summary of Principal and Interest, that is total outstanding loan amount in local currency equivalent
- Maturity Date: Maturity date of the loan account
- Rate: The rate of interest on the loan
- Auto Payment: Indicates whether the auto payment facility is enabled for the loan account or not

The corporate user can search for a specific loan account by typing either the account

number or party name in the search field and clicking Q . To get the details of each loan account, click on the respective loan account number. Refer **Loan Account Details** screen for more information.

Download: The Loan and Finance summary is downloaded as a password protected file. A message appears regarding the password to be used for opening the file.

You can either click Tabular or Graphical.

You can click Tabular, to view details in table format

You can click **Graphical** to view Principal Outstanding, Interest Outstanding, Total Outstanding, and Total Repaid.

Loans Maturing

This widget provides the option of viewing a graphical summary of overdue and upcoming installments of the primary party accounts or linked party accounts that the corporate user has access to. These installments are sorted based on the currency of the loan account and this widget provides an option to view graphical summary of loan account(s) of the primary party accounts or linked party accounts (if present) by using a currency selection drop-down in the top right corner of the widget.

The Line chart displays the following:

Overdue

Contracts that are overdue as of the application date. The number of contracts and total outstanding are displayed.

Due in 30 days

Contracts that are due in 30 days . The number of contracts and total outstanding are displayed.

Due in 31-60 days

Contracts that are due in 31-60 days . The number of contracts and total outstanding are displayed.

Due in 61-90 days

Contracts that are due in 61-90 days . The number of contracts and total outstanding are displayed.

Above 90 days

Contracts that are due in 61-90 days . The number of contracts and total outstanding are displayed.

The Pie chart displays the following:

Overdue

Contracts that are overdue as of the application date. The number of contracts and total outstanding are displayed.

Due – today

Contracts that are due as of the application date. The number of contracts and total outstanding are displayed.

Due - 30 days

Contracts that are due in the next 30 days from the application date. The number of contracts and total outstanding are displayed.

Due - 60 days

Contracts that are due in the next 60 days from the application date. The number of contracts and total outstanding are displayed.

Due - 90 days

Contracts that are due in the next 90 days from the application date. The number of contracts and total outstanding are displayed.

Due - 180 days

Contracts that are due in the next 180 days from the application date. The number of contracts and total outstanding are displayed.

If you choose a date other than the application date in the future, the above data is displayed as per the chosen date.

Clicking on <u>View All Details</u> link redirects to Loan Account Details screen.

Installments Due

This widget provides the option of viewing a summary of upcoming installments or overdue installments of the primary party accounts or linked party accounts that the corporate user has access to. An option is provided to pay the selected installment/overdue amount. This redirects the user to the **Repayment** screen.

Click on the loan account number to view the respective loan account details. Refer **Loan Account Details** screen for more information.

Click the **Installment Details** link. The Installment Details pop-up screen appears. Click **Pay Now** to repay the installment. Refer the **Repayment** screen for more information.

Quick Links

This section displays the quick links available for loan transactions. Click the particular link to access the specific loan transaction, namely,

- Loan & Finance Repayment
- Schedule Inquiry
- Disbursement Inquiry

Loan Drawdown Request (Refer User Manual Oracle Banking Digital Experience Corporate Lending Origination, for more details.)

Eligibility Calculator:

The loans and finances widget also contains a link by clicking on which the user can navigate to the loan / finances eligibility calculator. This calculator enables users to compute the finance amount they are eligible for based on certain criteria.

Note: This feature is currently available for conventional loans only.

Installment Calculator:

In addition to the link provided to navigate to the loan /finances eligibility calculator, the loans and finances widget also contains a link by which the user can navigate to the installment calculator. The installment calculator enables the user to identify the installment amount payable on a certain financed amount for a specific duration.

Note: This feature is currently available for conventional loans only.

Loan Offers

This widget displays any offers on loans provided by the bank.

6. Loans and Finances Details

The Loans and Finances details page displays important information pertaining to Islamic Finance account such as the net outstanding balance and the names of all the account holders, important dates associated with the Islamic Finance such as the opening date and maturity date, the current status, profit rate and the branch in which the finance is held. User can access account related transactions from the kebab menu.

- Account Details This section displays the basic details about the loans and finances accounts such as the account number, current status, net outstanding balance, maturity date, product name, nickname, etc.

7. Loans and Finances Repayment

The quick and hassle-free online loans and finances repayment option allows the corporate user to initiate payments against outstanding amounts using the Digital Banking platform. Repayments can be made by the user at any point of time, against a finance account mapped to him. The payment can be equal to, lower than, or more than the installment amount of the finance account. User can access account related transactions from the kebab menu.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Loans and Finances > Loan and Finance Repayment

OR

Dashboard > Toggle menu > Menu > Accounts > Loans and Finances > Loan and Finance Overview > Quick Links > Loan and Finance Repayment OR

Access through the kebab menu of transactions available under the **Loans and Finances** module

Field Description

| Field Name | Description |
|-------------------------|--|
| What do you want to do? | The options of paying off the loan partially or completely. The options are: |
| | Part Payment |
| | Full Payment |
| | The order in which the fields below are displayed, will vary based on the option selected in this field. |
| Loan Account | All the Islamic Finance accounts of the user will be listed in a drop- down in masked format along with nicknames, if defined. The user can select the loan account which is to be repaid. The account number will be masked as per account number masking configurations. |
| | For more information on Account Nickname, refer Account Nickname. |
| Amount Financed | The total amount financed, in local currency, that has been lent by the bank to the corporate party. |
| Principal Outstanding | The outstanding principal balance that is yet to be repaid. |
| | This field appears if the user selects the Full Payment option in the Repayment Type field. |
| Amount Overdue | The overdue amount, if any. This amount is the summation of the principal, interest and charges (if any). |
| Source Account | The user's linked current and savings accounts that can be debited to make the loan prepayment, will be listed in a lists. The account number will be masked as per account number masking configurations and nicknames, if set, will be displayed against each account. |
| | For more information on Account Nickname, refer Account Nickname. |
| | Note: All the active CASA accounts that the logged-in corporate user has access to – including those of the primary party and the linked parties, will be listed. |
| Balance | The current balance of the selected source account. This amount will be displayed against the source account field when an account has been chosen from the list. |
| Interest | The interest component of the amount that is due. |
| | This field appears if the user selects the Full Payment option in the Repayment Type field. |

| Field Name | Description |
|------------------|--|
| Charges | The charge that is due. |
| | This field appears if the user selects the Full Payment option in the Repayment Type field. |
| Repayment Amount | The amount to be repaid. Payment currency is defaulted to loan account currency. |
| | This field is editable only if the user selects the Part Payment option. In this case, the amount should be less than the outstanding principal balance. If the user selects the Full Payment option, then this field displays the total outstanding amount, which will include the principal, the interest and pre-payment charges. |
| | Note : The Source Account should have sufficient balance to cover the repayment amount. |

To repay the loan partially or completely:

- 1. From the **What do you want to do?** field, select whether the loan must be paid off partially or fully.
- 2. From the Loan Account list, select the loan account which is to be repaid.
- From the Source Account list, select the CASA account from which the repayment is to be made.
- 4. If the Part Payment option has been selected,
 - a. In the Repayment Amount field, enter the repayment amount.
- 5. Click Submit.

OR Click **Cancel** to go to the dashboard.

6. The **Review** screen appears. Verify the details, and click **Confirm**.

OR

Click **Back** to make changes if any. The user is directed back to the **Loan and Finance Repayment** screen with values in editable format.

OR Click **Cancel** to cancel the transaction.

- 7. A message confirming the repayment appears, along with the transaction reference number.
- 8. Click **Home** to go to the **Dashboard** screen.

OR

Click View Account Details to go to the Loan & Finance Details screen.

8. Schedule Inquiry

Through this feature, the user is able to gain an understanding of the loan repayment life cycle. This page displays details of each installment including the profit and principal amounts along with any charges if applicable, and the total installment amount due on each specific date throughout the loan tenure.

The user is able to identify important information such as the frequency in which repayment installments are made, the total number of installments and the number of installments paid and those that are pending. User can access account related transactions from the kebab menu.

How to reach here:

Toggle menu > Accounts > Loans and Finances > Schedule Inquiry OR

Dashboard > Loans and Finances widget > Loans and Finances Accounts Summary > Loans and finance account number > Loans and Finances Details > Quick Links > Schedule Inquiry OR

Access through the kebab menu of transactions available under the **Loans and Finances** module

To view loan schedule:

- 1. From the **Loan Account** list, select the loan account of which you wish to view loan schedule.
- 2. In the **Date Range** field select the period for which installment details in the repayment schedule are to be viewed. Based on the specified period, the set of installments in the loan repayment schedule are displayed.
- 3. Click **Apply**. The loan schedule details appears on the screen. OR

Click **Reset** to clear the data entered.

Note: Click on the Υ icon to enter new criteria in overlay screen. Based on the defined criteria you can view loan schedule.

4. Click on the icon on the screen to view the Installment Summary, Rate Revision History and Payment Overview.

| Paid Profit | The profit amount repaid till date. |
| | |

The following three fields and values will display the amounts that are yet to be paid, by the user towards the loan.

| Unpaid Profit | The profit amount pending for repayment. | | | |
|------------------|---|--|--|--|
| Unpaid Principal | The principal amount pending for repayment. | | | |

Note: To view the next set of entries in the Loan Schedule of the account, click on the pagination options available.

9. Disbursement Inquiry

Disbursement of the finance amount depends on the type of Islamic Finance product availed by the user.

In case of loans and finance disbursements, the user needs to know the disbursement details of the account. This feature allows the user to view the disbursement details such as financed disbursed amount, disbursal date and financed amount. It helps the user to analyze the current position of the finance as to how much is disbursed and how much is yet to be disbursed. User can access account related transactions from the kebab menu.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Loans and Finances > Disbursement Inquiry OR

Dashboard > Loans and Finances widget > Loan and Finance Summary > Loan account number link > Loan and Finance Details > Quick Links > Disbursement Inquiry OR

Access through the kebab menu of transactions available under the **Loans and Finances** module

To view loan disbursement details:

- 1. From the **Loan Account** list, select the loan account of which you wish to view disbursement details.
- 2. Click Apply. The loan disbursement details of the selected account appear.

Note: Click on the Υ icon to enter new criteria in overlay screen. Based on the defined criteria you can view loan disbursement details.

<u>FAQ</u>

1. Can I inquire about partial disbursements in my Finance Account?

Yes, you can inquire partial disbursements using the disbursement inquiry function.

10. Transactions

Customers can track the transactions taking place in their accounts. This feature enables customers to view the details of all the transactions performed in their loan accounts. All the debit and credit entries along with each transaction amount and reference details are displayed. User can access account related transactions from the kebab menu.

Customers can also undertake the following from this screen:

- Download Pre-Generated Statements The customer can select the Pre-Generated Statement option from the kebab menu on this page, in order to be provided with the facility to define the period for which he/she would like to download pre-generated statements.
- Subscribe for E-Statements By selecting the E-Statement option from the kebab menu, the user will be able to either subscribe or unsubscribe (if subscription is active) for estatements for the specific account. If the user opts to subscribe for e-statements, he/she will receive monthly e-statements on his/her registered email address.

Note: The features to subscribe/unsubscribe for e-statements, request for statements, and to download pre-generated statements are only supported with third party hosts.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Loans and Finances > Transactions OR

Access through the kebab menu of transactions available under the **Loans and Finances** module

To view the account statement:

- 1. From the **Account Number** list, select the account of which you wish to view transactions.
- 2. From the View Options list, select the desired transaction period.
 - a. If the option Date Range has been selected in the **View Options** list, specify the date range in the **Date From** and **Date To** fields.
- 3. From the **Transaction** list, select the types of transactions to be displayed i.e. either debit or credit or all transactions.
- 4. In the **Reference Number** field, enter a transaction reference number if you wish to view a specific transaction record.
- Click Apply to view transactions based on the defined criteria. OR Click Reset to clear the details entered.

3. Click Search to search amongst the pre-generated statements for the selected period.

4. Click **Download** link against any record (.pdf) to download the statement in password protected pdf format..

11. Account Nickname

Customer can assign a specific name to a loan account. This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Overview > Loans and Finances Summery > Loan Account Details > Account Number link > Loans and Finances Details > kebab menu > Add/Edit Nickname

To add nickname to account:

1. Click on the icon on the screen, and click **Add/Edit Nickname** option to add nickname to an account. The **Add/Edit Nickname** popup appears.

Add/Edit Nickname- Example
