Chapter 1 - Preface

Preface

About this guide

This guide provides the user with all the information necessary to perform Policy Exception Approval Process for the corporate customer in OBCFPM.

Intended Audience

This document is intended for the banking personnel responsible for performing Policy Exception Approval Process for the corporate customer.

Conventions Used

The following table lists the conventions that are used in this document:

Convention	Description
Italic	Italic denotes a screen name
Bold	Bold indicates <ul style="list-style-type: none">• Field name• Drop down options• Other UX labels
	This icon indicates a note
	This icon indicates a tip
	This icon indicates a warning

Chapter 1 - Preface

Common Icons in OBCFPM

The following table describes the icons that are commonly used in OBCFPM:

Icons	Icon Name
	Add icon
	Calendar icon
	Configuration / settings icon
	Delete icon
	Edit icon

Chapter 2 - Exception Summary

Policy Exception Summary

Credit proposals initiated in OBCFPM are validated with respect to the policies defined by the bank in each stage of credit process. The defined policies cover both financial and non-financial dimensions of an organization seeking credit facilities. During the policy validation, the organization might meet or breach the bank's policies on various dimensions such as minimum eligibility criteria, products, and pricing.

The Policy Exception Summary is displayed in each stage of credit proposal process to provide a holistic view of the met and breached policies to the banking personnel. Thus, the banker can take necessary decision in initiating policy exception approval process or rejecting the proposal.

Upon Submitting the Credit Application, the Policy Exception Summary page appears:

1. Select the name and ID of company from the drop down list. If the application is submitted for a group of company, then "all" is displayed in the drop down field by default.

After selecting the company name and ID, the Policy Exception Summary for the selected company appears.

Chapter 2 - Exception Summary

In the Policy Exception Summary:

Total count shows the number of validated policies.

Met count shows the number of met policies.

Breached count shows the number of breached policies.

2. To know the status of policy exception approval process, refer the following count in each dimension:

- INITIATED
- APPROVED
- DEFERRED
- NOT INITIATED
- REJECTED

3. To view the list of exceptions in each dimension, click the corresponding dimension. *Policy exceptions - <dimension name>* window appears:

Policy exceptions - Minimum eligibility criteria

4. Click the **Actions** drop down button and select the required option. The options available are: **Deferred to Next stage** and **Initiate the approval task**.

Chapter 2 - Exception Summary

Upon clicking the **Initiate the approval task** button, *Policy exception initiation* window appears:

The screenshot shows a web application window titled "Policy exception initiation". The window has a blue header bar with the text "Application Details". Below the header, there are three fields: "Application Priority" with radio buttons for "Low", "Medium", and "High"; "Application Category" with a dropdown menu; and "Application Branch" with a search input field. Below these fields is a section titled "Policies selected for exception approval" with three checkboxes: "Refer to business opinion", "Refer to legal opinion", and "Refer to risk opinion". The main area of the window is for "Overall comments" and contains a rich text editor toolbar with various icons (bold, italic, underline, text color, background color, bulleted list, numbered list, link, unlink, H1, H2, undo, redo, find, text color, text background color) and a text input field with the placeholder text "Enter overall comments...". At the bottom right of the window are two buttons: "Initiate policy exception process" and "Close".

In the **Application Details** section:

5. Select the **Application Priority**. The options available are: Low, Medium, and High.
6. Select the **Application Category** from the drop down list.
7. Search and select the **Application Branch**.
8. If business opinion about the policy breach is required, select the **Refer to business opinion** check-box.
9. If legal opinion about the policy breach is required, select the **Refer to legal opinion** check-box.
10. If risk opinion about the policy breach is required, select the **Refer to risk opinion** check-box.
11. Type **Overall comments** for the Policy exception initiation.
12. Click **Initiate policy exception process**.
13. To exit the Policy exception initiation window, click **Close**.

Upon clicking the **Initiate policy exception process** button, Policy Exception Approval process is initiated.

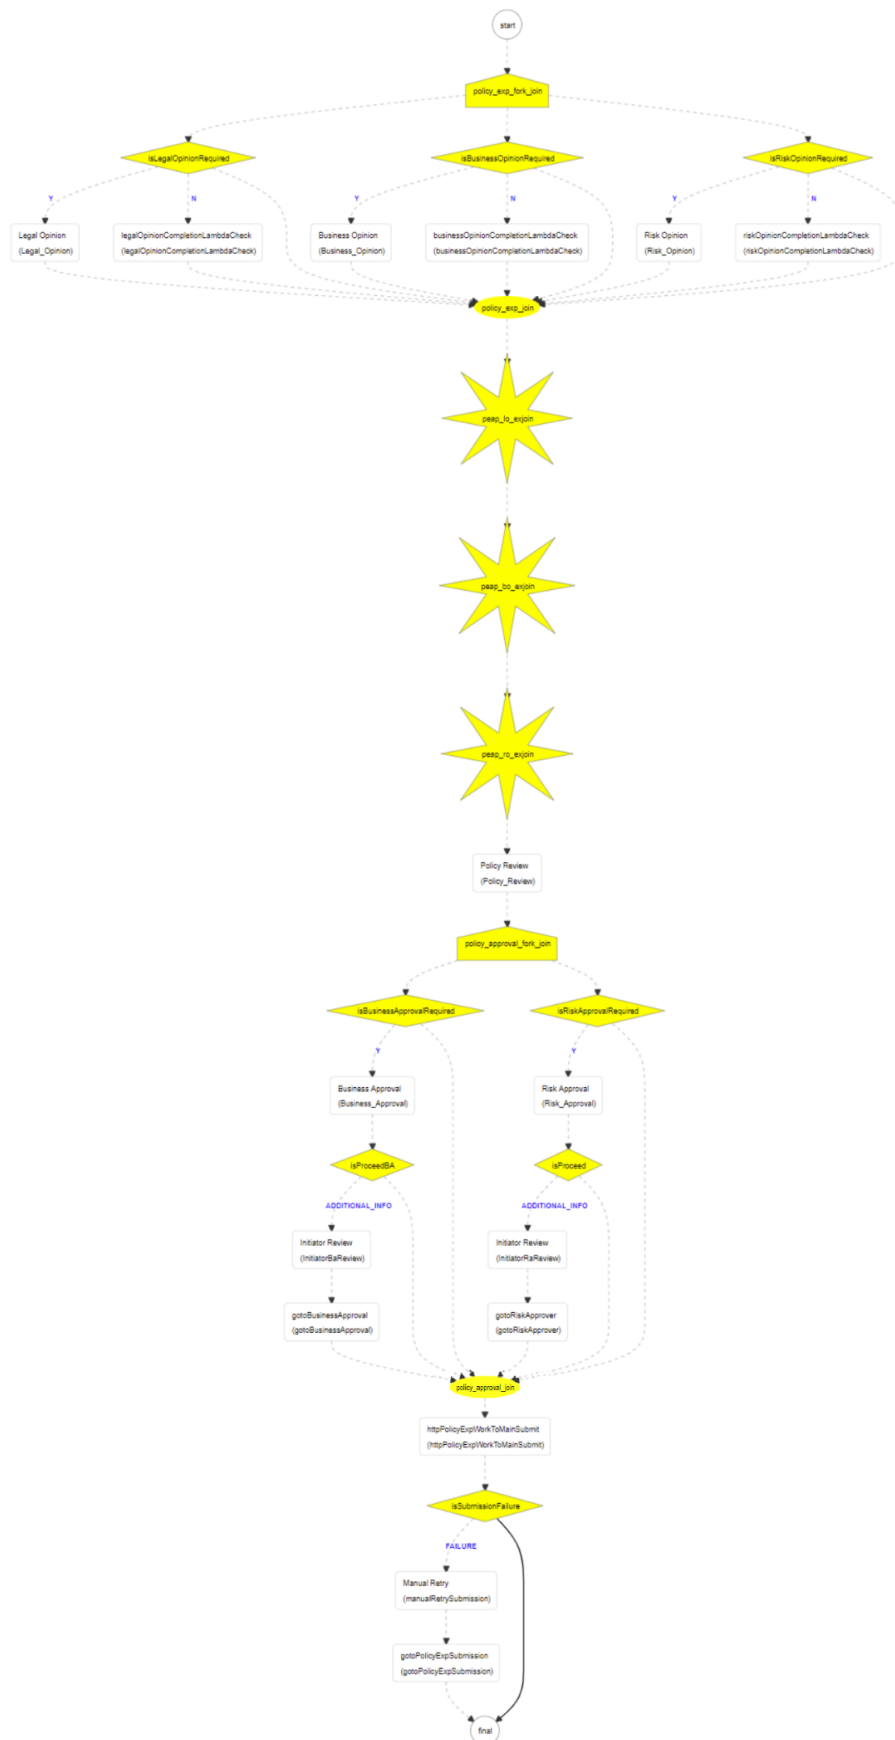

Refer **Approval Process** chapter for information on approving the policy exceptions for corporate customer.

Policy Exception Approval Process

In the Policy Exception Approval Process, the exceptions are sent to different teams in the bank for capturing opinion and approval based on the options selected during exception approval process initiation.

The following flow chart illustrates the various stages in Policy Exception Approval Process:

Chapter 2 - Approval Process

Chapter 2 - Approval Process

Legal Opinion

Legal Opinion task is created in OBCFPM, if **Refer to Legal Opinion** check-box is selected while initiating the Policy Exception Approval Process. The Legal Officer in the bank can acquire this task to view the policy exception summary and capture legal opinion about the exceptions.

1. To acquire the Legal Opinion task, navigate to **Tasks > Free Tasks**. *Free Tasks* page appears.
2. Select the required task and click **Acquire & Edit**. *Legal Opinion - Customer Summary* page appears.
3. View the customer summary and click **Next**. *Exceptions* page appears:

Chapter 2 - Approval Process

4. To view the required exception from the list, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **View**. *View <exception name>* window appears:

As per application	Allowed as per policy	Variation
1	Should be greater than or equal to 4	3

Justification
System and compliance administrators in the global domain can set properties to determine how the system defines the Policy and Compliance Management application.

Business opinion
System and compliance administrators in the global domain can set properties to determine how the system defines the Policy and Compliance Management application.

Legal opinion
System and compliance administrators in the global domain can set properties to determine how the system defines the Policy and Compliance Management application.

Update View

Done

5. After viewing the exception details, click **Done** to exit the window.
6. To capture the legal opinion for the required exception, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **Edit**.
7. Capture the legal opinion and click **Save**. *Exceptions* page appears.
8. To hold the task, click **Hold**.
9. To go back to the previous page, click **Back**.
10. To go to the next page, click **Next**.
11. To save the provided information and exit the page, click **Save & Close**.
12. To exit the page without saving the information, click **Cancel**.

Upon clicking the **Next** button, comments page appears.

13. Post comments for the overall task and click **Submit**. *Checklist* window appears.
14. Select the Outcome as **Proceed**. The task is completed.

Risk Opinion

Risk Opinion task is created in OBCFPM, if **Refer to Risk Opinion** check-box is selected while initiating the Policy Exception Approval Process. The Risk Officer in the bank can acquire this task to view the policy exception summary and capture risk opinion about the exceptions.

Chapter 2 - Approval Process

15. To acquire the Risk Opinion task, navigate to **Tasks > Free Tasks**. *Free Tasks* page appears.
16. Select the required task and click **Acquire & Edit**. *Risk Opinion - Customer Summary* page appears.
17. View the customer summary and click **Next**. *Exceptions* page appears:

18. To view the required exception from the list, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **View**. *View <exception name>* window appears:

19. After viewing the exception details, click **Done** to exit the window.
20. To capture the risk opinion for the required exception, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **Edit**.
21. Capture the risk opinion and click **Save**. *Exceptions* page appears.
22. To hold the task, click **Hold**.

Chapter 2 - Approval Process

23. To go back to the previous page, click **Back**.
24. To go to the next page, click **Next**.
25. To save the provided information and exit the page, click **Save & Close**.
26. To exit the page without saving the information, click **Cancel**.

Upon clicking the **Next** button, comments page appears.

27. Post comments for the overall task and click **Submit**. *Checklist* window appears.
28. Select the Outcome as **Proceed**. The task is completed.

Review

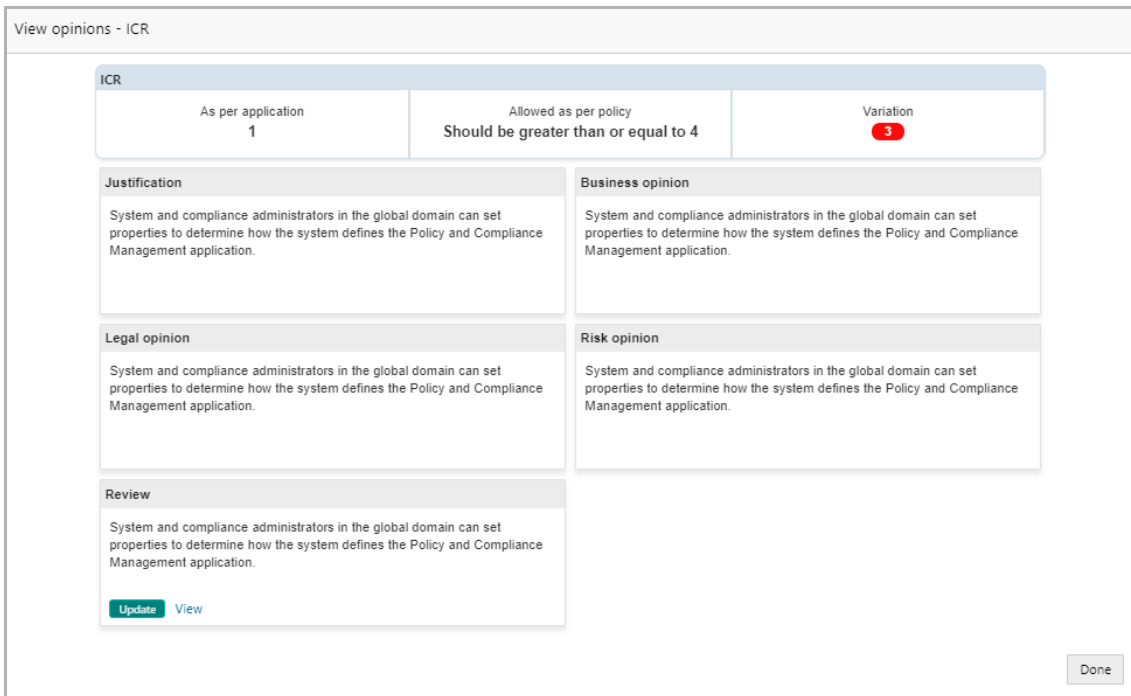

The Reviewer in the bank can acquire this task to view the opinions posted by legal, Business and Risk Officers and move the exceptions for required approval.

29. To acquire the Review task, navigate to **Tasks > Free Tasks**. *Free Tasks* page appears.
30. Select the required task and click **Acquire & Edit**. *Policy Review - Customer Summary* page appears.
31. View the customer summary and click **Next**. *Exceptions* page appears:

Exception Name	Allowed as per policy	Variation	Risk opinion

EBIDTA	Allowed as per policy : Should be greater than or equal to 60000	59000	View
TNW	Allowed as per policy : Should be greater than or equal to 100000	99000	In progress
Debt To Equity	Allowed as per policy : Should be greater than or equal to 2	1	In progress

Chapter 2 - Approval Process

32. To view the opinions posted for the required exception, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **View**. *View Opinion - <exception name>* window appears:

33. After viewing the opinions, click **Done** to exit the window.

34. To capture the review comments and move the exception to required approval stages, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **Edit**. *Review* window appears:

35. Select the **Approval required from** option.

36. Post Review comments in the text box.

Chapter 2 - Approval Process

37. Click **Save**. *Exception* page appears.
38. To hold the task, click **Hold**.
39. To go back to the previous page, click **Back**.
40. To go to the next page, click **Next**.
41. To save the provided information and exit the page, click **Save & Close**.
42. To exit the page without saving the information, click **Cancel**.

Upon clicking the **Next** button, comments page appears.

43. Post comments for the overall task and click **Submit**. *Checklist* window appears.
44. Select the Outcome as **Proceed**. The exception is moved to the selected approval stage.

Business Approval

This task is listed in the *Free Task* page, if Business option is selected in **Approval required from** field. The Business head in the bank can acquire this task to approve or reject the exceptions based on comments posted.

45. To acquire the Business Approval task, navigate to **Tasks > Free Tasks**. *Free Tasks* page appears.
46. Select the required task and click **Acquire & Edit**. *Business Approval - Customer Summary* page appears.
47. View the customer summary and click **Next**. *Exceptions* page appears:

The screenshot displays the Oracle Policy Exception Approval Process - Business Approval interface. At the top, the Oracle logo and 'Free Tasks' are visible. The page title is 'Policy Exception Approval Process - Business Approval'. A progress bar shows three stages: 'Customer Summary' (checked), 'Exceptions' (checked), and 'Comments' (3 items). Below the progress bar, there is a table of exceptions:

Exception Type	As per application	Allowed as per policy	Variation
ICR	1	Should be greater than or equal to 4	3
EBIDTA	1000	Should be greater than or equal to 60000	59000

Each exception row includes links for 'Business opinion', 'Legal opinion', 'Risk opinion', and 'Business approval comment'. The page footer shows 'Page 1 of 1 (1-2 of 2 items)' and navigation buttons: 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'.

Chapter 2 - Approval Process

48. To view the opinions and review comment posted for the required exception, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **View**. *View Opinion - <exception name>* window appears:

49. After viewing the opinions, click **Done** to exit the window.

50. To approve or reject the exception, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **Edit**. *Business approval* window appears:

51. **Approve** or **Reject** the exception based on the justifications provided.

52. Post comments for the action in the text box.

Chapter 2 - Approval Process

53. Click **Save**. *Exception* page appears.
54. To hold the task, click **Hold**.
55. To go back to the previous page, click **Back**.
56. To go to the next page, click **Next**.
57. To save the provided information and exit the page, click **Save & Close**.
58. To exit the page without saving the information, click **Cancel**.

Upon clicking the **Next** button, comments page appears.

59. Post comments for the overall task and click **Submit**. *Checklist* window appears.
60. Select the Outcome as **Proceed**. The exception is approved.

Risk Approval

This task is listed in the *Free Task* page, if Risk option is selected in **Approval required from** field. The Business head in the bank can acquire this task to approve or reject the credit application based on comments posted.

61. To acquire the Business Approval task, navigate to **Tasks > Free Tasks**. *Free Tasks* page appears.
62. Select the required task and click **Acquire & Edit**. *Business Approval - Customer Summary* page appears.
63. View the customer summary and click **Next**. *Exceptions* page appears:

The screenshot shows the Oracle Policy Exception Approval Process - Risk Approval interface. The page title is "Policy Exception Approval Process - Risk Approval". The breadcrumb is "Free Tasks". The page shows a progress bar with three steps: "Customer Summary", "Exceptions", and "Comments". The "Exceptions" step is currently active and displays a list of exceptions. The first exception is "TNW" with a green checkmark, showing "As per application: 1000", "Allowed as per policy: Should be greater than or equal to 100000", "Variation: 99000", and "Risk opinion: In progress". The second exception is "Debt To Equity" with a red triangle, showing "As per application: 1", "Allowed as per policy: Should be greater than or equal to 2", "Variation: 1", and "Risk opinion: In progress". At the bottom, there are navigation buttons: "Hold", "Back", "Next", "Save & Close", and "Cancel".

64. To view the opinions and review comment posted for the required exception, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **View**. *View Opinion - <exception name>* window appears.

65. After viewing the opinions, click **Done** to exit the window.

Chapter 2 - Approval Process

66. To approve or reject the exception, click the Actions icon (Hamburger icon) in the corresponding exception row and then click **Edit**. *Risk approval* window appears:

The screenshot shows a dialog box titled "Risk approval" with a close button (X) in the top right corner. Below the title bar, there are two radio buttons: "Approve" (which is selected) and "Reject". Below the radio buttons is a text area containing the text: "System and compliance administrators in the global domain can set properties to determine how the system defines the Policy and Compliance Management application." At the bottom right of the dialog box, there are two buttons: "Save" and "Cancel".

67. **Approve** or **Reject** the exception based on the justifications provided.
68. Post comments for the action in the text box.
69. Click **Save**. *Exception* page appears:
70. To hold the task, click **Hold**.
71. To go back to the previous page, click **Back**.
72. To go to the next page, click **Next**.
73. To save the provided information and exit the page, click **Save & Close**.
74. To exit the page without saving the information, click **Cancel**.

Upon clicking the **Next** button, comments page appears.

75. Post comments for the overall task and click **Submit**. *Checklist* window appears.
76. Select the Outcome as **Proceed**. The exception is approved.
