# 1. Preface

## 1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

## 1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

## 1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

## 1.4 Structure

This manual is organized into the following categories:

*Preface* gives information on the intended audience. It also describes the overall structure of the User Manual.

*Introduction* provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

## 1.5 Related Information Sources

For more information on Oracle Banking Digital Experience Patchset Release 21.1.3.0.0, refer to the following documents:

## 3. Portal Page

A bank's landing page should be designed in a manner that connects with its customers and also leads to quick conversions of prospects into customers of the bank. The portal page should enable existing customers to easily login to the system and should also provide users to perform tasks such as to view and apply for the bank's product offerings, register for online banking access, track existing product applications, search for the bank's ATMs and branches etc.

The **Oracle Banking Digital Experience** portal page displays various options that enable users to undertake required tasks and gain information about the bank and its products. The different sections and features provided on the portal page are documented as follows:

# Portal Page Overview

futura bank

## 4. Channel On-boarding

In the current scenario, bank customers are comfortable and adept at using digital channels, which have increasingly become the primary mode of banking. Customers prefer self-service channels for their banking needs as it makes transactions and inquiries accessible anywhere anytime.

In order to access online banking, users need to have login credentials. This feature enables users to register themselves for channel access.

### 4.1 Self-Register

This feature enables customers to register themselves for channel access. Customers who do not have access to online channels can onboard themselves without having to approach the bank physically. Bank customers who have existing savings accounts, term deposits Loans or Credit Cards can onboard themselves by authenticating their relationship with the bank. Customer authentication is done on the basis of primary details registered with the bank.

On the successful authentication of the details provided by the user, user receives a link to set up his user ID and password on his registered email ID.

#### Pre-requisites

In order to be able to register oneself, a user must have any of the following existing relationships with the Bank:

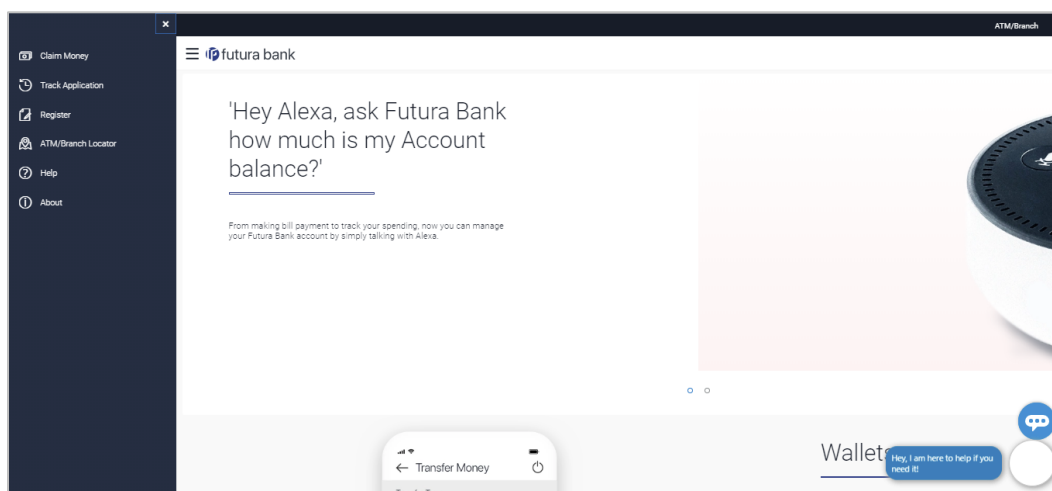

- Demand Deposit
- Loan
- Term Deposit
- Credit Card

#### How to reach here:

*Bank's Portal Page > Toggle Menu > Register*

#### To register for access to banking channels:

1. Access the bank's portal page, click ☰ to expand the toggle menu and click on **Register**.

2. The **Channel Onboarding - User Registration** screen appears. Enter the relevant information.

## 5. Log-In & Log-Out of Oracle Banking Digital Experience

A user can access online banking services by logging in to the system from the login page. By enabling user login through entry of user name and password, the bank can ensure that its customers' financial information is always accessed in a safe and secure manner.

Once a user is done accessing the online banking system, he/she can log out by selecting the Log Out option provided. Logging out enables users to exit from the system in a secure manner, thus ensuring that no one else can gain access to the user's online banking services (without supplying valid credentials).

### Pre-requisites

- The user must be registered for online banking access and must have valid login credentials.
- The user must have a valid account with bank that is enabled for online banking access.
- Other features related to accounts must be supported by the host system.

### Features Supported In the Application

- Log-in to the application
- Log-out of the application

In case the user has forgotten their username or password, they can use the Forgot Username and Forgot Password links to retrieve these details. For more information, refer the Forgot Username and Forgot Password sections respectively.

### 5.1 Log-in to the application

The user can log in to the **Oracle Banking Digital Experience** application by entering his/her login username and password in the provided fields.

#### To log in to the application:

1. Access the bank's portal page.
2. Select the **Login** option. The Login page appears.

## Login Page

### Field Description

Field Name	Description
<b>Username</b>	Enter your login user name.
<b>Password</b>	Enter your login password.

- In the **Username** field, enter your user name.  
OR  
Click  icon to enter your user name using the virtual keyboard.
- In the **Password** field, enter your login password.  
OR  
Click  icon to enter the password using the virtual keyboard.

**Note:** The characters typed in the Password field appear masked (•••••) for security reasons.

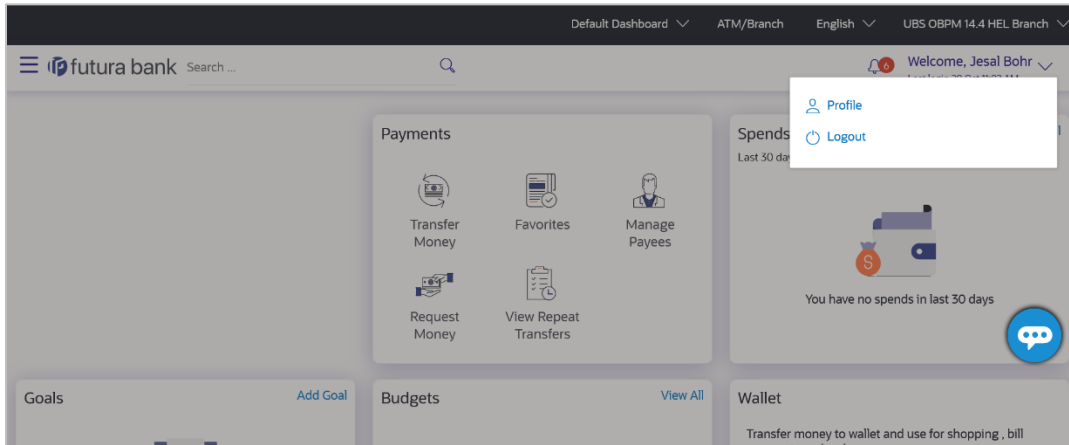

- Click **Login**.  
The **Dashboard** screen appears.

## 5.2 Log-out of the application

To log out of the application:

1. In the top right corner, click  icon.  
The drop-down with the options to change entity, view profile and logout appears.

### Logout

2. Select the **Logout** option.  
The user is logged out of the system and a message confirming successful logout appears.

[Home](#)

## 6. Calculators

Financial calculators are tools used to arrive at a certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle Banking Digital Experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

### Features Supported In the Application

The different calculators are:

- Loan Eligibility Calculator
- Loan Installment Calculator
- Term Deposit Calculator
- Forex Calculator
- Goal Calculator

### 6.1 Loans Installment Calculator

The loans instalment calculator is a simple installment calculator which identifies the monthly installment amount payable on a loan based on the loan amount, tenure in years and interest percentage.

#### How to reach here:

*OBDX portal landing page > Calculators for all your Money Goals > Loan Calculator*

*OR*

*OBDX portal landing page > Toggle menu > Menu > Calculators > Loan Installment Calculator*

*OR*

*Dashboard > Toggle menu > Menu > Calculators > Loan Installment Calculator*

*OR*

*Dashboard > Loan Calculator*

*OR*

Access through the kebab menu of Calculators

#### Loan Installment Calculator

The screenshot shows the 'Loan Installment Calculator' interface on the Futura Bank website. The page header includes the Futura Bank logo, a search bar, and user information: 'Welcome, Jesal Bohr' with a dropdown arrow and 'Last login 08 Oct 11:44 AM'. The calculator section has three input fields: 'Amount' set to EUR88,820.00, 'Tenure (Years)' set to 5, and 'Interest' set to 9%. Below these fields, the 'Installment Amount' is calculated as EUR1,843.76. To the right, there is a 'Loan Calculator' card with a blue icon and text: 'Getting a Loan from Futura Bank is quick and easy. To ease your burden of paying off the loan immediately, you can opt for the EMI (Equated Monthly Instalment) facility. To estimate your loan installment amount per month, you can use a loan calculator.' The footer contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation] Terms and Conditions'.

**Field Description**

<b>Field Name</b>	<b>Description</b>
<b>Loan Amount</b>	The user is required to specify the amount that he/she wants to borrow from the bank.
<b>Loan Tenure (Years)</b>	The user should specify the desired tenure of the loan in terms of years.
<b>Interest Rate</b>	The user must specify the desired interest rate that is to be charged on the loan.
<b>Installment Amount</b>	The monthly installment payable on the loan calculated on the basis of the loan amount, tenure and interest rate specified by the user.

1. In the Loan **Amount** field, enter the loan amount.
2. In the Loan **Tenure (Years)** field, enter the loan tenure in years.
3. In the **Interest Rate** field, enter the interest rate.
4. The application calculates and displays the monthly installment for the loan required.

## 6.2 Loan Eligibility Calculator

Loan eligibility calculator plays an important role in helping a customer understand their current position with respect to their borrowing capacity. The calculator enables customers to gain an understanding of their loan eligibility, considering their average monthly income and expenditure. It computes the loan amount and repayment amount based on income, expense, interest rate and tenure of the loan. Loan eligibility is calculated by the application and is displayed to the customer.

The eligibility is calculated on the basis of:

- The customer's average monthly income
- The customer's average Monthly Expenditures
- Tenure of the loan being inquired applied
- Estimated rate of interest

### Field Description

Field Name	Description
<b>Gross Income (Monthly)</b>	The user is required to specify his gross monthly income.
<b>Total Expenses (Monthly)</b>	The user is required to specify the total amount spent per month towards expenses.
<b>Loan Tenure (In Years)</b>	The user is required to specify the desired loan tenure in years.
<b>Interest Rate (In %)</b>	The user should specify the desired interest rate of the loan.
<b>Eligible Amount</b>	Based on all the values defined by the user in the previous fields, the system will calculate the amount of loan that the user is eligible to borrow.
<b>Average Installment</b>	The system will display the estimated monthly installment amount.

1. In the **Gross Income (Monthly)** field, enter your monthly income.
2. In the **Total Expenses (Monthly)** field, enter your monthly expenses.
3. In the **Loan Tenure (In Years)** field, enter the desired loan tenure.
4. In the **Interest Rate (In %)** field, enter the rate of interest.

- The application (In %) calculates and displays the eligible loan amount and the average installment amount.

## 6.3 Term Deposit Calculator

The Term Deposit calculator gives an indication to the user about the maturity amount which will be available, if a particular amount is invested at the bank and left for a fixed period of time. It calculates the total amount of the term deposit at the end of maturity period. The user can choose amongst different products which suits his requirements best.

### How to reach here:

*OBDX portal landing page > Calculators for all your Money Goals > Term Deposit Calculator*  
OR

*OBDX portal landing page > Toggle menu > Menu > Calculators > Term Deposit Calculator*  
OR

*Dashboard > Toggle menu > Menu > Calculators > Term Deposit Calculator*  
OR

Access through the kebab menu of Calculators

### Term Deposit Calculator

### Field Description

Field Name	Description
<b>Deposit Amount</b>	Total deposit of principal amount for deposit with default currency.
<b>Deposit Tenure ( Years/ Months / Days</b>	Option to specify tenure in terms of Years / Months / Days.
<b>Interest Rate (In %)</b>	Interest rate for which the total amount is to be calculated.

Field Name	Description
<b>Maturity Amount</b>	The value of your deposit at maturity.

**To calculate deposit value at maturity:**

1. In the **Deposit Amount** field, enter the deposit amount.
2. In the **Tenure (Years/ Months / Days)** fields, enter the relevant information.
3. In the **Interest Rate (In %)** field, enter the rate of interest.
4. The application calculates and displays the deposit value at maturity.

## 6.4 Forex Calculator

The foreign exchange calculator calculates the rate at which one currency can be exchanged for another. The Calculator displays the converted amount and the currency exchange rate applied. Exchange rates of only predefined currencies can be viewed by the customer.

Exchange rates for the currency will be fetched online from the host system and calculations will be done based on the exchange rate retrieved.

**Features Supported In the Application:**

This section enables user to see the value expected for a conversion of currency into other.

- Exchange rate of currencies
- Calculation of amount of currency converted to the other

**Pre-Requisites**

- Support for the currencies provided by host

**How to reach here:**

*OBDX portal landing page> Calculators for all your Money Goals > Forex Calculator*

*OR*

*OBDX portal landing page> Toggle menu > Menu > Calculators > Forex Calculator*

*OR*

*Dashboard > Toggle menu > Menu > Calculators > Forex Calculator*

*OR*

*Access through the kebab menu of Calculators*

## Forex Calculator

Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation] Terms and Conditions

### Field Description

Field Name	Description
<b>From</b>	
<b>Currency</b>	Currency to be sold for which the exchange rate is to be inquired.
<b>Amount</b>	Amount for which conversion is required.
<b>To</b>	
<b>Currency</b>	Buy currency for which the exchange rate is to be inquired.
<b>Amount</b>	Amount which you will get post conversion.

### To calculate currency exchange amount:

1. From the **From – Currency** list, select the appropriate currency.
2. In the **Amount** field, enter the amount to be converted.
3. From the **To - Currency** list, select the currency and enter the amount in the next field.
4. Application calculate and displays the currency exchange value.  
The exchange rate for both the buy and sell options for currency pair entered, appears.

## 6.5 Goal Calculator

The goal calculator can be used to identify the amount of time it will take to achieve a goal based on the goal value and frequency of savings. This feature, hence, enables the user to figure out the feasibility of creating a goal based on the regular contribution amount for a defined period.

The user needs to enter the goal details along with his targeted amount. The outcome will be based on values entered by user.

### How to reach here:

*Portal Page > Achieve Your Dream with Us > Proceed*

### Goal Category

The screenshot displays the 'Goal Category' selection screen on the Futura Bank portal. At the top, the navigation bar includes 'My Dashboard', 'ATM/Branch', and 'English'. The user is identified as 'Welcome, RyanN Bohr' with a last login time of '11 May 04:51 PM'. The main content area is titled 'Goal Category' and features several goal categories, each with a representative image and a label:

- EducationEUR**: Image of a stack of books and a diploma.
- TourEUR**: Image of a globe with various landmarks.
- Education**: Image of a stack of books and a diploma.
- Tour**: Image of a globe with various landmarks.
- Travel**: Image of a collage of travel photos including a hot air balloon, a beach, and a city.
- Plot Of Land**: Image of a collage of travel photos including a hot air balloon, a beach, and a city.
- International Trip**: Image of two cars with headlights on.
- CAREUR**: Image of two cars with headlights on.
- CAR**: Image of two cars with headlights on.
- TravelEUR**: Image of a collage of travel photos including a hot air balloon, a beach, and a city.

On the right side, there is a motivational message:

Let's begin! Choose your dream Goal  
We will help you achieve it  
Setup short term, mid term and long term goals  
Upload images which you can link to your goal, and start saving for it  
People having set standing instructions for regular payments have higher probability to achieve their goals on time

At the bottom left, there is a link: [Back To dashboard](#). At the bottom of the page, there is a copyright notice: Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions

## Field Description

Field Name	Description
<b>Goal Category Card</b>	Category card enabling the user to create a goal from the available list. E.g. Shopping, Education, Vacation etc.

## To create a goal

1. Click the particular goal category card. The **Goal Calculator – Set Goal Amount** screen appears.  
OR  
Click **Cancel** to cancel the transaction.

## Set Goal Amount

## Field Description

Field Name	Description
<b>Enter Goal Amount</b>	The target amount to be saved for goal.

2. In the **Enter Goal Amount** field, enter the target amount.
3. Click **Proceed**. The **Goal Calculator** screen appears.  
OR  
Click **Cancel** to cancel the transaction.

## Goal Calculator

The screenshot shows the 'Goal Calculator' interface for Futura Bank. The form is titled 'Goal Calculator' and includes the following fields and options:

- Your Goal Amount:** £50,000.00. A note below states 'Amount should be between £500.00 & £5,000,000.00'.
- Have you already saved something for it?:** £500.00. A note below states 'Amount should be between £500.00 & £49,999.00'.
- The Remaining Amount:** £49,500.00.
- In how much time do you want to achieve this Goal?:** 2 Years (selected), 6 Months.
- How frequently do you plan to set aside money for this Goal?:** Quarterly, Monthly (selected), Weekly.
- Your Monthly Contribution:** £1,364.00.
- How are we helping you achieve it?:** A progress bar shows 'You Pay 82.8%' and 'We Pay 17.2%'. A note says '(Great! You save 17.2%)'.
- Disclaimer:** All calculations are of approximate values.
- Buttons:** 'Set your goal now!', 'Cancel', and 'Back To Dashboard'.
- Chatbot:** A blue chatbot button with the text 'Hey, I am here to help if you need it!'.

### Field Description

Field Name	Description
<b>Your Goal Amount</b>	The targeted amount of your goal.
<b>Have you already saved something for it?</b>	The amount the user has saved already for the goal or willing to add some amount towards achievement to begin with.
<b>The Remaining Amount</b>	The amount left after deduction of saved amount.
<b>In how much time do you want to achieve this Goal?</b>	This is the tenure of the user's goal, i.e. when it has to be achieved.
<b>Years, Months</b>	
<b>How frequently do you plan to set aside money for this Goal?</b>	The frequency of the regular contributions. The options are <ul style="list-style-type: none"> <li>Quarterly</li> <li>Monthly</li> <li>Weekly</li> </ul>

- In the **Have you already saved something for it?** field; enter the amount which you have already saved for the goal.
- From the **In how much time do you want to achieve this Goal?** list, select the appropriate years and months i.e. time frame user plans to achieve his goal.

6. In the **How frequently do you plan to set aside money for this Goal?** field, select the appropriate option.  
The screen section displaying **Your Monthly Contribution** based on the data entered and graph displaying your contribution and bank's contribution appears.  
The screen displays a bar chart showing **How are we helping you achieve it?** This displays the amount paid by user and the interest component provided by Bank and hence the total savings percentage.
7. Click **Set your goal Now!** to create the goal. The user is directed to the **Login Page** of the application.  
OR  
Click **Cancel** to abort the goal creation process.

## **FAQ**

1. **What do the “you pay”, “We pay” fields suggest?**

**You pay** is the amount, the customer contributes towards his goal, while the **We pay** component is interest accrued by the bank towards fulfillment of the goal.

2. **Can the customer calculate how much time he will need to achieve a Goal, if he pays x amount every month for 2 years?**

The goal calculator helps the customer to identify the amount he needs to contribute frequently so that he can achieve his goal within the desired time frame. Reverse calculation is not possible.

Thank You for choosing Futura Bank as your Banking needs partner.  
We welcome you to the Futura Bank family.  
**Happy Banking!!!**

**Terms and Conditions**

These Terms mentioned herein form the contract between the User using the Internet Banking services and the Bank. By applying for Internet Banking Services and accessing the service the User acknowledges and accepts these Terms of Service (Terms and Conditions). Any conditions relating to the accounts of customer other than these Terms will continue to apply except that in the event of any conflict between these Terms and the account conditions, these Terms will continue to prevail. The agreement shall remain valid until it is replaced by another agreement or terminated by either party or account is closed, whichever is earlier.

**1. APPLICATION FOR INTERNET BANKING SERVICES**

The Bank may offer Internet Banking Service to selected customers at its discretion. The customer would need to be internet User or have access to the Internet. The acceptance of the application and the acknowledgement thereof does not automatically imply the acceptance of application for internet Banking Services. The Bank may advise from time to time the Internet software such as Browser, which are required for using Internet Banking Services. There will be no obligation on the part of the Bank to support all the versions of this Internet software.

**2. INTERNET BANKING SERVICES**

The Bank shall endeavor to provide to the User through Internet Banking services such as inquiry about the balance in his/her account(s), details about transactions, statement of account, request for issue of cheque-books, request for transfer of funds between accounts of the same User and other accounts and many other facilities as the Bank may decide to provide from time to time. These facilities shall be offered in a phased manner at the discretion of the Bank. The Bank at its sole discretion may also make additions/deletions to the Internet Banking Services being offered without giving any prior notices or reasons. The availability /non-availability of a particular service shall be advised through the web page of the Bank or written communication or any other mode as the Bank thinks fit. The Bank shall take reasonable care to, ensure the security of and prevent unauthorized access to the Internet Banking Services using technology reasonably available to the Bank. The User shall not use or permit to use Internet Banking Service or any related service for any illegal or improper purposes.

The USER would be allotted a User-id and a password (to be used at the time of login) by the BANK in the first instance. The USER will be required to mandatorily change the User-id and password assigned by the BANK on accessing Internet Banking Services for the first time.

As a safety measure the USER shall change the password as frequently as possible, at least once in 90 days. In addition to User-id and Password the BANK may, at its discretion, advise the USER to adopt any other means of authentication including but not limited to One Time SMS Password and/or Digital certification issued by Bank, licensed or approved Certifying Authorities or vendors.

The USER shall not attempt or permit others to attempt accessing the account information stored in the computers and computer networks of the BANK through any means other than the Internet Banking Services.

**3. USER-ID AND PASSWORD**

The USER shall:

1. Keep the User-id and password totally confidential and not reveal them to any third party.
2. Create a password of at least 8 characters long and shall consist of a mix of alphabets, numbers and special characters which must not relate to any readily accessible personal data such as the USER's name, address, date of birth, telephone number, vehicle number, driver license etc. or easily guessable combination of letters and / or numbers.
3. Commit the User-id and password to memory and not record them in a written or electronic form; and
4. Not let any unauthorized person have access to his computer or leave the computer unattended while using Internet Banking Services.
5. Not disclose/reveal his/her personal or confidential information to anyone over email/SMS/phone call even if it's purportedly from our bank. Our bank or any of its representatives will never send you emails/SMS or call you over phone to seek your personal information like Username, passwords, One Time SMS passwords etc. For tips on safe usage of password(s), "Password Management" displayed as a link on the login page of our bank may be referred.
6. Not access internet banking if his/her computer device is not free of malware (Viruses, Trojans, etc.).

In the event of forgetting of User-id and/or password or expiry/ disability of password(s) USER can request for change of the password by sending a written request to the BANK or call up the customer care. The selection of a new password and/ or the replacement of User-id shall not be construed as the commencement of a new contract. The User agrees and acknowledges that BANK shall in no way be held responsible or liable if the User incurs any loss as a result of compromise of User-id and password by the User himself or User has failed to follow the Internet Banking Service instructions as published by the BANK on the site from time to time. User agrees to fully indemnify and hold harmless BANK in respect of the same.

**Locking of User ID**

Internet Banking Password / User ID shall get locked after a number of incorrect attempts, up to such number (at present 3 failed attempts) as may be decided by the Bank from time to time. The same shall be available on the next day. In case of emergency, the User ID / password can be unlocked through the branch.

**Deactivation of User ID**

The Bank has the discretion to deactivate a User internet Banking ID, if the same has not been used for a period defined by the Bank. Also the Bank has the right to deactivate the internet Banking login of User due to unsatisfactory behavior in the account.

## 8. Dashboard

The dashboard is the first landing page that the customer views after logging in. It displays the summary of all the user's accounts in a single screen. It also enables the user to access various functions quickly without having to use the toggle menu to navigate to the required screen.

### 8.1 Retail Dashboard

The Retail Dashboard is displayed in the form of widgets. It follows the creative concept of cards which results in an organized dashboard that engages the user and displays information that is easy to decipher.

The screenshot displays the Futura Bank Retail Dashboard with the following components:

- Header:** Includes navigation options (Default Dashboard, ATM/Branch, English), user information (Welcome, Jesal Bohr), and login details (Last login 16 Aug 12:08 PM).
- Overview:**
  - Current & Savings:** Current Balance EUR605,230.20
  - Credit Cards:** Current Dues GBP39,000.00
  - Loans:** Outstanding Amount EUR100,000.00. Includes details for 2 loans with a total amount of EUR100,000.00 and a current outstanding balance of EUR100,000.00. A specific loan card shows a current outstanding balance of EUR50,000.00, a next installment of EUR4,166.67, and a next repayment date of 30 Apr 2020.
- Recent Transactions:** A list of transactions for account xxxxxxxxxxxx0015, including account transfers, deposits, and loan repayments.
- Bills:** A message stating "No bills presented due for payment. However, you can pay your registered billers or recharge anytime!"
- Payments:** Quick actions for Transfer Money, Request Money, Favorites, View Repeat Transfers, and Manage Payees.
- Spends:** A donut chart showing "Total Spends EUR75.80K" for the last 30 days, categorized into Uncategorized (96.7%) and Essentials (3.30%).
- Goals:** A section with the message "No data to display".
- Budgets:** An investment budget of EUR111.00 with 0 transactions and 0.00% consumed.
- Wallet:** A "Register Now" button for using the wallet for shopping, bill payments, and recharges.
- Term Deposits:** Progress bars for Total Investment (EUR25,000.00), Total Current Balance (EUR24,476.40), and Total Maturity Amount (EUR32,993.56).
- Service Request:** A section for Open (0) and Recently Closed (1) requests, with a "No Pending Data" message.
- Advisors:** A message to contact Futura Bank for advisor details at 1800-000-000.
- FuturaMax:** A promotional banner for a 6% P.A. interest rate for 5 years with a minimum deposit of USD 10,000.

## Dashboard Overview

### Icons

The following icons are present on the retail dashboard:

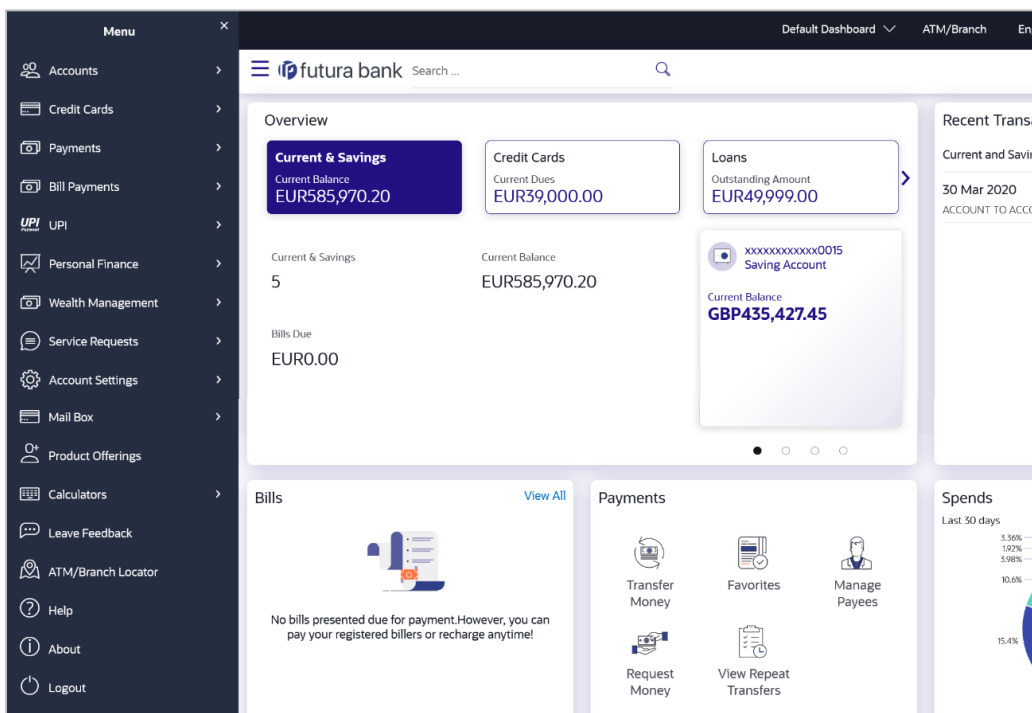

- : This option is provided on all screens and enables the user to return to the dashboard.
- : Click this icon to navigate to the Mailbox screen.
- : Click this icon to search for a specific transaction.
- : Displays the user's name along with the last login date and time. Clicking on this icon displays a drop-down with the options to change entities, view the user's profile or to log out from the application.
- : Click the toggle menu to access the transactions.
- : Click this icon to close the toggle menu. This icon appears if the toggle menu is open.

### Header Menu Options

- **Your Current View is:**
  - My Dashboard:** This option allows the user to select their customized dashboards. This option is present only if the user has personalized their Dashboard according to their use and requirement.
  - Default Dashboard:** This option allows the user to switch to the default dashboard if he has customized his dashboard.
- **ATM Branch:** Click here to locate the nearest branch/ATM.
- **Select Language:** Select your desired language to use the application.
- **Select Entity:** Select your desired entity.

**FATCA & CRS link:** Click the link to access the FATCA and CRS Self – Certification Form so as to provide information required by the bank to comply with the FATCA and CRS regulations. This link will be displayed on the dashboard only if you are required to submit the FATCA & CRS Self-Certification form.

## Toggle Menu Transactions

The following items are present on the Toggle Menu:

-  **Accounts**: This menu consists of sub menu items like Current and Savings account, Term Deposits and Loans and Finances to navigate to the respective account related transactions.
-  **Credit Cards**: Click this menu to access the credit card related transactions.
-  **Payments**: Click here to access Payments related transactions or setting up of payments.
-  **Bill Payments**: Click here to access the Electronic Bill Payments and Presentment related transactions.
-  **UPI**: Click here to access the UPI Payments transaction.
-  **Personal Finance**: Click this menu to plan finances and track expenditure. It consists of sub menu items like Goal, Spends and Budget.
-  **Wealth Management**: Click this menu to access the wealth management related transactions.
-  **Service Requests**: Click this menu to raise a new service request and track the status of a service request.
-  **Account Settings**: Click this menu to set your preferences and daily limits, change password and personalize your dashboard.

-  **Mail Box**: Click this menu to view the Mails, Alerts and Notifications.
-  **Product Offerings**: Click this menu to apply for a new account.
-  **Calculators**: Click this menu to access financial calculators to do certain calculation.
-  **Leave Feedback**: Click this menu to leave your feedback about the user interaction of the application.
-  **ATM/Branch Locator**: Click to view the address and location of the ATMs and the branches of the Bank. For more information click here.
-  **Help**: Click this menu to launch the online help.
-  **About**: Click this menu to view the information about the application like version number, copyright etc.
-  **Logout**: Click this menu to log out of the application.

## Overview

This section displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The Overview widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans and Credit Cards. The user can select an account type in order to view details of each account belonging to that specific account type.

The account types that can be listed in this widget are as follows:

- Current & Savings
- Term Deposits
- Recurring Deposits
- Loans and Finances
- Credit Card

The total balance of all the accounts belonging to a specific account type is displayed against each account type. The user can select any account type record in order to view the accounts (active as well as inactive/closed accounts) belonging to that specific account type category. Subsequently, the user can also select an individual account to view details of the account or to perform transactions using that account.

## Recent Transactions

This widget displays the recent activity in the user's Savings, Term Deposit and Loans accounts. It displays the date of transaction, a description of the transaction and the debit / credit amount. The user can select an account number of a particular account type, to view the recent account activity of that account.

Click the [View All](#) link to view the statements of the selected account type.

## Bills

The Bills widget enables the retail user to access the Electronic Bill Payments and Presentment related transactions. Different bills are placed on the widgets, which enables the users to pay utility bills towards various types of billers such as 'payment', 'payment and presentment or recharge:

This widget provides immediate access to the following transactions:

- **Bills:** By clicking this option, the user can pay their utility bills online.
- **Add Biller:** This option enables the user to add billers of the specific categories for the payment of bills and prepaid recharge electronically
- **Quick Recharge:** By clicking this option, the user can access the Quick Recharge transaction, from which, the user can initiate bill payments to the 'Recharge' type billers that are not registered.
- **Quick Bill Pay:** This option enables the user to access the Quick Bill Pay transaction. The user can pay the bills online without registering the billers.
- **Manage Billers:** This feature enables to maintain the billers towards whom utility payments are to be made frequently or on a regular basis.
- **Payment History:** By clicking this option, the user can review and keep track to all the payment transactions done by him in a given period

## Payments

The Payments widget enables the retail user to access certain transactions available under the payments module. Different transactions are displayed on the widget in the form of icons, which gives the user easy access to these transactions.

Icons for the following transactions are displayed in this widget:

- **Transfer Money:** This transaction enables the user to initiate a transfer to a registered payee.
- **Pay Bills:** This transaction enables the user to make utility bill payments.
- **Favorites:** This option enables the user to access his favorite transactions. This feature enables the user to quickly initiate payments towards a payee or a biller without having to enter details of the transfer or payment as the details are pre-populated based on prior setup. Favorite transactions can be of two types: Bill Payments and Money Transfer.
- **Manage Payees & Billers:** By selecting this option, the user can navigate to the screen on which he can manage payees and registered billers.
- **Request Money:** This feature enables the user to initiate a request to pull money from a debtor.
- **View Repeat Transfers:** This transaction enables the user to view and setup repeat transfers. All customer payments, that are periodic in nature, can be set-up and managed here.

## Spends

This section displays the spending analysis of the customer. The user can view the total expenditure incurred during the past 30 days. Click the [View All](#) link to open the **Spending Analysis** transaction screen.

## Goal

This widget displays all the active goals that are created by the user. Click the [Add Goal](#) link to open the **My Goal** transaction screen from which the customer can view, modify, contribute to a goal or even withdraw some amount from a goal.

## Budgets

This widget displays the all the budgets created by the user. Click the [View All](#) link to open the **Budgets** transaction screen where all budgets are listed. It allows user to view, edit and delete budget.

## Wallet

Standard transactions supported in the wallet are accessible through this section.

Transactions includes;

- **Add Money:** Click the link to go to the wallet **Add Money** screen.
- **Send Money:** Click the link to go to the wallet **Send Money** screen.
- **View Statement:** Displays the recent financial activities performed by the user. It displays the value date of transaction, description, amount of the transaction and the Dr/Cr indication along with the amount.

## Service Requests

The service requests widget displays the number of open service requests initiated by the customer as well as the service requests that are recently closed. The customer can raise a new request and track the status of open service requests.

## Advisors

This widget displays the names and contact details of the user's relationship managers.

## Link Account (Account Aggregation Link)

Click the [Link Account](#) button to link the external bank accounts to OBDX to access savings, term deposits and loan accounts information anytime, anywhere using single digital platform.

## 9. Forgot Password

The login password is the password using which the user can log into the internet banking platform. The user cannot access his bank accounts without this password. The Forgot Password feature enables users to reset their login password.

The user is required to enter his User ID and Date of Birth. Post successful validation of the user's details, user is asked to enter the second factor authentication details (as per the authentication mode maintained by the Bank).

Once the user is authenticated, user will receive a link to generate the new password, on his registered email ID.

### Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Password.

### Features Supported In the Application

- User Verification
- New Password Creation

### How to reach here:

*Portal > Forgot Password*

### To reset the password:

1. In the **Login** page, click **Forgot Password**. The **Forgot Password** screen appears.

### Forgot Password - User Verification

The screenshot shows the 'Forgot Password' page on the Futura Bank website. The page header includes the Futura Bank logo and navigation links for 'ATM/Branch', 'English', and 'UBS 14.3 AT3 Branch'. The main content area is titled 'Forgot Password' and contains a form with the following fields: 'Username' (filled with 'JeffCCBohr') and 'Date of Birth' (filled with '22 Feb 1990'). Below the form are 'Submit' and 'Cancel' buttons. To the right of the form is a box with a question mark icon and the text 'Forgot your internet banking password?'. Below this is a list of three steps: '1. Enter your Username and Date of birth.', '2. Authenticate your details by entering OTP received on your mobile.', and '3. Reset password by entering a new password of your choice on the link sent to your registered email address.' At the bottom right of the page, there is a chat icon and a button that says 'Hey, I am here to help if you need it!'.

## Field Description

Field Name	Description
<b>Username</b>	Enter your login username.
<b>Date of birth</b>	Enter your date of birth.

- In the **Username** field, enter your login username.
- In **Date of birth** field, enter your date of birth.
- Click **Continue**.  
OR  
Click to **Cancel** the transaction.
- The **Verification** screen appears. The user has to enter the 2factor authentication, before he can proceed. 2 factor authentication (OTP/Security question/Soft Token) will be displayed as per the setup done by the system administrator.  
A **Confirmation** screen appears, along with a message stating that the link to reset password has been sent to user's registered email.
- Click the link received in your email to reset the password. The **Reset Password** screen appears.

## 10. Forgot Username

Using this feature user can retrieve his channel banking Username, in case he has forgotten the same.

### Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Username.

### How to reach here:

Portal > *Forgot Username*

### To reset the username:

1. In the **Login** page, click **Forgot Username**. The **Forgot Username** screen appears.

### Forgot Username - User Verification

### Field Description

Field Name	Description
<b>Email</b>	Enter your email ID that is registered with the bank.
<b>Date of birth</b>	Enter your date of birth.

2. In the **Email** field, enter your email ID that is registered with the bank.
3. In **Date of birth** field, enter your date of birth.
4. Click **Submit**.  
OR  
Click **Cancel** to cancel the transaction.

5. The verification screen appears if the transaction is configured for 2 Factor Authentication.
6. Enter the details required for second factor authentication.  
The **Forgot Username** confirmation screen appears.
7. A message stating that the username has been sent to your registered email address appears. Click the **Click here** link to log in to the application.

---

**Note:** If a user has more than one user ID with the same email ID and DOB, then he/she will not be able to retrieve his/her User ID using the above function. In that case, the user will have to contact the bank for retrieving his/her user ID.

---

[Home](#)

## 11. Live Chat

Multi-Modal Assisted Banking allows you to initiate a video or voice call and can share his / her screen with the Bank user in case they face an issue while completing a transaction or have any queries pertaining to their account. The multi-modal assisted banking feature is configurable. Below are the features being provided as part of the current release:

- Integration with Oracle Live Experience for assisting customer.
- An assisted banking icon across the application for end user, by clicking on which he/she can start the call.
- Business user can enable and disable this option from his user preferences.

---

**Note:** Live Chat is supported only when the user is logging from desktops.

---

### How to reach here:

*Bottom right corner of the application*

### To start a meeting:

1. Click '**Hey I am there to help if you need it**' icon.
2. The session recording message is displayed, click **Ok** to continue with the modal assisted banking session.  
OR  
Click **Cancel** to close the session.

### Live Chat

The screenshot displays the Futura Bank mobile application dashboard. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', and 'English'. The main content area includes several widgets: 'My Net Worth' (€858,011.66), 'Recent Activity' (transaction list), 'My Spends' (€12,002.00 pie chart), 'My Accounts' (list of account types), and a 'Transfer money to wallet' section. A 'Connecting...' modal is overlaid on the bottom right, with a message: 'We are connecting you with our next available representative...' and a circular progress indicator.

3. Once the connection is established, a screen sharing message is displayed. Click **Ok**.  
OR  
Click **Cancel** to abort the live chat session.
4. Share your screen message is displayed. Select the application and click **Share**.  
OR  
Click **Cancel** to abort the live chat session.
5. The screen is shared with the customer support representative.
6. Business user can voice or video chat with the Bank executive basis on the configuration done by bank.
7. Screen shows the confirmation message once the session gets ended.

## 12. FATCA & CRS Form

The Foreign Account Tax Compliance Act (FATCA) is a United States federal law that was introduced to enable the Internal Revenue Service (IRS) to obtain detailed account information of US tax payers that invest and earn income through non U.S. institutions.

The Common Reporting Standard (CRS), is a global reporting standard developed by the Organization for Economic Cooperation and Development (OECD). This information standard was brought into effect for the purpose of combatting tax evasion at a global level.

The goal of both FATCA and CRS is to enable tax authorities to obtain information pertaining to the financial assets held by their citizens in foreign or overseas financial institutions, thereby greatly strengthening global tax compliance.

The FATCA and CRS Self – Certification Forms for Individuals and Entities has been created so as to capture required information for the purposes of complying with both FATCA and CRS.

A FATCA & CRS check is maintained under system configurations by the system administrator to identify if FATCA & CRS is to be enabled or not. If enabled, every time a business user logs into the banking application, the system will identify whether the user is required to fill out the form or not and further identify the type of form to be provided to the user based on the type of user. Individuals and sole proprietors will be displayed the FATCA & CRS Self – Certification form for Individuals and Corporates and other business entities will be displayed the FATCA & CRS Self – Certification form for Entities. Moreover, the FATCA & CRS Self – Certification form for Entities will be made available only to users that are accessing the online banking services of the entities in the capacity of trustees, sole owners or authorized signatories.

This section documents the information captured in the FATCA & CRS Self – Certification forms for both Individuals and Entities.

### Workflow

The following workflow identifies the steps involved in the process of capturing customer information required from the view point of complying with FATCA & CRS, considering that the FATCA & CRS check in system configuration is set to Enabled.

### How to reach here:

*Retail Dashboard > FATCA and CRS Self - Certification Form link > FATCA and CRS self - certification Form*

## **12.1 FATCA & CRS Self - Certification Form for Individuals**

The FATCA and CRS – Self Certification form for Individuals is displayed to those users that are required to fill out the FATCA and CRS form and are either individuals or sole proprietors. The sections that consist of this form are documented as follows:

### **To fill the FATCA & CRS Self - Certification Form for individuals:**

1. Select the **FATCA & CRS** link displayed as part of a message on the dashboard.  
The FATCA & CRS Self - Certification Form for Individuals appears.

### **12.1.1 Customer Identification**

In this section, enter basic personal details that includes your name, primary address, identification information, etc.

**What is FATCA & CRS?  
&  
Why are you being asked to fill  
this form?**

FATCA (Foreign Account Tax Compliance Act) and CRS (Common Reporting Standard) aim at combatting tax evasion on a global level.

As per the inter-governmental agreement (IGA) with the US and OECD, all financial institutions including Zigbank are required to obtain self-certification and to carry out due diligence of all accounts held with the bank.

Please complete all sections of this form. In certain circumstances, the bank may be required to share this information with relevant tax authorities.

Please consult your professional tax advisor if you have any questions regarding this form.

**FATCA & CRS Instructions**

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

**Substantial Presence Test**

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
  - All the days you were present in the current year, and
  - 1/3 of the days you were present in the first year before the current year, and
  - 1/6 of the days you were present in the second year before the current year.

**What is FATCA & CRS?  
&  
Why are you being asked to fill  
this form?**

FATCA (Foreign Account Tax Compliance Act) and CRS (Common Reporting Standard) aim at combatting tax evasion on a global level.

As per the Inter-governmental agreement (IGA) with the US and OECD, all financial institutions including Zigbank are required to obtain self-certification and to carry out due diligence of all accounts held with the bank.

Please complete all sections of this form. In certain circumstances, the bank may be required to share this information with relevant tax authorities.

Please consult your professional tax advisor if you have any questions regarding this form.

Declaration

Submit

**FATCA & CRS Instructions**

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

**Substantial Presence Test**

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
  - All the days you were present in the current year, and
  - 1/3 of the days you were present in the first year before the current year, and
  - 1/6 of the days you were present in the second year before the current year.

Field Name	Description
<b>Do you have a U.S. Green Card?</b>	<p>Specify whether you hold a United States green card.</p> <p>A U.S. Green Card is allotted to persons who are considered lawful permanent residents of the United States and who have been granted permission to reside in as well as to seek employment in the United States.</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• Yes</li> <li>• No</li> </ul>

18. In the **Was the Entity established in a country other than <Country name>? (Applicable to Sole Proprietors only)** field, select the applicable option.
19. In the **Are you a tax resident of any country other than <Country name>?** field, select the applicable option.
- a. If you have selected the option **Yes** in either of the two fields - **Was the Entity established in a country other than <Country name>?** or **Are you a tax resident of any country other than <Country name>?**, specify details pertaining to the country/ countries in which you are a tax resident. The steps are as follows:
- i. In the **Country of Tax Residence** list, select the country in which you are a tax resident.
  - ii. In the **TIN Available** field;
    1. Select the option **Yes** if you have a TIN for the country in which you are a tax resident.  
OR  
Select the option **No** if you do not have a TIN for the country in which you are a tax resident.
  - iii. If you have selected the option **Yes** against the field **TIN Available**, select the TIN type from the **Tax Identification Type** field and specify the TIN number in the **TIN/TIN Equivalent** field.  
OR  
If you have selected the option **No** against the field **TIN Available**, specify the reason for which you do not have a TIN in the field **Reason for Non Availability**.
  - iv. Click the **Add Another Country** link, to add another country record if you are a tax resident of more than one country.  
Repeat Steps I to iii.
  - v. Click the **Remove Country** link displayed against a country record if you wish to delete the country record.
20. In the **Are you a citizen of the United States of America** field, select the applicable option.
21. In the **Do you meet the Substantial Presence Test?** field, select the applicable option.
22. In the **Do you have a U.S. Green Card?** field, select the applicable option.
23. Click **Continue**. The **Declaration** section appears.

## 12.1.4 Declaration

This section displays the FATCA & CRS declaration for which you are required to provide consent by selecting the provided check box.

### Declaration

The screenshot shows the 'FATCA & CRS Self-Certification Form For Individuals' on the futura bank website. The form is divided into several sections:

- Customer Identification**
- Additional KYC Information**
- Tax Residency Information**
- Declaration**

The Declaration section contains the following text:

I acknowledge and agree that information contained in this form and information regarding income above may be reported to the tax authorities of the country in which such income arises and that those tax authorities may provide the information to the country or countries in which I am a resident for tax purposes.

Zigbank is not able to offer any tax advice on FATCA or CRS or its impact on me. I shall seek advice from a professional tax advisor for any tax related questions. I undertake to notify Zigbank of any change in circumstances that causes any information on this form to become incorrect and to provide Zigbank with updated information within 30 days of said change.

I authorize Zigbank to close or suspend my account(s) without any obligation of advising me of the same if any information provided by me in this form or hereafter is found to be false, untrue or misleading. I have understood the FATCA and CRS instructions and the requirement of information collected through this form and hereby confirm that the information provided by me in this form is true, correct and complete to the best of my knowledge.

I, Steven George Gerrard declare acceptance of all statements above

**Submit**

**FATCA & CRS Instructions**

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. #### FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

#### Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
- All the days you were present in the current year, and
- 1/3 of the days you were present in the first year before the current year, and
- 1/6 of the days you were present in the second year before the current year.

The confirmation page will be displayed once you have submitted the form. This page will display a message identifying whether the form was successfully submitted or not.

48. Click **Go to Dashboard** to navigate to the dashboard.

## **FAQ**

### **1. What is FATCA, why I have to fill the FATCA & CRS form?**

FATCA stands for 'Foreign Account Tax Compliance Act' and is a legislation designed to prevent tax evasion. Introduced by the United States Department of Treasury and the US Internal Revenue Service (IRS), the purpose of FATCA is to encourage better tax compliance by preventing US Persons from using foreign banks and other financial organizations in order to avoid US taxation on their income and assets.

### **2. What is a tax identification number (TIN)?**

This is your unique number issued in your jurisdiction to you as a tax payer. However we are aware that some jurisdictions do not issue a specific tax numbers. UK residents can use their National Insurance number.

### **3. Does the Co-Applicant also need to login for the system to populate the information if he/she is an existing channel user?**

No. The co-applicant's customer ID needs to be entered by the primary applicant if he/she is an existing user. A verification code will be sent to the co-applicants email ID and/or mobile number. Once the verification process is successful, the co-applicant's details will be populated.

### **4. Why am I asked to capture previous residential address details?**

The bank has a resident stability policy in place wherein if the applicant is staying at the current address for less than a defined term then he/she needs to define the previous residential address.

### **5. My co-applicant and I live in the same house, do I need to enter address details again while defining co-applicant information?**

No. There is an option in the co-applicant contact information section to default the primary applicant's address in that of the co-applicant's residential address fields.

### **6. Why am I being asked to capture previous employment details?**

The bank has a employment stability policy in place wherein if the applicant has not completed a defined term in the current organization then he/she needs to define previous employment details.

**7. I have saved the application. Can my co-applicant resume the application from the application tracker?**

Yes. The co-applicant needs to be a registered channel user to login to the application tracker and resume the application.

**8. Can the co-applicant perform all the pending tasks (if applicable) in the application tracker?**

Yes, the co-applicant has all the rights as that of the primary applicant.

## 13. Product Showcase and Application Tracker

This option serves as a means by which the retail user can view the bank's online product offerings and also apply for any products of choice. Alternately, if the user has already applied for a product or if the user has a product application in draft, on selecting the Product Offerings option from the hamburger menu, the Application Tracker listing page will be displayed. The user will be able to track the status of any submitted applications and also retrieve applications that are in draft from the Application Tracker listing page. If the user wishes to apply for any other product, he/she can select the Start a New Application option provided on the Application Tracker Listing screen.

**Note:** To view detailed information about the Application Tracker as well as product offerings, please refer the **Oracle Banking Digital Experience Retail Originations Application Tracker** user manual.

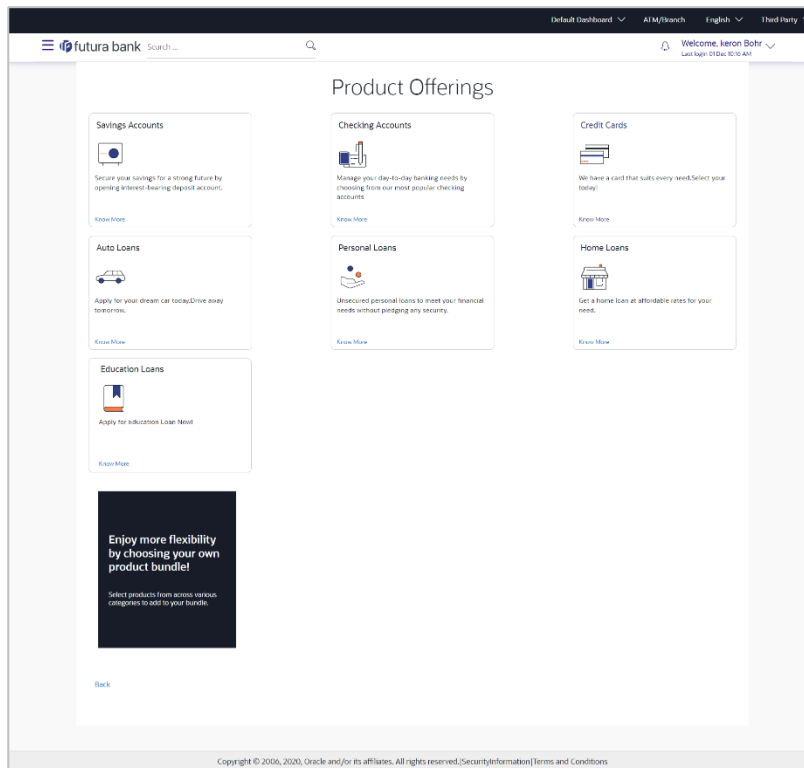

### Features Supported In Application

- Application of bank's online product offerings
- Tracking of submitted application status
- Accessing saved/in draft applications

## 14. Interest Certificates

An interest certificate is a summary of the interest credited or debited on an account. Banks issue interest certificates against accounts held by users, so that they can ascertain how much interest they have gained on their balances in their CASA or deposit accounts, or how much interest they have paid on their loans.

Interest certificates are widely used to complete tax returns.

Using this option, the user can view and download interest certificates for current and savings accounts, deposits (Term Deposits and Recurring Deposits) and loans.

---

**Note:** Interest certificates prior to 3 years are not available.

---

### How to reach here:

*Toggle Menu > Menu > Accounts > Certificates > Interest Certificates*

*OR*

*Access through the kebab menu of Certificates (Balance Certificates & TDS Certificates)*

### Interest Certificates

The screenshot displays the 'Interest Certificates' interface on the Futura Bank website. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below this is a search bar and a user greeting: 'Welcome, Jesal Bohr' with a last login time of '06 Sep 09:45 PM'. The main content area is titled 'Interest Certificates' and includes several filters: 'Account Category' set to 'Current and Saving Accounts', 'Select Interest Certificate for' with 'Specific Account' selected, 'Account Number' set to 'xxxxxxx0015', and 'Select Period' set to 'Financial Year' for '2017-2018'. There are 'Apply' and 'Reset' buttons at the bottom left. A 'Note' box on the right states: 'This is a facility of obtaining a certificate of Interest for your account. It displays the summary of interest credited or debited in your account. You can use this statement while filing your tax returns.' The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

### Field Description

Field Name	Description
<b>Account Category</b>	<p>Specify the account category for which the interest certificate has to be generated.</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• Current &amp; Savings</li> <li>• Deposits</li> <li>• Loans &amp; Finances</li> </ul>
<b>Select Interest Certificate for</b>	<p>The option to specify whether the interest certificate is to be generated for a specific account or for all accounts of the specific account type.</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• Specific Account</li> <li>• All Accounts</li> </ul>
<b>Account Number</b>	<p>Select the account number for which the interest certificate to be generated.</p> <p>This field is enabled if you have selected the <b>Specific Account</b> option in the <b>Select Interest Certificate for</b> field.</p>
<b>Select Period</b>	<p>Define a period for which the interest certificate to be generated.</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• Financial Year</li> <li>• Duration</li> </ul>
<b>Financial Year</b>	<p>The financial year for which the interest certificate for the account/s is to be generated.</p> <p>This field is enabled if you have selected the <b>Financial Year</b> option in the <b>Period</b> field.</p> <hr/> <p><b>Note:</b> Interest certificates prior to 3 years are not available.</p>
<b>From Date</b>	<p>The start date of the date range from which interest certificate to be generated.</p> <p>This field is enabled if you have selected the <b>Duration</b> option in the <b>Choose a period for generating Interest Certificate</b> field.</p>
<b>To Date</b>	<p>The end date of the date range till which interest certificate is to be generated.</p> <p>This field is enabled if you have selected the <b>Duration</b> option in the <b>Choose a period for generating Interest Certificate</b> field.</p>

**To generate Interest Certificates:**

## 16. TDS Certificates

TDS or Tax Deducted at Source, is a means of indirect tax collection by Indian authorities according to the Income Tax Act, 1961. As per the Act, any company or person making a payment is required to deduct tax at source if the payment exceeds certain limits. TDS has to be deducted at the rates prescribed by the tax department. The concept of TDS was introduced with an aim to collect tax from the very source of income. TDS is applicable on the various incomes received such as salaries, interest received etc. which is deducted when income is generated rather than at a later date.

TDS is deducted when the interest payable or reinvested on Recurring Deposits or Fixed Deposits is above the government specified limit in a financial year. A retail user can view the TDS deducted from his account for the financial year. This option provides a consolidated view of TDS for all user's accounts and deposits. For taxation purposes, the retail user can download the TDS report for all his accounts.

### How to reach here:

*Toggle Menu > Menu > Accounts > Certificates > TDS Certificates*

*OR*

*Access through the kebab menu of Certificates (Balance Certificates & Interest Certificates)*

### TDS Certificates

The screenshot displays the 'TDS Certificates' interface on the Futura Bank website. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below this, the user is logged in as 'Jesal Bohr' with a last login time of '06 Sep 09:45 PM'. The main content area features a 'Select Financial Year' dropdown menu currently set to '2017-2018', with 'Apply' and 'Reset' buttons. To the right, a 'Note' box states: 'TDS is deducted when interest payable or reinvested on RD and FD is above Rs. 10000 in a financial year. For TDS waiver, please submit form 15 G H when you open a Fixed Deposit/Recurring Deposit and subsequently at the beginning of each financial year, you have maintained deposit.' The footer contains the text: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation] Terms and Conditions'.

### Field Description

Field Name	Description
Select Financial Year	The financial year for which TDS deducted on different accounts is to be viewed.
<b>Note:</b> TDS of only the previous three years are displayed.	

**To generate a TDS Certificate:**

1. From the **Select Financial Year** list, select the year for which TDS deducted on accounts is to be viewed.
2. Click **Apply** to generate the TDS certificate for the specified year. The TDS certificate gets displayed.  
OR  
Click **Reset** to clear the details entered.

**TDS Certificate**

The screenshot displays the 'TDS Certificates' page on the Futura Bank portal. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below this, the user is logged in as 'Jesal Bohr' with the last login time '06 Sep 09:45 PM'. The main content area shows the selected financial year '2017-2018' and a summary: 'TDS For Financial Year 2017-2018 was GBP40,000.00'. A 'Download' button is available. Below the summary is a table with the following data:

Deposit Account	Interest Earned	Tax Deducted
xxxxxxxxxxxx0047	GBP40,000.00	GBP8,000.00
xxxxxxxxxxxx0047	GBP40,000.00	GBP8,000.00
xxxxxxxxxxxx0047	GBP40,000.00	GBP8,000.00
xxxxxxxxxxxx0047	GBP40,000.00	GBP8,000.00
xxxxxxxxxxxx0047	GBP40,000.00	GBP8,000.00

At the bottom of the table, it indicates 'Page 1 of 1 (1-5 of 5 Items)'. A 'Note' box on the right states: 'TDS is deducted when interest payable or reinvested on RD and FD is above Rs. 10000 in a financial year. For TDS waiver, please submit form 15 G/H when you open a Fixed Deposit/Recurring Deposit and subsequently at the beginning of each financial year, you have maintained deposit.' The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

**Field Description**

Field Name	Description
<b>Filter Criteria</b>	The selected year for which TDS is required to be viewed.
The following fields are displayed as records for the tax deducted in the user's deposit accounts for the selected year.	
<b>Total TDS deducted</b>	Displays the total TDS deducted on different accounts for the selected financial year.
<b>Deposit Account</b>	The different account numbers on which TDS was applicable are listed down.
<b>Interest Earned</b>	The interests earned on each account for the financial year is displayed against the account record.

Field Name	Description
<b>Tax Deducted</b>	The TDS deducted on each account for the selected financial year is displayed against the account record.

3. Click **Download** to download the certificate in pdf format.

OR

Click on the  icon to change filter criteria.

## 17. Service Requests

This feature enables users to initiate service requests as well as to view all the service requests initiated by them along with the updated status of each service request.

### 17.1 Raise a New Request

The user can view all the service requests defined by the System/ Bank administrator on this screen. These service requests are grouped under Product and Request Category so that the user can easily locate and raise a service request according to their requirement. A free search is also provided on the screen that enables the user to search for a specific service request on the basis of the service request name.

Using this screen the users can raise a new service request by inputting the data in the fields (fields chosen by the System/ Bank administrator while creating Service Request Definition).

#### **Pre-Requisites**

- Transaction access is provided to the Retail User.

#### **Features Supported In Application**

The module supports the following features:

- Raise New Request – Summary
- Schedule an Appointment for Branch Visit
- Raise New Request

#### **How to reach here:**

*Dashboard > Toggle menu > Menu > Service Requests > Raise a New Request*  
*OR*  
*Access through the kebab menu of **Track Requests** transaction*

#### 17.1.1 Raise a New Request - Summary

##### **To raise a service request:**

1. The page from which the user can select the service request form on the basis of product and category appears

## Raise a New Request – Service Request Form Selection

The screenshot shows the 'Raise a New Request' page. At the top, there's a navigation bar with 'futura bank' logo, a search bar, and user information: 'Welcome, keron Bohr', 'Last login 16 Sep 09:10 AM'. Below the navigation bar, the main heading is 'Raise a New Request'. There's a search bar for 'Service Request Form'. Below that, there's a section titled 'Service Request from organized by Product and Category'. On the left, there's a list of products: 'Loan', 'CASA', 'Credit Card', 'Debit Card', and 'Product'. On the right, there's a list of categories under 'Loan': '1228286', '23b1980', '38296d4', '38d07d6', '6dd6f', '605e418', '980a4', and 'c7c544d'. A 'Note' box on the right says: 'Want to raise a new Service Request? Simply type what you are looking for in the search bar and click on the search results to raise a new request. In case you want to select the request from the available list of Requests, select a Product and Category under it to view the same.'

### Field Description

Field Name	Description
<b>Search Criteria</b>	
<b>Service Request Form</b>	Enter a service request name to search for the required service request.
<b>List of Products</b>	All the products against which a service request can be raised are listed down on the left hand side of the screen. Click on a specific product/module to view the service requests related to that module.
<b>List of Categories</b>	The list of categories under the selected product are displayed on selection of a product/module. Click on a specific category to view the service requests related to that category.

2. Click the specific Product from the module list on the left side of the screen to view the service request categories related to that module.
  3. Click the **Category Name** to view the service requests listed under that category.
  4. Click the **Service Request** link to view the service request form. The form for the specific service request appears.
- OR

In the **Service Request Form** field, enter the desired service request name, and click the  icon. The specific service request form appears.

### 17.1.2 Service Request Form

This page is displayed once the user selects a service request form from the **Raise a New Request** page. This screen enables the user to initiate a service request by entering the data in the fields that are defined by the bank administrator in the Service Request Form Builder screen.

The user is directed to the Service Request screen with values in editable form.

OR  
Click **Cancel** to cancel the transaction.

## 17.2 Track Requests

This feature enables users to track the statuses of all the service requests that they have raised. The search criteria provided enables the user to filter service requests based on various criteria such as request type, status, reference number, date range etc.

Below are the Service Requests that are available out of the box in the system:

- Credit Card Supplementary
- Credit Card PIN Request
- Replace Credit Card
- Update Card Limits
- Update Credit Card Auto Payment
- Register Credit Card Auto Payment
- Deregister Credit Card Auto Payment
- Activate Credit Card
- Hotlist Debit Card
- Cancel Debit Card
- Debit Card PIN Request
- Apply Debit Card
- Replace Debit Card
- Block Debit Card (temporary block)
- Unblock Debit Card (remove temporary block)
- Upgrade Debit Card

The bank can define new service requests in addition to the above mentioned Service Requests.

## Pre-Requisites

- Transaction access is provided to the Retail User.

## Features Supported In Application

The module supports following features:

- Search Service Request
- View Service Request details

## How to reach here:

*Dashboard > Service Request Widget > Track Requests*

It is an identification number issued by government of India.  <b>Note:</b> This identification type is applicable for India region. Bank can configure the identification types to be displayed and to be available for modification as per their region.
<b>Driving Licence</b>	Driving licence number of the user, as maintained with the bank gets displayed in masked format.
<b>PAN Card</b>	PAN number of the user, as maintained with the bank gets displayed in masked format. It is issued by the income tax department of India.  <b>Note:</b> This identification type is applicable for India region. Bank can configure the identification types to be displayed and to be available for modification as per their region.
<b>Passport</b>	Passport number of the user, as maintained with the bank gets displayed in masked format.
<b>Contact Information</b>	
<b>Communication Address</b>	Address of the user, as maintained with the bank, will be displayed.
<b>Email ID</b>	Email ID of the user, as maintained with the bank, in masked format.
<b>Fax Number</b>	Fax number of the user, as maintained with the bank, in masked format.
<b>Contact Number (Mobile)</b>	Phone number of the user, as maintained with the bank, in masked format.

1. Click on the  icon on the **Profile** screen, and click desired field option that you want to edit. An overlay on which the user can edit the desired information, appears.
2. Click **Download** to download the profile.

### 18.1.1 Profile - Edit

The user can edit any his personal information as well as contact information, except his date of birth.

#### To edit any information in Profile:

1. Click on the  icon on the **Profile** screen, and select the desired option that you want to edit. An overlay on which you can edit the desired information, appears.

#### Profile - Edit

The screenshot shows a mobile application interface for Futura Bank. The main screen displays the user's profile for 'KeronBohr' with personal information: Date of Birth (01 Jan 1990), Adhaar Card Number (ABC\*\*\*\*6K), and Driving License (ABC\*\*\*\*6K). An 'Update Profile' overlay is active, showing the Adhaar Card Number field with the value '34342316781' and a 'Save' button.

#### Field Description

Field Name	Description
<b>Field Names in editable format</b>	All the fields applicable for the specific option selected to be edited, are displayed in editable format.

2. Update the field with the required information.
3. Click **Save** to save the changes.
4. The success message appears.

### FAQ

#### 1. Can the user edit his profile information?

Yes, user can edit his profile information except date of birth.

## 18.2 Primary Account Number

This option enables the user to define his primary account number.

---

**Note:** The account number selected in this screen will appear as a default account in all the account number selection fields (applicable for all existing and new transactions).

---

### Pre-requisites

- The user must have a valid login credential to access the digital banking platform.

### Features Supported In the Application

- Definition of Primary Account Number

### How to reach here:

*Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Primary Account Number*

*OR*

*Access through the kebab menu of any other **Preferences** screens*

### To select the primary account number:

1. All the user's account numbers with account type, party name and nickname (if added) appear on the **Primary Account Number** screen.

### Primary Account Number

Select	Account Type And Number	Party Name	Nick Name
<input checked="" type="radio"/>	xxxxxxx0011-Saving Account	KeronBohr	HEL FC UniversalZ1
<input type="radio"/>	xxxxxxx0033-Saving Account	KeronBohr	-
<input type="radio"/>	xxxxxxx0001-Saving Account	KeronBohr	ISLAMIC SAVING ACC 1

Submit

Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. |SecurityInformation|Terms and Conditions

### Field Description

Field Name	Description
<b>Select</b>	The option to select any account number to be marked as primary account number.
<b>Account Type and Number</b>	The account numbers (in masked format) and the type of accounts are displayed as records.

<b>Field Name</b>	<b>Description</b>
<b>Party Name</b>	The party name of the account is displayed against the account record.
<b>Nickname</b>	The nickname given to the account by the account holder, is displayed against the account record.

2. Under the **Select** column, select the radio button against the account number that you wish to be marked as the primary account number.
3. Click **Submit**.  
A message confirming definition of primary account number appears.

## 18.3 Third Party Consents

This option enables the user to manage the access provided to third party application(s). The user can define the fine-grained entitlements i.e. account level access along with a set of transactions for the third party. The user can disable the access for a specific third party application whenever required.

---

**Note:** Only those third party applications for which the user has registered and given rights to access his/her accounts for inquiries and transactions, will appear on this page.

---

### How to reach here:

*Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Third Party Application*

*OR*

*Access through the kebab menu of any other **Preferences** screens*

### Third Party Apps

### Field Description

Field Name	Description
<b>Third Party Application Name</b>	The names of the third party applications are displayed. Select a third party application to define access to the application.
<b>Application Access</b>	The option to define whether access for the application is to be provided or not. If access is granted, then the user can revoke access and if it was revoked, then the user can grant access whenever required.
<b>Current and Savings/ Term Deposits/ Loans and Finances</b>	Select a product to define account and transaction level access to the third party.

4. Select the third party application for which you wish to define fine grained access.
5. The system will display the list of accounts under each of the account types along with the transactions
6. Click **Edit** to modify account and transaction access. The **Third Party Consents – Edit** screen with values in editable form appears.  
OR  
Click **Cancel** to cancel the operation and navigate back to the **Dashboard**.

### Third Party Apps – Edit

### Field Description

Field Name	Description
<b>Third Party Application Name</b>	The names of the third party applications are displayed. Select a third party application to define access to accounts and transactions.
<b>Application Access</b>	The option to define whether access for the application is to be provided or not.
<b>Current and Savings/ Term Deposits/ Loans and Finances</b>	Select a product to define account level access to the third party.

Field Name	Description
<b>Accounts</b>	All the accounts of the user are displayed under the respective account type.
<b>Transactions</b>	Once you select an account, all the transactions through which the account can be accessed are displayed. Select any or all transactions to provide account access for the transactions to the third party application.

7. Click the **Application Access** button to enable / disable the access for the third party application.
  - a. If you select **Enable**,
    - i. Click an account type.  
The account check boxes are enabled and you can select/deselect any check box to edit access of these accounts to the third party application
    - ii. Select an account check box. The transactions for which the selected account can be accessed appear.
    - iii. Select/Deselect all or any of the transaction checkboxes to define the transactions through which the selected account can be accessed.
8. Click **Save** to save the changes.  
OR  
Click **Back** to go back to previous screen.  
OR  
Click **Cancel** to cancel the operation and navigate back to **Dashboard**.
9. The **Third Party Consents – Review** screen appears. Verify the details, and click **Confirm**.  
OR  
Click **Back** to go back to the previous screen.  
OR  
Click **Cancel** to cancel the operation and navigate back to Dashboard.
10. The success message of third party consent setup appears along with the transaction reference number.  
Click **OK** to complete the transaction and to navigate back to the Dashboard.

## 18.4 Security and Login

The following options are available under Security Settings:

- Set Security Questions
- SMS and Missed Call Banking
- SMS and Chatbot Banking
- Soft Token Authentication

### How to reach here:

*Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Security and Login*

*OR*

*Access through the kebab menu of any other **Preferences** screens*

### 18.4.1 Set Security Questions

Using this option, the user can setup security question maintenance. Security question maintenance entails selecting questions from a pre-defined list and defining answers for each selected question. This list of security questions and answers becomes the user's security question set and the user will be asked to answer these questions while initiating certain transactions (as defined by the bank administrator) as a second level of authentication.

### How to reach here:

*Dashboard > Toggle Menu > Menu > Account Settings > Preference > Security and Login >*

*Set Security Question*

*OR*

*Access through the kebab menu of **Preference** transactions*

Security question setup is part of the first time login steps. The user can opt to skip setting security questions during first time login and can instead complete security question setup from the Security and Login screen.

### 18.4.2 SMS and Missed Call Banking

This option enables the user to enable/ disable missed call banking and SMS banking. Registering for SMS and missed call banking, enables the user to perform certain inquiries /transactions by sending a short message consisting of a PIN to the specified number or giving a missed call to the specified contact number.

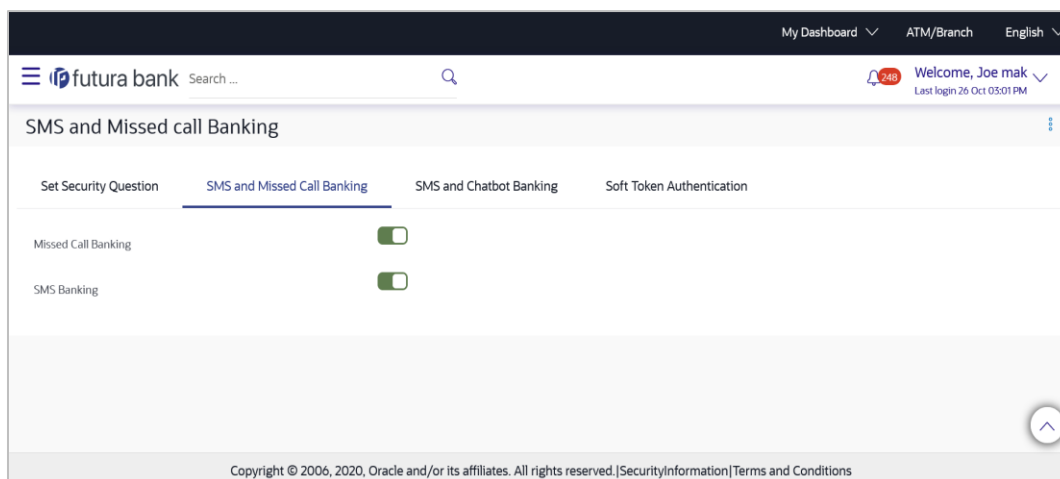

#### How to reach here:

*Dashboard > Toggle Menu > Account Settings > Preference > Security and Login > SMS and Missed Call Banking*

*OR*

*Access through the kebab menu of any other **Preferences** screens*

#### SMS and Missed Call Banking

### Field Description

Field Name	Description
<b>Missed Call Banking</b>	The option to register / deregister the user's device for missed call banking.
<b>SMS Banking</b>	The option to register / deregister the user's device for SMS banking.

1. Click the **Missed Call Banking** toggle button to register / deregister.  
OR  
Click the **SMS Banking** toggle button to register / deregister.

### 18.4.3 SMS and Chatbot Banking

Using this option, the user can also set and reset his SMS banking PIN.

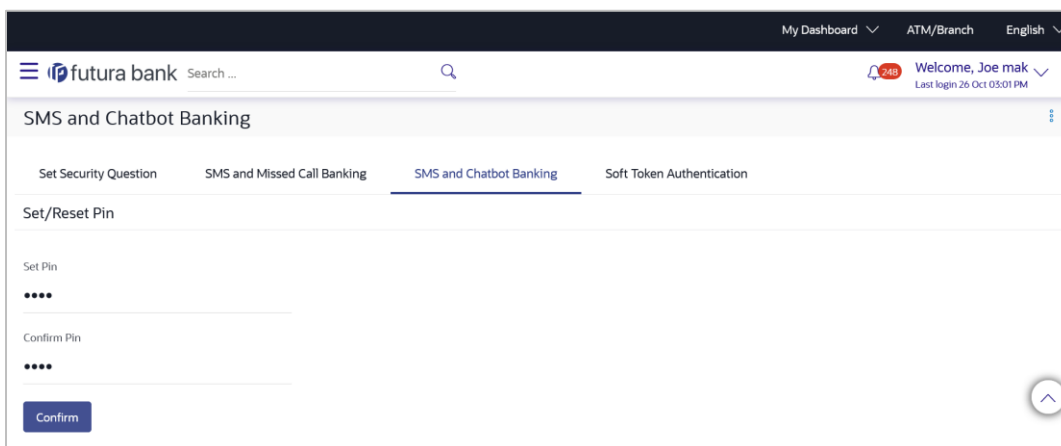

#### How to reach here:

*Dashboard > Toggle Menu > Account Settings > Preferences > Security and Login > SMS and Chatbot Banking*

OR

*Access through the kebab menu of any other **Preferences** screens*

#### SMS and Chatbot Banking

### Field Description

Field Name	Description
<b>Set/ Reset PIN</b>	
<b>Set PIN</b>	Enter a PIN to access SMS banking.

Field Name	Description
<b>Reset PIN</b>	Re-enter the PIN to confirm the same.

1. If you have registered for SMS Banking:
  - a. In the **Set PIN** field, enter a PIN to be used to access SMS banking.
  - b. In the **Reset PIN** field, re-enter the PIN so as to confirm the same.
  - c. Click **Confirm**. The success message appears.

**Note:** The Confirm option appears only if SMS Banking is enabled and if a PIN is to be set.

- d. Click **Ok** to navigate to the dashboard.

### 18.4.4 Soft Token Authentication

This option enables Multi-factor authentication for a specific user and for a specific device. This same device must be used to generate the time-based one-time passcode every time the user signs in.

A Soft token authentication is a two - factor authentication based on Passcode or PIN. Using this option, the user can generate security token i.e. a single-use 6 digit login PIN or passcode.

If you set up 2-Step Verification, you can use the Oracle Mobile Authenticator(OMA), Google Authenticator, Microsoft Authenticator with TOTP only app to receive QR codes.

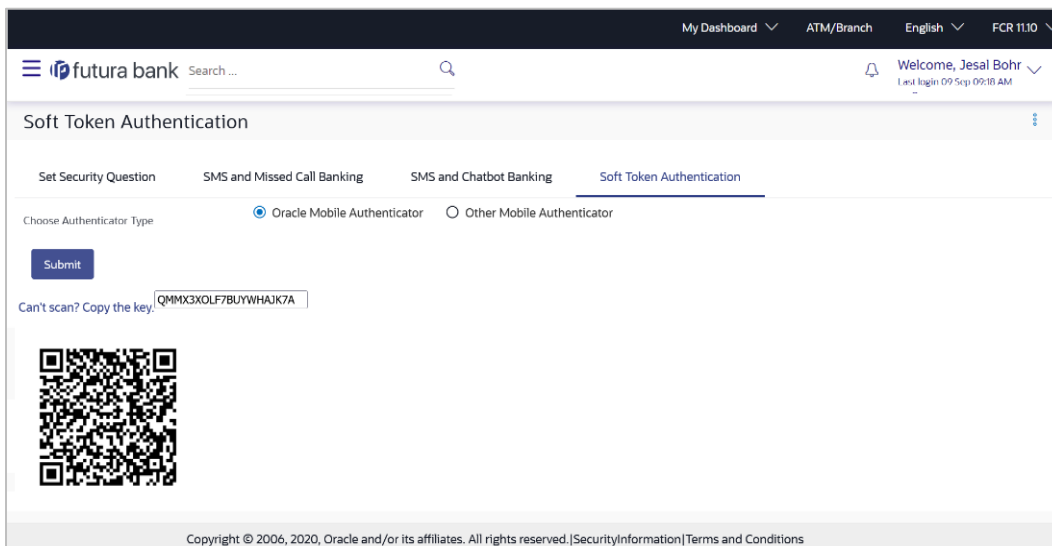

#### How to reach here:

*Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Security and Login > Soft Token Authentication*

*OR*

*Access through the kebab menu of any other **Preferences** screens*

#### Soft Token Authentication

## Field Description

Field Name	Description
<b>Choose Authentication Type</b>	Specify the authentication type for to generate the time-based one-time passcode every time the user signs in. The options are: <ul style="list-style-type: none"> <li>• Oracle Mobile Authenticator</li> <li>• Other Mobile Authenticator</li> </ul>
<b>Can't scan? Copy the key</b>	Click on the link to generate the key to authenticate.
<b>QR Code</b>	Generated QR code to authenticate.

1. In the **Choose Authentication Type** field, select the desired authentication type.
2. Click **Submit** to generate QR Code. QR code is generated by application.
3. Get the authenticator app from the **App Store**.
4. Install the authenticator app on iphone or android device.
5. Open authenticator app.
6. Click on the + icon of the authenticator.

## Authenticator

7. Choose option to scan the QR code or enter authentication key.
8. Scan the QR code by authenticator app.

---

**Note:** If you can't scan the QR Code, click on the **Can't scan? Copy the key** link to generate the key to authenticate.

---

9. The success screen appears as user is all set to use authenticator to authorise.

## 18.5 Themes

Using this option, business user can personalize the view of their application with the desired themes. The list of theme templates are available to the business users for selection, the user can select the desired theme and activate it by clicking the Apply button.

At any point in time, the user can deactivate a theme and activate another one or revert to the default theme.

### Pre-requisites

- The user must be a customer of the bank and have valid login credentials
- Bank Administrator has created the themes that are available for business user for personalization

### Features supported in application

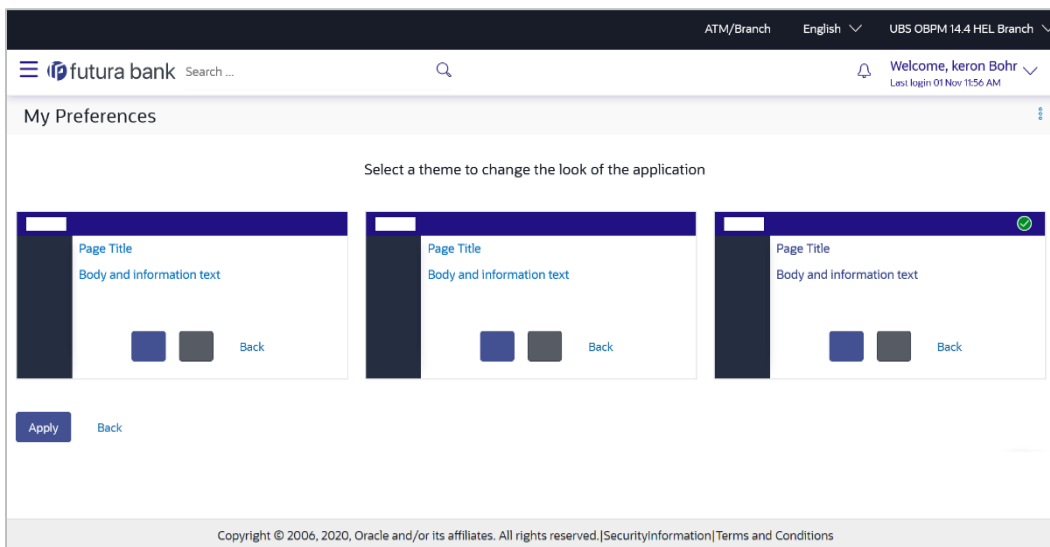

- Apply Theme
- Revert to default Theme

### How to reach here:

*Dashboard > Toggle Menu > Account Settings > My Preference > Themes*

*OR*  
*Access through the kebab menu of **Preference** transactions*

### Themes

### To apply the theme:

1. All the themes defined by the bank users get listed here. User can view the colors of the themes in the theme templates being displayed.
2. Select the required theme from the list of available themes.
3. Click **Apply** to apply the selected theme. The selected theme gets activated.  
OR  
Click **Back** to navigate to previous screen.

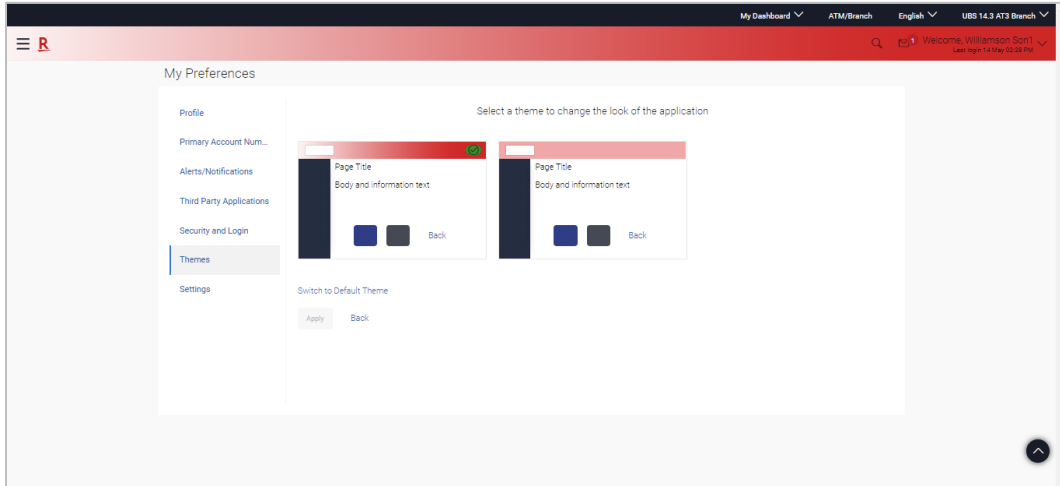

### 18.5.1 Switch to Default Theme

Using this option a retail user can revert back to the default theme as defined by the bank.

**To switch to the default theme:**

1. Navigate to the **Theme** tab.

#### Switch to Default Theme

2. System shows the already selected them with a check icon .
3. Click **Switch to Default Theme** to revert to the default theme. The default theme as defined by the bank gets activated.

## 18.6 Settings

This option lets the user disable login through any of his registered devices. If the user disables login from any device, the system disables all login modes (Touch ID/ PIN/ Pattern) for that device. This feature is beneficial to users, as a user can easily disable his alternate login modes if he loses his phone/ device (on which his mobile application is installed). The user can, thereby, prevent anyone from logging into his online banking account from any of the lost/stolen devices.

This option also lets the user disable receiving alerts via push notification, disable his alternate login from all his wearable devices and disable feedback popup that appears after every transaction for security reasons.

Through this screen, user can set their preferred delivery mode for receiving One Time Password (OTP). By default 'Both' (SMS and email) mode is selected, the user can disable any of the option.

### How to reach here:

*Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Settings*

*OR*

*Access through the kebab menu of any other **Preferences** screens*

### Settings

The screenshot shows the 'Settings' page of the Futura Bank mobile application. The page is titled 'Settings' and contains three main sections: 'Registered Phones/Tablets', 'Registered Wearable', and 'Push Notification'. Each section has toggle switches for 'Android Devices' and 'iOS Devices'. A 'Web Browser' toggle is also present under 'Push Notification'. A footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security | Information | Terms and Conditions'.

Registered Phones/Tablets

<b>Android Devices</b>	Select this option to stop receiving push notifications on all Android devices on which you have installed the online banking application. This option will be disabled in case you have not enabled or previously disabled push notifications for Android devices.
<b>iOS Devices</b>	Select this option to stop receiving push notifications on all iOS devices on which you have installed the online banking application. This option will be disabled in case you have not enabled or previously disabled push notifications for your iOS devices.
<b>Feedback Preferences</b>	
<b>Feedback Preference</b>	Select this option to enable/disable feedback after every transaction.
<b>Live Help</b>	
<b>Live Help</b>	Select this option to enable/disable the live help after every transaction.

---

Field Name	Description
<b>Preferred Delivery Mode (Only for OTP)</b>	
<b>Dispatch Method</b>	<p>Select the preferred delivery mode to receive the one time password (OTP).</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• SMS</li> <li>• Email</li> <li>• Both</li> </ul> <p><b>Note:</b> The preference is applicable only for OTP defined as authentication mode for transactions by the bank.</p>

1. Under the **Registered Phones/ Tablets** section, click the **Android Devices** toggle button to deregister Android devices.  
Your alternate login gets disabled from all the android devices on which you have installed the banking application.
2. Under **Registered Phones/Tablets**, click the **iOS Devices** toggle button to deregister iOS devices.  
Your alternate login gets disabled from all the iOS devices on which you have installed the banking application.
3. Under **Push Notifications**, section, click the **Android Devices** toggle button to deregister push notifications on android devices.  
Your push notification alerts gets disabled from all the android devices on which you have installed the banking application.
4. Under **Push Notifications**, Click the **iOS Devices** toggle button to deregister push notifications on iOS devices.  
Your push notification alerts gets disabled from all the iOS devices on which you have installed the banking application.
5. Under **Registered Wearables**, click the **Android Devices** toggle button to deregister your Android wearable devices.  
Your alternate login gets disabled from all the android wearable devices on which you have installed the banking application.
6. Under **Registered Wearables**, click the **iOS Devices** toggle button to deregister your iOS wearable devices.  
Your alternate login gets disabled from all the **iOS wearable** devices on which you have installed the banking application.
7. Under the **Feedback Preferences** section, click the toggle button to deregister feedback on your devices after every transaction.  
You will no longer get the option to provide feedback on your devices on which you have installed the application.
8. Under the **Live Help** section, click the **Live Help** toggle button to deregister live help on your devices.  
You will no longer the option of Live Help on your devices on which you have installed the application.

9. You can define delivery preference for dispatch of OTP i.e. whether you want it delivered on SMS or Email or Both. If there is a preference defined, system will dispatch the OTP on preferred delivery mode.

## **FAQ**

1. **If I have more than one iOS devices and I need to deregister one of my devices from the Futura Bank application, can I do so using the 'Registered Device' option?**

If you disable 'iOS Devices' in the 'Register Device' option, it will disable your alternate login from all the devices. You need to re-install the application if you want to use it again on that device.

2. **Why would I need to unregister a device?**

The unregistering of devices is done in case you have lost your device and you want to disable your alternate login from that device to prevent any misuse of your Bank account.

## 19. Security Question Authentication

Security Questions are the second factor authentication mechanism provided by the bank to its customers. The user needs to maintain a security question set by selecting questions and defining answers to these questions. At the time of transfer authentication, any or all of these questions are displayed to the user and the user must enter correct answers (as defined while setting up security questions) in order to enable the system to authenticate the user.

### For security question authentication:

1. In the transaction review screen, verify the details, and click **Confirm**.  
OR  
Click **Cancel** to cancel the transaction.
2. The 2 Factor Authentication (2FA) screen appears (if 2FA has been configured).

### Security Question Authentication

### Field Description

Field Name	Description
<b>Questions</b>	The list of security questions set for the 2Factor authentication is displayed.
<b>Answer</b>	Enter answers to each security question as defined at the time of security question maintenance.

3. For the Security Question - 2 Factor Authentication, in the **Answers** field, enter the answers corresponding to the security question.

4. Click **Next** to go to the next level of authentication.  
OR  
Click **Cancel** to cancel the transaction.
5. Complete the 2 Factor Authentication, and click **Confirm**.  
OR  
Click **Cancel** to cancel the operation and to navigate back to the Dashboard.
6. The success message of appears along with the transaction reference number.

## 19.1 One Time Password

One Time Password is a second factor authentication method. It is a unique code that can be used only once. A verification code is sent to the registered mobile number or email ID of the account holder. The user has to enter the received code to complete the process. The user can click on Resend Code, to receive the code again (if the code was not received or if the code has expired).

### For OTP verification:

1. In the **Verification Code** field, enter the code as received.  
OR  
Click **Resend Code**, if you wish to receive the verification code again or your verification code got expired.

### Verification

The screenshot shows the Futura Bank One Time Verification page. At the top, there are navigation links for 'My Dashboard', 'ATM/Branch', and 'English'. The user's name 'Welcome, Ryan N Bohr' and 'Last login 11 May 04:51 PM' are displayed. The main content area is titled 'Verification' and 'One Time Verification'. It contains a message: 'A verification code has been sent to your registered mobile number. Please enter that code below to complete the process'. Below this is a 'Verification Code' input field with a masked code '.....' and a 'Resend Code' button. There are also 'Attempts Left' (4) and 'Reference Number' (95539) fields. At the bottom, there are 'Submit' and 'Cancel' buttons. The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

### Field Description

Field Name	Description
<b>Verification Code</b>	Enter the code sent in an email to your registered email ID or as an SMS to your mobile number.

2. Click **Submit**.  
OR

Click **Cancel** to cancel the transaction.

On successful authentication, the user is enabled to proceed with the transaction.

## **FAQ**

### **1. Why is there a need for a One-Time Password (OTP)?**

An OTP helps to protect against online fraud. It is a secure way to authenticate whether a customer who is making an online transaction is the rightful owner of the credit / debit card being used.

### **2. When do I key in the OTP and how do I receive the OTP?**

When you make an online transaction using your credit/debit card, OTP is set up will be required. OTP will be sent to your mobile phone via SMS or email.

## 20. Change Password

This feature enables existing users of the bank to change their login password.

### Pre-requisites

- User must have existing login credentials.

### Features Supported In Application

- Changing the login password.

### How to reach here:

*Dashboard > Toggle Menu > Account Settings > Change Password*

### Change Password

The screenshot shows the 'Change Password' page on the Futura Bank website. The page header includes the Futura Bank logo and user information: 'Welcome, Williamson Son1' and 'Last login: 14 May 2020 PM'. The main content area has a title 'Change Password' and a sub-header 'Please change your password for security reasons.' Below this are three input fields: 'Current Password', 'Enter New Password', and 'Confirm New Password'. To the right of these fields is a box titled 'Your Password can:' containing a list of requirements with checkmarks: 'Have 6 to 15 characters', 'Have uppercase (Minimum 1 mandatory)', 'Have lowercase (Minimum 1 mandatory)', 'Have numbers (Minimum 1 mandatory)', 'Have special characters (Minimum 1 mandatory) (allowed characters are @!#&.)', and 'Not be a common password'. At the bottom of the form are three buttons: 'Submit', 'Cancel', and 'Back'.

### Field Description

Field Name	Description
<b>Current Password</b>	Enter your current login password.
<b>New Password</b>	Enter a new password to replace your current login password.
<b>Re-enter Password</b>	Re-enter the new password to confirm the same.

**To reset the password:**

1. In the **Current Password** field, enter your current login password.  
OR  
Click  icon to enter the current login password using the virtual keyboard.
2. In the **New Password** field, enter a new password.  
OR  
Click  icon to enter a new password using the virtual keyboard.  
(Read the conditions defined under the **Password Conditions** section on the application screen to view the password policy.)
3. In the **Re-enter Password** field, re-enter the new password.  
OR  
Click  icon to re-enter the new password using the virtual keyboard.
4. Click **Submit**.  
OR  
Click **Cancel** to cancel the transaction.
5. A message confirming successful change of login password appears.
6. As the login user changed his password using 'Change Password' option, system will logout the user and user will be shown a confirmation message of password change along with an option to login again. Click **Login** on confirmation screen to log in to the application.

---

**Note:** Password Conditions gets highlighted in green if the user's password is meeting the Password Policy criteria and similarly in Red if the password is not as per the Password Policy maintained.

---

---

## 21. Limits

The bank can put restrictions on the transactions initiated by customers from the online banking channels. The bank applies different types of limits on different transactions. These limits may vary depending on the user / customer type.

The different types of limits are as follows:

- Permitted number of transactions in a day
- Cumulative amount of transactions in a day
- Minimum amount for a transaction
- Maximum amount for a transaction

The limits function enables a retail user to view the daily limits (applicable at specific transaction level and at transaction group level) assigned by the bank for a specific channel or for a group of channels. The user can edit and reduce the cumulative transaction amount limit offered by the bank for individual transactions. The user can also reduce the maximum transaction count limit offered by the bank for individual transactions.

Further modification of limits will be enabled up to the limits offered by the bank for each transaction. Updated limits will be applicable from the next calendar day.

### **Pre-requisites**

The user must have an active Current and Savings Account relationship with Bank.

### **Features supported in the Application**

- View Transaction Limits: Daily and monthly
- Reduce cumulative daily/monthly amount limit for each transaction
- Reduce cumulative daily/monthly count limit for each transaction

### **How to reach here:**

*Dashboard > Toggle Menu > Menu > Account Settings > My Limits*

## 21.1 Limits – View

The logged in Retail user can view the transaction limits offered by the bank for each transaction using this option.

### Limits

### Field Description

Field Name	Description
<b>Channel</b>	Select the channel for which user limits are to be displayed.
<b>Transactions</b>	Select the transaction for which user limits are to be displayed.

**To view the daily and monthly limits of a transaction:**

1. From the **Channel** list, select a channel to view applicable limits.
2. From the **Transactions** list, select the transaction to view its limits.
3. Click the Transaction Limits / Transaction Group Limit/ Channel Group Limit/ Channel & Transaction Group Limit/ Consolidated Limit / Consolidated & Transaction Group Limit tabs to view the specific daily and monthly amount and count limits applicable at each level.
4. Click **Edit** to edit the limits.

## 21.2 Daily and Monthly Limits - Edit

The retail user can edit the transaction limits offered by the bank for each transaction using this option. The user can also opt to reset to limits set by the Bank after having changed the limits.

### To edit the daily and monthly limits at any level:

1. From the **Channel** list, select a channel to view its limits.
2. From the **Transactions** list, select a transaction to view its limits.
3. Select the level at which limits are to be edited.
4. Click **Edit**. The Edit Limits screen appears. In the **Limits** screen, click **Edit** against the transaction for which you want to change the limits.

### Daily Limits - Edit

### Field Description

Field Name	Description
<b>Daily Count</b>	
<b>Allocated by Bank</b>	Transaction initiation limits allocated to you by the bank for the particular Transaction/ Transaction Group/ Channel Group / Transaction & Channel Group.
<b>Enter Count</b>	Enter an amount to specify the new daily transaction count to be applicable to you for the particular Transaction/ Transaction Group/ Channel Group / Transaction & Channel Group.
<b>Monthly Count</b>

Click **Cancel** to cancel the operation and to navigate back to the Dashboard.

## **FAQ**

**1. Can the customer change the daily and monthly limits pre-set by bank?**

Yes, the customer can modify the limits set i.e. the range of amount or the count etc. However any change has to be within the prescribed upper limit set by the bank.

**2. Can customer increase the limits beyond the limits offered by the Bank?**

No, customer cannot increase the limits beyond the limits set by the Bank each transaction. The Bank administrator can increase the limits for the specific customer.

## 23. Personalize Dashboard

Dashboard personalization feature provides an ability to the business users to reconfigure and customize their dashboards around the tasks and information they use most frequently. This feature will enable business users to create their own dashboard that is easier to navigate, making every visit more efficient.

Retail users can reconfigure/ customize their dashboards by dragging and dropping the desired widget at desired location while configuring new dashboard to add more widgets. The users can also move the widgets already present in the dashboard to the desired location using this function. The user can also change the size of the widget (expand and compress) and can remove the widget if desired. The widgets on the dashboard auto adjust itself according to the place available on the dashboard.

OBDX dashboards are responsive and can adapt to any size of device that Bank wants to enable for the customers. User can preview his dashboard for different form factors i.e. desktop, mobile and tablet. An option to revert to the default dashboard (configured by bank) is also provided.

---

**Note:**

- 1) Dashboard personalization feature is currently not supported by mobile and tablet devices.
  - 2) Widgets available for selection for users are on the basis of the widget access given to the associated application role of the user for Internet touch point.
- 

**Prerequisites**

- Transaction access is provided to the retail user
- Widgets are available for designing the dashboard

**Features supported in application**

- Personalize/ Customize the Dashboard
- Revert to default dashboard

**How to reach here:**

*Dashboard > Toggle Menu > Account Settings > Personalize Dashboard*

### 23.1 Personalize Dashboard

Using this option retail users can customize their dashboard according to their convenience. A default dashboard is displayed as the user navigate to the Personalize Dashboard option. User can change the placing and even can drag and drop new widgets available from the list of widgets.

User can change the widget size (expand and compress) as per his requirement and can remove the widgets.

**To customize the dashboard:**

1. Navigate to the **Personalize Dashboard** screen.

## Personalize Dashboard

2. Drag and drop the desired widgets from the widget list.  
 OR  
 In the **Search Widget** field, enter the name of the widget that you want to appear on the dashboard and click  .

OR  
 Drag and drop widgets of the dashboard to the desired location. System highlights the area where the widget can be dropped.

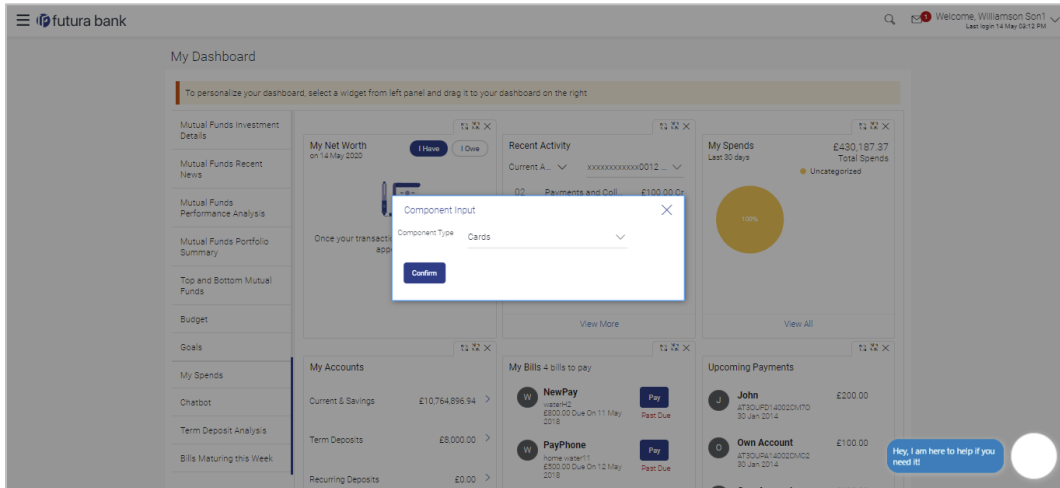

3. Click  on the upper right corner of the widget, if you want to expand the widget.  
 OR

Click  on the upper right corner of the widget, if you want to compress the widget.  
 OR

Click  on the upper right corner of the widget, if you want to remove the widget from the dashboard.

- If the selected widget has multiple widgets on the same like quick links, select the required widget that you want to appear on the dashboard.

### Select Widget

### Field Description

Field Name	Description
<b>Component Type</b>	<p>Select the component type, which you want to appear on your dashboard. This field is applicable only if the selected widget has multiple components.</p> <p>The options are:</p> <ul style="list-style-type: none"> <li>• Cards</li> <li>• Graph</li> </ul>

- From the **Component Type** list, select the widget component type that you want to appear on the dashboard.  
If you want to appear the widget in card format, select **Card** option.  
OR  
If you want to appear the widget in graph form, select **Graph** option.
  - Click **Confirm**. The selected component appears as a widget on the selected location of your dashboard.
- Click **Save** to save the template.  
OR  
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.  
OR  
Click **Back** to navigate to previous screen.
  - The **Review** screen appears. Verify the details, and click **Confirm**.  
OR  
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.  
OR  
Click **Back** to navigate to previous screen.  
OR

Click the **Desktop/ Tab/ Mobile** icon to review the template in desktop, tab or mobile mode.

- The success message appears.  
Click **Go to Dashboard** to view your customized dashboard.

## 23.2 Revert to default dashboard

Using this option a retail user can revert back to the default dashboard as defined by the bank.

**To switch to the default dashboard:**

- Navigate to the **Personalize Dashboard** screen.

### Switch to Default Dashboard

The screenshot displays the 'My Dashboard' personalization interface for Futura Bank. At the top, there is a search bar and a welcome message for 'Williamson Son1'. Below this, a yellow banner instructs the user to 'personalize your dashboard' by selecting widgets from the left panel. The left panel lists various widget categories such as 'Search Widgets', 'Forex Calculator', 'Loan Calculator', 'My Accounts', 'My Bills', 'Payments', and 'My Advisors'. The main area contains several widgets: 'My Net Worth' (showing a balance of £107,648,96.94), 'Recent Activity' (listing transactions like 'Payments and Coll.'), 'My Spends' (showing a total of £430,187.37), 'My Accounts' (listing Current & Savings, Term Deposits, etc.), 'My Bills 4 bills to pay' (including NewPay, PayPhone, and PayIndia), 'Upcoming Payments' (listing payments for John, Own Account, etc.), 'Service Request' (showing open and closed requests), and 'My Advisors' (with contact information). At the bottom of the dashboard, there are four buttons: 'Switch to default' (highlighted in orange), 'Save', 'Cancel', and 'Back'. A small blue chat bubble on the right says 'Hey, I am here to help if you need it.' The footer contains copyright information: 'Copyright © 2008, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

2. Click **Switch to default** to revert to the default Dashboard. The Dashboard Restore pop-up message, prompting the user to confirm the restoration of default Dashboard appears.  
OR  
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.  
OR  
Click **Back** to navigate to the previous screen.
3. Click **Confirm**.  
OR  
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.
4. The success message appears.  
Click **Go to Dashboard** to view the default dashboard.

## **FAQ**

### **1. Can I design new widgets using Dashboard Builder functionality?**

No, designing of a new widget is not allowed using this functionality. Administrator can use the existing widgets and can design the required dashboard.

### **2. Can I design different dashboards for different device types (desktop, mobile and tablet) using one template?**

Yes, you can design different dashboards for different types of devices using one template. An edit option is available while previewing the dashboard on each type of device, which will help the user to make the necessary changes for specific device type.

## 24. Alerts Subscription

Using this option, the user can subscribe for alerts. These alerts are triggered by events that are configured in the system.

The users can subscribe for alerts and define the mode through which each subscribed alert is to be delivered, i.e. through Email, SMS, on screen mailbox or through push notifications.

### Pre-requisites

- The user has registered his contact details such as email ID and Mobile number with the bank.

### Features Supported In the Application

- Alert Subscription
- Alert Un-subscription

### How to reach here:

*Dashboard > Toggle Menu > Account Settings > Alerts Subscription*

### To subscribe for an alert:

1. Click on the Alert Subscription from Account setting. The **User Alert Subscription** screen appears.

The options are: <ul style="list-style-type: none"> <li>•  Email: The alert is to be sent as an email to the user's registered email ID.</li> <li>•  SMS: The alert is to be sent as an SMS on the user's mobile number.</li> <li>•  On screen Mailbox: The alert is to be sent to the user's online banking mailbox.</li> <li>•  Push Notification: The alert is to be sent as a push notification on the user's phone. These notifications are sent as banners or pop-up messages on the user's mobile device.</li> </ul> <hr/> <p><b>Note:</b> The active mode is the delivery mode that has an  icon against it.</p> <p>Retail User will be allowed to map all modes of alerts subscription for all the transactions in one go for the selected account</p> <hr/>

2. From the **Account Number** list, select the account for which alerts subscription is to be defined.
3. Select the desired delivery mode/s against the **Alert Type** of choice.  
OR  
Deselect any delivery mode/s against an Alert Type to stop receiving the specific alert through the specific delivery mode.

4. Click **Save** to save the changes.  
OR  
Click **Cancel** to cancel the transaction.
5. The Review screen appears. Verify the details, and click **Confirm**.  
OR  
Click **Cancel** to cancel the transaction and to navigate back to the Dashboard.
6. The success message along with the transaction reference number appears. Click **Go to Dashboard**, to navigate to the dashboard.  
OR  
Click **More Alert Options** to access other alert options.

## **FAQ**

### **1. Which alerts can the retail user subscribe or unsubscribe, for himself?**

The alerts, which are not mandatory, can be subscribed or unsubscribed, by the retail user.

### **2. What if a retail customer wants to opt-out of alerts?**

The retail user can unsubscribe the alerts as per his requirement. Please note that the customer will continue to receive the mandatory alerts irrespective of his choice on the subscribed alerts.

---

## 25. Mailbox

Mailbox helps in two way communication between the bank administrator and the business user. Mailbox displays the list of messages to the user with date and time and message subject. Users can send mail messages to bank administrators with specific pre-defined subjects for their queries/complaints/feedback.

### Prerequisites:

- The user must have a relationship with Bank.
- User must have login credentials.

### Feature supported in the Application:

- **Inbox** – This folder displays all the messages sent by bank administrators to the user. The user can reply to any of these mail messages or can delete any message.
- **Compose** – This enables the user to select a predefined subject and to initiate a mail with a query/ complaint/ feedback.
- **Sent Mail** – This folder lists down the mails sent by the user. An option is provided to delete any or all sent mails.
- **Deleted Mail** – This folder displays the mails deleted from the user's **Inbox** and **Sent Mail** folders. The user can opt to permanently delete any or all of these mail messages.
- **Alerts** – This folder lists down the alerts sent by the bank to the user. The user can opt to delete any or all of these alerts.
- **Notifications** - This section enables the user to view all the notifications sent by the bank.

### 25.1 Mails

The following features are available under Mails:

- **Inbox:** This folder displays all the mail messages received by the user.
- **Compose Mail:** This option enables the user to create and send a new mail message.
- **Sent Mails:** This folder displays the list of mail messages sent by the user to the bank.
- **Deleted Mails:** This folder contains the list of mail messages deleted by the user from the inbox and the sent mail folders.

### How to reach here:

Dashboard > Toggle Menu > Menu > Mailbox > Mails

OR

Dashboard > Click  > Mails > View All

## 25.1.1 Inbox

Using this feature, the user can view the messages received in his Inbox. The user can view an individual message by clicking on the subject of the specific mail.

### How to reach here:

*Dashboard > Toggle Menu > Menu > Mailbox > Mails > Inbox*

OR

*Access through the kebab menu of any other screens available under Mailbox*

### To view received mails:

1. The list of received messages appears on the **Inbox** screen. Click on the subject link of an individual message to view the details of that message.

### Inbox

### Field Description

Field Name	Description
<b>Subject</b>	The subject of the mail is displayed against each mail record.
<b>Date</b>	The date and time on which the mail was received is displayed against each mail record.

### To access the Inbox:

1. Click the subject of a mail you want to view. The mail details are displayed on the overlay window.  
OR  
Click **Refresh** to refresh the folder.  
OR  
To delete one or multiple messages, select the specific check boxes against the mail and click **Delete**.  
OR  
Click on kebab menu to access mailbox related transactions.

## Inbox - Message Details

The screenshot displays a webmail interface for 'futura bank'. On the left is the 'Inbox' with three messages. The selected message is 'Re:Reissue Debit card PIN'. The right pane shows the message details, including a thread of three messages:

- From: admingroup11, Sent: 11 Oct 2021 12:40:48 PM, Content: Welcome
- From: keron Bohr, Sent: 11 Oct 2021 12:39:23 PM, Content: thank U
- From: admingroup11, Sent: 11 Oct 2021 12:34:18 PM, Content: Approved

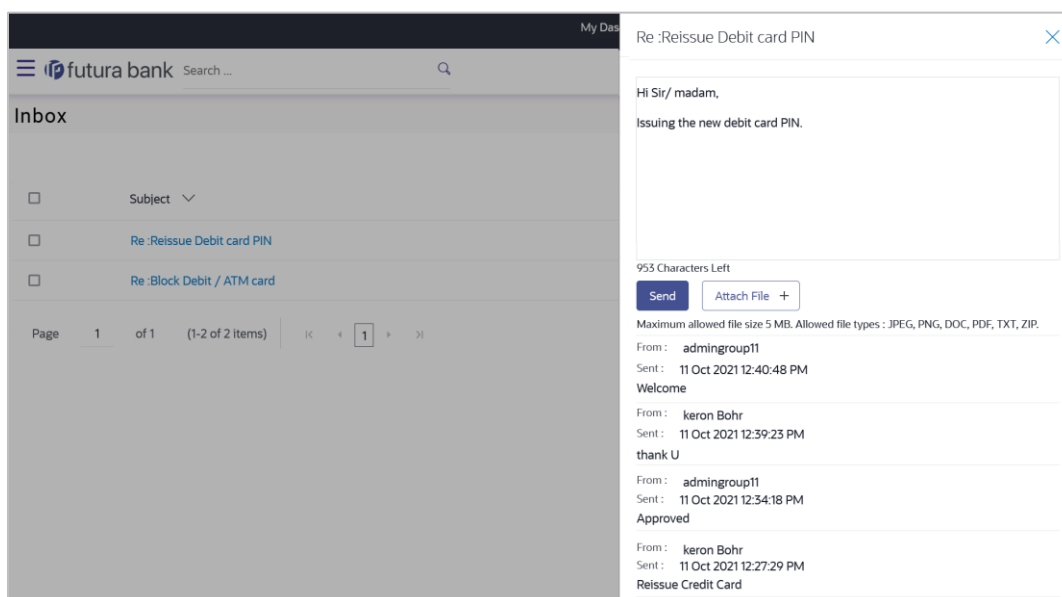

At the bottom of the message detail view, there are 'Reissue Credit Card', 'Reply', and 'Delete' buttons.

### Field Description

Field Name	Description
<b>Message Details</b>	
<b>Message Heading</b>	The subject of the received mail.
<b>From</b>	The name of the sender of the mail.
<b>Sent</b>	The date and time on which the mail was received.
<b>Content</b>	The content of the mail.
<b>Mail Chain</b>	<p>All the mails forming part of the mail chain being viewed are displayed one below the other with the mail received most recently displayed on top.</p> <p>Each mail in the chain contains the following:</p> <ul style="list-style-type: none"> <li>• The name or ID of the sender of the mail. Mails sent by you will have your name displayed against the From field and those sent by a bank administrator will have the ID of the bank administrator displayed.</li> <li>• The date and time at which the mail was sent.</li> <li>• The content of the mail as sent by you or the administrator.</li> </ul> <p><b>Note:</b> A mail chain is formed when a user sends a mail to the bank and a bank administrator responds to the mail.</p>

2. An overlay containing the details of the mail appears. Click **Reply** if you wish to respond to the mail.  
OR  
Click **Delete** to delete the message.  
OR  
Click  to close the overlay window.

## Inbox - Reply

## Field Description

Field Name	Description
<b>Message - Reply</b>	
<b>Message</b>	Enter a response to be sent to the bank.
<b>Attach File +</b>	Browse and select the reference document file sent along with an email message.
	<hr/> <b>Note: Maximum allowed file size 5MB and allowed file types are JPEG, PNG, DOC, PDF, TXT, ZIP.</b> <hr/>

Click **Send** to send the response to the bank.  
A message confirming that the mail has been sent successfully appears.  
OR  
Click **Attach File +** to add an attachment to the response mail.

## 25.1.2 Compose Mail

Using this option the user can initiate a mail communication with the bank. The mailbox is a communication channel between the bank and the user. In order to send a mail to the bank, the user needs to first select a category which identifies the purpose for which the message is being sent. The specification of a category enables the bank to appoint the user's concern / query to the desired team which ensures a timely and accurate response.

### How to reach here:

Access through the kebab menu of transactions available under the Mailbox

### To send a message:

1. Click **Compose Mail**. The overlay window on which you can compose and send a mail to the bank appears.

### Compose Mail

### Field Description

Field Name	Description
<b>Category</b>	Select a category/ subject related to which the message is to be sent.
<b>Message</b>	Enter the message that is to be sent to the bank.
<b>Attach File +</b>	Browse and select the reference document file sent along with an email message.

Note: Maximum allowed file size 5MB and allowed file types are JPEG, PNG, DOC, PDF, TXT, ZIP.

2. From the **Category** list, select the desired option.
3. In the **Message** section, enter the message.
4. Click **Attach File +** if you want to attach any reference document.

- Click **Send**.  
The success message appears.  
OR  
Click **X** to close the overlay window.

### 25.1.3 Sent Mail

This folder displays all the messages sent by the user to the bank.

#### How to reach here:

Access through the kebab menu of transactions available under the Mailbox

#### To view the sent messages

- Click **Sent Mail**. The list of sent mails appears on the screen. Click on the subject link of an individual message to view the details of that message.

#### Sent Mail

<input type="checkbox"/>	Subject	Date

## 25.2 Alerts

All the alerts that are auto generated and sent to the logged in user will be displayed on this screen.

### How to reach here:

*Dashboard > Toggle Menu > Menu > Mailbox > Alerts*  
OR

*Dashboard > Click  > Alerts >View All*  
OR

*Access through the kebab menu of transactions available under the Mailbox*

**To view the alerts:**

1. The alert screen appears.

**Alerts**

The screenshot shows the 'Alerts' section of the Futura Bank interface. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below this is a search bar and a user greeting: 'Welcome, keron Behr' with 'Last login 12 Oct 02:58 PM'. The main area is titled 'Alerts' and contains a list of alert records. Each record has a checkbox on the left, a 'Subject' column, and a 'Received' column. The subjects include 'E-Statement Subscription', 'Adhoc Statement Request', 'Self Transfer Initiation Alert', 'Domestic Fund Transfer Initiation Alert', 'Domestic Demand Draft Request Alert', and 'Term Deposit Account Redeemed'. The 'Received' column shows dates and times ranging from 27 Jul 2021 to 30 Sep 2021. At the bottom of the list, there is a pagination control showing 'Page 1 of 2 (1-10 of 12 items)' and navigation arrows.

**Field Description**

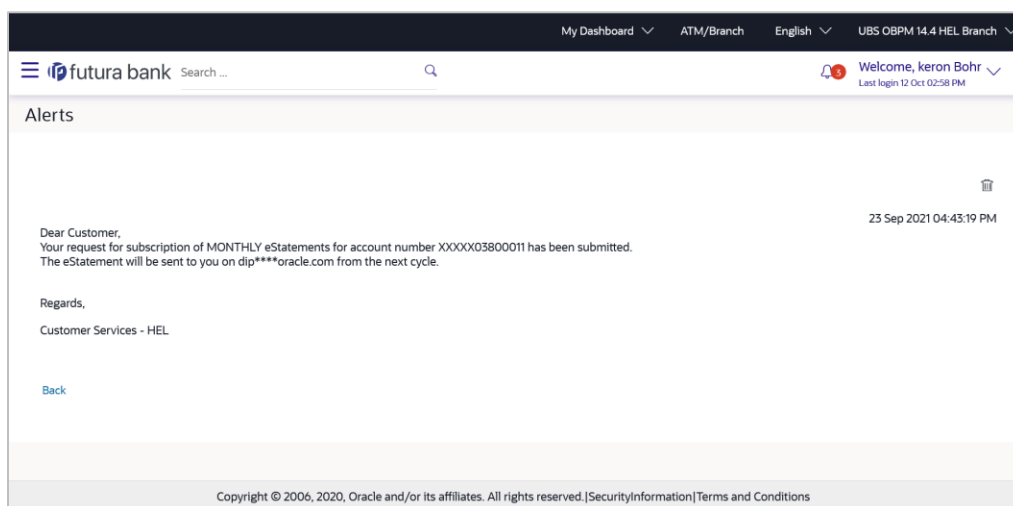

Field Name	Description
<b>Subject</b>	The subject of the alert is displayed against the specific alert record.
<b>Received</b>	The date and time on which the alert was sent is displayed against the specific alert record.

2. Click an individual alert to view the details of the alert. The details of the alert appear.  
OR

Click  to refresh the mailbox.  
OR

To delete multiple alerts, select the check box (s) against the alert, and click  to delete the alert.

## Alerts Details

## Field Description

Field Name	Description
<b>Alerts Details</b>	
<b>Received Date &amp; Time</b>	The date and time on which the alert was received.
<b>Message</b>	The content of the alert.

- Click  to delete the alert. The delete warning message appears.  
OR  
Click **Back** to navigate to the previous page.

## 25.3 Notifications

This section lists all the notifications received by the logged in user.

### How to reach here:

*Dashboard > Toggle Menu > Menu > Mailbox > Notifications*

OR

*Dashboard > Click  > Notifications > View All*

OR

*Access through the kebab menu of transactions available under the Mailbox*

### To view the notifications:

- The **Notification** screen appears.

## FAQ

### 1. Can customers initiate fresh mails?

Yes, customers of the bank can initiate fresh mails by accessing compose mail option through secure mailbox. Customers can only send mails to bank administrators using this feature.

### 2. Can customer delete multiple mails?

Yes, users can select multiple mails and delete the same.

### 3. Can customers restore the deleted mails?

Yes, deleted mails can be restored from the deleted folder. User can go to the Deleted folder, select the mails and click on restore button to move those mails back to respective folder.

### 4. Can Customer send a reply to the alerts/ notifications sent by the Bank?

No, customer cannot reply to the alerts/ notifications.

### 5. What are notifications generally about?

Notifications inform customers of the bank about any new offers, promotional rates, and launch of new products or services.

## 26. Feedback Capture

Feedback option enables you to provide feedback on various aspects of the application as well as specific to transactions. You will be asked a feedback question on which you need to rate on a rating scale and answer subsequent questions if defined for a scale weight that you rate. The feedback captured is analyzed by the bank administrator to decide on the course corrections in case of issues.

Feedback can be provided by the user through the following options in the system:

- General Feedback
- Transaction Specific Feedback

### General Feedback

General feedback is available as an option to provide feedback on generic aspects about the application.

### How to reach here

*Dashboard > Toggle Menu > Leave Feedback*

### To provide general feedback:

1. Click **Leave Feedback**. The **Feedback** pop-up screen appears.
2. A feedback question appears along with a rating scale.
3. Select an appropriate rating on the scale.
4. Depending on the rating, the system will provide you with a question along with a set of options.
5. Select an appropriate option corresponding to the question.
6. You can also add comments, if required.

### General Feedback

The screenshot displays a feedback form on the Futura Bank interface. The form is a white pop-up window with a close button (X) in the top right corner. It features a 5-star rating scale at the top. Below the scale is the question "What did you like the most with us?". There are two checked checkboxes: "Add-On-Features" and "More features". Below these is a text input field labeled "Your comments (Optional)". At the bottom of the form is a blue "Submit" button. The background shows the Futura Bank logo and a user profile for Ravindra Thapa with the last login time of 19 Dec 11:23 AM.

7. Click **Submit**. A message confirming successful submission of feedback appears.

## Transaction Specific Feedback

You can capture feedback specific to a transaction provided the transaction has been enabled for feedback capture by the bank. Feedback will be available as an option post transaction confirmation. Transaction specific feedback is recorded and stored for further analysis.

### To provide transaction specific feedback:

1. Once the transaction is successfully submitted, feedback as an option is displayed on confirmation page.
2. Click **Feedback**. The **Feedback** pop-up screen appears.  
OR  
Click **Go to Dashboard** link to navigate to the Dashboard.
3. A feedback question appears along with a rating scale.
4. Select an appropriate rating on the scale.
5. Depending on the rating, the system will provide you with a question along with a set of options.
6. Select an appropriate option corresponding to the question.
7. You can also add comments, if required.  
OR  
Click **Skip** to skip the feedback process. The **Dashboard** screen is displayed.  
OR  
Click **Never ask me again** if you do not wish to be asked to provide for any transaction. The system will suspend the feedback process for all transactions and you can enable the same again (if required) through 'My Preferences' from the toggle menu.

## Transaction Feedback

The screenshot shows the Futura Bank mobile app interface. At the top, there's a navigation bar with the Futura Bank logo, a search icon, a notification icon, and a user profile icon with the text 'Welcome, Sonal Agarwal' and 'Last login 27 Dec 09:56 AM'. Below the navigation bar, the main content area is titled 'Transfer Money' and shows a 'CONFIRMATION' message: 'Transfer Money submitted successfully.' The confirmation details include: Reference Number (2712A4E3FCF7), Host Reference Number (191428583471026), Status (Completed), Transfer To (abcDom), Amount (£1,000.00), Account Number (1111111111), Account Type (Domestic), Bank Details (12345), RAVBANK, TESTsteeet name, and Transfer When (22 Mar 2019). A feedback pop-up window is overlaid on the right side of the screen, titled 'Please give rating of your experience?' with a five-star rating scale. An 'e-Receipt' icon is visible in the top right corner of the pop-up.

The screenshot shows the Futura Bank website. At the top right, there are links for 'ATM/Branch' and 'English'. The user is logged in as 'Sonal Agarwal' with a last login time of '27 Dec 09:56 AM'. The main content area is titled 'Transfer Money' and displays a 'CONFIRMATION' message: 'Transfer Money submitted successfully.' Below this, transfer details are listed: Reference Number (2712A4E3FCF7), Host Reference Number (191428583471026), Status (Completed), Transfer To (abcDom), Amount (£1,000.00), Account Number (1111111111), Account Type (Domestic), Bank Details (12345), and Transfer Reference (RAVBANK TESTstest name, 22 Mar 2019). A feedback survey overlay is active, asking 'What did you like the most with us?' with options 'Add-On-Features' and 'More features', both checked. There is a text input field for 'Your comments (Optional)' and a 'Submit' button. An 'e-Receipt' link is also visible.

8. Click **Submit**. A message confirming successful submission of feedback appears.

OR

Under the kebab menu –

Click the **Current & Savings Account Details** option to view the current & savings account details.

OR

Click the **Term Deposit Details** option to view the term deposit details.

OR

Click the **Recurring Deposit Details** option to view the recurring deposit details.

## 28.1 Add Nominee

Using this option, you can add a nominee against a specific account. The following two options are present to add a nominee.

- **Add New Nominee:** This option enables the user to add a new nominee by entering – nominee's name and other details like date of birth, relationship, country state and address.
- **Replicate existing nominee:** This option enables the user to replicate a nominee by selecting a nominee of an existing CASA, Recurring Deposit or Term Deposit account. On selection of a nominee, that nominee's details are pre-populated in the respective fields. If required, the user can modify the details.

## 28.1.1 Add Nominee – Add New

### To add a new nominee:

1. In the **Nominations** screen, click the **Add** link against the account for which you want to add a new nominee.  
The **Add Nominee** screen appears.
2. From the Select Option field, select any of the following radio buttons:
  - Add Nominee
  - Replicate Existing Nominee
3. If you select the **Add Nominee** option, the fields in which you can specify nominee details appear.

### Add Nominee - Add New Nominee

The screenshot shows the 'Add Nominee' form in the Futura Bank interface. The form is titled 'Add Nominee' and has a 'Select Option' section with two radio buttons: 'Add Nominee' (selected) and 'Replicate Existing Nominee'. The form fields are as follows:

- Account Number: xxxxxxxxxxxx0252
- Nominee Name: Sam Desouza
- Nominee Date of Birth: 22 Nov 2001
- Relationship with Account Holder: SON
- Address: 1, Park Avenue Apt., M G RD, South Block
- Country: United States
- State: California
- City: SanDiago
- Zip Code: 343453

A 'Note' box on the right side of the form contains the following text:

**Note**  
Nomination can be made in favor of a minor also. In case the nominee is a minor, that is, less than 18 years of age, it is mandatory to specify the guardian details.  
During the period the minor does not attain majority, the natural guardian will receive the amount on the minors behalf.

At the bottom of the form, there are three buttons: 'Submit', 'Cancel', and 'Back'. The footer of the page reads: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation]Terms and Conditions'.

**Field Description**
