3. Loans And Finances

A loan is nothing but an amount of money that is lent by a bank to a borrower for a certain period of time. Banks charge borrowers interest for the amount lent. Hence, loan accounts are valuable income generating assets for banks. It is therefore important for banks to enrich the end user's loan servicing experience so as to increase user satisfaction and retention. In order to achieve this, banks are constantly making efforts to enhance the online channel banking experience for their users by introducing and revamping loans servicing features on the digital platform.

The application provides a platform by which banks are able to offer their users an enriching online banking experience in servicing their loans.

Users can manage their banking requirements efficiently and effectively through the OBDX self-service channels. The loan module offers users a host of services that include, but are not limited to, viewing their loan account details, schedules and balances and also the facility to make loan repayments.

Note: In application

- 1) Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, or Account Currency.
 - 2) Bank can configure the fields to be shown as additional values in the accounts drop-down.
-

Features Supported In the Application

The retail loans module of the OBDX application supports the following features:

- Loans Widget
- View Loan Details (Active and Closed)
- Loan Repayment
- Loan Disbursement Inquiry
- Loan Schedule Inquiry
- Loan Statements
- Loan Calculator and Loan Eligibility Calculator

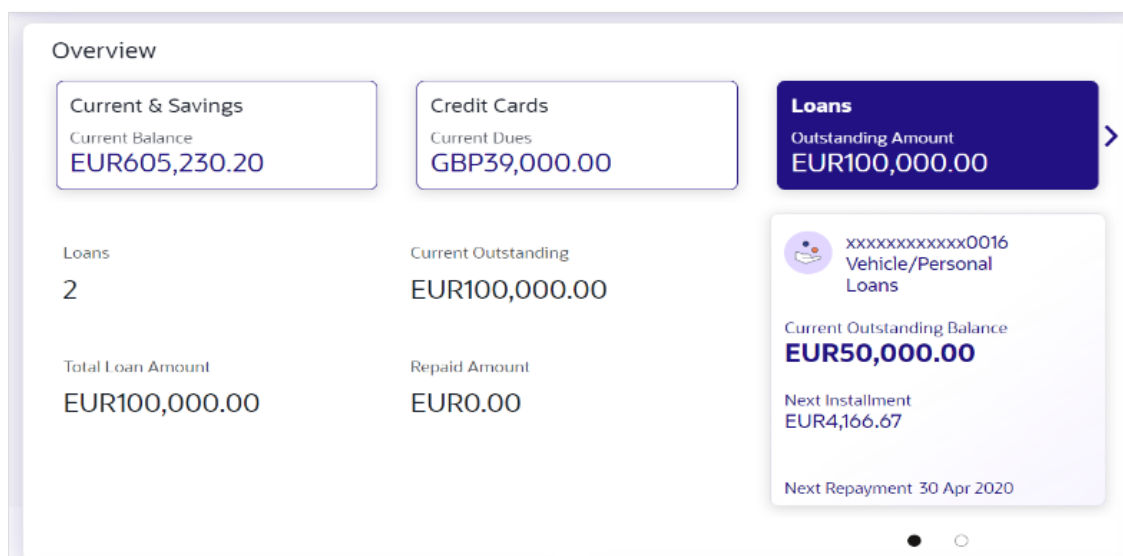

Pre-requisites

- Transaction access is provided to retail user.
- Loan accounts are maintained in the host system under a party ID mapped to the user.

3.1 Overview Widget

The retail dashboard page displays an overview of the user's holdings with the bank as well as links to various transactions offered to the user. The 'Overview' widget displays the user's holdings in each account type such as Current and Savings Accounts, Term Deposits, Recurring Deposits, Loans, Mutual Funds and Credit Cards. On clicking on any account type record, the widget displaying details specific to that account type is displayed. One such widget is the Loans widget which is displayed on selection of account type, 'Loans' under the Accounts widget.

The loans widget has been designed to showcase the lending profile of a user. By viewing the loans widget, the user should be able to gain an insight into the current position of the loans he holds with the bank.

Loans and Finances Widget Overview

Loans and Finances widget showcases the following:

Active Loans

The loans and finances widget provides the user with the option to view the summary the active loans. Each account is displayed along with the Loan product name, current outstanding amount, next installment date, next repayment date. The user is also able to view details like number of loan accounts held by user, total loan amount, total current outstanding amount, and total repaid amount.

[Home](#)

4. Loan and Finance Details

The loan details page displays important information pertaining to a loan account such as the current status of the loan, interest rate, sanctioned amount and total amount outstanding, the branch in which the loan is held as well as important dates associated with the loan such as the opening date and maturity date.

6. Disbursement Inquiry

Disbursement of the loan amount depends on the type of loan product availed by the user. Some loan products such as personal loan and auto loan have single disbursement policies. Certain loan products such as housing loan or education loan have multiple disbursement policies.

Especially in case of multiple loan disbursements, the user needs to be aware of the disbursement details of the loan account. This feature allows the user to view the disbursement details such as disbursed amount, disbursal date and sanctioned amount. It helps the user to analyze the current position of the loan account as to how much is disbursed and how much is yet to be disbursed. User can access account related transactions from the kebab menu.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Loans and Finances > Disbursement Inquiry
OR

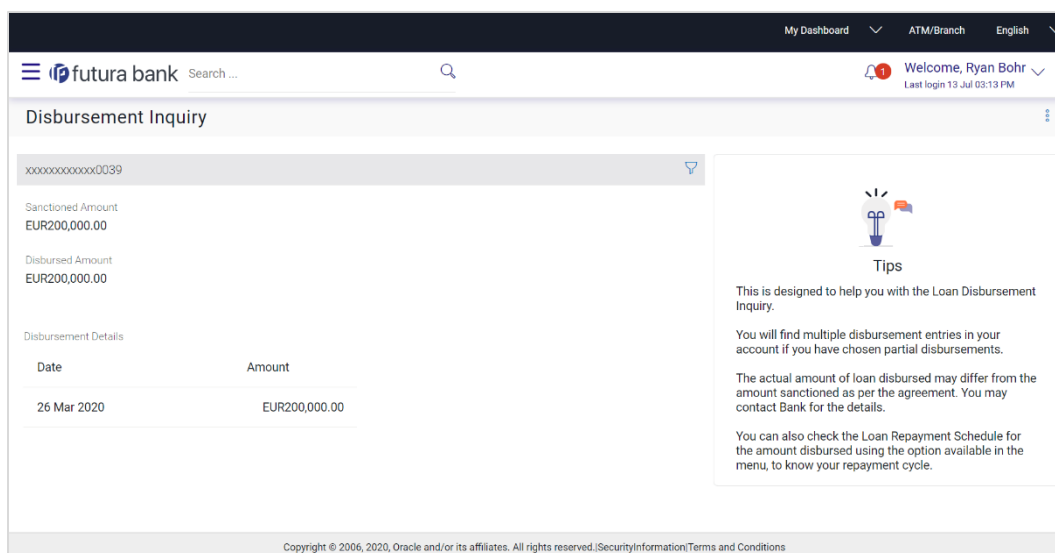

*Access through the kebab menu of transactions available under the **Loans and Finances** module*

To view loan disbursement details:

1. From the **Loan Account** list, select the loan account of which you wish to view disbursement details.
2. Click **Apply**. The loan disbursement details of the selected account appear.

Note: Click on the  icon to enter new criteria in overlay screen. Based on the defined criteria you can view loan disbursement details.

Disbursement Inquiry

The screenshot displays the 'Disbursement Inquiry' page in the Futura Bank application. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', and 'English'. Below this is a search bar and a user greeting: 'Welcome, Ryan Bohr' with a dropdown arrow and 'Last login 13 Jul 03:13 PM'. The main content area is titled 'Disbursement Inquiry' and features a search input field with a filter icon. Below the search field, the 'Sanctioned Amount' and 'Disbursed Amount' are both listed as EUR200,000.00. A table titled 'Disbursement Details' shows a single entry for '26 Mar 2020' with an amount of 'EUR200,000.00'. To the right of the table is a 'Tips' section with a lightbulb icon, explaining that multiple disbursement entries may appear for partial disbursements and that the actual amount may differ from the sanctioned amount. It also suggests checking the Loan Repayment Schedule for more details. At the bottom of the page, a copyright notice reads: 'Copyright © 2006, 2020, Oracle and/or its affiliates. 9. Installment Calculator and Eligibility Calculator

The application provides users with two types of loan calculators – Installment Calculator and Eligibility Calculator.

Installment calculator enables users to identify the installment amount payable on a loan of a certain amount for a specific duration. This calculator is beneficial to users as it gives the user an opportunity to identify whether applying for a loan for a specific amount and duration is preferable or not.

Loan eligibility calculator enables users to compute the amount of loan that they are eligible for based on their monthly income and expenses and also the desired loan tenure and estimated interest rate.

9.1 Installment Calculator

The loan installment calculator is a simple calculator which identifies the monthly installment amount payable on a loan based on the loan amount, tenure in years and interest percentage.

How to reach here:

Dashboard > Installment Calculator

Installment Calculator

The screenshot displays the Futura Bank Loan Calculator interface. At the top, there is a navigation bar with options for 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below this is a search bar and a user profile section for 'Welcome, keron Bohr' with a last login time of '17 Aug 12:49 PM'. The main content area is titled 'Loan Calculator' and features three input fields: 'Amount' set to EUR84,250.00, 'Tenure (Years)' set to 5, and 'Interest' set to 7%. A blue 'Calculate' button is located below these fields. To the right of the input fields, the 'Installment Amount' is displayed as EUR1,668.57. A sidebar on the right contains a 'Loan Calculator' section with a brief description and a 'Calculate' button. Field Description

Field Name	Description
Amount	The user is required to specify the amount that he/she wants to borrow from the bank.

Field Name	Description
Tenure (Years)	The user should specify the desired tenure of the loan in terms of years.
Interest	The user must specify the desired interest rate that is to be charged on the loan.
Installment Amount	The monthly installment payable on the loan calculated on the basis of the loan amount, tenure and interest rate specified by the user.

5. In the **Amount** field, enter the loan amount.
6. In the **Tenure (Years)** field, enter the loan tenure in years.
7. In the **Interest** field, enter the interest rate.
8. Click **Calculate** to calculate the eligible loan amount.
The application calculates and displays the monthly installment for the loan required.

9.2 Eligibility Calculator

The loan eligibility calculator plays an important role in helping users understand their current position with respect to their borrowing capacity. The eligibility is calculated on the basis of:

- The user's average monthly income
- The user's average monthly expenditures
- Tenure of the loan
- Estimated rate of interest
