## 6. Make Payment (Transfer Money) using forex deal

Transfer Money using forex deal enables the user to initiate payment from his bank account to any other bank account without visiting the bank, through digital banking. Payments are categorized on the basis of the transfer being made to an account within the bank, outside the bank and beyond geographical boundaries. When transfer is to an account within the bank it is an internal transfer. A transfer to an account outside the country is called an International payment. This categorization takes place when a customer saves the payee bank account details during payee maintenance.

User can initiate a money transfer when the payees to whom transfers are required to be made are registered in the system.

Application provides a solution to the users through Transfer Money to cater their requirement of different types of payments. User is provided a single screen of Transfer money using forex deal for their Own, Internal, and International payments.

---

**Note:** Adhoc payment does not support the usage of Forex Deals.

---

### Prerequisites:

- Transaction and account access is provided to corporate user
- Approval rule set up for corporate user to perform the actions
- Transaction working window is maintained
- Payees are maintained
- Purposes of Payments are maintained which are mandatory for Internal payments
- Transaction limits are assigned to user to perform the transaction

### Features supported in application

Transfer money allows the user to make payments

- To Existing Payees – by selecting a registered payee
- To My Account - within own accounts

### Workflow

### How to reach here:

*Dashboard > Toggle menu > Payments > Transfer Money > Make Payment*

*OR*

*Dashboard > Quick Links > Fund Transfer*

*OR*

*Dashboard > Quick Links > Own Account Transfer*

## 6.1 Make Payment - Existing Payee

Application provides an option to the user to initiate a payment to an existing payee. All account payees created by the logged in user and shared by other users of the Party, are listed for selection. Details of selected payee are auto populated on transaction screen. User needs to fill in payment details to initiate the transaction. User can also view the transaction limits associated with a current transaction.

E-Receipt gets generated on successful completion of transaction in the Core Banking Application. E-Receipt also can be accessed from **Activity Log** detailed view.

### How to reach here:

*Dashboard > Toggle Menu > Payments > Payments > Transfer Money > Make Payment*  
*OR*  
*Dashboard > Quick Links > Fund Transfer > Make Payment*

### To transfer the money to existing payee:

1. In the **Transfer Type** field, select the **Existing Payee** option.

### Make Payment - Existing Payee

The screenshot displays the 'Make Payment' interface on the Futura Bank website. At the top right, it says 'ATM/Branch'. The main header includes the Futura Bank logo and a user greeting: 'Welcome, Aubrey Plaza' with a last login time of '04 Dec 12:46 PM'. The page title is 'Make Payment'. Below the title, there are two radio buttons for 'Transfer Type': 'Existing Payee' (selected) and 'My Accounts'. The main form area is divided into two columns. The left column contains the following details: Payee 'M MessiBD', Account Number '22342', Account Type 'International', Account Name 'MessiBD', Bank Details 'Universal Bank, Toronto, Toronto, CA', Transfer From 'xxxxxxxxxxxx0302', Balance '€300,689.00', Amount 'EUR €1,200.00', and a 'View Limits' link. Below this is a 'View Current Exchange Rate' link and a 'Book New Deal' button. There is a checked option for 'Use Pre-existing Deals'. Deal details include Deal Number 'AT3FFB114002BDDY', Deal Type 'Forward', and Exchange Rate '€1.49'. A 'Reset' button is located below the exchange rate. The 'Transfer When' section has 'Now' selected over 'Later'. A 'Note' field contains 'Account with institution'. At the bottom of the form are 'Pay' and 'Cancel' buttons. The right column features a graphic with the text 'Transferring money has never been easier!' and a message about transferring money to registered payees globally. It also includes a 'Haven't registered your payee yet?' section with a solution and a 'Did you know?' section about multiple transfers.
