1 Preface

1.1 Introduction

This guide provides step-by-step instructions to onboard a retail customer using Oracle Banking Enterprise Party Management.

1.2 Audience

This manual is for the Bankers responsible for onboarding retail customers into the bank.

1.3 Document Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.4 List of Topics

This user manual is organized as follows:

Table 1: List of Topics

Topics	Description
Retail Onboarding	This topic provides an overview of the Retail Onboarding process and covers the actions to be performed in the Onboarding process.
List of Glossary	This topic displays the list of main screens in the document along with its reference.

1.5 Related Documents

For more information on any related features, you can refer to the following documents:

1. Getting Started User Guide
2. Retail 360 User Guide

1.6 Symbols and Icons

The following are the symbols/icons you are likely to find in this guide:

Table 2: Symbols and Icons

Symbol	Description
→	Represents Results
	Add icon
	Edit icon
	Delete icon
	Calendar icon
	Close icon

1.7 Basic Actions

Most of the screens contain buttons to perform all or few of the basic actions. The table below gives a snapshot of them:

Table 3: Basic Actions

Action	Description
Submit	<p>On click of Submit, the checklists applicable for the stage will be defaulted based on the application category. On verifying all the checklist and on selection of the outcome, the task will be submitted. The following options are available for 'Outcome':</p> <ul style="list-style-type: none"> • Proceed – move the task to next stage or complete the onboarding process in Approval stage. User can select this option in the Initiation, Enrichment, Review, Recommendation, and Approval stages. • Approve – the onboarding process is approved. User can select this option in KYC stage. • Reject – the onboarding process is rejected. User can select this option in KYC and Approval stages. • Additional Info – the task is moved back to the Manual retry queue for further. User can select this option in Review and Approval stages.
Post	On click of Post, the system posts the comments below the Comments text box.
Cancel	On click of Cancel, the system will ask for confirmation and on confirming the task will be closed without saving the data.
Hold	On click of Hold, the captured details will be saved and the task status will be suspended and will be available in the Hold queue. This option is used, if there are any pending information to be captured. If mandatory fields have not been captured, system will display error until the mandatory fields have been captured.

Action	Description
Next	On click of Next, the details of the captured will be saved and then system will move to the next screen. If mandatory fields have not been captured, system will display error until the mandatory fields have been captured. If mandatory fields have not been captured, system will display error until the mandatory fields have been captured.
Back	On click of Back, the details of the captured will be saved and then system will move to the previous screen.
Save & Close	On click of Save & Close, the captured details will be saved. If mandatory fields have not been captured, system will display error until the mandatory fields are captured.

2 Retail Onboarding

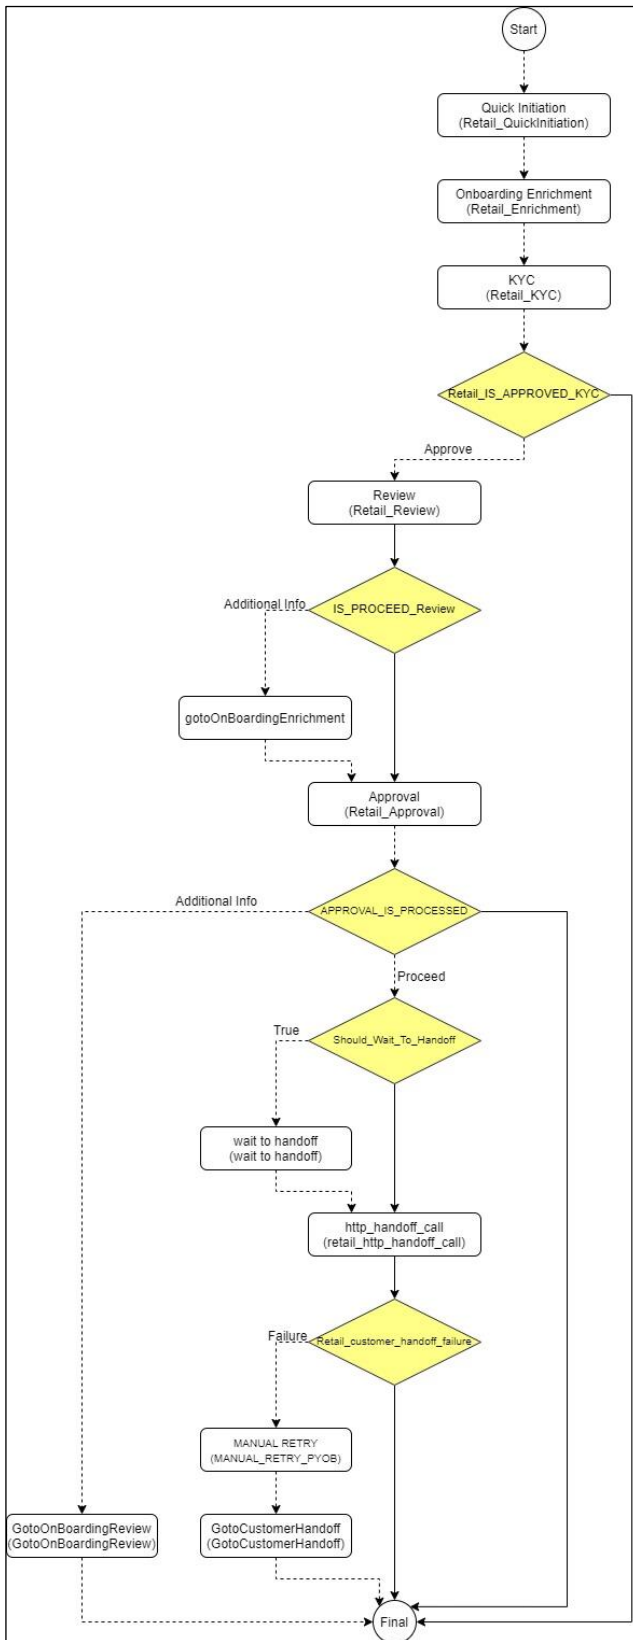

2.1 Overview

Retail Onboarding is the process of collecting, evaluating and authorizing the customer information for secured retail banking. The Relationship Managers can initiate this process when the customer shows interest in any of the bank's product or approaches the bank for availing facility. The information collected throughout this process are stored in bank's database for future reference.

2.1.1 Process Flow Diagram

The flow diagram illustrating the different stages in Retail Onboarding process is shown below for reference:

Figure 1: Quick Initiation

2.2 Onboarding Initiation

This section contains the following topics:

- [2.2.1 Basic Details](#)
- [2.2.2 Relationships](#)
- [2.2.3 Educational Qualification](#)
- [2.2.4 Employment](#)
- [2.2.5 Financial Information](#)
- [2.2.6 Interested Products](#)
- [2.2.7 Comments](#)
- [2.2.8 Review and Submit](#)

In this stage, the Relationship Manager can capture brief information about the retail customer to be onboarded using Oracle Banking Enterprise Party Management.

Prerequisites:

Before you begin, log in to the application **Home** page. For information on how to log in, refer to the *Getting Started User Guide*.

NOTE: User should have required Personal Identifiable Information (PII) access to onboard a party, if PII fields are configured.

To initiate the Onboarding process:

1. On the Home page, click **Party Services**. Under **Party Services**, click **Onboarding**.
→ The **Onboarding** screen is displayed.

Figure 2: Onboarding Initiation

The screenshot shows a web application interface for onboarding. The title bar reads 'Onboarding'. Below the title bar, there are two dropdown menus. The first is labeled 'Customer Type *' and the second is labeled 'Business Product Code *'. Both dropdown menus are currently empty. At the bottom right of the form area, there are two buttons: 'Onboard Now' and 'Cancel'.

- On the **Onboarding** screen, specify the fields. For more information on fields, refer to the field description table.

NOTE: The fields, which are marked with an asterisk, are mandatory.

Table 4: Onboarding – Field Description

Field Name	Description
Customer Type	Select Retail from the drop-down values.
Business Process Code	If required, select the desired business process code. NOTE: This field is displayed and required only if more than one process code is configured for a given customer type.

- Click on **Onboard Now**.

→ The **Retail Onboarding - Quick Initiation** screen is displayed.

Figure 3: Quick Initiation

- On the **Quick Initiation** screen, specify the details about the customer. For more information on fields, refer to the field description table.

NOTE: The fields, which are marked with an asterisk, are mandatory.

Table 5: Quick Initiation – Field Description

Field Name	Description
First Name	Specify the first name of the customer.
Middle Name	Specify the middle name of the customer.
Last Name	Specify the last name of the customer.

Field Name	Description
Maiden Name	Specify the maiden name of the customer.
Date of Birth	Select the date of birth of the customer.
Gender	Select the gender from the drop-down values.
Birth Country	Click search icon and select birth country from the list of values.
Citizenship By	Select the 'Citizenship By' the drop-down values.
Country of Residence	Click search icon and select the country from the list of values.
Customer Category	Click search icon and select customer category from the list of values.
Application Priority	Select the priority of Party Onboarding application.
Customer Access Group	Click search icon and select the customer access group for the party. NOTE: User should have required access to onboarding a party within a customer access group. For more details, refer to Oracle Banking Party Configurations User Guide .

4. Click **Submit**.

System will check for duplicate customers (Dedupe Check).

- If there is no duplicate customer existed in the system, then system creates unique party ID for the customer and displays the **Initiation - Basic Details** screen
- If there is a duplicate customer/s existed in the system, then system will display the list of customers with same name. User will have facility to
 - **Discard** the Customer Onboarding or
 - Go ahead and **save** it or
 - **Cancel** and go back to previous screen

Example: There is a customer by name “Vinay” and user will try to create a customer with the same name again. Then the system will display duplicate record as below.

Figure 4: Duplication Check

Duplication Check ✕

Following matching records are found. Please verify

Business Type	CIF	Party ID	Name	ID / Registration Number	Date of Birth / Registration Date	Status
Individual		000039053	VINAY		1992-02-06	IN_PROGRESS

- Dedupe check will fetch the matches found against the
 - Information of existing customers present in the system
 - Information of the customers for whom the onboarding application was denied/rejected
- By default, the system validates based on customer first name. If other attributes required for dedupe check that can be configured.
- Dedupe check will be performed as a service.

2.2.1 Basic Details

Basic Details screen captures the following personal details to onboard the customer.

1. Basic Info and Citizenship
2. Address
3. ISO Address
4. Social Profile

Figure 5: Basic Details

Perform the following steps in the **Initiation - Basic Details** screen:

1. On **Initiation - Basic Details** screen, click and expand **Basic Info & Citizenship** segment.
→ The **Basic Info & Citizenship** segment displays.

Figure 6: Basic Info and Citizenship

NOTE: Basic details provided in the **Quick Initiation** screen are automatically populated in the Initiation – Basic Details screen.

- On **Basic Info and Citizenship** segment, specify the details of the customer. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 6: Basic Info and Citizenship – Field Description

Field Name	Description
Title	Select the title from the drop-down values.
First Name	Displays the first name of the customer.
Middle Name	Displays the middle name of the customer.
Last Name	Displays the last name of the customer.
Short Name	Specify the short name of the customer.
Maiden Name	Displays the maiden name of the customer.
Name in Local Language	Specify the name in local language (as applicable at the country of implementation).
Date of Birth	Displays the date of birth of the customer.
Gender	Displays the gender from the drop-down values.

Field Name	Description
Marital Status	Select the marital status from the drop-down values.
Customer Category	Displays the category of the customer.
ID Type	Select the ID type from the drop-down values.
Unique ID	Specify the unique ID of the customer.
Customer Segment	Select the customer segment from the drop-down values.
Customer Access Group	<p>Click search icon and select the customer access group for the party.</p> <p>NOTE: User should have required access to onboarding a party within a customer access group.</p> <p>For more details, refer to Oracle Banking Party Configurations User Guide.</p>
Details of Special Need	Specify the details of special needs if the customer is differently abled.
Remarks for Special Need	Specify the remarks for special needs, if applicable.
Relationship Manager ID	Specify the ID of the relationship manager.
Staff	Select if the person onboarded is a staff of the bank.
Upload Photo	Upload the photo of the customer.
Birth Country	Displays the birth country of the customer.
Nationality	Click search icon and select the nationality of the customer from the list of values.
Citizenship By	Displays the 'Citizenship By' value.
Residential Status	Select the residential status from the drop-down values.
Country of Residence	Displays the country of residence.
Preferred Language	Select the preferred language from the drop-down values.
Preferred Currency	Click search icon and select preferred currency from the list of values.

- Click and expand the **Address** segment.

→ The **Address** segment displays.

Figure 7: Address

- On **Address** segment, specify the details of the address. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 7: Address – Field Description

Field Name	Description
Address Type	Select the address type from the drop-down values.
Location	Select the Location from the list of values. This pertains to a particular area in a country
Preferred	If more than one address is captured for the same address type, specify which one is the preferred address to be used for communication.
Building Name	Specify the building name of the customer.
Street Name	Specify the street name of the customer.
Locality	Specify the locality of the customer.
City	Specify the city of the customer.
State	Specify the state of the customer.
Country Code	Click search icon and select country code from the list of values.

Field Name	Description
Zip Code	Specify the zip code of the address.
ISD - Mobile Number	Specify ISD Code and the mobile number of the customer.
Email ID	Specify the email Id of the customer.
ISD - Contact Number	Specify ISD Code and the contact number of the customer.
Narrative	Specify the description for the customer.
Add More	Click this button to add another address.

5. After completion of the **Address** details, click and expand **ISO Address** section and click, **+** Button

→ The **Add Address** screen displays

Figure 8: Add Address

To update the ISO address:

Specify the address details in ISO format on this screen. For more information on fields, refer to the field description table.

NOTE: The fields, which are marked with an asterisk, are mandatory.

Table 8: Add Address – Field Description

Field Name	Description
Address Type	Select the address type from the drop-down values.
Preferred	If more than one address is captured for the same address type, specify which one is the preferred address to be used for communication.
Location	Specify the location of the customer.
Department	Specify the name of the department for the customer.
Sub Department	Specify the sub-department for the customer.
Street Name	Specify the street name.
Building Number	Specify the building number.
Building Name	Specify the building name.
Floor	Specify the floor for the given address.
Post Box	Specify the post box.
Room	Specify the room for the given address.
Post Code	Specify the post code.
Town Name	Specify the name of the town.
Town Location Name	Specify the town location name.
District Name	Specify the district name.
Country Sub Division	Specify the country sub-division.
Country	Click the search icon and select country code from the list of values.

Specify the following media details in this data segment:

- Email
- Fax
- Mobile
- Phone Number
- SWIFT

For more information on fields, refer to the field description table.

6. After completion of the **Address** details, click and expand the **Social Profile** section.

→ The **Social Profile** screen displays.

Figure 14: Social Profile

7. On **Social Profile** segment, specify the details. For more information on fields, refer to the field description table.

Table 14: Social Profile – Field Description

Field Name	Description
Facebook	Select the address of the Facebook profile.
Twitter	Select the address of the Twitter profile.
Instagram	Select the address of the Instagram profile.
LinkedIn	Select the address of the LinkedIn profile.
Blog	Select the address of the Blog profile.
Tumblr	Select the address of the Tumblr profile.

8. Click **Next** to move to the **Initiation - Relationships** screen.

2.2.2 Relationships

Details about the relationships of the customer to be onboarded are added in this data segment. Adding relationship details is beneficial to both the customer and the bank during critical events Relationships type available are:

- Household relationships, such as Father, Mother, Son, daughter, Spouse, or Guardian.
- Power of Attorney

Figure 15: Initiation – Relationships

Perform the following steps in the **Initiation – Relationships** screen:

1. To add the relationship detail, select the desired relationship and click the **+** icon.

→ The system displays the **Add New Household** screen.

Figure 16: Add New Household

NOTE: Relationships to a customer can be either of the following:

- An existing customer of the Bank
- An existing party that is not a customer but is a stakeholder to another customer of the bank
- A new party, which is neither a customer nor an existing party

- Specify the existing CIF (if the relationship is an existing customer) or the existing Party Id (if the relationship is an existing party but not a customer).
- If **CIF/Party Id** is not known, click search icon to launch **Search Party** screen. Select **CIF/Party Id** from the list of values based on the search criteria.

Figure 17: Search Party – Individual

NOTE: User should have required access to add a party within a customer access group as relationship.

For more details, refer **Oracle Banking Party Configuration User Guide**.

- After you specify the CIF/Party Id, click **Next**.

→ The system displays the **Add New Household** screen to add relationship specific attribute.

Figure 18: Add New Household

5. If the related party is new to the Bank, click **Next** without entering **CIF/Party Id**.

→ The **Add New Owners** screen displays to capture details for the new relationship.

Figure 19: Add New Owners

6. On **Add New Owners** screen, specify the details of the new stakeholder. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 15: Add New Owners – Field Description

Field Name	Description
Stakeholder Type	Select the stakeholder type from the drop-down values.

→ The system adds the asset details and lists in the **Asset Details** section.

NOTE: The user can also select the required item from list and click the edit/delete icon to modify/delete the added asset details.

6. Click and expand the **Liabilities Details** section to add the liability details.

→ The system displays the options to add, modify and delete liability details.

Figure 30: Financial Information – Liabilities Details

7. Click **Add**.

→ The system displays the **Liabilities** screen.

Figure 31: Liabilities

8. On **Liabilities** screen, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 19: Liabilities – Field Description

Field Name	Description
Type	Select the type of liability from the drop-down values.
Currency	Click search icon and select the currency from the list of values.
Total Value	Specify the total value.

9. Click **Submit**.

→ The system adds the liability details and lists in the **Liabilities Details** section.

NOTE: You can also select the required item from list and click the edit/delete icon to modify/delete the added asset details.

10. Click **Next** to go to the **Initiation – Interested Products** data segment.

2.2.6 Interested Products

All the bank products relevant to the customer are displayed in this data segment. Relationship Manager can select the products in which the customer has shown interest to associate the same with customer.

Figure 32: Initiation - Interested Products

Interested Products		Screen (6 / 8)	
Total no of Selected Assets Products		Total no of Selected Liability Products	
Assets		Liabilities	
Achyana Home Loan	<input type="checkbox"/>	NEO SMART SALARY ACCOUNT	<input type="checkbox"/>
Futura Education Loan	<input type="checkbox"/>	QUICK SAVINGS ACCOUNT	<input type="checkbox"/>
UNSECURED LOAN	<input type="checkbox"/>	Regular Savings Account	<input type="checkbox"/>
Executive Study Loan	<input type="checkbox"/>	Savings Exclusive Account	<input type="checkbox"/>
Travel Ultimate	<input type="checkbox"/>	Max Savings Account	<input type="checkbox"/>
NEO SMART SALARY ACCOUNT	<input type="checkbox"/>	Savings Priority Account	<input type="checkbox"/>

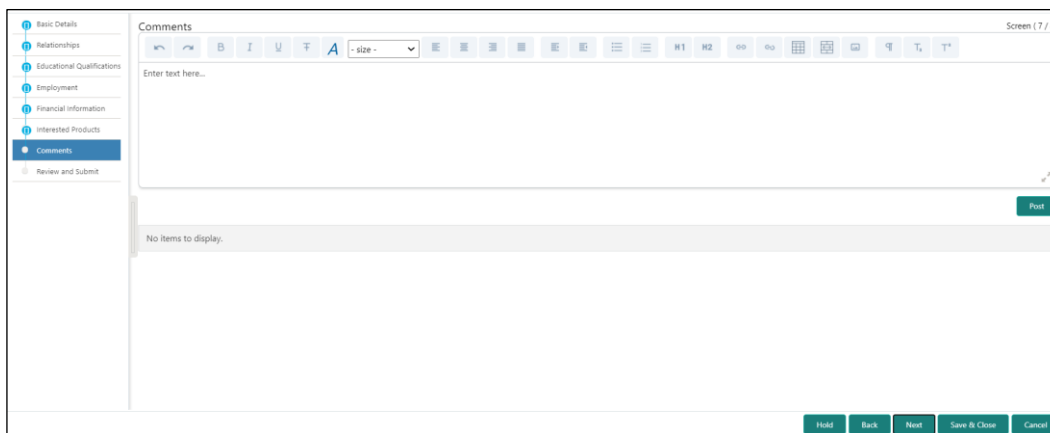

Perform the following steps:

1. On **Interested Products** screen, select the products based on customer's interest, and specify the requested value for each product.
2. Click **Next** to go to the **Initiation – Comments** data segment.

2.2.7 Comments

The Relationship Managers can capture overall comments for the Initiation stage in this data segment. Capturing comments help the banker working with this task in next stage to better understand the task.

Figure 33: Initiation – Comments

Perform the following steps:

1. On **Comments** screen, specify the overall comments for the **Onboarding Initiation** stage, and click **Post**.
2. Click **Next** to go to the **Initiation – Review and Submit** data segment.

2.2.8 Review and Submit

This screen provides a consolidated view of the information captured in all the data segments. The Relationship Managers can view the displayed information and take necessary action such as modifying the information or moving the task to the next stage.

Figure 34: Initiation – Review and Submit

The screenshot displays the 'Review and Submit' interface for a customer profile. On the left is a navigation menu with categories like Basic Details, Relationships, Educational Qualifications, Employment, Financial Information, Interested Products, Comments, and Review and Submit. The main content area is titled 'Review and Submit' and includes a user profile header with fields for Date of birth, Gender, Marital Status, Citizenship, and Communication Address. Below this are several data segments:

- General Information:** Includes tabs for General Information, Address, and Social Profile. A large blue '1' indicates progress. A 'Citizenship History' section is visible.
- RelationShips:** Includes tabs for Household and PowerOfAttorney. Shows Name, Is Dependent (No), and Relationship (Spouse).
- Professional Information:** Includes tabs for Education and Membership. Shows '1' for progress, 'No of degrees', and details for 'Highest degree' (PG in Master of Science).
- Employment:** Shows 'Total work experience' as 14 Years and 'No of companies worked' as 1. Currently working with [Senior Manager].
- Dates:** Status: 'Dates Is not yet done'.
- KYC:** Status: 'KYC Is not yet done'.
- Assets:** A pie chart shows 5.00% for House and 95.00% for Deposit. Status: 'View Details'.
- Liabilities:** A pie chart shows 100% for Property Loan. Status: 'View Details'.
- Income:** Status: 'Income Is not yet done'.
- Expense:** Status: 'Expense Is not yet done'.

1. In the **Review and Submit** screen, the details are displayed in tiles. For more information on tiles, refer the description table below.

Table 20: Review and Submit – Description

Tile Name	Description
General Information	In this tile, the following details are displayed: <ul style="list-style-type: none"> • Citizenship • Address • Social Profile
Professional Information	In this tile, the following details are displayed: <ul style="list-style-type: none"> • Education • Membership
Relationship	In this tile, the following details are displayed: <ul style="list-style-type: none"> • Household • Power of Attorney
Employment	Displays the employment details of customer.
Dates	Displays the details of the dates.
KYC	Displays the KYC details.
Assets	Displays the assets details.
Liabilities	Displays the liabilities details.
Income	Displays the income details.
Expense	Displays the expense details.
View details	In the corresponding tile, click this icon to view the detailed information.

2. On click on **Submit** System will check for duplicate customers.
 - If there is no duplicate customer existed in the system. Then user can proceed further.
 - If there is a duplicate customer/s existed in the system. It will display the list of customers with same name. User will have facility to
 - **Discard** the Customer Onboarding or
 - Go ahead and **save** it or
 - **Cancel** and go back to previous screen

2.3 Onboarding Enrichment

In this stage, the Relationship Manager can capture detailed information about the retail customer to be added in Oracle Banking Enterprise Party Management. This section contains the following topics:

- [2.3.1 Basic Info](#)
- [2.3.2 Employment](#)
- [2.3.3 Membership / Association](#)
- [2.3.4 Financial Profile](#)
- [2.3.5 Comments](#)
- [2.3.6 Review and Submit](#)

To acquire and edit the Onboarding Enrichment task, perform the following steps:

NOTE: User should have required Personal Identifiable Information (PII) access to onboard a party, if PII fields are configured.

1. From Home page, click **Tasks**. Under **Tasks**, click **Free Tasks**.

→ The system displays the **Free Tasks** screen.

Figure 36: Free Tasks

2. On **Free Tasks** screen, select the required task and click **Acquire and Edit**.

→ The system displays the **Enrichment – Basic Info** screen.

2.3.1 Basic Info

In addition to the basic personal information captured in the Initiation stage, the Relationship Managers can add important Dates, Supporting documents, and Photos of the customer in this data segment.

Figure 37: Enrichment – Basic Info

The screenshot displays a web-based form for customer enrichment. On the left is a vertical navigation menu with the following items: Basic Info (selected), Signatures, Relationships, Employment, Membership / Association, Financial Profile, Comments, and Review and Submit. The main content area is titled 'Basic Info' and contains a header with a profile icon and three input fields: 'Date of Birth', 'Gender', and 'Marital Status'. Below this are several expandable sections, each with a right-pointing arrow: 'Basic info & Citizenship', 'Address', 'Dates', 'Social Profile', 'Educational Qualification', and 'Supporting Documents'. At the bottom right of the form, there is a row of five buttons: 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'. The text 'Screen (1 / 7)' is visible in the top right corner of the form area.

For information on adding **Basic info and Citizenship**, **Family details**, **Address**, **Social profile**, **Relationships**, and **Educational Qualification**, refer [Basic Details](#) sub-section in the Onboarding Initiation section.

As part of basic info, the system will check for duplicate customers.

Click this link for more information on [Dedupe Check](#).

Figure 38: Enrichment – Basic Info – Dates

Perform the following steps to update the basic details:

1. On **Basic Info** screen, click and expand the **Dates** segment to add important dates of the customer.
2. On **Dates** segment, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 21: Dates – Field Description

Field Name	Description
Date Type	Select the date type from the drop-down values.
Upload Photo	Click Upload and select the photo to be uploaded.
Date	Click the calendar icon and select the date.
Add More	Click to displays the fields related to important dates.

3. Click and expand the **Supporting documents** section to add supporting documents.

Figure 39: Enrichment – Basic Info – Documents

4. Click **Add**.

→ The system displays the **Supporting Documents** window.

Figure 40: Enrichment – Add Documents

5. On **Document** window, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 22: Dates – Field Description

Field Name	Description
Document Name	Select the document name from the drop-down values.
Document Number	Specify the document number.
Document Issue Date	Click the calendar icon and select the issue date of the document.
Document Expiry Date	Click the calendar icon and select the expiry date of the document.

Field Name	Description
Upload Documents	Click + icon and select the document to be uploaded or drag and drop the documents.
Uploaded Documents	Displays the uploaded documents.

6. Click **Save**.

→ The system adds the document details and lists in the **Supporting documents** section.

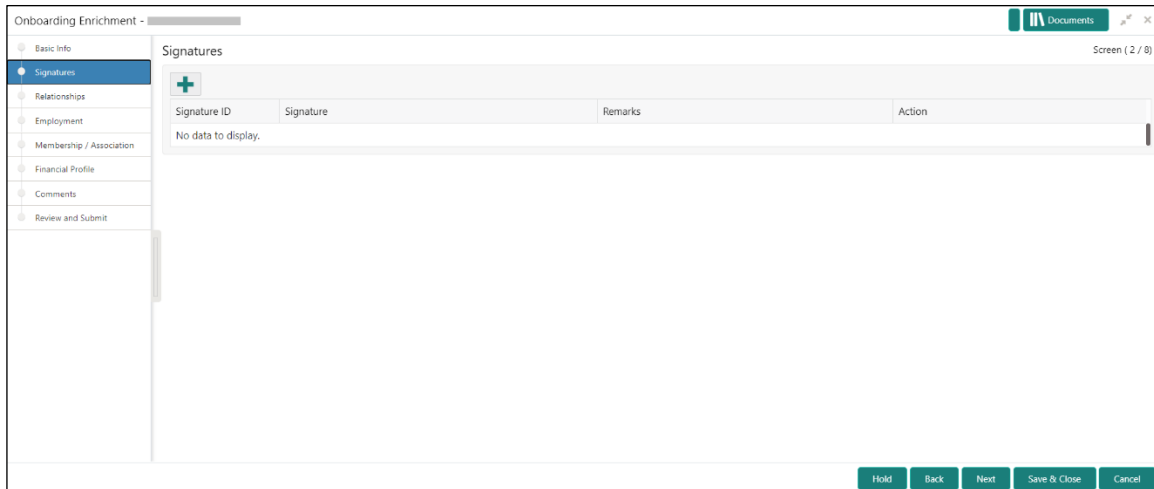

NOTE: You can also select the required item from list, and click the edit/delete icon to modify/delete the added document details.

7. Click **Next** to go to the **Enrichment – Signatures** screen.

2.3.2 Signatures

You can add the specimen of customer signatures in this section. Before you begin, make sure that the basic information is added. For more information, refer to [Basic Info](#).

Figure 41: Enrichment – Signatures

Perform the following steps to add the signature:

1. On the **Signatures** screen, click the **+** icon.

→ The **Add Signature** pop-up screen is displayed.

Figure 42: Add Signature

2. On the **Add Signature** screen, upload the customer's signature. For more information on fields, refer to the field description table below.

NOTE: The fields, which are marked with an asterisk, are mandatory.

Table 23: Add Signature – Field Description

Field	Description
Upload Signature	Drag and drop the signature file or click on Select or drop files here to browse and upload the signature from the local system.
Uploaded Signature	Displays the uploaded signature.
Remarks	Specify the remarks related to the signature.

3. Click **Add** to add the signature.

→ The added signature is displayed on the **Signatures** screen.

Figure 43: Add Signatures**NOTE:**

- User can upload up to 5 signatures of a customer
 - PNG & JPEG file formats are supported
 - On approval signature will be handed off to CIF (FCUBS).
4. Click **Next** to go to the **Enrichment – Relationships** screen.

2.3.3 Relationships

For information on adding customer's employment details, refer [Relationships](#) sub-section in Onboarding Initiation section.

Figure 44: Enrichment – Relationships

Party Type	CIF/Party Id	Name	ID/Registration Number	Is Customer	Action

Designation: Senior Manager

On click of **Next** in the **Enrichment – Employment** screen, the system displays the **Enrichment – Membership** screen.

2.3.5 Membership / Association

If the customer is a member in or associated with any institution, the relationship manager can add details about the same in this data segment.

Figure 46: Enrichment – Membership

Perform the following steps to update the membership/association details:

1. Click **Add**.

→ The system displays the **Membership** screen.

Figure 47: Membership

2. On **Membership** screen, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 24: Membership – Field Description

Field Name	Description
Institution Name	Specify the name of institution where the customer is a member.
Institution Type	Select from the drop-down values.
Membership Type	Select from the drop-down values.

Field Name	Description
Since	Click the calendar icon and select the membership start date.
Valid Till	Click the calendar icon and select the membership expiry date.

3. Click **Save**.

→ The system adds the membership details and lists in the **Enrichment – Membership** screen.

Figure 48: Enrichment – Membership List

The screenshot displays the 'Membership / Association' interface. On the left is a sidebar menu with options: Basic Info, Signatures, Relationships, Employment, Membership / Association (selected), Financial Profile, Comments, and Review and Submit. The main area is titled 'Membership / Association' and shows 'No of Membership' as 1. Below this, there are 'Add', 'Edit', and 'Delete' buttons. The main content area contains the following details: 'Institution of Engineers', 'Institution Type :', 'Membership Type :', 'Membership upto :', and 'Membership since :'. At the bottom right, there are buttons for 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'. The top right corner indicates 'Screen (4 / 7)'.

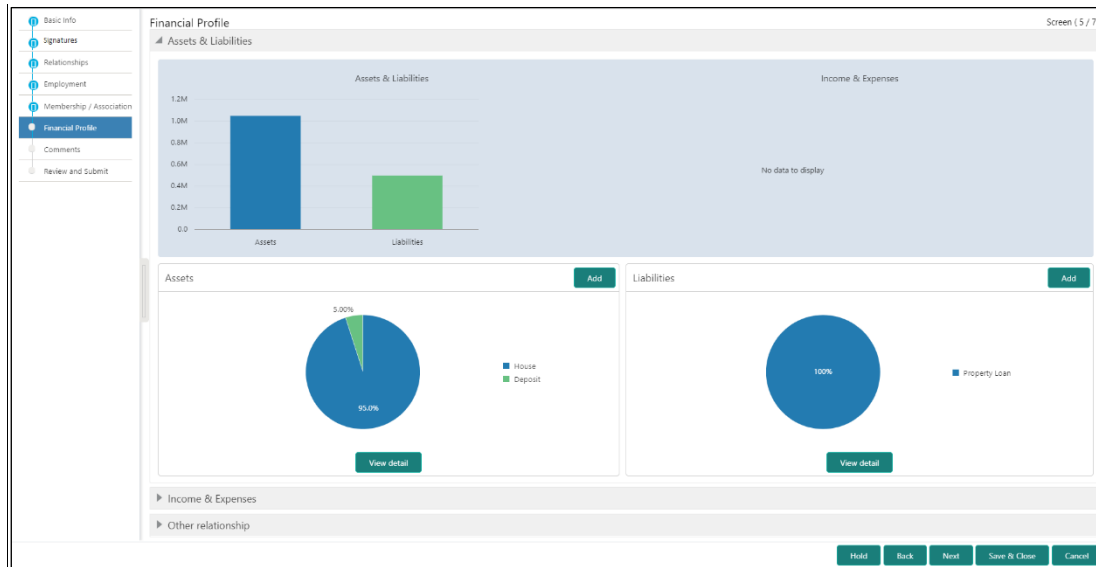

NOTE: You can also select the required item from list and click the edit/delete icon to modify/delete the added membership details.

4. Click **Next** to go to the **Enrichment – Financial Profile** data segment.

2.3.6 Financial Profile

The Relationship Managers can further enrich the customer's financial information in this data segment, by adding income details, expense details, and details about the relationship with other banks.

Figure 49: Enrichment – Financial Profile

Perform the following steps to update the financial profile:

1. Click **View detail** in the corresponding tiles to change the chart view of asset and liabilities detail to the list view.

Figure 50: Assets and Liabilities Detail

Assets	Back	Liabilities	Back
House		Property Loan	
Deposit			
Total		Total	

2. Click **Back** in the corresponding tiles to change the list view of assets and liabilities detail to the chart view.

3. Click the configure icon in the corresponding tile for the following options in assets and liabilities details:
 - Add
 - Modify
 - Delete
4. After viewing the assets and liabilities detail, click and expand the **Income and Expenses** section.

Figure 51: Financial Profile – Income and Expense

5. Click **Add** at the top right corner in **Income** tile to add income details of the customer.
→ The system displays the **Income** window.

Figure 52: Income

6. Click **Add**.

→ The system displays the **Income** screen:

Figure 53: Add Income Details

The screenshot shows a window titled "Income" with a close button (X) in the top right corner. Inside the window, there are four input fields: "Income Type *" (a dropdown menu with "Daily" selected), "Frequency *" (a dropdown menu with "Monthly" selected), "Currency *" (a search field with a magnifying glass icon and "USD" entered), and "Amount *" (a text input field with "100" entered). At the bottom right of the form, there are two buttons: "Add" and "Cancel".

7. On **Income** screen, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 25: Income – Field Description

Field Name	Description
Income Type	Select the income type from the drop-down values.
Frequency	Select the frequency of income from the drop-down values.
Currency	Click search icon and select the currency from the list of values.
Amount	Specify the amount.

8. Click **Add**.

→ The system adds and lists the income details in the **Income** window.

NOTE: You can also select the required item from list and click the edit/delete icon to modify/delete the added income details.

9. Click  icon to exit the **Income** window.

10. Click the configure icon at the top right corner in **Expenses** tile to add expense details of the customer.

→ The system displays the **Expenses** window.

Figure 54: Expenses

11. Click **Add**.

→ The system displays the **Add Expense Detail** screen.

Figure 55: Add Expense Details

 A screenshot of a web application window titled "Expenses" showing the "Add Expense Detail" form. The form contains four fields: "Expense Type *" (a dropdown menu with "Household" selected), "Frequency *" (a dropdown menu with "Monthly" selected), "Currency *" (a search field with a magnifying glass icon and "USD" selected), and "Expense Value *" (a numeric input field with "100" and up/down arrows). At the bottom right, there are two buttons: "Add" (green) and "Cancel" (grey).

12. On **Expenses** screen, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 26: Expenses – Field Description

Field Name	Description
Expense Type	Select expense type from the drop-down values.
Frequency	Select the frequency from the drop-down values.
Currency	Click search icon and select currency from the list of values.
Expense Value	Specify the expense value.

13. Click **Add**.

→ The system adds and lists the expense details in the **Expenses** window.

NOTE: You can also select the required item from list and click the edit/delete icon to modify/delete the added income details.

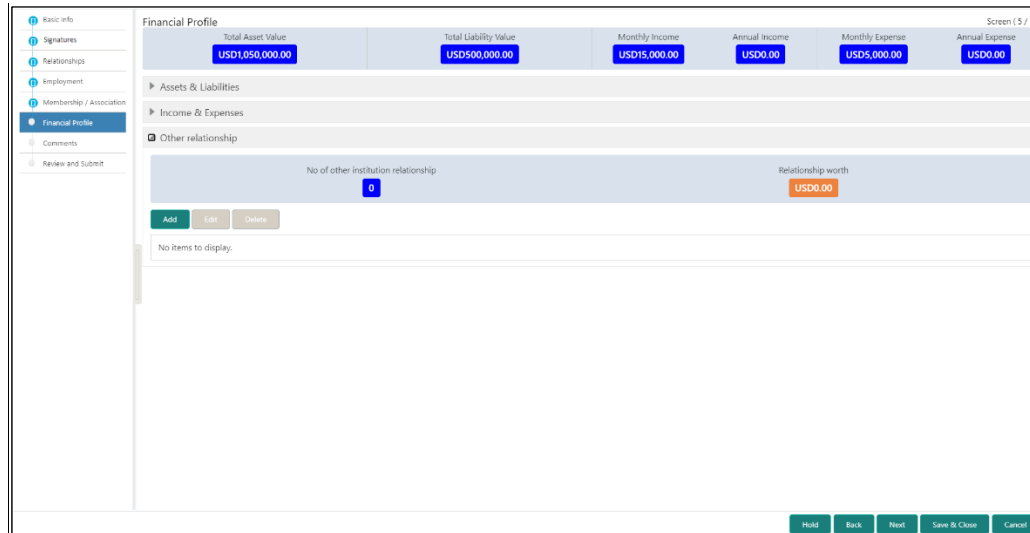

14. Click  icon to exit the **Income** window.
15. After adding, modifying, or deleting the income and expense detail, click and expand the **Other Relationship** section.

Figure 56: Other Relationship

The screenshot shows the 'Financial Profile' screen with a sidebar on the left containing navigation options: Basic Info, Signatures, Relationships, Employment, Membership / Association, Financial Profile (selected), Comments, and Review and Submit. The main content area displays financial metrics: Total Asset Value (USD1,050,000.00), Total Liability Value (USD500,000.00), Monthly Income (USD15,000.00), Annual Income (USD0.00), Monthly Expense (USD5,000.00), and Annual Expense (USD0.00). Below these are sections for Assets & Liabilities, Income & Expenses, and Other relationship. The 'Other relationship' section shows 'No of other institution relationship' as 0 and 'Relationship worth' as USD0.00. There are 'Add', 'Edit', and 'Delete' buttons. At the bottom, there are 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel' buttons.

16. Click **Add** to add details about the customer's relationship with other bank.

→ The system displays the **Add Relationship Details** screen.

Figure 57: Add Relationship Details

The screenshot shows the 'Relationship with other financial institutions' dialog box. It contains four fields: 'Institution Name *' (text input with 'Model Bank'), 'Relationship Type' (drop-down menu), 'Relationship worth *' (text input with 'USD' and '1,000,000'), and 'Relationship Since *' (calendar picker). There are 'Add' and 'Cancel' buttons at the bottom right.

17. On **Add Relationship Details** screen, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 27: Add Relationship Details – Field Description

Field Name	Description
Institution Name	Specify the name of institution where the customer is a member.
Relationship Type	Select the relationship type from the drop-down values.
Relationship Worth	Select currency from the drop-down values, and specify relationship worth amount.

Field Name	Description
Relationship Since	Click calendar icon and select the start date of the customer's relationship.

18. Click **Add**.

→ The system adds and lists the relationship details in the **Other relationship** section.

Figure 58: Other Relationship List

The screenshot displays the 'Financial Profile' section of a user interface. At the top, there is a summary table with the following data:

Total Asset Value	Total Liability Value	Monthly Income	Annual Income	Monthly Expense	Annual Expense
USD1,050,000.00	USD500,000.00	USD15,000.00	USD0.00	USD5,000.00	USD0.00

Below the summary table, there are sections for 'Assets & Liabilities', 'Income & Expenses', and 'Other relationship'. The 'Other relationship' section shows:

- No of other institution relationship: 1
- Relationship worth: USD25,000.00

There are 'Add', 'Edit', and 'Delete' buttons. Below this, there is a form with the following fields:

- Institution Name: [Redacted]
- Relationship Type: [Redacted]
- Relationship Since: [Redacted]
- Currency: [Redacted]
- Relationship worth: [Redacted]

At the bottom right, there are buttons for 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'.

NOTE: You can also select the required item from list, and click the edit/delete icon to modify/delete the other relationship details.

19. Click **Next** to go to the **Enrichment – Comments** data segment.

2.3.7 Comments

The Relationship Managers can capture overall comments for the Enrichment stage in this data segment. Capturing comments help the banker working with this task in next stage to better understand the task.

Figure 59: Enrichment - Comments

Perform the following steps:

1. Specify the overall comments for the **Onboarding Enrichment** stage, and click **Post**.
2. Click **Next** to move to the **Enrichment – Review and Submit** page.

2.3.8 Review and Submit

For information on reviewing and submitting the task to the next stage, refer Review and Submit subsection in the **Onboarding Initiation** section.

2.4 KYC Check

KYC check for the retail customer is populated based on the product selected by that customer. The banks can directly perform the KYC check by themselves or reach external agencies for the KYC Information. For successful retail onboarding, the customer must be compliant with all the necessary KYC checks.

1. To acquire and edit the KYC task, click **Tasks**. Under **Tasks**, click **Free Tasks**.

→ The system displays the **Free Tasks** screen.

Figure 60: Free Tasks

Action	Priority	Process Name	Process Reference Number	Application Number	Stage	Application Date	Branch	Customer Number

2. On **Free Tasks** screen, select the required task and click **Acquire and Edit**.

→ The system displays the **KYC – Customer Summary** screen.

Figure 61: KYC – Customer Summary

The screenshot displays the 'Customer Summary' interface for a KYC check. The interface is organized into several sections:

- Header:** Includes a navigation menu on the left with 'Customer Summary', 'KYC Check', and 'Comments'. The main header shows 'Customer Summary' and 'Screen (1 / 3)'. Below the header is a profile card with fields for Date of birth, Gender, Marital status, Spouse name, Citizenship, and Permanent Address.
- General Information:** A tabbed section with 'Citizenship', 'Address', and 'Social profile'. The 'Citizenship' tab is active, showing a large '1' and 'Citizenship history'. Below it, a 'Citizenship' section shows a progress bar.
- Professional Information:** A tabbed section with 'Education' and 'Membership'. The 'Education' tab is active, showing a large '1' and 'No of degrees'. Below it, 'Highest degree' is listed as 'Degree DEG in Computer Science' with a completion date.
- Employment:** Shows 'Total work experience' as '7 Years' and 'No of companies worked' as '1'. It also lists 'Currently working with Senior Software Engineer'.
- Dependent:** Lists 'Daughter, Born on [redacted]' and 'Spouse, Born on [redacted]'. A 'View family tree' button is present.
- Dates:** A section with an information icon and the text 'Dates Is not yet done'.
- KYC:** A section with an information icon and the text 'KYC Is not yet done'.
- Assets:** A donut chart showing 100% ownership of 'House'. A 'View details' button is below.
- Liabilities:** A donut chart showing 100% ownership. A 'View details' button is below.
- Income:** A donut chart showing 100% ownership of 'SAL'. A 'View details' button is below.
- Expenses:** A donut chart showing 100% ownership. A 'View details' button is below.

At the bottom of the interface, there are navigation buttons: 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'.

In the **Review and Submit** screen, the details are displayed in tiles. For more information on tiles, refer to the field description table.

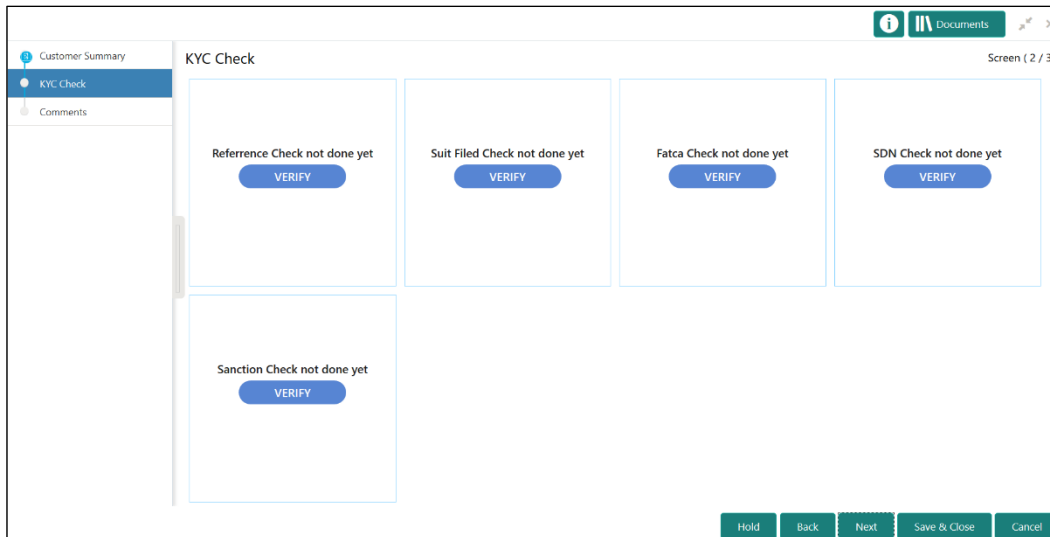

Table 28: Review and Submit – Description

Tile Name	Description
General Information	In this tile, the following details are displayed: <ul style="list-style-type: none"> • Citizenship • Address • Social Profile
Professional Information	In this tile, the following details are displayed: <ul style="list-style-type: none"> • Education • Membership
Employment	Displays the employment details of customer.
Dependent	Displays the dependent details of customer
Dates	Displays the details of the dates.
KYC	Displays the KYC details.
Assets	Displays the assets details.
Liabilities	Displays the liabilities details.
Income	Displays the income details.
Expense	Displays the expense details.
View details	In the corresponding tile, click this icon to view the detailed information.

3. After reviewing the customer information, click **Next**.

→ The system displays the **KYC Check** screen.

Figure 62: KYC Check

4. Verify all the KYC Checks listed for the selected product.
5. Click **Verify**. The system displays the **Add Verification Details** window corresponding to the KYC Check.

NOTE: If the user clicks Verify in Reference Check tile, the system displays the Add Verification Details window shown below.

Figure 63: Add Verification Details

6. On **Add Verification Details** screen, specify the details. The fields which are marked with asterisk are mandatory. For more information on fields, refer to the field description table.

Table 29: Add Verification Details – Field Description

Field Name	Description
Reference Name	Specify the name of the reference person.
House/Building	Specify the house/building number.
Street	Specify the street name.
Area	Specify the area of the reference person.
City	Specify the city of the reference person.
State	Specify the state of the reference person.
Country	Click search icon and select the country from the list of values.
Zip Code	Specify the zip code of the address.
Phone	Specify the phone number of the reference person.
Verification Details	Specify the fields under this section.

Field Name	Description
Address Visited	If the reference person's address is verified, select Yes . Otherwise select No .
Available at Contact Number	If the reference person is available at contact number provided, select Yes . Otherwise select No .
Relationship	Select the relationship type from the drop-down values.
Year of Association	Specify the customer's year of association with the reference person.
Verification Status	Select the status of verification from the drop-down values. The options available are: <ul style="list-style-type: none"> • Compliant • Non-compliant • Not Verified
Verified On	Click calendar icon and select the date of the verification. NOTE: This field is applicable if the Verification Status is selected as Compliant or Non-compliant .
Valid Till	Click calendar icon and select the last date of the validity. NOTE: This field is applicable if the Verification Status is selected as Compliant or Non-compliant .
Verification Remarks	Specify the verification remarks.

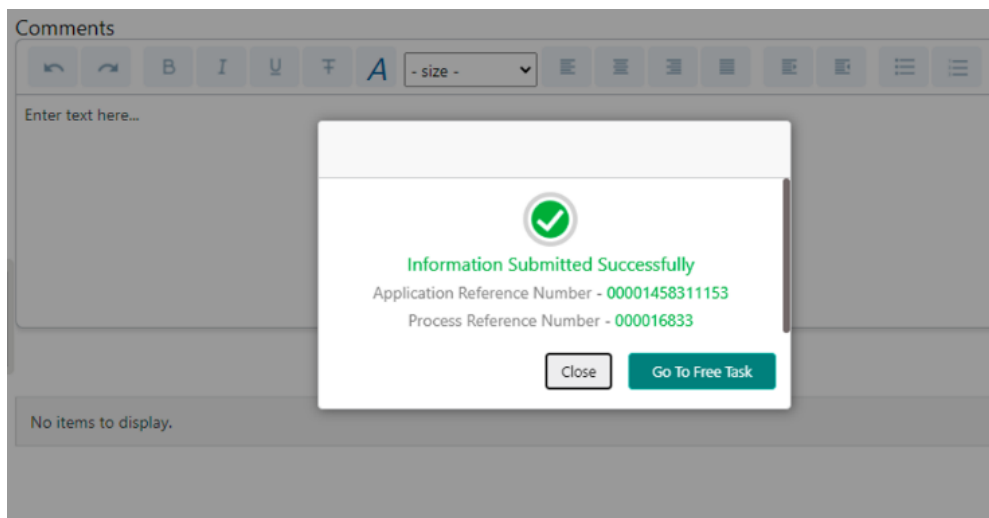

7. Click **Submit**.

→ The system updates the verification details in corresponding tile in the **KYC Check** screen.

8. After completing all the KYC Checks, click **Next**.
→ The system displays the **KYC - Comments** screen.

Figure 64: KYC – Comments

9. Specify the overall comments for the **KYC** stage and click **Post**.
10. On click on **Submit**, a message is displayed, and Task will be submitted to **Free Task**.

2.5 Review

In this stage, the final reviewer reviews the customer details and moves the task to Approval stage if the details are appropriate. If the details are inappropriate, the reviewer can send the task back to the previous stage.

1. To acquire and edit the Review task, click **Tasks**. Under **Tasks**, click **Free Tasks**.

→ The system displays the **Free Tasks** screen.

Figure 65: Free Tasks

In the **Review – Customer Summary** screen, the details are displayed in tiles. For more information on tiles, refer to [Table 28: Review and Submit – Description](#).

3. After reviewing the customer information, click **Next**.

→ The system displays the **Review – Review Comments** screen.

Figure 67: Review – Review Comments

4. Click **View KYC Details** in all the tiles.
5. Click **Review Now** to review all the KYC details. The system displays the verification window corresponding to the KYC Check.

For example, if the user clicks **Review Now** in **Address Verification** tile, the system displays the **Address Verification** window as shown below:

Figure 68: Address Verification

- If the address verification KYC check aligns with the bank's policy, select **Yes** in **Details as per bank policy** field. Otherwise select **No**.

If the user selects **No**, the system displays comment boxes in the **Address Verification** window as shown below:

Figure 69: Address Verification Comments

The screenshot shows a window titled "Address Verification" with a close button (X) in the top right corner. Inside the window, there are two sections: "Details as per bank policy" and "Recommendation". Each section has two radio buttons: "Yes" and "No". The "No" radio button is selected in both sections. Below these sections are two text input fields: "Details Not As Per Bank Policy" and "Mitigation". A green "Submit" button is located in the bottom right corner of the window.

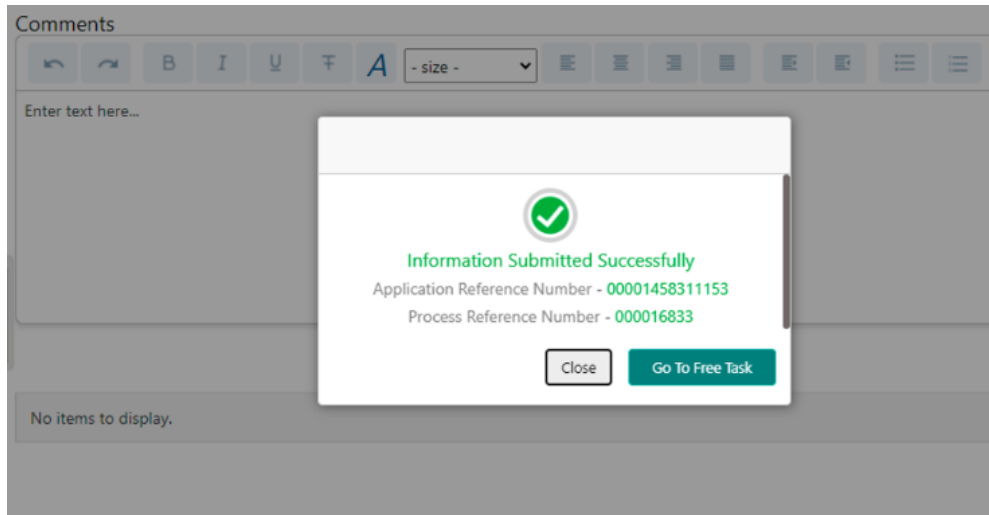

- Specify the required comments in **Details Not as Per Bank Policy** and **Mitigation** boxes.
- Click **Submit**.

→ The system displays the updated **Review – Review Comments** screen.

Figure 70: Review Comments with Verification Status

The screenshot shows a "Review" screen with a sidebar on the left containing "Customer Summary", "Review", and "Comments". The main content area is divided into two columns. The left column is titled "Address Verification" and contains three status buttons: "Details as per bank policies" (Yes), "Recommendation" (No), and "Approval decision" (Pending). Below these are two text input fields: "Review Comments" and "Reviewed". The right column is titled "Identification Verification" and contains three status buttons: "Details as per bank policies" (Yes), "Recommendation" (No), and "Approval decision" (Pending). Below these are two text input fields: "Overall Comments" and "Reviewed". At the bottom of the screen, there are five buttons: "Hold", "Back", "Next", "Save & Close", and "Cancel".

9. Specify the **Review Comments** and the **Overall Comments**.
10. Click **Next**.
→ The system displays the **Review – Comments** screen.
11. Specify the overall **Comments** for the **Review** stage and click **Post**.
12. On click of **Submit**, a message is displayed, and Task will be submitted to **Free Task**.

2.6 Approval

In this stage, the head of retail banking division can view the customer information and decide to approve or reject the task based on comments from the Reviewer. If the outcome of this stage is Proceed, the task is automatically moved to the Host system.

1. To acquire and edit the Approval task, click **Tasks**. Under **Tasks**, click **Free Tasks**.

→ The system displays the **Free Tasks** screen.

2.7 Amendment

In this stage, the Relationship Manager can amend the information or can add additional information about a Retail customer using Oracle Banking Enterprise Party Management.

NOTE:

- User should have required Customer Group Access to amend a party within a customer access group.
- User should have required Personal Identifiable Information (PII) access to amend a party, if PII fields are configured.

To initiate the Amendment process:

1. On the home page, click **Party Services**. Under **Party Services**, click **Amendment**.

→ The **Amendment** screen is displayed.

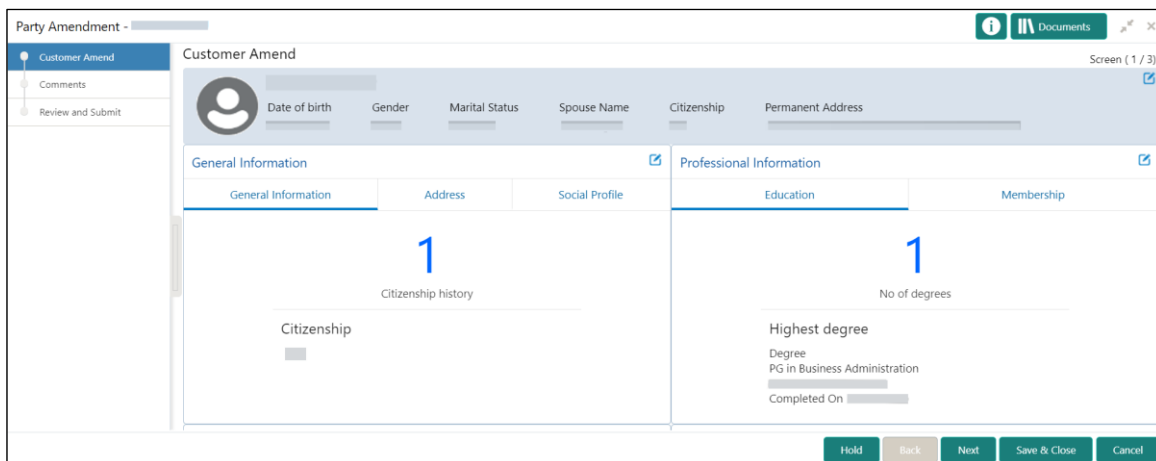

Figure 77: Amendment – Enter CIF

2. Specify the **CIF** and click **Amend Now**.

→ The **Party Amendment** screen is displayed.

Figure 78: Amendment – Retail Amendment

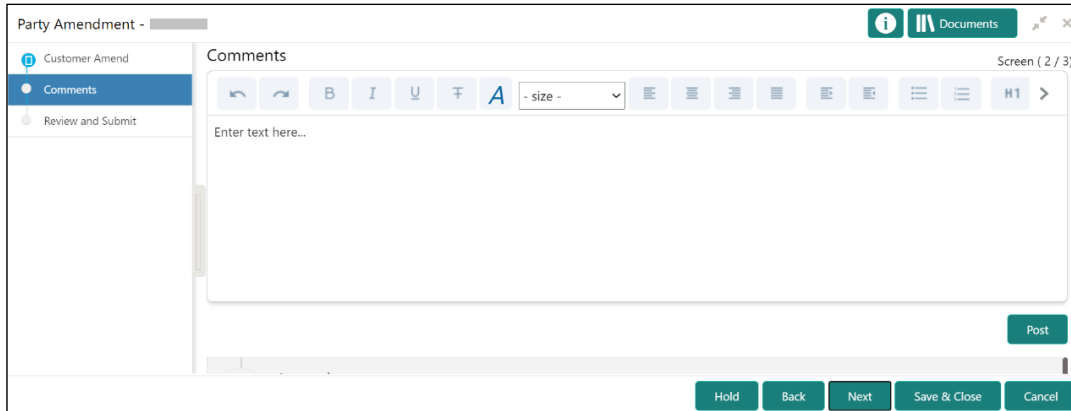

3. Click  icon of the respective section for which the information needs to be updated. You can update the following sections during Amendment:
- General Information – for details of the fields, refer section [2.2.1 Basic Details](#)
 - a) Business Details
 - b) Basic Info
 - c) Address
 - d) Social Profile
 - Professional Information
 - a) Education Details - for details of the fields, refer section [2.2.3 Educational Qualification](#)
 - b) Membership Details - for details of the fields, refer section [2.3.3 Membership / Association](#)
 - Stakeholders - for details of the fields, refer section [2.2.4 Employment](#)
 - Dependent- for details of the fields, refer section [2.2.2 Dependents](#)
 - Dates - for details of the fields, refer section [2.3.1 Enrichment Basic info](#)
 - KYC - for details of the fields, refer section [2.4 KYC Check](#)
 - Assets - for details of the fields, refer section [2.2.5 Financial Information](#)
 - Liabilities - for details of the fields, refer section [2.2.5 Financial Information](#)
 - Income - for details of the fields, refer section [2.3.5 Financial Profile](#)
 - Expense - for details of the fields, refer section [2.3.5 Financial Profile](#)
4. In an amendment request, information in one or more than one section can be amended one after the other, if required.

- Click **Next**.

→ The system displays the **Amendment – Comments** screen.

Hold Back Next Save & Close Submit Cancel

8. After reviewing the customer information, click **Submit**.

→ The system displays the **Checklist** window.

9. Select the **Outcome** as Proceed and click **Submit**.

→ The system moves the task to the **Review** stage.

In **Review** stage, the final reviewer reviews the customer details and moves the task to Approval stage if the details are appropriate. If the details are inappropriate, the reviewer can send the task back to the previous stage. After the submitting the Review, the system moves the task to **Approval** stage.

In **Approval** stage, the head of the division can view the customer information and decide to approve or reject the task based on comments from the Reviewer. If the outcome of this stage is Proceed, the task is automatically moved to the Host system. For more detail on review and Approval stage, please refer to sections – [2.5 Review](#) and [2.6 Approval](#).

2.8 Straight Through Processing for onboarding requests received from Channels

For the onboarding requests received from Channels, there are configuration available to allow straight through processing of retail onboarding and handoff to the core system without waiting for any manual intervention.

Refer below table for details of the configuration:

Table 30: Configurations

Configuration Parameter	Description	Default Value
STP_FLAG	<p>This parameter indicates if straight through processing is allowed for retail onboarding requests received from Channels subject to other mandatory information being available in the request. Accepted values are:</p> <p>TRUE - Straight through processing for Retail Onboarding shall be allowed subject to fulfillment of other mandatory details and business validation.</p> <p>FALSE - Straight through processing for Retail Onboarding shall not be allowed in any case, even if all mandatory and KYC details are sent from Channel.</p>	True

Configuration Parameter	Description	Default Value
CHANNEL_CONFIRMATION_REQUIRED	<p>This parameter indicates if a confirmation from channel is required before handoff to the core system. Accepted values are:</p> <p>True – System will wait for a confirmation from Channels before triggering the handoff to the core system</p> <p>False – System will go ahead with the handoff to the core system without waiting for any confirmation from Channels</p>	False

On receiving the retail onboarding request from channels, the system will validate the configuration parameters as stated in the above table. If straight through processing is allowed i.e. STP_FLAG is set to True, the system validates if all the mandatory information including the KYC details are available in the request. Following cases are applicable:

- Quick Onboarding - this will be quick onboarding with minimal attributes, equivalent to Quick Initiation. Further enrichment and KYC check for such requests can be done by a Bank user.
- Detailed Onboarding without KYC Check - this will cover onboarding from channel with full customer details but without KYC Check. Such request shall fall under KYC stage. Bank users can pick such request and complete the remaining stages - KYC, review and Approval.
- Detailed Onboarding with KYC Check (Straight **through processing**) - In this case, channel will capture and pass on all the mandatory information and KYC details. This shall be treated as straight through processing if STP_Flag is set to TRUE and the Party details shall be handed over to core system without need of any manual intervention.

2.9 Onboarding a customer with no KYC details

For requests originating from self-service channels where KYC details are not provided, the customer onboarding process needs to be completed without the KYC details in order to allow opening instantaneous accounts.

For such cases, the system allows onboarding a new customer without the KYC details. The customer onboarding request received from channel will contain a flag to indicate that this request is for onboarding a customer with no KYC details.

A grace period will be allowed to the customer during which the customer can submit the KYC related documents to the bank. The duration of the grace period will be configurable and can be set as per the need of the Bank. If the customer submits all the KYC documents within the grace period, the KYC status is updated as compliant, subject to verification of the details provided.

However, if the customer fails to submit the required documents within the stipulated timeframe, then the system will generate notification few days before the expiration of the grace period. The duration for generation of notification and frequency for generation of notification will be configurable. This notification can be used to prompt the customer for furnishing the KYC details before end of the grace period. If the customer still fails to submit the documents, the KYC status for such customers is updated as Non-Compliant and same will be sent to back office product processor.

NOTE: Oracle Banking Enterprise Party Management will only be generating the notification. Capturing this notification to send correspondence to customer shall be taken up as implementation activity.

2.10 Completed Task

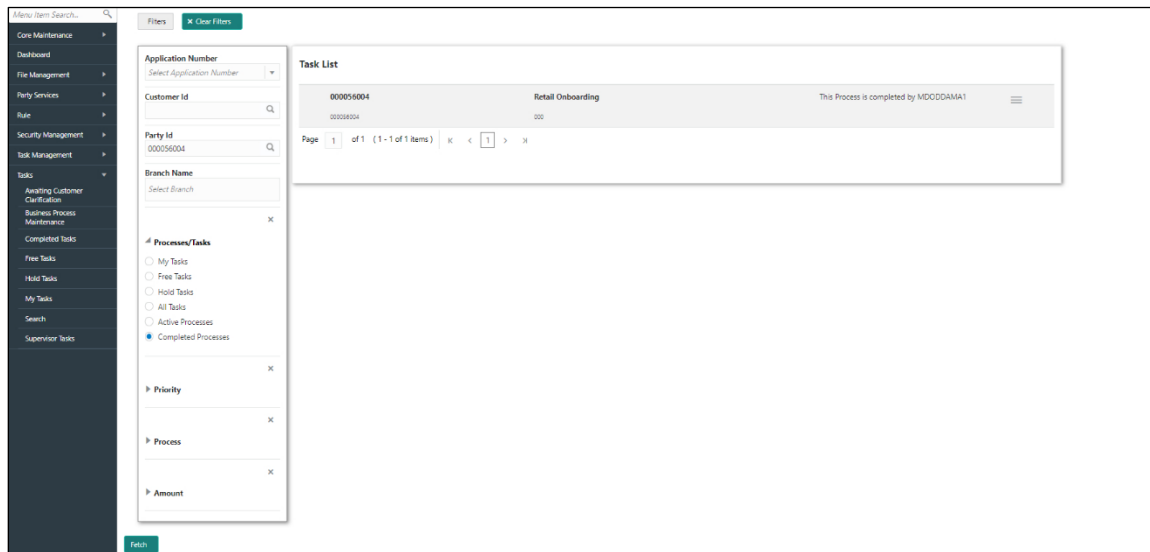

Completed Task functionality is used to view details of different tasks completed by the user and information provided during those tasks.

To view the Completed Tasks:

1. On the **Home** page, click **Tasks**. Under **Tasks**, click **Search**.

→ The **Search** screen is displayed.

Figure 81: Task List - Search

2. On **Search screen**, enter required search parameter
3. In **Processes/Tasks** select, **Completed Tasks** and Click **Fetch**.

→ The **Completed Tasks** is displayed.

4. Click **View** to view details of completed Tasks

Figure 82: Task List – Completed Task

The screenshot displays the 'Task List' interface for a completed task. On the left is a dark sidebar with navigation options: Core Maintenance, Dashboard, File Management, Party Services, Rule, Security Management, Task Management, Tasks, and Supervisor Tasks. The main content area is titled 'Task List' and shows a single task entry for 'Retail Onboarding' with application number '000056004' and customer ID '000056004'. The task status is 'Completed' and it was completed by 'MD0DDAMA1'. Below the task entry is a pagination bar showing 'Page 1 of 1 (1 - 1 of 1 items)'. A 'Fetch' button is located at the bottom left of the main content area. On the right side of the task entry, there is a menu with options: Audit, Flow Diagram, and View.

5. Details of Completed Tasks will be displayed in Read Only Mode. Screen provides a consolidated view of the information captured in all the data segments. User can view the displayed information.
