1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. UPI Payments

Unified Payments Interface (UPI) is an immediate real time payment system that enables the transfer of funds between two bank accounts, through a mobile platform.

This payments interface has been developed by the National Payments Corporation of India (NPCI), which is regulated by the Reserve Banking of India (RBI).

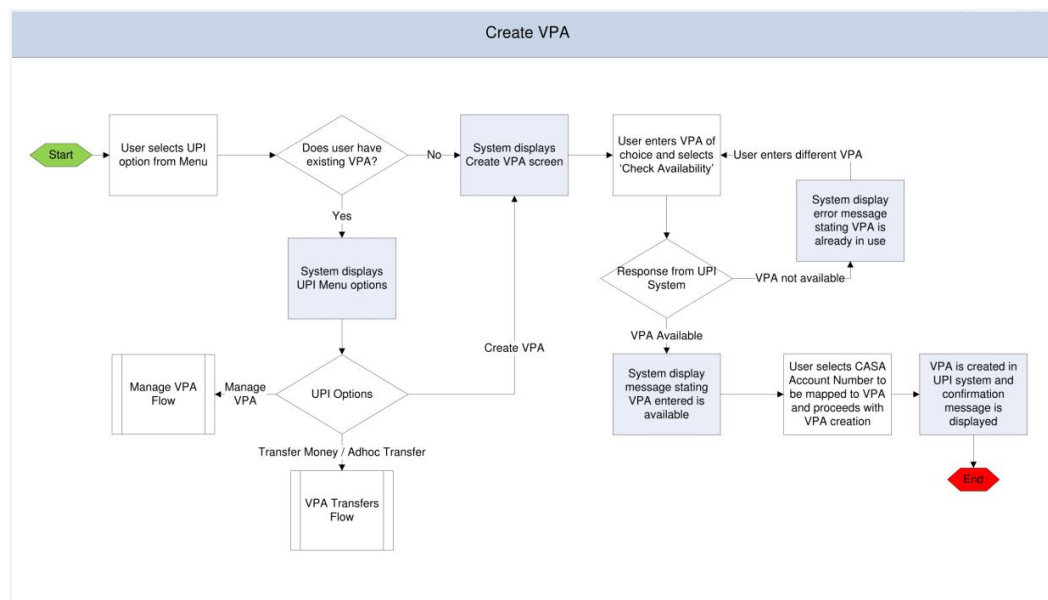

In order to transfer and receive funds through UPI, users need to create a Virtual Payment Address (VPA). A VPA is in the format of unique name@bankname and needs to be mapped to the user's current or savings account. This VPA can be used by others to transfer funds to the user. Hence, users need not know or remember the account numbers and IFSC codes of their intended recipients.

In addition to transferring funds, users can also use their VPAs to request for money from other VPAs. Users can also split bills between multiple VPAs through the UPI Split Bill feature.

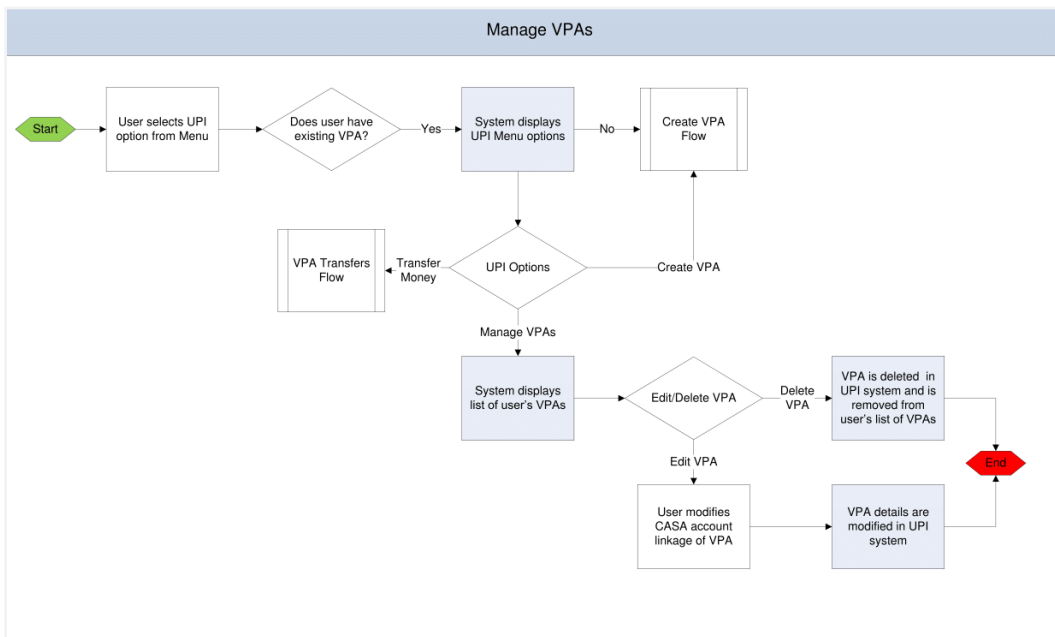

The Pending Request screen enables users to view requests that have been initiated towards their VPAs and to take action on these requests by either approving or rejecting them. This screen also enables users to view the requests initiated by them towards other VPAs, which are in pending state. The Transaction History screen displays all the UPI transfers, requests and split bill transactions initiated by the user along with their status.

Note: UPI Payments is available to retail users on mobile applications only for small screen devices and is not available on tablets or desktops.

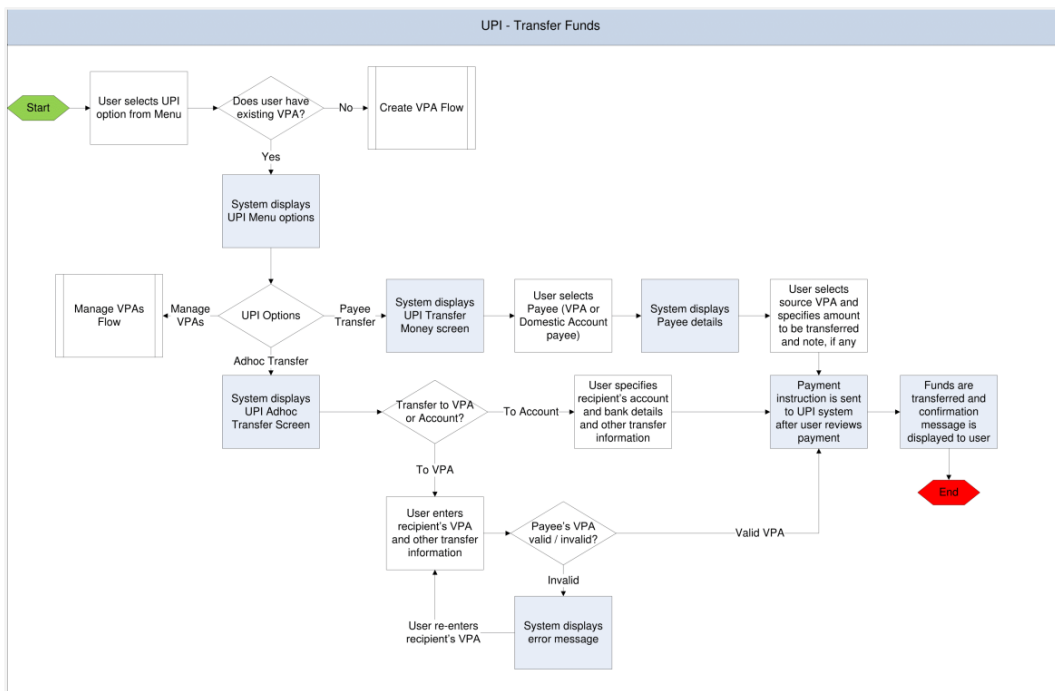

Workflow- VPA Creation

Workflow- VPA Maintenance (Edit & Delete)

Workflow- UPI Transfers

Features Supported in the Application

The following features are available as part of UPI Payments:

- **Manage VPA**
 - Create VPA
 - Edit VPA
 - Delete VPA
- **Transfer Money**
 - To existing VPA payees
 - To existing domestic account payees
 - Adhoc transfers to VPAs
 - Adhoc transfers to domestic accounts
- **UPI Request Money**
- **UPI Split Bill**
- **UPI Pending Requests**
- **UPI Transaction History**

[Home](#)

4. Manage VPAs

Using this option you can manage your existing VPAs or even create a new VPA.

How to reach here:

Dashboard > Toggle Menu > UPI > Manage VPA

To manage VPAs:

1. Select the **Manage VPA** option under the UPI menu.
2. The list of the user's VPAs appears on the **Manage VPA** screen.

Manage VPAs

Field Description

Field Name	Description
VPA	The list of the user's VPAs will be displayed.
Account Number	The CASA account mapped to each VPA will be displayed against the VPA.

3. Click  to create a new VPA.
OR
Click  against a VPA to edit the VPA.
OR
Click  against a VPA to delete the VPA.
OR
Click  to navigate back to the previous screen.

4.1 Create VPA

You can create a VPA by selecting the option provided under Manage VPAs. Alternately, if you do not have an existing VPA, the system will prompt you to create a VPA when you select the UPI option from the menu.

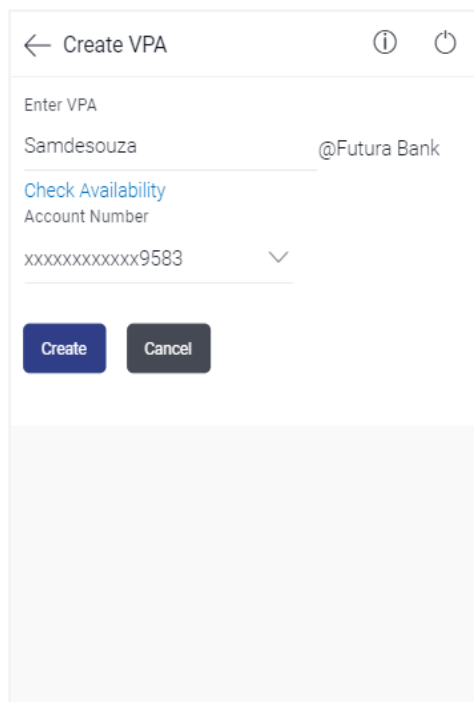

How to reach here:

Dashboard > Toggle Menu > UPI > Manage VPAs > Create VPA

To create a VPA:

1. Click  to create new VPA on the **Manage VPA** screen. The **Create VPA** screen appears.

Create VPA

Field Description

Field Name	Description
Enter VPA	Enter a VPA of choice.
Check Availability	The option to check whether the VPA entered is available or not.
Account Number	Select the CASA account to be mapped to the VPA.

2. In the **Enter VPA** field, enter a VPA of choice.

3. From the **Account Number** list, select an account to be mapped to the VPA.
Click **Create** to create the VPA.
OR
Click **Cancel** to cancel the transaction.
OR
Click  to navigate back to the previous screen.
4. The **Create VPA - Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click  to navigate back to the previous screen.
5. A message confirming the creation of VPA appears.
Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **Transfer Money** to initiate a UPI transfer.

4.2 Edit VPA

Once created, you can modify a VPA by changing the CASA account linkage. This option is only available if you have more than one CASA account held with the bank.

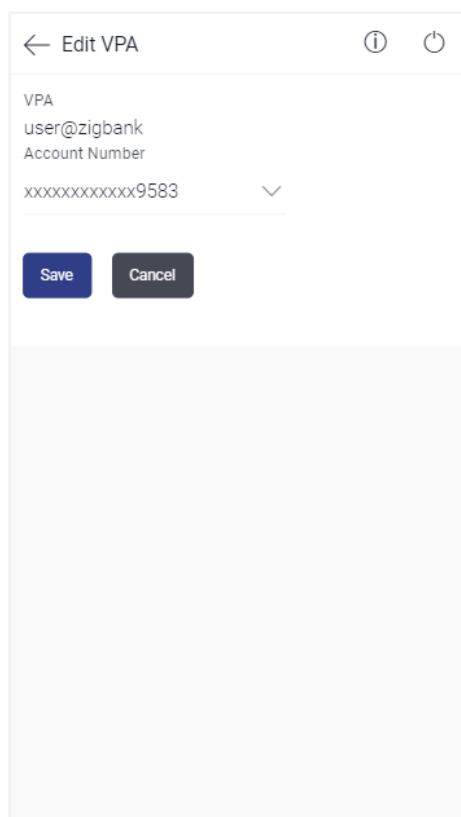

How to reach here:

Dashboard > Toggle Menu > UPI > Manage VPAs > Edit

To edit a VPA:

1. The list of the user's VPAs appears on the **Manage VPA** screen.
2. Click  against a VPA to edit the VPA. The **Edit VPA** screen appears.

Edit VPA

Field Description

Field Name	Description
VPA	The VPA selected to be modified is displayed.

Field Name	Description
Account Number	Change the CASA account mapping by selecting a different CASA account to be mapped to the VPA.

3. From the **Account Number** list, select an account to change the account mapping of the VPA.
Click **Save** to update the VPA account mapping.
OR
Click **Cancel** to cancel the transaction.
OR
Click ← against a VPA to navigate back to previous screen.
4. The **Edit VPA - Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click ← to navigate back to the previous screen.
5. A message confirming the modification of VPA appears.
Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **Transfer Money** to initiate a UPI transfer.

4.3 Delete VPA

You can delete any VPA by selecting the Delete option provided against it on the Manage VPAs screen. Once you have confirmed deletion of a VPA it will be deleted in the UPI system as well and will no longer be listed in your list of existing VPAs on the Manage VPAs screen.

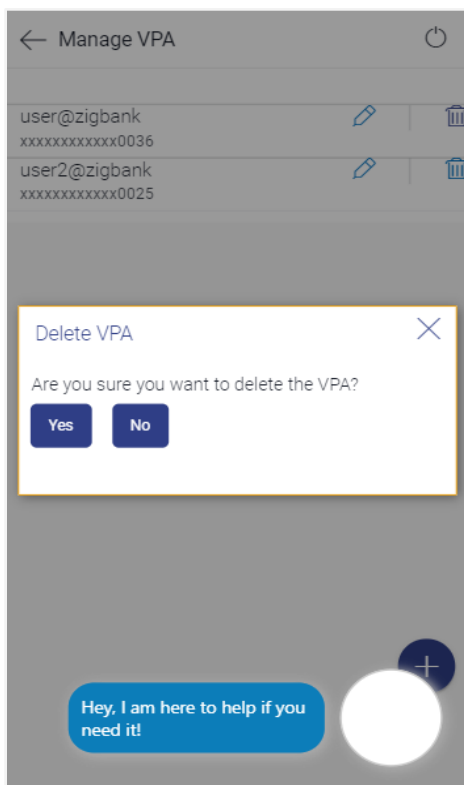

How to reach here:

Dashboard > Toggle Menu > UPI > Manage VPAs > Delete

To delete a VPA:

1. The list of the user's VPAs appears on the **Manage VPA** screen.
2. Click  against a VPA to delete the VPA. The **Delete VPA** pop up window appears with a warning message prompting the user to confirm the deletion.

Delete VPA

3. Click **Yes** to delete the VPA.
OR
Click **No** to return to the **Manage VPAs** screen.

[Home](#)

5. UPI Transfers

Once you have created a VPA, you can use this VPA to transfer funds to people via their VPAs or even to accounts by specifying account numbers and IFSC codes. In addition to initiating adhoc transfers (to VPAs and accounts) you can also transfer funds to registered VPA and domestic account payees.

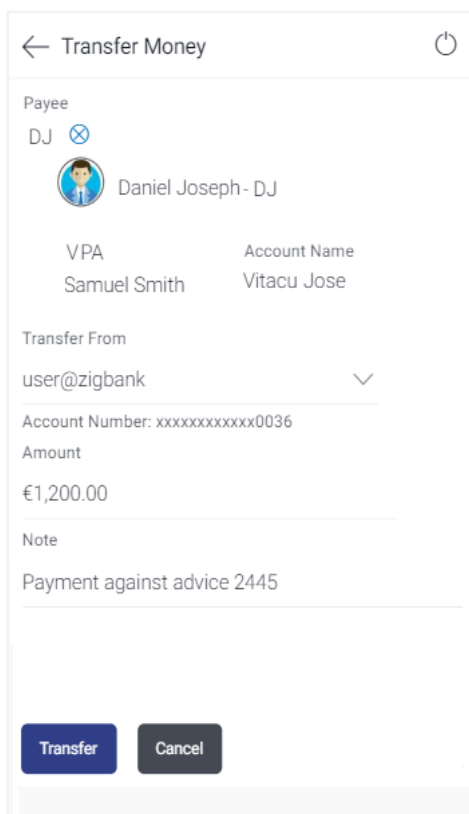

5.1 Transfer Money

Using this feature, you can initiate UPI transfers towards registered VPA payees as well as domestic account payees.

OR
Click  against a VPA to navigate back to previous screen.
7. The **Adhoc Transfer – Review** screen appears. Verify the details and click **Confirm**.

The **Verification** screen appears if the transaction is configured for Two Factor Authentication.

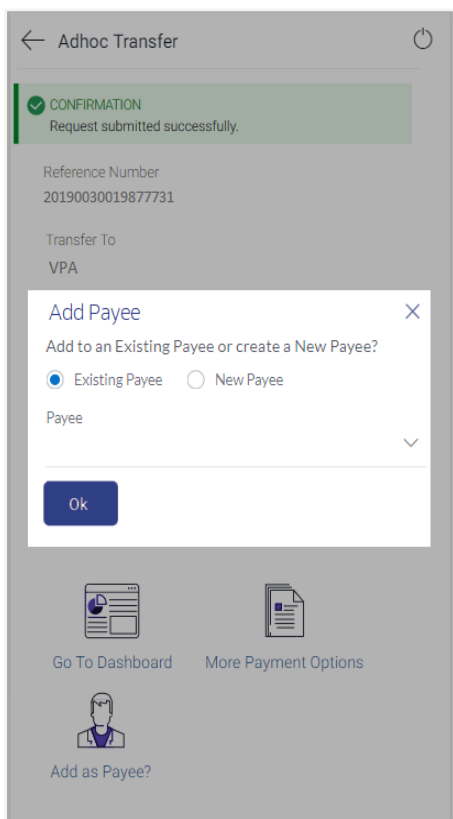

OR
Click **Cancel** to cancel the operation and navigate back to 'Dashboard'.
OR
Click  to navigate back to the previous screen.
8. The success message appears, along with transfer details and the transfer reference number generated by the UPI system.
Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **Make another Transfer** to initiate another Adhoc Transfer.
OR
Click **Add as Payee** to register the beneficiary as a payee.

Success Message

9. Click **Add as Payee** to register the beneficiary as a payee. A modal window appears on which you can identify whether the beneficiary details are to be mapped to an existing payee or whether the beneficiary is to be registered as a new payee.

Add Payee - Addition of New Payee

Field Description

Field Name	Description
Payee Type	Select the option to identify whether the beneficiary is to be mapped to an existing payee or whether the beneficiary is to be added as a new payee. <ul style="list-style-type: none"> Existing Payee New Payee
Payee	Select the payee from the list of existing payee group to map the beneficiary to the payee group. This field appears only if the option Existing Payee has been selected.

10. Select the desired option to identify the payee type.
11. If you have selected the option **New Payee**, the **Add Payee** screen appears in which you can register the beneficiary as a new payee.
12. If you select the option **Existing Payee**, you will be required to select the payee group to whom the beneficiary details are to be mapped.

13. Click **Ok**, the **Add Payee** screen appears with all the beneficiary details pre-populated in the required fields.

5.3 Add Payee – VPA

You can register a VPA as a payee by selecting the option Add as Payee on the Adhoc Transfers confirm screen.

How to reach here:

Dashboard > Toggle Menu > UPI > Adhoc Transfer > Add as Payee

Add Payee

Field Description

Field Name	Description
Payee Name	Specify the name by which the payee is to be identified if the payee is a new payee. If the payee is being added under an existing payee group, the payee name will be displayed and cannot be modified.

Field Name	Description
Payee VPA	The payee's VPA as entered at the time of adhoc transfer initiation will be displayed and cannot be modified.
Account Name	The account name of the payee as derived from the UPI system at the time of adhoc transfer initiation will be displayed and cannot be modified.
Nickname	Specify a nickname to be assigned to the specific VPA of the payee for the purpose of easy identification.

To create a VPA payee:

1. If payee is being registered as a new payee:
 - a. In the **Payee Name** field, enter the name of the payee for identification.
2. In the **Nickname** field, enter a nickname to be assigned to the specific VPA of the payee.
3. Click **Add** to add a payee.
OR
Click **Cancel** to cancel the transaction.
OR
Click ← to navigate back to previous screen.
4. The **Add Payee - Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction and to navigate back to 'Dashboard'.
OR
Click ← to navigate back to previous screen.
5. The success message appears along with the account details.
Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **Make a transfer** to initiate another transfer.

5.4 Add Payee – Domestic Account

You can register a domestic account payee by selecting the option Add as Payee on the Adhoc Transfers confirm screen.

How to reach here:

Dashboard > Toggle Menu > UPI > Adhoc Transfer > Add as Payee

Add Payee

Field Description

Field Name	Description
Payee Name	Specify the name by which the payee is to be identified if the payee is a new payee. If the payee is being added under an existing payee group, the payee name will be displayed and cannot be modified.

Field Name	Description
Account Type	The field identifying that the account type of the payee is domestic will be displayed.
Account Number	The payee's account number as entered at the time of adhoc transfer initiation will be displayed and cannot be modified.
Account Name	The payee's name as registered with the payee's bank will be displayed and cannot be changed.
IFSC Code	The IFSC code of the payee's bank as entered while initiating the transfer will be displayed and cannot be modified.
Nickname	Specify a nickname to be assigned to the specific account of the payee for the purpose of easy identification.

To create a VPA payee:

1. If payee is being registered as a new payee:
 - a. In the **Payee Name** field, enter the name of the payee for identification.
2. In the **Nickname** field, enter a nickname to be assigned to the specific account of the payee.
3. Click **Add** to add a payee.
OR
Click **Cancel** to cancel the transaction. OR
Click ← against a VPA to navigate back to previous screen.
4. The **Add Payee - Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction and to navigate back to 'Dashboard'.
OR
Click ← to navigate back to previous screen.
5. The success message appears along with the account details.
Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **Make a transfer** to initiate another transfer.

Note: The **Payee Account Type** field is displayed if the payee is being added under an existing payee group.

6. UPI Request Money

In addition to transferring money via UPI transfers, you can also request money from people by specifying your VPA in which funds are to be transferred as well as the VPA of the person who owes you money. Additional information required would include the amount being requested, the date on which the request would expire and any remarks, if required.

How to reach here:

Dashboard > Toggle Menu > UPI > Request Money

To request money:

1. Select the **Request Money** option under the UPI menu.
The **Request Money** screen appears.

Request Money – Existing

Request Money – Enter New VPA

Field Description

Field Name	Description
Receive Funds in	Select the VPA in which you would like to receive funds being requested.

Field Name	Description
Account Number	The account number to which the VPA is linked appears once a VPA is selected.
Request From	Select a VPA payee from which you wish to request funds. This field will get disabled if you select Enter a New VPA check box.
Enter a New VPA	Select this option if you wish to enter a VPA, which is not registered as a VPA payee, from which you wish to receive funds. This field will no longer appear on the screen if you select a registered VPA from the Request From list.
Amount	Enter the amount you wish to request from the VPA specified.
Valid Till	Specify the date until which the request will be valid.
Note	Enter a note or remark, if required.

2. From the **Receive Funds in** list, select a VPA in which the funds being requested are to be credited.
3. From the **Request From** list, select a VPA payee from which to request funds.
Click  if you want to select a different payee.
OR
Select the **Enter a new VPA** checkbox to enter a VPA from which to request money, if you wish to request money from a VPA that is not registered as a VPA payee.
Enter a VPA in the provided input field.
4. In the **Amount** field, enter an amount in INR to be requested.
5. From the **Valid Till** field, select the date on which the request will expire.
6. In the **Note** field, enter a note or remarks if required.
7. Click **Request** to initiate the request.
OR
Click **Cancel** to cancel initiation of the request.
8. The **Request Money – Review** screen appears. Verify the details and click **Confirm**.
OR
Click **Cancel** to cancel initiation of the request.
OR
Click  to navigate back to previous screen.

9. The success message appears along with the reference number and transaction details.
Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **Make another Request** to initiate another money request.

8. UPI Pending Requests

Once a request for money or a split bill transaction has been initiated, the requests will be visible under the Pending Requests screen. Money Requests and Split Bills initiated by you will be listed under the Pending with Payer tab while Money Requests initiated by other VPAs towards you will be listed under the Pending with Me tab. You will be able to approve or reject these requests made towards you. Once a request has been approved or rejected or if no action is taken before the request expires it will no longer be visible under the tabs on the Pending Requests screen. The number of requests pending with the user or those initiated by the user will be displayed in the form of a badge against the **With Me** and the **With Payer** tabs respectively.

How to reach here:

Dashboard > Toggle Menu > UPI > Pending Requests

To view pending requests:

1. Select the **Pending Requests** option under the UPI menu.
The **Pending Requests** screen appears.

Pending Requests –With Me

Pending Requests –With Me (Expanded)

Field Description

Field Name	Description
Search By VPA	Select a VPA to view requests made towards that VPA. By default the value 'All' will be selected and all requests pending towards all your VPA will be listed under the Pending with Me tab.

Request Money Record Details

The following fields are displayed for each Pending Request initiated towards any of the user's VPAs.

Requestor's Name and VPA	The name and VPA as per UPI records of the person who has initiated the request towards you.
Amount Requested	The amount requested.
Request Date	The date on which the request was made.
Expiry Date	The date on which the request will expire.

Request Money Record Details - Expanded

The following fields are displayed when you click  against the Pending with Me to expand the record.

Requestor's Name and VPA	The name and VPA as per UPI records of the person who has initiated the request towards you.
Amount Requested	The amount requested.
Request Date	The date on which the request was made.
Expiry Date	The date on which the request will expire.
Request To	The VPA towards which the request was made.
Transaction ID	The transaction ID as generated by the UPI system on request initiation.
Note	A note or remarks as added while initiating the request.

2. Click on **With Me** tab to view records of pending requests initiated towards your VPAs. The list of pending requests initiated towards the user's VPAs are listed.
3. Click  against a specific record to expand it. The details of that record are displayed along with the options to Approve or Reject the request.
Click **Approve** to approve the request.
OR
Click **Reject** to reject the request.

4. The **Pending Request – Review** screen appears. Verify the details and click **Confirm**.
OR
Click **Back** to go back to the Pending Requests screen.
5. The **Verification** screen appears if the transaction is configured for Two Factor Authentication.
OR
Click **Back** to return to the transfer initiation screen.
6. The success message appears, along with transfer details and the transfer reference number generated by the UPI system.
Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **Go to Pending Requests** link to be navigated to the Pending Requests screen.
7. Click on **With Payer** tab to view records of pending requests initiated by you towards other VPAs.
The list of pending requests initiated by the user towards other VPAs are listed.

Pending Requests – With Payer

The screenshot shows the 'Pending Requests' screen with the 'With Payer' tab selected. The screen displays a list of three pending requests:

Requester	Amount	Request Date	Expiry Date
MR May Robin (May@HDFC)	£1,000.00	28 Apr 2020	28 Apr 2020
TH Tom Harris (Tom@HDFC)	£500.00	28 Apr 2020	28 Apr 2020
Split bill with Tom Harris, Harry Harris and 3 more	£2,000.00	28 Apr 2020	28 Apr 2020

Pending Requests –With Payer (Expanded)

The screenshot shows the 'Pending Requests' screen with the 'With Payer' tab selected. The first request is expanded to show detailed information:

Requester	Amount	Request Date	Expiry Date
MR May Robin (May@HDFC)	£1,000.00	28 Apr 2020	28 Apr 2020
Receive Funds in receiver@zigbank		Transaction ID 1200000001	
Note: Demo			

Below the expanded view, the other two requests are visible in a collapsed state:

Requester	Amount	Request Date	Expiry Date
TH Tom Harris (Tom@HDFC)	£500.00	28 Apr 2020	28 Apr 2020
Split bill with Tom Harris, Harry Harris and 3 more	£2,000.00	28 Apr 2020	28 Apr 2020

2. Click on any record to **expand** it and view details.
3. Select a VPA to view transactions involving that VPA from the **Search by VPA** field.
OR
Click the  icon to view addition search criteria.
From the **Transaction Type** field, select a UPI transaction type to view records of that **transaction** type.
OR
From the **Status** list, select a status to filter transactions by status.

FAQs

1. What is UPI?

Unified Payments Interface (UPI) is a real-time payment system developed by National Payments Corporation of India that facilitates inter-bank transactions. It is regulated by the Reserve Bank of India and works by instantly transferring funds between two bank accounts on a mobile platform.

2. What is a VPA?

A VPA or Virtual Payment Address, sometimes referred to as a UPI ID or UPI Address, is a unique ID that you are required to create in order to initiate UPI transfers and to receive funds via UPI. A VPA takes the form of abc@zigbank where 'abc' is a unique name that you can choose. This VPA is mapped to your CASA account and is an identifier used to pay and receive funds from and to your CASA account.
