ORACLE®

2 Integration Guide

2.1 Introduction

You can integrate Oracle FLEXCUBE Onboarding with Bureau Integration Service acting through Oracle Banking Routing Hub. This document briefs you about the specific steps needed for the integration of these two products and specific maintenances.

2.2 Prerequisite

Specify **User Id** and **Password**, and login to **Oracle FLEXCUBE Onboarding** screen.

2.3 Maintenance for Bureau Integration Service

1. From **Home** screen, click **Rule** menu. Under **Rule** menu, click **Fact**.

2. Under **Fact**, click **Create Fact**.

   → **Fact Creation** Screen is displayed.

3. Create PRODUCTTYPE Fact.

   Figure 1: Fact Creation – PRODUCTTYPE Fact

4. Create CDS Fact.

Figure 2: Fact Creation - CDS Fact

5. From **Home** screen, click **Rule** menu. Under **Rule** menu, click **Rule**.

6. Under **Rule**, click **Create Rule**.

→ **Rule Creation** screen is displayed

Figure 3: Rule Creation

7. Linking Rule in Selection Criteria.

   Rule will be linked to the Selection criteria through post man (UI WIP).

   Figure 4: Create Criteria
The Sample body as below

```json
{
    "criteriaCode": "CBS Criteria",
    "criteriaDescription": "CBS Criteria Rule",
    "ppCode": "RPM",
    "makerDateStamp": "03032021",
    "doerRemarks": "CBS rule with 2 rules",
    "CbsTmCriteriaDefinitionDTO": [
        {
            "ruleId": "PRODUCTSELECTION",
            "description": " PRODUCTSELECTION",
            "priority": 1,
            "parentRuleId": null,
            "callAllBureau": "Y",
            "enable": "Y",
            "id": "",
            "criteriaMasterId": ""
        }
    ]
}
```
