Chapter 2 - Overview

About Dashboard

Dashboard in OBCFPM is a smart UI built to simplify the work of banking personnels. Information displayed in the Dashboard highlights the activities to be performed by the Banker over a certain period of time. It also allows to quickly navigate to the required page to perform the listed actions or to view customer information. By taking all the necessary actions listed in the Dashboard, the Banker can increase their productivity and ensure smooth functioning of the bank.

Dashboard in OBCFPM differs based on the user roles. A sample RM Dashboard in OBCFPM is shown below for reference:

Customize Dashboard

All the Dashboards (Dashboard specific to all the users) in OBCFPM are customizable, thus the user can customize it based on their preference.

In the Dashboard:

1. To configure a tile, click  the configure icon in the tile. The *Configure Dashboard Tile* window appears:

Configure Dashboard Tile ×

Allow the user to...

Insert or Remove the tile

Reorder the tile

Put the tile into other states:

Flipped

Expanded

Both flipped and expanded at the same time

Note: To allow the tile to be both flipped and expanded at the same time, both the Flipped and the Expanded states must also be enabled.

The following table describes the settings available in the *Configure Dashboard Tile* window:

Chapter 2 - Customize Dashboard
