Oracle Banking Trade Finance Process Management

Welcome to the Oracle Banking Trade Finance Process Management (OBTFPM) User Guide. This guide provides an overview on the OBTFPM application and takes you through the various steps involved in creating and processing Trade Finance transactions.

This document will take you through following activities in OBTFPM:

- To create and handle Trade Finance transaction.
- Help users to conveniently create and process Trade Finance transaction

Overview

OBTFPM is a Trade Finance Middle Office platform, which enables bank to streamline the Trade Finance operations. OBTFPM enables the customers to send request for new Trade Finance transaction either by visiting the branch (offline channels) or through SWIFT/Trade Portal/other external systems (online channels).

Benefits

OBTFPM helps Banks to manage Trade Finance operations across the globe in different currencies. OBTFPM allows you to:

- Handle all Trade Finance transactions in a single platform.
- Provides support for limit verification and limit earmarking.
- Provide amount block support for customer account.
- Provides acknowledgement to customers.
- Enables the user to upload related documents during transaction.
- Enables to Integrate with back end applications for tracking limits, creating limit earmarks, amount blocks, checking KYC, AML and Sanction checks status.
- Create, track and close exceptions for the above checks.
- Enables to use customer specific templates for fast and easy processing of trade transactions that reoccur periodically.

Key Features

- Stand-alone system that can be paired with any back end application.
- Minimum changes required to integrate with bank's existing core systems.
- Faster time to market.
- Capable to interface with corporate ERP and SWIFT to Corporate.
- Highly configurable based on bank specific needs.
- Flexibility in modifying processes.

Guarantee Advice Closure

Guarantees/SBLC have a pre-scheduled auto closure date, a few days after the expiry of undertaking. This process enables, closure of a Guarantee/SBLC after the expiry date but before the auto closure date. In the following sections, let's look at the details for Guarantee Advising process:

This section contains the following topics:

[Registration](#)

[Data Enrichment](#)

[Multi Level Approval](#)

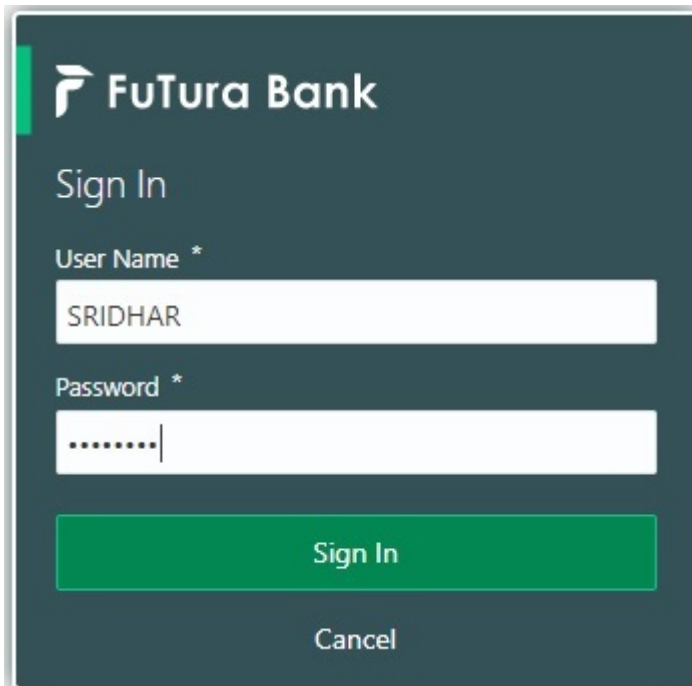

[Customer - Acknowledgement letter Format](#)

Registration

As a registration user, you can register a Guarantee Advice closure request, also can upload relevant documents and verify checklist items. If Guarantee to be advised is received as physical instrument, the Guarantee Advice process starts from the Registration Stage.

During registration stage, user can capture the basic details, check the signature of the authorized signatory of the Guarantee Issuing Bank and upload the guarantee. It also enables the user to capture some additional product related details as an option. On submit, the request will be available for an Guarantee Advice expert to handle the request in the next stage

1. Using the entitled login credentials for registration stage, login to the OBTFPM application.

The screenshot shows a dark-themed login window for FuTura Bank. At the top left is the FuTura Bank logo. Below it, the text 'Sign In' is displayed. There are two input fields: 'User Name *' containing the text 'SRIDHAR' and 'Password *' containing masked characters. Below these fields are two buttons: a green 'Sign In' button and a 'Cancel' button.

2. On login, user must be able to view the dashboard screen with widgets as mapped to the user.

3. Click Trade Finance> Bank Guarantee Advice> Guarantee Advise Closure.

The registration stage has two sections Application Details and Guarantee Details. Let's look at the registration stage:

Enables the user to upload required documents. Provide the Miscellaneous Details based on the description in the following table:

Field	Description	Sample Values
Documents	Upload the required documents.: The possible documents submitted under Guarantee/SBLC Advise closure request are: 1. Guarantee/SBLC Advise Closure request	
Remarks	Provide any additional information regarding the Guarantee Advice. This information can be viewed by other users processing the request.	
Customer Instructions	Click to view/ input the following <ul style="list-style-type: none"> Standard Instructions – In this section, the system will populate the details of Standard Instructions maintained for the customer. User will not be able to edit this. Transaction Level Instructions – In this section, OBTFPM user can input any Customer Instructions received as part of transaction processing. This section will be enabled only for customer initiated transactions. 	
Common Group Message	Click Common Group Message button, to send MT799 and MT999 messages from within the task.	

Action Buttons

Field	Description	Sample Values
Submit	On Submit, system will give confirmation message for successful submission. Task will get moved to next logical stage of Guarantee Advice. If mandatory fields have not been captured, system will display an error message until the mandatory fields data are provided.	
Save & Close	Save the information provided and holds the task in you queue for working later. This option will not submit the request.	
Cancel	Cancels the Guarantee Advice Registration stage inputs.	
Hold	The details provided will be registered and status will be on hold. This option is used, if there are any pending information yet to be received from applicant.	
Checklist	Make sure that the details in the checklist are completed and acknowledge.	

Data Enrichment

On successful completion of registration of an Guarantee advice closure request, the request moves to DE stage.

Guarantee Advice requests that were received at the desk will move to DE stage post successful registration. The request will have the details entered during the registration stage.

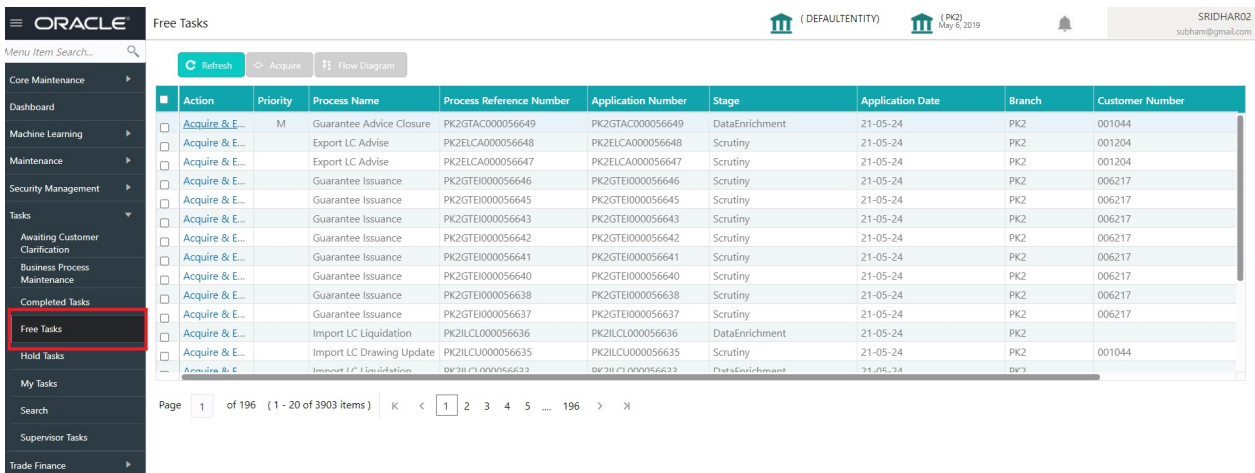

The DE user can view the latest Guarantee/SBLC Advise values displayed in the respective fields. Do the following steps to acquire a task currently at DE stage:

1. Using the entitled login credentials for DE stage, login to the OBTFPM application.

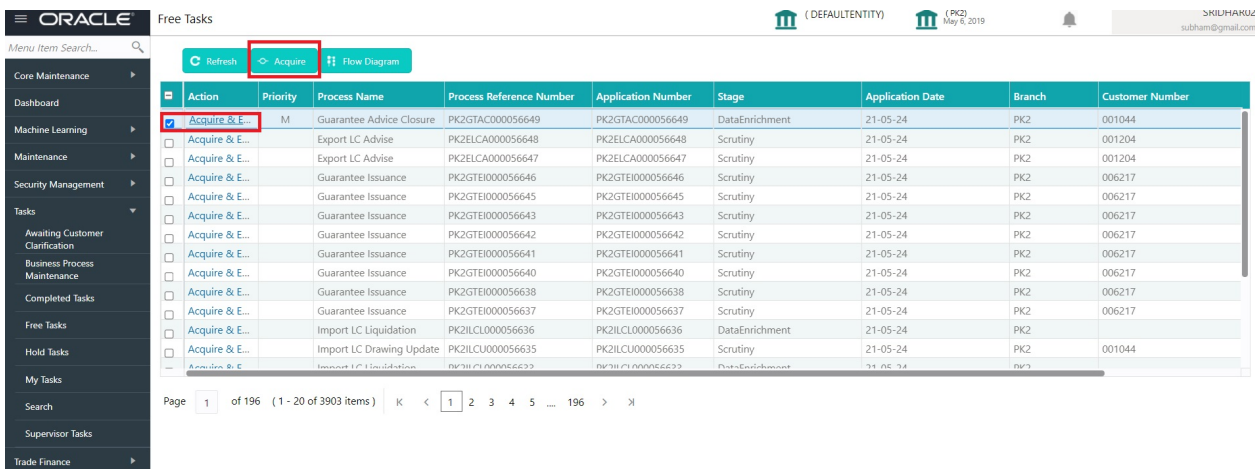

2. On login, user must be able to view the dashboard screen with widgets as mapped to the user.

3. Click Trade Finance> Tasks> Free Tasks.

4. Select the appropriate task and click **Acquire & Edit** to edit the task or click **Acquire** to edit the task from **My Tasks**.

5. The acquired task will be available in **My Tasks** tab. Click **Edit** to edit the registered task.

The screenshot shows the Oracle 'My Tasks' interface. At the top, there are navigation icons for 'DEFAULTENTITY' and '(PK2) May 6, 2019', along with a user profile for 'SRIDHAR02 subham@gmail.com'. Below the navigation bar is a search bar and a toolbar with buttons for 'Refresh', 'Release', 'Escalate', 'Delegate', and 'Flow Diagram'. The main area contains a table with columns: Action, Priority, Process Name, Process Reference Number, Application Number, Stage, Application Date, Branch, Customer Number, and Amount. The first row is selected, and the 'Edit' button in the 'Action' column is highlighted with a red box. The 'My Tasks' tab in the left sidebar is also highlighted with a red box. At the bottom, there is a pagination control showing 'Page 1 of 6 (1 - 20 of 106 items)'.

Additional Details

DE User can view the Additional Details during Guarantee Advise Closure request. Some of the possible additional details could be:

- Limits and Collateral (Non-editable)
- Commission, Charges and Taxes
- Preview Messages (Non-editable)

Charge Details

If default charges are available under the product, they should be defaulted here with values. If customer or customer group specific charges are maintained, then the same will be defaulted from back end system.

Provide the Charge Details based on the description provided in the following table:

Component	Currency	Amount	Modified	Billing	Defer	Waive	Charge Party	Settlement Account
No data to display.								

Field	Description	Sample Values
Component	Charge Component type.	
Currency	Defaults the currency in which the charges have to be collected.	
Amount	An amount that is maintained under the product code gets defaulted in this field. User can edit the value, if required.	
Modified Amount	From the default value, if the rate is changed or the amount is changed, the value gets updated in the modified amount field.	
Billing	If charges are handled by separate billing engine, then by selecting billing the details to be available for billing engine for further processing.	
Defer	If charges have to be deferred and collected at any future step, this check box has to be selected.	
Waive	If charges have to be waived, this check box has to be selected. Based on the customer maintenance, the charges should be marked for Billing or for Defer.	
Charge Party	Charge party will be beneficiary by default. You can change the value to applicant	
Settlement Account	Details of the settlement account.	

Provide the Commission Details based on the description provided in the following table:

Component	Rate	Currency	Amount	Modified	Defer	Waive	Charge Party	Settlement Account
No data to display.								

Field	Description	Sample Values
Component	Select the commission component	
Rate	Defaults from product. User can change the rate, if required.	
Currency	Defaults the currency in which the commission needs to be collected	
Amount	An amount that is maintained under the product code defaults in this field. User can modify the value, if required.	

Field	Description	Sample Values
Modified Amount	From the default value, if the rate or amount is changed, the modified value gets updated in the modified amount field.	
Billing	<p>If charges/commission is handled by separate billing engine, then by selecting billing the details to be available for billing engine for further processing.</p> <p>On simulation of charges/commission from Back Office, if any of the Charges/Commission component for the customer is 'Billing' enabled, 'Billing' toggle for that component should be automatically checked in OBTFPM.</p> <p>The user can not select/de-select the check box if it is de-selected by default.</p> <p>This field is disabled, if 'Defer' toggle is enabled.</p>	
Defer	<p>Select the check box, if charges/commissions has to be deferred and collected at any future step.</p> <p>On simulation of charges/commission from Back Office, if any of the Charges/Commission component for the customer is AR-AP tracking enabled, 'Defer' toggle for that component should be automatically checked in OBTFPM.</p> <p>The user can select/de-select the check box. On de-selection the user has to click on 'Recalculate' charges button for re-simulation.</p>	
Waive	<p>Select the check box to waive charges/ commission.</p> <p>Based on the customer maintenance, the charges/commission can be marked for Billing or Defer.</p> <p>If the defaulted Commission is changed to defer or billing or waive, system must capture the user details and the modification details in the 'Remarks' place holder.</p> <p>This field is disabled, if 'Defer' toggle is enabled.</p>	
Charge Party	Charge party will be 'Beneficiary' by Default. You can change the value to Applicant.	
Settlement Account	Details of the Settlement Account.	

The tax component is calculated based on the commission. The tax component defaults if maintained in the product level. Tax detail cannot be updated by you and any change in Tax amount on account of modification of charges/ commission will be available on click of Re-Calculate button or on hand off to back-end system.

Provide the Tax Details based on the information in the following table:

Tax Details			
Component	Currency	Amount	Settlement Account
No data to display.			

Field	Description	Sample Values
Component	Tax Component type	
Currency	The tax currency is the same as the commission.	
Amount	The tax amount defaults based on the percentage of commission maintained. You can edit the same.	
Settlement Account	Details of the settlement Account.	
Charges from Beneficiary	Input the amount to be collected from beneficiary on account of this transaction.

Summary

User can review the summary of details updated in DE Guarantee Advice Closure request. When you log in to Oracle Banking Trade Finance Process Management (OBTFFPM) system, you can see the summary

tiles. The tiles must display a list of important fields with values. User can drill down from summary tiles into respective data segments.

Tiles Displayed in Summary

- Main Details - User can view application details and Guarantee Advice Closure details.
- Additional Fields - User can view the additional field details.
- Advices - User can view the advices details.
- Settlement Details: User can view the Settlement details.
- Commission, Charges and Taxes - User can view the details provided for commission, charges and taxes.
- Preview Message : User can view the SWIFT message and Mail Advice.
- Party Details - User can view party details like beneficiary, advising bank etc.
- Accounting Details: User can view the accounting details.

Note

When the Value Date is different from the Transaction Date for one or more accounting entries, system displays an Alert Message "Value Date is different from Transaction Date for one or more Accounting entries."

Action Buttons

Use action buttons based on the description in the following table:

Field	Description	Sample Values
Documents	Click the Documents icon to Upload the required documents. Application will display the mandatory and optional documents.	

Field	Description	Sample Values
Remarks	<p>Click the Remarks icon to provide any additional information regarding the Guarantee Advise. This information can be viewed by other users processing the request.</p> <p>Content from Remarks field should be handed off to Remarks field in Backend application.</p>	
Overrides	Click to view overrides, if any.	
Incoming Message	Clicking this button allows the user should be able to see the message in case of STP of incoming MT 767.	
View Undertaking	Clicking this button allows the user should to view the undertaking details.	
Submit	<p>Task will get moved to next logical stage of Guarantee Advice.</p> <p>If mandatory fields have not been captured, system will display an error message until the mandatory fields data are provided.</p>	
Save & Close	<p>Save the information provided and holds the task in you queue for working later.</p> <p>This option will not submit the request</p>	
Cancel	Cancel the DE Stage Inputs.

Back	Click Back to move to previous step in DE stage.	

Multi Level Approval

User can review and approve the Guarantee Advise Closure. The user can view the summary of details updated in multilevel approval stage for Guarantee Advise Closure request.

Log in into OBTFPM application and open the task to see the summary tiles. The tiles should display a list of important fields with values. User must be able to drill down from summary Tiles into respective data segments to verify the details of all fields under the data segment.

Authorization Re-Key (Non-Online Channel)

For non-online channel, application will request approver for few critical field values as an authorization step. If the values captured match with the values available in the screen, system will allow user to open the transaction screens for further verification. If the re-key values are different from the values captured, then application will display an error message.

Open the task and re-key some of the critical field values from the request in the Re-key screen. Some of the fields below will dynamically be available for re-key.:

- Currency
- Contract Amount

Re-key is applicable to the first approver in case of multiple approvers. All approvers will however be able see the summary tiles and the details in the screen by drill down from tiles.

Customer - Reject Letter Format

Reject Letter is generated by the system and addressed to the customer, when a task is rejected by the user. The Reject Letter format is as follows:

FROM:

<BANK NAME>

<BANK ADDRESS>

TO:

DATE <DD/MM/YYYY>

<CUSTOMER NAME>

<CUSTOMER ADDRESS>

<CUSTOMER ID>

Dear Sir,

SUB: Your Guarantee Application for Closure of Guarantee Advise <User Ref> under our <Process Reference Number> under our Process Ref <Process Ref No> - Rejected

Further to your recent Closure of Guarantee Advise application request dated <Application Date –DD/MM/YYYY>, under our process ref no <process ref no>, this is to advise you that we will not be able to close the required Guarantee Advise.

After a thorough review of your application and the supporting documents submitted, we have concluded we will not be able to issue the Guarantee due to the below reasons:

<Reject Reason 1>

<Reject Reason 2>

<Reject Reason 3>

On behalf of Demo Bank, we thank you for your ongoing business and trust we will continue to serve you in future.

For any further queries about details of your Closure of Guarantee/SBLC Issued application review, please contact us at our bank customer support ph.no xxxxxxxxxxxx

Yours Truly
