Preface

Understanding the PeopleSoft Online Help and PeopleBooks

The PeopleSoft Online Help is a website that enables you to view all help content for PeopleSoft applications and PeopleTools. The help provides standard navigation and full-text searching, as well as context-sensitive online help for PeopleSoft users.

Hosted PeopleSoft Online Help

You can access the hosted PeopleSoft Online Help on the [Oracle Help Center](#). The hosted PeopleSoft Online Help is updated on a regular schedule, ensuring that you have access to the most current documentation. This reduces the need to view separate documentation posts for application maintenance on My Oracle Support. The hosted PeopleSoft Online Help is available in English only.

To configure the context-sensitive help for your PeopleSoft applications to use the Oracle Help Center, see [Configuring Context-Sensitive Help Using the Hosted Online Help Website](#).

Locally Installed Help

If you're setting up an on-premise PeopleSoft environment, and your organization has firewall restrictions that prevent you from using the hosted PeopleSoft Online Help, you can install the online help locally. See [Configuring Context-Sensitive Help Using a Locally Installed Online Help Website](#).

Downloadable PeopleBook PDF Files

You can access downloadable PDF versions of the help content in the traditional PeopleBook format on the [Oracle Help Center](#). The content in the PeopleBook PDFs is the same as the content in the PeopleSoft Online Help, but it has a different structure and it does not include the interactive navigation features that are available in the online help.

Common Help Documentation

Common help documentation contains information that applies to multiple applications. The two main types of common help are:

- Application Fundamentals
- Using PeopleSoft Applications

Most product families provide a set of application fundamentals help topics that discuss essential information about the setup and design of your system. This information applies to many or all applications in the PeopleSoft product family. Whether you are implementing a single application, some combination of applications within the product family, or the entire product family, you should be familiar with the contents of the appropriate application fundamentals help. They provide the starting points for fundamental implementation tasks.

In addition, the *PeopleTools: Applications User's Guide* introduces you to the various elements of the PeopleSoft Pure Internet Architecture. It also explains how to use the navigational hierarchy, components, and pages to perform basic functions as you navigate through the system. While your application or implementation may differ, the topics in this user's guide provide general information about using PeopleSoft applications.

Field and Control Definitions

PeopleSoft documentation includes definitions for most fields and controls that appear on application pages. These definitions describe how to use a field or control, where populated values come from, the effects of selecting certain values, and so on. If a field or control is not defined, then it either requires no additional explanation or is documented in a common elements section earlier in the documentation. For example, the Date field rarely requires additional explanation and may not be defined in the documentation for some pages.

Typographical Conventions

The following table describes the typographical conventions that are used in the online help.

<i>Typographical Convention</i>	<i>Description</i>
Key+Key	Indicates a key combination action. For example, a plus sign (+) between keys means that you must hold down the first key while you press the second key. For Alt+W , hold down the Alt key while you press the W key.
... (ellipses)	Indicate that the preceding item or series can be repeated any number of times in PeopleCode syntax.
{ } (curly braces)	Indicate a choice between two options in PeopleCode syntax. Options are separated by a pipe ().
[] (square brackets)	Indicate optional items in PeopleCode syntax.
& (ampersand)	When placed before a parameter in PeopleCode syntax, an ampersand indicates that the parameter is an already instantiated object. Ampersands also precede all PeopleCode variables.
⇒	This continuation character has been inserted at the end of a line of code that has been wrapped at the page margin. The code should be viewed or entered as a single, continuous line of code without the continuation character.

ISO Country and Currency Codes

PeopleSoft Online Help topics use International Organization for Standardization (ISO) country and currency codes to identify country-specific information and monetary amounts.

ISO country codes may appear as country identifiers, and ISO currency codes may appear as currency identifiers in your PeopleSoft documentation. Reference to an ISO country code in your documentation does not imply that your application includes every ISO country code. The following example is a country-specific heading: "(FRA) Hiring an Employee."

The PeopleSoft Currency Code table (CURRENCY_CD_TBL) contains sample currency code data. The Currency Code table is based on ISO Standard 4217, "Codes for the representation of currencies," and also relies on ISO country codes in the Country table (COUNTRY_TBL). The navigation to the pages where you maintain currency code and country information depends on which PeopleSoft applications you are using. To access the pages for maintaining the Currency Code and Country tables, consult the online help for your applications for more information.

Region and Industry Identifiers

Information that applies only to a specific region or industry is preceded by a standard identifier in parentheses. This identifier typically appears at the beginning of a section heading, but it may also appear at the beginning of a note or other text.

Example of a region-specific heading: "(Latin America) Setting Up Depreciation"

Region Identifiers

Regions are identified by the region name. The following region identifiers may appear in the PeopleSoft Online Help:

- Asia Pacific
- Europe
- Latin America
- North America

Industry Identifiers

Industries are identified by the industry name or by an abbreviation for that industry. The following industry identifiers may appear in the PeopleSoft Online Help:

- USF (U.S. Federal)
- E&G (Education and Government)

Translations and Embedded Help

PeopleSoft 9.2 software applications include translated embedded help. With the 9.2 release, PeopleSoft aligns with the other Oracle applications by focusing our translation efforts on embedded help. We are not planning to translate our traditional online help and PeopleBooks documentation. Instead we offer very direct translated help at crucial spots within our application through our embedded help widgets. Additionally, we have a one-to-one mapping of application and help translations, meaning that the software and embedded help translation footprint is identical—something we were never able to accomplish in the past.

Using and Managing the PeopleSoft Online Help

Select About This Help in the left navigation panel on any page in the PeopleSoft Online Help to see information on the following topics:

- Using the PeopleSoft Online Help.
- Managing hosted Online Help.
- Managing locally installed PeopleSoft Online Help.

Chapter 1

Getting Started with eProfile

PeopleSoft eProfile Overview

eProfile is a collaborative application that enables employees to maintain their own profiles, thereby decreasing administrative time, costs and increasing data integrity. eProfile ensures that data changes comply with your organization's requirements.

With this application, employees can view, update, and request changes to their personal data, such as:

- Email address.
- Emergency contacts.
- Ethnicity.
- Home and mailing addresses.
- Instant message IDs.
- Marital status.
- Name change.
- Personal information.
- Phone numbers.
- Completing and submitting I-9 information.

For U.S. federal customers, additional transactions include:

- Checking the status of requests they have submitted.
- Requesting a leave of absence.
- Requesting a termination.

PeopleSoft eProfile Business Processes

PeopleSoft eProfile supports these business processes:

- Maintaining name, address, phone number, marital status, date of birth, and other data.
- Requesting leaves of absence or terminations (U.S. federal employees).
- Determining how workflow notifications are received.

PeopleSoft eProfile Implementation

PeopleSoft Setup Manager enables you to generate a list of setup tasks for your organization based on the features that you are implementing. The setup tasks include the components that you must set up, listed in the order in which you must enter data into the component tables, and links to the corresponding documentation.

Other Sources of Information

In the planning phase of your implementation, take advantage of all sources of information about the PeopleSoft system, including installation guides, table-loading sequences, data models, and business process maps.

Refer to the *PeopleSoft HCM 9.2 - Reorganization of Component Interface Permissions* (Doc ID [2342162.1](#)) MOS posting for a list of system-delivered CIs and their usage, the mapping of CIs and associated permission lists, and the mapping of CI permission lists and user roles.

See product documentation for *PeopleTools: Setup Manager*.

Application Fundamentals

Chapter 2

(USF) Setting Up Approvals

Understanding Transactions and Approvals

This overview discusses:

- Approvals and the Approval Framework.
- Employee self-service transactions with approvals.
- Work in progress statuses for approval steps.
- PAR defaults for approved transactions.
- Delivered approval flows.

Approvals and the Approval Framework

The system uses the generic Approval Framework to manage approvals for federal self-service transactions. The Approval Framework is a tool for creating, running, and managing approval processes. Approval workflow is triggered when a requester submits a transaction, such as a promotion. The application hands the transaction over to the Approval Framework, which finds the appropriate approval process definition and launches the approval workflow. The approval process definition controls who must approve the transaction and in what order. Administrators have the ability to monitor the status of Approval Framework approval transactions and to perform various actions on submitted transactions.

See "Understanding Approvals" (Application Fundamentals).

Employee Self-Service Transactions With Approvals

PeopleSoft eProfile includes three federal self-service transactions that include Approval Framework approval processing:

- Name change.
- Address change.
- Marital status change.

Note: The Change Phone Number transaction does not use the approval process. When the request is submitted, it automatically updates the PeopleSoft HR tables.

The Request Leave of Absence and Request Termination transactions use the USFED approval transaction definitions that write directly to the PAR tables. The USFED transaction uses PeopleSoft Workflow (and not the Approval Framework) to manage approvals

See "Understanding WIP Management System Setup" (Application Fundamentals).

Work In Progress Statuses for Approval Steps

The federal work-in-progress (WIP) management system works in tandem with approval processing to automate the tracking and processing of personnel action requests as they move through the steps of the approval process. Each transaction is configured to use specific WIP statuses at each stage of the approval process.

Because the Approval Framework is a generic workflow approval engine, additional setup outside of the Approval Framework is necessary so that you can associated federal work in progress statuses with approval steps.

Note: When associating WIP statuses with approval steps, you manually set up the steps that represent your approval processing steps. If you modify the delivered approval process, take care to keep these step definitions in sync with the Approval Framework process definitions.

See [Defining WIP Statuses for Approval Steps](#).

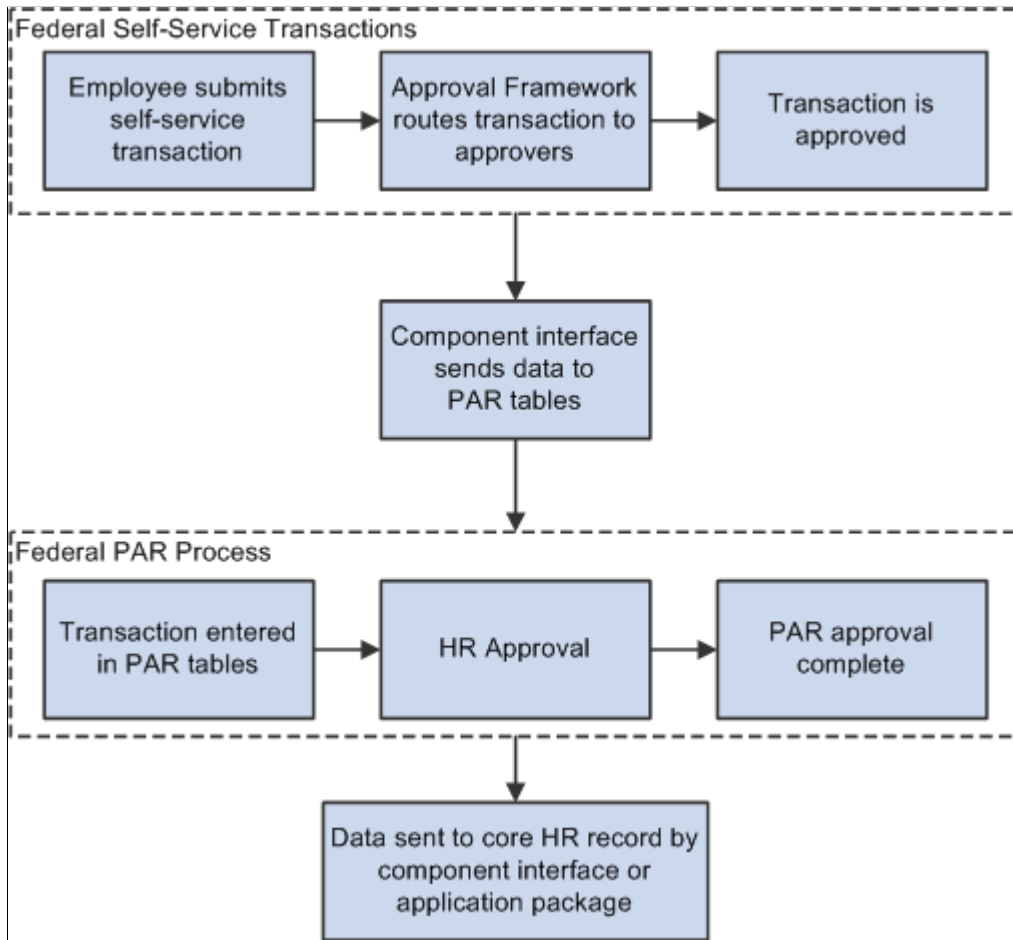

PAR Defaults for Approved Transactions

In PeopleSoft HR, the Personnel Action Request (PAR) system automatically routes a wide variety of requests to reviewing officials in human resources. PAR processing is separate from the Approval Framework approval process and occurs only after all Approval Framework approvals are complete, at which point a component interface automatically pushes the transaction data to the PAR tables.

To support the push to the PAR system, you must provide default values for certain fields that are required in the PAR tables and that are not normally entered by the employee who originates the self-service request.

See [Defining PAR Tracking Data](#).

This process flow diagram illustrates how employee self-service transactions first go through Approval Framework approvals, then get sent to federal PAR processing before any data changes are made to core HR tables:

Delivered Approval Flows

The Approval Framework controls the approval processes for both manager and employee transactions. PeopleSoft delivers fully configured approval processes (including WIP statuses) for all of the U.S. federal self-service transactions. As long as you use the delivered approval processes, no additional configuration is necessary, but you can use the common Approval Framework pages to review (or modify) the delivered configuration.

Approval Framework Process Definitions

These are the Approval Framework process definitions for the PeopleSoft eProfile federal transactions:

<i>Transaction</i>	<i>Approval Framework Process ID</i>
Name change	FederalNameChg
Address change	FederalAddrChg

<i>Transaction</i>	<i>Approval Framework Process ID</i>
Marital status change	FederalMarChg

Approval Framework process definitions include steps for each approver. (The initial request does not get defined as a step.) All three of the delivered process definitions provide a two-step approval process, and each approver has the option to approve or deny the transaction. If either approver denies the transaction, the system closes the request and notifies the originator of the denial.

If both approvers approve the transaction, the system updates the PAR tables (the Federal Job, Federal Personal Data, and the employee tracking tables), which in turn triggers a workflow notification to the person assigned to the Personnelist role.

Defining WIP Statuses for Approval Steps

To define WIP statuses for approval steps, use the Approval Transaction setup (GVT_WIP_RECORD) and Approval Flow Setup USF (GVT_WIP_ACTVTY) components.

These topics provide an overview of WIP statuses and approval steps and discuss how to define WIP statuses.

Pages Used to Define WIP Statuses for Approval Steps

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
<u>Transaction Setup Page</u>	GVT_WIP_RECORD1	Define statuses and status types.
<u>Define Steps Page</u>	GVT_WIP_ACTVTY4	Associate WIP statuses with steps in the approval process for federal self-service transactions. You cannot associate WIP statuses with approval steps for federal self-service transactions until your approval process has been defined. Use the Approval Framework to define the approval process.

Understanding WIP Statuses and Approval Steps

You define the approval steps for your self-service transactions using the Approval Framework. However, additional setup is necessary so that you can associate federal WIP statuses with approval steps.

To define the WIP statuses for approval steps, you must first set up the WIP statuses. Each self-service transaction has its own set of WIP statuses. Oracle delivers a complete set of statuses, but you can review and modify them as necessary.

After defining WIP statuses for each transaction, you need to associate the statuses with the possible actions that can be taken during specific approval steps. When you do this, you to create a row of data for each approval step in the Approval Framework process definition *and* create one additional row to represent the initial request, which does not exist as a step in the Approval Framework process definition. Then, for each approval step, you create a matrix that associates possible actions (such as request, approve, or deny) with the available WIP statuses.

Note: When associating WIP statuses with approval steps, you manually set up the steps that represent your approval processing steps. If you modify the delivered approval process, take care to keep these step definitions in sync with the Approval Framework process definitions.

Transaction Setup Page

Use the Transaction Setup page (GVT_WIP_RECORD1) to define statuses and status types.

Navigation:

Set Up HCM > Product Related > Workforce Administration > Workforce Data USF > Approval Transaction setup > Transaction Setup

This example illustrates the fields and controls on the Transaction Setup page. You can find definitions for the fields and controls later on this page.

The screenshot shows the 'Transaction Setup' page with the following details:

- Transaction:** FE_ADDRESS
- *Description:** Address Change
- *Short Description:** Address
- Avail to Manager Self-Service:**
- Valid WIP Statuses:**
 - *WIP Status: 1ST
 - *Description: First Auth
 - *Short Description: 1st Auth
- Status Type:**
 - Work-in-progress
 - Completed (Final Self Svc Step)
 - Cancelled

Field or Control	Description
Transaction	Displays the self-service transaction whose WIP statuses you are defining.
Avail to Manager Self-Service (available to manager self-service)	Select this option when setting up approvals for self-service transactions. It is recommended that you not change this field for the delivered self-service transactions.

Valid WIP Statuses

Field or Control	Description
WIP Status (work-in-progress status)	<p>Enter a three-character code to represent the status. Each code represents a WIP status that is available for use as the transaction goes through the approval process. Each WIP status has a status type that indicates whether the status represents work in progress, completed work, or cancelled work.</p> <hr/> <p>Note: These codes must be defined as valid statuses for the USFED transaction. This enables the system to process the request using the existing HR Processing USF component when the request has reached final approval in the self-service approval process.</p> <hr/>
Status Type	<p>Select one of these values for each WIP status:</p> <ul style="list-style-type: none"> • <i>Work-in-progress:</i> The status is used for a request that is neither complete nor canceled. • <i>Cancelled:</i> The status is used for a request that has been denied. • <i>Completed (Final Self Svc Step):</i> The status is used for a request that has been approved.

Define Steps Page

Use the Define Steps page (GVT_WIP_ACTVITY4) to associate WIP statuses with steps in the approval process for federal self-service transactions.

You cannot associate WIP statuses with approval steps for federal self-service transactions until your approval process has been defined. Use the Approval Framework to define the approval process.

Navigation:

Set Up HCM > Product Related > Workforce Administration > Workforce Data USF > Approval Flow Setup USF > Define Steps

Select a transaction beginning with *FE* as the Transaction value in the search page.

This example illustrates the fields and controls on the Define Steps page. You can find definitions for the fields and controls later on this page.

Approval Process Steps

<i>Field or Control</i>	<i>Description</i>
Step Number	<p>Enter a number that identifies the order that the approval process will follow. The numbering of the approval steps must be sequential and begin with the number 1. Step 1 must represent the initial request, and subsequent steps must represent the approval steps as defined in the Approval Framework.</p> <hr/> <p>Important! For each federal self-service transaction, this page must list every approval step that was defined in the Approval Framework process definition and an additional step for the initial transaction request.</p> <hr/>

<i>Field or Control</i>	<i>Description</i>
Step Name	<p>Enter a name for this step. The name can be up to 10 characters long.</p>

Actions For Step

Field or Control	Description
On Action Of	<p>Add or modify the action for which you are defining a WIP status. Valid actions are <i>Approve</i>, <i>Deny</i>, or <i>Request</i>.</p> <p>For the first step (which always represents the initial request), create one row for the Request action. For subsequent steps, which represent approver actions, create one row for the Approve action and one row for the Deny action. (The other action in the drop-down list box, <i>Pending</i>, is not valid for the Approval Framework approval process, so you do not need to define a WIP status for this action for any of the approval steps.)</p>

Field or Control	Description
Set Status To	<p>Select the WIP status to assign to the transaction when the selected action takes place. This field prompts against the transaction-specific WIP statuses that you define on the Transaction Setup page. As delivered, the transactions that you configure using this page (that is, all transactions other than USFED) have these four statuses: <i>1st</i> (first authorization), <i>2nd</i> (second authorization), <i>DNY</i> (denied), and <i>REQ</i> (requested).</p>

Defining PAR Tracking Data

To define PAR tracking data, use the Approval Transactions (GVT_WIP_RECORD) component.

These topics provide an overview of default PAR data and describe how to enter the PAR tracking data for federal self-service transactions.

Page Used to Define PAR Tracking Data

Page Name	Definition Name	Usage
Defaults / Admin Page	GVT_WIP_RECORD3	Define PAR tracking data.

Understanding PAR Tracking Data

Self-service transactions are designed so that employees can easily enter requests to change their own personal data and managers can enter requests to change their direct reports' job data. The government

requires that certain information be included with each personnel action request. However, this data would not ordinarily be known by the self-service user.

To ensure that this information is recorded accurately, the system enables you to define the appropriate action/reason codes, Notice of Action (NOA) codes, legal authorities, and PAR remarks for each transaction. This default information is automatically written to the government PAR records when the federal component interface is run at the completion of the final self-service step for the transaction.

Related Links

"Understanding the Administering PAR System" (PeopleSoft Human Resources Administer Workforce)

Defaults / Admin Page

Use the Defaults / Admin page (GVT_WIP_RECORD3) to define PAR tracking data.

Navigation:

Set Up HCM > Product Related > Workforce Administration > Workforce Data USF > Approval Transaction setup > Defaults / Admin

This example illustrates the fields and controls on the Defaults / Admin page. You can find definitions for the fields and controls later on this page.

The screenshot shows the 'Defaults / Admin' page for 'Transaction FE_ADDRESS'. It features two main sections:

- PAR Defaults:** A table-like structure with two columns. The left column contains labels and input fields with search icons: 'Action' (DTA), '*Reason Code' (STC), 'Nature of Action Code' (800), 'Legal Authority (1)' (CGM), 'Legal Authority (2)', and 'PAR Remarks'.
- Self Service Administrator:** A section with a '*Administrator Role' dropdown menu set to 'Federal Self Service Admin', and two checkboxes: 'Notify on CI Success' and 'Notify on CI Warning'. A link for 'CI / Notification Details' is located below the checkboxes.

PAR Defaults

<i>Field or Control</i>	<i>Description</i>
Action	Select the action that you want written to the government PAR tables for the transaction. These codes are defined on the Action Reasons page.
<i>Field or Control</i>	<i>Description</i>
Reason Code	Select the reason code that you want written to the government PAR tables for the transaction. These codes are defined on the Action Reasons page.
<i>Field or Control</i>	<i>Description</i>
Nature of Action Code	Select the nature of action code that you want written to the government PAR tables for the transaction. These codes are defined on the Nature of Action Table page.
<i>Field or Control</i>	<i>Description</i>
Legal Authority (1)	Select the legal authority (1) that you want written to the government PAR tables for the transaction. These codes are defined on the Legal Authority page.
<i>Field or Control</i>	<i>Description</i>
Legal Authority (2)	Select the legal authority (2) that you want written to the government PAR tables for the transaction. These codes are defined on the Legal Authority page.
<i>Field or Control</i>	<i>Description</i>
PAR Remarks	Select the PAR remarks that you want written to the government PAR tables for the transaction. These codes are defined on the Personnel Action Rqst Rmks page.

Identifying Self-Service Administrators and Defining Notification Details

To identify self-service administrators and define notification details, use the Approval Transaction setup (GVT_WIP_RECORD) component.

These topics provide an overview of the self-service administrator's role and discuss how to identify the self-service administrator and define notification details.

Pages Used to Identify the Self-Service Administrator and Define Notification Details

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
<u>Defaults / Admin Page</u>	GVT_WIP_RECORD3	Identify the self-service administrator and define PAR tracking data.
<u>CI / Notification Details Page</u> (component interface / notification details)	FE_CI_DETAIL	Define notification and self-service administrator details.

Understanding the Self-Service Administrator's Role

Problems may occur when the federal component interface updates the federal PAR tables. The system is designed to recognize:

- Errors
- Warnings
- Successful completions

You use the Defaults / Admin page to define the role of the person that you want to receive the notification when any of these conditions occur.

Note: It is recommended that you not change the information on this page for the delivered federal self-service transactions.

Component Interface

<i>Field or Control</i>	<i>Description</i>
Component Interface	Select the name of the component interface process that is used for this transaction.

<i>Field or Control</i>	<i>Description</i>
Collection	Select the name collection that is used by the component interface process for this transaction.

<i>Field or Control</i>	<i>Description</i>
Record	Select the name of the record that is used by the component interface process for this transaction.

<i>Field or Control</i>	<i>Description</i>
Exception Table	Select the name of the exception table that is used by the component interface process to store errors and warnings for this transaction.

SS Administrator Notification

<i>Field or Control</i>	<i>Description</i>
Business Process	Select the name of the business process that is triggered to send component interface notifications to the self-service administrator.

<i>Field or Control</i>	<i>Description</i>
Activity	Select the name of the activity that is triggered to send component interface notifications to the self-service administrator.

<i>Field or Control</i>	<i>Description</i>
Event	Select the name of the event that is triggered to send component interface notifications to the self-service administrator.

Chapter 3

Using eProfile

Prerequisites for Using eProfile

Before you can use the eProfile transactions,

1. Activate eProfile on the Installation Table.

See "Products Page" (Application Fundamentals).

2. Define position management on the HCM Options page.

The position management setting determines whether automatic updates, by nonadministrators, are allowed for certain transactions. Automatic updates can occur only if position data is not affected.

See "HCM Options Page" (Application Fundamentals).

See "Configuring Self-Service Transactions" (Application Fundamentals).

3. Set up security.

eProfile uses permission lists, roles, and user profiles to authorize or deny access to transactions and data. The following table lists the permissions and roles delivered with eProfile:

Permission Lists	Roles
HCCPSS2000	Manager
HCCPFE2000	Manager Self Service - Fed
HCCPFE1060	Personal Info-Employee - Fed

Note: Remember to enter an email address for each user profile; otherwise, email routings that are used by workflow will not work.

See "Understanding PeopleSoft Security" (Application Fundamentals) and "Understanding Data Permission Security for HCM" (Application Fundamentals).

4. Define whether a transaction automatically updates the database.

Use the Self Service Workflow Configurations page to define whether the transaction will update the database without an administrator's intervention.

See "Workflow Configurations Page" (Application Fundamentals).

5. Define rules for workflow notifications.

Workflow can be set up to notify the administrator when a transaction successfully updates the database and when the system detects a warning with the update.

See "Admin Notification Setup Page" (Application Fundamentals).

6. Set up the manager's data access to his or her direct reports.

eProfile uses access types to control a manager's access to employee data. Normally, the manager who initiates a transaction can view only data for his or her direct reports. Access types enable the system to determine who reports to the initiating manager.

See "Configuring Direct Reports Functionality" (Application Fundamentals).

7. Configure the USFED WIP transaction.

See "Understanding WIP Management System Setup" (Application Fundamentals).

Reviewing and Updating Personal Information

These topics provide an overview of reviewing and updating personal information and list the pages that are used to review and update personal information.

Pages Used to Review and Update Personal Information

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
Personal Information Summary Page	HR_EE_PERS_INFO	<p>Employees view a summary of and are able to change their personal information in the PeopleSoft database.</p> <p>When the Allow Employee to Upload Photo option is enabled on the Installation Table - "HCM Options Page" (Application Fundamentals), the Update Photo link enables you to change photo display options. For more information on uploading your own photo, see Select Photo Page.</p> <p>Available fields for an employee may vary by country.</p>
Address Change Page	HR_HOME_MAILING	<p>Initiate the address change request.</p> <p>You can enter only current or future effective-dated address changes to avoid processing issues with benefits and payroll.</p>
Address Change - Submit Page	FE_ADDRESS_STS	Confirms that the request was submitted.

Page Name	Definition Name	Usage
Disability - Voluntary Self-Identification of Disability	HR_DISABILITY	<p>Employees use this self-service page to complete and file Form CC-305 disability data electronically.</p> <p>When the employee submits the Voluntary Self-Identification of Disability page, the system tracks and stores the data (employee's name, user ID, date of submission, and response regarding disability) in the Section 503 Disability group box on the Disability page in the Personal Information - Disability component.</p>
Email Addresses Page	HR_EMAIL_ADDRESSES	<p>Employees view, add, change, and delete email addresses in the PeopleSoft database. Employees can view business emails, if available, but cannot add, change, or delete business email addresses; only the system administrator can do this.</p>
Emergency Contacts Page	HR_EMERGENCY_CNTCT	<p>Employees view, add, change, and delete emergency contact information in the PeopleSoft database.</p>
Emergency Contact Detail Page	HR_EMERG_CNTCT_DET	<p>View, add, and change emergency contact address and telephone information.</p>
Ethnic Groups Page	HR_ETHNIC_GROUPS	<p>Employees self-identify their ethnic groups by adding data to the Ethnic Groups grid.</p> <p>Non-U.S. employees always see this version of the Ethnic Groups page, but U.S. employees see this version only if the Two-Question Format (Ethnicity) check box on the Installation Table - Country Specific page is <i>not</i> selected.</p>
Ethnic Groups (USA) Page	HR_ETHNIC_GROUPS2	<p>U.S. Employees self-identify their ethnic groups by answering two questions about their race and ethnicity.</p> <p>U.S. employees see this version of the Ethnic Groups page only if the Two-Question Format (Ethnicity) check box on the Installation Table - Country Specific page is selected.</p>

Page Name	Definition Name	Usage
Home and Mailing Address Page	HR_HOME_MAILING	Employees view and change home and mailing addresses in the PeopleSoft database.
Instant Message IDs Page	HR_IM_CHAT_IDS	Add or update your own instant message IDs through the self-service pages. When you save this page, the system updates the Contact Information page for personal data in HR. Managers can view the instant message IDs through the manager self-service pages for their employees.
Marital Start Page	W3EB_MARR_START	Employees view current marital status and can begin the process to request a change to marital status in the PeopleSoft database.
Marital Status Change Page	HR_EE_MAR_STATUS	Employees view current marital status and submit a request to change marital status in the PeopleSoft database.
Marital Status Change (USF) Page	FE_MARITAL	Submit a marital status change.
Marital Status Change Page	FE_MARITAL_STS	Confirms that the request was submitted.
Name Change Page	HR_EE_NAME	Employees submit a name change request. (USA) All name changes for USA employees must match the name provided on their social security card.
Name Change USF Page	FE_EE_NAME	Federal employees submit a name change request.
Name Change USF Page	FE_EE_NAME_STS	Confirms that the request was submitted.
Phone Numbers Page	HR_PERSONAL_PHONE	Employees view, add, change, and delete personal phone numbers in the PeopleSoft database.
Phone Number (USF) Page	FE_EE_PHONE_CHG	Submit a phone number change.
Save Confirmation Page	EO_SAVE_CONFIRM	Confirm that the phone number change was saved.

Page Name	Definition Name	Usage
"Employment Eligibility Verification Page, Section 1" (PeopleSoft Human Resources Administer Workforce)	HR_19_EE	Complete the Employment Eligibility Verification form (Form I-9).

To view and update self service personal data using PeopleSoft Fluid User Interface, see [Using the PeopleSoft Fluid User Interface to Review and Update Personal Information](#).

Understanding Reviewing and Updating Personal Information

PeopleSoft delivers the following transactions that enable employees to view, add, change, and delete personal information in the PeopleSoft database.

Commercial	Federal
Personal Information Summary	Personal Information Summary
Complete and Submit I-9 Form	Address Change
Disability	Email Addresses
Email Addresses	Emergency Contacts
Emergency Contacts	Ethnic Groups
Ethnic Groups	Marital Status
Home and Mailing Address	Name Change
Instant Message IDs	Phone Number Change
Marital Status	
Name Change	
Phone Numbers	

The following transactions can be configured to automatically update the database and send notifications to the administrator:

- Name change
- Marital status change

- Address change

If workflow is activated, when a user performs one of these transactions, the system automatically routes the transaction request to the appropriate person for approval. Updating your personal information becomes a two-step process:

1. The employee submits the change request.
2. The administrator finalizes the change request.

(USF) When the request has been submitted, employees can review the status of the change requests that they have submitted.

Using the PeopleSoft Fluid User Interface to Review and Update Personal Information

This topic discusses how employees use the PeopleSoft Fluid User Interface to view and update their personal information. The fluid pages discussed in this topic have classic equivalents that are discussed in the topic [Reviewing and Updating Personal Information](#).

This video provides an overview of the PeopleSoft Fluid user interface experience:

Video: [PeopleSoft Fluid User Interface Experience in HCM](#)

Video: [Image Highlights, PeopleSoft HCM Update Image 37: Validations and Formatting for Phone Numbers and Emails](#)

For general information about Fluid pages in PeopleSoft HCM, see "Understanding PeopleSoft Fluid User Interface Home Pages" (Application Fundamentals)

Pages Used to Review and Update Personal Information Using the PeopleSoft Fluid User Interface

Page Name	Definition Name	Usage
Personal Details Tile	HC_HR_PDTL_LAUNCH_FL_GBL (this is the cref for the tile)	Access a group of fluid pages that are used to view and maintain your personal information.
Personal Details Dashboard	HC_HR_PERS_DTLS_FL_GBL (cref for the Personal Details dashboard)	View dynamic data for personal data using tiles.

Page Name	Definition Name	Usage
<u>Personal Details Navigation Collection</u>	N/A	View and update personal details within the context of a multi-panel layout. When using a medium to large form factor device, the application displays a left panel navigation, which consists of page category tabs from which you select to view contextual data in the main panel. When using a small form factor, such as a smartphone, the page category items will display by default when you select the Personal Details tile. Select a page list item to access that page.
<u>Select Photo Page</u>	HRCD_USER_PICS_SCF	Upload or select an employee photo to display in self-service and throughout the system.
<u>Addresses (Summary) Page</u>	HR_EE_ADDR_FL	View your home address and mailing address.
<u>Address (Detail) Page</u>	ADDRESS_DFT_SCF	Update address information and view or add attachments that may support the update.
<u>Contact Details Page</u>	HR_EE_CONTACTS_FL	Review your phone numbers, email addresses, and instant messaging IDs.
<u>Phone Number Page</u>	HR_CNCT_PHONE_SCF	Add, update, or delete a phone number.
<u>Email Address Page</u>	HR_EMAIL_ADDRS_SCF	Add, update, or delete an email address.
<u>Instant Message Page</u>	HR_IM_CHAT_SCF	Add, update, or delete an instant messaging ID.
<u>Emergency Contacts (Summary) Page</u>	HR_EMERG_CNTCT_FL	View a list of your emergency contacts.
<u>Emergency Contact (Detail) Page</u>	HR_EMERG_CNTCT_SCF	Add, update, or delete an emergency contact.
<u>Emergency Contact - Address Page</u>	HR_EMERG_ADDR_SCF	Add, update, or delete an address for an emergency contact.
<u>Emergency Contact - Phone Page</u>	HR_EMERG_PHONE_SCF	Add, update, or delete a phone number for an emergency contact.
<u>Social Media (Summary) Page</u>	HR_EE_SOC_MEDIA_FL	Review your social media accounts.

Page Name	Definition Name	Usage
<u>Social Media (Detail) Page</u>	HR_SOC_MEDIA_SCF	Add, update, or delete social media accounts on your personal profile.
<u>Marital Status Page</u>	W3EB_SEL_EVNT_FLU (if eBenefits is active) HR_EE_MARITAL_FL (if eBenefits is not active)	Enter a marital status change.
<u>Name (Summary) Page</u>	HR_EE_NAME_FL	View your current name and any pending name change requests
<u>Name (Detail) Page</u>	NAME_DFT_SCF	Enter name change information and view or add attachments that may support the update.
<u>Gender Identity Page</u>	HR_EE_GENDER_FL	View a summary of your gender identity and expression details.
<u>Gender Details Page</u>	GENDER_EDIT_SCF	View or enter gender identity and expression details.
<u>Ethnic Groups Page</u>	HR_ETHNIC_GRP_FL	View your ethnic group data.
<u>Ethnicity Page</u>	HR_ETHNIC_GRP2_SCF	Enter ethnicity information when the system is configured to collect the information using the two-question format.
<u>Ethnic Group Page</u>	HR_ETHNIC_GRP_SCF	Add, update, or delete an ethnic group from your personal data.
<u>Disability - Voluntary Self-Identification of Disability Page</u>	HR_DISABILITY_FL	Complete and file Form CC-305 disability data electronically.
<u>Veteran Status Page</u>	HR_VET_STATUS_FL	Enter and update self-identification veteran information.
<u>(USA) Form I-9 Page</u>	HR_I9_EE_FL	Access the I-9 instructions PDF, access the Form I-9 page (HR_I9_EE) where you enter personal employee eligibility information, and review the date on which you submitted your Form I-9,

Page Name	Definition Name	Usage
Employment Eligibility Verification Page, Section 1	HR_I9_EE	Complete the employer sections (2 and 3) of the Form I-9. See "Employment Eligibility Verification Page, Section 1" (PeopleSoft Human Resources Administer Workforce) (HR_I9_EE) and "Employment Eligibility Verification Page, Section 2 and Section 3" (PeopleSoft Human Resources Administer Workforce) (HR_I9_ADMIN_SEC2) in your <i>Human Resources Administer Workforce</i> product documentation.
USCIS Form I-9 - Submit Confirmation Page	EO_SUBMIT_CONFIRM	View a confirmation that you have successfully submitted the Form I-9. See "(USA) Managing I-9 Information" (PeopleSoft Human Resources Administer Workforce) in your <i>Human Resources Administer Workforce</i> product documentation.
<u>Business Partners Page</u>	HR_EE_BUS_PRTNR_FL	View your business partners and their contact information.
<u>Additional Information Page</u>	HR_ADDTL_INFO_FL	Review miscellaneous personal information.

Personal Details Tile

Use the Personal Details tile to access a group of fluid pages that are used to view and maintain your personal information.

Navigation:

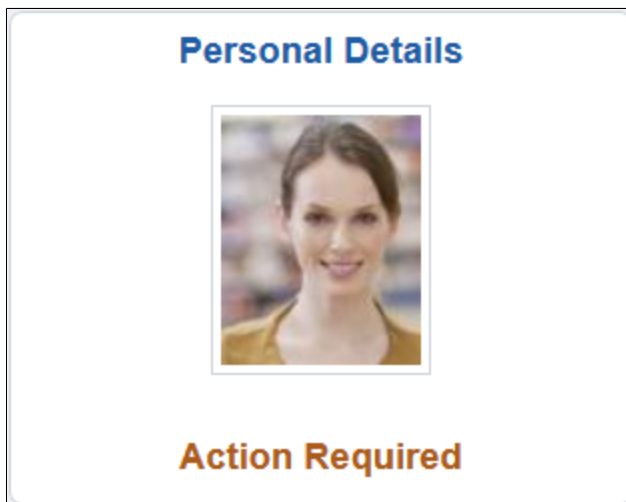

Select **Fluid Home** under the main menu. On the page that appears, select *Employee Self Service*. The Personal Details tile is available on the Employee Self Service landing page.

As an employee, you can add the tile, through personalization, to a system-delivered homepage or a homepage that you create.

This example illustrates the Personal Details tile.

This example illustrates the Personal Details tile displaying the *Action Required* message. This message appears when an employee working in the U.S. needs to submit I-9 form information.

Depending upon the system setup and personal preferences, the picture may display a default photo.

Select the Personal Details tile to access a collection of frequently-used employee transactions easily without using traditional menu navigations. These self-service transaction pages may include:

- [Select Photo Page](#)
- [Addresses \(Summary\) Page](#)
- [Contact Details Page](#)
- [Emergency Contacts \(Summary\) Page](#)
- [Social Media \(Summary\) Page](#)
- [Marital Status Page](#)
- [Name \(Summary\) Page](#)

- [Gender Identity Page](#) (This page is not available from the navigation collection)
- [Ethnic Groups Page](#)
- [Disability - Voluntary Self-Identification of Disability Page](#)
- [Veteran Status Page](#)
- [\(USA\) Form I-9 Page](#)
- [Business Partners Page](#)
- [Additional Information Page](#)

Accessing Personal Details Transaction Pages

The layout and how you access the self-service transaction pages within the Personal Details component will vary based on your role security. The PeopleSoft application provides you with two Personal Details navigation methods based on user role:

- [Personal Details Dashboard](#): This access method displays tiles on the Personal Details dashboard. The tiles contain live data that can help indicate to users if they need to perform actions. When accessing the transaction pages through the dashboard tiles, the title of the page will appear in the banner at the top of the page.

To view this dashboard and tiles, you must be assigned the *Fluid Dashboard - Person Dtls* role.

- [Personal Details Navigation Collection](#): This access method displays the fluid navigation collection folders and links in the left panel. When accessing the transaction pages through the navigation collection, the title of the page will appear on the content page.

To view the navigation collection, you should *not* be assigned the *Fluid Dashboard - Person Dtls* role.

Note: Throughout this topic, the page illustrations show the individual transaction pages as it appears when accessing the pages through the navigation collection (with the page title on the page). Keep in mind that:

—When accessing the transaction pages through the dashboard, the title of the transaction does not appear on the page but rather in the banner above the page.

—When accessing the transaction pages through the navigation collection, even though the left navigation panel is not illustrated, remember that the navigation panel appears within the framework of the medium and large form factor pages.

Personal Details Dashboard

Use the Personal Details dashboard (cref HC_HR_PERS_DTLS_FL_GBL) to view dynamic data for personal details using tiles.

Navigation:

Select the Personal Details tile.

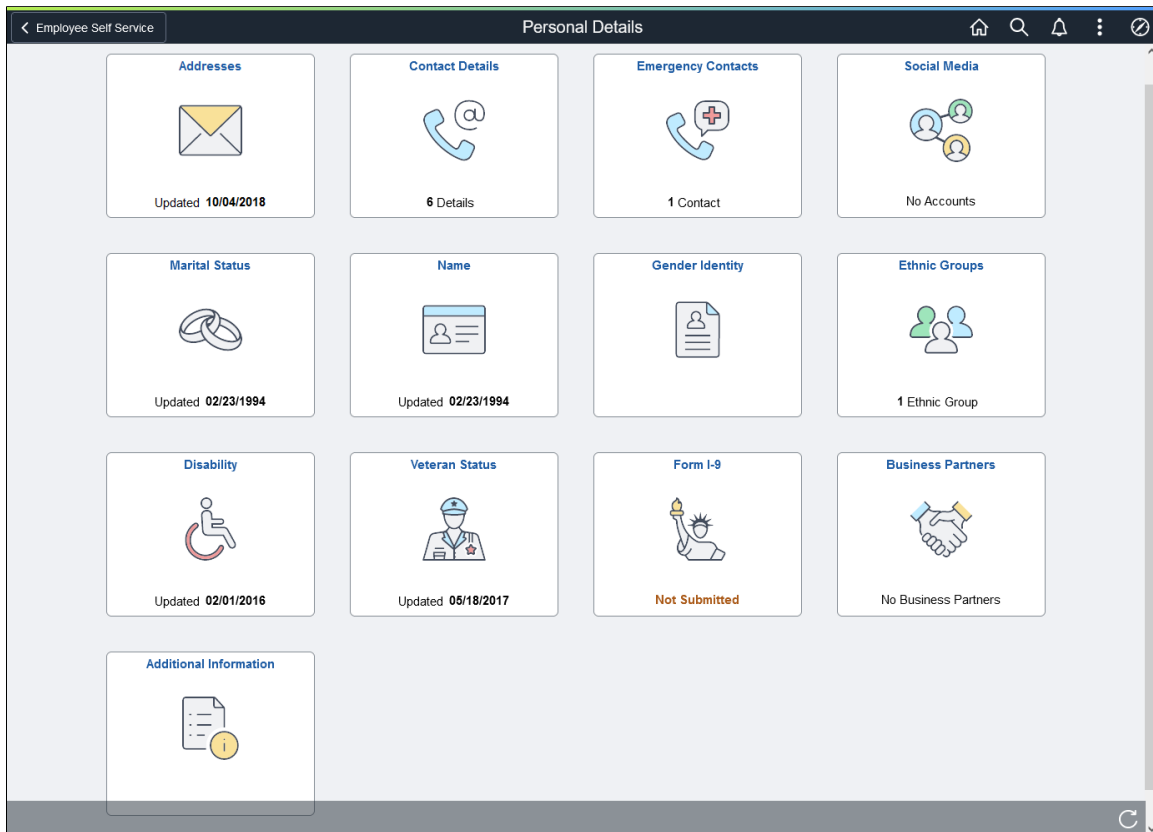

Note: The Personal Details dashboard is displayed if the logged-in user is a member of the *Fluid Dashboard - Person Dtls* user role.

The Personal Details dashboard displays in a multi-tile layout and provides a two-step process to view and update personal information. This navigation type consists of the following pages and sections:

Dashboard Tiles

Displays self-service transaction tiles. Each tile lists pertinent data of the corresponding transaction for quick reference and indicates to the user if he or she needs to perform an action or the last time he or she updated the information. For example, many of the tiles display the last time a user updated the information, the number of details the user has recorded for the transaction, or if action needs to be or has been taken. Users can add, delete, or move tiles as needed using the Personalize Dashboard actions menu option. If a user does not have access to a transaction, then the tile will display a message indicating that he or she does not have access to this information.

This example illustrates Personal Details dashboard.

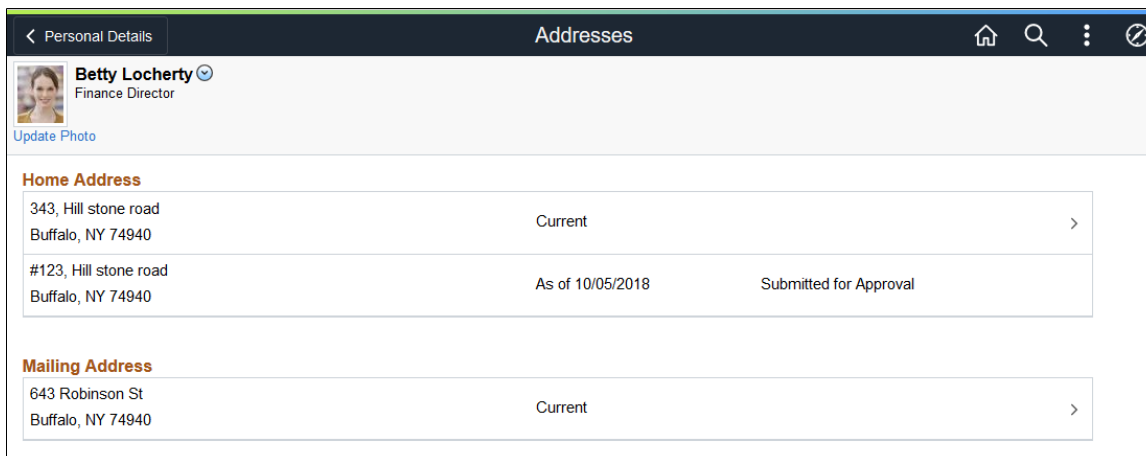

Video: [Image Highlights, PeopleSoft HCM Update Image 34: Self-Service Navigation Updates](#)

Select a tile to access the transaction page and view more details or potentially update transactional details.

Transaction Page

The Personal Details transaction pages display the employee content that corresponds to the transaction tile you selected on the dashboard and consists of the following sections:

This example illustrates the Personal Details - Addresses page accessed from the Personal Details dashboard.

Banner and Page Title

The application displays the name of the transaction in the banner above the page after you select the tile.

Field or Control	Description
 Personal Details Back button	Click the back button to return to the Personal Details dashboard and access other transaction tiles.

Header (Sub-Banner)

Below the banner, above the transaction content page, is the header and it includes the employee’s name, job title, the Update Photo link if enabled on the Installation Table ([Select Photo Page](#)), and the Related Actions menu icon. The related actions icon provides access to additional self-service transactions, if applicable.

See "Common Header for Employee Self-Service Pages" (Application Fundamentals)

Content

The page displays the employee content that corresponds to the transaction tile you selected on the dashboard.

Personal Details Navigation Collection

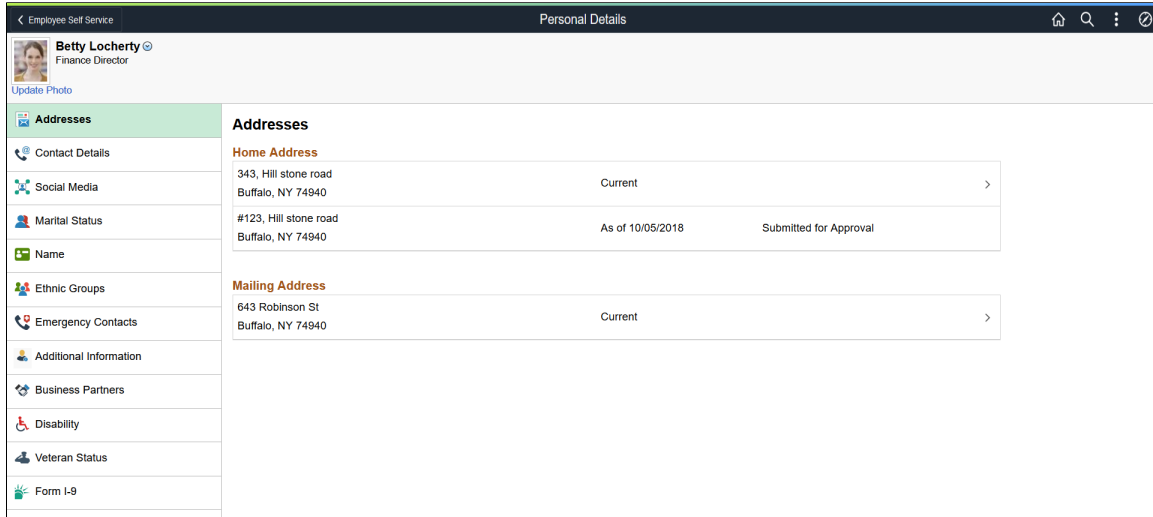

Use the Personal Details dashboard to view or update personal details within the context of a multi-panel layout.

Navigation:

Select the Personal Details tile.

Note: The Personal Details navigation collection is displayed if the logged-in user is *NOT* a member of the *Fluid Dashboard - Person Dtls* user role.

This example illustrates the Personal Details page layout for a larger device. The left panel navigation shows a list of pages and the content that corresponds to the current category appears in the right panel.

The screenshot displays the 'Personal Details' page for Betty Locherty, Finance Director. The page is divided into a left navigation panel and a main content area. The navigation panel includes links for 'Addresses', 'Contact Details', 'Social Media', 'Marital Status', 'Name', 'Ethnic Groups', 'Emergency Contacts', 'Additional Information', 'Business Partners', 'Disability', 'Veteran Status', and 'Form I-9'. The 'Addresses' section is currently selected and expanded in the main content area.

Addresses		
Home Address		
343, Hill stone road Buffalo, NY 74940	Current	>
#123, Hill stone road Buffalo, NY 74940	As of 10/05/2018	Submitted for Approval
Mailing Address		
643 Robinson St Buffalo, NY 74940	Current	>

This example illustrates the Personal Details page layout on a small form factor device. In the first image, the left panel is hidden, which is the default when you first access the Personal Details pages. In the second image, the left panel is exposed by clicking the navigation tab, which enables you to select other pages.

The Personal Details navigation collection page consists of the following panels and sections:

Header (Sub-Banner)

The top panel displays the header and includes the employee's name, job title, if enabled on the Installation Table the Update Photo link ([Select Photo Page](#)), and the Related Actions menu icon. The related actions icon provides access to additional self-service transactions, if applicable.

See "Common Header for Employee Self-Service Pages" (Application Fundamentals)

Content Navigation

You will access the panel navigation slightly differently when using a large or small form factor device:

- (Tablet or Desktop) *Left panel navigation*: When using a large form factor device, like a tablet or workstation, the Personal Details pages display a left navigation panel. This left panel lists the various

page categories that make up the employee personal data. Select the navigation collection page name in the left panel to display the content in the right, or main panel. By default, the system displays the transaction page of the first navigation collection page.

- (Smartphone) *Hidden panel navigation*: When using a small form factor device, like a smartphone, select the show panel navigation tab in the middle, left of the page to expand the panel and select other Personal Details pages. The small form factor devices also show the page name in the banner. By default, the system displays the transaction page of the first navigation collection page.

<i>Field or Control</i>	<i>Description</i>
 (show or hide panel navigation) tab	Select the left tab to display the navigation collection and access transaction pages.

Content Panel

The main panel displays the employee content that corresponds to the category, or transaction, you selected in the navigation panel. It is the default display when using a small device.

Select Photo Page

Use the Select Photo page to upload or select an employee photo to display in self-service and throughout the system.

Navigation:

Select the **Update Photo** link beneath the photo within the header of any of the Personal Details transaction pages.

Note: The **Update Photo** link is available only when the **Allow Employee to Upload Photo** option is enabled on the Installation Table - "HCM Options Page" (Application Fundamentals)

This example illustrates the Select Photo page.

Use these option to choose the photo for pages that display an employee photo throughout the system:

Field or Control	Description
Upload	Select to upload your own photo image. This image becomes the My Photo image. The photo must be a JPEG. The system will re-size photos to not exceed 256KB.
My Photo	Select this option to have the pages that display an employee photo show the latest photo image that you have uploaded. If you have not uploaded an image for yourself, this option is not available.
HR Photo	Select this option to have the pages that display an employee photo show the official HR photo image of yourself.
No Photo	Select this option to have the pages that display an employee photo show a dummy photo image.

Addresses (Summary) Page

Use the Addresses (Summary) page (HR_EE_ADDR_FL) to view your home address and mailing address.

Navigation:

- Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page.
If you are already on a Personal Details fluid page, select the Addresses tab or tile.
- **Self Service >Personal Information >Personal Details**

This example illustrates the Addresses (summary) page.

Addresses		
Home Address		
1430 North West Blvd Apt B215 Guttenberg, NJ 07093	Current	>
Mailing Address		
PO Box 2781 Guttenberg, NJ 07093-2781	As of 05/23/2018	Submitted for Approval
1430 North West Blvd Apt B215 Guttenberg, NJ 07093	Current	>

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner.

Select an address to view details on the [Address \(Detail\) Page](#) and make changes.

When using approvals (AWE) and the user submits a change request for this transaction, the row will show the current row and the proposed change request row. The change request row will show the as of date and the status that it has been sent for approval. You cannot access the address details for pending requests. If the request is approved, the new address will become the current row on the as of date, at which point the earlier address will no longer appear on the page.

For information on where to approve a request, see "Using Fluid Approvals to Approve Self Service Transaction Requests" (PeopleSoft eProfile Manager Desktop).

Address (Detail) Page

Use the Address (detail) page (ADDRESS_DFT_SCF) to update address information and view or add attachments that may support the update.

Navigation:

- Select an address on the Addresses (summary) page to update an existing address.
- Select the Add Address button or icon to add a new address. This option is available for an address type (home or mailing address) only if no address currently exists.

This example illustrates the Address (detail) page.

Attachments

Attachments	Description	Attached By	Attached	1 row
POBoxConfirmation.png	Mailing address confirmation	Rosanna Channing	05/23/18 09:54:22 AM	<input type="button" value="🗑"/>

The address format varies depending on the value in the **Country** field.

When approvals workflow has been set up for this transaction and you select **Save**, the top of the page will display a confirmation that the transaction request has been sent for approval.

Attachments

Use this section to manage attachments by uploading, deleting, or updating attachments using fluid. Attachments are not accessible from the classic pages. Attachments are saved in the PS_HR_ESS_ADDR_ATT table. When a user submits an address change for approval, all attachments on this page will be sent with the request. To send an address change request without an attachment, remove the items from this section.

<i>Field or Control</i>	<i>Description</i>
Add Attachment	Select this button to access the File Attachment page and upload files.

Field or Control	Description
Attachments and Description	Select the link to download and view the attachment. Enter a description, or the field will use the attachment file name as the description upon saving the page, which you can overwrite.
 (Delete) button	Select this button to remove an attachment from your personal details address page.

Managers use fluid Approvals to view attachments for an *Address Change* transaction request using the "Attachments Page" (PeopleSoft eProfile Manager Desktop).

The following videos provide an overview and demonstration of the Fluid Attachment framework:

Video: [PeopleSoft Fluid HCM Attachments](#)

Video: [Image Highlights, PeopleSoft HCM Update Image 27: Fluid HCM Attachments Uptake for Address Transaction](#)"Understanding Country Codes" (Application Fundamentals)

Related Links

"Administering Country Codes" (Application Fundamentals)

Contact Details Page

Use the Contact Details page (HR_EE_CONTACTS_FL) to review your phone numbers, email addresses, and instant messaging IDs.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Contact Details tab or tile on the Personal Details page.

This example illustrates the Contact Details page.

Contact Details

Phone

+

Number	Extension	Type	Preferred
925.694.0025		Business	>
555/123-4567		Home	>
555/123-4567		Main	✓ >

Email

+

Email Address	Type	Preferred
betty@xyzcompany.com	Business	>
blocherty@myemail.com	Home	✓ >

Instant Message

+

ID	Protocol	Domain	Preferred
BettyLocherty	YAHOO	YAHOO	✓ >

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner.

Select a row to update or delete a contact type or select the Add button for a section to add a contact. This will take you to one of the following pages:

- [Phone Number Page](#)
- [Email Address Page](#)
- [Email Address Page](#)

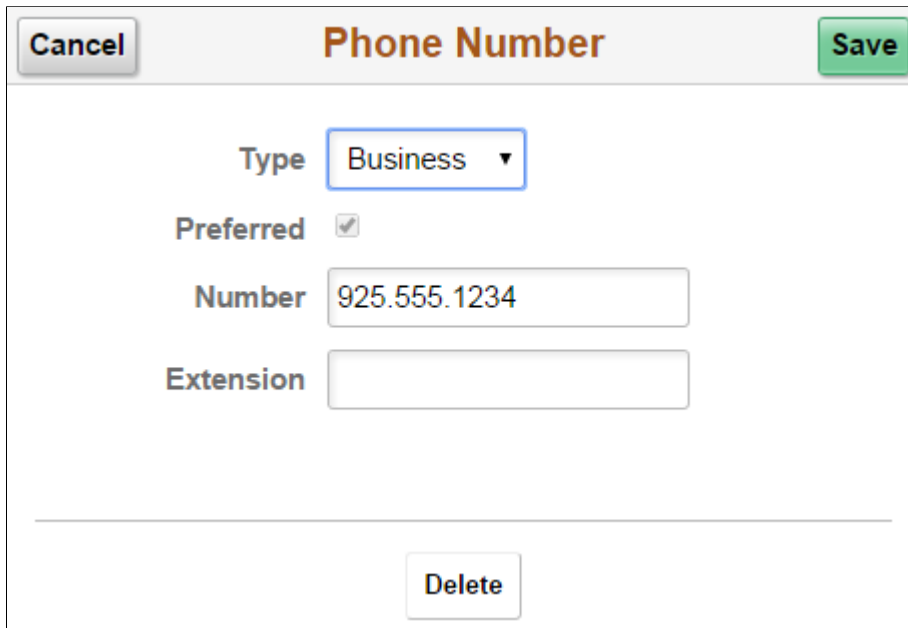

Phone Number Page

Use the Phone Number page (HR_CNCT_PHONE_SCF) to add, update, or delete a phone number

Navigation:

- Select a phone number row on the Contact Details page to update or delete an existing phone number.
- Select the Add Phone Number button or icon to create a new phone number.

This example illustrates the Phone Number page.

The screenshot shows a web form titled "Phone Number". At the top left is a "Cancel" button, and at the top right is a "Save" button. The form fields are: "Type" (a dropdown menu with "Business" selected), "Preferred" (a checked checkbox), "Number" (a text input field with "925.555.1234"), and "Extension" (an empty text input field). A "Delete" button is positioned at the bottom center of the form.

Only one phone number can be preferred, so selecting the Preferred check box removes the preferred status from any other phone number.

Select the Delete button to remove the phone number. If you delete a preferred phone number, the system displays a confirmation message. If the delete is confirmed, the system automatically marks the first remaining phone number as preferred.

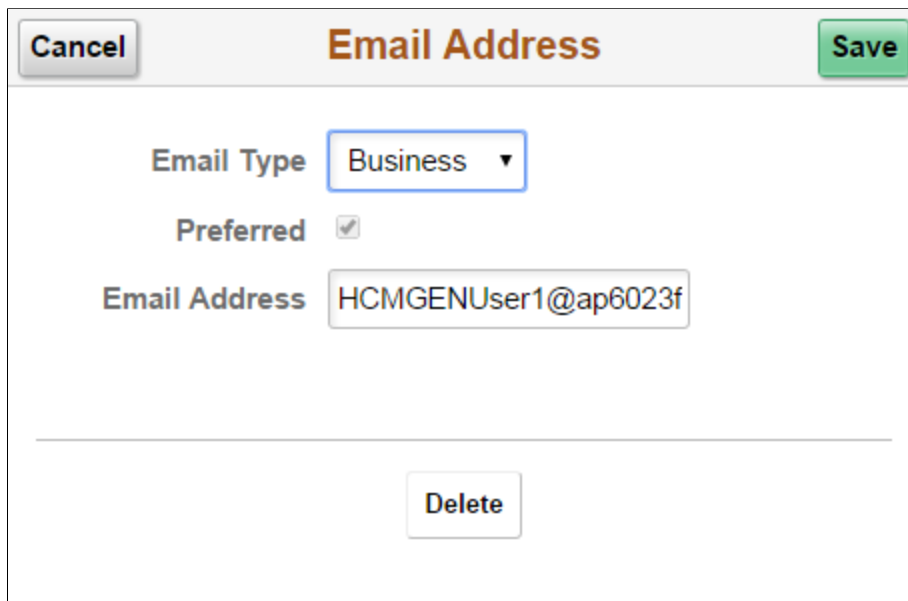

Email Address Page

Use the Email Address page (HR_EMAIL_ADDRS_SCF) to add, update, or delete an email address.

Navigation:

- Select an email address row on the Contact Details page to update or delete an existing email address.
- Select the Add Email Address button or icon to create a new email address.

This example illustrates the Email Address page.

The screenshot shows a web form titled "Email Address". At the top left is a "Cancel" button, and at the top right is a "Save" button. The form contains three main fields: "Email Type" is a dropdown menu currently showing "Business"; "Preferred" is a checked checkbox; and "Email Address" is a text input field containing "HCMGENUser1@ap6023f". A "Delete" button is positioned at the bottom center of the form area.

Only one email address can be preferred, so selecting the Preferred check box removes the preferred status from any other email address.

Select the Delete button to remove the email address. If you delete a preferred email address, the system automatically marks the first remaining email address as preferred.

Instant Message Page

Use the Instant Message page (HR_IM_CHAT_SCF) to add, update, or delete an instant messaging ID.

Navigation:

- Select an instant message ID row on the Contact Details page to update or delete an existing instant message ID.
- Select the Add Instant Message button or icon to create a new instant message ID.

This example illustrates the Instant Message page.

Only one instant message ID can be preferred, so selecting the Preferred check box removes the preferred status from any other instant message ID.

Select the Delete button to remove the phone number. If you delete a preferred instant message ID, the system displays a confirmation message. If the delete is confirmed, the system automatically marks the first remaining instant message ID as preferred.

Emergency Contacts (Summary) Page

Use the Emergency Contacts (summary) page (HR_EMERG_CNTCT_FL) to view a list of your emergency contacts.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Emergency Contacts tab or tile on the Personal Details page.

This example illustrates the Emergency Contacts (summary) page.

Emergency Contacts		
Contact Name	Relationship	Preferred
Simon Locherty	Spouse	✓ >
Susan Johnson	Sibling	>

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner.

Select an existing emergency contact to view and update the contact's information or to delete the contact. Select the Add an Emergency Contact icon to create a new contact.

Emergency Contact (Detail) Page

Use the Emergency Contact (detail) page (HR_EMERG_CNTCT_SCF) to add, update, or delete an emergency contact.

Navigation:

Select an emergency contact on the Emergency Contacts (summary) page, or select the Add Emergency Contact button or icon.

This example illustrates the Emergency Contact (detail) page.

Emergency Contact

Cancel Save

*Contact Name Simon Locherty

*Relationship Spouse

Preferred

Address

643 Robinson St
Buffalo, NY 74940

Phone Numbers

+

Phone	Extension	Type
555/123-4567		Same as mine

Delete

On this page, the contact name and relationship are enterable. Existing address and phone number information is read only. Select an existing address or phone number to edit or delete it.

You can provide multiple phone numbers for an emergency contact, but only one address.

Select the Delete button to remove the emergency contact.

Emergency Contact - Address Page

Use the Emergency Contact - Address page (HR_EMERG_ADDR_SCF) to add, update, or delete an address for an emergency contact.

Navigation:

On the Emergency Contact (summary) page, select an existing address, or select the Add button that appears if no addresses exist.

This example illustrates the Emergency Contact - Address page.

The screenshot shows a web form titled "Address" with a "Cancel" button on the left and a "Done" button on the right. The form contains the following fields and controls:

- Same as mine:** A checked checkbox.
- Address Type:** A dropdown menu currently showing "Home".
- Country:** A text input field containing "United States".
- Address 1:** A text input field containing "643 Robinson St".
- Address 2:** An empty text input field.
- Address 3:** An empty text input field.
- City:** A text input field containing "Buffalo".
- State:** A text input field containing "New York".
- Postal:** A text input field containing "74940".
- County:** An empty text input field.
- Delete:** A button located at the bottom center of the form.

Users can either select the **Same as Mine** check box or manually enter a different address. Selecting the Same as mine check box populates the address detail fields and makes them read-only. The **Address Type** field remains editable regardless of whether the **Same as Mine** check box is selected.

The address format varies depending on the value in the Country field.

Emergency Contact - Phone Page

Use the Emergency Contact - Phone page (HR_EMERG_PHONE_SCF) to add, update, or delete a phone number for an emergency contact.

Navigation:

On the Emergency Contact (summary) page, select an existing phone number, or select the Add Phone Number button or icon.

This example illustrates the Emergency Contact - Phone Number page.

Users can either select the **Same as Mine** check box or manually enter a different phone number. Selecting the **Same as Mine** check box populates the phone number detail fields and makes them read-only. The **Type** field remains editable regardless of whether the **Same as Mine** check box is selected.

Social Media (Summary) Page

Use the Social Media (Summary) page (HR_EE_SOC_MEDIA_FL) to review your social media accounts.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Social Media tab or tile on the Personal Details page.

This example illustrates the Social Media (summary) page.

Social Media		
Social Media	URL	User ID/Handle
Facebook	http://www.facebook.com	betty.locherty >
Twitter	http://twitter.com	@blocherty >

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner.

Select the Add (+) button to add a social media account or select a row to update or delete a social media account. Perform either of these actions to access the [Social Media \(Detail\) Page](#) where you maintain social media account information.

Field or Control	Description
 Download to Excel Social Media button	Select this button to export the data to an Excel spreadsheet.
 Find Social Media button	Select this button to enter a search string and quickly locate a row of information.

Social Media (Detail) Page

Use the Social Media (Detail) page (HR_SOC_MEDIA_SCF) to add, update, or delete social media accounts on your personal profile.

Navigation:

- Select a social media row on the Social Media (Summary) page to update or delete an existing social media account.
- Select the Add Social Media button to create a new social media account.

This example illustrates the Social Media (detail) page.

Cancel
Social Media
Save

*Social Media

URL

*User ID/Handle

Use this page to add, update, or delete your social media accounts. Unlike other pages in the Personal Details pages, this does not update information stored in HR Personal Data pages.

Field or Control	Description
Social Media and URL	<p>Select a social media type. When you select a social media type, the URL field displays. Valid social media types and their URLs are defined on the "Social Media Type Page" (Application Fundamentals).</p> <p>You can add only one account per social media type. After you have entered information for a social media type, that type no longer appears in the drop-down list.</p>
User ID/Handle	Enter the user ID or handle for the social media account.

Marital Status Page

Use the Marital Status page (W3EB_SEL_EVNT_FLU) to initiate a marital status change life event.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Marital Status tab or tile on the Personal Details page.

This example illustrates the Marital Status page as it appears when PeopleSoft eBenefits is selected on the Installation Table - "Products Page" (Application Fundamentals).

Marital Status

Current **Single**

Change Marital Status

I got married

I got divorced/legally separated

*As Of

[Start Life Event](#)

The Life Event must be completed within 31 days of your qualifying event or you will not be eligible to change your Benefit elections.

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner.

When PeopleSoft eBenefits is installed, the Marital Status page lists your organization's life event options that relate to marital status changes. As delivered, this includes the "I got married" event and the "I got divorced/legally separated event," but these are configurable.

When you select the type of marital status change, the page displays a message with information about the time period within which the life event information must be submitted (for example, within 31 days of the event).

Next you enter the event date in the **As Of** field and select the **Start Life Event** button. The system then displays the life event pages where you complete the transaction.

For information about the pages used for the two delivered marital status change events, see the following topics:

- "Processing the Marriage Event" (PeopleSoft eBenefits)
- "Processing the Divorce Event" (PeopleSoft eBenefits)

For information on where to approve a request, see "Using Fluid Approvals to Approve Self Service Transaction Requests" (PeopleSoft eProfile Manager Desktop) and "Pages Used to Approve Self Service Transaction Requests Using Fluid Approvals" (PeopleSoft eProfile Manager Desktop).

This example illustrates the Marital Status page as it appears when PeopleSoft eBenefits is not installed.

The screenshot shows a web form titled "Marital Status". In the top right corner, there is a green "Submit" button. Below the title, the text "Current Married" is displayed. A section titled "Change Marital Status" is separated by a horizontal line. Under this section, there are two input fields: "*New Status" with a dropdown arrow, and "*As Of" with a calendar icon.

When PeopleSoft eBenefits is not installed, enter marital status change information and submit the changes directly on the Marital Status page.

Name (Summary) Page

Use the Name (summary) page (HR_EE_NAME_FL) to view your current name and any pending name change requests.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Name tab or tile on the Personal Details page.

This example illustrates the Name (summary) page.

Name		
Betty Locherty	Current	
Betty Locherty-Brown	As of 03/28/2018	Submitted for Approval

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner.

In this example, the employee has submitted a name change request. If the request is approved, the new name will become the current name on the As Of date, at which point the earlier name will no longer appear on the page.

For information on where to approve a request, see "Using Fluid Approvals to Approve Self Service Transaction Requests" (PeopleSoft eProfile Manager Desktop).

Because there is a pending name change request, selecting the names does not display the name details. When there is no pending name change request, selecting the current name displays the [Name \(Detail\) Page](#).

Name (Detail) Page

Use the Name (detail) page (NAME_DFT_SCF) to enter name change information and view or add attachments to support the change.

Navigation:

Select your name row on the Name (summary) page.

This example illustrates the Name (detail) page.

The fields on this page vary depending on the value in the **Name Format** field.

If approvals are required for name changes, submitting a name change request starts the approval process, and no further name changes requests are permitted until the active request is approved or denied.

Managers can use fluid Approvals to take action on a *Name Change* transaction request using the "Pending Approvals - <Transaction Name> Page" (PeopleSoft eProfile Manager Desktop).

Attachments

Use this section to manage attachments by uploading, deleting, or updating attachments. When a user submits a name change for approval, all attachments on this page will be sent with the request. To send a name change request without an attachment, remove the items from this section.

Field or Control	Description
Add Attachment	Select this button to access the File Attachment page and upload files.
Attachments	Select the link to download and view the attachment. Enter a description, or the field will use the attachment file name as the description upon saving the page, which you can overwrite.

Field or Control	Description
 (Delete) button	Select this button to remove an attachment from your personal details name page.

Managers use fluid Approvals to view attachments for a *Name Change* transaction request using the "Attachments Page" (PeopleSoft eProfile Manager Desktop).

The following videos provide an overview and demonstration of the Fluid Attachment framework:

Video: [PeopleSoft Fluid HCM Attachments](#)

Video: [Image Highlights, PeopleSoft HCM Update Image 26: Fluid Attachments -- HR Core](#)

Gender Identity Page

Use the Gender Identity page (HR_EE_GENDER_FL) to view a summary of your gender identity and expression details.

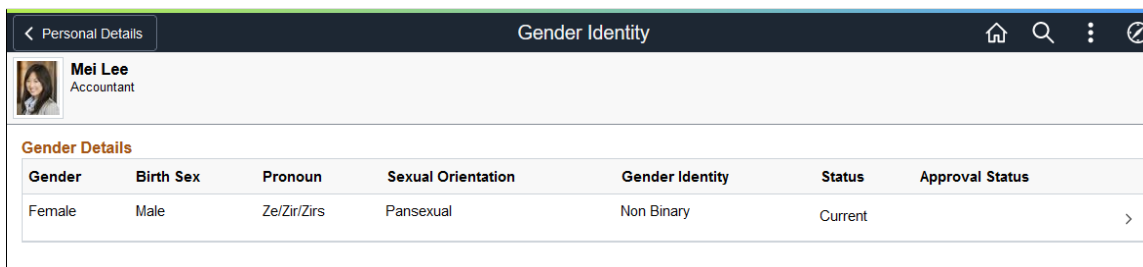

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Gender Identity tile on the Personal Details dashboard.

Important! Enable Gender Identity must be enabled on the Installation Table - "HCM Options Page" (Application Fundamentals) for employees to be able to access this page from the tile.

Note: This page is not available from the [Personal Details Navigation Collection](#).

This example illustrates the Gender Identity page when the employee is assigned to a region configured for gender identification.

These videos provide an overview of the gender identity functionality:

Video: [Image Highlights, PeopleSoft HCM Update Image 41: Gender Identity and Expression](#)

Video: [PeopleSoft Gender Identity and Expression](#)

Note: The page will not display historical gender identity rows for the employee. It will display the current row, future rows, and those pending approval. However, the administrator can use the "Biographical Details Page" (PeopleSoft Human Resources Administer Workforce) to view historical information for a person.

Field or Control	Description
Gender or Current Sex	<p>Displays the current sex that is defined in your Personal Data pages.</p> <hr/> <p>Note: This field label is configurable and may vary. Gender displays by default, and Current Sex is delivered as the configurable new label, but these can be overwritten. See the "Gender Configuration Page" (Application Fundamentals) on information on how to change the label.</p>
Status	<p>Displays if a row is current or the date when it will become current.</p>
Approval Status	<p>Displays if the row has been submitted for approval. Rows that have been approved will be blank.</p> <p>You can have only one pending (<i>Submitted for Approval</i>) row at a time. When a pending approval row exists, you cannot update gender details.</p>
 Gender Details Edit arrow icon	<p>Select the row with the Gender Details Edit arrow > icon to access the Gender Details Page to update and submit updated information about your gender identity.</p> <hr/> <p>Note: If your job data lists a region that is not configured for and participating in the gender identity functionality, this page will not display the edit arrow >.</p>

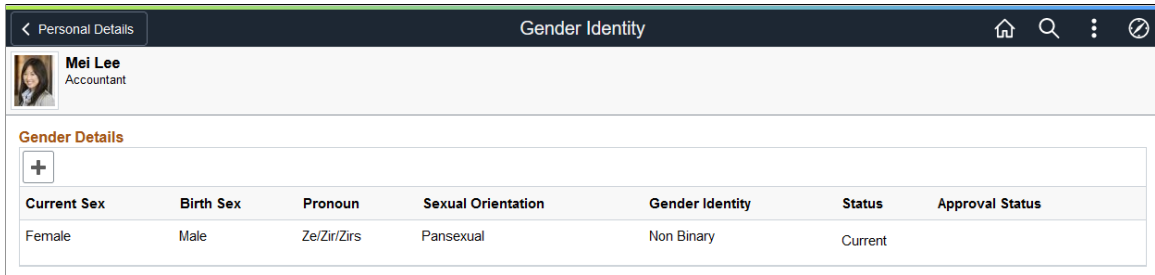

Working with Regions and Recording Gender Identity Information

Since gender information is driven by region, there are situations that will impact what you can access on the Gender Identity pages.

Assuming all setup has been done to enter gender details, consider the following scenarios in regards to the regulatory region you are assigned on the Job Data - "Work Location Page" (PeopleSoft Human Resources Administer Workforce):

- An employee transfers from one region (set up for gender identification) to another region (set up for gender identification). The Gender Identity page will display an Add button for the employee to enter gender details, since values may vary by region.

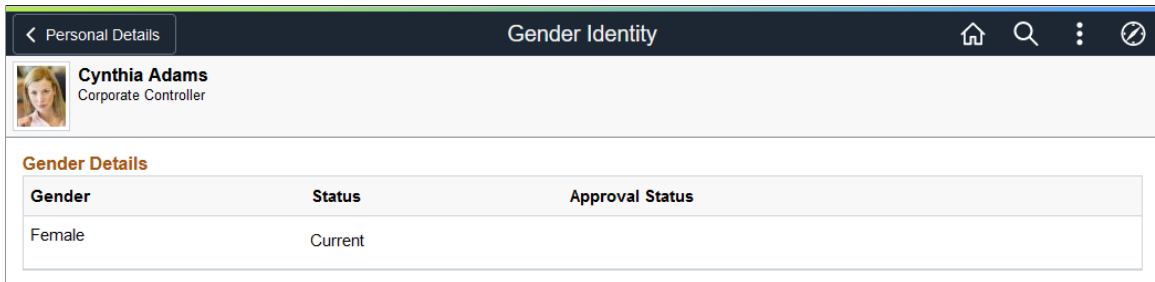

This example illustrates the Gender Identity page when you move to a new regulatory region and need to enter gender information specific to that region by using the Add + button.

Field or Control	Description
 Add button	Displays this button when you change regions and you need to update gender information to reflect that region's specifications.

- An employee's primary job is associated with a region that is not configured for gender identification. In this case, the fields on the Gender Identity page will only display the **Gender** (or **Current Sex**) field and you cannot access the Gender Details page to enter additional information.

This example illustrates the Gender Identity page when you moved to a new regulatory region and the region is not set up to track gender identity information.

Gender Details Page

Use the Gender Details page (GENDER_EDIT_SCF) to view or enter gender identity and expression details.

Navigation:

Select a row or the Add button from the [Gender Identity Page](#).

This example illustrates the Gender Details page.

Voluntary Self-Identification

Select the **I agree to self identify** check box to confirm that the sex and orientation details you provided are true and you identify yourself by these attributes.

I agree to self identify

Use this page to view or enter gender identity information that you want to provide to your Human Resources department to be stored in your Personal Data. Enter only those fields you wish to record, with the exception of **Gender** (or **Current Sex**), which is a required field.

This information will only be available to the HR administrator accessing Personal Data, with the exception of **Gender** (or **Current Sex**) and pronouns. **Gender** (or **Current Sex**) is a common field used throughout the HCM application, such as on the benefits pages, and only viewable to you and HR. Pronouns will appear on the company directory, if configured to display.

Field or Control	Description
Change As Of	<p>Enter the date that you want to make updates to your gender identity information. When you submit this information and it is approved, the system will use this date to insert a row in the Biographical History section of the "Biographical Details Page" (PeopleSoft Human Resources Administer Workforce) in Personal Data.</p> <p>If you use the same date for a row that already exists in Personal Data, the system will correct the information for that row with the new details you enter here.</p>
Region	<p>Displays the regulatory region you are assigned on the Job Data - "Work Location Page" (PeopleSoft Human Resources Administer Workforce). The regulatory region controls the valid values for the gender-related fields.</p>

The setup for the following field is defined on the "Gender Configuration Page" (Application Fundamentals). The setup determines the following:

- The name of the field label. This label is configurable, where **Gender** is the label provided by default and **Current Sex** is delivered as the configurable new label, but these can be overwritten.
- If the **Gender (Current Sex)** field should be display only or editable. If it is display only, you will need to contact your HR administrator to update the information.

<i>Field or Control</i>	<i>Description</i>
Gender or Current Sex	<p>Displays your current sex defined in Personal Data.</p> <p>If this field is available, enter your current sex. When you update this information, the system triggers the approval process. After this gender change request has been approved, the system will update the Personal Data pages with the new Gender (Current Sex) value as of the specified date.</p>

The setup on the "Gender Details Page" (Application Fundamentals) determines if the following fields are available for edit and their valid values. When fields are shown as display only, you will need to contact your HR administrator to update the information.

<i>Field or Control</i>	<i>Description</i>
 <gender field label> List Information icon	<p>Select this icon to access the "<Gender Field Label> Value Page" (PeopleSoft Human Resources Administer Workforce) and view descriptions of values for gender-related fields.</p> <hr/> <p>Note: Field value definitions are defined by region.</p>
Birth Sex	View or enter the sex you were assigned at birth.
Pronoun	<p>View or select the pronouns you want people to use when addressing you.</p> <p>When you provide this information, and the system is configured to show pronouns, they will display next to your name on the Company Directory Profile pages in fluid (see "Using the PeopleSoft Fluid User Interface for the Company Directory" (PeopleSoft Human Resources Administer Workforce)).</p> <p>To configure the Company Directory to display pronouns in fluid, see the "Chart and Profile Settings - Profile Content Page" (PeopleSoft Human Resources Administer Workforce).</p>
Sexual Orientation	View or enter what you would describe as your inherent attraction to a sexual partner.
Gender Identity	View or enter what you would describe as your inner sense or self perception of being male, female, a blend of both, or neither. Your gender identity can be the same or different from the sex assigned at birth or your current sex.

Field or Control	Description
Add Attachment button	If enabled and available, select to access the File Attachment page and upload supporting documents.
Attachments and Description	Select the link to download and view the attachment. Enter a description, or the field will use the attachment file name as the description upon saving the page, which you can overwrite.
I agree to self identify	Select to indicate that you agree with the gender attribute details you provided. This is required to save the data you entered on this page.
Save button	<p>Click to save and submit your changes.</p> <p>Changes to the Gender (Current Sex) field, trigger the approval process, since this field is used by other applications in the system. Approvers can take action on these requests through the "Pending Approvals - Gender Identity Change Page" (PeopleSoft eProfile Manager Desktop). Upon approval, the information is written to Personal Data using the Change As Of value as the effective date.</p> <p>When you make changes to other fields on this page, the system automatically updates this and the Personal Data pages without needing approval.</p>

Ethnic Groups Page

Use the Ethnic Groups page (HR_ETHNIC_GRP_FL) to view your ethnic group data.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Ethnic Groups tab or tile on the Personal Details page.

This example illustrates the Ethnic Groups page as it appears when two-question format is activated on the USA section on the Installation Table - "Country Specific Page" (Application Fundamentals).

Ethnic Groups

1) Are you Hispanic or Latino? Explain 

Yes

No

2) What is your race? Select one or more. Explain

American Indian or Alaska Native

Asian

Black or African American

Native Hawaiian or Pacific Islander

White

The employer is subject to certain governmental recordkeeping and reporting requirements for the administration of civil rights laws and regulations. In order to comply with these laws, the employer invites employees to voluntarily self-identify their race or ethnicity. Submission of this information is voluntary and refusal to provide it will not subject you to any adverse treatment. The information obtained will be kept confidential and may only be used in accordance with the provisions of applicable laws, executive orders, and regulations, including those that require the information to be summarized and reported to the federal government for civil rights enforcement. When reported, data will not identify any specific individual.

This example illustrates the Ethnic Groups page as it appears when the two-question format is not used. In this mode, the page lists specific ethnic groups.

Ethnic Groups

Ethnic Group Page

Use the Ethnic Group page (HR_ETHNIC_GRP_SCF) to add, update, or remove an ethnic group from your personal data.

Navigation:

- Select an ethnic group on the Ethnic Groups page to modify or delete an existing ethnic group.
- Select the Add an Ethnic Group button or icon to add a new ethnic group.

This example illustrates the Ethnic Group page.

The screenshot shows a web interface titled "Ethnic Group". At the top left is a "Cancel" button, and at the top right is a "Save" button. Below the title is a search bar with the text "*Ethnic Group" and "Asian Indian" entered. A magnifying glass icon is on the right side of the search bar. Below the search bar is a horizontal line, and below that is a "Delete" button.

Select the Delete button to remove the ethnic group.

Disability - Voluntary Self-Identification of Disability Page

Use the Voluntary Self-Identification of Disability page (HR_DISABILITY_FL) to complete and file Form CC-305 disability data electronically.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Disability tab or tile on the Personal Details page.

Use PeopleTools security to grant or restrict component access for employee types based on your business needs. For example, if the page is to be accessed only by U.S. employees, you must add the page to the permission list and grant access to only those employees.

This example illustrates the Voluntary Self-Identification of Disability page.

Voluntary Self-Identification of Disability

Form CC-305
Page 1 of 1

Name: Betty Locherty

Employee ID: KU0007
(if applicable)

OMB Control Number 1250-0005
Expires 05/31/2023

Date: 06/09/2020

Why are you being asked to complete this form?

We are a federal contractor or subcontractor required by law to provide equal employment opportunity to qualified people with disabilities. We are also required to measure our progress toward having at least 7% of our workforce be individuals with disabilities. To do this, we must ask applicants and employees if they have a disability or have ever had a disability. Because a person may become disabled at any time, we ask all of our employees to update their information at least every five years.

Identifying yourself as an individual with a disability is voluntary, and we hope that you will choose to do so. Your answer will be maintained confidentially and not be seen by selecting officials or anyone else involved in making personnel decisions. Completing the form will not negatively impact you in any way, regardless of whether you have self-identified in the past. For more information about this form or the equal employment obligations of federal contractors under Section 503 of the Rehabilitation Act, visit the U.S. Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) website at www.dol.gov/ofccp.

How do you know if you have a disability?

You are considered to have a disability if you have a physical or mental impairment or medical condition that substantially limits a major life activity, or if you have a history or record of such an impairment or medical condition. *Disabilities include, but are not limited to:*

<ul style="list-style-type: none"> • Autism • Autoimmune disorder, for example, lupus, fibromyalgia, rheumatoid arthritis, or HIV/AIDS • Blind or low vision • Cancer • Cardiovascular or heart disease • Celiac disease • Cerebral palsy 	<ul style="list-style-type: none"> • Deaf or hard of hearing • Depression or anxiety • Diabetes • Epilepsy • Gastrointestinal disorders, for example, Crohn's Disease, or irritable bowel syndrome • Intellectual disability 	<ul style="list-style-type: none"> • Missing limbs or partially missing limbs • Nervous system condition for example, migraine headaches, Parkinson's disease, or Multiple sclerosis (MS) • Psychiatric condition, for example, bipolar disorder, schizophrenia, PTSD, or major depression
--	--	---

Please check one of the boxes below:

Yes, I Have A Disability, Or Have A History/Record Of Having A Disability

No, I Don't Have A Disability, Or A History/Record Of Having A Disability

I Don't Wish To Answer

PUBLIC BURDEN STATEMENT: According to the Paperwork Reduction Act of 1995 no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. This survey should take about 5 minutes to complete.

Video: [Image Highlights, PeopleSoft HCM Update Image 17: Updating Disability and Veteran Status in the Fluid User Interface](#)

Video: [Image Highlights, PeopleSoft HCM Update Image 35: Voluntary Self-Identification of Disability Form](#)

PeopleSoft uses the Text Catalog to deliver the page with the same verbiage and layout as the current OFCCP Form CC-305. Administrators change the text as necessary if OFCCP makes changes to the verbiage.

When the employee submits the self-service Voluntary Self-Identification of Disability page, the system tracks and stores the data (employee's name, user ID, date of submission, and response regarding disability) in the Section 503 Disability group box on the "Disability Page" (PeopleSoft Human Resources Administer Workforce) in the Personal Information - Disability component.

Note: The Voluntary Self-Identification of Disability page is always blank when opened, even if the employee previously entered and saved information. Administrators can view previously entered disability information for an employee by accessing the employee's Disability page (HR_DISABILITY) and clicking the View History link to display the Disability History page (DISABILITY_USA_SEC).

Field or Control	Description
Name, Employee ID, and Date	The system displays the employee's name, identification number, and the current date.

How do you know if you have a disability?

Field or Control	Description
Please check one of the boxes below	<p>Select one disabled value option. One must be selected.</p> <p>All options are blank by default, unless the employee or administrator has previously entered disability data, in which case that data appears.</p>

Veteran Status Page

Use the Veteran Status page (HR_VET_STATUS_FL) to enter and update self-identification veteran information.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Veteran Status tab or tile on the Personal Details page.

This example illustrates the Veteran Status page (1 of 2).

Veteran Status

▼ Definitions

This employer is a Government contractor subject to the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended by the Jobs for Veterans Act of 2002, 38 U.S.C. 4212 (VEVRAA), which requires Government contractors to take affirmative action to employ and advance in employment: (1) disabled veterans; (2) recently separated veterans; (3) active duty wartime or campaign badge veterans; and (4) Armed Forces service medal veterans. These classifications are defined as follows:

- A "disabled veteran" is one of the following:
 - a veteran of the U.S. military, ground, naval or air service who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or
 - a person who was discharged or released from active duty because of a service-connected disability.
- A "recently separated veteran" means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. military, ground, naval, or air service.
- An "active duty wartime or campaign badge veteran" means a veteran who served on active duty in the U.S. military, ground, naval or air service during a war, or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.
- An "Armed Forces service medal veteran" means a veteran who, while serving on active duty in the U.S. military, ground, naval or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985.

Protected veterans may have additional rights under USERRA - the Uniformed Services Employment and Reemployment Rights Act. In particular, if you were absent from employment in order to perform service in the uniformed service, you may be entitled to be reemployed by your employer in the position you would have obtained with reasonable certainty if not for the absence due to service. For more information, call the U.S. Department of Labor's Veterans Employment and Training Service (VETS), toll-free, at 1-866-4-USA-DOL.

This example illustrates the Veteran Status page (2 of 2).

Self-Identification

As a Government contractor subject to VEVRAA, we are required to submit a report to the United States Department of Labor each year identifying the number of our employees belonging to each specified "protected veteran" category. If you believe you belong to any of the categories of protected veterans listed above, please indicate by selecting the appropriate option below.

I belong to the following classifications of protected veterans (choose all that apply):

- Disabled Veteran
- Recently Separated Veteran
- Active Duty Wartime or Campaign Badge Veteran
- Armed Forces Service Medal Veteran

I am a protected veteran, but I choose not to self-identify the classifications to which I belong.

I am NOT a protected veteran.

I am NOT a veteran.

Military Discharge Date

Reasonable Accommodation Notice

If you are a disabled veteran it would assist us if you tell us whether there are accommodations we could make that would enable you to perform the essential functions of the job, including special equipment, changes in the physical layout of the job, changes in the way the job is customarily performed, provision of personal assistance services or other accommodations. This information will assist us in making reasonable accommodations for your disability.

Submission of this information is voluntary and refusal to provide it will not subject you to any adverse treatment. The information provided will be used only in ways that are not inconsistent with the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended.

The information you submit will be kept confidential, except that (i) supervisors and managers may be informed regarding restrictions on the work or duties of disabled veterans, and regarding necessary accommodations; (ii) first aid and safety personnel may be informed, when and to the extent appropriate, if you have a condition that might require emergency treatment; and (iii) Government officials engaged in enforcing laws administered by the Office of Federal Contract Compliance Programs, or enforcing the Americans with Disabilities Act, may be informed.

Video: [Image Highlights, PeopleSoft HCM Update Image 17: Updating Disability and Veteran Status in the Fluid User Interface](#)

For field descriptions, see the classic self-service "Veteran Status Page" (PeopleSoft Human Resources Administer Workforce) (HR_DISABILITY) in your PeopleSoft HCM Workforce Data Management, *Human Resources Administer Workforce* documentation.

(USA) Form I-9 Page

Use the Form I-9 page (HR_I9_EE_FL) to access the I-9 instructions PDF, to access the Form I-9 page (HR_I9_EE) where you enter personal employee eligibility information, and to review the date on which you submitted your Form I-9,

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Form I-9 tab or tile on the Personal Details page.

Note: The Personal Details Tile tile will display the *Action Required* message when an employee working in the U.S. needs to submit I-9 form information.

This example illustrates the Form I-9 page.

Form I-9

Employment Eligibility Verification

Read instructions carefully before completing this form [I-9 Instructions for Employee](#)

You have not submitted the Form I-9 yet.

[Go to Form I-9](#)

Video: [Image Highlights, PeopleSoft HCM Update Image 17: Updating Disability and Veteran Status in the Fluid User Interface](#)

Video: [Image Highlights, PeopleSoft HCM Update Image 34: Form I-9 2020 Updates for USA](#)

For field definitions, see the "Employment Eligibility Verification Page, Section 1" (PeopleSoft Human Resources Administer Workforce) (HR_I9_EE) documentation.

Business Partners Page

Use the Business Partners page (HR_EE_BUS_PRTNR_FL) to view your business partners and their contact information.

Navigation:

- Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Business Partners tab or tile on the Personal Details page.
- From the "OnBoarding Dashboard" (PeopleSoft Human Resources Administer Workforce), select the "Business Partners Tile" (PeopleSoft Human Resources Administer Workforce).

(This option is available for those workers who have an OnBoarding activity guide in progress.)

Note: The Personal Details page will not display the Business Partners tab if the person who is viewing this page is not associated with a business partner team or if the team is not configured to display on Personal Details. For configuration settings, see the "Configure Business Partner Page" (PeopleSoft Human Resources Administer Workforce).

This example illustrates the Business Partners page.

Business Partners		
Name/Business Partner Title	Email/Phone	Department/Location
Jeanette Lee	HCMGENUser1@ap6023fems.us.oracle.com	Human Resources
Human Resource Director	203/324-9873	Corporation Headquarters
USA Benefits Group	benefits@gb1.com	Benefits
Benefits Specialist	555/222-1111	Corporation Headquarters

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner and other headings may appear on the page.

Use this page to view your business partner contact information.

This video demonstrates the HR Business Partners feature:

Video: [Image Highlights, PeopleSoft HCM Update Image 31: HR Business Partners](#)

Additional Information Page

Use the Additional Information page (HR_ADDTL_INFO_FL) to review miscellaneous personal information.

Navigation:

Select the Personal Details tile on a PeopleSoft Fluid *Employee Self Service* home page, then select the Additional Information tab or tile on the Personal Details page.

This example illustrates the Additional Information page.

Additional Information

Gender Male

Date of Birth 03/15/1965

Birth Country

Birth State

Social Security Number XXX-XX-XXXX

Smoker

Date Entitled to Medicare

Original Start Date 01/01/2012

Employee Information

Contact the Human Resources department if any of your Employee Information is incorrect. The following is your Business Partner contact information.

Name/Business Partner Title	Email/Phone	Department/Location
Betty Locherty	HCMGENUser1@ap6023fems.us.oracle.com	Finance and Administration
Finance Director	555/123-4567	Delaware Operations

Note: The page display may vary by device and access method. For example, the transaction name appears on the content page when accessing the information from the navigation collection. When accessing the page from the Personal Details dashboard, the title of the page appears in the banner and other headings may appear on the page.

Users cannot edit the information that appears on this page. Instead, informational text directs users to contact the human resources department if information is incorrect.

Employee Information

This section will display your Human Resources business partner contact information when you are associated with a Human Resources business partner team.

When you are not part of a business partner team, this section will display a message to contact the Human Resources department if any of your employee information is incorrect.

This video demonstrates the HR Business Partners feature enhancement:

Video: [Image Highlights, PeopleSoft HCM Update Image 32: HR Business Partner Enhancements](#)

For more information on business partners and business partner setup, see the "Configuring Business Partners" (PeopleSoft Human Resources Administer Workforce) documentation.

Managing Remote Worker Requests as an Employee using Fluid

With an increased number of employees working outside the traditional office setting, you can record and track this time using PeopleSoft HCM. As an employee, you can submit remote worker requests using the Remote Worker tile and pages. When approvals are enabled, you can then submit your request for approvals.

These videos provide an overview of the Fluid Remote Worker feature:

Video: [Image Highlight, PeopleSoft HCM Update Image 40: Remote Worker](#)

Video: [PeopleSoft Remote Worker](#)

This topic lists the pages employees use to enter remote worker requests for themselves.

Pages Used to Enter Remote Worker Requests as an Employee Using Fluid

Page Name	Definition Name	Usage
Remote Worker Tile (for Employees)	HC_HR_REMOTE_WORKER_FL (This is the cref for this tile)	Enter and review your remote worker requests using fluid pages.
"Remote Worker Request Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_LANDING_FL	Initiate a remote worker request.
"Add Request Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_ADD_RQST_FL	Initiate a remote worker request.
"Remote Worker Request - Guidelines Page" (PeopleSoft Human Resources Administer Workforce)	AGC_INFO_FL	Review any institution policies or guidelines to work remote.
"(Employee) Remote Worker Request - Acknowledgement Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_ACK_FL	Acknowledge your agreement to the terms and conditions of working remote.
"Remote Worker Request - Request Details Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_RQST_DTL_FL	Enter the specifics of the remote work request.
"Remote Worker Request - Attachments Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_SS_ATTACH_FL	Add or view attachments and notes for a request.

Page Name	Definition Name	Usage
"(Employee) Remote Worker Request - Workplace Support Page" (PeopleSoft Human Resources Administer Workforce)	EOQF_QSTNR_PRVW_FL	Enter equipment details, internet access, and acknowledge other agreements needed to create a successful workplace environment.
"Remote Worker Request - Review and Submit Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_REVIEW_FL	Review a summary of the request and submit it for approvals.
"Remote Worker Confirmation Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_SUB_CNF_FL	Confirm that your request has been submitted successfully.
"Request Details Page" (PeopleSoft Human Resources Administer Workforce)	HR_RW_REVIEW_FL	View a complete summary of the remote work details for that start date.

Remote Worker Tile (for Employees)

Employees use the Remote Worker tile from the Employee Self Service home page to enter and review your remote worker requests using fluid pages.

Navigation:

The Remote Worker tile will display as part of the fluid "Employee Self-Service Home Page" (Application Fundamentals) when you have been granted the *Fluid Remote Worker Employee* role and either your job or position allows remote work, or the remote worker installation setting override the job and position settings.

This example illustrates the fields and controls on the Remote Worker page.

Click this tile to access the Remote Worker Request component and pages in fluid and initiate a remote worker request for yourself.

(USF) Requesting Leave of Absences

This topic lists the page that is used to request leave of absences.

Page Used to Request Leave of Absences

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
Federal Request for Leave Page	FG_EE_LEAVE_REQ	Enter a request for leave of absence.

(USF) Requesting Termination

This topic lists the page that is used to request termination.

Page Used to Request Termination

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
Federal Termination Request Page	FG_EE_TERMINATION	Federal employees enter a request for termination.

(USF) Reviewing Change Requests

This topic lists the page that is used to review change requests.

Page Used to Review Change Requests

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
Select a Request Page	FE_EE_CHG_REQ_STAT	Select a change request to review.

Reviewing Workflow Inquiries

These topics provide an overview of workflow inquiries and list the pages that are used to review self-service activity.

Pages Used to Review Self-Service Activity

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
Workflow Inquiry Page	WF_SS_STAGED	Review submitted requests and correct errors and warnings.
Workflow Inquiry Page	FE_SS_STAGED	(USF) Review submitted requests and correct errors and warnings.
Transaction Errors/Warning Page	FE_JOB_ERR_WRN_ALL	Review error and warning messages.

Understanding Workflow Inquiries

The Workflow Inquiry page enables the self-service administrator to:

- Review the status of any self-service transaction, except phone number changes.
- Review errors and warnings that occurred during the component interface processing.
- Change the workflow status of a transaction.

Reviewing the Status

Workflow Inquiry enables the self-service administrator to review a transaction for any employee for whom the self-service administrator has security. The self-service administrator searches by transaction name, request date, workflow status, or employee ID.

Reviewing Errors and Warnings

The Workflow Inquiry enables the self-service administrator to review errors or warnings that occur during the processing of the component interface. The self-service administrator must process the request using the Workflow Inquiry page.

Errors can occur when:

- The email or worklist notification fails to be generated.
- The system tried to route the transaction to the next reviewer in the approval process, but could not find that person. This means a problem occurred in the reporting structure based on what was entered in the **Route To** field on the Define Steps page.

If a warning occurs, the self-service administrator can be notified if the **Notify on CI Warning** check box is selected on the Defaults / Admin page. Warnings don't stop the tables from being updated.

Employee Self Service Resignation and Retirement

Using the PeopleSoft Fluid Interface to Manage Resignation and Retirement Requests

PeopleSoft HCM enables employees to initiate Resignation or Retirement from single or multiple jobs through Employee Self Service. Managers and HR Administrators can review and approve employee resignation/retirement requests through Fluid Approvals.

This topic discusses the following:

- [Setting up Transaction Configuration for Resignation and Retirement](#)
- [Submitting Resignation Requests](#)
- [Approving Resignation Requests](#)
- [Submitting Retirement Requests](#)
- [Approving Retirement Requests](#)

Submitting Resignation Requests

This topic gives an overview of initiating resignation requests by an employee.

Pages Used to Submit Resignation Request

<i>Page Name</i>	<i>Definition Name</i>	<i>Usage</i>
Resignation page	HR_ESS_RESGN_FL	To submit resignation request for a single or multiple jobs.

Resignation Page

Use the Resignation page (HR_ESS_RESGN_FL) to submit resignation request for a single or multiple jobs.

Navigation:

Click the Personal Details tile on Employee Self Service home page. Click Related Action button available on the Personal Details page.

Select Job, Submit Resignation.

This example illustrates the fields and controls on the Resignation page for an employee having single job.

The screenshot shows a web interface for submitting a resignation. At the top, there's a navigation bar with 'Personal Details' and 'Resignation'. Below the header, there's a 'Submit' button. The main content is divided into three sections: 'Job Information', 'Resignation Details', and 'Attachments'. 'Job Information' lists details like Job Title, Position Title, Department, Location, Regulatory Region, and Reports To. 'Resignation Details' includes a date picker for 'Last Working Day', a dropdown for 'Reason' (set to 'Family Reasons'), and a text area for 'Comments'. 'Attachments' shows a message that no attachments have been added and an 'Add Attachment' button.

This example illustrates the fields and controls on the Resignation page for an employee having multiple jobs.

This screenshot shows the resignation page for an employee with multiple jobs. The 'Job Information' section is a table with columns for Job Title, Department, Location, Position Title, Reports To, Supervisor, and Regulatory Region. Two jobs are listed: 'Data Entry Operator' in Human Resources and 'Clerk-Payroll' in Finance and Administration. Each job has a checkbox. Below this, the 'Resignation Details' section is identical to the single-job version, with fields for 'Last Working Day', 'Reason', and 'Comments'. The 'Attachments' section also remains the same.

Field or Control	Description
Last Working Day	Select the last working day from the calendar.
Reason	Select the reason for resignation.

Field or Control	Description
Comments	Enter additional remarks of resignation, if any.
Add Attachment	Upload any supporting documents, for example, Letter of Resignation.
View Requests	You can view the requests already submitted. This button is enabled only when an employee have any submitted record.

Select the check box corresponding to the required job roles you want to resign. Click Submit button to submit the resignation request to the manager for approval. The Resignation Request Confirmation page is displayed as shown.

This example illustrates the Resignation Request Confirmation page when an employee submits a request for a single job.

Attachments

You have not added any Attachments.

Click Approval Chain to view the information about approvers associated with the request and approval status.

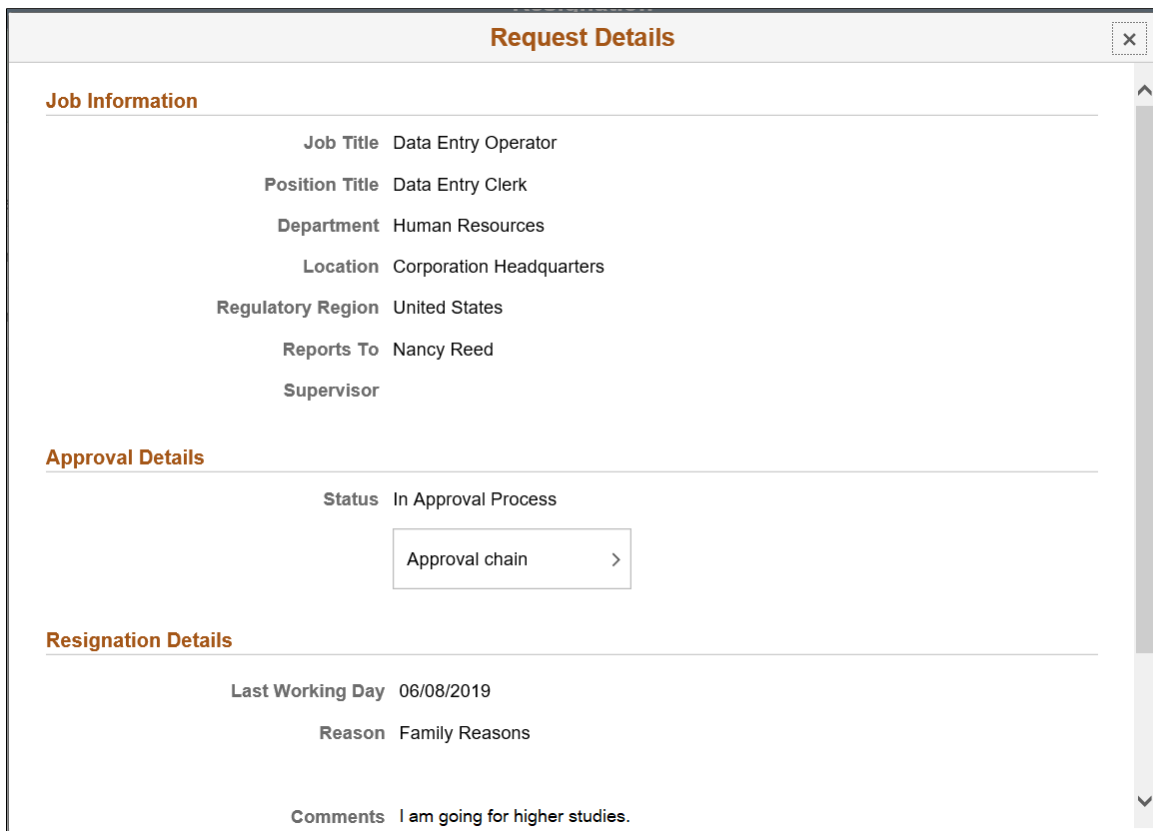

An employee having multiple jobs can resign from all of his jobs at once. Select the jobs for which you need to submit resignation requests. Enter the last working day and provide remarks, if any. Click Submit. This displays the Resignation Confirmation page as shown.

This example illustrates the Resignation Request Confirmation page for an employee who has submitted request for multiple jobs at once.

Select a request to view the details. This displays the Request Details modal window as shown.

This example illustrates the Request Details modal window.

Approving Resignation Requests

The resignation request initiated by an employee is submitted to managers for approval. Managers can approve, deny, or push back the request. The approved requests by the manager are routed to HR administrator for approval.

Note: Managers can only see the details with approvals.

Pages Used to Approve Resignation Requests

Page Name	Definition Name	Usage
Pending Approvals Page	EOAWMA_MAIN_FL	To view different resignation requests submitted by employees.
Employee Resignation Page	EOAWMA_TXNHDTL_FL	To approve, deny or pushback the resignation request.

Pending Approvals Page

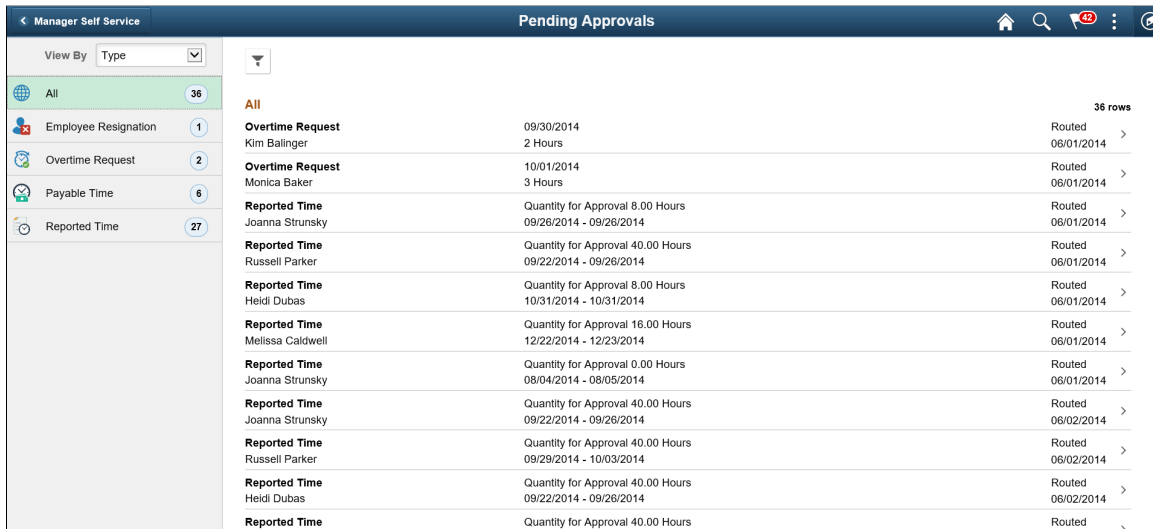

Use the Pending Approvals page (EOAWMA_MAIN_FL) to view different resignation requests submitted by employees.

Navigation:

Click the Approvals tile on the Manager Self Service home page.

You can also access Pending Approvals page by clicking Push Notifications button.

This example illustrates the Pending Approvals page for a manager.

Filter the resignation request submitted by the employee.

Employee Resignation Page

Use the Employee Resignation page (EOAWMA_TXNHDTL_FL) to approve, deny or pushback the resignation request.

Navigation:

Click the Employee Resignation request on Pending Approvals page.

This example illustrates the Employee Resignation page while logging in as a Manager.

The screenshot shows the 'Employee Resignation' page for David Michelson, a Data Entry Operator. The page is viewed from the 'Pending Approvals' section. At the top right, there are three buttons: 'Approve' (green), 'Deny', and 'Pushback'. The main content area is divided into several sections:

- Resignation Details:** Last Working Day: 06/07/2019; Effective Date: 06/08/2019; Reason: Family Reasons.
- Job Information:** Job Title: Data Entry Operator; Department: Accounts Receivable; Location: New Jersey Operations; Reports to: Christelle Stevenson.
- Requester Comments:** I am going to higher studies.
- Attachment Details:** Includes a field for 'Attachments' and 'Approver Comments'.
- Approval Chain:** A dropdown menu for viewing the approval history.

To approve resignation request as a manager, perform the following:

1. Login as manager.
2. Access the Pending Approvals page.
3. Filter the Employee Resignation request.
4. Click the request. This displays the Employee Resignation page for a manager as shown above.

Click Approve. This displays the Approve modal window.

Note: Managers can also deny or pushback the request. In this case, employee gets notified and you need to update the required details and resubmit the request.

5. Enter your comments and click Submit. The request is then routed to HR Administrator for approval. HR Administrator can approve, deny, or pushback the resignation requests approved by the manager.

Note: Managers can only see the details with approvals.

To approve the resignation request as a HR administrator, perform the following:

1. Login as HR Administrator.
2. Access the Pending Approvals page.
3. Filter the Employee Resignation request.
4. Click the request. This displays the Employee Resignation page as shown:

This example illustrates the Employee Resignation page for a HR Administrator.

The screenshot shows the 'Employee Resignation' page for a HR Administrator. At the top, there is a navigation bar with 'Pending Approvals' and 'Employee Resignation'. Below this, the employee's profile is shown: David Michelson, Data Entry Operator. There are three buttons: 'Approve' (green), 'Deny', and 'Pushback'. The main content area is divided into sections: 'Resignation Details' (Last Working Day: 06/08/2019, Effective Date: 06/09/2019, Reason: Family Reasons), 'Job Information' (Job Title: Data Entry Operator, Department: Accounts Receivable, Location: New Jersey Operations, Reports to: Christelle Stevenson), 'Requester Comments' (None), and 'Attachment Details' (Attachments, Approver Comments, Approval Chain). There are also links for 'Job Data' and 'Exception Messages'.

5. Click Job data link to view employee job data.
6. Click Exception Messages link to view the errors encountered while saving the transaction details.
7. Click Approve button. The Approval Actions modal window is displayed as shown.

This example illustrates Approval Actions modal window.

The screenshot shows the 'Approval Actions' modal window. It has a title bar with 'Cancel', 'Approval Actions', and 'Done' buttons. The main content area is titled 'Select an Action' and contains two radio button options: 'Approve and automatically update the Job Data.' (selected) and 'Approve and manually update the Job Data.'

Note: HR administrators can also deny or pushback the request. In this case, employee gets notified and you need to update the required details and resubmit the request.

8. Select the required option to update employee's job data manually or automatically and click Done.
9. Provide your comments in the Approve modal window and click Submit.

Submitting Retirement Requests

This topic gives an overview of initiating retirement request by an employee.
