This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software" or "commercial computer software documentation" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate failsafe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Preface

The release notes contain the details of the components that are part of Oracle Banking Deposits and Lines of Credit Servicing Release 2.12.0.0.0.

Oracle recommends that you review the contents of the release notes before installing or working with the product.

This preface contains the following topics:

- Audience
- Documentation Accessibility
- Related Documents
- Conventions

Audience

This release note is intended for the users of Oracle Banking Deposits and Lines of Credit Servicing.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info or visit http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs if you are hearing impaired.

Related Documents

- For a comprehensive overview of security, see the Oracle Banking Deposits and Lines of Credit Servicing Security Guide.
- For features, functionality, and options available for Oracle Banking and the licenses required to use them, see the Oracle Banking Deposits and Lines of Credit Servicing Licensing Guide.
- For information related to setting up a bank or a branch, and other operational and administrative functions, see the Oracle Banking Deposits and Lines of Credit Servicing Administrator Guide.
- For information related to customization and extension, see the Oracle Banking Deposits and Lines of Credit Servicing Extensibility Guides for HOST and UI.
- For information on the functionality and features, see the Oracle Banking Deposits and Lines of Credit Servicing Functional Overview document.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
italic	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
`monospace`	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the page, or text that you enter.

The following acronyms are used in this document:

Acronym	Meaning
FOP	Formatting Objects Processor
LOC	Line Of Credit
OBDLOCS	Oracle Banking Deposits and Lines of Credit Servicing
SOA	Service Oriented Architecture

1 What's New

This chapter provides the details of the new features and enhancements in Oracle Banking Deposits and Lines of Credit Servicing in Release 2.12.0.0.0.

1.1 Upgrade of Technical Components

The technical components of Oracle Banking Deposits and Lines of Credit Servicing have been modified in this release. This is to ensure flexibility in configurations and to make integration with external components easier.

Following are the upgrades made to technical components:

- Oracle security stack has been made optional. This ensures that Oracle Banking Deposits and Lines of Credit Servicing can be deployed with either local database security or Oracle security stack.
- Document generation is now possible using Apache FOP. This removes the dependency on Documaker and Oracle Analytics Server.
- Oracle SOA suite is now optional for Oracle Banking Deposits and Lines of Credit Servicing.

Note

For more information on the product features offered by Oracle Banking Deposits and Lines of Credit Servicing, see its functional overview document.

1.2 Qualification with Fusion Middleware 12.2.1.4.0 Stack

Oracle Banking Deposits and Lines of Credit Servicing now qualifies with the Fusion Middleware 12.2.1.4.0 Stack.

Note

For more information on the list of components, see Technology Stack Components.

2 System Requirements and Specifications

This chapter lists the Oracle Banking Deposits and Lines of Credit Servicing Release 2.12.0.0.0 system requirements and specifications.

2.1 Technology Stack Components

Oracle Banking Deposits and Lines of Credit Servicing installation and configuration will not complete successfully unless users meet the following hardware and software pre-requisite requirements before installation:

Database

- Oracle Database 19c Enterprise Edition 19.8.0.0.0

Operating System

- Oracle Linux 7.5 (64 bit)
  - Red Hat Enterprise Linux Server release 7.5 (Maipo)
  - Linux 4.1.12-124.27.1.el7uek.x86_64
- Compatible Oracle VM server release 2.2.3 / 3.2.9 /3.3.9 (Virtualization) (Optional)

Runtime Software

- Oracle JDK 1.8.0_281 (64 bit)

Enterprise Application Server

- Oracle WebLogic Server 12.2.1.4.0

Integration and Process Management

- Oracle Service Oriented Architecture (SOA) Suite 12.2.1.4.0 (includes Oracle WebServices Manager 12.2.1.4.0)
- Oracle WebServices Manager 12.2.1.4.0
- Oracle Data Integrator (ODI) 12.2.1.4.0

Systems Management

- Oracle Enterprise Manager Cloud Control (OEM) 13.2.0.0.0

Identity Management

- Oracle Platform Security Service Client (OPSS) 12.2.1.4.0
- Oracle Entitlement Server (Security Module) 12.2.1.4.0
- Oracle Internet Directory (OID) 12.2.1.4.0
- Oracle Identity Manager (OIM) 12.2.1.4.0
- Oracle Access Manager (OAM) 12.2.1.4.0

- Oracle WebGate 12.2.1.4.0
- Oracle Web Tier 12.2.1.4.0

Content Management

- Oracle WebCenter Content 12.2.1.4.0

Installation Tools

- Oracle Repository Creation Utility (RCU) 12.2.1.4.0
- Oracle JDK 1.8.0_281 (64 bit)
- Oracle Universal Installer 12.2.1.4.0

Presentation

- Oracle Application Development Framework Runtime 12.2.1.4.0

Business Intelligence

- Oracle Analytics Server 5.5

2.1.1 Out-of-the-Box Applications Integrations

- Oracle Documaker 12.6.4.0.0
- Apache Formatting Objects Processor (FOP) 2.5

For more information on the Oracle Banking Deposits and Lines of Credit Servicing requirements from an environment perspective including minimum hardware requirements with Operating System (OS) and the middleware software products which the Oracle Banking Deposits and Lines of Credit Servicing solution depends and runs on (example Database or WebLogic) or interfaces with (for example, OID or IPM), see the Oracle Banking Deposits and Lines of Credit Servicing Installation Guide - Silent Installation.

3 Known Issues

This chapter covers the known issues in Oracle Banking Deposits and Lines of Credit Servicing Release 2.12.0.0.0.

3.1 Oracle Banking Deposits and Lines of Credit Servicing Known Issues

This section describes the known issues associated with Oracle Banking Deposits and Lines of Credit Servicing Release 2.12.0.0.0.

Table 3–1 Known Issues in Oracle Banking Deposits and Lines of Credit Servicing Release 2.12.0.0.0

Issue Description	Workaround (If available)
Currently, Sweep-in is triggered only for online transactions. Sweep-in is not triggered for future dated funds transfer which are executed as part of a batch.	
The parameter to allow redemption or renewal of unclaimed deposit conflicts with automatic unclaimed processing and prevents generation of accounting entries.
