1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Customer Services

This module allows the bank customers to interact with bank and avail its services. It includes the following sub-modules:

- **Channel On boarding:** Channel Onboarding allows customers to register for channel access. Customers who do not have access to online channels can onboard themselves to access online channels without approaching a bank physically to request for channel access.
- **Calculators:** Calculators are the tools used by the users to simulate and thus understand the implications of financial decisions. The different kind of calculators could be, Term Deposit Calculator, Loan Calculator, Loan installment Calculator, Loan Eligibility Calculator, and Forex Calculator.
- **Role specific dashboards:** Dashboard is a landing page or screen wherein user can access various transactions. The dashboards are classified into categories like, Maker Dashboard, Viewer Dashboard, and Approver Dashboard.
- **Mailbox:** Mailbox allows bank customers to send and receive emails to a business user.
- **Find ATM / Branch:** ATM/ Branch locator allows a user to view the address and location of the ATMs and the branches at a geographic location.
- **Reports:** Reports are an integral part of actively managing any company. Management uses the reports to track progress towards its various goals, control expenditures, increase revenue, track fraudulent transactions if any. The two types of reports are, Adhoc Report and batch Reports
- **Security Settings:** Security settings are done to protect the sensitive data and information from security threats.
- **View Transaction Limits:** This option allows a user to view the utilized limits and available limits for use.

4. Portal Page

A bank's landing page should be designed in a manner that connects with its customers and also leads to quick conversions of prospects into customers of the bank. The portal page should enable existing customers to easily login to the system and should also provide users to perform tasks such as to view and apply for the bank's product offerings, register for online banking access, track existing product applications, search for the bank's ATMs and branches etc.

The **Oracle Banking Digital Experience** portal page displays various options that enable users to undertake required tasks and gain information about the bank and its products. The different sections and features provided on the portal page are documented as follows:

Futura Wallet

Click **Sign Up** to apply for a Futura Wallet.

Our Product Offerings

This section displays the products offered by the bank. Users can select any product category in order to view the products under that specific category and can proceed to apply for a product of choice. This section also provides options to apply for bundled products and to the application tracker.

Easy and Secured Banking

Following mobile transactions are present in the application.

- **Face/ Fingerprint/ PIN/ Pattern based authentication**
 - Allows user to login to the mobile application by drawing a pattern on screen instead of entering his user id and password
- **Quick Snapshot**
 - User can view the account summary from mobile application and get important account information in a single view without going on the dashboard.
- **Chatbot**

Chatbot is an artificial intelligence system that interacts with users over a messaging platform.

- **QR Based Payment**

QR Based payment allows the user to initiate a payment to a beneficiary by scanning the QR code.

- **Siri Payments and Balance Inquiry**

This feature harnesses Apple's voice command assistant, Siri, to enable users to initiate voice based payments to registered payees from their mobile devices.

- **iMessage Payments**

iMessage payment allows the user to initiate a payment to a beneficiary i.e. the contact in context of the conversation by launching the app from iMessage.

- **Pay to Facebook contact**

This feature enables the user to initiate a payment to a Facebook friend by simply logging into Facebook and selecting the contact towards whom the payment is to be made.

- **Push Notification**

Push notification is a way of propagating message to the user device(s) registered with the bank. Through push notifications, user can be notified of any event/transactions that has occurred in the user account.

5. Log-In & Log-Out

Log-in allows users to access the portal securely, view information and access transactions. Logging out enables users to exit from the system in a secure way, so that no one else can gain access to the system (without supplying valid credentials) and the entire system is secure.

Pre-requisites

The User must have a valid account with bank with online banking enabled. Other features related to accounts must be supported by the core banking system.

Features Supported In Application

- [Log-in to the application](#)
- [Log-out of the application](#)

In case the user has forgotten their username or password, they can use the [Forgot Username](#) and [Forgot Password](#) links to retrieve these details. For more information, refer the [Forgot Username](#) and [Forgot Password](#) sections respectively.

5.1 Log-in to the application

The user requires authentic credentials to log in to the **Oracle Banking Digital Experience** application.

To log in to the application:

1. Open an internet browser to access the application.
2. Type the **Oracle Banking Digital Experience** URL in the **Address** bar, and press **Enter**.
Portal Page appears.
3. Click **Login**.
The **Login** screen appears.
OR
Click **Register** if you are a new user.

Login Page

Field Description

Field Name	Description
Username	Enter your login user name.
Password	Enter your login password.

4. In the **Username** field, enter the user ID.
OR
Click  icon to enter the username using the virtual keyboard.
5. In the **Password** field, enter the password.
OR
Click  icon to enter the password using the virtual keyboard.

Note: The characters typed in the **Password** field appear masked (•••••) for security reasons.

6. Click **Login**.
7. The Dashboard **Overview** screen appears with broad level financial summary, outstanding and available balance in current and savings account, loans, term deposit, and credit cards.

5.2 Log-out of the application

To log out of the application:

1. In the top right corner, click  icon. The drop-down with the options to view profile and logout appears.
2. Select the **Logout** option. The success message of logging out appears.

[Home](#)

6. First Time Login

When a new user logs into the application for the first time with the user name and password provided by bank, there are certain tasks that he/she needs to fulfill before being able to access the online services of the bank. These steps are configured by Bank and can include accepting Terms and Conditions, Setting up Security Question, My profile and limit information.

Note: The steps and sequence for 'First Time Login' may vary for different users as defined or configured by System Administrator.

Each step will either have Next or Skip button basis on the configuration done by Bank Administrator.

Prerequisites:

- The bank administrator has enabled the First time login steps for Corporate users.

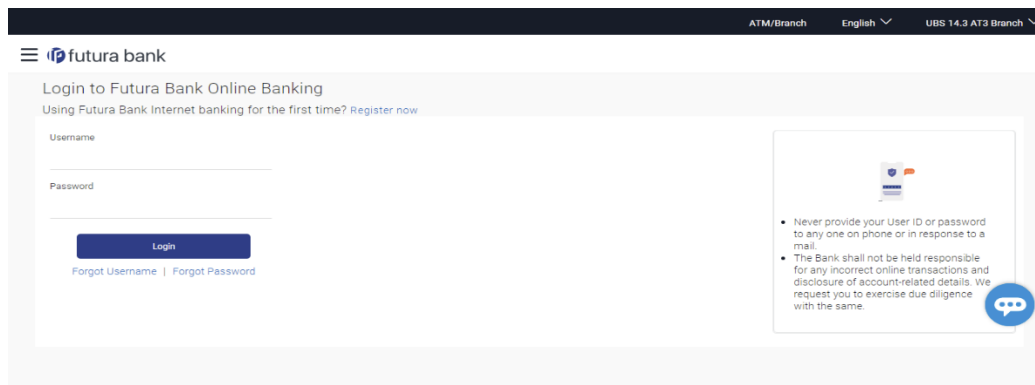

How to reach here:

Portal Page > Login

To log in to the application:

1. Open an internet browser to access the application.
2. Type the **Oracle Banking Digital Experience** URL in the Address bar, and press **Enter**. The **Portal** page appears.
3. Click **Login**. The **Login** screen appears.

Login

Field Description

Field Name	Description
Username	Enter your login user name. <u>Note: Usernames are case insensitive i.e. User can login in OBDX with any case.</u>

Field Name	Description
------------	-------------

Password	Enter your login password.
-----------------	----------------------------

4. In the **Username** field, enter your user name.
OR
Click  icon to enter the username using the virtual keyboard.
5. In the **Password** field, enter your password.
OR
Click  icon to enter the password using the virtual keyboard.

Note: The characters typed in the **Password** field appear masked (•••••) for security reasons.

6. Click **Login**.
The next **configured** screen appears.

Note: Force Change password is not a part of First Time Login flow wizard, this screen will appear for every new user.
The Force Change Password screen will only appear for users for whom the password is set by administrator and not for the users who have self-registered themselves.

First Time Login - Terms and Condition

ATM/Branch

Welcome, Jones Smith
Last login 21 Nov 02:29 PM

Thank You for choosing Futura Bank as your Banking needs partner.
 We welcome you to the Futura Bank family.
Happy Banking!!!

Terms and Conditions

These Terms mentioned herein form the contract between the User using the Internet Banking services and the Bank. By applying for Internet Banking Services and accessing the service the User acknowledges and accepts these Terms of Service (Terms and Conditions). Any conditions relating to the accounts of customer other than these Terms will continue to apply except that in the event of any conflict between these Terms and the account conditions, these Terms will continue to prevail. The agreement shall remain valid until it is replaced by another agreement or terminated by either party or account is closed, whichever is earlier.

1. APPLICATION FOR INTERNET BANKING SERVICES

The Bank may offer Internet Banking Service to selected customers at its discretion. The customer would need to be Internet User or have access to the Internet. The acceptance of the application and the acknowledgement thereof does not automatically imply the acceptance of application for Internet Banking Services. The Bank may advise from time to time the Internet software such as Browser, which are required for using Internet Banking Services. There will be no obligation on the part of the Bank to support all the versions of this Internet software.

2. INTERNET BANKING SERVICES

The Bank shall endeavor to provide to the User through internet Banking services such as inquiry about the balance in his/her account(s), details about transactions, statement of account, request for issue of cheque-books, request for transfer of funds between accounts of the same User and other accounts and many other facilities as the Bank may decide to provide from time to time. These facilities shall be offered in a phased manner at the discretion of the Bank. The Bank at its sole discretion may also make additions/deletions to the Internet Banking Services being offered without giving any prior notices or reasons. The availability /non-availability of a particular service shall be advised through the web page of the Bank or written communication or any other mode as the Bank thinks fit. The Bank shall take reasonable care to, ensure the security of and prevent unauthorized access to the Internet Banking Services using technology reasonably available to the Bank. The User shall not use or permit to use Internet Banking Service or any related service for any illegal or improper purposes.

The USER would be allotted a User-id and a password (to be used at the time of login) by the BANK in the first instance. The USER will be required to mandatorily change the User-id and password assigned by the BANK on accessing Internet Banking Services for the first time.

As a safety measure the USER shall change the password as frequently as possible, at least once in 90 days. In addition to User-id and Password the BANK may, at its discretion, advise the USER to adopt any other means of authentication including but not limited to One Time SMS Password and/or Digital certification issued by Bank, licensed or approved Certifying Authorities or vendors.

The USER shall not attempt or permit others to attempt accessing the account information stored in the computers and computer networks of the BANK through any means other than the Internet Banking Services.

3. USER-ID AND PASSWORD

The USER shall:

1. Keep the User-id and password totally confidential and not reveal them to any third party.
2. Create a password of at least 8 characters long and shall consist of a mix of alphabets, numbers and special characters which must not relate to any readily accessible personal data such as the USER's name, address, date of birth, telephone number, vehicle number, driver license etc. or easily guessable combination of letters and / or numbers.
3. Commit the User-id and password to memory and not record them in a written or electronic form; and
4. Not let any unauthorized person have access to his computer or leave the computer unattended while using Internet Banking Services.
5. Not disclose/reveal his/her personal or confidential information to anyone over email/SMS/phone call even if it's purportedly from our bank. Our bank or any of its representatives will never send you emails/SMS or call you over phone to seek your personal information like Username, passwords, One Time SMS passwords etc. For tips on safe usage of password(s), "Password Management" displayed as a link on the login page of our bank may be referred.
6. Not access internet banking if his/her computer device is not free of malware (Viruses, Trojans, etc.).

In the event of forgetting of User-id and/or password or expiry/ disability of password(s) USER can request for change of the password by sending a written request to the BANK or call up the customer care. The selection of a new password and/ or the replacement of User-id shall not be construed as the commencement of a new contract. The User agrees and acknowledges that BANK shall in no way be held responsible or liable if the User incurs any loss as a result of compromise of User-id and password by the User himself or User has failed to follow the Internet Banking Service instructions as published by the BANK on the site from time to time. User agrees to fully indemnify and hold harmless BANK in respect of the same.

Locking of User ID

Internet Banking Password / User ID shall get locked after a number of incorrect attempts, up to such number (at present 3 failed attempts) as may be decided by the Bank from time to time. The same shall be available on the next day. In case of emergency, the User ID / password can be unlocked through the branch.

Deactivation of User ID

The Bank has the discretion to deactivate a User Internet Banking ID, if the same has not been used for a period defined by the Bank. Also the Bank has the right to deactivate the Internet Banking login of User due to unsatisfactory behavior in the account.

7. Dashboards

Oracle Banking Digital Experience is a one-stop solution for a bank for its core banking operations, across corporate offerings. It is designed to help banks respond strategically to today's business challenges, while also transforming business models and processes to reduce operating costs and improve productivity across both front and back office.

Role based dashboards have been designed to deliver the right information to the right people at the right time so they can make optimal business decisions. Multiple dashboards can be made available to the users based on their roles in a corporate.

Dashboard provides a quick view of the most relevant functions, to achieve a particular objective or complete a process. OBDX supports role specific dashboards for user-role combinations namely, Corporate Maker, Corporate Approver, Corporate Viewer, Non Customer Maker, Non Customer Checker, and Non Customer Viewer.

Pre-requisites

- User must have the relevant access from bank with online banking enabled.
- Other features related to accounts must be supported by core banking system.

Features Supported In Application

- Viewer Dashboard
- Maker Dashboard
- Approver Dashboard
- Non Customer Viewer Dashboard
- Non Customer Maker Dashboard
- Non Customer Approver Dashboard

7.1 Viewer Dashboard

Corporate Viewer Dashboard service provides the top management of any corporate with a consolidated and easy to understand view of their business immediately after logging in. This helps them to take speedy and accurate decisions to meet their short term and long term business goals.

The screenshot displays the Futura Bank Viewer Dashboard interface. At the top, there is a navigation bar with 'Viewer', 'ATM & Branch Locator', and 'English' options. Below this is a search bar and a user greeting 'Welcome, tata sup'. The main content area is divided into several sections:

- Financial Overview:** A circular gauge chart showing 'Net Worth EUR515,550.00' with segments for 'Current & Savings' and 'Term Deposits'.
- Position By Currency:** A horizontal bar chart comparing 'Assets' and 'Liabilities'.
- Credit Line Usage:** A message stating 'No Credit Lines Available'.
- Reports:** A list of 'Daily Balance Position Report' entries with dates and times, some marked as 'Error'.
- Current & Savings:** A summary card showing '2 Total Accounts' with a balance of 'EUR198,700.00'.
- Term Deposits:** A summary card showing '3 Total Accounts' with a balance of 'EUR61,850.00'.
- Loans and Finances:** A card indicating 'You do not have any Loans'.
- Accounts Summary:** A table listing accounts for 'Joe Peter' with columns for Party Name, Account Number, Account Type, and Net Balance.
- Corporate Limits:** A section with a 'Create Bill Payment' button and a message: 'Currently no limits are assigned to this transaction. Please contact administrator for further details.'
- Activity Log:** A detailed table with columns for Accounts (0), Non Accounts (0), Payments (0), Bill Payments (0), Bulk File (0), Bulk Record (0), and Host to Host Bulk Files (0). It includes sub-columns for various actions like Initiated, Pending Approval, Locked, etc.
- Currency Exposure:** A chart for 'EUR' showing 'Cash Flow' with 'Receivables' (blue) and 'Payables' (green) over time from Feb to July.

At the bottom of the dashboard, there is a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation]Terms and Conditions'.

Dashboard Overview

Icons

Following icons are present on the corporate - viewer dashboard:

-  : Clicking this icon takes you to the dashboard.
-  : Clicking this icon takes you to the Mailbox screen.
-  : Click this icon to search the transactions.

 -  **Application Tracker** : Click this menu to track your loan, trade finance and credit facility applications.
 -  **Account Settings** : Click this menu to set your preferences as well as daily limits and change password.
 -  **Mail Box** : Click this menu to view the Mails, Alerts and Notifications.
 -  **Leave Feedback** : Click this menu to leave your feedback about the user interaction of the application.
 -  **ATM & Branch Locator** : Click to view the address and location of the ATMs and the branches of the Bank. For more information refer [**ATM & Branch Locator**](#) section.
 -  **Help** : Click this menu to launch the online help.
 -  **About** : Click this menu to view the information about the application like version number, copyright etc.
-

Financial Overview

The section provides a graphical representation of the distribution of assets and liabilities across the Current and Savings Accounts, Term Deposits & Loans & Finances accounts held with the bank. It also displays the total amount of assets, liabilities and the Net Worth. Account types displayed in the section include CASA, term deposits, and loans & finances.

Position By Currency

The section displays currency wise position of user's assets and liabilities in the form of a bar graph. Each bar represents one currency.

Credit Line Usage

Credit Facility/Line Usage widget provides a quick understanding of the most and least utilized credit facilities (both in terms of amount and percentage) with their current available and utilized amounts. By looking at this widget the corporate user can quickly assess the facilities that can be utilized more and facilities that need a limit extension.

The bar graph shows the following two values:

- **Utilized Amount:** The limits utilized by the party from the total set limit.
- **Available Amount:** The limits remaining from the total set limit.

Click the bar of a particular facility ID to view the utilization details of that facility.

Bill Receivable/ Payable

The section displays the summary of all import and export bills associated with specific party/ parties. The dashboard allows the user to view the total amount receivable and payable with respect to the trade bills (Under LC and standalone) immediately after logging in.

Trade Instruments

Trade Instruments section allows the user to view the summary of all trade instruments (Import-Export LC, outward guarantee) that are going to expire in near future and are associated with specific party/ parties.

The user can view the trade instruments that are going to expire within 10 days, 15 days and 30 days by selecting the option from the drop-down.

Reports

The latest reports mapped and generated under a party/ parties mapped to the logged in user are listed in this section. Click View All to view all the reports generated.

Current and Savings/ Term Deposits/ Loans and Finances

The current and savings/ Term Deposit/ Loan account card displays the count of the account and total balance in these accounts along with the transaction currency. The section below the account card displays the summary of assigned CASAs/ Term Deposit / Loan with below details. Click the particular account number of CASA / Term Deposit / Loan account to go to the account details screen.

- Current and Savings:
 - Party Name: Displays the party names linked to the ID and holding the accounts

- Account Number: Displays the Account Number (masked format), account nickname (if any), and the product name. Click the account number to go to the Account Details screen.
- Account Type: Displays the type of account viz., savings or current etc
- Net Balance: The balance amount in the account is displayed
- Term Deposits:
 - Party Name: Displays the party names linked to the ID and holding the deposits
 - Deposit Number: Displays the TD Account Number (masked format), account nickname (if any) and the product name. Click the account number to go to the Deposit Details screen.
 - Interest Rate: shows the applicable rate of interest on the TD
 - Maturity Date: shows the date of maturity of deposit
 - Principal Balance: shows the amount invested in deposit
 - Maturity Balance: shows the amount which would be available on the date of maturity.
- Loans and Finances
 - Loan Account Details: Displays the Loans Account Number (masked format), account nickname (if any) and the product name. Click the account number to go to the Loan Details screen.
 - Party Name: Displays the party names linked to the ID and holding the loans
 - Amount Financed: The loan amount that was initially availed
 - Outstanding: Outstanding Amount against the loan
 - Maturity Date: The Maturity Date of the Loan account
 - Rate: Applicable rate of interest

Using the **Search** field, the user can search for a specific Current and Savings/ Term Deposit/ Loan account. Click **Download** to download the account summary of Current and Savings/ Term Deposit/ Loan accounts.

Corporate Limits

The user can view the party cumulative transaction limits for each transaction, along with daily and monthly limits utilized and available for use, from the viewer dashboard. The transaction for which the limits must be viewed can be selected from the dropdown list that is provided.

The user can select the transaction from the drop-down to view the corporate limit of that transaction.

Click **View All** to access the Limits screen, where the user's limits and the corporate limits can be viewed. The user can also use the channels list and the transactions list to view limits for a specific transaction originating from a specific channel.

Activity Log

The latest activity logs are displayed on the viewer's dashboard. It is divided into two fields broadly: Financial and Non-Financial.

The logged in user can view the transaction summary with respective statuses and details.

On selecting either the Financial or the Non-Financial transaction options, the categories under the particular option are displayed. Each category showcases the number of transactions that are in each of the following statuses:

- **Initiated:** The number of transactions that have been initiated but approval workflow is not assigned.
- **Processed:** The number of transactions that have been fully completed.
- **In-Progress:** The number of transactions that have been initiated, but not yet completed.
- **Rejected:** The number of transactions that have been rejected by the approver.
- **Locked:** The number of transactions that have been locked by the approver
- **Pending Modification:** The number of transaction that have been sent for modification by the approver to the Initiator.

Note: Send to Modify is enabled only for specific transactions. To see the list of transactions for which this is enabled, please refer the respective module user manuals.

: Click this icon to search the transactions that are performed on a particular date. It has two fields **From Date** and **To Date**, you can select the start and end date to search the transaction.

Financial: This displays the financial transactions initiated by the maker in the following categories

Transaction Journey

Review

The section displays the details of the transaction.

Transaction Journey

This section displays the status of transactions. Transaction journey displays the status as:

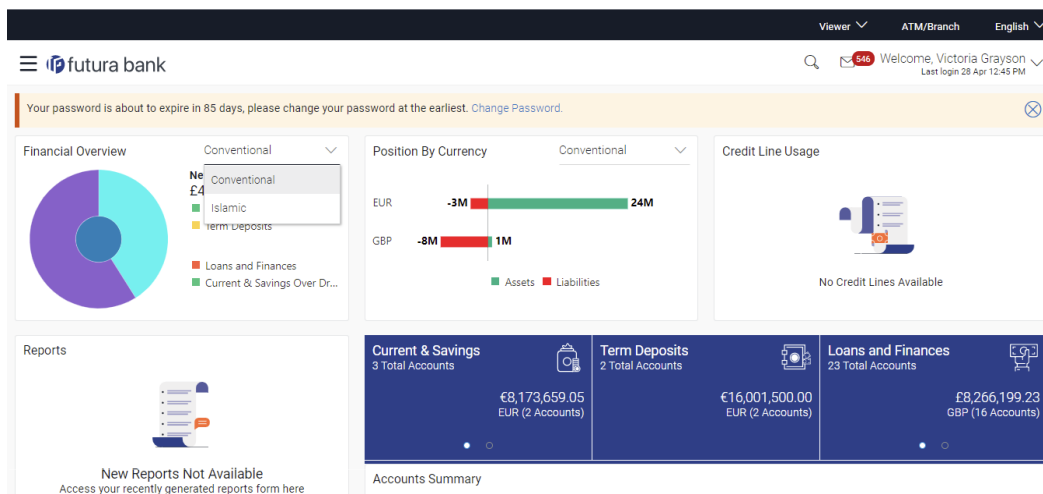

- Initiation
- Approval
- Completion
- Request Modification
- Locked

1. Click **Back** to navigate to the **Dashboard**.
OR
Click **e-Receipt** to generate the e-receipt of the transaction.

7.1.1 Conventional/Islamic Accounts

This option enables the corporate users to view & select both Conventional & Islamic accounts under separate headers of “Conventional” & “Islamic” while processing any transaction in the entire application. These headers will appear for all transactions where there is an account dropdown or account selection of Current and Savings, Term Deposits and Loans is required.

Note: Users having both (Conventional & Islamic accounts) will be able to view their accounts in respective headers however, in case if he is only having either of account then there will be no separate header bifurcation for the same.

7.2 Maker Dashboard

This Dashboard is designed to cater to the corporate users who are the transaction executors. An option of Quick Links have been provided on the Dashboard for an easy access to some of the more commonly used features in the system along with the few important features like account details, activity log etc.

The screenshot displays the Maker Dashboard for 'futura bank'. At the top, there are navigation options for 'Maker', 'ATM & Branch Locator', and 'English'. A search bar and a user greeting 'Welcome, tafa sup' are also visible.

Maker

Account Summary:

- Current & Savings:** 2 Total Accounts, EUR198,700.00 (EUR (1 Accounts))
- Term Deposits:** 3 Total Accounts, EUR61,850.00 (EUR (5 Accounts))
- Loans and Finances:** You do not have any Loans

Accounts Summary Table:

Party Name	Account Number	Account Type	Net Balance
Joe Peter	SAVINGS OBDX XXXXXXXXXXXX0014	Saving Account	EUR198,700.00
Joe Peter	SAVINGS OBDX XXXXXXXXXXXX0080	Saving Account	GBP288,045.45

Quick Links: Own Account Transfer, Adhoc Payment, File Upload, Funds Transfer, Issue Draft, Uploaded Files Inquiry, Loan Drawdown Request.

Activity Log: A table showing various transaction statuses (Initiated, Pending Approval, Locked, Pending, Modification, Approved, Rejected, Expired, Released, Pending Release) across different categories like Accounts, Non Accounts, Payments, etc. All counts are currently 0.

Currency Exposure: A chart for EUR showing 'Receivables' and 'Payables' from February to July. The Y-axis represents EUR values from 0 to 60. The X-axis shows months from Feb to July.

 - Maturity Balance: shows the amount which would be available on the date of maturity.
- Loans and Finances
 - Loan Account Details: Displays the Loans Account Number (masked format), account nickname (if any) and the product name. Click the account number to go to the Loan Details screen.
 - Party Name: Displays the party names linked to the ID and holding the loans
 - Amount Financed: The loan amount that was initially availed
 - Outstanding: Outstanding Amount against the loan
 - Maturity Date: The Maturity Date of the Loan account
 - Rate: Applicable rate of interest

Using the **Search** field, the user can search for a specific Current and Savings/ Term Deposit/ Loan account. Click **Download** to download the account summary of Current and Savings/ Term Deposit/ Loan accounts.

Click [<](#) , [K](#) , [>](#) or [X](#) to navigate across page of account summary.

Last 5 Payments

The section displays the last five payments initiated by the corporate user with the respective statuses on the dashboard.

Bulk File Upload

This section allows the user to upload files containing multiple payments.

The widget displays the following fields to upload the files:

- Identifier: File identifier created earlier in order to identify the file.
- Upload: Browse and select the file to be uploaded.

Click **Upload** to browse and select the file and then click **Submit** to browse and upload the file.

Quick Links

The following transactions can be initiated from this section:

- Own Account Transfer
- Ad-hoc Payment
- File Upload
- Funds Transfer
- Issue Draft
- Uploaded Files Inquiry

Work Snapshot for Today

This section displays the work snapshot of the current day of the logged in user along with the count of transactions with specific statuses (processed, In-progress, Rejected).

The widget displays the count of transactions as on the current system date as per their status as follows:

- Processed: Displays the count of transactions that are approved, as on the current system date.
- In Progress: Displays the count of transactions that are initiated, as on the current system date.
- Rejected: Displays the count of transactions that are rejected, as on the current system date.

Activity Log

The latest activity logs are displayed on the viewer's dashboard. It is divided into two fields broadly: Financial and Non-Financial.

The logged in user can view the transaction summary with respective statuses and details.

On selecting either the Financial or the Non-Financial transaction options, the categories under the particular option are displayed. Each category showcases the number of transactions that are in each of the following statuses:

- **Initiated:** The number of transactions that have been initiated but approval workflow is not assigned.
- **Processed:** The number of transactions that have been fully completed.
- **In-Progress:** The number of transactions that have been initiated, but not yet completed.

- **Rejected:** The number of transactions that have been rejected by the approver.
- **Locked:** The number of transactions that have been locked by the approver
- **Pending Modification:** The number of transaction that have been sent for modification by the approver to the Initiator.

Note: Send to Modify is enabled only for specific transactions. To see the list of transactions for which this is enabled, please refer the respective module user manuals.

: Click this icon to search the transactions that are performed on a particular date. It has two fields **From Date** and **To Date**, you can select the start and end date to search the transaction.

Financial: This displays the financial transactions initiated by the maker in the following categories

- Accounts - The details of activity log are:
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Description: Description of the transaction
 - Account Number: Account number of the transaction
 - Amount : Amount of the transaction
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
- Non Accounts : The details of activity log are:
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Description: Description of the transaction
 - Amount : Amount of the transaction
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
- Payments
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Description: Description of the transaction
 - From Account: Source Account number of the transaction
 - Amount : Amount of the transaction
 - Payee Account Details: Payee's account details

- Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
 - Bill Payments
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Description: Description of the transaction
 - Biller Name: Name of the biller
 - Biller Location: Location of the biller
 - Details: Details of bill payment
 - From Account: Account number of the transaction
 - Amount : Amount of the transaction
 - Reference Number: Reference Number of the transaction
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
 - Bulk File
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Description: Description of the transaction
 - Transaction Type: Transaction type of the file upload
 - File Name: Name of the file uploaded.
 - File Amount: Total Amount of Transaction.
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
 - Bulk Record
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Transaction Type: Transaction type of the bulk record
 - Debit Account: Account number of the account to be debited.
 - Amount: Amount of the transaction
 - Payee Account Details: Payee's account number
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
 - Non Account Bulk Record
 - Date: Date of the transaction
-

- Transaction Type: Transaction type of the bulk record
- Amount: Amount of the transaction
- Initiated By: User who has initiated the transaction
- Reference Number: Reference Number of the transaction.
- Approval Status: Approval status of the transaction
- Processing Status: Processing status of the transaction

Non- Financial: This displays the non- financial transactions initiated by the maker and further categorized as below:

- Accounts
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Description: Description of the transaction
 - Account Number: Account number of the transaction
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
 - Biller Maintenance
 - Date: Date of the transaction
 - Initiated By: User who has initiated the transaction
 - Description: Description of the transaction
 - Payee/ Biller Name: Payee/ Biller name

Transaction Journey

Click the **reference number** link to view the Transaction Journey

This screen displays the transaction details and transaction journey of the specific transaction. It displays the current status of transaction whether (Initiated, Approved, Locked, Request Modification or Processed).

Note: Once a transaction is initiated by the Corporate maker, system checks for the account access of all the approver/s (found as part of approval rule/workflow maintained). In case approver/s at one or more level does not have the required account access for the account/s involved in the transaction, system rejects the transaction and an alert will be triggered to initiator notifying the same.

The screenshot displays the 'International Payment' dashboard for Futura Bank. At the top, there is a navigation bar with the bank logo, a search icon, a notification bell with '549' alerts, and a user profile for 'Victoria Grayson' with the last login time '29 Apr 07:27 PM'. The main content area is titled 'International Fund Transfer Details' and includes an 'e-Receipt' link. The details are organized into sections: 'Transfer To' (IntlIntermediary, International, 7654321), 'Bank Details' (test bank, 118 Northern Avenue, London, GB), 'Payee Address' (test1, test2, London, GB), 'Transfer From' (XXXXXXXXXXXX0156), 'Transfer When' (30 Jan 2019), 'Amount' (€1,000.00), 'Correspondence Charges' (SHARED), 'Payment Details' (9776), and 'Note' (Account with institution). Below this is a 'Transaction Journey' timeline with three stages: 'Initiation' (McLeods Chemicals2, 09 Dec 05:50 PM), 'Approval' (empty), and 'Completion' (Processed, Reference No: 193431642040003, 09 Dec 05:50 PM). A 'Back' link is located at the bottom left of the journey section. The footer contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Transaction Journey

Transaction Name

This section displays the name of the transaction that is to be approved.

Review

The section displays the details of the initiated transaction for review.

Transaction Journey

This section displays the status of transactions that are initiated by the maker. Transaction journey displays the status as:

- Initiation
- Approval
- Completion
- Locked
- Request Modification

-
1. Click **Back** to navigate to the **Dashboard**.
OR
Click **e-Receipt** to generate the e-receipt of the transaction.

7.3 Approver Dashboard

This dashboard is available for corporate users who is responsible for approving the transactions. Approver has the responsibility to ensure correctness of financial or non-financial transaction as per the bank and corporate mandate, to ensure speedy and accurate processing.

The screenshot displays the Oracle Fura Approver Dashboard. At the top, it shows the user's role as 'Approver', the branch 'ATM & Branch Locator', and the language 'English'. The dashboard is divided into several sections:

- Notifications:** A list of recent notifications, including loan offers and interest rate updates.
- Pending for Action:** A pie chart showing the distribution of pending actions: 11% for Accounts and 89% for Payments.
- Quick Links:** A grid of icons for various banking services like 'Own Account Transfer', 'Adhoc Payment', 'File Upload', 'Funds Transfer', 'Issue Draft', 'Uploaded Files Inquiry', and 'Loan Drawdown Request'.
- Pending for Approvals:** A table listing transactions requiring approval, with columns for Date, Transaction Type, Debit Account No, Amount, Payee Account Details, and Initiated By.
- My Limits:** A section showing 'Daily Limits' with a 'Min Amount: €0.01' and 'Max Amount: €120,000.00'. It includes two circular progress indicators for 'Amount' and 'Count', both showing 0% utilization.
- Corporate Limits:** Another section showing 'Daily Limits' with a 'Min Amount: €3.00' and 'Max Amount: €20,000.00', also with 0% utilization indicators.
- Current & Savings:** A summary card showing a total of EUR1,822,709.42 across 3 accounts.
- Term Deposits:** A card indicating 'You do not have any Term Deposit'.
- Loans and Finances:** A card indicating 'You do not have any Loans'.
- Accounts Summary:** A table listing various accounts (Current, Saving) for 'Universal Studios LLC' with their respective balances.
- Activity Log:** A table showing the status of various transaction types (Accounts, Non Accounts, Payments, Bill Payments, Bulk File, Bulk Record) across different stages (Processed, In Progress, Rejected, Pending Modification, Locked).
- Currency Exposure:** A section for EUR showing 'Current and Savings (3 Accounts)' with a balance of EUR1,822,668.21 and a 'Cash Flow' chart for Receivables and Payables from June to November.

My Approved List

This section displays the details of transactions that are approved by the approver user. Similarly to Pending Approval list, here also it is classified into two broad categories a) Financial and b) Non-Financial. The Tab under Financial and Non Financial and the columns of each Tab are same as mentioned in 'Pending For Approval' section.

Click each tab to view the snapshot of transactions already approved.

Click the **Reference Number** link to view the detailed transaction.

Click **Download** to download the summary of transactions approved by the approver user.

My Limits

This section allows the user to view the transaction specific limits assigned to him for initiating and approving the transactions. It also provides information about the limits assigned by the bank and the limit utilized by the user.

Corporate Limits

The user can view the party cumulative transaction limits for each transaction, daily and monthly limits utilized and available limits for use from the viewer dashboard.

The user can select the transaction from the drop-down to view the corporate limit of that transaction.

Current and Savings/ Term Deposits/ Loans and Finances

The current and savings/ Term Deposit/ Loan account card displays the count of the account and total balance in these accounts along with the transaction currency. The section below the account card displays the summary of assigned CASAs/ Term Deposit / Loan (combined by account currencies) with below details. Click the particular account number of CASA/ Term Deposit / Loan account to go to the account details screen.

- Current and Savings:
 - Party Name: Displays the different party names linked to the ID and holding the accounts
 - Account Number: clicking the account number takes you to the Account Details screen.
 - Account Type: Displays the account type - savings or current.
 - Net Balance: The balance amount in the account is displayed
- Term Deposits:
 - Party Name: Displays the different party names linked to the ID and holding the deposits
 - Deposit Number: clicking the account number takes you to the Deposit Details screen.
 - Interest Rate: shows the applicable rate of interest on the various deposits
 - Principal Balance: shows the amount invested in deposit
 - Maturity Date: shows the date of maturity of deposit
 - Maturity Balance: shows the amount which would be available at the date of maturity.
- Loans and Finances
 - Loan Account Details: Displays the Loans Account Number (masked format), account nickname (if any) and the product name. Click the account number to go to the Loan Details screen.
 - Party Name: Displays the party names linked to the ID and holding the loans
 - Amount Financed: The loan amount that was initially availed
 - Outstanding: Outstanding Amount against the loan
 - Maturity Date: The Maturity Date of the Loan account
 - Rate: Applicable rate of interest

Using the **Search** field, the user can search for a specific Current and Savings/ Term Deposit/ Loan account. Click **Download** to download the account summary of Current and Savings/ Term Deposit/ Loan accounts.

Reports

The latest reports mapped and generated under a party/ parties mapped to the logged in user are listed in this section. Click View All to view all the reports generated.

Activity Log

Displays the details of all the transactions made to their accounts like account financial, account non-financial, bulk file, bulk record, Payee and Biller and payments transactions.

It is divided into two fields broadly: Financial and Non-Financial.

The logged in user can view the transaction summary with respective statuses and details.

On selecting either the Financial or the Non-Financial transaction options, the categories under the particular option are displayed. Each category showcases the number of transactions that are in each of the following statuses:

- **Processed:** The number of transactions that have been fully completed.
- **In-Progress:** The number of transactions that have been initiated, but not yet completed.
- **Rejected:** The number of transactions that have been rejected by the approver.
- **Locked :** The number of transactions that have been locked by the approver
- **Pending Modification:** The number of transaction that have been sent for modification by the approver to the Initiator.

Note: 'Send to Modify' option is available to the Approver for sending the transactions back to maker for any modification. If the approver is sending any transaction back to maker for modification, the maker will be able to make the changes in the same transaction and re-submit the same.

Send to Modify is enabled only for specific transactions. To see the list of transactions for which this is enabled, please refer the respective module user manuals.

: Click this icon to search the transactions that are performed on a particular date. It has two fields **From Date** and **To Date**; you can select the start and end date to search the transaction.

Financial : This displays the financial based transactions - further categorized as following:

- Accounts - The details of activity log are:
 - Date: Date of the transaction
 - Description: Description of the transaction
 - Account Number: Account number of the transaction
 - Amount: Amount of the transaction
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
- Non Accounts - The details of the activity log are:
 - Date: Date of the transaction
 - Description: Description of the transaction
 - Amount : Amount of the transaction
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction
- Payments

- Date: Date of the transaction
 - Description: Description of the transaction
 - From Account: Source Account number of the transaction
 - Amount : Amount of the transaction
 - Payee Account Details: Payee's account number of the transaction
 - Reference Number: Reference Number of the transaction.
 - Approval Status: Approval status of the transaction
 - Processing Status: Processing status of the transaction

Click **Download** to download the activity log.

Currency Exposure

The section displays total available balance in a corporates current and term deposit accounts along with the and cash flow position as on the current date. In cash flow, a corporate's receivables and payables from and towards invoices and trade bills respectively are projected on the graph.

This section also allows the user to initiate a forex deal.

7.3.1 Pending for Approvals

The Pending for approvals list contains transactions that have been initiated by the maker and are pending for approval. When the approver user logs in to the application, he can view the transactions that are pending for his decision to either approve or reject.

Approver can also Lock a transaction, in case he wants to verify something operationally before approving it. Once the transaction is locked, the same will not be available for approval and the transaction status will be changed to 'Locked'. Maker will be able to see transaction with "Locked" status in his activity log. Once a transaction is locked, no action (like approve, reject, send to modify) will be allowed on that transaction.

Any approver, who is authorized to approve that transaction, will be able to unlock it by going to transaction approval page. Once the transaction is unlocked, it will be available for approval to the users as per the workflow.

For only specific transactions, Send to Modify functionality is enabled. Here approver can send the transaction back to modification, which are waiting for his approval, with comment if any.

Note:

To see the list of transactions for which Send to Modify is enabled, please refer the respective module user manuals.

Send to Modify functionality is not supported on wearables.

The reference number of the transaction is a hyperlink, on clicking the link the transaction details and transaction journey of the specific transaction is displayed.

How to reach here:

Approver Dashboard > Pending for Approvals section

To approve the transaction:

1. Select the transaction pending for approval, by clicking on the checkbox against it and click on **Approve** or **Reject**

Click **Cancel** to cancel the transaction.
The screen with success message along with the reference number appears.

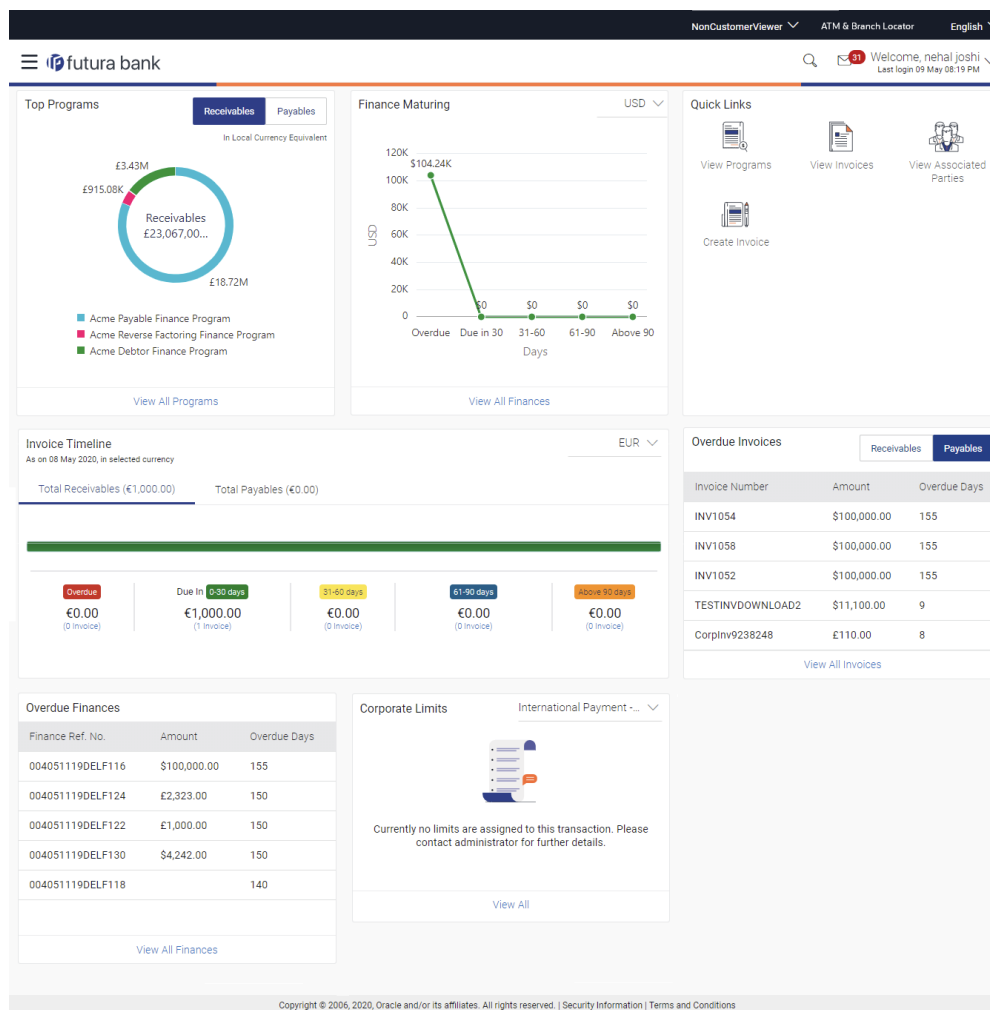

FAQ

1. **If one user is configured so that he is having both the roles i.e. a Maker and an Approver, how can he switch the Dashboard View?**

The user can go to the toggle menu and switch between the Maker / Approver roles.

7.4 Non Customer Viewer Dashboard

This Dashboard provides a consolidated and easy to understand view of the business immediately after logging in.

Dashboard Overview

Icons

Following icons are present on the corporate – Non Customer Viewer dashboard:

-  : Clicking this icon takes you to the dashboard.
-  : Clicking this icon takes you to the Mailbox screen.
-  : Click this icon to search the transactions.

-  : Displays the welcome note, user's name along with the last log in date and time. Click this icon to view the logged in user's profile or log out from the application.
-  : Click the toggle menu to access the transactions.
-  : Click this icon to close the toggle menu. This icon appears if the toggle menu is open.

Header Menu Options

- Your Current View is:** Your current role will be displayed here i.e. one of three (Non Customer Viewer/ Non Customer Maker/ Non Customer Approver). The drop-down to select the role is available only if the user is mapped with more than one role. There is also an option '**My Dashboard**' available in this menu which allows the user to customize their dashboards. This option is present only if the user has personalized their Dashboard according to their use and requirement.
- ATM & Branch Locator:** Click here to locate the nearest branch/ATM.
- Select Language:** Select your desired language to use the application.

Toggle Menu Transactions

Following items are present on the Toggle Menu as per roles assigned:

-  **Supply Chain Finance** : Click this menu to view your Supply Chain Finance business and to manage its activities.
-  **Associated Party Management** : Click this menu to view associated parties.
-  **Invoice Management** : Click this menu to manage invoices.
-  **Cash Management** : Click this menu to get the daily or monthly cash flow forecast and also the current day snapshot of the finances.
-  **ATM & Branch Locator** : Click to view the address and location of the ATMs and the branches of the Bank. For more information refer **ATM & Branch Locator** section.
-  **File Upload** : Click this icon to upload files and view the files already uploaded.
-  **Account Settings** : Click this menu to set your preferences as well as daily limits and change password.
-  **Mail Box** : Click this menu to view the Mails, Alerts and Notifications.
-  **Leave Feedback** : Click this menu to leave your feedback about the user interaction of the application.
-  **Help** : Click this menu to launch the online help.

-  About Click this menu to view the information about the application like version number, copyright etc.

Top Programs

A Donut Graph projects the top 5 programs of the corporate which are highest in terms of receivables and payables in the local currency. The values of Receivables or Payables are displayed along with the name of the Program.

Finance Maturing

Finances are loans taken against invoices for working capital requirements or any other necessary business expenses. This widget provides a graphical representation of all the outstanding finances and categorizes them in the buckets of overdue finances, Due in 30 days, 31-60 days, 61-90 days and above 90 days.

Quick Links:

The most commonly used transactions are provided as quick links for quick access to the transactions. Following transactions are provided as quick links:

- View Programs
- View Invoices
- View Associated Party
- Create Invoice

Invoice Timeline

This widget draws all the outstanding invoices of the corporates on the invoice timeline. The invoices are categorized into buckets of overdue invoices, invoices maturing in 30 days, between 31-60 days, between 61-90 days and above 90 days in terms of Receivables OR Payables. The Timeline is made comprehensive by colour coding the category of invoices on the basis of maturity.

Overdue Invoices:

Overdue invoices are one of the major concerns for a Corporate Supplier and a Buyer and needs to be addressed immediately. A dedicated widget projects 5 invoices that are running overdue for the longest period of time. It also acts as an alarm for the corporate. They are reminder that, the overdue invoices should be attended on priority. The link given on the widget enables the corporate to view the all its overdue invoices by navigating the user to the View Invoices Screen.

Overdue Finances

Finances are liabilities of the corporates which needs to be paid on due date. This widget warns the corporates of any finances running overdue. Timely payment of Finances is required to maintain the credit goodwill of the corporates. This widget assists in keeping the same intact. It displays the details like Finance No., Amount Overdue, and No. of Days Overdue. It also provides link to [View All Finances](#).

Corporate Limits

The user can view the party cumulative transaction limits for each transaction, daily and monthly limits utilized and available limits for use from the viewer dashboard.

The user can select the transaction from the drop-down to view the corporate limit of that transaction.

7.5 Non Customer Maker Dashboard

This Dashboard is designed to cater to the needs of non-customer users who are transaction executors. An option of Quick Links has been provided on the Dashboard for easy access to some of the more commonly used features in the system.

Dashboard Overview

Icons

Following icons are present on the corporate – Non Customer Maker dashboard:

-  : Clicking this icon takes you to the dashboard.
-  : Clicking this icon takes you to the Mailbox screen.
-  : Click this icon to search the transactions.

- : Displays the welcome note, user's name along with the last log in date and time. Click this icon to view the logged in user's profile or log out from the application.
- : Click the toggle menu to access the transactions.
- : Click this icon to close the toggle menu. This icon appears if the toggle menu is open.

Header Menu Options

- Your Current View is:** Your current role will be displayed here i.e. one of three (Non Customer Viewer/ Non Customer Maker/ Non Customer Checker . The drop-down to select the role is available only if the user is mapped with more than one role. There is also an option '**My Dashboard**' available in this menu which allows the user to customize their dashboards. This option is present only if the user has personalized their Dashboard according to their use and requirement.
- ATM & Branch Locator:** Click here to locate the nearest branch/ATM.
- Select Language:** Select your desired language to use the application.

Toggle Menu Transactions

Following items are present in the Toggle Menu as per roles assigned:

-  **Supply Chain Finance**: Click this menu to view your Supply Chain Finance business and to manage its activities.
-  **Associated Party Management**: Click this menu to onboard and view associated parties.

The most commonly used transactions are provided as quick links for quick access to the transactions. Following transactions are provided as quick links:

- View Programs
- View Invoices
- View Associated Party
- Create Invoice

My Approved List

This section displays the details of transactions that are approved by the approver user. Similarly to Pending Approval list, here also it is classified into two broad categories a) Financial and b) Non-Financial. The Tab under Financial and Non Financial and the columns of each Tab are same as mentioned in 'Pending For Approval' section.

Click each tab to view the snapshot of transactions already approved.

Click the **Reference Number** link to view the detailed transaction.

Click **Download** to download the summary of transactions approved by the approver user.

[Home](#)

8. Approvals

Each user is assigned a particular task to perform as per their position in the hierarchy of the bank/corporate. Transaction created by initiator in the system is routed to the appropriate authorized signatory or group of signatories for approval depending upon the configured rules. A transaction needs to be approved by all the required approvers. A releaser may also be required to release the transaction for further processing once all approvals are completed. The Release facility is specific to the Group Corporate and can be enabled or disabled at the Group Corporate Level. There can be a situation wherein a transaction is pending approval and the approver is on leave. In such cases, the user must be able to re-route the transaction to another approver and mark it as high priority.

The Approvals Management function enables the user to view a summary of all the transactions pending for approval and release across different modules. The user can select the pending transactions and approve, release or re-route them as applicable.

Features supported in application.

- View and Approve Transactions Pending Approval
- Re-route and Prioritize Transactions
- View and Release Transactions Pending Release

8.1 Pending for Approval

The transactions that have been initiated by the maker and are pending for approval are listed here. The approver logs into the application, and views all the transactions that are pending for the user's approval.

Dashboard displays the following:

- Count of all the transactions pending approval
- Count of the financial and non-financial transactions pending approval out of the total count
- Count the urgent transactions (prioritized and in grace period) pending approval

The financial and non-financial sections display module wise count of transactions pending approval. A specific transaction can be searched across modules by providing the exact reference number. The details of the transaction pending approval within the module can be viewed through the count link. Information of all the transactions pending approval within a module can be seen along with the prioritized and in-grace tags. Further drill down to view details of a specific transaction before approve/reject is available through the reference number link.

Module specific filters are provided to search for transactions pending approval within a module. The filters as well as the transaction information shown depend upon the selected module. The approver can select specific transaction or all transactions listed on that page or all transactions across pages of the selected module and approve or reject the selected records, with comments if any.

The approver can Lock a transaction pending approval, with comments if any. Approver can also Lock a transaction, if something needs to be verified operationally before approving it. Once a transaction is locked, no action (like approve, reject, send to modify) will be allowed on that transaction and the transaction status will be changed to 'Locked'. Maker will be able to see transaction with "Locked" status in his activity log. Approver who is a part of the approval workflow of the locked transaction and is authorized to approve the transaction, will be able to unlock that transaction through the transaction approval page. Once the transaction is unlocked, it will be available for approval to the users as per the resolved approval workflow.

The approver can also approve or reject the transaction/s. For only specific transactions, Send to Modify functionality is enabled. Also approver can send the transaction back to modification, which are waiting for his approval, with comment if any.

Pre-Requisites

- Accessible Roles for Corporate
- Workflow and Approval Flow preference
- Party and User level account access
- Approval workflow and Rules setup for banking transaction
- Party Preference is maintained for corporate user

Transaction Journey

This section displays the status of transactions that has been initiated by the maker. Transaction journey displays the status as:

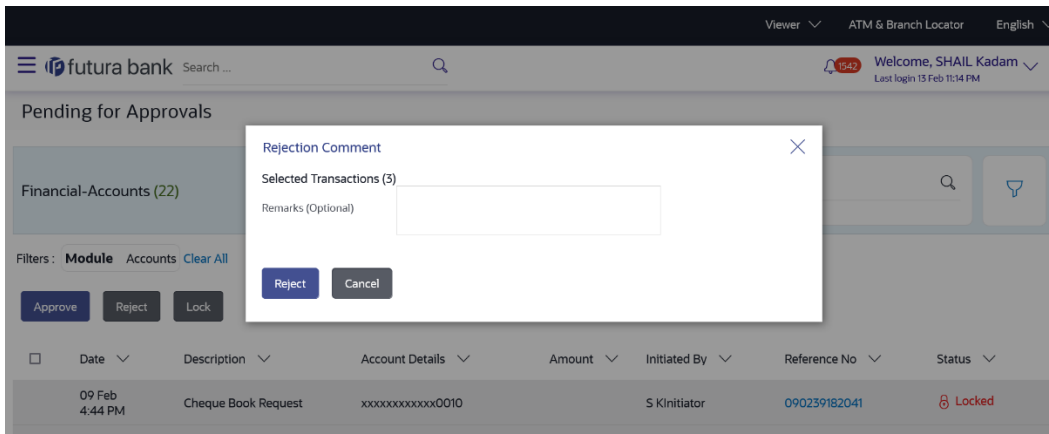

- Initiation
- Approval
- Completion

5. Click **Approve** to approve the initiated transaction.
OR
Click **Reject** to reject the transaction.
OR
Click **Lock** to lock the transaction.
OR
Click **Back** to navigate back to previous screen.
6. The **Transaction Approval / Rejection/Lock** screen prompting to enter the approval / rejection/lock remarks appear.

Approve Transaction

Reject Transaction

Lock / Unlock the transaction

Send to Modify

7. Enter the remarks and click **Approve**.
OR
- Enter the remarks and click **Reject**.
OR
- Enter the remarks and click **Lock**.
OR
- Enter the remarks and click **Send to Modify**.
OR
- Click **Cancel** to cancel the transaction.
The screen with success message appears.

8.2 Re-route and Prioritize

There can be a scenario wherein a transaction is pending approval and the approver is on leave. In such cases, the user must be able to re-route the transaction to another approver. A user can re-route a transaction if he/she has perform access for re-route transaction and view/approve privilege for the specific transaction being re-routed/prioritized. The approver logs into the application and views all the transactions that are pending for the user's approval.

Dashboard displays the financial and non-financial sections having module wise count of transactions pending approval, and the urgent transactions (prioritized and in grace period) pending approval. The user can view summarized details of the transactions pending approval within the module and can filter the transaction based upon different search parameters.

The user can re-route or mark a transaction as high priority upon viewing the transaction details within the module. In order to re-route a transaction, the user must click on Assign. On clicking the same, the user can select a new approval rule out of all the resolved rules.

The **Re-route Workflow** tab of **Workflow Details** overlay displays the all the resolved rules applicable at the time of re-routing along with the current rule. The newly selected workflow will start from level 1 for approval and the limits of the approvers who already approved the transaction will be reversed upon re-routing.

The **Current Journey** tab in **Workflow Details** overlay is provided to view the current journey of the transaction. It provides the current status of the transaction including details like whether it is Initiated, Approved, Release, Modification Requested or Processed, Sent to Modify, Pending for Approval.

On re-routing, a notification will be sent to the all the users who have already approved it, user/user group with whom approval was pending as per the existing workflow, maker of transaction, and users of the new workflow. Upon re-routing, the re-routing/prioritization maintenance action can also be seen in the Transaction Journey of the re-routed transaction.

Note: The **Re-route Workflow** tab displays the resolved rule details such as Sequential and Non-Sequential/Parallel, Details of user and user groups (Users within groups), and Amount Slab of the resolved rule.

An option is provided to set a high priority for the transaction and to undo it. On prioritization, a notification will be sent to the approver with whom the transaction is currently pending and maker of transaction.

Note: User can re-route one transaction at a time but can mark priority for multiple transactions.

Pre-Requisites

- Accessible Roles for Corporate
- Workflow and Approval Flow preference
- Party and User level account access
- Approval workflow and Rules setup for banking transaction

To re-route/prioritize transaction:

1. Click on count link within the module to view the transaction list for re-route/prioritize. The list of the transactions pending approval within a module with the prioritized and in-grace tags appears.
OR

In **Reference Number** field, enter reference number, and click  to search specific transaction for re-route/prioritize.

Note: The search will be within module.

OR

Click on the  icon to enter filter new criteria. Based on the defined criteria you can view list of transactions pending approval within a module.

Click **Apply** to search the transaction based on selected criteria.

OR

Click **Reset** to clear the entered details.

Note: The search will be module specific, not across modules.

Re-route and Prioritize Summary within module screen

The screenshot shows the 'Reroute and Prioritize' module screen. At the top, there is a navigation bar with 'futura bank' logo and a search bar. Below this, the title 'Reroute and Prioritize' is displayed. A search bar for 'Reference Number' is present, with a note to 'Enter exact correct number'. The main content area shows a table of financial payments with the following columns: Date, Description, From Account, Amount, Payee Account Details, Initiated By, Reference No, Status, Reroute Workflow, and High Priority. The table contains 113 items, with the first few rows showing transactions from February and January. Each row has a checkbox for selection and icons for 'Assign', 'Undo', and 'Prioritize'. At the bottom, there is a pagination control showing 'Page 1 of 12' and a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Re-route and Prioritize Transactions – Filter Criteria

The screenshot shows the 'Reroute and Prioritize' module screen with a 'Search Filter' dialog box open. The dialog box contains the following filter criteria: Module (Set to 'Payments'), Reference Number, Description / Transaction Name, Initiation Date (with 'From' and 'To' date pickers), First Name, Last Name, Urgency, and a 'Select Urgency' dropdown. There are 'Apply' and 'Reset' buttons at the bottom of the dialog. The background shows the same table of financial payments as in the previous screenshot.

Field Description

Field Name	Description

Prioritize Click on the **Priority** link to set the priority for the transaction.
 Note: Click Undo Prioritized link to remove the priority level of the transaction.

Current Journey tab

Transaction Journey Displays the current status of transaction in approval workflow.

8.3 Pending for Release

The transactions that have been configured for and are pending for release are listed here. The releaser logs into the application, and views all the transactions that are pending for a release.

Dashboard displays the financial and non-financial sections with module wise count of transactions pending release, and the urgent transactions (prioritized and in grace period) pending release.

The details of the transaction pending release within the module can be viewed through the count link. Information of all the transactions pending release within a module can be seen along with the prioritized and in-grace tags. Further drill down to view details of a specific transaction before approve/reject is available through the reference number link.

Module specific filters are provided to search for transactions pending release within a module. The filters as well as the transaction information shown depend upon the selected module. The releaser can select specific transaction or all transactions listed on that page or all transactions across pages of the selected module and release or reject the selected records, with comments if any.

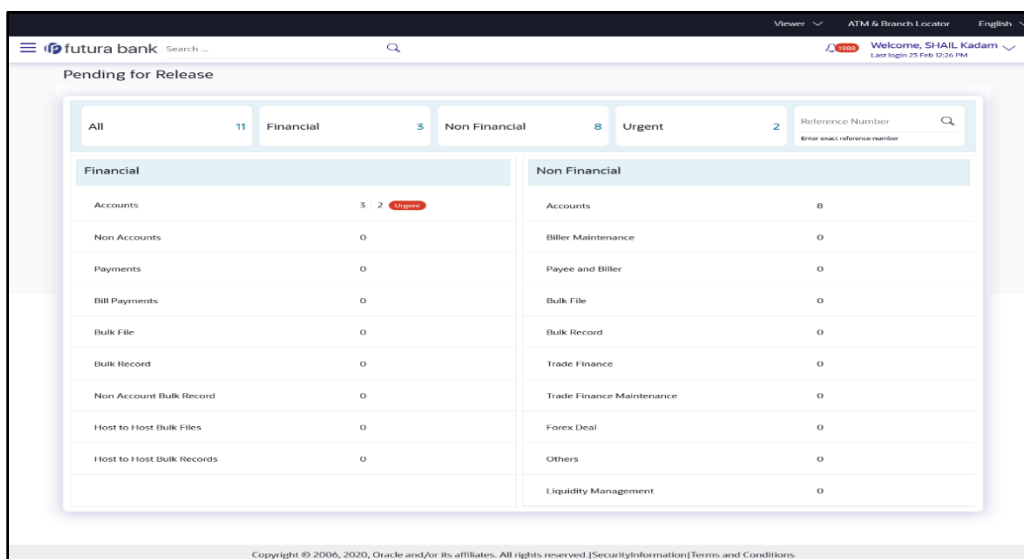

Pre-Requisites

- Accessible Roles for Corporate
- Workflow and Approval Flow preference
- Party and User level account access
- Approval workflow and Rules setup for banking transaction
- Party Preference is maintained for corporate user

9. Forgot Password

The login password is the password using which the user can log into the internet banking platform. The user cannot access his bank accounts without this password. The Forgot Password feature enables users to reset their login password.

The user is required to enter his User ID and Date of Birth. Post successful validation of the user's details, user is asked to enter the second factor authentication details (as per the authentication mode maintained by the Bank).

Once the user is authenticated, user will receive a link to generate the new password, on his registered email ID.

Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Password.

Features Supported In the Application

- User Verification
- New Password Creation

How to reach here:

Portal > Forgot Password

To reset the password:

1. In the **Login** page, click **Forgot Password**. The **Forgot Password** screen appears.

Forgot Password - User Verification

Date of birth	Enter your date of birth.

2. In the **Email** field, enter your email ID that is registered with the bank.

3. In **Date of birth** field, enter your date of birth.
4. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
5. The verification screen appears if the transaction is configured for 2 Factor Authentication.
6. Enter the details required for second factor authentication.
The **Forgot Username** confirmation screen appears.
7. A message stating that the username has been sent to your registered email address appears. Click the **Click here** link to log in to the application.

Note: If a user has more than one user ID with the same email ID and DOB, then he/she will not be able to retrieve his/her User ID using the above function. In that case, the user will have to contact the bank for retrieving his/her user ID.

11. Change Password

User may have revealed the password to someone or for account security purpose may want to change the password of his account. This feature allows the existing users of the bank to change their password.

Pre-requisites

User must have existing login credentials

Features Supported In Application

- Changing of old password to new Password

How to reach here:

Dashboard > Toggle Menu > Account Settings > Change Password

Change Password

The screenshot displays the 'Change Password' page in the Futura Bank application. At the top, there's a navigation bar with 'Viewer', 'ATM/Branch', and 'English' options. The user is logged in as 'Nehal Joshi' with the last login time '04 May 01:58 PM'. The main heading is 'Change Password'. Below it, a message says 'Please change your password for security reasons.' The form contains three input fields: 'Current Password', 'Enter New Password', and 'Confirm New Password'. At the bottom of the form are 'Submit', 'Cancel', and 'Back' buttons. To the right of the form, a box titled 'Your Password can:' lists the following requirements:

- ✓ Have 6 to 15 characters
- ✓ Have uppercase (Minimum 1 mandatory)
- ✓ Have lowercase (Minimum 1 mandatory)
- ✓ Have numbers (Minimum 1 mandatory)
- ✓ Have special characters (Minimum 1 mandatory)
- (Allowed characters are @.#\$.!)
- ✓ Not be a common password

Field Description

Field Name	Description
Current Password	Old password for channel access.
New Password	New password for channel access.
Re-enter Password	Re-enter the new password to confirm.

To reset the password:

1. In the **Current Password** field, enter the password.
OR
Click  icon to enter the password using the virtual keyboard.
2. In the **New Password** field, enter the password.
OR
Click  icon to enter the new password using the virtual keyboard.
(See Password Condition section on the application screen to view the policy of setting a new password.)
3. In the **Re-enter Password** field, re-enter the password.
OR
Click  icon to re-enter the password using the virtual keyboard.
4. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
5. The success message of changing the password appears.
6. As the login user changed his password using 'Change Password' option, system will logout the user and user will be shown a confirmation message of password change along with an option to login again. Click **Login** on confirmation screen to log in to the application.

Note: Password Conditions gets highlighted in green if the user's password is meeting the Password Policy criteria and similarly in Red if the password is not as per the Password Policy maintained.

12. FATCA & CRS Form

The Foreign Account Tax Compliance Act (FATCA) is a United States federal law that was introduced to enable the Internal Revenue Service (IRS) to obtain detailed account information of US tax payers that invest and earn income through non U.S. institutions.

The Common Reporting Standard (CRS), is a global reporting standard developed by the Organization for Economic Cooperation and Development (OECD). This information standard was brought into effect for the purpose of combatting tax evasion at a global level.

The goal of both FATCA and CRS is to enable tax authorities to obtain information pertaining to the financial assets held by their citizens in foreign or overseas financial institutions, thereby greatly strengthening global tax compliance.

The FATCA and CRS Self – Certification Forms for Individuals and Entities has been created so as to capture required information for the purposes of complying with both FATCA and CRS.

A FATCA & CRS check is maintained under system configurations by the system administrator to identify if FATCA & CRS is to be enabled or not. If enabled, every time a business user logs into the banking application, the system will identify whether the user is required to fill out the form or not and further identify the type of form to be provided to the user based on the type of user. Individuals and sole proprietors will be displayed the FATCA & CRS Self – Certification form for Individuals and Corporates and other business entities will be displayed the FATCA & CRS Self – Certification form for Entities. Moreover, the FATCA & CRS Self – Certification form for Entities will be made available only to users that are accessing the online banking services of the entities in the capacity of trustees, sole owners or authorized signatories.

This section documents the information captured in the FATCA & CRS Self – Certification forms for both Individuals and Entities.

Workflow

The following workflow identifies the steps involved in the process of capturing customer information required from the view point of complying with FATCA & CRS, considering that the FATCA & CRS check in system configuration is set to Enabled.

How to reach here:

Corporate Dashboard > FATCA and CRS Self - Certification Form link > FATCA and CRS self - certification Form

12.1 FATCA and CRS Self - Certification Form for Entities

The FATCA & CRS Self – Certification form for Entities is made available to users that are accessing the online banking services of the entities or companies in the capacity of trustees, sole owners or authorized signatories.

The sections that consist of this form are documented as follows:

To fill the FATCA & CRS Self - Certification Form for Entities:

1. Select the FATCA & CRS link displayed as part of a message on the dashboard.
2. The FATCA & CRS Self - Certification Form for Entities appears.

12.1.1 Identification of the Entity

In this section, basic details of the entity are captured such as the name and address details of the entity.

Identification of Entity

The screenshot shows the 'FATCA & CRS Self-Certification Form For Entities' in the futura bank interface. The form is divided into several sections:

- Identification of the Entity:**
 - Legal Name of Entity or Organization: JUST EAT
 - Current Legal Address:
 - Country: United States
 - State: Idaho
 - City: CA
 - Address: 1022, Redwood Shores, Island Parkway
 - Zip Code: 94065
 - Mailing Address:
 - Same as above
 - Country of Incorporation or Organization: United Kingdom
- Tax Residency**
- Entity Certification**
- Declaration**

A 'Note' box on the right side of the form provides the following information:

Note
What is FATCA & CRS?
&
Why are you being asked to fill this form?

FATCA (Foreign Account Tax Compliance Act) and CRS (Common Reporting Standard) aim at combatting tax evasion on a global level.

As per the Inter-governmental agreement (IGA) with the US and OECD, all financial institutions including Zigbank are required to obtain self-certification and to carry out due diligence of all accounts held with the bank.

Please complete all sections of this form. In certain circumstances, the bank may be required to share this information with relevant tax authorities.

Please consult your professional tax advisor if you have any questions regarding this form.

At the bottom of the form, there are 'Submit' and 'Cancel' buttons, and a section titled 'FATCA & CRS Instructions' which includes a 'Substantial Presence Test' section. The test states that a user will be considered a United States resident for tax purposes if they meet the test for the calendar year, which includes being physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
 - All the days you were present in the current year, and
 - 1/3 of the days you were present in the first year before the current year, and
 - 1/6 of the days you were present in the second year before the current year.

A 'View More' link is provided below the test details.

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
- All the days you were present in the current year, and
- 1/3 of the days you were present in the first year before the current year, and
- 1/6 of the days you were present in the second year before the current year.

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
 - All the days you were present in the current year, and
 - 1/3 of the days you were present in the first year before the current year, and
 - 1/6 of the days you were present in the second year before the current year.

20. Verify the details, and click **Confirm**.

OR

Click  against any section that you wish to edit, if required.

OR

Click **Cancel** to close the form.

OR

Click **Back** to navigate to the previous page.

21. The success appears along with the status of submission of the form.

12.1.6 Confirm

The confirmation page will be displayed once you have submitted the form. This page will display a message identifying whether the form was successfully submitted or not.

22. Click **Go to Dashboard** to navigate to the dashboard.

FAQ

1. What is FATCA, why I have to fill the FATCA & CRS form?

FATCA stands for 'Foreign Account Tax Compliance Act' and is a legislation designed to prevent tax evasion. Introduced by the United States Department of Treasury and the US Internal Revenue Service (IRS), the purpose of FATCA is to encourage better tax compliance by preventing US Persons from using foreign banks and other financial organizations in order to avoid US taxation on their income and assets.

2. What is a tax identification number (TIN)?

This is your unique number issued in your jurisdiction to you as a tax payer. However we are aware that some jurisdictions do not issue a specific tax numbers. UK residents can use their National Insurance number.

13. Live Chat

Multi-Modal Assisted Banking allows you to initiate a video or voice call and can share his / her screen with the Bank, user in case they face an issue while completing a transaction or have any queries pertaining to their account. The multi-modal assisted banking feature is configurable. Below are the features being provided as part of the current release:

- Integration with Oracle Live Experience for assisting customer.
- An assisted banking icon across the application for end user, by clicking on which he/she can start the call.
- Business user can enable and disable this option from his user preferences.

Note: Live Chat is supported only when the user is logging from desktops.

How to reach here:

Bottom right corner of the application

To start a meeting:

1. Click '**Hey I am there to help if you need it'** icon.
2. The session recording message is displayed, click **Ok** to continue with the modal assisted banking session.
OR
Click **Cancel** to close the session.

Live Chat

The screenshot displays the futura bank web application. At the top, there is a navigation bar with 'Viewer', 'ATM/Branch', and 'English' options. Below the navigation bar, a message states: 'Your password is about to expire in 85 days, please change your password at the earliest. Change Password.' The main content area is divided into several sections:

- Financial Overview:** A donut chart showing 'Net Worth' of £4,293,271.32, broken down into 'Current & Savings' (green), 'Term Deposits' (yellow), 'Loans and Finances' (red), and 'Current & Savings Over Dr...' (purple).
- Position By Currency:** A bar chart showing 'EUR' with '-3M' (red) and '24M' (green), and 'GBP' with '-8M' (red) and '1M' (green). A legend indicates 'Assets' (green) and 'Liabilities' (red).
- Credit Line Usage:** A section with a 'Waiting for an associate...' modal overlaid on it.
- Reports:** A section with a 'New Reports Not Available' message and a link to 'Access your recently generated reports form here'.
- Accounts Summary:** A table showing account details for 'Acme Corporation'.

At the bottom right, a blue notification bubble says: 'We are connecting you with our next available representative...'.

3. Once the connection is established, a screen sharing message is displayed. Click **Ok**.
OR
Click **Cancel** to abort the live chat session.

4. Share your screen message is displayed. Select the application and click **Share**.
OR
Click **Cancel** to abort the live chat session.
5. The screen is shared with the customer support representative.
6. Business user can voice or video chat with the Bank executive basis on the configuration done by bank.
7. Screen shows the confirmation message once the session gets ended.

14.4 Security and Login

The following options are available under Security Settings:

- Set Security Questions
- SMS and Missed Call Banking
- SMS and Chatbot Banking
- Soft Token Authentication

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Security and Login

OR

*Access through the kebab menu of any other **Preferences** screens*

14.4.1 Set Security Questions

Using this option, the user can setup security question maintenance. Security question maintenance entails selecting questions from a pre-defined list and defining answers for each selected question. This list of security questions and answers becomes the user's security question set and the user will be asked to answer these questions while initiating certain transactions (as defined by the bank administrator) as a second level of authentication.

How to reach here:

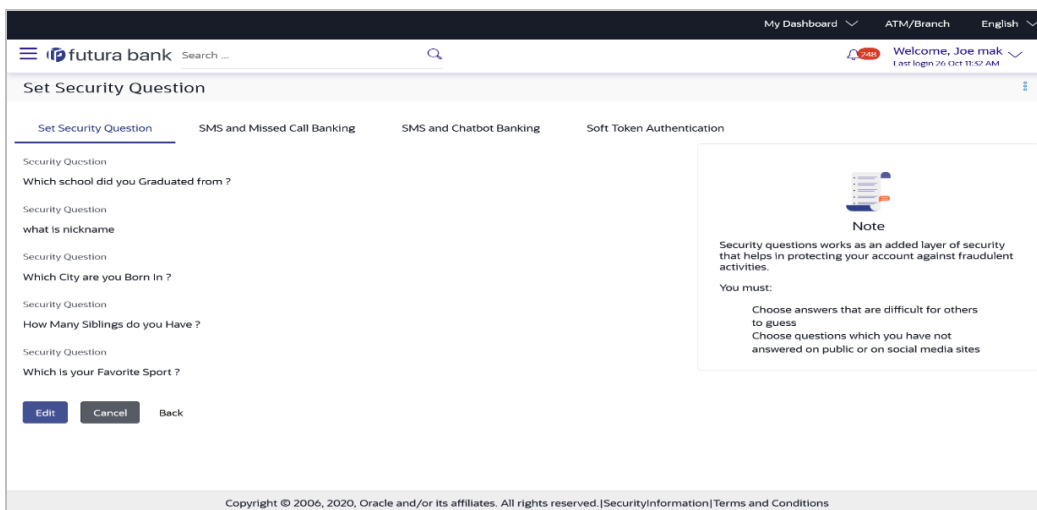

Dashboard > Toggle Menu > Menu > Account Settings > Preference > Security and Login > Set Security Question

OR

*Access through the kebab menu of **Preference** transactions*

Security question setup is part of the first time login steps. The user can opt to skip setting security questions during first time login and can instead complete security question setup from the Security and Login screen.

Set Security Question

To set up security questions:

Note: If security questions have not been set-up by the user, the following message will be displayed - "Security Questions have not been set up yet". The user will be provided with the option to set up security questions.

1. Click **Set up now** to set-up security questions. The **Set Security Question** screen appears.
 OR
 Click **Cancel** to cancel the transaction.
 OR
 Click **Back** to navigate back to the previous page.

Set Security Question - Set up now

Security Question Maintenance

The screenshot shows the 'Set Security Question' page in the Futura Bank user interface. The page is titled 'Set Security Question' and is part of the 'User Security Questions' section. It displays a list of security questions and their corresponding answers. The questions are:

- Security Question: what is nickname. Answer: SamD

Answer: SamD
- Security Question: Which City are you Born In ?
Answer: London
- Security Question: How Many Siblings do you Have ?
Answer: 2
- Security Question: Which is your Favorite Sport ?
Answer: Hockey

At the bottom of the list are buttons for 'Submit', 'Cancel', and 'Back'. A 'Note' box on the right states: 'Security questions works as an added layer of security that helps in protecting your account against fraudulent activities. You must: Choose answers that are difficult for others to guess. Choose questions which you have not answered on public or on social media sites'. The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. |SecurityInformation| Terms and Conditions'.

Field Description

Field Name	Description
Questions	The list of security question, which is the existing set of the user.
Answer	Specify an answer for the selected security question. The fields in which you can specify answers to selected security questions will be displayed below each security question and will be numbered, e.g. Answer 1, Answer 2 and so on.

3. From the **Security Questions** list, select a different question from the currently set question, if required.
4. In the **Answers** field, enter the answers corresponding to the security questions, if you want to change the answers.
5. Click **Submit** to save the changes made.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
6. The **Security Question Maintenance – Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to make changes, if required.
The **Security Question Maintenance – Edit** screen with values in editable form appears.
7. The success message of security question setup appears along with the transaction reference number.
Click **OK** to complete the transaction and to navigate back to the **Dashboard**.

14.4.2 SMS and Missed Call Banking

This option enables the user to enable/ disable missed call banking and SMS banking. Registering for SMS and missed call banking, enables the user to perform certain inquiries /transactions by sending a short message consisting of a PIN to the specified number or giving a missed call to the specified contact number.

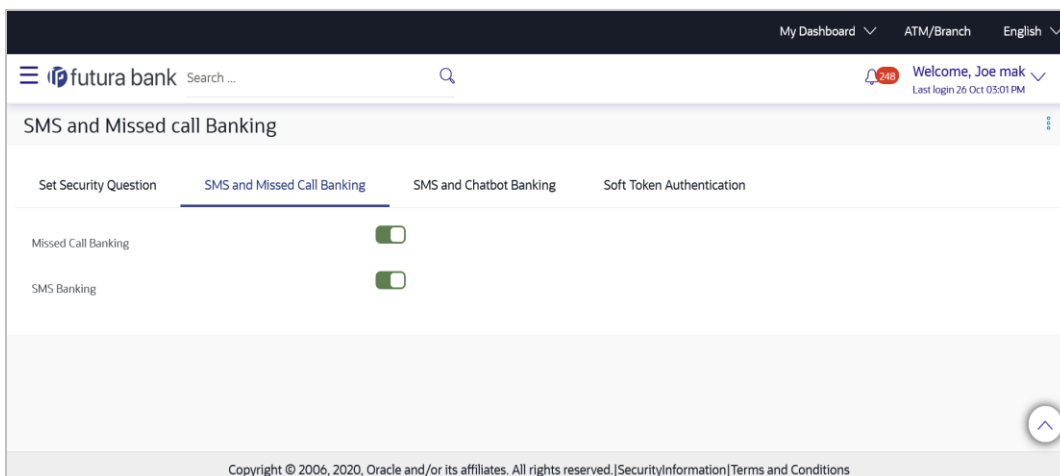

How to reach here:

Dashboard > Toggle Menu > Account Settings > Preference > Security and Login > SMS and Missed Call Banking

OR

*Access through the kebab menu of any other **Preferences** screens*

SMS and Missed Call Banking

Field Description

Field Name	Description

OR
Click the **SMS Banking** toggle button to register / deregister.

14.4.3 SMS and Chatbot Banking

Using this option, the user can also set and reset his SMS banking PIN.

How to reach here:

Dashboard > Toggle Menu > Account Settings > Preferences > Security and Login > SMS and Chatbot Banking
OR
*Access through the kebab menu of any other **Preferences** screens*

SMS and Chatbot Banking

Field Description

Field Name	Description
Set/ Reset PIN	
Set PIN	Enter a PIN to access SMS banking.
Reset PIN	Re-enter the PIN to confirm the same.

1. If you have registered for SMS Banking:
 - a. In the **Set PIN** field, enter a PIN to be used to access SMS banking.
 - b. In the **Reset PIN** field, re-enter the PIN so as to confirm the same.
 - c. Click **Confirm**. The success message appears.

Note: The Confirm option appears only if SMS Banking is enabled and if a PIN is to be set.

- d. Click **Ok** to navigate to the dashboard.

14.4.4 Soft Token Authentication

This option enables Multi-factor authentication for a specific user and for a specific device. This same device must be used to generate the time-based one-time passcode every time the user signs in.

A Soft token authentication is a two - factor authentication based on Passcode or PIN. Using this option, the user can generate security token i.e. a single-use 6 digit login PIN or passcode.

If you set up 2-Step Verification, you can use the Oracle Mobile Authenticator(OMA), Google Authenticator, Microsoft Authenticator with TOTP only app to receive QR codes.

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Security and Login > Soft Token Authentication
 OR
*Access through the kebab menu of any other **Preferences** screens*

Soft Token Authentication

Field Description

Field Name	Description
Choose Authentication Type	Specify the authentication type for to generate the time-based one-time passcode every time the user signs in. The options are: <ul style="list-style-type: none"> • Oracle Mobile Authenticator • Other Mobile Authenticator
Can't scan? Copy the key	Click on the link to generate the key to authenticate.
QR Code	Generated QR code to authenticate.

1. In the **Choose Authentication Type** field, select the desired authentication type.
2. Click **Submit** to generate QR Code. QR code is generated by application.
3. Get the authenticator app from the **App Store**.
4. Install the authenticator app on iphone or android device.
5. Open authenticator app.

- Click on the + icon of the authenticator.

Authenticator

- Choose option to scan the QR code or enter authentication key.
- Scan the QR code by authenticator app.

Note: If you can't scan the QR Code, click on the **Can't scan? Copy the key** link to generate the key to authenticate.

- The success screen appears as user is all set to use authenticator to authorise.

14.5 Themes

Using this option, business user can personalize the view of their application with the desired themes. The list of theme templates are available to the business users for selection, the user can select the desired theme and activate it by clicking the Apply button.

At any point in time, the user can deactivate a theme and activate another one or revert to the default theme.

Pre-requisites

- The user must be a customer of the bank and have valid login credentials
- Bank Administrator has created the themes that are available for business user for personalization

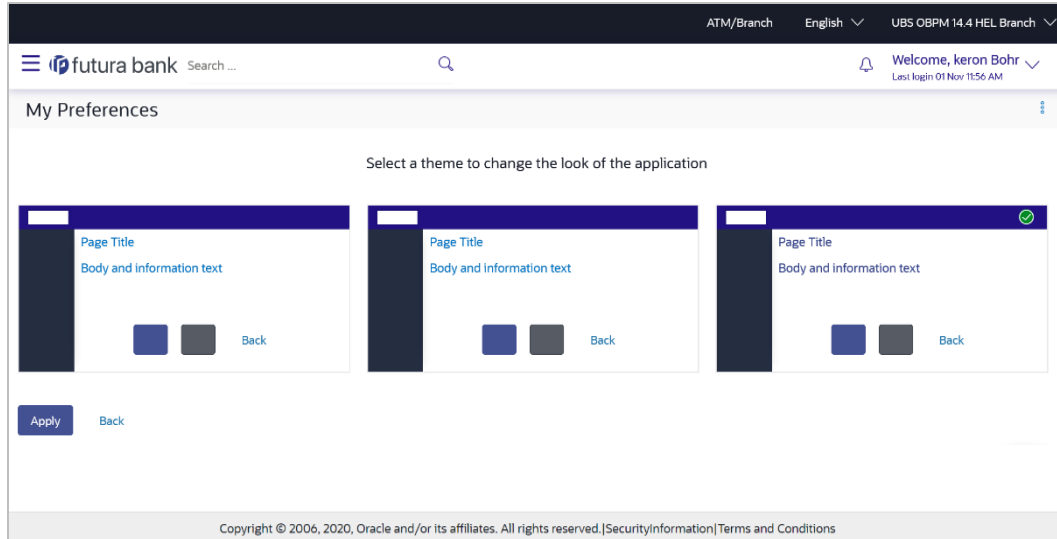

Features supported in application

- Apply Theme
- Revert to default Theme

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preference > Themes
 OR
 Access through the kebab menu of **Preference** transactions

Themes

To apply the theme:

1. All the themes defined by the bank users get listed here. User can view the colors of the themes in the theme templates being displayed.
2. Select the required theme from the list of available themes.
3. Click **Apply** to apply the selected theme. The selected theme gets activated.
 OR
 Click **Back** to navigate to previous screen.

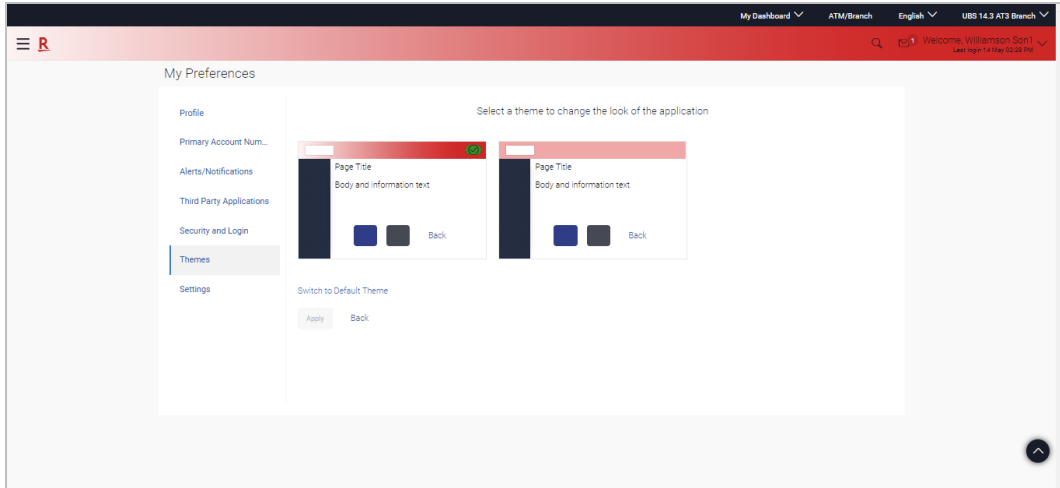

14.5.1 Switch to Default Theme

Using this option a retail user can revert back to the default theme as defined by the bank.

To switch to the default theme:

1. Navigate to the **Theme** tab.

Switch to Default Theme

2. System shows the already selected them with a check icon .
3. Click **Switch to Default Theme** to revert to the default theme. The default theme as defined by the bank gets activated.

14.6 Settings

This option lets the user disable login through any of his registered devices. If the user disables login from any device, the system disables all login modes (Touch ID/ PIN/ Pattern) for that device. This feature is beneficial to users, as a user can easily disable his alternate login modes if he loses his phone/ device (on which his mobile application is installed). The user can, thereby, prevent anyone from logging into his online banking account from any of the lost/stolen devices.

This option also lets the user disable receiving alerts via push notification, disable his alternate login from all his wearable devices and disable feedback popup that appears after every transaction for security reasons.

Through this screen, user can set their preferred delivery mode for receiving One Time Password (OTP). By default 'Both' (SMS and email) mode is selected, the user can disable any of the option.

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Settings
OR

*Access through the kebab menu of any other **Preferences** screens*

Settings

The screenshot shows the 'Settings' page for Futura Bank. At the top, there is a navigation bar with 'futura bank' logo, a search bar, and user information: 'Welcome, keron Bohr' and 'Last login 28 Oct 12:45 AM'. The main content area is titled 'Settings' and is divided into three sections:

- Registered Phones/Tablets:** Contains toggle switches for 'Android Devices' and 'iOS Devices'. A note below states: 'Note: Unregistering will disable alternate login from all mobile devices.'
- Registered Wearable:** Contains toggle switches for 'Android Devices' and 'iOS Devices'. A note below states: 'Note: Unregistering will disable alternate login from all wearable devices.'
- Push Notification:** Contains toggle switches for 'Android Devices', 'iOS Devices', and 'Web Browser'. A note below states: 'Note: Disabling the service will unregister the device from receiving alerts via push notifications.'

At the bottom of the page, there is a footer with the text: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description

You will no longer the option of Live Help on your devices on which you have installed the application.
 9. You can define delivery preference for dispatch of OTP i.e. whether you want it delivered on SMS or Email or Both. If there is a preference defined, system will dispatch the OTP on preferred delivery mode.

FAQ

1. **If I have more than one iOS devices and I need to deregister one of my devices from the Futura Bank application, can I do so using the 'Registered Device' option?**

If you disable 'iOS Devices' in the 'Register Device' option, it will disable your alternate login from all the devices. You need to re-install the application if you want to use it again on that device.

2. **Why would I need to unregister a device?**

The unregistering of devices is done in case you have lost your device and you want to disable your alternate login from that device to prevent any misuse of your Bank account.

17. Personalize Dashboard

Dashboard personalization feature provides an ability to the business users to reconfigure and customize their dashboards around the tasks and information they use most frequently. This feature will enable business users to create their own dashboard that is easier to navigate, making every visit more efficient.

Corporate users can reconfigure/ customize their dashboards by dragging and dropping the desired widget at desired location while configuring new dashboard to add more widgets. The users can also move the widgets already present in the dashboard to the desired location using this function. The user can also change the size of the widget (expand and compress) and can remove the widget if desired. The widgets on the dashboard auto adjust itself according to the place available on the dashboard.

OBIX dashboards are responsive and can adapt to any size of device that Bank wants to enable for the customers. User can preview his dashboard for different form factors i.e. desktop, mobile and tablet. An option to revert to the default dashboard (configured by bank) is also provided.

Note:

- 1) Dashboard personalization feature is currently not supported by mobile and tablet devices.
 - 2) Widgets available for selection for users are on the basis of the widget access given to the associated application role of the user for Internet touch point.
-

Prerequisites

- Transaction access is provided to the corporate user
- Widgets are available for designing the dashboard

Features supported in application

- Personalize/ Customize the Dashboard
- Revert to default dashboard

How to reach here:

Dashboard > Toggle Menu > Account Settings > Personalize Dashboard

17.1 Personalize Dashboard

Using this option corporate users can customize their dashboard according to their convenience. A default dashboard is displayed as the user navigate to the Personalize Dashboard option. User can change the placing and even can drag and drop new widgets available from the list of widgets.

User can change the widget size (expand and compress) as per his requirement and can remove the widgets.

To customize the dashboard:

1. Navigate to the **Personalize Dashboard** screen.

Personalize Dashboard

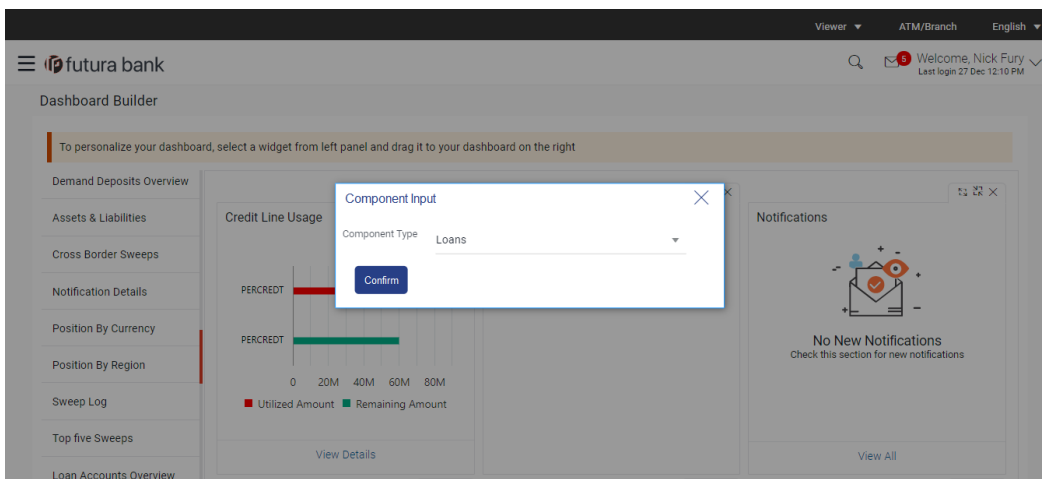

- 2. Drag and drop the desired widgets from the widget list.
- OR
- In the **Search Widget** field, enter the name of the widget that you want to appear on the dashboard and click .
- OR

Drag and drop widgets of the dashboard to the desired location. System highlights the area where the widget can be dropped.

3. Click  on the upper right corner of the widget, if you want to expand the widget.
OR
Click  on the upper right corner of the widget, if you want to compress the widget.
OR
Click  on the upper right corner of the widget, if you want to remove the widget from the dashboard.
4. If the selected widget has multiple widgets on the same like quick links, select the required widget that you want to appear on the dashboard.

Select Widget

Field Description

Field Name	Description
Component Type	Select the component type, which you want to appear on your dashboard. This field is applicable only if the selected widget has multiple components.

- a. From the **Component Type** list, select the widget component type that you want to appear on the dashboard.
 - b. Click **Confirm**. The selected component appears as a widget on the selected location of your dashboard.
5. Click **Save** to save the template.
OR
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.
OR
Click **Back** to navigate to previous screen.

6. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.
OR
Click **Back** to navigate to previous screen.
OR
Click the **Desktop/ Tab/ Mobile** icon to review the template in desktop, tab or mobile mode.
7. The success message appears.
Click **Go to Dashboard** to view your customized dashboard.

Note: Once the user personalizes his dashboard, the same is available as 'My Dashboard' under the Dashboard selection drop-down on the top navigation bar. His default dashboards (set by the bank depending upon his roles) will also be available for selection from the same drop-down.

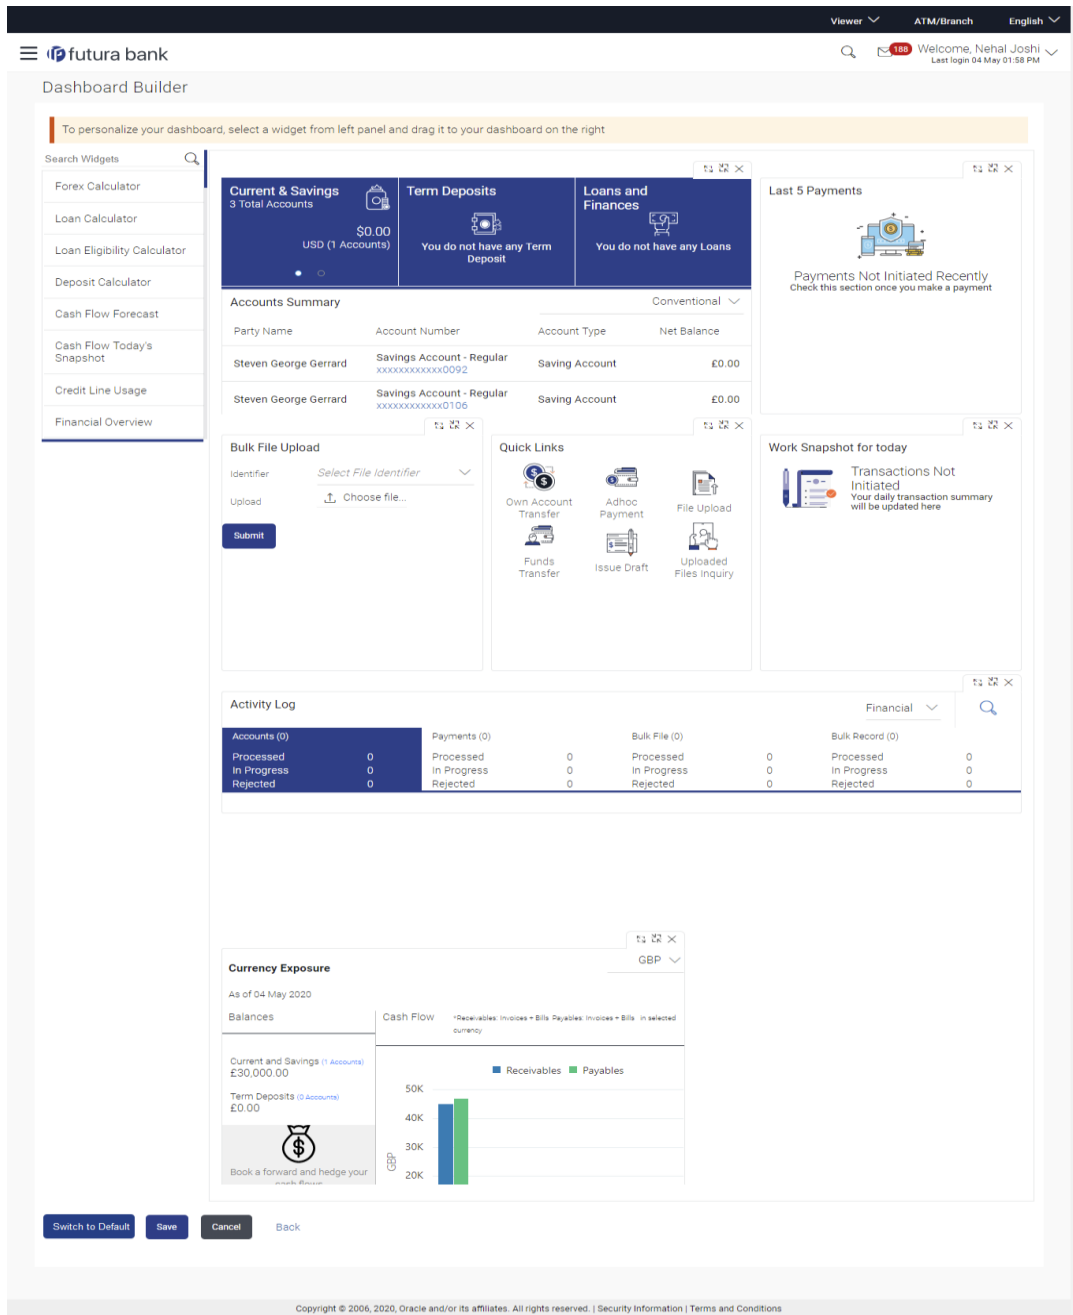

17.2 **Revert to default dashboard**

Using this option a corporate user can revert back to the default dashboard as defined by the bank.

To switch to the default dashboard:

1. Navigate to the **Personalize Dashboard** screen.

Switch to Default Dashboard

- Click **Switch to default** to revert to the default Dashboard. The Dashboard Restore pop-up message, prompting the user to confirm the restoration of default Dashboard appears.
 OR
 Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.
 OR

3. Click **Confirm**.
OR
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.
4. The success message appears.
Click **Go to Dashboard** to view the default dashboard.

FAQ

1. Can I design new widgets using Dashboard Builder functionality?

No, designing of a new widget is not allowed using this functionality. User can use the existing widgets and can design his dashboard.

2. Can I design different dashboards for different device types (desktop, mobile and tablet) using one template?

No, you cannot design different dashboards for different devices. However you can preview the designed dashboard for different devices on the review page.

Corporate User will be allowed to map all modes of alerts subscription for all the transactions in one go for the selected account

2. From the **Account Number** list, select the appropriate account.
3. Select the desired **Alert Type** and click the required **Send Alert Via** option.
4. Click **Save Changes** to save the changes.
OR
Click **Cancel** to cancel the transaction.
5. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction and navigate back to 'Dashboard'.
6. The success message along with the transaction reference number appears. Click **Go to Dashboard**, to navigate to the dashboard.
OR
Click **More Alert Options** to access other alert options.

FAQ

1. Which alerts can the corporate user subscribe or unsubscribe, for himself?

The alerts, which are not mandatory, can be subscribed or unsubscribed, by the corporate user.

2. What if a corporate customer wants to opt-out of alerts?

The corporate user can unsubscribe the alerts as per his requirement. Please note that the customer will continue to receive the mandatory alerts irrespective of his choice on the subscribed alerts.

19. Security Question Authentication

The security question is configured as two factor authentication mechanism and as per the level of authentication configured, it is executed. User has to answer the security questions to execute the transaction successfully.

For security question authentication:

1. In the transaction review screen, verify the details, and click **Next**.
OR
Click **Cancel** to cancel the transaction.
2. The Two Factor Authentication (2FA) screen appears.

Security Question Authentication

The screenshot shows the Futura Bank mobile app interface. At the top, there's a navigation bar with the Futura Bank logo, a search icon, and a user profile section for 'Welcome, Nehal Joshi' with a last login time of '08 May 05:36 PM'. Below the navigation bar, a yellow banner indicates a 'REVIEW' step: 'You initiated a request for Self Transfer. Please review details before you confirm!'. The main content area displays transfer details: 'Transfer To: xxxxxxxxxxxx0168', 'Transfer From: xxxxxxxxxxxx0162', 'Amount: £1,000.00', and 'Transfer When: 30 Jan 2019'. Below this, there's a 'Security Question Maintenance' section with two questions: 'How many siblings do you have?' (with a single dot as an answer) and 'Which sport you like most?' (with a dotted line as an answer). At the bottom of the form are 'Submit' and 'Cancel' buttons. A footer at the very bottom contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
------------	-------------

Questions	The list of security questions set for the Two Factor authentication.
------------------	---

Answer	The answers corresponding to the security question.
---------------	---

3. For the Security Question based Two Factor Authentication, in the **Answers** field, enter the answers corresponding to the security question

4. Click **Next** to go to the next level of authentication (if applicable).
OR
Click **Cancel** to cancel the transaction.
5. Complete the Two Factor Authentication, and click **Confirm**.
The success message appears along with the transaction reference number.
Click **OK** to complete the transaction and navigate back to 'Dashboard'.

19.1 One Time Password Authentication

One Time Password is a second factor authentication method. It is a unique code that can be used only once. A verification code is sent to the registered mobile number or email ID of the account holder. User has to enter the received code to complete the process. User can click on Resend Code, to receive the code again (if not received or expired).

For OTP verification:

1. In the **Verification Code** field, enter the code as received.
OR
Click **Resend Code**, if you wish to receive the verification code again or your verification code got expired.

Verification

Field Description

Field Name	Description
Verification Code	The code sent to the customer's registered email id or on their mobile number.

2. Click **Submit**.
On successful authentication, the user is allowed to proceed with the transaction.

FAQ

1. Why is there a need for a One-Time Password (OTP)?

An OTP helps to protect against online fraud. It is a secure way to authenticate whether a customer who is making an online transaction is the rightful owner of the credit / debit card being used.

2. When do I key in the OTP and how do I receive the OTP?

When you make an online transaction using your credit/debit card, OTP is set up will be required. OTP will be sent to your mobile phone via SMS or email.

20. E-Receipts

E-receipts are electronic receipts that are generated for a transaction from the confirmation page. E-receipts are proof of payment, showing that a payment or a transaction has been done in the bank account. Alternately e-receipts can be generated from the transaction journey page, on the dashboard – for all completed transactions.

An e-receipt displays the transaction name, transaction details along with date and time stamp. It's a configurable feature; the user can view the E-receipt button on the transaction only if it is configured (this is done by the bank, when the user requests for the feature)

Pre-requisites

- User has a Current and/or Savings account with the bank with online banking enabled
- The E-receipts maintenance is configured, for the user by the admin.

Features Supported In Application

- Provide e-receipts for a transaction

20.1 Example for e-receipt generation

To transfer the money to existing payee:

1. In the **Transfer Type** field, select the **Existing Payee** option.

21. Mailbox

Mailbox helps in two way communication between the bank administrator and the business user. Mailbox displays the list of messages to the user with date and time and message subject. Users can send mail messages to bank administrators with specific pre-defined subjects for their queries/complaints/feedback.

Prerequisites:

- The user must have a relationship with Bank.
- User must have login credentials.

Feature supported in the Application:

- **Inbox** – This folder displays all the messages sent by bank administrators to the user. The user can reply to any of these mail messages or can delete any message.
- **Compose** – This enables the user to select a predefined subject and to initiate a mail with a query/ complaint/ feedback.
- **Sent Mail** – This folder lists down the mails sent by the user. An option is provided to delete any or all sent mails.
- **Deleted Mail** – This folder displays the mails deleted from the user's **Inbox** and **Sent Mail** folders. The user can opt to permanently delete any or all of these mail messages.
- **Alerts** – This folder lists down the alerts sent by the bank to the user. The user can opt to delete any or all of these alerts.
- **Notifications** - This section enables the user to view all the notifications sent by the bank.

21.1 Mails

The following features are available under Mails:

- **Inbox:** This folder displays all the mail messages received by the user.
- **Compose Mail:** This option enables the user to create and send a new mail message.
- **Sent Mails:** This folder displays the list of mail messages sent by the user to the bank.
- **Deleted Mails:** This folder contains the list of mail messages deleted by the user from the inbox and the sent mail folders.

How to reach here:

Dashboard > Toggle Menu > Menu > Mailbox > Mails
OR

Dashboard > Click  > Mails > View All

21.1.1 Inbox

Using this feature, the user can view the messages received in his Inbox. The user can view an individual message by clicking on the subject of the specific mail.

How to reach here:

Dashboard > Toggle Menu > Menu > Mailbox > Mails > Inbox

OR

Access through the kebab menu of any other screens available under Mailbox

To view received mails:

1. The list of received messages appears on the **Inbox** screen. Click on the subject link of an individual message to view the details of that message.

Inbox

Field Description

Field Name	Description
Subject	The subject of the mail is displayed against each mail record.
Date	The date and time on which the mail was received is displayed against each mail record.

To access the Inbox:

1. Click the subject of a mail you want to view. The mail details are displayed on the overlay window.
OR
Click **Refresh** to refresh the folder.
OR
To delete one or multiple messages, select the specific check boxes against the mail and

click **Delete**.
 OR
 Click on kebab menu to access mailbox related transactions.

Inbox - Message Details

Field Description

Field Name	Description
Message Details	
Message Heading	The subject of the received mail.
From	The name of the sender of the mail.
Sent	The date and time on which the mail was received.
Content	The content of the mail.

Field Name	Description
Mail Chain	<p>All the mails forming part of the mail chain being viewed are displayed one below the other with the mail received most recently displayed on top.</p> <p>Each mail in the chain contains the following:</p> <ul style="list-style-type: none"> • The name or ID of the sender of the mail. Mails sent by you will have your name displayed against the From field and those sent by a bank administrator will have the ID of the bank administrator displayed. • The date and time at which the mail was sent. • The content of the mail as sent by you or the administrator. <p>Note: A mail chain is formed when a user sends a mail to the bank and a bank administrator responds to the mail.</p>

- An overlay containing the details of the mail appears. Click **Reply** if you wish to respond to the mail.
OR
Click **Delete** to delete the message.
OR
Click **X** icon to close the overlay window.

Inbox - Reply

The screenshot displays the Futura Bank mailbox interface. On the left, the 'Inbox' section shows a list of messages, including 'Re :Reissue Debit card PIN' and 'Re :Block Debit / ATM card'. The main area shows a reply overlay for the selected message, 'Re :Reissue Debit card PIN'. The overlay contains the following text:

Hi Sir/ madam,
Issuing the new debit card PIN.

<hr/> Note: Maximum allowed file size 5MB and allowed file types are JPEG, PNG, DOC, PDF, TXT, ZIP. <hr/>	

- Click **Send** to send the response to the bank.
A message confirming that the mail has been sent successfully appears.
OR
Click **Attach File +** to add an attachment to the response mail.

21.1.2 Compose Mail

Using this option the user can initiate a mail communication with the bank. The mailbox is a communication channel between the bank and the user. In order to send a mail to the bank, the user needs to first select a category which identifies the purpose for which the message is being sent. The specification of a category enables the bank to appoint the user's concern / query to the desired team which ensures a timely and accurate response.

How to reach here:

Access through the kebab menu of transactions available under the Mailbox

To send a message:

- Click **Compose Mail**. The overlay window on which you can compose and send a mail to the bank appears.

Compose Mail

Field Description

Field Name	Description
Category	Select a category/ subject related to which the message is to be sent.

22. Calculators

Financial calculators are tools used to arrive at a certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle Banking Digital Experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

Features Supported In the Application

The different calculators are:

- Loan Eligibility Calculator
- Loan Installment Calculator
- Term Deposit Calculator
- Forex Calculator

22.1 Loans Installment Calculator

The loans instalment calculator is a simple installment calculator which identifies the monthly installment amount payable on a loan based on the loan amount, tenure in years and interest percentage.

How to reach here:

OBDX portal landing page > Calculators for all your Money Goals > Loan Calculator

OR

OBDX portal landing page > Toggle menu > Menu > Calculators > Loan Installment Calculator

OR

Dashboard > Toggle menu > Menu > Calculators > Loan Installment Calculator

OR

Dashboard > Loan Calculator

OR

Access through the kebab menu of Calculators

Loan Installment Calculator

The screenshot displays the 'Loan Installment Calculator' on the Futura Bank website. The interface includes a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The main content area features three input fields: 'Amount' set to EUR88,820.00, 'Tenure (Years)' set to 5, and 'Interest' set to 9%. Below these, the 'Installment Amount' is calculated as EUR1,843.76. A callout box titled 'Loan Calculator' provides information about the ease of getting a loan and the purpose of the calculator.

Field Description

Field Name	Description
Loan Amount	The user is required to specify the amount that he/she wants to borrow from the bank.
Loan Tenure (Years)	The user should specify the desired tenure of the loan in terms of years.
Interest Rate	The user must specify the desired interest rate that is to be charged on the loan.
Installment Amount	The monthly installment payable on the loan calculated on the basis of the loan amount, tenure and interest rate specified by the user.

1. In the **Loan Amount** field, enter the loan amount.
2. In the **Loan Tenure (Years)** field, enter the loan tenure in years.
3. In the **Interest Rate** field, enter the interest rate.
4. The application calculates and displays the monthly installment for the loan required.

22.2 Loan Eligibility Calculator

Loan eligibility calculator plays an important role in helping a customer understand their current position with respect to their borrowing capacity. The calculator enables customers to gain an understanding of their loan eligibility, considering their average monthly income and expenditure. It computes the loan amount and repayment amount based on income, expense, interest rate and tenure of the loan. Loan eligibility is calculated by the application and is displayed to the customer.

The eligibility is calculated on the basis of:

- The customer’s average monthly income
- The customer’s average Monthly Expenditures
- Tenure of the loan being inquired applied
- Estimated rate of interest

How to reach here:

OBDX portal landing page> Calculators for all your Money Goals > Eligibility Calculator

OR

OBDX portal landing page> Toggle menu > Menu > Calculators > Loan Eligibility Calculator

OR

Dashboard > Toggle menu > Menu > Calculators > Loan Eligibility Calculator

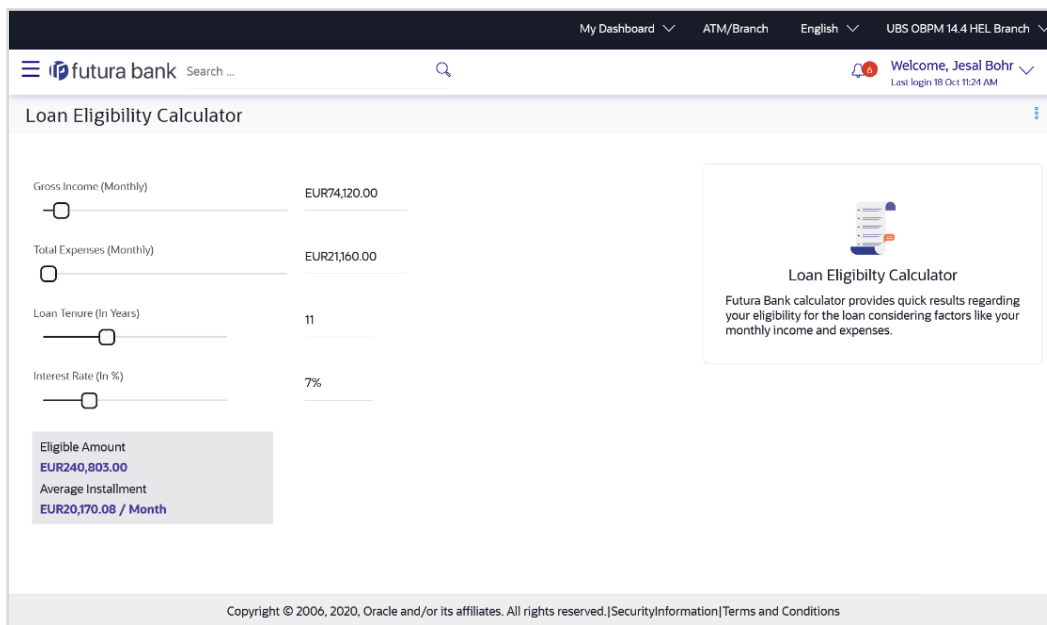

OR

Dashboard > Loan Eligibility Calculator

OR

Access through the kebab menu of Calculators

Loan Eligibility Calculator

Field Description

Field Name	Description
Gross Income (Monthly)	The user is required to specify his gross monthly income.

Field Name	Description
Total Expenses (Monthly)	The user is required to specify the total amount spent per month towards expenses.
Loan Tenure (In Years)	The user is required to specify the desired loan tenure in years.
Interest Rate (In %)	The user should specify the desired interest rate of the loan.
Eligible Amount	Based on all the values defined by the user in the previous fields, the system will calculate the amount of loan that the user is eligible to borrow.
Average Installment	The system will display the estimated monthly installment amount.

1. In the **Gross Income (Monthly)** field, enter your monthly income.
2. In the **Total Expenses (Monthly)** field, enter your monthly expenses.
3. In the **Loan Tenure (In Years)** field, enter the desired loan tenure.
4. In the **Interest Rate (In %)** field, enter the rate of interest.
5. The application (In %) calculates and displays the eligible loan amount and the average installment amount.

22.3 Term Deposit Calculator

The Term Deposit calculator gives an indication to the user about the maturity amount which will be available, if a particular amount is invested at the bank and left for a fixed period of time. It calculates the total amount of the term deposit at the end of maturity period. The user can choose amongst different products which suits his requirements best.

How to reach here:

OBDX portal landing page > Calculators for all your Money Goals > Term Deposit Calculator
OR

OBDX portal landing page > Toggle menu > Menu > Calculators > Term Deposit Calculator
OR

Dashboard > Toggle menu > Menu > Calculators > Term Deposit Calculator
OR

Access through the kebab menu of Calculators

Term Deposit Calculator

The screenshot displays the 'Term Deposit Calculator' on the Futura Bank website. The main form includes the following fields and values:

- Deposit Amount:** EUR30,000.00
- Deposit Tenure:** 4 Years, 9 Months, 12 Days
- Interest Rate (In %):** 8%
- Maturity Amount:** EUR44,011.83

A sidebar on the right features a gift icon and the text: 'Deposit Calculator. Deposit calculator helps you find out the maturity amount and the interest you will earn on it after a particular time period. Term Deposits are considered to be safe investments.'

Field Description

Field Name	Description
Deposit Amount	Total deposit of principal amount for deposit with default currency.
Deposit Tenure (Years/ Months / Days	Option to specify tenure in terms of Years / Months / Days.
Interest Rate (In %)	Interest rate for which the total amount is to be calculated.
Maturity Amount	The value of your deposit at maturity.

To calculate deposit value at maturity:

1. In the **Deposit Amount** field, enter the deposit amount.
2. In the **Tenure (Years/ Months / Days)** fields, enter the relevant information.
3. In the **Interest Rate (In %)** field, enter the rate of interest.
4. The application calculates and displays the deposit value at maturity.

22.4 Forex Calculator

The foreign exchange calculator calculates the rate at which one currency can be exchanged for another. The Calculator displays the converted amount and the currency exchange rate applied. Exchange rates of only predefined currencies can be viewed by the customer.

Exchange rates for the currency will be fetched online from the host system and calculations will be done based on the exchange rate retrieved.

Features Supported In the Application:

This section enables user to see the value expected for a conversion of currency into other.

- Exchange rate of currencies
- Calculation of amount of currency converted to the other

Pre-Requisites

- Support for the currencies provided by host

How to reach here:

OBDX portal landing page > Calculators for all your Money Goals > Forex Calculator

OR

OBDX portal landing page > Toggle menu > Menu > Calculators > Forex Calculator

OR

Dashboard > Toggle menu > Menu > Calculators > Forex Calculator

OR

Access through the kebab menu of Calculators

Forex Calculator

Field Description

Field Name	Description
From	
Currency	Currency to be sold for which the exchange rate is to be inquired.
Amount	Amount for which conversion is required.
To	
Currency	Buy currency for which the exchange rate is to be inquired.
Amount	Amount which you will get post conversion.

To calculate currency exchange amount:

1. From the **From – Currency** list, select the appropriate currency.
2. In the **Amount** field, enter the amount to be converted.
3. From the **To - Currency** list, select the currency and enter the amount in the next field.
4. Application calculate and displays the currency exchange value.
The exchange rate for both the buy and sell options for currency pair entered, appears.

24. Feedback Capture

Feedback option enables you to provide feedback on various aspects of the application as well as specific to transactions. You will be asked a feedback question on which you need to rate on a rating scale and answer subsequent questions if defined for a scale weight that you rate. The feedback captured is analyzed by the bank administrator to decide on the course corrections in case of issues.

Feedback can be provided by the user through the following options in the system:

- General Feedback
- Transaction Specific Feedback

24.1 General Feedback

General feedback is available as an option to provide feedback on generic aspects about the application.

How to reach here

Toggle Menu > Leave Feedback

To provide general feedback:

1. Click **Leave Feedback**. The **Feedback** pop-up screen appears.
2. A feedback question appears along with a rating scale.
3. Select an appropriate rating on the scale.
4. Depending on the rating, the system will provide you with a question along with a set of options.
5. Select an appropriate option corresponding to the question.
6. You can also add comments, if required.

General Feedback

7. Click **Submit**. A message confirming successful submission of feedback appears.

24.2 Transaction Specific Feedback

You can capture feedback specific to a transaction provided the transaction has been enabled for feedback capture by the bank. Feedback will be available as an option post transaction confirmation. Transaction specific feedback is recorded and stored for further analysis.

To provide transaction specific feedback:

1. Once the transaction is successfully submitted, feedback as an option is displayed on confirmation page.
2. Click **Feedback**. The **Feedback** pop-up screen appears.
OR
Click **Go to Dashboard** link to navigate to the Dashboard.
3. A feedback question appears along with a rating scale.
4. Select an appropriate rating on the scale.
5. Depending on the rating, the system will provide you with a question along with a set of options.
6. Select an appropriate option corresponding to the question.
7. You can also add comments, if required.

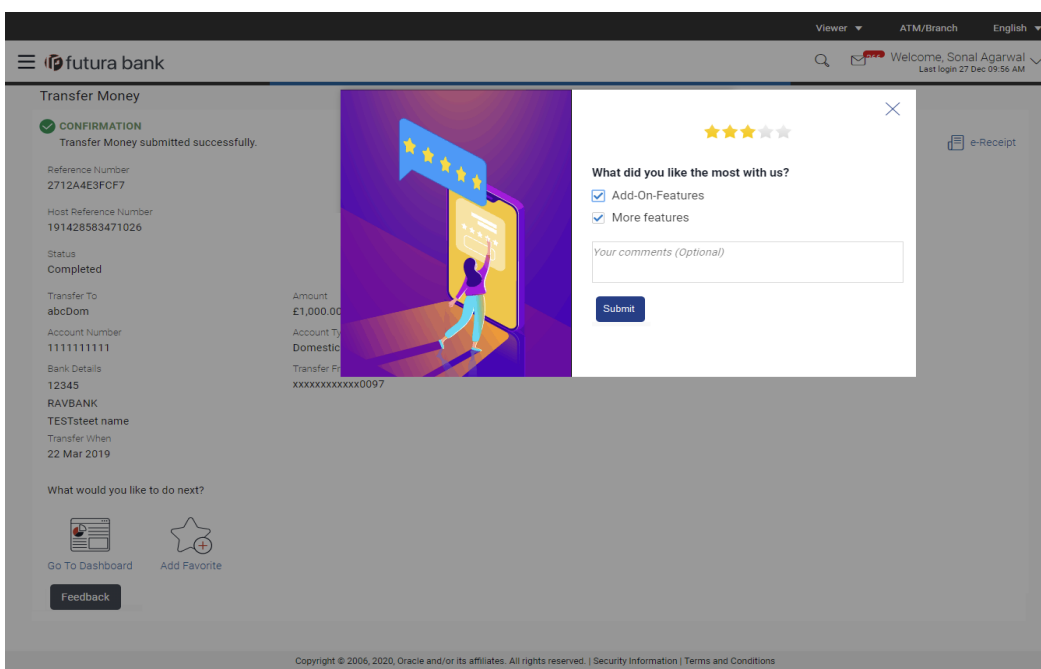

OR

Click **Skip** to skip the feedback process. The **Dashboard** screen is displayed.

OR

Click **Never ask me again** if you do not wish to be asked to provide for any transaction. The system will suspend the feedback process for all transactions and you can enable the same again (if required) through 'My Preferences' from the toggle menu.

Transaction Feedback

1. Click **Submit**. A message confirming successful submission of feedback appears.

[Home](#)

25. My Reports

Corporate User logs into the system and navigates to My Reports screen. On accessing 'My Reports' menu, last 10 reports which generated by the user or by other users of a party are listed with the respective report status. User can choose to search the specific report using the search criteria or can opt to view/ download detailed report.

Note: Send to Modify functionality is now supported for this transaction.

Reports are categorized as:

- Adhoc Reports
- Scheduled Reports

How to reach here:

Corporate Dashboard > Toggle menu > Menu > Reports > My Reports

25.1 My Reports - Adhoc

Adhoc reports are generated on demand or on request. Reports can be requested from the 'Reports' screen. Adhoc reports can be viewed using 'My Reports' screen.

To view and download the generated adhoc reports:

1. Click  icon to search the reports with given search criteria. The search results matching to the search criteria are shown on the same screen.

My Reports - Adhoc

The screenshot displays the 'My Reports' section of the Futura Bank interface. At the top, there are navigation options for 'Viewer', 'ATM/Branch', and 'English'. The user is logged in as 'tata sup' with a last login time of '27 Sep 03:59 PM'. The page is divided into 'Adhoc' and 'Scheduled' tabs. Below the tabs is a search form with fields for 'Report Id', 'Report Name', and 'Generation Date' (with 'From Date' and 'To Date' sub-fields). A 'Search' button is present. The main content is a table with columns: Report Name, Report Sub Id, Generation Date and Time, and Status. The table lists 11 reports, all of which are 'PROCESSED'. At the bottom, there is a pagination control showing 'Page 1 of 3 (1-10 of 30 Items)' and a 'Cancel' button. A copyright notice at the very bottom reads: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [Security Information] Terms and Conditions'.

Click **OK** to complete the transaction.

26.2.3 Delete Scheduled Reports

The corporate user can delete the scheduled reports which are no longer required.

To delete the scheduled reports

1. In the **Reports** screen, click the **Scheduled** tab. The scheduled report generation screen appears.

2. Click the **View Scheduled Reports** link.
The **Scheduled Reports** screen appears.
3. Click on desired **Report ID** to delete the scheduled report. The **View Scheduled Report** screen appears.
4. Click **Delete**.
The application will prompt the user with a deletion message.

Delete Reports Schedule

5. Click **Confirm** to proceed with the deletion request. It will navigate to confirmation page with a success message and the status.
6. Click **OK** to complete the transaction.

26.3 Daily Balance Position Report

Daily balance position report provides the information on opening balance, total credits, total debits and closing balance. A user can request to generate an adhoc and scheduled report.

Further, user has to select a format in which the report needs to be generated.

Further, user has to select a format in which the report needs to be generated. The user can generate reports under the following two categories.

- Adhoc Report
- Schedule Report

How to reach here:

Corporate Dashboard > Toggle menu > Menu > Report > Report Generation

26.3.1 Daily Balance Position Report

Daily balance position Adhoc reports are generated on demand or on request. Reports can be requested from the 'Reports' screen. Adhoc reports can be viewed using 'My Reports' screen.

To generate the daily balance position adhoc report:

1. In the **Report Generation** screen, click **Adhoc** tab. The adhoc report generation screen appears.
2. From the **Report Name** list, select the desired report which is to be generated. The receptive report generation screen appears.
3. In the **User Names** field, click and add multiple active user IDs of party mapped to whom the adhoc report to be sent via their registered email IDs.
4. From the **Report Format** list, select the desired report format for generated report.
5. From the **Duration - From** and **Duration - To** list, specify the period for which the report is to be generated.
6. Click **Generate Report** to view and generate the report.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Clear** to reset the search parameters.

Daily Balance Position - Adhoc Reports

The screenshot shows the 'Reports' section of the Futura Bank interface. It has tabs for 'Adhoc' and 'Schedule'. Under 'Adhoc', there are several input fields: 'Report Name' (Daily Balance Position Report), 'User Names' (Joe chk, tata sup, Joe mak), 'Report Format' (PDF), and 'Duration' (04/21/2020 to 09/27/2021). At the bottom are 'Generate Report', 'Cancel', and 'Clear' buttons. A 'Tips' box on the right provides instructions on generating adhoc reports. The footer contains the text: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. |Security|Information|Terms and Conditions'.
