## 3. Term Deposit

Islamic Banking is a Banking system that is based on the principles of sharia (Islamic law) and guided by the Islamic economics. The Shariah Laws provide guidance on each and every aspect of human life, and the laws which govern and guide financial and commercial transactions define Islamic Banking activities.

As the name suggests, a Term Deposit is a deposit held at a bank for a fixed term, generally ranging from a few days to a few years. Islamic Term deposit account offers a competitive return that varies according to the investment period that customer selects. Islamic Term deposits solutions offers their customers the returns based on the principle of profit-sharing.

Customers opt to invest in term deposits as they are a safe and secure mode of investment and yield higher returns than regular checking or savings accounts.

### Pre-requisites

- Transaction access is provided to retail customers.
- Islamic Term Deposit products and accounts are maintained in the core banking system under a party ID mapped to the customer.

### Features Supported In the Application

The Retail Islamic Term Deposit module of the application supports the following features:

- Overview Widget
- View Term Deposit Details
- Edit Maturity Instructions
- Redeem Term Deposit
- View Term Deposit Statement
- Request Statement
- Apply for a New Term Deposit

### 3.1 Overview Widget

The retail overview widget displays an overview of the customer's holdings with the bank. The Overview widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans and Credit Cards. On clicking on any account type record, the widget displays details specific to that account type. One such example is that of Term Deposits. On selection of account type Term Deposits, details of the term deposit accounts held with the bank are displayed. This includes a summary of both Islamic and Conventional active term deposit accounts held by the customer along with the basic details of each term deposit such as the term deposit account number, current balance, maturity amount and date. General details such as the total count of term deposit accounts, the total current balance, the total principal and maturity amounts across all term deposits held with the bank, are also displayed.

By clicking on a specific term deposit card, the user is able to navigate to the Term Deposit Details page on which he can view the details of the selected term deposit account.

## **FAQ**

### **1. What is the advantage of assigning a nickname to an account?**

You can personalize your account by giving it a nickname. This way you will be able to easily identify it.

### **2. Can I modify the term deposit details?**

Yes, you can modify the maturity instructions defined for your term deposit. This option are provided on the Term Deposit Details screen.

### **3. What happens to my term deposit at maturity?**

This will depend on the maturity instructions defined by you at the time the deposit was opened. Based on your selection at that point, at the time of maturity, the deposit would either be renewed or the amount will get credited to a specified account. If the funds are to be withdrawn at maturity, you can provide the details of the account to which the maturity proceeds are to be credited.

### **4. Can I redeem the term deposit before the maturity date?**

Yes, depending on the bank's offerings, it is possible to redeem the term deposit amount either partially or fully before the maturity date.

### **5. Can the maturity amount be credited into my account held with another bank?**

Yes, it is possible to setup instructions to credit the maturity amount into another bank account.
