## 1. Understanding Patch Releases

A patch release is an official Oracle patch release for Oracle Banking Corporate Lending Process Management. The fourth & fifth digit in a patch release string indicates the patch release number. The first three digits indicate the release to which the patch is applied.

Each patch release includes libraries and files that have been rebuilt to implement one or more fixes. Each patch release is incremental. In other words, the latest patch release includes new fixes released after last patch released for the same release.

## 2. Patch Requirements

Confirm you are applying this patch release after application of the release 14.5.2.0.0, from Innovation line.

## 3. Applying the Patch Release

Customers installing this patch release should refer to the "Installation Guide" chapter in the Oracle Banking Corporate Lending Process Management 14.5.0.0.0 Installation Guide, which is available here:
