# 1. Preface

## 1.1 Introduction

This manual is designed to help you quickly get acquainted with the workflow of *Ijarah* finance, maintaining the prospect details, and other features supported in Oracle FLEXCUBE.

## 1.2 Audience

This manual is intended for the following User/User Roles:

Role	Function
Corporate Customer Service Executive	Collection of applications
Trade Finance Executive	Updation of details of contracts
Trade Finance Manager	Verification and authorization of contracts
Compliance Executive	Performance of compliance details of all parties in a contract
Compliance Manager	Verification of compliance check carried out by Compliance Executive

## 1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

## 1.4 Abbreviations

The following abbreviations are used in this User Manual:

Abbreviation	Description
WF	Workflow

## 1.5 Organization

This manual is organized into the following chapters:

Chapter	Description
Chapter 1	<i>About this Manual</i> gives information on the intended audience. It also lists the various chapters covered in this User Manual.
Chapter 2	<i>Ijarah Origination</i> explains the workflow of Ijarah finance and process of maintaining the prospect details.
Chapter 3	<i>Function ID Glossary</i> has alphabetical listing of Function/Screen ID's used in the module with page references for quick navigation.

## 1.6 Related Documents

- Procedures User Manual
- Retail Loan Creation User Manual

## 1.7 Glossary of Icons

This User Manual may refer to all or some of the following icons:

<b>Icons</b>	<b>Function</b>
	Exit
	Add row
	Delete row
	Option List

---

## 2. *Ijarah* Origination

The process of *Ijarah* finance origination gets initiated when a prospective customer approaches the bank, with a finance account opening request or when the bank approaches a prospective customer, taking lead from its database. In case of a bank–initiated request, the process moves forward only if the prospective customer is interested. The entire process is carried out in multiple stages and on successful completion of each stage, it moves automatically to the next stage.

When the customer approaches the bank for its products and offers, before initiating the finance origination process, the bank can create a mock-proposal which would have the personal details of the customer, the finance offers the customer is interested in as well as the schedules associated with the finance offer. This can be stored as reference in the system to be retrieved when the actual finance process flow is initiated.

This chapter contains the following sections:

- [Section 2.1, "Stages in Ijarah"](#)
- [Section 2.2, "Finance Prospect Details Maintenance"](#)
- [Section 2.3, "Credit Rating Rules"](#)
- [Section 2.4, "Credit Ratio"](#)
- [Section 2.5, "Override Maintenance"](#)
- [Section 2.6, "Document Checklist and Advices"](#)
- [Section 2.7, "Application Category"](#)
- [Section 2.8, "Maintaining Pricing Details"](#)
- [Section 2.9, "Finance Application Details Entry Stage"](#)
- [Section 2.9, "Finance Application Details Entry Stage"](#)
- [Section 2.10, "Application Verification Stage"](#)
- [Section 2.11, "Application Management Verification Stage"](#)
- [Section 2.12, "Internal Blacklist Check Stage"](#)
- [Section 2.13, "External Blacklist Check Stage"](#)
- [Section 2.14, "Underwriting"](#)
- [Section 2.15, "Finance Approval Stage"](#)
- [Section 2.16, "Document Verification Stage"](#)
- [Section 2.17, "Message Generation"](#)
- [Section 2.18, "Finance Applications Details Upload"](#)
- [Section 2.19, "User Acceptance Stage"](#)
- [Section 2.20, "Disbursement of Ijarah Stage"](#)
- [Section 2.21, "Manual Liquidation Stage"](#)
- [Section 2.22, "Asset Capture Stage"](#)
- [Section 2.23, "Stages in Ijarah Finance Origination using Oracle BPMN Framework"](#)
- [Section 2.24, "Retail Islamic Financing Application Details"](#)

### 2.1 **Stages in Ijarah**

*Ijarah* process flow uses BPMN framework with multiple human tasks for workflow stages. The capture and enrichment of information in multiple steps can be dynamically

assigned to different user roles, so that multiple users can take part in the transaction. Oracle Business rules are used for dynamic creation of multiple approval stages.

The following details need to be maintained for originating a *Ijarah*:

- Finance Application Capture
- Application Verification
- Application Management Verification (Configurable)
- Internal Blacklist Check
- External Blacklist Check
- Underwriting (Credit Evaluation)
- Finance Approval
- Document Verification
- Finance details upload
- User Acceptance
- Disbursement
- Manual Liquidation
- Asset Capture

The *Ijarah* origination process flow is composed of following stages:

The following are different types of the asset categories in *Ijarah*:

- Vehicle
- Property
- Equipment
- Goods
- Service Ijarah
- Project
- Home

## **2.2 Finance Prospect Details Maintenance**

This section contains the following topics:

- [Section 2.2.1, "Maintaining Finance Prospect Details"](#)
- [Section 2.2.2, "Main Tab"](#)
- [Section 2.2.3, "Details Tab"](#)
- [Section 2.2.4, "Requested Tab"](#)
- [Section 2.2.5, "Viewing Finance Prospect Summary"](#)

### **2.2.1 Maintaining Finance Prospect Details**

You can maintain the details of a prospective borrower or a finance applicant, when the borrower initially approaches the bank enquiring about the various finance products that are being offered.

The following details are captured as part of this maintenance:

- Prospective customer's personal and location details
- Prospective customer's employment details

- Requested finance details

You can maintain the details related to the prospective customer in 'Prospect Details' screen. You can invoke this screen by typing 'ORDLEADM' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify the following details in this screen:

### Lead Id

Specify a unique identification for the prospective finance customer.

### Description

Specify a suitable description for the prospective loan customer.

### Request ID

The system generates the request ID.

### Channel

Specify the channel.

### Promotion Code

Specify the promotion code, if any.

### Branch

Specify the branch code in which the application is processed.

### Date of Request

The system displays the current system date as the date of request.

### New Account Number

The system displays the new account number.

### Application Type

Select the application type from the adjoining drop-down list. The available options are:

- Retail
- Corporate
- CASA

- Ijarah
- Istisna
- Mudarabah
- Murabaha
- Musharaka

**Current Status**

The system displays the current status.

**New Status**

Select the new status from the option list.

**Conversation ID**

Select the conversation ID from the adjoining option list.

## 2.2.2 **Main Tab**

You can capture the following personal and geographical details related to a prospective customer:

**Type**

Select the type of the customer from the drop-down list provided. The following options are available:

- Primary
- Co-Applicant

**Salutation**

Select the salutation preference of the customer from the drop-down list provided. You can select any of the following options:

- Mr
- Mrs
- Miss
- Dr

**First Name**

Specify the first name of the customer.

**Middle Name**

Specify the middle name of the customer.

**Last Name**

Specify the last name of the customer.

**National Id**

Specify the national Id or country code of the customer or select the national Id from the option list provided.

**Short Name**

Specify the short name of the customer.

**Gender**

Select the gender of the customer from the drop-down list.

**Date of Birth**

Specify the date of birth of the customer or select the date by clicking the 'Calendar' icon provided.

**Mother's Maiden Name**

Specify the customer's mother's maiden name.

**Customer Category**

Specify the category to which the customer belongs or select the customer category from the option list that displays all valid customer categories.

**Country**

Specify the country of domicile of the customer or select the country code from the option list provided.

**Nationality**

Specify the country of which the customer is a national or select the country code from the option list provided.

**Language**

Specify the primary language of the customer or select the language from the option list provided.

**Mobile Number**

Specify the mobile phone number of the prospective customer.

**Landline No**

Specify the land phone number of the prospective customer.

**Office No**  
Specify the office phone number of the prospective customer.

**Fax**

Specify the fax number of the prospective customer.

**Passport No**

Specify the passport number of the prospective customer.

**Passport Issue Date**

Specify the date on which the customer's passport was issued or select the date from by clicking the adjoining 'Calendar' icon.

**Passport Expiry Date**

Specify the date on which the customer's passport expires or select the date from by clicking the adjoining 'Calendar' icon.

**Passport Issue Place**

Specify the place where the customer's passport was issued.

**E-mail**

Specify the e-mail Id of the prospective customer.

**Dependents**

Specify the number of dependants for the customer.

**Marital Status**

Select the marital status of the prospective customer from the drop-down list. The following options are available:

- Married

- Unmarried
- Divorcee
- Remarried
- Separated
- Spouse Expired

### 2.2.3 Details Tab

You can capture the address and employment related details of the prospective customer in 'Details' tab.

### Address Details

#### Seq No

The sequence number is automatically generated by the system.

#### Address Type

Select the address type of the customer from the following options provided in the drop-down list:

- Permanent
- Home
- Work
- Temporary
- Others

#### Mailing

Check this box to indicate that the address you specify here is the customer's mailing address.

#### Address Line 1 – 3

Specify the address of the customer in three lines starting from Address Line 1 to Address Line 3.

#### Contact Number

Specify the contact telephone number of the customer.

**Zip**

Specify the zip code associated with the address specified.

**Country**

Specify the country associated with the address specified.

**Employment Details****Seq No**

The sequence number is automatically generated by the system.

**Employment Type**

Select the customer's employment type from the drop-down provided. The following options are available:

- Part Time
- Full Time
- Contract Based

**Employer**

Specify the name of the employer of the prospective customer.

**Occupation**

Specify the occupation of the prospective customer.

**Designation**

Specify the designation of the prospective customer.

**Employee Id**

Specify the employee Id of the prospective customer.

**Address Line 1 – 3**

Specify the employment address of the customer in three lines starting from Address Line 1 to Address Line 3.

**Zip**

Specify the zip code associated with the office address specified.

**Country**

Specify the country associated with the employment address specified.

**Phone No**

Specify the official phone number of the prospective customer.

**Extn**

Specify the telephone extension number, if any, of the prospective customer.

**Contact**

Specify the contact number of the prospective customer.

**Contact Name**

Specify the name of a contact person at the customer's office.

**Contact Phone**

Specify the contact phone number of the customer's contact person.

### Contact Extn

Specify the telephone extension number, if any, associated with contact person.

### Comments

Specify comments, if any, related to the customer's employment.

### Department

Specify the department to which the customer belongs.

### Stated Years

Specify the number of years the customer has spent with his current employer.

### Stated Months

Specify the number of months the customer has spent with his current employer.

## 2.2.4 Requested Tab

You can capture the details related to the requested finance in 'Requested' tab.

The screenshot displays the 'Prospect Details' application window. The 'Requested' tab is active, showing a form for capturing financial details. The form is organized into several sections: 'Applicant Details' (Type: Primary, Customer Name), 'Assets' (Fixed, Intangible, Non Current, Current), 'Capital' (Issued, Paid up), 'Reserves' (Subsidy from Government, General), 'Surplus' (Credit Balance in PL), 'Liabilities' (Term, Current), and 'Cash Flows' (Operations, Investing, Financing). The bottom of the window shows a status bar with fields for Maker, Checker, Date Time, Mod No, Record Status, and Authorization Status, along with an 'Exit' button.

You can capture the following details here:

### Currency

Specify the finance currency preference of the customer or select the currency from the option list provided.

### Requested Amount

Specify the finance amount requested by the prospective customer.

### EMI Amount

Specify the preferred EMI amount of the prospective customer.

### Tenor (in months)

Specify the preferred finance tenor (in months) of the prospective customer.

### Rate

Specify the preferred profit rate of the prospective customer.

## 2.2.5 Viewing Finance Prospect Summary

You can view a summary of the prospective finance customers or the borrowers in 'Finance Prospect Details' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSLEADM' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Lead Id
- Date of Enquiry

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 2.3 Credit Rating Rules

This section contains the following topics:

- [Section 2.3.1, "Maintaining Credit Rating Rules"](#)
- [Section 2.3.2, "Main Tab"](#)
- [Section 2.3.3, "Risk Factor Tab"](#)
- [Section 2.3.4, "Specifying Credit Grades"](#)
- [Section 2.3.5, "Specifying Auto Decision Details"](#)
- [Section 2.3.6, "Viewing Credit Rule Summary"](#)

### 2.3.1 Maintaining Credit Rating Rules

You can maintain a set of questions along with a possible set of answers with associated scores, to assess the credit rating of a prospective finance customer. You can also calculate the risk factor associated with the finance and arrive at a credit grade based on the scores obtained.

You can maintain these details in 'Rule Details' screen. You can invoke this screen by typing 'ORDRULMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify the following details in this screen:

### **Rule Id**

Specify a unique identification for the credit rating rule.

### **Description**

Specify a suitable description for the credit rating rule.

### **Type**

Select the type of the finance from the following options available:

- Retail
- Corporate

## **2.3.2 Main Tab**

You can maintain the following details in this tab:

### **Question Details**

#### **Question Id**

The question Id is automatically generated by the system.

#### **Category**

Select the category to which the question belongs from the option list provided.

#### **Question**

Specify the question to be asked to the prospective customer to derive the credit rating score.

### **Answer Details**

#### **Sequence Number**

The sequence number is automatically generated by the system.

## Possible Answer

Specify a set of possible answers to be associated with a question.

## Score

Specify the score associated with an answer.

### 2.3.3 Risk Factor Tab

You can specify the risk details associated with the finance and also indicate the formula for calculating the credit score in this tab.

The screenshot shows the 'Rule Maintenance' application window in 'New' mode. The 'Risk Factor' tab is active. At the top, there is a 'Rule Id \*' field, an 'Account Description' field, and a 'Type' dropdown menu set to 'Retail'. A 'New Route' checkbox is checked. Below these fields is a 'Main' navigation bar with 'Risk Factor' selected. The 'Risk Factor' section contains a table with columns for 'Risk Id \*', 'Account Description', and 'Formula'. The table has one row with a 'Formula' button in the 'Formula' column. Navigation controls (back, forward, 1 of 1, Go) are visible above the table. At the bottom of the window, there is a 'Rating | Auto Decision' section with fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', and 'Authorization Status'. An 'Exit' button is located in the bottom right corner.

You can specify the following details here:

#### Risk Id

Specify a unique identifier for the credit risk being maintained.

#### Description

Specify a suitable description for the credit risk.

#### 2.3.3.1 Specifying Formula Details

You can specify the formula to calculate the credit score by clicking the 'Formula' button corresponding to a credit risk entry in Risk Factor tab. The 'Formula' screen is displayed where you can specify the condition for calculating the credit score associated with a risk condition.

The screenshot shows a 'Formula' dialog box with a table for defining conditions and results. The table has three columns: 'Sequence Number \*', 'Condition', and 'Result'. Below the table are input fields for 'Elements', 'Index', 'Functions' (a dropdown menu), and 'Braces' (a dropdown menu). At the bottom right are 'Ok' and 'Exit' buttons.

You can specify the following details here:

**Sequence Number**

The sequence number is automatically generated by the system.

**Condition**

The condition specified using the Elements, Functions, Operators etc. gets displayed here.

**Result**

Specify the result to be associated with the condition specified.

**Elements**

Specify the data elements to be used to define the formula for credit score calculation or select the element from the option list provided.

**Functions**

Select the mathematical function to be used to define the formula from the drop-down list provided.

**Braces**

Select the opening or the closing brace from the drop-down list provided, to define the credit score calculation formula.

**Operators**

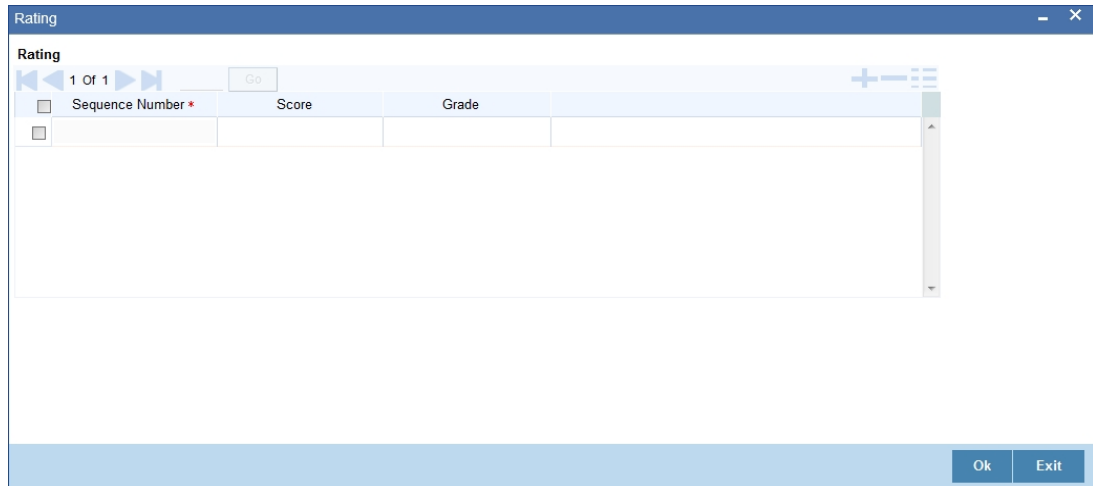

Select the mathematical operator to be used to define the credit score calculation formula. You can select '+', '-', '\*', or '/'.

**Logical Operators**

Select the logical operator to be used to define the credit score calculation formula. You can select '<', '>', '=', '<>', '>=', '<=', 'AND' or 'OR'.

**2.3.4 Specifying Credit Grades**

You can maintain different credit grades based on the credit scores obtained. Click 'Rating' button in Rule Details screens to invoke the 'Rating' screen, where you can maintain these details.

You can specify the following details here:

### **Sequence Number**

The sequence number is automatically generated by the system.

### **Score**

Specify the score associated with a credit risk.

### **Grade**

Specify the credit grade based on the score obtained.

## **2.3.5 Specifying Auto Decision Details**

While creating finance, you need to decide whether the applicant is eligible to receive finance from the bank. Auto Decision feature in Oracle FLEXCUBE decides whether to approve or reject an application. It also gives the stipulations or reasons for the decision.

To use this feature, you need to maintain the Auto Decision details in 'Auto Decision' screen.

Specify the following details:

### **Serial Number**

The system displays the serial number.

## Score

Specify the maximum credit score of the finance applicant for the system to make the corresponding auto decision. The score is maintained based on the Risk Factor maintained in Rule details screen.

## Auto Decision

Specify the auto decision to be made for each credit score. You can maintain the maximum credit scores for each of the following decisions:

- Auto Approved
- Recommend Approval
- Recommend Reject
- Auto Rejected

While creating finance, based on the applicant's credit score and auto decision mapping maintained in here, the system decides whether to approve, reject, recommend approval or recommend rejection of the application..

### 2.3.6 Viewing Credit Rule Summary

You can view a summary of the credit rules in 'Rule Maintenance' screen. You can also query for a particular record based on desired search criteria. You can invoke this screen by typing 'ORSRULMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

	Authorization Status	Record Status	Rule Id	Account Description
<input type="checkbox"/>				
<input type="checkbox"/>				
<input type="checkbox"/>				
<input type="checkbox"/>				
<input type="checkbox"/>				
<input type="checkbox"/>				

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Rule Id

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 2.4 Credit Ratio

This section contains the following topics:

- [Section 2.4.1, "Maintaining Credit Ratios"](#)

- [Section 2.4.2, "Specifying Formula Details"](#)
- [Section 2.4.3, "Viewing Credit Ratio Summary"](#)

## 2.4.1 Maintaining Credit Ratios

You can maintain the rules to calculate the credit ratios in 'Credit Ratio Maintenance' screen. You can invoke this screen by typing 'ORDRATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify the following details in this screen:

### **Group Id**

Specify a unique identification code for the ratio group.

### **Description**

Specify a suitable description for the ratio group.

### **Type**

Select the type of the finance from the following options available:

- Retail
- Corporate

### **Ratio Id**

Specify a unique identification for the credit ratio being maintained.

### **Description**

Specify a suitable description for the credit ratio.

## 2.4.2 Specifying Formula Details

You can specify the formula to calculate the credit ratio by clicking the 'Formula' button corresponding to a ratio Id.

The 'Formula' screen is displayed where you can specify the condition for calculating the credit ratio associated with a ratio Id.

You can specify the following details here:

### Ratio Type

Select the type of the ratio being maintained, from the drop down list provided. The following options are available:

- Stated Before
- Stated After
- Actual Before
- Actual After

### Condition

The condition specified using the Elements, Functions, Operators etc. gets displayed here.

### Elements

Specify the data elements to be used to define the formula for credit ratio calculation or select the element from the option list provided.

### Functions

Select the mathematical function to be used to define the formula from the drop-down list provided.

### Braces

Select the opening or the closing brace from the drop-down list provided, to define the credit ratio calculation formula.

### Operators

Select the mathematical operator to be used to define the credit ratio calculation formula. You can select '+', '-', '\*', or '/'.

## 2.4.3 Viewing Credit Ratio Summary

You can view a summary of the credit ratios in 'Credit Ratio Maintenance' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSRATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Credit Ratio Maintenance' application window. At the top, there is a search bar with 'Search', 'Advanced Search', and 'Reset' buttons. Below the search bar, there are two dropdown menus for 'Authorization Status' and 'Record Status', and a text input field for 'Group Id'. Below these fields, there is a table with columns for 'Authorization Status', 'Record Status', 'Group Id', and 'Description'. The table currently displays one row with empty fields. A pagination bar shows 'Records per page 15' and '1 Of 1'. An 'Exit' button is located at the bottom right of the window.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Group Id

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 2.5 Override Maintenance

This section contains the following topics:

- [Section 2.5.1, "Maintaining Override Details"](#)
- [Section 2.5.2, "Viewing Override Summary"](#)

### 2.5.1 Maintaining Override Details

You can maintain the formulae to verify if overrides need to be generated dynamically, in 'Override Maintenance' screen.

You can invoke this screen by typing 'ORDOVDMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Override Maintenance' application window. The window title is 'Override Maintenance'. The main area is divided into several sections:

- New Section:** Contains fields for 'Process Code \*', 'Application Category \*', 'Stage', 'Stage \*', and 'Description'. There is a 'Type' dropdown menu set to 'Retail' and a 'New Route' checkbox.
- Overrides Table:** A table with columns: 'Sequence Number \*', 'Condition', 'Error Code', and 'Error Parameter'. The table has one row with a checkbox in the first column.
- Footer Section:** Contains fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', and 'Authorization Status', along with an 'Exit' button.

You can specify the following details in this screen:

### Process Code

Specify the process code of the process for which you wish to maintain override conditions or select the process code from the option list provided.

### Application Category

Specify the category to which the finance application belongs or select the application category from the option list provided.

### Type

Select the type of the finance from the following options available:

- Retail
- Corporate
- Ijarah
- Istisna
- Mudarabah
- Murabaha
- Musharaka
- Tawarooq

**Stage**

Select the stage of the finance origination process from the option list provided. The various stages can be Application Entry, Application Verification, Underwriting, Finance Approval etc.

**Description**

Specify a suitable description for the finance origination stage.

**Overrides**

Here, you can capture the details of the conditions to be checked for generating override messages.

**Sequence Number**

The sequence number is automatically generated by the system.

**Condition**

The condition specified using the Elements, Functions, Operators etc. gets displayed here.

**Error Code**

Specify the error code to be used to generate the override message or select the error code from the option list provided.

**Error Parameter**

Specify the error parameter to be substituted in the override messages.

**Elements**

Specify the data elements to be used to define the conditions for generating override messages or select the element from the option list provided.

**Functions**

Select the mathematical function to be used to define the condition from the drop-down list provided.

**Braces**

Select the opening or the closing brace from the drop-down list provided, to define the conditions for generating override messages.

**Operators**

Select the mathematical operator to be used to define the conditions for generating override messages. You can select '+', '-', '\*', or '/'.

**Logical Operators**

Select the logical operator to be used to define the conditions for generating override messages. You can select '<', '>', '=', '<>', '>=', '<=', 'AND' or 'OR'.

**2.5.2 Viewing Override Summary**

You can view a summary of the overrides in 'Override Maintenance' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSOVDMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Process Code
- Application Category

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 2.6 Document Checklist and Advices

This section contains the following topics:

- [Section 2.6.1, "Maintaining Document Checklist and Advices"](#)
- [Section 2.6.2, "Viewing Document Checklist Summary"](#)
- [Section 2.6.2, "Viewing Document Checklist Summary"](#)

### 2.6.1 Maintaining Document Checklist and Advices

You can maintain the list of documents that are required during the finance origination process, in 'Documents and Advice Maintenance' screen. Document checklists are maintained for an application category and for the various stages in the origination process. You can also maintain the details of the Advices that need to be generated on completion of a stage in the process.

You can invoke 'Documents and Advice Maintenance' screen by typing 'ORDDOCMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify the following details in this screen:

### **Process Code**

Specify the process code of the process for which you wish to maintain override conditions or select the process code from the option list provided.

### **Application Category**

Specify the category to which the finance application belongs or select the application category from the option list provided.

### **Stage**

Select the stage of the finance origination process from the option list provided. The various stages can be Application Entry, Application Verification, Underwriting, Finance Approval etc.

### **Stage Title**

Specify a suitable description for the finance origination stage.

### **Document Details**

#### **Document Category**

Specify the category to which the document belongs or select the document category from the option list provided.

#### **Document Type**

Specify the type of the document or select the document type from the option list provided.

#### **Mandatory**

Select the option to indicate whether the document is mandatory or not. You can select any of the following options from the drop-down list provided:

- Mandatory
- Overridden
- Others

## **BI Advices**

### **Report Name**

Specify the name of the advice report to be generated on completion of the process stage.

### **Template**

Specify the template to be used to generate the advice report.

### **Format**

Select the format in which the advice report needs to be generated from the drop-down list provided. The following options are available:

- PDF
- RTF

### **Locale**

Select the locale information to be used for generating the advices from the drop-down list. The following options are available:

- en-US

## **2.6.2 Viewing Document Checklist Summary**

You can view a summary of the document checklists and advices in 'Document Details' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSDOCMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows a web application window titled "Summary". At the top, there are search options: "Search", "Advanced Search", and "Reset". Below this, there are four search filters: "Authorization Status" (a dropdown menu), "Record Status" (a dropdown menu), "Process Code" (a text input field with a search icon), and "Application Category" (a text input field with a search icon). Below the filters, there is a pagination control showing "Records per page" set to 15, "1 Of 1" records, and a "Go" button. The main area contains a table with the following columns: "Authorization Status", "Record Status", "Process Code", and "Application Category". There are six rows in the table, each with a checkbox in the first column. The table is currently empty. At the bottom right of the window, there is an "Exit" button.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Process Code
- Application Category

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 2.7 Application Category

This section contains the following topics:

- [Section 2.7.1, "Maintaining Application Category Details"](#)
- [Section 2.7.2, "Main Tab"](#)
- [Section 2.7.3, "Agency Tab"](#)
- [Section 2.7.4, "Viewing Application Category Summary"](#)

### 2.7.1 Maintaining Application Category Details

You can maintain various application categories linked to multiple finance products that cater to the requirements of different customers, in 'Application Category Maintenance' screen. The entire process of finance origination depends mainly on the category to which the application belongs.

You can invoke 'Application Category Maintenance Detail' screen by typing 'ORDCATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'LBL\_APPMT' application window. At the top, there is a 'New' button and an 'Enter Query' section with the following fields: 'Application Category \*', 'Category Description', 'Category Type' (dropdown menu with 'Retail' selected), 'Application Type' (dropdown menu with 'Others' selected), 'Rule Id', 'Ratio Id', and 'Pricing Group'. Below this is a 'Main' tab with an 'Agency' sub-tab. The 'Loan Product Details' section contains a table with columns: 'Product Code \*', 'Description', 'Default', 'External Credit Check Required', 'External Credit Check Required for', 'Amount Basis', 'Amount From', and 'Amount To'. The 'Loan Offer Details' section contains a table with columns: 'Offer Id \*', 'No of Installments', 'Units', 'Frequency', 'Rate', 'Rate Code', and 'Default'. At the bottom, there is a status bar with fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', and 'Authorization Status', along with an 'Exit' button.

You can specify the following details in this screen:

#### **Application Category**

Specify a unique identification for the finance application category.

#### **Category Description**

Specify a suitable description for the finance application category.

#### **Rule Id**

Specify the credit rule to be associated with the application category or select the Rule Id from the option list provided.

**Ratio Id**

Specify the credit ratio to be associated with the application category or select the Ratio Id from the option list provided.

**Pricing Group**

Specify the pricing group to be linked to the ljarah application category. The option list displays all valid pricing groups applicable. Choose the appropriate one.

**2.7.2 Main Tab**

You can capture the following details in the 'Main' tab.

**Product Details**

You can specify the following details related to the finance product here:

**Product Code**

Specify the identification code of the finance product to be linked to the application category being maintained. You can also select the product code from the option list provided.

**Product Description**

The description associated with the selected finance product gets displayed here.

**Default**

Check this box to indicate if the finance product selected should be maintained as the default product for the application category.

**Other Details**

You can capture the additional details related to the finance product here:

**Offer Id**

Specify a unique identification for the finance offer being made to the customer.

**No of Installments**

Specify the number of installments associated with the finance.

**Units**

Select the units based on which the finance disbursement should be carried out. The following options are available in the option list:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly
- Bullet

**Frequency**

Specify the frequency at which the finance disbursement should be carried out.

**Rate**

Specify the profit rate to be associated with the finance.

### Rate Code

Specify the rate code used to derive the profit rate or select the rate code from the option list provided.

### Spread

Specify the spread that is applicable for the finance being offered.

### Effective Rate

The effective profit rate gets displayed here, based on the profit and the spread specified.

### Default

Check this box to indicate if the finance offer specified should be maintained as the default offer for the application category.

## 2.7.3 Agency Tab

In 'Agency' tab, you can capture the details of the credit rating agencies and credit bureaus that provide credit rating details for customer securities.

The screenshot displays the 'LBL\_APPMT' application window. The 'New' section contains an 'Enter Query' area with the following fields: 'Application Category \*' (text input), 'Category Description' (text input), 'Category Type' (dropdown menu set to 'Retail'), 'Application Type' (dropdown menu set to 'Others'), 'Rule Id' (text input), 'Ratio Id' (text input), and 'Pricing Group' (text input). Below this is the 'Main Agency' section, which includes a 'Credit Agency' table with a 'Go' button and a 'Bureau Details' table with a 'Go' button. The 'Credit Agency' table has columns for 'Agency Code \*' and 'Agency Name'. The 'Bureau Details' table has columns for 'Bureau Code \*', 'Bureau', and 'Call Priority'. At the bottom of the window, there are fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', and 'Authorization Status', along with an 'Exit' button.

You can specify the following details in this screen:

### Credit Agency

You can capture the details related to the credit rating agencies here.

### Agency Code

Specify the identification code of the rating agency that provides credit rating details for customer securities.

### Agency Name

Specify the name of the rating agency that provides credit rating details for customer securities.

### Bureau Details

You can capture the details related to the credit bureau here.

### Bureau Code

Specify the identification code of the credit bureau that provides credit ratings for customer securities.

### Bureau

Specify the name of the credit bureau that provides credit rating details for customer securities.

## 2.7.4 Viewing Application Category Summary

You can view a summary of the application categories in 'Category Details' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSCATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

Authorization Status	Record Status	Application Category	Category Description	Category Type
----------------------	---------------	----------------------	----------------------	---------------

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Application Category

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 2.8 Maintaining Pricing Details

Oracle FLEXCUBE allows you to maintain pricing groups and apply a suitable pricing rule to an application category during ijarah finance origination. The pricing rule automatically selects the best matched finance offer for the finance application from the available offers for the application category.

You need to maintain pricing groups and define the price IDs and formulae for the group using 'Pricing Maintenance' screen. To invoke the screen, type 'ORDPRCMT' in the field at the top right corner of the application toolbar and click the adjoining arrow button.

The screenshot shows the 'Pricing Maintenance' screen. At the top, there is a 'New' button. Below it, there are input fields for 'Price Group ID \*' and 'Description', and a 'Price Type' dropdown menu set to 'Retail'. The 'Pricing Details' section contains a table with the following columns: 'Price ID \*', 'Price Description', 'Default', 'Formula', and 'Offer'. The first row is empty, and the second row has 'Formula' and 'Offer' buttons. At the bottom, there are fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', and 'Authorization Status'.

Specify the following details:

### **Pricing Group**

Specify a unique name to identify the price group.

### **Description**

Specify a brief description of the price group.

### **Price Type**

Specify the price type associated with the price group. You can choose one of the following price types:

- Retail
- Corporate
- Ijarah
- Istisna
- Mudarabah
- Murabaha
- Musharaka

- Tawarooq

## **Pricing Details**

Specify the following details.

### **Price ID**

Specify a unique price ID.

This price ID can be applied to a finance at underwriting stage.

### **Price Description**

Specify a brief description of the price ID.

### **Default**

Check this box to set this as the default price ID for the price group that you maintain.

### **Formula**

Click 'Formula' button to define the pricing rule for each price ID. You can define the formula using origination system elements in Oracle FLEXCUBE.

The screenshot shows the 'Formula Maintenance' window. At the top, there is a navigation bar with '1 Of 1' and a 'Go' button. Below this is a table with the following structure:

<input type="checkbox"/>	Sequence Number *	Condition	Score
<input type="checkbox"/>			

Below the table, there are several input fields and dropdown menus:

- Elements:
- Index:
- Functions:
- Braces:
- Operators:
- Logical Operators:

At the bottom right, there are 'Ok' and 'Exit' buttons.

You can specify the following details here:

### **Sequence Number**

The sequence number is automatically generated by the system.

### **Condition**

The condition specified using the Elements, Functions, Operators etc. gets displayed here.

### **Result**

Specify the result to be associated with the condition specified.

### **Elements**

Specify the data elements to be used to define the formula for pricing details or select the element from the option list provided.

### **Functions**

Select the mathematical function to be used to define the formula from the drop-down list provided.

## Braces

Select the opening or the closing brace from the drop-down list provided, to define the pricing details formula.

## Operators

Select the mathematical operator to be used to define the pricing details formula. You can select '+', '-', '\*', or '/'.

## Logical Operators

Select the logical operator to be used to define the pricing details formula. You can select '<', '>', '=', '<>', '>=', '<=', 'AND' or 'OR'.

Based on the formula and the finance application category, the system automatically applies a price ID to the application. You can apply a different price ID that matches the application only at the Underwriting Stage.

If you change a price ID selected by the system and reapply a different price ID, the system changes the score of the pricing rule. The score determines the price ID to be automatically applied.

## Offer

Click 'Offer' button to define the offers for pricing ID.

Sequence Number *	Score From	Score Up To	Rate	No of Installments	Frequency	Units
						Monthly

Based on the score and the finance application category, the system automatically applies a price ID to the application. You can apply a different price ID that matches the application only at the Underwriting Stage.

## Sequence Number

The system displays the sequence number.

## Score From

Specify the minimum score range for the offer.

## Score Up To

Specify the maximum score range for the offer.

## Rate

Specify the loan rate for the loan.

**No of Instalments**

Specify the Number of Loan Instalments/Schedules.

**Frequency**

Specify the Loan Schedule Frequency.

**Units**

Specify the Loan Schedule Frequency Unit/Basis.

## **2.9 Finance Application Details Entry Stage**

In this stage, the bank receives an application for finance along with the relevant documents and financial statements from a prospective customer. If the applicant does not have an account but intends to open one, the bank also obtains the account opening form and related documents as part of this activity.

The details related to the applicant, contact information, employment information, requested finance details, collateral details etc. are captured during this stage. Documents obtained from the applicant are uploaded and advices maintained for the stage are generated by the process after completion of the stage.

Users belonging to user role 'CEROLE' are authorized to perform these tasks.

This section contains the following topics:

- [Section 2.9.1, "Making Application Entry"](#)
- [Section 2.9.2, "Main Tab"](#)
- [Section 2.9.3, "Capturing Customer MIS"](#)
- [Section 2.9.4, "Capturing Customer Account MIS"](#)
- [Section 2.9.5, "Details Tab"](#)
- [Section 2.9.6, "Financials Tab"](#)
- [Section 2.9.7, "Requested Tab"](#)
- [Section 2.9.8, "Limits Tab"](#)
- [Section 2.9.9, "Collaterals Tab"](#)
- [Section 2.9.10, "Vehicle Asset"](#)
- [Section 2.9.11, "Equipment Asset"](#)
- [Section 2.9.12, "Property Asset"](#)
- [Section 2.9.13, "Comments Tab"](#)
- [Section 2.9.14, "Capturing Document Details"](#)

## 2.9.1 Making Application Entry

You can key-in the finance application details required in 'Ijarah Application Entry' screen. You can also invoke this screen by typing 'ORDIJAAE' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The Application Number is automatically generated by the system. You can capture the following details in the main screen:

### **Application Category**

Specify the finance application category to be used or select the application category from the option list provided.

### **Product Code**

Specify the *Ijarah* product to be used for initiating the finance or select the product code from the option list provided.

### **Lead ID**

Specify the lead Id of the finance applicant or select the lead Id from the option list provided.

### **Enquiry ID**

Specify an enquiry Id, if you wish to retrieve information on the finance offer selected by the customer. You can also select the ID from the adjoining option list. The list contains all the Enquiry IDs created for the customer as part of the finance simulation process.

### **Application Branch**

Specify the application branch.

### **Application Number**

System displays the application number of the customer.

### **User Reference**

Specify the user reference number for the finance application.

### **Application Priority**

Select the type of priority from the drop-down list provided. The following options are available:

- Low
- Medium
- High

### **Application Status**

The status of the application gets displayed here.

Click 'Default' button to default the details related corresponding to the prospective finance customer.

## **2.9.2 Main Tab**

The details corresponding to the lead Id selected gets displayed in the 'Main' tab, once you click the 'Default' button. You can modify these details if needed.

### **Channel**

Specify the channel Id for the finance. The adjoining option list displays all valid channels maintained in the system. You can select the appropriate one.

### **Intermediary Group**

Specify the intermediary group. The adjoining option list displays all valid intermediary groups maintained in the system. You can select the appropriate one.

### **KYC Required**

Check this box to indicate the KYC check is required for the customer.

If you check this box, the system will evaluate a business rule. Based on that rule, the system initiates both Internal KYC and External KYC during application entry and verification stage.

If you do not check this box, the system then skips the Internal KYC and External KYC stages after completing the application entry and verification stages.

### **Auto Decision Required**

Check this box to enable auto decision on finance application. If you check this box, based on the applicant credit score – auto decision mapping maintained in 'Auto Decision' screen, the system decides whether to approve, reject, recommend approval or recommend rejection of the application. If you do not check this box, the system will not make an auto decision with regard to approval of the application.

You can set the status of this check box only during Application Entry stage.

### **External Credit Check Required**

Check this box to enable external credit bureau service for credit evaluation of the finance applicant.

If you check this box, the system will automatically initiate external credit check. If you do not check this box, the system will not initiate external credit bureau check.

The credit check initiation happens before underwriting stage.

## **Applicant Details**

### **Type**

Select the type of the customer from the drop-down list provided. The following options are available:

- Primary
- Co-Applicant

### **Existing**

Check this box to indicate if the customer applying for the finance is an existing customer of the bank.

### **Special Customer No Generation**

Check this box to generate a special customer number in the 'Customer Number' field.

### **Local Branch**

Specify the local branch (home branch) of the finance applicant. Select the appropriate one from the option list.

### **Customer No**

The system displays the customer number. However, you can modify it. For existing customers you need to select the customer number from the option list provided.

Click 'Default' button to default the details of existing customers.

The system defaults the customer number if the local branch is specified and the check box 'Existing' remains unchecked.

### **Default**

On clicking the default button after specifying the customer number, the system displays the existing customer number.

On clicking the default button without specifying the customer number, the new customer number gets defaulted.

If the branch code is not specified then the application branch gets defaulted.

### **Short Name**

Specify the short name of the applicant.

### **Customer Name**

Specify the customer name.

### **National Id**

Specify the country of which the customer is a national or select the country code from the option list provided.

### **Responsibility**

Specify the Co-Applicant's Responsibility for all parties other than primary Applicant.

### **Liability**

Specify the liability for all parties other than primary applicant.

### **RM ID**

Select the ID of the Relationship Manager from the adjoining option list.

**RM Name**

Specify the name of the Relationship Manager of the finance applicant.

**Country**

This is the country as given in the address of correspondence of this customer.

**SSN**

Specify the SSN of the customer.

**Language**

As part of maintaining customer accounts and transacting on behalf of your customer,

**Customer Category**

In this category, you can classify customers of your bank.

**Nationality**

Specify the nationality of the customer.

**Financial Currency**

Specify the financial currency or select the financial currency from the option list provided.

**Mobile ISD Code +**

Specify the international dialling code for the mobile number of the customer. The adjoining option list displays valid ISD codes maintained in the system. Select the appropriate one.

**Mobile Number**

Specify the mobile number of the customer.

**Telephone ISD Code +**

Specify a valid international dialling code for the telephone number of the customer. The adjoining option list displays valid ISD codes maintained in the system. Select the appropriate one.

**Landline Number**

Specify the landline number of the customer.

**E-mail**

Specify the E-mail address of this customer.

**Fax ISD Code**

Specify the international dialling code for the fax number of the customer. The adjoining option list displays valid ISD codes maintained in the system. Select the appropriate one.

**Fax**

Specify the fax number of the customer.

**Retail****First Name**

Specify the First name of the customer.

**Middle Name**

Specify the Middle name of the customer.

**Last Name**

Specify the Last name of the customer.

**Salutation**

Select the salutations of customer from the drop-down list provided. The following options are available:

- Mr.
- Mrs
- Miss
- Dr

**Gender**

Select the gender of the customer from the drop-down list provided. The following options are available:

- Male
- Female

**Birth Place**

Specify the birth place of the customer.

**Birth Country**

Specify the birth country of the customer. If 'FATCA Applicable' is enabled at the bank level, then it is mandatory to specify the birth country.

**Date of Birth**

Specify the date of birth of the customer.

**Mother Maiden Name**

Specify the mother maiden name.

**Passport Number**

Specify the passport number of beneficial owner.

**Passport Issue Date**

Specify the issue date of the passport.

**Passport Expiry Date**

Specify the expiry date of the passport.

**Marital Status**

Indicate the marital status of the customer here. You may select one of the following from the list available here:

- Single
- Married
- Divorcee
- Remarried
- Separated
- Spouse Expired

**Dependents**

Specify the number of family members (children and others) who are dependent on the customer financially. You can indicate any number between 0 and 99.

## **Corporate Details**

### **Incorp Date**

Specify the date on which the customer's company was registered as an organization.

### **Capital**

Specify the particular customer's various financial details like total Paid Up capital.

### **Net Worth**

Specify the Net worth of the customer organization,

### **Business Description**

Specify the nature of the business and the business activities carried out by the customer organization.

### **Country**

Specify the Country of registration of the office of the corporate.

## **Power of Attorney**

---

### **Note**

If the FATCA is enabled at the bank and the check box 'Power of Attorney' is checked here, then it is mandatory to specify the Power of Attorney information.

---

### **Power of Attorney**

Check this box to indicate that the customer account is to be operated by the power of attorney holder.

### **Holder Name**

The person who has been given the power of attorney.

### **Address**

Specify the address of the power of attorney holder.

### **Country**

Specify the country of the power of attorney holder.

### **Nationality**

Specify the nationality of the power of attorney holder.

### **Telephone ISD Code +**

Specify the international dialling code for the telephone number of the power of attorney holder. The adjoining option list displays valid ISD codes maintained in the system. Select the appropriate one.

### **Telephone Number**

Specify the telephone number of the power of attorney holder.

## **Account Details**

### **Account Branch**

Select the account branch from the adjoining option list.

### **Account Number**

The account number gets generated when you click on 'Default' button, after specifying the account class.

If the account branch is auto-generation enabled, then the account number gets auto-generated.

### **Account Class**

Specify the account class or select the account class of the customer from the option list provided.

### **Special Account No Generation**

Check this box to generate a special account number in the 'Account' field.

Click 'Default' button to view the account generation details through 'Customer Account Mask' screen.

## **US Resident Status**

### **Permanent US Resident Status**

Check this box to indicate that the corresponding director is a permanent US resident.

### **Visited US in last 3 years?**

Check this box to indicate that the beneficial owner has visited U S in the last three years.

## **2.9.3 Capturing Customer MIS**

You can capture the MIS details for the customer, if any by clicking 'MIS' button in the Application Entry screen.

The 'Customer MIS' screen gets displayed where you can maintain the MIS details.

## 2.9.4 Capturing Customer Account MIS

You can capture the MIS details for the Customer Accounts by clicking 'Customer Account MIS' button in the Application Entry Screen.

The 'Customer Account MIS' screen gets displayed where you can maintain the MIS details.

## 2.9.5 Details Tab

The address and employment related details of the customer corresponding to the Lead Id selected are displayed in this tab. You can modify these details if required.

The screenshot displays the 'Islamic Ijarah Loan Origination' application window. The title bar shows 'Islamic Ijarah Loan Origination' and a 'New' button. The main content area is divided into several sections:

- Applicant Details:** Includes fields for Workflow Reference #, Priority (Low), Application Category \*, Product Code \*, Description, Application Branch \*, Application Date \*, Promotion Code, Lead Id, Enquiry ID, Application Number \*, User Reference \*, Application Priority (Low), and Application Status (Application Entry).
- Applicant Details:** A sub-section with a dropdown for Type (Primary), and fields for Local Branch, Customer No, and Customer Name.
- Address Details:** A section with a '1 Of 1' indicator, Address Type \* (Permanent/Current), and three Address Line fields (Address Line 1\*, Address Line 2, Address Line 3). It also includes fields for Country, Zip, and Contact Number.
- Employment Details:** A section with a '1 Of 1' indicator, Employer \*, Employment Type (Full Time), and three Address Line fields (Address Line 1, Address Line 2, Address Line 3). It also includes fields for Extension, Contact Phone, and Contact Name.

At the bottom, there is a navigation bar with tabs: Main, Details (selected), Financial, Requested, Limit, Collateral, and Comments. Below this is a 'Documents' section with links: Multiple Asset, Customer Channel, Account Channel, Customer Dedupe, Finance Dedupe, Customer MIS, Customer Account MIS, and Customer/Account Fields. The footer contains 'Previous Remarks', 'Remarks', an 'Audit' button, 'Outcome' (dropdown), and an 'Exit' button.

In this screen, you can capture multiple address and employment details, if required.

## 2.9.6 Financials Tab

You can capture the financial details corresponding to the customer in this screen.

The screenshot shows the 'Islamic Ijarah Loan Origination' application window. The title bar includes a close button (X). The main content area is titled 'New' and contains several input fields and dropdown menus. The fields are organized into sections: 'Workflow Reference #' and 'Priority' (Low) at the top; 'Application Category\*', 'Product Code\*', 'Description', 'Application Branch\*', and 'Application Date\*' on the left; 'Promotion Code', 'Lead Id', and 'Enquiry ID' in the center; and 'Application Number\*', 'User Reference\*', 'Application Priority' (Low), and 'Application Status' (Application Entry) on the right. Below these is the 'Applicant Details' section with 'Type' (Primary), 'Local Branch', 'Customer No', and 'Customer Name' fields. A navigation bar at the bottom of the main area includes 'Main', 'Details', 'Financial' (highlighted), 'Requested', 'Limit', 'Collateral', and 'Comments'. The 'Income Details' section is below, featuring a table with columns for 'Income Type\*', 'Frequency', 'Currency\*', and 'Amount\*'. The table is currently empty. At the bottom of the window, there are 'Previous Remarks', 'Remarks', 'Audit', 'Outcome' (dropdown), and 'Exit' buttons.

### Income Details

You can capture the following details corresponding to the finance applicant's income:

#### **Income Type**

Select the type of income associated with the customer from the drop-down list provided. The following options are available:

- Salary
- Rent
- Business
- Others

#### **Currency**

Specify the currency in which the customer draws his income or select the currency from the option list provided.

#### **Amount**

Specify the amount that the customer draws as his income.

### **Frequency**

Select the frequency at which the customer earns income. The following options are available in the drop-down list:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

### **Liability Details**

You can capture the following details corresponding to the finance applicant's liabilities:

#### **Liability Type**

Select the type of the liability from the following options provided in the drop-down list:

- Finance
- Lease
- Rent
- Others

#### **Liability Sub Type**

Specify the sub type corresponding to the liability.

#### **Frequency**

Select the frequency at which the customer pays his liability amount. The following options are available in the drop-down list:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

#### **Amount**

Specify the amount that the customer pays as his liability.

#### **Account Balance**

Specify the balance associated with the liability account.

#### **Start Date**

Specify a start date for the liability or select the start date by clicking the 'Calendar' icon.

#### **End Date**

Specify an end date for the liability or select the end date by clicking the 'Calendar' icon.

### **Asset Details**

#### **Type**

Select the type of the asset from the following options available in the drop-down list:

- Vehicle

- Home
- Others

**Asset Sub Type**

Specify the sub type associated with the asset.

**Description**

Specify a suitable description for the asset type.

**Asset Value**

Specify the value associated with the asset.

**Vehicle**

You can specify the following details for the asset type 'Vehicle'.

**Make**

Specify the make of the vehicle.

**Model**

Specify the model of the vehicle.

**Manufacturing Year**

Specify the year of manufacture of the vehicle.

**Body**

Specify the body details of the vehicle.

**Reg#**

Specify the registration number of the vehicle.

**Home****Address Line 1-3**

Specify the address of customer's residence in the three Address lines provided.

**Width**

Specify the width of the customer's residence.

**Length**

Specify the length of the customer's residence.

**Occupancy**

Specify the number of people who occupy of the customer's residence.

**2.9.7 Requested Tab**

The details related to the requested finance corresponding to the Lead Id selected are displayed in this tab. You can modify these details if required. If you have selected an 'Enquiry ID' for the customer, then the requested details that have been stored for the corresponding finance proposal are displayed here.

You can also capture the following itemization details corresponding to the requested finance:

## **Requested Details**

### **Requested Currency**

Specify the currency for transaction. The adjoining option list displays all valid currencies maintained in the system. You can select the appropriate one.

### **Requested Amount**

Specify the amount requested corresponding to the itemization specified.

### **Tenor (In Months)**

Enter the tenor in months.

### **Rate**

Enter the profit rate for the finance.

### **Down Payment**

Specify the amount paid as Down Payment.

### **Promotion Id**

Specify a unique 4-character alphanumeric code to identify the promotion in the system.

### **No of Installments**

Specify the requested Number of Finance Installments/Schedules.

### **Frequency**

Specify the requested Finance Schedule Frequency.

### **Unit**

Select the requested Finance Schedule Frequency Unit/Basis from the adjoining drop down list.

The system defaults the values of the following in the loan block in the underwriting stage:

- No of installments
- Frequency
- Unit

## Financing against Salary

Check this box to indicate that the finance should be associated with the applicant salary account.

## Financing Purpose

Give a brief description on the purpose of financing.

## Itemization Details

### Itemization

Specify the tenor itemization that is required. For example, you can specify the itemizations like 'Booking Amount', 'Payment', 'Interiors' etc.

### Amount

Specify the amount requested corresponding to the itemization specified.

### Comments

Give your comments, if any corresponding to the itemization.

## 2.9.8 Limits Tab

You can capture the details related to the limits provided by the customer in this tab.

The screenshot shows the Oracle Islamic Ijarah Loan Origination interface. The window title is "Islamic Ijarah Loan Origination". The form is in "New" mode. It contains several sections:

- Application Details:** Workflow Reference #, Priority (Low), Application Category, Product Code, Description, Application Branch, Application Date, Promotion Code, Lead Id, Enquiry ID, Application Number, User Reference, Application Priority (Low), Application Status (Application Entry).
- Applicant Details:** Type (Primary), Local Branch, Customer No, Customer Name.
- Navigation:** Main, Details, Financial, Requested, **Limits**, Collateral, Comments.
- Liability Details:** Liability No, Liability Name, Main Liability No, Liability Branch, Liability Currency, Overall Limit.
- Line Details:** Line Code, Line Serial, Main Line Code, Line Branch, Line Currency, Limit Amount, Collateral Amount, Effective Line Amount Basis (Limit + Collateral), Effective Line Amount.
- Pool Details:** Pool Code, Pool Description, Pool Currency, Pool Amount, Pool Utilized.
- Footer:** Documents | Multiple Asset | Customer Channel | Account Channel | Customer Dedupe | Finance Dedupe | Customer MIS | Customer Account MIS | Customer/Account Fields. Buttons: Previous Remarks, Remarks, Audit, Outcome, Exit.

You can specify the following details here:

## Liability Details

### Liability Number

Specify the Liability Number. If the Liability Number is customer group then all customers under this group should have same Liability Number.

### Liability Name

Specify the Liability Name here. A maximum of 35 characters are allowed in this field.

### Liability Branch

Specify the branch in which liability is associated.

### **Liability Currency**

Specify the currency with which the liability is associated. This cannot be changed post authorization.

### **Overall Limit**

Specify the overall limit amount for that liability. Value entered in the field will be in the currency stated above. If liability is of customer group then overall limits stated will be common to all the customers.

### **Line Details**

#### **Line Code**

Specify the Line Code to which the liability ID is to be associated with. Allocating credit limits for the Line-Liability combination can be done. The customer(s) who fall under this Liability Code will in turn avail credit facilities under this Credit line.

By linking a Credit Line to a Liability code the customer also gets linked to the Credit Line. This is true because a Liability code has been assigned to every credit seeking customer and the credit facilities granted to the customer are defined and tracked against this code.

#### **Line Serial**

Each time a customer - line code combination is specified, Oracle FLEXCUBE ELCM system assigns a unique serial number to the combination. This serial number is unique to the line-liability code combination. Thus, for every new record entered for a Line-Liability combination, a new serial number is generated. The Line - Liability - Serial number forms a unique combination.

#### **Line Branch**

Select the line branch code from the adjoining option list.

#### **Main Line Code**

Specify the main line code. The adjoining option list displays all valid main line codes maintained in the system. You can choose the appropriate one.

#### **Line Currency**

Specify the currency in which the facility is defined. The currency that has been selected will have the following implications:

- The limit amount that has been specified for this Line-Liability combination is taken to be in this currency.
- The line that has been defined will be available for Utilization only in the line currency, unless specified otherwise under Currency Restrictions in this screen.

Once the entry is authorized you cannot change the currency.

If the limit allotted to this Line-Liability combination can be utilized by accounts and transactions in currencies other than the limit currency, the limit utilization will be arrived at by using the mid rate for the currency pair as of that day.

#### **Expected Limit Amount**

Enter the expected limit amount.

#### **Collateral Amount**

The system displays the collateral amount here.

#### **Effective Line Amount Basis**

For defining drawing power of line the elements mentioned below are treated as the basis for the effective line amount calculation.

- Limit Amount + Collateral Contribution
- Maximum Credit Turnover Allowed
- Minimum Limit

### **Effective Line Amount**

The effective line amount basis will be validated for the following criteria:

- Effective line amount basis will be defaulted from the template
- Effective line amount basis will be made as a mandatory field
- Effective line amount basis will be allowed to change only before first authorization of line

The Effective Limit Amount can be modified only before the first authorization of the Line.

### **Additional Line Amount**

Enter the effective line amount.

### **Pool Details**

#### **Pool Code**

Specify the Pool Code here. The pool code assigned to each collateral pool can be linked to a Liability while creating credit limits.

#### **Pool Description**

Specify a brief description of the collateral pool here.

#### **Pool Currency**

Specify the currency in which the Collateral Pool has to be maintained.

#### **Pool Amount**

The entire Collateral Linked amount will be displayed in this field.

#### **Pool Utilized**

This field displays the pool amount that has been linked to a various credit lines, hence displaying the total pool amount utilized at any point in time.

## **2.9.9 Collaterals Tab**

You can capture the details related to the collaterals provided by the customer in this tab.

The screenshot shows a software interface for 'Islamic Ijarah Loan Origination'. The window title is 'Islamic Ijarah Loan Origination'. The main area is titled 'New' and contains several input fields and dropdown menus. At the top, there are 'Workflow Reference #' and 'Priority' (set to 'Low'). Below these are fields for 'Application Category\*', 'Product Code\*', 'Description', 'Application Branch\*', and 'Application Date\*'. To the right, there are 'Promotion Code', 'Lead Id', 'Enquiry ID' (with a 'Default' button), 'Application Number\*', 'User Reference\*', 'Application Priority' (set to 'Low'), and 'Application Status' (set to 'Application Entry').

The 'Applicant Details' section includes 'Type' (set to 'Primary'), 'Local Branch', 'Customer No', and 'Customer Name'. Below this is a navigation bar with tabs: 'Main', 'Details', 'Financial', 'Requested', 'Limit', 'Collateral' (selected), and 'Comments'.

The 'Collateral Details' section features a '1 Of 1' indicator and a 'Reevaluate Collateral' checkbox. It contains fields for 'Collateral Branch\*', 'Collateral ID\*', 'Collateral Description' (with a 'Default' button), 'Collateral Currency\*', 'Collateral Value\*', 'Start Date', 'End Date', 'Collateral Category\*', 'Collateral Type' (set to 'Normal'), 'Linked Percent (%)', 'Linked Amount', 'Haircut %', 'Revaluation Date', 'Revision Date', 'Charge Type' (set to 'Mortgage'), 'Utilization Order', and 'Commitment Product'.

At the bottom, there is a navigation bar with 'Documents | Multiple Asset | Customer Channel | Account Channel | Customer Dedupe | Finance Dedupe | Customer MIS | Customer Account MIS | Customer/Account Fields'. Below this is another bar with 'Previous Remarks', 'Remarks', an 'Audit' button, 'Outcome' (with a dropdown), and an 'Exit' button.

In this screen, specify the following details to facilitate vehicle evaluation:

### **Collateral Details**

#### **Collateral Branch**

Select the finance applicant's collateral branch from the adjoining option list.

#### **Collateral ID**

Select the collateral ID from the adjoining option list.

#### **Collateral Description**

Give a brief description on the collateral.

#### **Collateral Currency**

Select the collateral currency from the adjoining option list.

#### **Collateral Value**

Specify the collateral value.

#### **Start Date and End Date**

Specify the tenor of the collateral using the Start Date and End Date fields. The collateral is considered effective only during this period.

#### **Collateral Category**

Select the collateral category from the adjoining option list.

**Collateral Type**

Select the collateral from the adjoining drop down list.

The options are:

- Market based
- Guarantee
- Normal

**Linked Percent**

Specify percentage of the part of the collateral amount which has to be linked to the pool.

**Linked Amount**

Specify the part of the collateral amount which has to be linked to the pool.

**Haircut %**

Specify the bank's margin (Haircut) to be assigned for Collateral. Haircut% applied by the system as per the Haircut schedule would be displayed here

**Revalue Collateral**

Check this box to revalue the collateral.

**Revaluation Date**

Specify the date on which the next revaluation has to be done.

**Revision Date**

Specify the date on which this collateral has to be revisited for review.

**Charge Type**

Select the charge type from the adjoining drop down list:

- Lien
- Pledge
- Hypothecation
- Mortgage
- Assignment
- This is only for information and not for processing.

**Utilization Order**

Specify the utilization order.

**Commitment Product**

Select the product code from the adjoining option list to be used for creating the commitment contract.

In this screen, specify the following details to facilitate vehicle evaluation:

**Market Value Based****Security ID**

Select the security id from the option list.

**Number of units/Nominal value**

Specify the number of units.

**Cap Amount**

Specify the cap amount.

**Guarantor Based****Guarantor ID**

Select the Guarantor Id from the option list.

**Rating**

The system displays the rating.

**Vehicle Details**

You can capture the details of the vehicle which is to be evaluated in the following fields:

**Identification Number**

Enter the unique identification number associated with the vehicle.

**Year**

Specify the year of manufacture for the vehicle.

**Make**

Specify the make of the vehicle.

**Model**

Specify the vehicle model.

**Body**

Specify the vehicle body details.

**Usage**

Specify the mileage used by the vehicle till date.

These details will be used at the underwriting stage to evaluate the vehicle

**2.9.10 Vehicle Asset**

Click 'Vehicle Asset' button 'Ijarah Application Entry' screen to invoke 'Vehicle Asset' screen

The screenshot shows a software window titled "Multiple Asset" with a blue header bar. Below the header, there is a navigation menu with tabs: "Vehicle" (selected), "Property", "Project", "Goods", "Build Materials", "Service Ijarah", and "Equipment".

At the top, there is a field for "Application Number \*". Below this, a status bar shows "1 Of 1" and "Asset Status A".

The main form is divided into several sections:

- Asset Sequence Number:** A field containing the value "1".
- Vehicle Details:**
  - Type: A dropdown menu with "New Asset" selected.
  - Asset Category: Text input field.
  - Description: Text input field.
  - Application Number: Text input field.
  - Class: Text input field.
  - Color: Text input field.
  - No of Cylinders: Text input field.
  - Vehicle Condition: Text input field.
  - Maker Code: Text input field.
  - Year of Manufacturing: Text input field.
  - Year Model: Text input field.
  - Sub Model: Text input field.
  - Engine Number: Text input field.
  - Chassis Number: Text input field.
- Registration Details:**
  - Registration Type: A dropdown menu with "None" selected.
  - Registration Name: Text input field.
  - Registration Emirate: Text input field.
  - Reg#: Text input field.
  - Registration Date: Text input field.
  - Delivery Date: Text input field.
- Vendor Details:**
  - Vendor Code: Text input field.
  - Vendor Name: Text input field.
  - Agent Name: Text input field.
  - Agent Branch: Text input field.
  - Agent Sales Name: Text input field.
- Insurance Details:**
  - Insured By Bank: A checkbox.
  - Insurance Company: Text input field.
- Appraiser Details:**
  - Appraiser Name: Text input field.
  - Appraiser Value: Text input field.

At the bottom right of the window, there are "Ok" and "Exit" buttons.

Here you can capture the following details:

### Account Number

The account number is defaulted from the 'Account Details - Main' screen.

### Asset Sequence Number

The system generates a sequence number for the asset and displays it here.

### Status

The status of the asset is displayed here. The statuses available are 'Active' and 'Settled'. During account initiation the status will be 'Active'. Once the prepayment of the asset begins the asset will be completely settled. Then the status will change to 'Settled'. An asset can only be completely settled. No partial payment is allowed.

### Vehicle Information

#### Asset Type

Select the type of asset from the drop-down list. The options available are:

- New - New Asset
- Used - Used Asset

**Asset Category**

Select the category to which the asset belongs from the option list. This list displays all options maintained using the 'Limits Type Maintenance' screen.

**Application Number**

Specify the application number for the asset here.

**Color**

Specify the color of the vehicle.

**Class**

Specify the class of the vehicle.

**Number of Cylinder**

Specify the number of cylinders for the vehicle. This has to be a numeric value.

**Vehicle Condition**

Describe the condition of the vehicle.

**Vehicle Description**

Enter a description for the vehicle. For example: Car, Van etc.

**Make**

Select the code indicating the make of the vehicle from the option list. All the vehicle maker codes, that you have maintained in the 'Vehicle Maker Details' screen, are listed for selection.

**Sub Model**

Select the sub-model of the vehicle from the adjoining option list. This list displays all models maintained using the 'Vehicle Maker Details' screen.

**Year Model**

Specify the year when the model was first launched.

**Year of Manufacture**

Specify the year in which the vehicle was manufactured.

**Engine Number**

Specify the engine number of the vehicle here. This can be an alphanumeric value.

**Chassis Number**

Specify the chassis number of the vehicle here.

**Registration Details****Type**

Specify the registration type here. You can choose from the following values in the adjoining drop-down list:

- S – Self
- TP – Third Party
- N - None

**Name**

Specify the name in which the vehicle is registered.

**Emirate**

Select the emirate in which the vehicle was registered, from the option list. All the emirates maintained using the 'Limits Type Maintenance' screen will be listed for you to select.

**Registration Number**

Specify the registration number of the vehicle here.

**Date**

Specify the date on which the vehicle was registered.

**Delivery Date**

Specify the date on which the vehicle was delivered.

**Specifying Vendor Details****Vendor Code**

Select the vendor code from the option list. All the vendor codes maintained using the 'Vendor Maintenance' screen, are listed for you to select.

**Vendor Name**

Once the Vendor code is selected the corresponding vendor name is defaulted here.

**Agent Sales Staff Name**

Specify the name of the agent sales staff.

**Agent Name**

Specify the name of the agent.

**Agent Branch**

Specify the agent branch.

**Amount Details****Currency**

Specify the currency of the account.

**Requested Amount**

Specify the amount requested to be financed.

**% Amt Financed/Appraised Value**

Specify the percentage of amount financed that is appraised.

**Appraiser Details****Appraiser Name**

Specify the name of the appraiser here.

**Appraised Value**

Specify the value appraised.

**Appraisal Date**

Specify the date on which the appraisal was done.

**Total Amount Details****Downpayment**

Specify the amount paid as down payment.

**Vehicle Value**

Specify the value of the vehicle.

**Maintenance Cost**

Specify the maintenance cost of the vehicle.

**Insurance Amount**

Specify the insurance amount for the vehicle.

**Asset Finance Amount**

Specify the amount financed for the asset.

**Insurance Details****Insured By Bank**

Check this box to indicate that the asset is insured by the bank.

**Insurance Company**

Select the name of the company through which the assets is insured.

**Premium Amount**

Specify the premium amount to be paid for the insurance.

**Balance Details****Outstanding Principal**

The outstanding principal on the account for this vehicle is displayed here.

**Outstanding Profit**

The outstanding profit on the account for this vehicle is displayed here.

**2.9.11 Equipment Asset**

Click 'Equipment Asset' button 'Islamic *Jarah* Application Entry' screen to invoke 'Equipment Asset' screen.

The screenshot shows the 'Multiple Asset' application window. At the top, there is a navigation bar with tabs for 'Vehicle', 'Property', 'Project', 'Goods', 'Build Materials', 'Service Ijarah', and 'Equipment'. Below the navigation bar, there is a section for 'Application Number\*' with a text input field. A '1 Of 1' indicator is visible. The main area is divided into several sections: 'Equipment Details' with fields for Owner, Description, Engine Number, Equipment Location, Street, Area Code, City Code, and Country; 'Amount Details' with fields for Currency, Hamish Jiddayah Amount, and Asset Finance Amount; 'Vendor Details' with fields for Vendor Code and Vendor Name; and 'LBL\_SALE\_DET' with fields for Sell Date, Invoice Number, and Invoice Date. At the bottom, there is an 'Equipment Evaluation Details' section with a table header for Evaluation Name, Evaluation Value, and Evaluation Date. The table is currently empty. At the bottom right, there are 'Ok' and 'Exit' buttons.

Here you can capture the following details:

### **Account Number**

The account number is defaulted from the 'Account Details - Main' screen.

### **Asset Sequence Number**

The system generates a sequence number for the asset and displays it here.

### **Status**

The status of the asset is displayed here. The statuses available are 'Active' and 'Settled'. During account initiation the status will be 'Active'. Once the prepayment of the asset begins the asset will be completely settled. Then the status will change to 'Settled'. An asset can only be completely settled. No partial payment is allowed.

### **Equipment Details**

#### **Engine Number**

Specify the engine number of the equipment here.

#### **Equipment Location**

Specify the location where the equipment is.

#### **Street**

Specify the name of the street where the equipment is.

**Area**

Select the area where the equipment is from the option list. The different areas that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

**City**

Select the city where the equipment is from the option list. The different cities that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

**Country**

Select the country where the equipment is from the option list. The different countries that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

**Owners**

Specify the name of the person who owns the equipment.

**Description**

Enter a description for the equipment.

**Currency**

Specify the currency of the account.

**Downpayment**

Specify the amount paid as down payment.

**Asset Finance Amount**

Specify the amount financed for the asset.

**Seller Details****Vendor Code**

Select the vendor code from the option list. All the vendor codes maintained using the 'Vendor Maintenance' screen is listed for you to select.

**Vendor Name**

The vendor name corresponding to the vendor code selected is displayed here.

**Selling Date**

Specify the date on which the equipment was sold.

**Invoice Date**

Specify the date on which the invoice was created.

**Invoice Number**

Specify the invoice number here.

**Balance Details****Outstanding Principal**

The outstanding principal on the account for this equipment is displayed here.

**Outstanding Profit**

The outstanding profit on the account for this equipment is displayed here.

## Evaluator Details

### **Name**

Specify the name of the evaluator here.

### **Value**

Specify the evaluated value of the equipment.

### **Date**

Specify the date of evaluation.

## **2.9.12 Property Asset**

Click 'Property Asset' button 'Ijarah Application Entry' screen to invoke 'Property Asset' screen.

The screenshot shows a software window titled 'Multiple Asset'. At the top, there is a navigation bar with tabs for 'Vehicle', 'Property', 'Project', 'Goods', 'Build Materials', 'Service Ijarah', and 'Equipment'. The 'Property' tab is selected. Below the navigation bar, there is a field for 'Application Number\*' and a '1 Of 1' indicator. The main form area is titled 'LBL\_PROPERTY\_DET' and contains various input fields for property details, including 'New Property Type' (set to 'No'), 'Date of Completion', 'Title Deed Number', 'Description', 'Registration On Name Of', 'Building Name', 'Reg#', 'Builder Name', 'Registration Date', 'Project Name', 'Title Deed Issue Date', 'Wing Name', 'Title Deed Issue From', 'District/Area', 'Villa/Apartment Number', 'Area In Other Country', 'Building compound Name', 'Plot Number', 'Street Name', 'Lot Number', 'Post Box Number', 'Property Status', 'Emirate', 'Property Area', 'Area In Emirate', 'Property Usage', 'City', 'Property Area In', 'Country', and 'Mortgage Degree'. At the bottom, there are sections for 'Amount Details' (with a 'Currency' field) and 'Insurance Details' (with an 'Insurance Company' field). The window has 'Ok' and 'Exit' buttons at the bottom right.

Here you can capture the following details:

### **Account Number**

The account number is defaulted from the 'Account Details - Main' screen.

### **Asset Sequence Number**

The system generates a sequence number for the asset and displays it here.

### **Status**

The status of the asset is displayed here. The statuses available are 'Active' and 'Settled'. During account initiation the status will be 'Active'. Once the prepayment of the asset begins

the asset will be completely settled. Then the status will change to 'Settled'. An asset can only be completely settled. No partial payment is allowed.

## **Property Details**

### **Property Type New**

Select if the property is new or old. The options available are:

- Y - Yes
- N - No

### **Type of Property**

Select the type of property from the option list. The types of properties that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

### **Description**

Specify a description for the property.

### **Builder Name**

Specify the name of the builder of the property.

### **Project Name**

Specify the name of the project.

### **Building Name**

Specify the name of the building for which finance is taken.

### **Wing Name**

Specify the name of the wing in which the property is.

### **District/Area (Hoz Raqam)**

Select the district or area within the selected Emirate by clicking on the option list. The different districts within the Emirates that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

### **City**

Select the city where the property is by clicking on the option list. The different cities that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

### **Area in Another Country**

Select the area in another country where the property is by clicking on the option list. The different areas in another country that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

### **Plot Number**

Specify the plot number here.

### **Property Status**

Specify the status of the property financed.

### **Property Area**

Specify the area of the property.

### **Property Usage**

Specify the usage of the property here. For example: Primary, Secondary etc.

### **Date of Completion**

Specify the date of completion of the property construction.

**Title Deed Number**

Specify the title deed number. This has to be an alphanumeric value.

**Registered on Name**

Specify on whose name the property is registered.

**Title Deed Issued From**

Specify from where the title deed was issued.

**Registration Number**

Specify the registration number of the property here.

**Date**

Specify the date on which the property was registered.

**Title Deed Issue Date**

Specify the date on which the title deed was issued.

**Villa/Apartment Number**

Specify the number of the villa or the apartment.

**Building Compound Name**

Specify the name of the compound in which the building is located.

**Street Name**

Specify the name of the street in which the property is located.

**PO Box**

Specify the post office box number of the location where the property is located.

**Emirate**

Select the Emirate where the property is by clicking on the option list. The Emirates that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

**Area within Emirate**

Specify the area within the selected Emirate by clicking on the option list. The different areas with Emirate that you have maintained using the 'Limits Type Maintenance' screen will be listed here for selection.

**Country**

Specify the country where the property.

**Mortgage Degree**

Specify the degree of mortgage of the property.

**Lot Number**

Specify the lot number of the property.

**Vendor Details****Vendor Code**

Select the vendor code from the option list. All the vendor codes maintained using the 'Vendor Maintenance' screen, are listed for you to select.

**Vendor Name**

The vendor name corresponding to the vendor code selected is displayed here.

### **Amount Details**

#### **Currency**

Specify the currency of the account.

#### **Requested Amount**

Specify the amount requested for finance.

#### **Downpayment**

Specify the amount paid as down payment.

#### **Property Value**

Specify the value of the property here.

#### **Insurance Value**

Specify the amount for which the property is insured.

#### **Asset Finance Amount**

Specify the amount financed for the asset.

### **Insurance Details**

#### **Insurance Company**

Select the name of the company from which insurance coverage is taken for the property.

#### **Insurance Paid By**

Specify by whom the insurance for the property is paid.

#### **Premium Amount**

Specify the premium amount to be paid for the insurance.

#### **Insured Name**

Specify on whose name the insurance is taken.

#### **Insurance Expiry Date**

Specify the date on which the insurance expires.

### **Evaluator Details**

#### **Name**

Specify the name of the evaluator in this field.

#### **Value**

Specify the evaluation value in this field.

#### **Date**

Specify the date of evaluation in this field.

### **Balance Details**

#### **Outstanding Principal**

The outstanding principal on the finance contract for this property is displayed here.

#### **Outstanding Profit**

The outstanding profit on the finance contract for this property is displayed here.

#### **Vendor Type**

Select the vendor type from the drop-down list. The options available are:

- C - Contractor
- N - Consultant
- P - Project Manager

### Chosen By

Select by whom the property is chosen from the drop-down list. The options available are:

- B - Bank
- C - Customer

### Code

Select the vendor code from the options list available.

### Name

The name of the vendor is displayed here.

### Account Value

Specify the value of the account here.

### Date

Specify the date of the contract here.

### Construction Start Date

Specify the date on which the construction of the property started.

### Proposed Completion Date

Specify the proposed date of completion of the property.

## 2.9.13 Comments Tab

In this tab, you can specify comments, if any, related to the finance application.

The screenshot shows the 'New' form for 'Islamic Ijarah Loan Origination'. The 'Comments' tab is active. The form contains several input fields and dropdown menus for application details. At the bottom, there is a 'Comments' section with a table header: Serial No, Comments, Comment By, and Comment Date. The table is currently empty. The footer of the form includes a navigation bar with buttons for 'Previous Remarks', 'Remarks', 'Audit', 'Outcome', and 'Exit'.

You can specify the following details here:

### Sequence Number

The sequence number is automatically generated by the system.

### Comments

Specify comments, if any, to be associated with the finance application.

### Comment By

The system defaults the name of the commenter.

### Comment Date

Specify the date on which the comment was given or select the date by clicking the 'Calendar' icon.

## 2.9.14 Capturing Document Details

You can capture the customer related documents in central content management repository through the 'Documents' screen. Click 'Documents' button to invoke this screen.

The screenshot shows a web application window titled 'Documents'. It has a navigation bar with 'Main', 'Advices', and 'Checklist' tabs. Below the navigation bar is a 'Document Upload' section. This section includes a pagination control showing '1 Of 1' and a 'Go' button. Below the pagination is a table with the following columns: Document Category \*, Document Reference \*, Document Type \*, Handoff, Module, Key, and Remarks. The table is currently empty. At the bottom right of the window, there are 'Ok' and 'Exit' buttons.

Here, you need to specify the following details:

### Document Category

Specify the category of the document to be uploaded.

### Document Reference

The system generates and displays a unique identifier for the document.

### Document Type

Specify the type of document that is to be uploaded.

## Upload

Click 'Upload' button to open the 'Document Upload' sub-screen. The 'Document Upload' sub-screen is displayed below:

The screenshot shows a web application window titled "Documents". It has a navigation bar with "Main", "Advices", and "Checklist" tabs. Below the navigation bar, the main content area is titled "Document Upload". At the top of this area, there are navigation controls including arrows, "1 Of 1", and a "Go" button. Below these controls is a table with the following columns: "Document Category", "Document Reference", "Document Type", "Handoff", "Module", "Key", and "Remarks". The table is currently empty. At the bottom right of the window, there are "Ok" and "Exit" buttons.

In the 'Document Upload' sub-screen, specify the corresponding document path and click the 'Submit' button. Once the document is uploaded through the upload button, the system displays the document reference number.

## View

Click 'View' to view the document uploaded.

In 'Ijarah Lending' process, 'Document Upload' feature is not available in all the stages. Its availability in this process is given below:

Stage Title	Function Id	Doc Callform Exists	Upload(Available/Not Available)	View(Available/Not Available)
Application Entry	ORDIJAAE	Available	Available	Available
User Acceptance	ORDIJUSA	Not Available		

### 2.9.15 Customer Channel Button

You can capture the information of channels like Internet Banking, Interactive Voice Response, Mobile, ATM, and Credit Card at customer level. Click 'Customer Channels' button to specify the details relating to channels.

Banking Channels Subscription Details

Banking Channels Details

1 Of 1 Go

Specify the following details:

**Banking Channels**

Specify the banking channels code. Alternatively, you can select the list of channels from the option list. The list displays the channels maintained in the system.

**Banking Channel Name**

The system displays the name of the banking channel.

**Remarks**

Specify remarks for the banking channel subscription.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option.

The screenshot displays the Oracle 'Assigned-Task List' interface. The top navigation bar includes 'Home', 'Interactions', 'Customer', 'Workflow', 'Tasks', and 'Preferences'. The 'Tasks' menu is expanded, showing 'Assigned' as the selected option. The main content area is a table with the following columns: Workflow Reference, Transaction Reference, Title, Customer Name, Creation Date (From/To), Priority, Channel, Originated By, Status, and Comment. The table lists several tasks, including 'OpenSavingsAccount5975', 'RetailLending6015', 'RetailLending6018', 'IslamicIslsnaAccount6028', 'RetailLending6035', 'RetailLending6036', 'OpenSavingsAccount6045', 'OpenSavingsAccount6063', 'RetailLending6077', and 'RetailLending6112'. The left sidebar contains a navigation menu with 'Standard' selected, and a 'Quick View' section showing 'Assigned(11)' tasks.

All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The system displays the information message as "...xxx Acquire Successful"

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open '*Jarah* Application Verification' screen.

## 2.10 Application Verification Stage

The information captured in the previous stage is verified in the Application Verification stage. Application verification is carried out by the user role 'CMROLE'.

You can key-in the finance application details required in '*Jarah* Application Verification' screen.

The details related to the finance application entry are displayed in this screen, which can be verified by the verifier. The details cannot be modified in this stage, but comments can be added appropriately. On completion of this stage, the advices that are maintained for the stage are generated.

The verifier can either send the application back to the previous stage if the information provided is not adequate or can cancel it if the information captured is not satisfactory.

If the application details are verified successfully, the verifier can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The verifier can select 'REJECT' to return the process to previous stage for data correction or 'CANCEL' to terminate the process.

On successful verification a message, stating that the task is successfully completed, gets displayed.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The system displays the information message as "xxx Acquire Successful"

## 2.11 Application Management Verification Stage

The information captured in the previous stage is verified for the second time and for second level approval in the Application management Verification stage. Application verification is carried out by the user role 'CMROLE'.

You can key-in the finance application details required in 'Ijarah Application Management Verification' screen.

The screenshot shows the 'Islamic Ijarah Loan Origination' application management verification screen. The interface includes the following elements:

- Workflow Reference #** and **Priority** (Low) dropdown.
- Application Category \***, **Product Code \***, **Description**, **Application Branch \***, and **Application Date \*** fields.
- Promotion Code**, **Lead Id**, and **Enquiry ID** fields.
- Application Number \***, **User Reference \***, **Application Priority** (Low) dropdown, and **Application Status** (Application Entry) dropdown.
- Applicant Details** section with **Type** (Primary) dropdown, **Local Branch**, **Customer No**, and **Customer Name** fields.
- Main** | **Details** | **Financial** | **Requested** | **Limit** | **Collateral** | **Comments** tabs.
- Channel** and **Intermediary Group** fields.
- KYC Required** and **Auto Decision Required** checkboxes.
- External Credit Check Required** checkbox.
- Applicant Details** table with columns: Type, Existing, Spl Customer, Local Branch, Customer No, Default, Short Name, Customer Name, National Id, Responsibility, Liability.
- Documents** | **Multiple Asset** | **Customer Channel** | **Account Channel** | **Customer Dedupe** | **Finance Dedupe** | **Customer MIS** | **Customer Account MIS** | **Customer/Account Fields** tabs.
- Previous Remarks** and **Remarks** fields.
- Audit** button and **Outcome** dropdown.
- Exit** button.

The details related to the finance application entry are displayed in this screen, which can be verified by the verifier. The details cannot be modified in this stage, but comments can be added appropriately. On completion of this stage, the advices that are maintained for the stage are generated.

The verifier can either send the application back to the previous stage if the information provided is not adequate or can cancel it if the information captured is not satisfactory.

If the application details are verified successfully, the verifier can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The verifier can select 'REJECT' to return the process to previous stage for data correction or 'CANCEL' to terminate the process.

On successful verification a message, stating that the task is successfully completed, gets displayed.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side

of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The system displays the information message as "xxx Acquire Successful"

## 2.12 Internal Blacklist Check Stage

The information against Internal KYC and SDN checks are verified in Internal blacklist check stage.

Only users belonging to the 'CEROLE' (Compliance Executive) can perform this task. If you have requisite rights, acquire it from the list by clicking the 'Acquire' button adjoining the desired task. The following screen will be displayed.

The task will be moved to the 'Assigned' task list. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button. Go to the 'Acquired' task list and double-click on the record to invoke the following screen.

The screenshot shows the 'Islamic Ijarah Loan Origination' application form. The form is titled 'New' and contains various input fields for application details, applicant information, and KYC requirements. A table at the bottom shows a list of customers with columns for Type, Existing, Spl Customer, Local Branch, Customer No, Default, Short Name, Customer Name, National Id, Responsibility, and Liability. The table currently displays one row with a checkbox in the first column.

The system displays all the customers associated with the finance application with internal status displaying whether the customer information is available or not.

Click 'Review' button to view all customer information and perform KYC and SDN checks.

The screenshot shows a window titled "KYC Review". At the top, there are two input fields: "Application Number \*" and "Customer No \*". Below these is a section titled "KYC Review Details". On the left side, there are input fields for "Local Branch", "First Name", "Middle Name", "Last Name", "Date of Birth", "Country", and "Nationality". On the right side, there are dropdown menus for "KYC Internal Status", "KYC Internal Remarks", "KYC External Status", "KYC External Remarks", "SDN Status" (set to "No Match"), and "SDN Remarks" (set to "No Match"). A "Review" button is located below the "SDN Remarks" dropdown. At the bottom right of the window, there are "Ok" and "Exit" buttons.

The KYC Review Screen (STSKYCMN) and SDN Review Screens (ORSSDNMN) are displayed.

The screenshot shows a window titled "KYC Summary". At the top, there is a search bar with "Search", "Advanced Search", and "Reset" options. Below the search bar are several dropdown menus: "Authorization Status", "Record Status", "KYC Reference", "Full Name of Customer", "KYC Customer Type", and "Risk Level". Below the search filters, there is a pagination bar showing "Records per page: 15", "1 Of 1", and a "Go" button. Below the pagination bar is a table with the following columns: "Authorization Status", "Record Status", "KYC Reference", "Full Name of Customer", "KYC Customer Type", and "Risk Level". The table is currently empty. At the bottom right of the window, there is an "Exit" button.

Once reviewed the verifier provides the review status and remarks.

You can perform a check on the customer record based on the KYC Review and SDN Review screens and choose the internal KYC status and SDN status respectively based on the review. You need to query on the records using all or a combination of the following criteria:

- Customer Number
- First Name
- Last Name
- Date Of Birth
- Country
- Internal
- Internal Remarks
- External
- External Remarks
- SDN status
- Review

Click the 'Query' button to view all records that match the specified criteria.

If the customer details do not match any of the displayed records, select the action 'CLEARED' from the drop-down list adjoining the 'Audit' button. Click the 'Save' icon in the tool bar to save the record.

The system displays the information message as "The task is completed successfully. The Workflow Reference Number is ...xxx"

## 2.13 External Blacklist Check Stage

The information against external KYC and SDN checks are verified in external blacklist check stage.

Only users belonging to the 'CEROLE' (Compliance Executive) can perform this task. If you have requisite rights, acquire it from the list by clicking the 'Acquire' button adjoining the desired task. The following screen will be displayed.

The task will be moved to the 'Assigned' task list. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button. Go to the 'Acquired' task list and double-click on the record to invoke the following screen.

The screenshot shows the 'Islamic Ijarah Loan Origination' application form. The form is titled 'New' and contains various input fields for application details, applicant information, and KYC requirements. A table at the bottom shows a list of customers with columns for Type, Existing, Spl Customer, Local Branch, Customer No, Short Name, Customer Name, National Id, Responsibility, and Liability. The table currently displays one row with a 'Go' button next to it.

The system displays all the customers associated with the finance application with internal status displaying whether the customer information is available or not.

Click 'Review' button to view all customer information and perform KYC and SDN checks.

The screenshot shows the 'KYC Review' application form. The form is titled 'KYC Review' and contains input fields for Application Number and Customer No. Below these are sections for 'KYC Review Details' and 'KYC Internal/External Status' with dropdown menus for KYC Internal Status, KYC Internal Remarks, KYC External Status, KYC External Remarks, SDN Status, and SDN Remarks. A 'Review' button is located at the bottom right.

The KYC Review Screen (STSKYCMN) and SDN Review Screens (ORSSDNMN) are displayed.

Once reviewed the verifier provides the review status and remarks.

You can perform a check on the customer record based on the KYC Review and SDN Review screens and choose the external KYC status and SDN status respectively based on the review. You need to query on the records using all or a combination of the following criteria:

- Customer Number
- First Name
- Last Name
- Date Of Birth
- Country
- Internal
- Internal Remarks
- External
- External Remarks
- SDN status
- Review

Click the 'Query' button to view all records that match the specified criteria.

If the customer details do not match any of the displayed records, select the action 'CLEARED' from the drop-down list adjoining the 'Audit' button. Click the 'Save' icon in the tool bar to save the record. The system displays the information message as "The task is completed successfully. The Workflow Reference Number is ...xxx"

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open '*Jarah* Underwriting' screen.

## 2.14 Underwriting

In this stage, the bank assesses the eligibility of the borrower for the requested finance offer, based on the analysis of the borrower's financial ratios and credit scores. The bank also obtains credit details from external agencies and field investigation agencies. The tasks in underwriting stage are also carried out by the user role 'CMROLE'.

You can key-in the finance application details required in '*Jarah* Underwriting' screen.

After ascertaining the eligibility of the customer, the bank provides multiple finance offers for the borrower and uses one offer chosen by the customer to generate payment schedule and schedule details. The advices that are maintained for the stage are generated on completion of the stage.

In this stage, the bank also conducts vehicle evaluation based on the details that have been captured at the 'Application Entry' stage. This evaluation can be done with details from an external agency in the collateral tab.

This section contains the following topics:

- [Section 2.14.1, "Collateral Tab"](#)
- [Section 2.14.2, "Credit Score Tab"](#)
- [Section 2.14.3, "Bureau Tab"](#)
- [Section 2.14.4, "Credit Details"](#)

In this screen, capture the following details:

### Vehicle Details

You can modify the details of the vehicle which is to be evaluated in the fields listed below.

#### **Identification Number**

Enter the unique identification number associated with the vehicle.

#### **Year**

Specify the year of manufacture for the vehicle.

#### **Make**

Specify the make of the vehicle.

#### **Model**

Specify the vehicle model.

#### **Body**

Specify the vehicle body details.

#### **Usage**

Specify the mileage used by the vehicle till date.

You can retrieve vehicle details from an external agency either by specifying the identification number for the vehicle or all of the following fields:

- Year
- Make
- Model
- Body
- Usage

#### **Valuation Source**

Select the valuation source from the adjoining drop-down list. The options are:

- INTERNAL
- NONE

Select 'INTERNAL' if you wish the evaluation to be done by interfacing with an external agency.

#### **Status**

Select the status from the adjoining drop-down list. The options are:

- REQUIRED
- PENDING
- COMPLETED
- NOT REQUIRED
- NOT AVAILABLE

The evaluation will be done only if the valuation source is selected as 'INTERNAL' and the status is 'RECOMMENDED'. For any other combination of values for the two fields, the system will display an error message and will not proceed with the evaluation till the values are set as specified above.

After entering the required details, select 'VERIFY' as the Outcome and click 'Save'. If you have indicated that evaluation should be done you will not be allowed to select 'PROCEED' or 'CANCEL' as the Outcome till the verification has been successfully done.

The system will display a message stating that the task is successfully completed on saving the record.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The system displays the information message as "...xxx Acquire Successful"

Click 'Ok' to proceed to the next stage which will again be the underwriting stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open '*Ijarah* Finance Underwriting Stage' screen.

The system will invoke the external valuation agency for vehicle evaluation. You can view the details in the collateral tab. In the collateral tab, click the 'Evaluate' button. The system will check for the data within the FLEXCUBE database. If there are none for the corresponding

vehicle, it will try to obtain the details from the external agency and display them in the 'Vehicle Evaluator' screen.

In this screen, you can view the information available for the vehicle based on the information provided by you. If the information in this screen matches the details available in the system database for the same vehicle, the status is updated to 'COMPLETED' in the collateral tab. If it does not match, then the status is updated to 'NO DATA'.

Once the verification is completed, you can select the Outcome as 'PROCEED' and move to the next stage.

## 2.14.2 Credit Score Tab

The credit score tab is used to calculate the credit score details of the customer. You can also interface with external Credit engines and display recommendations and report. Internal Credit engine obtains information from customer and calculates credit score and displays system recommendation.

The screenshot shows a web application window titled "Islamic Ijarah Loan Origination". The main content area is labeled "New" and contains several input fields and dropdown menus. At the top, there are fields for "Workflow Reference #", "Priority" (set to "Low"), "Application Category", "Product Code", "Description", "Application Branch", and "Application Date". To the right, there are fields for "Promotion Code", "Lead Id", "Enquiry ID", "Application Number", "User Reference", "Application Priority" (set to "Low"), and "Application Status" (set to "Application Entry"). Below these is the "Applicant Details" section with fields for "Type" (set to "Primary"), "Local Branch", "Customer No", and "Customer Name". A navigation bar includes tabs for "Main", "Details", "Financial", "Requested", "Limit", "Collateral", "Credit Score" (which is active), "Bureau", "Ratio", "Financing", "Component", "Charge", "Investigation", "Comments", and "Asset Details". The "Internal Credit Rating" section features a table with columns "Category", "Question", and "Answer". To the right of the table are fields for "Rule Id", "Grade", and "Score", along with a "Calculate" button. At the bottom, there is a "Remarks" section with "Previous Remarks" and "Remarks" fields, an "Audit" button, and an "Outcome" dropdown menu. An "Exit" button is located in the bottom right corner.

The set of questions used to assess the credit rating of a prospective finance customer, associated Rule Id are displayed in this screen.

System defaults the Category and Question as maintained in the Rule.

You can select the Answer from the option list.

You can specify the following details here:

Click 'Calculate' button to calculate the credit score and the grade, based on the formula maintained for calculating the credit score. The 'Grade' and the 'Score' are displayed based on this calculation.

## 2.14.3 Bureau Tab

You can interface with external credit bureaus and view report obtained from them in 'Bureau' tab. Based on the reports that are obtained from the external bureaus, the underwriter determines whether to approve the finance to the customer or not.

The screenshot displays the 'Islamic Ijarah Loan Origination' application form. The 'Bureau' tab is selected in the navigation menu. The form includes sections for 'Applicant Details' and 'External Credit Rating'. The 'External Credit Rating' section shows a table with one entry for Request ID 1, with fields for External Agency, Score, Recommended Status (set to 'Not Recommended'), and Remarks. The bottom of the screen shows a navigation bar with various menu items and an 'Exit' button.

In the application entry stage, if the external credit required flag is checked, the bureau report gets generated in the underwriting stage.

If the credit bureau is not checked in the application entry stage, the underwriter can verify it in the underwriting stage by giving status as Required and Outcome as Verify. On giving the outcome as verify the credit bureau verification happens and the application moves to underwriting stage again.

The credit agencies and the bureaus maintained for the Application Category are displayed in this screen: You can capture the remarks and recommendations from these agencies in this tab. You can also view the credit report obtained from the agencies and bureaus.

## 2.14.4 Credit Details

### Customer Id

The identification of the finance customer gets displayed here.

### Bureau

The credit bureau maintained for the Application Category in 'Application Category Maintenance' gets displayed here.

### Status

Select the status for the credit bureau check from the following options in the drop-down list:

- Completed
- Pending

### Remarks

Specify remarks, if any, associated with the finance application.

## 2.14.5 External Credit Rating

### External Agency

Specify the external agency that you want to use for the evaluation,. If you do not specify a value here, the system will display an error message.

### **Recommended**

Select the recommendation of the credit agency for the finance requested from the following options provided in the drop-down list:

- Recommended
- Not Recommended

### **Remarks**

Specify remarks, if any, associated with the finance application.

### **Status**

The following statuses are available:

- Required
- Pending
- Completed
- Not Required
- Not Available

The evaluation will be done only if the external agency has been specified and the 'Recommended' field has the value 'Recommended' status is 'RECOMMENDED'. For any other combination of values for the two fields, the system will display an error message and will not proceed with the evaluation till the values are set as specified above.

After entering the required details, select 'VERIFY' as the Outcome and click 'Save'. If you have indicated that evaluation should be done you will not be allowed to select 'PROCEED' or 'CANCEL' as the Outcome till the verification has been successfully done.

The system will display a message stating that the task is successfully completed on saving the record.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task which will be the underwriting stage again.

The system displays the information message as "...xxx Acquire Successful"

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open '*Jarah* Underwriting' screen.

The system will invoke the external valuation agency for credit evaluation. You can view the details in the bureau tab. This includes the score assigned by the agency for the customer.

In this screen, you can view the information available for the customer by clicking the 'Report' button under the field 'Status' in the External Credit Rating section. If the information is available, the status is updated to 'COMPLETED' in the collateral tab. If it does not match, then the status is updated to 'NO DATA'.

Once the verification is completed, you can select the Outcome as 'PROCEED' and move to the next stage.

You can click 'Report' button adjacent to credit rating record or credit bureau record to view the report obtained from the credit rating agency or the credit bureau.

The following reports can be viewed:

### Summary1

## Credit Score Details

The screenshot shows a window titled "Credit Bureau Report" with a blue header. Below the header, there are several input fields and sections:

- Application Number \*** and **Requested Id \*** (text input fields)
- Customer No \*** and **Bureau Code \*** (text input fields)
- Report Header** section containing:
  - Bureau (text input)
  - First Name (text input)
  - Middle Name (text input)
  - Last Name (text input)
  - Birth Date (text input)
  - Credit Report Id (text input)
  - Report Date (text input)
  - Unique Id (text input)
  - On File Date (text input)
  - Best Match (checkbox)
- A navigation bar with tabs: Summary 1, Summary 2, Trade Lines, Public Records, Collections, Fraud Messages, Inquiries, Also Known As, Consumer Statement, and **Credit Scores** (selected).
- Credit Scores** section containing:
  - Score Model (text input)
  - Score (text input)
  - Score Factor (text input)
- At the bottom right, there are **Ok** and **Exit** buttons.

### 2.14.5.1 Capturing Loan MIS Details

You can capture the Finance MIS details by clicking 'Finance MIS' button in 'Ijarah Finance Underwriting' screen.

The 'Finance MIS' screen gets displayed where you can capture the details

The screenshot shows a window titled "Loan MIS" with a blue header. Below the header, there are several input fields and sections:

- Application Number \*** (text input)
- Loan Account Number \*** (text input)
- Product \*** (text input)
- Loan Branch \*** (text input)
- Financing Currency \*** (text input)
- Input** section containing:

  - Radio buttons for **Pool Code** and **Contract Level**
  - Interest Method** (dropdown menu)
  - Reference Rate** (text input)
  - Pool Code** (text input)
- At the bottom, there are **Transaction MIS** and **Composite MIS** buttons.

### 2.14.5.2 Capturing Loan UDF Details

You can capture the Finance UDF details by clicking 'Finance Fields' button in 'Ijarah Finance Underwriting' screen.

The 'Finance UDF' screen gets displayed where you can capture the details.

The screenshot shows a form with the following fields:

- Application Number \*
- Product Code
- Loan Account \*
- Loan Account Branch \*

Below these are two tables:

**Character Fields**

Field Name	Value	Description

**Number Fields**

Field Name	Value	Description

## 2.14.6 Ratios Tab

In the 'Ratios' tab, the system calculates the stated and actual income/debt ratios and also calculates the ratio based on 'What if payment amount'.

The screenshot shows the 'Ratios' tab in the 'Islamic Ijarah Loan Origination' application. It includes the following sections:

- Applicant Details:** Type (Primary), Local Branch, Customer No, Customer Name.
- Financial Ratios:**
  - Stated:** Monthly Income, Monthly Debt.
  - Actual:** Monthly Income, Monthly Debt.
  - What if Payment Amt:** Input field with a 'Calculate' button.
  - Assets:** Input field.
  - Liabilities (-):** Input field.
  - Net Worth:** Input field.
- Navigation Menu:** Main | Details | Financial | Requested | Limit | Collateral | Credit Score | Bureau | **Ratio** | Financing | Component | Charge | Investigation | Comments | Asset Details.
- Footer:** Previous Remarks, Remarks, Audit, Outcome, Exit.

The stated income and debt of the customer are displayed here You can capture the following additional details here.

### Actual

#### Monthly Income

Specify the actual monthly income of the customer based on documentary proof provided.

## Monthly Debt

Specify the actual monthly debt of the customer based on documentary proof provided.

Click 'Calculate Ratios' button to calculate the asset/ liability ratios for the customer.

## What if Pmt Amt

Specify the EMI amount that the customer is ready to pay.

Click 'Update Ratio' button to update the asset/ liability ratios for the customer, taking into account the EMI payments also.

The ratios for Installment, Finance To Value and Disposable Income are calculated for the following conditions:

- Stated Before
- Stated After
- Actual Before
- Actual After

## 2.14.7 Financing Tab

In the 'Financing' tab, the system displays the list of the multiple finance offers that are attached to the application category specified. If you have selected an 'Enquiry ID' for the customer, then the finance details that have been stored for the corresponding finance proposal are displayed here. You can modify these details, if required.

The screenshot displays the Oracle Islamic Ijarah Loan Origination application interface. The window title is "Islamic Ijarah Loan Origination". The main form is titled "New" and contains several input fields and dropdown menus. The fields include: Workflow Reference #, Priority (Low), Application Category\*, Product Code\*, Description, Application Branch\*, Application Date\*, Promotion Code, Lead Id, Enquiry ID (with a Default button), Application Number\*, User Reference\*, Application Priority (Low), and Application Status (Application Entry). Below these fields is the "Applicant Details" section with Type (Primary), Local Branch, Customer No, and Customer Name. A navigation bar includes tabs for Main, Details, Financial, Requested, Limit, Collateral, Credit Score, Bureau, Ratio (highlighted in blue), Component, Charge, Investigation, Comments, and Asset Details. The "Pricing" section has a Pricing ID field and an Apply button. The "Multiple Offers" section shows a table with columns: Offer Id\*, No of Installments, Frequency, Unit, Rate, Rate Code, Check, and Apply. The table is currently empty. At the bottom, there are sections for "Documents" (Multiple Asset, Customer Channel, Account Channel, KYC Review, Customer Dedupe, Finance Dedupe, Customer MIS, Customer Account MIS, Customer/Account Fields, Vehicle Evaluator) and "Bureau Report" (Finance MIS, Finance Fields, SWIFT Message Details). The footer includes "Previous Remarks", "Remarks", an "Audit" button, "Outcome" (dropdown), and an "Exit" button.

Specify the following details:

## **Pricing ID**

Based on the formula maintained in 'Pricing Maintenance' screen, the system automatically applies a price ID to the application. However, you can apply a different price ID that matches the application. You can select a different price ID from the option list.

If you change a price ID selected by the system and reapply a different price ID, the system changes the score of the pricing rule. The score determines the price ID to be automatically applied.

Click 'Apply' button to apply the selected price ID to the finance. The details related to the finance offer like the number of installments, finance branch, frequency, unit, profit rate etc. are displayed here. Select the required offer by clicking the 'Check' option and click then click the 'Apply' button to apply the selected finance offer. The details corresponding to the selected finance offer are displayed in 'Finance Details' section. You can modify these details, if required, and click 'Apply' button to calculate the schedule details.

The offers maintained at the category level is displayed in the multiple offers block. The system compares the number of installments, frequencies and unit with the value in the requested tab at application entry stage. The rate in the offers block is compared with rate maintained in the pricing ID. The system applies that offer which matches with the mentioned criteria in the offer block. If the offer fails to match then a new row is added which will take its value from the pricing ID.

## **Down Payment**

The system displays the calculated Down Payment amount from the entry stage. If the value is not given in the entry stage then the Down Payment Amount gets calculated based on the Down Payment %.

## **Down Payment %**

The system captures the Down Payment percentage value. This value should not be a negative value. However, you can modify it.

## **Property Handover**

Check this box to indicate whether the handover period is allowed or not.

## **Effective Date**

The system captures the effective date of user defined elements. However, you can modify it in the underwriting stage.

## **User Defined Element Values**

The system supports multiple User Defined Elements here based on the effective dates maintained.

### **UDE Id**

Select the User Defined Element Id from the adjoining option list.

### **Value**

Specify the UDE value.

### **Rate Code**

Select the rate code for UDE from the adjoining option list.

### **Code Usage**

Select the code usage from the adjoining drop down list.

### **Resolved Value**

The system defaults the system revised UDE value.

## Intermediary

System displays the intermediary details including the compensation percentage for each Intermediary, based on the Inetrmediary group maintained in Application Entry stage.However, you can modify it.

The payment schedules are derived based on the offer selected.

---

### Note

You can select only one finance offer in this screen.

---

The payment schedules are derived based on the offer selected.

---

### Note

You can select only one finance offer in this screen.

---

## 2.14.8 Component Tab

In 'Component' tab, the system calculates and displays the payment schedules and the schedule details based on the finance offer selected. If you have selected an 'Enquiry ID' for the customer, then the schedule details that have been stored for the corresponding finance proposal are displayed here. You can modify them, if required.

The screenshot displays the Oracle Islamic Ijarah Loan Origination system interface. The 'Component' tab is active, showing various application and applicant details. The 'Component' section includes fields for Component Name, Component Currency, and Liquidation Mode, along with checkboxes for Main Component, Capitalized, Waive, and Verify Funds. Below this is a 'Schedules' table with columns for Schedule Type, Schedule Flag, Formula, First Due Date, No of Schedules, Frequency, Units, Schedule Start Date, End Date, Amount, EMI Amount, and Capitali. The bottom of the screen features buttons for Previous Remarks, Remarks, Audit, Outcome, and Exit.

The following details related to the schedule are displayed here:

- Component name
- Schedule type
- First due date

- Number
- Frequency
- Units
- Amount

For each component of the components listed, the system calculates and displays the details like the Due Date, Amount Due, EMI Amount and Amortized Principal.

## 2.14.9 Charges Tab

In 'Charges' tab, the system calculates and displays charges, if any applicable.

The system calculates and displays the charge details associated with the finance. The following details are displayed:

- Component Name
- Event Code
- Associated currency
- Amount

### Waive

Check this box to waive the charges associated with the finance.

## 2.14.10 Investigation Tab

In this tab, the system captures the field investigation details associated with the customer.

You can capture the following details:

**Comments**

Specify comments, if any, to be associated with the finance application.

**Comment By**

The system defaults the name of the commenter.

**Comment Date**

Specify the date on which the comment was given or select the date by clicking the 'Calendar' icon.

If the underwriting stage is successfully completed, the underwriter can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The underwriter can select 'REJECT' to return the process to previous stage for data correction or 'CANCEL' to terminate the process.

On successful completion a message, stating that the task is successfully completed, gets displayed.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The following message gets displayed on successful acquisition of the task.

The system displays the information message as "...xxx Acquire Successful"

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open '*Jarah* Approval' screen.

## **2.15 Finance Approval Stage**

In the Finance Approval stage, the approver verifies the finance application, analyzes the applicant's financial status, credit rating and field investigation reports and based on the credit worthiness of the customer approves the finance offered to the customer.

You can key-in the finance application details required in '*Jarah* Application Approval' screen

Users belonging to user role 'CMROLE' are authorized to perform these tasks.

The approver can send the application back to the previous stage if the information provided is not adequate or choose to cancel it if the information captured is not satisfactory.

If the application details are verified successfully, the approver can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The approver can select 'RETURN' to return the process to previous stage for data correction or 'CANCEL' to terminate the process.

On successful completion, a message stating that the task is successfully completed gets displayed.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The system displays the information message as "...xxx Acquire Successful"

Click 'OK' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open 'Islamic Ijarah Finance Document Verification' screen.

If you have checked the option 'Auto Decision Required' during Application Entry stage, the based on the applicant credit score – auto decision mapping maintained in 'Auto Decision' screen, the system decides whether to approve the finance or not. The system makes one of the following decisions in that case:

- Auto Approved

- Recommend Approval
- Recommend Reject
- Auto Rejected

If the auto decision made by the system is 'Auto Approval', you can skip the finance approval stage.

If the auto decision made by the system is 'Recommend Approval' or 'Recommend Reject', you need to manually verify and confirm the decision at this stage.

If the auto decision made by the system is 'Auto-Reject' then the application moves back to the application entry stage.

If any price group is associated with the application category, then the system will apply auto pricing after proceeding the Application Entry stage by considering the default 'Price ID' linked to the pricing group. Further, based on the selected finance offer, the finance is applied and schedules are defaulted. However, at underwriting stage, the underwriter may proceed or re-apply the finance by selecting a different finance offer.

Any advices maintained for this stage are generated after the completion of the stage.

## **2.16 Document Verification Stage**

In the Document Verification stage, the documents captured in the previous stages are verified. It is ensured that all documents in the checklist maintained are obtained from the customer. In this stage, the application and applicant information captured as part of the previous stages undergoes a final verification.

Users belonging to user role 'CMROLE' are authorized to perform these tasks.

You can key-in the Finance application details required in 'Ijarah Document Verification' screen.

The verifier can choose to send the application back to the previous stage if the information provided is not adequate or choose to cancel it if the information captured is not satisfactory.

If the applicant, application and document details are verified successfully, the verifier can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The verifier can select 'RETURN' to return the process to underwriting stage for data correction or 'CANCEL' to terminate the process.

On successful completion, a message stating that the task is successfully completed gets displayed. The customer, customer account, collateral etc. are created in the system on completion of the Document verification stage.

## 2.17 Message Generation

In this stage generation of offer letter and sending the contractual agreements takes place.

## 2.18 Finance Applications Details Upload

In this final stage, the finance and collateral are created. Customer is also created if the applicant is a new customer. Customer account is also created if information is captured for the same.

## 2.19 User Acceptance Stage

The system creates a Customer / Finance / Collateral / Facility / Account in Oracle FLEXCUBE with details captured from previous stages. A user in manager level role handles this stage.

In this stage based on the outcome of the previous stage, the sale confirmation of *Ijarah* origination in the next stage.

Manual disbursement is done for the accounts created with a manual disbursement product. For accounts created with auto disbursement products, disbursement occurs on save of document verification stage.

The system creates a task 'Manual Liquidation' in the 'Reject' task list.

Branch	Module	Work Id	Work Title	Customer No	Tax Amt	Tax Currency	Base Amt	Product	Assigned Date	Actions
QRO	IslamicMurabahAccounts	5002	Manual Liquidation						Fri Jul 25 11:10:37 GMT+05:30 2008	Acquire

## 2.20 Disbursement of *Ijarah* Stage

In this stage based on the outcome of the previous stage, the disbursement of *Ijarah* for the underlying asset or moving the asset to inventory is decided.

If sale is confirmed, the system will trigger the disbursement of *Ijarah* based on the value date.

If the sale is rejected, the system will display the asset detail capture detail.

## 2.21 Manual Liquidation Stage

Manual Liquidation is possible only if disbursement is done.

The screenshot displays the 'Manual Liquidation' application window. The window title is 'Manual Liquidation' and it shows a 'New' record form. The form includes the following fields and controls:

- Workflow Reference # (text box)
- Priority (dropdown menu, set to 'Low')
- Application Number (text box)
- Application Date (text box)
- Status (dropdown menu, set to 'Manual Liquidation')
- Application Priority (dropdown menu, set to 'Low')
- Account \* (text box)
- Customer Id (text box)
- Product (text box)
- Product Description (text box)
- Branch Code \* (text box)
- Event Sequence Number \* (text box)

Below the main form, there are three tabs: 'Payment Details', 'Penalty Rates', and 'Check List'. The 'Payment Details' tab is active and shows:

- Value Date (text box)
- Execution Date (text box)
- Limit Date (text box)
- Main Interest Rate (text box)
- Buttons: 'Installment(s)', 'Populate Due', and 'Allocate'

To the right of the 'Payment Details' section is a 'Mudarabah' section with the following fields:

- Gross Profit (text box)
- Excess Profit (text box)
- Customer Incentive (text box)
- Bank Profit (text box)

Below the tabs is a table with the following columns: Reversed, Payment Mode, Settlement Currency, Settlement Amount, Financing Currency Equivalent, Original Exchange Rate, Exchange Rate, Settlement Component, Settlement Branch, and Settlement. The table is currently empty.

At the bottom of the window, there are the following fields and controls:

- Previous Remarks (text box)
- Remarks (text box)
- Audit (button)
- Outcome (dropdown menu)
- Exit (button)

If everything is found acceptable, select the action 'PROCEED' in the textbox adjoining the 'Audit' button in this screen and the process is completed. Otherwise the process displays the following screen.

---

### Note

This screen is identical to the 'CI Payment Detailed' screen of Oracle FLEXCUBE. Refer the chapter titled 'Operations' in the Islamic Financing User Manual for further details about the other fields in the screen.

---

## 2.22 Asset Capture Stage

During Asset Capture stage, the asset is moved to the inventory of the bank. You will be navigated to the Asset Capture stage only if the outcome of Manual Liquidation is 'PROCEED'. Business validations are not done as part of this stage.

The screenshot shows the Oracle LBL\_ORDTMPRO 'New' form for the Asset Capture stage. The form is divided into several sections:

- Header:** Title 'LBL\_ORDTMPRO' and 'New'.
- General Information:** Workflow Reference #, Application Number, Branch, Product Code, Product Description, Application Date, Contract Reference, User Reference, Source Reference, Priority (Low), Status (Asset Capture), Application Priority (Low), Version Number (Of).
- Asset Details:** Category, Location, Location Description, Fund Id, Vendor Code, Asset Currency, Asset Cost, Asset Description, Status, Book Date.
- Useful Life:** Useful Life, Year, Months.
- Financials:** Acquired Depreciation, Residual Value, Original Reference, Capitalization date, Effective Depreciation date.
- Footer:** Asset Details | Ad hoc Schedule | Linkage Details | Settlements | Advices | Charges | MIS | Fields. Previous Remarks, Remarks, Audit, Outcome, Exit.

This stage is applicable only to a finance created with products that have a fixed asset product linked to it.

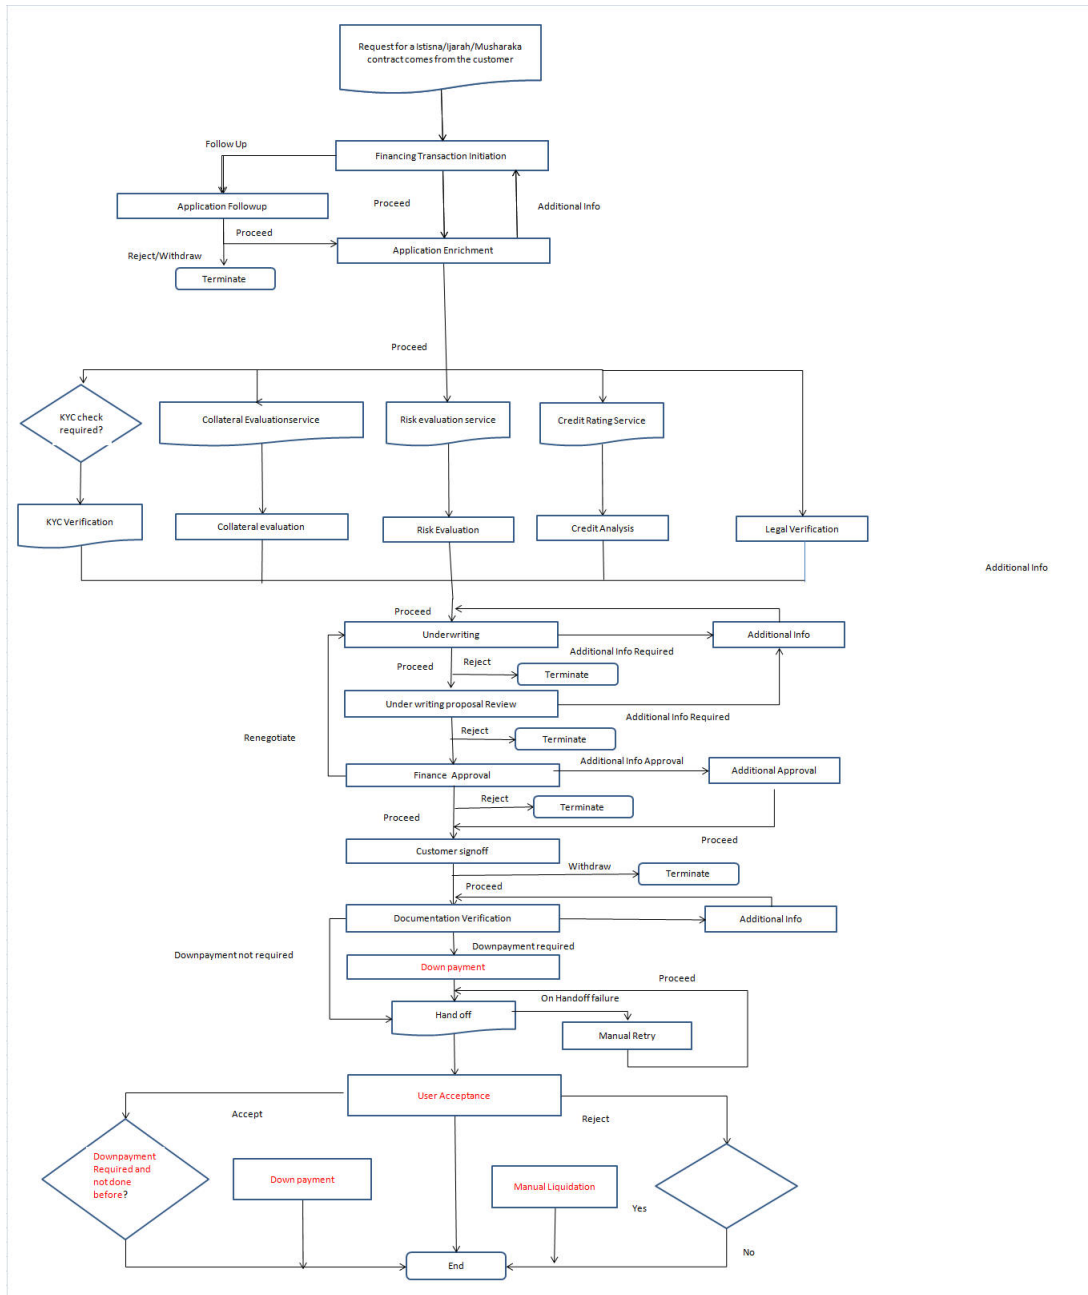

If there is no fixed asset product linked to the finance product, then the application does not move to this stage.

## 2.23 Stages in Ijarah Finance Origination using Oracle BPMN Framework

Ijarah process flow uses Oracle BPMN framework also with multiple human tasks for workflow stages. The capture and enrichment of information in multiple steps can be dynamically assigned to different user roles, so that multiple users can take part in the transaction. Oracle Business rules are used for dynamic creation of multiple approval stages.

### 2.23.1 Process Flow Diagram

The process flow diagram given below illustrates the activities carried out during various stages of Retail Islamic Financing using BPMN framework.

### 2.23.2 Process Matrix

The process matrix given below lists out the different stages, condition to move to next stage, target stage and remarks for each condition.

<b>S. No</b>	<b>Source stage</b>	<b>Rules / Conditions for the flow Movement</b>	<b>Target stage</b>	<b>Remarks</b>
1	Financing transaction initiation	outcome = "PRO-CEED"	Application Enrichment	Instance is moved to 'Application Enrichment' stage, when the user selects the outcome "PRO-CEED" and saves the task.
		outcome = "FOLLOW UP"	Application Follow up	Instance is moved to 'Application Follow up' stage, when the user selects the outcome "FOLLOW UP" and saves the task.
2	Application Follow up	outcome = "PRO-CEED"	Application Enrichment	Instance is moved to 'Application Enrichment' stage, when the user selects the outcome "PRO-CEED" and saves the task.
		outcome = "REJECT"	Terminate	Instance will be terminated when the user selects the outcome "REJECT" and saves the task.

3	Application Enrichment	outcome = "PROCEED" and if Risk evaluation is required	Risk evaluation	Instance is moved to 'Risk evaluation' stage, when the user selects the outcome "PROCEED" and saves the task.
		outcome = "PROCEED" and if Legal Verification is required	Legal Verification	Instance is moved to 'Legal Verification' stage, when the user selects the outcome "PROCEED" and saves the task.
		outcome = "PROCEED" and if KYC verification is required	Invoke KYC Verification service call	KYC verification service call will be invoked when the user selects the outcome "PROCEED" and saves the task.
		outcome = "PROCEED" and if Collateral evaluation is required	Invoke Collateral evaluation service call	Invoke the Collateral evaluation service call and move to collateral evaluation stage, when the user selects the outcome "PROCEED" and saves the task.
		outcome = "PROCEED" and if Risk evaluation, collateral evaluation, KYC verification and Legal Verification are not required	Underwriting Proposal preparation	Instance is moved to 'Underwriting Proposal preparation' stage, when the user selects the outcome "PROCEED" and saves the task.
		outcome = "RETURN"	Financing transaction initiation	Instance is moved to 'Financing transaction initiation' stage, when the user selects the outcome "RETURN" and saves the task.

4	Risk Evaluation	outcome = "PRO-CEED"	Underwriting proposal preparation	Instance is moved to 'Underwriting proposal preparation' stage, when the user selects the outcome "PROCEED" and saves the task.
5	Legal Verification	outcome = "PRO-CEED"	Underwriting proposal preparation	Instance is moved to 'Underwriting proposal preparation' stage, when the user selects the outcome "PROCEED" and saves the task.
6	Credit analysis	outcome = "PRO-CEED"	Underwriting proposal preparation	Instance is moved to 'Underwriting proposal preparation' stage, when the user selects the outcome "PROCEED" and saves the task.
7	Collateral Evaluation	outcome = "PRO-CEED"	Underwriting proposal preparation	Instance is moved to 'Underwriting proposal preparation' stage, when the user selects the outcome "PROCEED" and saves the task.

8	Underwriting proposal preparation	outcome = "PRO-CEED"	Underwriting proposal Review	Instance is moved to 'Underwriting proposal Review' stage, when the user selects the outcome "PRO-CEED" and saves the task.
		outcome = "ADDITIONAL INFO"	Application Modification	Instance is moved to 'Application Modification' stage, when the user selects the outcome "ADDITIONAL INFO" and saves the task.
		outcome = "REJECT"	Terminate	Instance will be terminated when the user selects the outcome "REJECT" and saves the task.
9	Application Modification	outcome = "PRO-CEED"	Underwriting Proposal Review	Instance is moved to 'Underwriting proposal Review' stage, when the user selects the outcome "PRO-CEED" and saves the task.

10	Underwriting proposal Review	outcome = "PRO-CEED"	Sanction Approval	Instance is moved to 'Sanction Approval' stage, when the user selects the outcome "PRO-CEED" and saves the task.
		outcome = "RETURN"	Underwriting proposal Preparation	Instance is moved to 'Underwriting Proposal preparation' stage, when the user selects the outcome "RETURN" and saves the task.
		outcome = "ADDITIONAL INFO"	Application Modification	Instance is moved to 'Application Modification' stage, when the user selects the outcome "ADDITIONAL INFO" and saves the task.
11	Finance Approval	outcome = "PRO-CEED"	Sanction Letter Customer Signoff	Instance is moved to 'Sanction Letter Customer Signoff' stage, when the user selects the outcome "PRO-CEED" and saves the task.
		outcome = "ADDITIONAL_APPROV"	Finance Additional Approval	Instance is moved to 'Finance Additional Approval' stage, when the user selects the outcome "ADDITIONAL_APPROV" and saves the task.
		outcome = "RETURN"	Underwriting Proposal Preparation	Instance is moved to 'Underwriting proposal Preparation' stage, when the user selects the outcome "RETURN" and saves the task.

12	Finance Additional Approval	outcome = "PRO-CEED"	Sanction Letter Customer Signoff	Instance is moved to 'Sanction Letter Customer Signoff' stage, when the user selects the outcome "PRO-CEED" and saves the task.
		outcome = "WITH-DRAW"	Terminate	Instance will be terminated when the user selects the outcome "REJECT" and saves the task.
		outcome = "RETURN"	Underwriting Proposal Preparation	Instance is moved to 'Underwriting proposal Preparation' stage, when the user selects the outcome "RETURN" and saves the task.
	Sanction Letter Customer Signoff	outcome = "PRO-CEED"	Documentations and TC verification	Instance is moved to 'Documentations and TC verification' stage, when the user selects the outcome "PRO-CEED" and saves the task.
		outcome = "WITH-DRAW"	Terminate	Instance will be terminated when the user selects the outcome "REJECT" and saves the task.
		outcome = "RENEGOTIATE"	Underwriting Proposal Preparation	Instance is moved to 'Underwriting Proposal Preparation' stage, when the user selects the outcome "RENEGOTIATE" and saves the task.

13	Documentations and TC verification	outcome = "PROCEED"	Down payment	Instance is moved to 'Down payment' stage, when the user selects the outcome "PROCEED" and saves the task.
		outcome = "ADDITIONAL_INFO"	Underwriting Proposal preparation	Instance is moved to Documentation additional Info' stage, when the user selects the outcome "ADDITIONAL_INFO" and saves the task.
14	Documentation Additional Info	outcome = "PROCEED"	Documentation & TC verification	Instance is moved to 'Documentations and TC verification' stage, when the user selects the outcome "PROCEED" and saves the task.
15	Down payment	outcome = "PROCEED"	Hand-off	Details will be hand off to CI core when the user selects the outcome "PROCEED" and saves the task.

16	Hand-off	outcome = "ACCEPT" and Down payment Required and not done before is 'YES'	Down Payment	Instance is moved to 'Down Payment' stage, when the user selects the outcome "ACCEPT" and saves the task.
		outcome = "REJECT" and Disbursed is 'YES'	Manual Liquidation	Instance is moved to 'Manual Liquidation' stage, when the user selects the outcome "REJECT" and saves the task.
		outcome = "ACCEPT" and Down payment Required and not done before is 'NO'	END	Task will be changed to completed status and it will not be available for further movement
		outcome = "REJECT" and Disbursed is 'NO'	END	Task will be changed to completed status and it will not be available for further movement
		outcome = "ACCEPT" and Down payment Required and not done before is 'YES'	Down Payment	Instance is moved to 'Down Payment' stage, when the user selects the outcome "ACCEPT" and saves the task.
17	Manual Retry	outcome = "PROCEED"	Hand-off	Details will be hand off to CI core when the user selects the outcome "PROCEED" and saves the task.

19	User Acceptance	outcome = "ACCEPT" and Down payment Required and not done before is 'YES'	Down Payment	Instance is moved to 'Down Payment' stage, when the user selects the outcome "ACCEPT" and saves the task.
		outcome = "REJECT" and Disbursed is 'YES'	Manual Liquidation	Instance is moved to 'Manual Liquidation' stage, when the user selects the outcome "REJECT" and saves the task.
		outcome = "ACCEPT" and Down payment Required and not done before is 'NO'	END	Task will be changed to completed status and it will not be available for further movement
		outcome = "REJECT" and Disbursed is 'NO'	END	Task will be changed to completed status and it will not be available for further movement
20	Down Payment	outcome = "PROCEED"	END	Task will be changed to completed status and it will not be available for further movement
21	Manual Liquidation	outcome = "PROCEED"	END	Task will be changed to completed status and it will not be available for further movement

### 2.23.3 Stages

The following are the stages and their function IDs for BPMN process flow for retail loan Ijarah creation (IJRN).

S.No.	Stage	Function ID	Stage Description
1	Financing Transaction Initiation	ORDRIJIN	In the transaction initiation stage you can capture the customer details like Finance Amount, Maturity Date, Tenor, Credit/debit Account for Payment etc. The documents collected from the customer will be scanned and uploaded along with the application in this stage.
2	Application Follow up	ORDRIJFU	In this stage, you can follow up with the customer if the required documents are not received during transaction initiation stage.
3	Application Enrichment	ORDRIJEN	All the information filled in the application will be verified and missing details will be captured in this stage.
4	Credit Rating Service	NA	NA
5	KYC Review Service	NA	NA
6	Collateral Evaluation Service	NA	NA
7	Risk Evaluation Service	NA	NA
8	Underwriting Pre-Qualification	ORDRIJUP	In this stage, the Credit Admin retrieves the documents and reviews it. Financial statements are put in a standard template and basic analysis is done including bank policy Islamic financing norms compliance checks.
9	Underwriting Pre-Qualification Approval	ORDRIJQA	At this stage, underwriter reviews the basic analysis done by the credit along with the application and supporting documents. Underwriter will decide whether to proceed with the deal or not based on the given information. The system allows modification of initial credit analysis done.

<b>S.No.</b>	<b>Stage</b>	<b>Function ID</b>	<b>Stage Description</b>
10	Risk Evaluation	ORDRIJRK	In this stage, loan application will be evaluated on various risk parameters like external credit rating, scoring etc.
11	Credit Analysis	ORDRIJCA	In this stage, loan application will be evaluated on various credit parameters
12	Legal Opinion	ORDRIJLG	All the legal and regulatory compliance checks will be performed in this stage.
13	Collateral Evaluation	ORDRIJCE	All the collaterals attached with the application will be evaluated in this stage.
14	Underwriting Proposal Preparation	ORDRIJPP	In this stage, the application will be decided to be supported or not based on initial credit write up.
15	Application Modification	ORDRIJMD	In this stage, Account manager collects the details from customer as per the underwriter review points and forward the application for further processing
16	Underwriting Proposal Review	ORDRIJUR	Underwriter prepares the credit recommendation summary including details like pricing.
17	Finance Approval	ORDCIJSA	Credit admin will decide whether to approve the loan or not.
18	Finance Additional Approval	ORDCIJAA	Application will go for additional approval to credit admin
19	Customer Sign-off Notification Service	NA	NA
20	Customer Sign-off	ORDRIJCS	Document support team will send the sanction letter to the borrower and receive sign off.
21	Documentations and TC verification.	ORDRIJDV	Documentation team checks the documents which are essential for processing and also checks the TC and confirm the details
22	Documentation Follow up	ORDRIJDF	Stage to collect the missed documents from customer. Documentation team contacts the customer and collects the required documents as per TC

S.No.	Stage	Function ID	Stage Description
23	Down Payment	ORDRIJDP	In this stage the user can do the down payment for the contract.
24	Hand off Stage	NA	Service call to hand off the finance details to core
25	Manual Retry	ORDRIJMR	Stage to reprocess the CI contract creation in case of exceptions
26	Vendor Payment	NA	If the asset is not in stock, you can do a vendor payment for the contract.
27	Sale Confirmation	NA	In this stage the bank user confirms the sale to the customer.
28	User Acceptance	ORDRIJUA	Stage to receive the confirmation from customer
29	Manual Liquidation	ORDRIJML	Stage to liquidate the reverse payment in case the finance is cancelled

## 2.24 Retail Islamic Financing Application Details

This section contains the following topics:

- [Section 2.24.1, "Processing Retail Ijarah Financing Transaction"](#)
- [Section 2.24.2, "Applicant Tab"](#)
- [Section 2.24.3, "Financials Tab"](#)
- [Section 2.24.4, "Financing Tab"](#)
- [Section 2.24.5, "Components Tab"](#)
- [Section 2.24.6, "Charges Tab"](#)

- [Section 2.24.20, "Covenant Button"](#)

- Section 2.24.21, "Evaluation Button"
- Section 2.24.22, "MIS Button"
- Section 2.24.23, "Fields Button"
- Section 2.24.24, "SWIFT Message Details Button"
- Section 2.24.25, "Payment Mode Button"
- Section 2.24.26, "Ijarah Button"
- Section 2.24.27, "Inventory Tracking Button"
- Section 2.24.28, "Multi Finance Button"
- Section 2.24.29, "Down Payment Details Button"
- Section 2.24.30, "Party Details Button"
- Section 2.24.31, "Multiple Asset Button"

## 2.24.1 Processing Retail *Ijarah* Financing Transaction

You can initiate the *Ijarah* contract and capture the requested details in the 'Retail Islamic Financing' screen, if you have the required access rights. You can invoke this screen by typing 'ORDRIJIN' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

Specify the following in this screen:

### Application Number

The system displays the application sale reference number on initiating a process. This number is unique throughout the process.

### Application Branch

The system displays the branch where application is captured.

### Application Date

The system defaults the application initiation date.

### Application Category

Specify the application category. Alternatively, you can select the application category from the option list. The category is used for populating the documents, advices and checklist mapped in Document sub screen.

**Application Type**

The system displays the application type.

**Interaction ID**

The system displays the interaction ID.

**Stage**

The system displays the stage of the application.

**Sub-stage**

The system displays the sub-stage of the application.

**Status**

The system defaults the application status based on the current stage of the process.

**Priority**

Select application priority from the adjoining drop-down list. The options available are:

- High
- Low
- Medium

**Channel**

Specify the channel through which the application is initiated. Alternatively, you can select the channel from the option list. The list displays all valid channels.

**Channel Reference**

Specify the channel reference number.

**External Source**

Specify the external source.

**External Reference**

Specify the external reference number.

**User Reference**

Specify the user reference number.

**Additional Approval Required**

Check this box if additional approval is required for the finance application.

## 2.24.2 Applicant Tab

**Financial Enquiry****Lead ID**

Specify the lead ID. Alternatively, you can select the lead ID from the option list. The list displays the lead IDs maintained in the system.

**Enquiry ID**

Specify the enquiry ID. Alternatively, you can select the enquiry ID from the option list. The list displays the enquiry IDs maintained in the system.

**Preferences****KYC Required**

Check this box if KYC review is required for the applicant.

**Collateral Valuation Required**

Check this box if collateral valuation is required for the collaterals linked to the finance application.

**Risk Evaluation Required**

Check this box to evaluate the risk in granting the finance.

**Legal Verification Required**

Check this box to evaluate the legal constraints associated with the finance application.

**External Check**

Check this box if external check is required.

**Applicant Details****Branch**

Specify the branch of the customer. Alternatively, you can select the branch from the option list. The list displays all valid branch details.

**Type**

The system displays the type of applicant.

**Customer ID**

Specify the customer ID of the applicant. Alternatively, you can select the customer ID from the option list. The list displays all valid customer IDs.

**Details**

Click 'Details' button to view the details of the customer.

**Customer Name**

Specify the name of the customer.

**Liability ID**

Specify the liability ID. Alternatively, you can select the liability ID from the option list. The list displays all valid liability IDs.

**360 Degree View**

Click this button for 360 degree applicant view.

**Product Details****Facility**

Select the required facility from the drop-down list. The list displays the following values:

- CASA
- Finance
- Cheque Book
- Credit Card
- Debit Card

**Product**

The system displays the product based on the facility selected.

**Description**

Give a brief description on the product.

## Summary

Click this button to view summary details based on the facility selected.

## Branch

Specify the branch of the customer. Alternatively, you can select the branch from the option list. The list displays all valid branch details.

## Reference ID

The system displays the reference ID.

## Details

The system displays the details of the customer.

## Linked to Finance

Check this box to link the facility to the finance.

## Purpose

The system displays the finance purpose.

## Other Applicant

The system displays the other applicant details.

### 2.24.3 Financials Tab

Click 'Financials' tab to maintain financial details.

The screenshot displays the Oracle Retail Islamic Financing Template application interface. The window title is "Retail Islamic Financing Template". The main area is divided into several sections:

- Form Fields:** Application Number\*, Applicant Branch\*, Application Date\* (YYYY-MM-DD), Application Category\*, Application Type (Mudharabah), Asset Type (Home), Stage, Sub-Stage, Status (Initiated), Priority (High, Medium, Low), and User Reference\*.
- Additional Details:** A tabbed interface with "Financials" selected. It includes fields for Customer No, Currency, Monthly Total Income, Total Land / Property Asset, Monthly Total Expense, Monthly Total Liab Amount, and Total Other Assets. A "Compute" button is located below these fields.
- Income Details:** A table with columns for Income Type, Frequency, Currency, Amount, Start Date, and End Date. The table is currently empty.
- Navigation and Footer:** A menu bar at the bottom contains various options like Documents, Dedupe, Financing Assets, Preference, Covenants, Evaluation, MIS, Fields, SWIFT Message Details, Payment Mode, Ijarah, Inventory Tracking, Multi Finance, Down Payment Details, Party Details, and Multiple Asset. Below the menu bar are fields for Previous Remarks, Remarks, Outcome, and an Exit button.

Specify the following details:

## Financial Summary

### Finance Currency

Specify the finance currency. Alternatively, you can select the currency from the option list. The list displays all the currencies maintained in the system.

### Monthly Total Income

Specify the total monthly income of the customer.

### Total Land/Property Asset

The system displays the total land/property asset.

**Customer No**

The system displays the customer number.

**Monthly Total Expense**

The system displays the monthly total expense of the customer.

**Monthly Total Liable Amount**

The system displays the monthly total liability of the customer.

**Customer Name**

The system displays the name of the customer.

**Total Other Assets**

The system displays the total of other assets.

**Income Details****Income Type**

Select the type of income from the drop-down list. The list displays the following options:

- Salary
- Rent
- Business
- Others

**Frequency**

Select the liability frequency from the drop-down list. The list displays the following options:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

**Currency**

Specify the currency of the income. Alternatively, you can select the currency from the option list. The list displays all the currencies maintained in the system.

**Amount**

Specify the customer liability amount.

**Start Date**

Select the start date from the adjoining calendar.

**End Date**

Select the end date from the adjoining calendar.

**Expense Details****Expense Type**

Specify the type of expense.

**Frequency**

Select the expense frequency from the drop-down list. The list displays the following options:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

**Currency**

Specify the currency code. Alternatively, you can select the currency code from the option list. The list displays all the currencies maintained in the system.

**Amount**

Specify the expense amount.

**Start Date**

Select the start date from the adjoining calendar.

**End Date**

Select the end date from the adjoining calendar.

**Land/Property Asset Details****Asset Type**

Select the asset type from the drop-down list. The values are:

- Land
- Property

**Sub Type**

Specify the sub type of the asset.

**Currency**

Specify the currency code of the asset. Alternatively, you can select the currency code from the option list. The list displays all the currencies maintained in the system.

**Property Value**

Specify the value of the property.

**Loan Outstanding**

Specify the outstanding amount of any loan.

**Other Asset Details****Asset Type**

Select the type of asset from the drop-down list. The list displays following values:

- Vehicle
- Marketable Securities
- Plant and Machinery
- Precious Metal
- Guarantee
- Others

**Sub Type**

Specify the sub type of the asset.

**Currency**

Specify the currency code of the asset. Alternatively, you can select the currency code from the option list. The list displays all the currencies maintained in the system.

**Property Value**

Specify the value of the property.

**Loan Outstanding**

Specify the loan outstanding amount.

**Liability Details****Liability Type**

Select the liability type of the asset from the drop-down list. The list displays the following values:

- Loan
- Lease
- Rent
- Others

**Liability Sub Type**

Specify the liability sub type.

**Frequency**

Select the frequency from the drop-down list. The list displays the following options:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

**Currency**

Specify the currency code of the liability. Alternatively, you can select the currency code from the option list. The list displays all the currencies maintained in the system.

**Amount**

Specify the liability amount.

**Balance**

Specify the customer balance.

**Start Date**

Select the start date from the adjoining calendar.

**End Date**

Select the end date from the adjoining calendar.

## 2.24.4 Financing Tab

Click 'Financing' tab to maintain finance details.

Specify the following details:

### **Pricing ID**

Specify the pricing ID. Alternatively, you can select the pricing ID from the option list. The list displays all valid pricing IDs.

### **Promotion Code**

Specify the promotion code. Alternatively, you can select the promotion code from the option list. The list displays all valid promotion codes.

### **Financing Offers**

#### **Offer ID**

Specify the finance offer ID.

#### **No. of Instalments**

Specify the number of instalments applicable for the selected finance offer.

#### **Frequency**

Specify the frequency of the finance offer.

#### **Unit**

Select the unit from the drop-down list.

#### **Rate of Interest**

Specify the rate of interest of the finance offer.

#### **Rate Code**

Specify the rate code. Alternatively, you can select the rate code from the option list. The list displays all valid rate codes.

#### **Check**

Check this box to apply an offer. You can only check one offer at a time.

## **Contract Details**

### **Financing Product**

The system displays the financing product.

### **Financing Account**

Specify the financing account number.

### **Financing Branch**

Specify the financing branch. Alternatively, you can select the financing branch from the option list. The list displays all valid branch codes.

### **Book Date**

The system displays the book date.

### **Value Date**

The system displays the value date.

### **Financing Currency**

Specify the financing currency. Alternatively, you can select the currency from the option list. The list displays all valid currency codes.

## **Asset/Investment Details**

### **Total Asset Value**

Specify the total value of the asset.

### **Takaful Cost**

Specify the takaful cost.

### **Maintenance/Other Cost**

Specify the maintenance or other cost here.

## **Other Details**

### **Fund ID**

Select the fund id from the adjoining option list. The system defaults the value of 'Default Mudarabah Fund' as fund ID.

The system populates the fund MIS details for a contract which is linked to the Fund ID.

### **Future D/P Receivable**

Specify the future D/P receivable. Your customer need not pay the entire down payment amount in a single instalment. The customer can pay it in parts. In such cases, you can specify the amount to be received in the future from the customer. The aggregate of down payments received and 'Future D/P Receivable' should be equal to the 'Down Payment' amount.

For instance, suppose the down payment is 10000 BHD, down payment received is 8000 BHD and future down payment is 2000 BHD, then Disbursement event will be triggered.

---

### **Note**

Amount specified in this field cannot exceed the total down payment amount for the contract. This field should be operationally controlled, because the system does not track the 'Future D/P Receivable' amount which is received from the customer.

---

**Wakala Reference**

Specify the Wakala reference number. Alternatively, you can select wakala reference number from the option list. The list displays all valid Wakala reference number maintained in the system.

**Financing Details****Down Payment %**

The system displays the down payment percentage.

**Down Payment Amount**

The system displays the down payment amount.

**Amount Financed**

Specify the financed amount.

**Staff Finance**

Specify the staff finance details.

**Repayment Terms****No of Instalments**

Specify the number of instalments required to pay the financed amount.

**Instalment Frequency**

Specify the instalment frequency.

**Instalment Unit**

Select the unit of instalment from the drop-down list. The list displays the following values:

- Bullet - Select this option for single repayment on maturity date.
- Daily
- Monthly
- Weekly
- Half Yearly
- Quarterly
- Yearly

**Instalment Start Date**

Select the instalment start date from the adjoining calendar.

**Due Date On**

Select the due date from the adjoining calendar.

**Maturity Type**

Select the maturity type from the drop-down list. The list displays the following values:

- Fixed - this type of a finance has a fixed maturity date
- Call - If the maturity date is not fixed the finance can be liquidated any time

**Maturity Date**

Select the maturity date from the adjoining calendar.

**Tenor (in Days)**

Specify the finance tenor in days.

## **Taken Over Asset Details**

### **Collateral Taken over**

Check this box to indicate that the collateral is taken over.

### **Sale Value**

#### **Total Sale Value**

Specify the total sale value. The system displays the total of principal and profit amount as of initiation date. If the 'Recompute schedule on IRR' field is checked in the 'Product Maintenance' screen for the linked product and if you specify the balloon amount, the system will compute this value as the sum of principal, normal profit, balloon principal and balloon profit.

### **Effective Date**

#### **Effective Date**

Select the effective date from the adjoining calendar.

### **User Defined Elements**

#### **User Data Elements Id**

Specify the user data elements ID. Alternatively, you can select the UDE ID from the option list. The list displays all valid user defined elements ID.

#### **Value**

Specify the UDE value.

#### **Rate Code**

Specify the rate code of the UDE. Alternatively, you can select the rate code from the option list. The list displays all valid rate codes.

#### **Code Usage**

Select the code usage. It can be periodic or automatic.

#### **Rate Basis**

Select the rate basis from the drop-down list. The list displays the following values:

- Not Applicable
- Per Annum
- Per Month
- Quote Basis

#### **Resolved Value**

Specify the resolved value.

### **Account EMI Change**

#### **Effective Date**

Select the effective date from the adjoining calendar.

#### **Percentage Change in EMI**

Specify the percentage change in EMI.

#### **Amount Change in EMI**

Specify the amount change in EMI.

## 2.24.5 Components Tab

Click 'Components' tab to maintain component details.

The screenshot displays the Oracle Retail Islamic Financing Template interface, specifically the 'Components' tab. The top section contains several input fields for application details: Application Number, Applicant Branch, Application Date (YYYY-MM-DD), Application Category (Mustarabah), and Asset Type (Home). To the right, there are dropdown menus for Stage, Sub-Stage, Status (Initiated), and Priority (High, Medium, Low). Below these is a 'User Reference' field. A navigation bar includes tabs for Applicant, Financials, Financing, Components (selected), Charges, Limits, Asset Details, Down Payment, Sale Confirmation, Vendor Payment, Terms, Deviations, Summary, and Comments. The main area is divided into sections: 'Component Name' (Formula With Schedule), 'Penal Basis', 'Special Interest Amount', 'Liquidation Mode' (Auto, Waive, Main Component, Verify Funds), 'Internal Rate of Return Applicable' (Special Component, Funded During Rollover, Funded During Initiation, Exponential Interest Method), and 'Payment Details' (Disbursements, Schedule Schedules, Schedule Details, Guarantor, Nominal Disbursements). A 'Schedule Definition' table is visible at the bottom, with columns for Schedule Type, Schedule Flag, Formula Name, First Due Date, Start Date, End Date, No of Schedules, Frequency, Units, Due Date On, Waive, Amount, and EMI Amount. The bottom status bar shows 'Previous Remarks', 'Remarks', 'Audit', 'Outcome', and 'Exit' buttons.

### Component Name

The system displays the component name.

### Component Type

Select the component type from the adjoining drop-down list. The list displays the following values:

- Formula with schedule (Component Type - Interest)
- Formula without schedule (Charge)
- Penal Interest
- Prepayment Penalty
- Discount
- Schedule without formula (Principal)
- No schedule No formula (Ad Hoc Charges)
- Penalty Charges

### Currency

The system displays the currency code.

### Special Interest Amount

The system displays the special interest amount.

### Liquidation Mode

The system defaults the mode of liquidation from the product level. However you can modify the same to indicate the mode of liquidation of the component from the drop-down list. The following options are available for selection:

- Auto
- Manual

### Waive

Select this option to waive the component for the account.

**Main Component**

Check this box to indicate that the specified component should be main component.

**Verify Funds**

Check this box to verify funds.

**Penal Basis**

The system displays the penal basis.

**Service Branch**

The system displays the service branch.

**Service Account**

The system displays the service account.

**Settlement Currency**

The system displays the settlement currency.

**Internal Rate of Return Applicable**

Check this box if internal rate of return is applicable.

**Special Component**

Check this box if the component is a special Interest type. This implies that the computed value of the component can be overridden with the entered value.

**Funded During Rollover**

Check this box if the component can be funded during the rollover process.

**Funded During Initiation**

Check this box if the component can be funded during the INIT event.

**Exponential Interest Method**

Check this box to provide restrictions for exponential finances. If you check this, the system validates the following for exponential interest method calculation:

- COMPOUND\_VALUE SDE is maintained in book formula
- Compound days is maintained as one.

**Schedule Definition****Schedule Type**

Select the type of schedule from the drop-down list. Schedule can be a payment, a disbursement or a rate revision schedule.

**Schedule Flag**

Select the option for the Schedule flag from the option list. The options are Normal or Moratorium.

You can select the option Moratorium if there are no scheduled repayments for the component for the Moratorium period. However the component is accrued for a certain Moratorium period.

**Formula Name**

Specify the formula name. Alternatively, you can select the formula name from the option list. The list displays all valid formula names.

**First Due Date**

Select the first due date from the adjoining calendar.

**Start Date**

Select the start date from the adjoining calendar.

**End Date**

Select the end date from the adjoining calendar.

**No of Schedules**

Specify the number of schedules.

**Frequency**

Specify the frequency.

**Units**

Select the units from the drop-down list.

**Due Date On**

Select the due date from the adjoining calendar.

**Amount**

Specify the amount.

**EMI Amount**

Specify the EMI amount.

**Compound Days**

Specify the compound days.

**Compound Months**

Specify the compound months.

**Compound Years**

Specify the compound years.

**Days in Month**

Select the number of days that would constitute a month for calculation from the drop-down list. The list displays the following values:

- Actual: The actual number of days in a month is taken
- 30(Euro): Thirty days is considered for all months including February irrespective of leap year or not
- 30(US): Thirty days is considered for all months except February where the actual number of days is considered
- Working Days: Working days in a month is considered

**Days in Years**

Select the number of days that would constitute a year for calculation from the drop-down list. The list displays the following values:

- 252: Number of days in a year is taken as 252, which is the number of working days
- 360: Number of days in a year is taken as 360 irrespective of actual number of calendar days
- 365: Number of days in a year is taken as 365 for leap as well as non leap year
- Actual: Actual number of days in a year is taken for interest calculation which is 366 for leap year and 365 for non leap year

## Waive

Select this option to specify if you need to allow a waiver of the component payments for the schedule.

## Capitalize

Select this option if the schedule amounts are to be capitalized.

Click 'Payment Details' button to specify the payment details.

### Application Number

The system displays the application number.

### Application Branch

The system displays the application branch.

### Branch Code

The system displays the branch code.

### Account Number

The system displays the account number.

### Component Name

The system displays the component name.

## 2.24.5.1 Credit Settlement Mode

### Credit Payment Mode

Select the credit settlement mode from the drop-down list. The options are as follows:

- Account
- Credit Card
- Clearing

- Debit Card
- External Account
- Electronic Pay Order
- GIRO
- Internal Cheque Instrument
- Cash/Teller

**Credit Account Branch**

Specify the credit account branch. Alternatively, select the credit account branch from the option list. The displays the valid branch codes maintained in the system.

**Credit Product Account**

Specify the credit product account. Alternatively, select the credit product account from the option list. The displays the valid product accounts maintained in the system.

**Instrument Number**

Specify the instrument number.

**Upload Source Credit**

Specify the upload source credit details. Alternatively, select the source credit details from the option list. The displays the valid credit details maintained in the system.

**End Point**

Specify the end point. Alternatively, select the end point from the option list. The displays the valid end points maintained in the system.

**GIRO Number**

Specify the GIRO number.

**Payer Account**

Specify the payer account.

**Payer Bank Code**

Specify the payer bank code.

**Payer Branch**

Specify the payer branch.

**Payer Bank Address 1**

Specify the payer bank address 1.

**Payer Bank Address 2**

Specify the payer bank address 2.

**Payer Bank Address 3**

Specify the payer bank address 3.

**Payer Bank Address 4**

Specify the payer bank address 4.

**Bank GIRO**

Select the bank GIRO to be maintained. The options are as follows:

- Bank GIRO
- Plus

**External Account Number**

Specify the external account number.

**External Account Name**

The system displays the external account name.

**Clearing Bank Code**

Specify the clearing bank code. Alternatively, select the clearing bank code from the option list. The displays the valid clearing bank code maintained in the system.

**Clearing Branch Code**

Specify the clearing branch code. Alternatively, select the clearing branch code from the option list. The displays the valid branch codes maintained in the system.

**Product Category**

Specify the product category. Alternatively, select the product category from the option list. The displays the valid product categories maintained in the system.

**Routing Number**

Specify the routing number.

**Clearing Product Code**

Specify the clearing product code.

**Sector Code**

Specify the sector code. Alternatively, select the sector code from the option list. The displays the valid sector codes maintained in the system.

**Auto GIRO**

Select the auto GIRO details. The options are as follows:

- Auto
- Manual

**Exchange Rate**

Specify the exchange rate prevailing.

**Negotiated Cost Rate**

Specify the negotiated cost rate.

**Negotiated Reference**

Specify the negotiated reference number.

**Original Exchange Rate**

Specify the original exchange rate.

**2.24.5.2 Debit Settlement Mode Tab**

Click 'Debit Settlement Mode' tab to specify the credit settlement mode details.

Specify the following details:

### Debit Payment Mode

Select the debit settlement mode from the drop-down list. The options are as follows:

- Account
- Credit Card
- Clearing
- Debit Card
- External Account
- Electronic Pay Order
- GIRO
- Internal Cheque Instrument
- Cash/Teller
- PDC

### Debit Account Branch

Specify the debit account branch. Alternatively, select the debit account branch from the option list. The displays the valid branch codes maintained in the system.

### Debit Product Account

Specify the debit product account. Alternatively, select the debit product account from the option list. The displays the valid product accounts maintained in the system.

### Card Number

Specify the card number.

### Instrument Number Debit

Specify the instrument number debit.

**Upload Source Debit**

Specify the upload source debit details. Alternatively, select the source debit details from the option list. The displays the valid debit details maintained in the system.

**End Point**

Specify the end point. Alternatively, select the end point from the option list. The displays the valid end points maintained in the system.

**Payer Account**

Specify the payer account.

**Payer Bank Code**

Specify the payer bank code.

**Payer Branch**

Specify the payer branch.

**Payer Bank Address 1**

Specify the payer bank address 1.

**Payer Bank Address 2**

Specify the payer bank address 2.

**Payer Bank Address 3**

Specify the payer bank address 3.

**Payer Bank Address 4**

Specify the payer bank address 4.

**GIRO Number**

Specify the GIRO number.

**Bank GIRO**

Select the bank GIRO to be maintained. The options are as follows:

- Bank GIRO
- Plus

**External Account Number**

Specify the external account number.

**External Account Name**

The system displays the external account name.

**Clearing Bank Code**

Specify the clearing bank code. Alternatively, select the clearing bank code from the option list. The displays the valid clearing bank code maintained in the system.

**Clearing Branch Code**

Specify the clearing branch code. Alternatively, select the clearing branch code from the option list. The displays the valid branch codes maintained in the system.

**Product Category**

Specify the product category. Alternatively, select the product category from the option list. The displays the valid product categories maintained in the system.

**Routing Number**

Specify the routing number.

### Clearing Product Code

Specify the clearing product code.

### Sector Code

Specify the sector code. Alternatively, select the sector code from the option list. The displays the valid sector codes maintained in the system.

### Auto GIRO

Select the auto GIRO details. The options are as follows:

- Auto
- Manual

### Exchange Rate

Specify the exchange rate prevailing.

### Negotiated Cost Rate

Specify the negotiated cost rate.

### Negotiated Reference

Specify the negotiated reference number.

### Original Exchange Rate

Specify the original exchange rate.

## 2.24.5.3 Payments Schedules Tab

Click 'Schedule Details' button to view the schedule details.

The screenshot shows a window titled 'Schedule Details' with a close button (X) in the top right corner. The window contains several input fields for application information:

- Application Number
- Application Branch
- Component Name
- Account
- Account Branch
- Component Currency

Below these fields are two tabs: 'Payment Schedules' (selected) and 'Disbursement Schedules'. Under the 'Payment Schedules' tab, there is a 'Schedule Details' section with a 'Go' button and a table. The table has a header row with the following columns: Schedules, Schedule Date, Pay By Date, Amount Settled, Amount Due, EMI Amount, Amortize Principal, Accrued Amount, Capitalized, and We. The table body is currently empty. At the bottom right of the window are 'Ok' and 'Cancel' buttons.

The system displays the following details.

- Application Number
- Application Branch
- Component Name

- Account
- Account Branch
- Component Currency

### **Schedule Details**

The system displays the Payment schedule details.

- Schedules
- Schedule Date
- Pay By Date
- Amount Settled
- Amount Due
- EMI Amount
- Amortize Principal
- Accrued Amount
- Capitalized
- Waive

### **2.24.5.4 Disbursement Schedules Tab**

The screenshot shows the 'Schedule Details' window with the following sections:

- Application Information:** Application Number, Application Branch, Component Name, Account, Account Branch, Component Currency.
- Payment Schedules:** Disbursement Schedules (selected).
- Disbursals Table:**

Schedule Date	Total Disbursement Amount	Amount To Disburse	Already Disbursed Amount
- Split Details Table:**

Settlement Currency	Split Percent (%)	Split Amount	Payment Mode	Settlement Branch	Settlement Account Number	Account Description	Customer

### **Disbursals**

The system displays the Disbursement schedule details.

- Schedule Date
- Total Disbursement Amount
- Amount to Disburse
- Already Disbursed Amount
- Split Details
- Settlement Currency

- Split Percent (%)
- Split Amount
- Payment Mode
- Settlement Branch
- Settlement Account Number
- Account Description
- Customer

### 2.24.5.5 **Guarantor Button**

Click 'Guarantor' button to specify the guarantor details.

Specify the following details.

#### **Application Number**

The system displays the application number.

#### **Application Branch**

The system displays the application branch.

#### **Account Number**

The system displays the account number.

#### **Component Name**

The system displays the component name.

#### **Guarantor Details**

Guarantor Customer

#### **Customer Number**

Specify the customer number of the guarantor customer. Alternatively, you can select the customer number from the option list. The list displays the valid customer number maintained in the system.

## Customer Name

The system displays the name of the guarantor customer.

## Guarantor Customer Accounts

### Account Number

Specify the account number of the guarantor customer. Alternatively, you can select the account number from the option list. The list displays the valid account number maintained in the system.

### Account Branch

The system displays the account branch of the guarantor customer.

### Currency

The system displays the currency of the guarantor customer.

## Other Accounts

Click 'Other Accounts' tab to specify other details of the account.

The screenshot shows a software window titled "Guarantor Details". At the top, there are four input fields: "Application Number", "Application Branch", "Account Number", and "Component Name". Below these is a tabbed interface with two tabs: "Guarantor Details" and "Other Accounts", with "Other Accounts" being the active tab. Under the "Other Accounts" tab, there is a table with the following columns: "Account Number", "Account Description", "Account Branch", and "Currency". The table is currently empty. At the bottom right of the window, there are "Ok" and "Cancel" buttons.

Specify the following details:

### Guarantor Account

Specify the guarantor account. Alternatively, you can select the guarantor account number from the option list. The list displays the valid guarantor account numbers maintained in the system.

### Guarantor Account Description

The system displays the description of the guarantor account.

### Guarantor Branch

The system displays the branch code of the guarantor.

### Guarantor Account Currency

The system displays the account currency of the guarantor.

## 2.24.5.6 Nominal Disbursals Button

Click 'Nominal Disbursal' button to specify the nominal disbursal details.

The screenshot shows a software window titled "Nominal Disbursals". At the top, there are four input fields: "Application Number", "Application Branch", "Account Number", and "Component Name". Below these are two data grids. The first grid has columns: "Schedule Start Date", "Schedule End Date", "Currency", and "Amount". The second grid has columns: "Purpose", "Customer Id", "Customer Name", "Currency", and "Amount". Both grids have a "Go" button and a "1 Of 1" indicator. At the bottom right are "Ok" and "Cancel" buttons.

Specify the following details:

### **Application Number**

The system displays the application

### **Application Branch**

The system displays the application branch.

### **Account Number**

The system displays the account number.

### **Component Name**

The system displays the components name.

### **Schedule Start Date**

Specify the start date of the Disbursement Schedule from the adjoining calendar.

### **Schedule End Date**

Specify the end date of the Disbursement Schedule from the adjoining calendar.

### **Currency**

Specify the currency code for the disbursement.

### **Amount**

Specify the amount to be financed for disbursal schedules

### **Purpose**

Specify the purpose of disbursement from the option list. Alternatively, you can select the purpose from the option list. The list displays the different types of purpose maintained in the system.

## Customer ID

Specify the customer ID for each contractor. Alternatively, you can select the customer ID from the option list. The list displays the valid customer IDs maintained in the system.

## Customer Name

The system displays the customer name.

## Currency

Specify the currency code for the customer ID selected.

## Amount

Specify the amount to be disbursed against the customer ID for the purpose mentioned.

## 2.24.6 Charges Tab

Click 'Charges' tab to maintain charge details.

The screenshot displays the 'Retail Islamic Financing Template' application window. The 'Charges' tab is selected, showing a table with columns: Component Name, Currency, Effective Date, Due Date, Amount Due, Amount Waived, and Payment Details. The table is currently empty. The application interface includes various navigation and search options, such as 'New', 'Enter Query', and 'Additional Details'.

## Charges

### Component Name

The system displays the component name.

### Currency

The system displays the currency.

### Effective Date

Select the effective date from the adjoining calendar.

### Due Date

The system displays the due date.

### Amount Due

The system displays the amount due.

### Amount Waived

The system displayed the amount waived.

## 2.24.7 Limits Tab

Click 'Limits' tab to maintain limit details.

The screenshot displays the Oracle Retail Islamic Financing Template application. The main window is titled 'Retail Islamic Financing Template'. At the top, there are buttons for 'New' and 'Enter Query'. Below this, there is a form for entering application details, including fields for Application Number, Applicant Branch, Application Date (YYYY-MM-DD), Application Category, Application Type (Mudharabah), and Asset Type (Home). There are also dropdown menus for Stage, Sub-Stage, Status (Initiated), Priority (High, Medium, Low), and User Reference. A navigation bar below the form includes tabs for Applicant, Financials, Financing, Components, Charges, Limits (selected), Asset Details, Down Payment, Sale Confirmation, Vendor Payment, Terms, Deviations, Summary, and Comments. Below the navigation bar, there are two data grids: 'Credit Line Details' and 'Collateral Details'. The 'Credit Line Details' grid has columns for Type, Line Branch, Line Code, Serial, Description, Details, Currency, Sanctioned, Utilized Amount, Available Amount, Proposed Amount, and Handoff. The 'Collateral Details' grid has columns for Type, Branch, Collateral Code, Currency, Collateral Value, Collateral Type, Collateral Reference, Details, and Handoff. At the bottom of the screen, there is a 'Previous Remarks' section with a 'Remarks' field and an 'Add' button, and an 'Outcome' dropdown menu with an 'Exit' button.

### **Credit Line Details**

#### **Type**

Select the credit line type from the drop-down list. The list displays the following values:

- Existing - Select this option if the customer is an existing customer.
- New - Select this option if the customer is a new customer.

#### **Line Branch**

Specify the line branch. Alternatively, you can select the line branch from the option list. The list displays all valid line branches.

#### **Line Code**

Specify the line code. Alternatively, you can select the line code from the option list. The list displays all valid line codes.

#### **Serial**

Specify the line serial number.

#### **Description**

Give a brief description on the credit line.

Click details button to launch 'Facility Details' screen.

#### **Currency**

Specify the currency of the credit line. Alternatively, you can select the currency from the option list. The list displays all valid currency codes.

#### **Sanctioned**

Specify the sanctioned credit line.

#### **Utilized Amount**

Specify the utilized amount.

**Available Amount**

Specify the available amount.

**Collateral Details****Type**

Select the collateral type from the drop-down list. The list displays the following values:

- Existing - Select this option if the customer is an existing customer.
- New - Select this option if the customer is a new customer.

**Branch**

Specify the line branch. Alternatively, you can select the line branch from the option list. The list displays all valid line branches.

**Collateral Code**

Specify the collateral code. Alternatively, you can select the collateral code from the option list. The list displays all valid collateral codes.

**Currency**

Specify the currency of the credit line. Alternatively, you can select the currency from the option list. The list displays all valid currency codes.

**Collateral Value**

Specify the value of the collateral.

Click 'Details' button to launch 'Collateral Details' screen.

**Financial Linkage****Utilization Order**

Specify the utilization order.

**Linkage Type**

Select a type of linkage to which you need to link the specified account from the adjoining drop-down list. This list displays the following values:

- Collateral – Select if you need to link the account to existing collateral.
- Pool – Select if you need to link the account to collateral pool.
- Facility – Select if you need to link the account to a facility.
- Commitment - Select if you need to link the account to a commitment.

**Branch**

Specify the branch code of the customer. Alternatively, you can select the branch code from the option list. The list displays all valid branch codes.

**Linked Reference ID**

Specify the linked reference ID. Alternatively, you can select the linked reference ID from the option list. The list displays all valid reference IDs.

**Currency**

Specify the currency of the credit line. Alternatively, you can select the currency from the option list. The list displays all valid currency codes.

**Limit Amount**

Specify the limit amount.

## Linkage Amount

Specify the linkage amount.

## Linkage (%)

Specify the linkage percentage.

*For details on Collaterals, refer to the section 'Collateral Maintenance' in the chapter 'Limits and Collaterals' in Limits and Collateral Management User Manual.*

## 2.24.8 Asset Details Tab

Click Asset Details tab to view the details of the asset.

The screenshot displays the Oracle Retail Islamic Financing Template application interface. The main window is titled "Retail Islamic Financing Template" and contains a "New" button and an "Enter Query" field. Below these are several input fields for application details: "Application Number \*", "Applicant Branch \*", "Application Date \* (YYYY-MM-DD)", "Application Category \*", "Application Type" (with a dropdown menu showing "Mudarabah" and "Default"), and "Asset Type" (with a dropdown menu showing "Home"). To the right, there are fields for "Stage", "Sub-Stage", "Status" (with a dropdown menu showing "Initiated"), "Priority" (with radio buttons for "High", "Medium", and "Low"), and "User Reference \*". Below the input fields is a section titled "Additional Details" with a plus sign icon. This section contains a horizontal menu with tabs: "Applicant", "Financials", "Financing", "Components", "Charges", "Limits", "Asset Details" (which is currently selected), "Down Payment", "Sale Confirmation", "Vendor Payment", "Terms", "Deviations", "Summary", and "Comments". Under the "Asset Details" tab, there are several input fields: "Finance Currency", "Fixed Asset Product", "Status", "Asset Category", "Category Description", "Location", "Location Description", "Booking Date (YYYY-MM-DD)", "Capitalization Date (YYYY-MM-DD)", "Fixed Asset Contract Reference", and "Fixed Asset User Reference". At the bottom of the application, there is a footer area with "Documents" and "Deduce" buttons, a "Previous Remarks" field, a "Remarks" field, an "Add" button, an "Outcome" dropdown menu, and an "Exit" button.

Specify the following details:

### Finance Currency

The system displays the finance currency.

### Fixed Asset Product

The system displays the fixed asset product.

### Status

Specify the status of the asset.

### Asset Category

Specify the asset category. Alternatively, you can select the asset category from the option list. The list displays the asset categories maintained in the system

### Category Description

The system displays the asset category description.

### Location

Specify the location of the asset.

### Location Description

The system displays the description of the location of the asset.

### Booking Date

Specify the date of booking from the adjoining calendar.

### Capitalization Date

Specify the capitalization date from the adjoining calendar.

### Fixed Asset Contract Reference

Specify the fixed asset contract reference.

### Fixed Asset User Reference

Specify the fixed asset user reference.

## 2.24.9 Down Payment Tab

Click 'Down Payment' tab to specify the Down Payment details.

The screenshot displays the Oracle Retail Islamic Financing Template application interface. The main window is titled "Retail Islamic Financing Template" and contains a "New" button and an "Enter Query" field. The form is divided into several sections: "Application Details" with fields for Application Number, Branch, Date (YYYY-MM-DD), Category, Type (Mudharabah), and Asset Type (Home); "Additional Details" with a tabbed interface where the "Down Payment" tab is selected; and "Payment Details" with fields for Payment Currency, Amount, Value Date (YYYY-MM-DD), Payment Branch, Payment Mode (Own Account), Account, Account Description, Currency, Narrative, and Exchange Rate. A navigation bar at the bottom includes tabs for Applicant, Financials, Financing, Components, Charges, Limits, Asset Details, Down Payment, Sale Confirmation, Vendor Payment, Terms, Deviations, Summary, and Comments. The bottom status bar shows "Previous Remarks", "Remarks", "Audit", "Outcome", and an "Exit" button.

Specify the following details:

### Payment Currency

Specify the payment currency. Alternatively, you can select the payment currency from the option list. The list displays the valid currency codes maintained in the system.

### Down Payment Amount

Specify the Down Payment amount.

### Value Date

Specify the value date from the adjoining calendar.

### Payment Branch

Specify the payment branch. Alternatively, you can select the payment branch from the option list. The list displays the valid payment branch maintained in the system.

### Payment Mode

Select the payment mode from the drop-down list. The options are as follows:

- GL Account
- Account
- Own Account

## Account

Specify the account number from the drop-down list. Alternatively, you can select the account number from the option list. The list displays the valid account number maintained in the system.

## Account Description

The system displays the account description.

## Currency

Specify the currency code. Alternatively, you can select the currency from the option list. The list displays the valid currency codes maintained in the system.

## Narrative

Specify remarks if any.

## Exchange Rate

Specify the exchange rate.

### 2.24.10 Sale Confirmation Tab

Click 'Sale Confirmation' to view the sale confirmation details.

The screenshot displays the Oracle Retail Islamic Financing Template application interface. The window title is "Retail Islamic Financing Template". The main area shows a form with the following fields and controls:

- Application Number \*
- Applicant Branch \*
- Application Date \* (YYYY-MM-DD)
- Application Category \*
- Application Type: Mudarabah (dropdown), Default (button)
- Asset Type: Home (dropdown)
- Stage
- Sub-Stage
- Status: Initiated (dropdown)
- Priority: High, Medium, Low (radio buttons)
- User Reference \*

Below the form, there is a tabbed interface with the following tabs: Applicant, Financials, Financing, Components, Charges, Limits, Asset Details, Down Payment, **Sale Confirmation** (selected), Vendor Payment, Terms, Deviations, Summary, Comments.

Under the "Sale Confirmation" tab, the following fields are visible:

- Sale Date (YYYY-MM-DD)
- Remarks

At the bottom of the application, there is a navigation bar with the following options: Documents, Dedupe, Financing Assets, Preference, Covenants, Evaluation, MIS, Fields, SWIFT Message Details, Payment Mode, Ijarah, Inventory Tracking, Multi Finance, Down Payment Details, Party Details, Multiple Asset. Below this bar, there are fields for "Previous Remarks", "Remarks", "Outcome" (dropdown), and an "Exit" button.

You can view the following details here:

- Sale Date
- Remarks

## 2.24.11 Vendor Payments Tab

Click 'Vendor Payments' to maintain the vendor payment details.

The screenshot displays the 'Vendor Payments' tab in the Oracle Retail Islamic Financing Template. The top section contains input fields for Application Number, Applicant Branch, Application Date, Application Category, Application Type, Asset Type, Stage, Sub-Stage, Status, Priority, and User Reference. Below this is a navigation menu with tabs for Applicant, Financials, Financing, Components, Charges, Limits, Asset Details, Down Payment, Sale Confirmation, Vendor Payment (selected), Terms, Deviations, Summary, and Comments. The Vendor Payment tab shows fields for Product Code, Payment Reference, Payment Currency, Value Date, Fund ID, Vendor Payable GL, and Total Amount Paid. A table titled 'Vendor Payment Details' is visible, with columns for Vendor Code, Contract Reference, Asset Code, Asset Cost, Due Amount, Amount Paid, Settle, Payment Mode, Suspense GL, Account No, and Transaction Code. The bottom of the screen shows a navigation bar with various system links and an 'Exit' button.

You can specify the following in this tab:

### **Product Code**

The system displays the product code.

### **Payment Reference**

The system displays the product reference.

### **Payment Currency**

Specify the payment currency from the option list. Alternatively, you can select the payment currency from the option list. The list displays all valid values maintained in the system.

### **Value Date**

The system displays the value date.

### **Fund ID**

The system displays the fund ID.

### **Vendor Payable GL**

The system displays the vendor payable GL.

### **Total Amount Paid**

The system displays the total amount paid.

### **Vendor Payment Details**

#### **Vendor Code**

The system displays the vendor code.

#### **Contract Reference**

The system displays the contract reference number.

#### **Asset Code**

The system displays the asset code.

### **Asset Cost**

The system displays the asset cost.

### **Due Amount**

The system displays the due amount.

### **Amount Paid**

The system displays the amount paid.

### **Settle**

Check this box to settle the payment.

### **Payment Mode**

The system displays the payment mode,

### **Suspense GL**

The system displays the suspense GL.

### **Account No**

The system displays the account number.

## **2.24.12 Terms Tab**

Click 'Terms' tab to maintain terms details. You can also maintain 'Terms' for the category in ORDRTERM. The system defaults these terms on click of 'Default' button.

The screenshot displays the Oracle Retail Islamic Financing Template application interface. The main window is titled "Retail Islamic Financing Template" and contains a "New Enter Query" section with various input fields: "Application Number", "Application Branch", "Application Date" (formatted as YYYY-MM-DD), "Application Category" (with a dropdown menu), and "Asset Type" (with a dropdown menu). To the right, there are fields for "Stage", "Sub-Stage", "Status" (with a dropdown menu), "Priority" (with radio buttons for High, Medium, and Low), and "User Reference". Below the input fields is a navigation bar with tabs: "Applicant", "Financials", "Financing", "Components", "Charges", "Limits", "Asset Details", "Down Payment", "Sale Confirmation", "Vendor Payment", "Terms" (highlighted in blue), "Deviations", "Summary", and "Comments". Under the "Terms" tab, there is a "Terms and Conditions" section with a search bar and a "Go" button. Below this, there is a table with columns: "Terms", "Apply", "Due Date", and "Complied". The table is currently empty. At the bottom of the application, there is a footer with various menu options: "Documents", "Dedupe", "Financing Assets", "Preference", "Covenants", "Evaluation", "MIS", "Fields", "SWIFT Message Details", "Payment Mode", "Ijarah", "Inventory Tracking", "Multi Finance", "Down Payment Details", "Party Details", and "Multiple Asset". There are also buttons for "Previous Remarks", "Remarks", "Audit", "Outcome" (with a dropdown menu), and "Exit".

## **Terms and Conditions**

### **Terms**

Specify the terms and conditions of the finance creation.

### **Apply**

Check this box to apply the terms to finance application.

### **Due Date**

Select the date when the terms will be expired from the adjoining calendar.

### **Complied**

Check this box if you comply with the terms.

## 2.24.13 Deviations Tab

Click 'Deviations' tab to view deviation details.

The screenshot shows the 'Deviations' tab selected in the 'Retail Islamic Financing Template' application. The top section contains various input fields for application details, including Application Number, Branch, Date, Category, Type, and Asset Type. On the right, there are dropdown menus for Stage, Sub-Stage, Status, and Priority, along with radio buttons for High, Medium, and Low priority, and a User Reference field. Below the input fields is a navigation bar with tabs for Applicant, Financials, Financing, Components, Charges, Limits, Asset Details, Down Payment, Sale Confirmation, Vendor Payment, Terms, Deviations (selected), Summary, and Comments. The main content area is titled 'Deviations' and contains a table with one row showing 'Deviations' and 'Approved'. At the bottom, there is a 'Remarks' section with a text area and an 'Audit' button, and an 'Outcome' dropdown menu with an 'Exit' button.

### Deviations

Specify the deviations.

### Approved

Check this box if the deviations are approved.

## 2.24.14 Summary Tab

Click 'Summary' tab to view summary details.

The screenshot shows the 'Summary' tab selected in the 'Retail Islamic Financing Template' application. The top section contains the same input fields as the 'Deviations' tab. The navigation bar has the 'Summary' tab selected. The main content area is titled 'Department Summary' and contains a 'Department' input field and a 'History' button. Below this is a 'Previous Notes' section with a large text area, and an 'Additional Notes' section with another large text area. At the bottom, there is a 'Remarks' section with a text area and an 'Audit' button, and an 'Outcome' dropdown menu with an 'Exit' button.

### Department Summary

#### Department

Specify the name of the department.

## **Previous Notes**

The system defaults the previous department notes. The system displays any comments given in any of the previous stages by the same department.

For example, when RM initiates the application, the comments may be provided in the Additional notes section. When the application moves to 'Follow up' stage or any stage that has to be proceeded by the RM users, the system displays the comments given in the first stage.

## **Additional Notes**

Specify additional department notes.

Click 'History' button, to invoke the 'Department Wise Summary' screen. The system generates a report of the comments given in all previous stages regardless of the department.

The screenshot shows a window titled "Department Wise Summary". The window contains the following fields and controls:

- Application Number \***: A text input field.
- Application Branch**: A text input field.
- Report Format**: A dropdown menu with "PDF" selected.
- Report Output**: A dropdown menu with "View" selected.
- Printer At**: A dropdown menu with "Client" selected.
- Printer**: A text input field.

At the bottom right of the window, there are "Ok" and "Cancel" buttons.

Specify the following details.

### **Application Number**

Specify the application number of the transaction. Alternatively, you can select the application number from the option list. The list displays all the valid application numbers maintained in the system.

### **Application Branch**

The system displays the application branch code.

### **Report Format**

Select the format in which you need to generate the report from the drop-down list. The options are as follows:

- HTML – Select to generate report in HTML format.
- RTF – Select to generate report in RTF format.
- PDF – Select to generate report in PDF format.

- EXCEL – Select to generate report in EXCEL format.

### Report Output

Select the report output in which you need to generate the report from the drop-down list. The options are as follows:

- Print – Select to print the report.
- View – Select to print the report.
- Spool – Select to spool the report to a specified folder so that you can print it later.

### Printer At

Select location where you wish to print the report from the drop-down list. The options are as follows:

- Client – Select if you need to print at the client location.
- Server – Select if you need to print at the server location

### Printer

Specify the printer from which the report has to be printed. Alternatively, you can select the printer from the option list. The list displays all the valid printers maintained in the system.

## 2.24.15 Comments Tab

Click 'Comments' tab to view comment details.

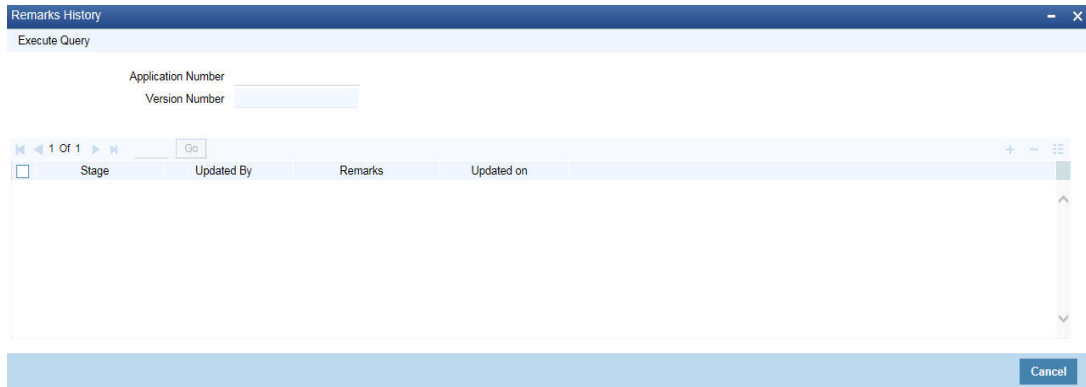

### Previous Comments

The system displays the previous stage comments.

### Additional Comments

Specify the additional comments in the current stage, if any.

To view history of remarks updated during a transaction. Click 'Remarks' button to view the remarks.

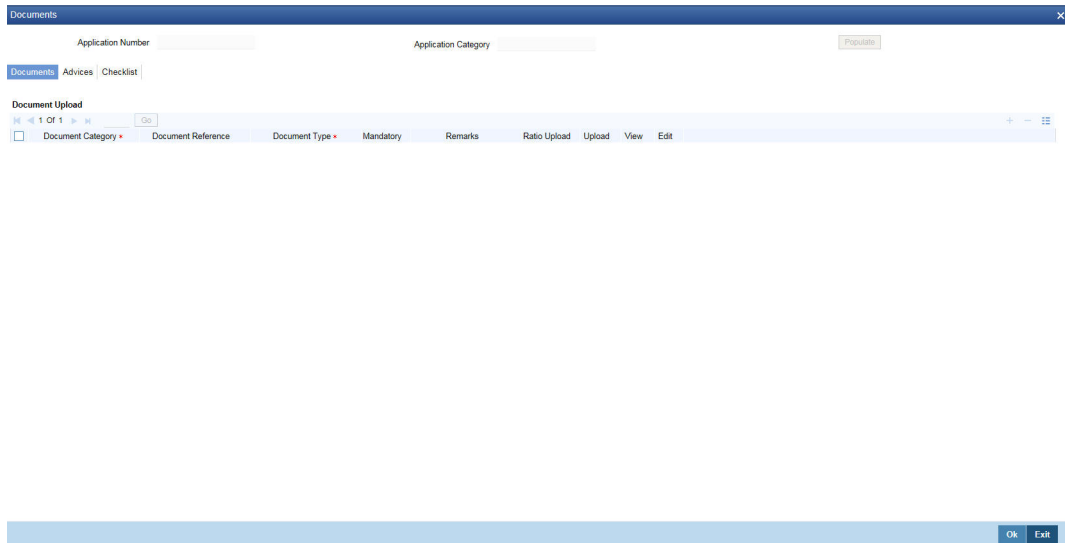

The system displays the following details:

- Application Number
- Stage
- Updated By
- Remarks
- Updated on

## 2.24.16 Documents Button

You can capture the finance related documents details through the 'Documents Upload' screen. Click 'Documents' button to invoke this screen.

### Application Number

The system displays the application number.

### Application Category

The system displays the application category.

### Documents

#### Document Category

Select the document category from the adjoining option list.

### **Document Reference**

Specify the document reference number.

### **Document Type**

Select the type of document. The adjoining option list displays all the document types maintained in the system. Select the appropriate one.

### **Mandatory**

Check this box to indicate whether the document is mandatory.

### **Remarks**

Specify remarks, if any.

### **Ratio Upload**

Check this box if you require ratio upload.

### **Upload**

Click 'Upload' button to open the 'Document Upload' sub-screen. In the 'Document Upload' sub-screen, specify the corresponding document path and click the 'Submit' button. Once the document is uploaded through the upload button, the system displays the document reference number.

### **View**

Click 'View' to view the document uploaded.

### **Edit**

Click 'Edit' to edit the uploaded documents.

## **2.24.16.1 Advices Tab**

Click 'Advices' tab in Documents screen to view advice details.

The screenshot shows a web application window titled "Documents". At the top, there are two search fields: "Application Number" and "Application Category", each with a magnifying glass icon. To the right of these fields is a "Populate" button. Below the search fields, there are three tabs: "Documents", "Advices", and "Checklist". The "Advices" tab is currently selected. Underneath the tabs, there is a table with a header row containing the following columns: "Report Name", "Template", "Format", "Attribute Locale", and "View". The table body is currently empty. At the bottom right of the window, there are "Ok" and "Cancel" buttons. The window also shows a "1 of 1" indicator and a "Go" button.

### **Report Name**

The system displays the report name.

### **Template**

The system displays the template.

### **View**

Click 'View' to view the uploaded document.

## 2.24.16.2 Checklist Tab

Click 'Checklist' tab in Documents screen to view checklist details.

The screenshot shows a software window titled "Documents". At the top, there are two search fields labeled "Application Number" and "Application Category", followed by a "Populate" button. Below this is a navigation bar with tabs for "Documents", "Advices", and "Checklist". The "Checklist" tab is selected. The main content area displays a table with the following columns: "Checklist Item", "Mandatory", "Verified", and "Comments". The table is currently empty. At the bottom right of the window, there are "Ok" and "Cancel" buttons.

### Checklist Item

The system displays the checklist details.

### Mandatory

This field is updated based on the maintenances in Documents sub screen.

### Verified

Check this box to confirm that the corresponding checklist is verified.

### Comments

Specify comments, if any.

## 2.24.17 Dedupe Button

You can query the duplicate details in the Dedupe screen.

When a customer or prospect applies for a finance, the bank verifies if there are any duplicate applications initiated by customer or prospect in the system. If there are any pipeline applications that are suspected to be duplicate of an already initiated application or an existing finance contract, the system identifies and displays the existing transactions details in the Dedupe screen.

Click 'Dedupe' button to invoke Dedupe details screen.

### 2.24.17.1 Customers

#### Applications

In the Application section, the system checks for any duplicates in the applications that are already initiated from Origination.

#### Existing Customers

In the Existing Customers section, the system checks for any duplicate entry in the existing customer details based on First Name, Middle Name, Last Name, Short Name and National ID.

### 2.24.17.2 Contracts

#### Applications

In the Application section, the system checks for any duplicates in the finance applications that are already initiated from Origination.

#### Existing Customers

In the Existing Customers section, the system checks for any duplicate entry in the existing finance details based on Number of Instalments, Frequency, Frequency Unit, Requested Amount.

### 2.24.18 Financing Asset Button

You can capture the finance asset details based on the finance type. You can capture the finance type details from this Asset Details screen. You can invoke this screen by clicking 'Financing Assets' button

### Application Category

The system displays the application category.

### Application Number

The system displays the application number.

### Application Type

Select the type of application from the drop-down list. The list displays the following values:

- Home
- Vehicle
- Personal
- Mortgage
- Others

### Finance Branch

The system displays the finance branch.

### Finance Reference

The system displays the finance reference number.

### Finance Currency

The system displays the finance currency.

### Customer Branch

The system displays the customer branch.

### Customer ID

The system displays the customer ID.

### Customer Name

The system displays the customer name.

*For information on Home, Vehicle, Others, Mortgage and Valuation Tabs, refer to the section 'Assets Button' in the chapter 'Account Creation' in Retail Lending User Manual.*

## 2.24.18.1 Insurance Tab

Click 'Insurance' tab to view the insurance details.

The screenshot shows the Oracle Financials Asset Details page with the 'Insurance' tab selected. The page is divided into several sections:

- Application Details:** Application Category (MUDARABAH WEC), Application Number, Application Type (Others), Branch Code (000), Reference Number, Currency, Customer Branch (000), Customer Id (000201), and Customer Name (000201).
- Navigation:** Home, Vehicle, Others, Mortgage, Insurance (selected), Valuation.
- Insurance Details:** A table with columns for Policy Type (Asset Insurance), Policy #, Insurer, Customer, Insurance Status, Policy Currency, Policy Amount, Premium Amount, Insurance Expiry, Policy Start Date, Policy End Date, Insured Name, Managed By, Agent Id, Agent Name, Agent Contract #, Insurer Address 1, Insurer Address 2, Insurer Address 3, and Insurer Address 4.
- Buttons:** OK and Cancel buttons at the bottom right.

### Policy Type

Select the type of policy from the drop-down list. The list displays the following values:

- Asset Insurance
- Life Insurance

### Policy No

The system displays the policy number.

### Insurer

The system displays the insurer.

### Customer

The system displays the customer number.

### Insurance Status

The system displays the insurance status.

### Policy Currency

The system displays the policy currency.

### Policy Amount

The system displays the policy amount.

### Premium Amount

The system displays the premium amount.

### Insurance Expiry

The system displays the insurance expiry date.

### Policy Start Date

The system displays the policy start date.

### Policy End Date

The system displays the policy end date.

### Insured Name

The system displays the insured name.

### Managed By

The system displays the name of the person who manages the policy.

### Agent ID

The system displays the identification number of the agent.

### Agent Name

The system displays the name of the agent.

### Agent Contract No

The system displays the contract number of the agent.

### Insurer Address 1,2,3,4

The system displays the address of the insurer.

## 2.24.19 Preference Button

You can capture finance preference details in the Preference screen. Click 'Preference' button to invoke this screen.

Specify the following details.

### Preferences

#### **Amend Past Paid Schedule**

Check this box to amend past paid schedule.

#### **Recalculate Annuity On Disbursement**

Check this box to recalculate annuity on disbursement.

#### **Stop Disbursement**

Check this box to stop disbursement.

#### **Finance Statement Required**

Check this box to indicate finance statement is required.

**Rescheduling Allowed**

Check this box to allow rescheduling.

**Re-Schedule Amortization on Final Disbursement**

Check this box to re-schedule amortization on final disbursement.

**Use guarantor for Repayment**

Check this box to use guarantor for repayment.

**Multiple Down Payment Required**

Check this box to indicate multiple down payment required.

**Cheque Book Facility**

Check this box to issue a cheque book to the account holder.

**Passbook Facility**

Check this box to issue a passbook to the account holder.

**ATM Facility**

Check this box to allow account accessible for ATM operations.

**Partial Block Release**

Check this box to release partial block.

**Financing Against Salary**

Check this box to allow financing against salary.

**Notary Pre Confirmed**

Check this box to indicate notary pre confirmation.

**Construction Details****Original Construction End Date**

Specify the original construction end date from the adjoining calendar.

**Construction End Date**

Specify the construction end date from the adjoining calendar.

**Handover Applicable**

Check this box to allow property handover.

**Handover Date**

Specify the date of handover from the adjoining calendar.

**Grace Period****Supplier Grace Period**

Specify the supplier grace period.

**Frequency**

Specify the grace period frequency of the supplier.

**Customer Grace Period**

Specify the customer grace period.

**Frequency**

Specify the grace period frequency of the customer.

## **Liquidation**

### **Liquidation Mode**

Select the liquidation mode from the drop-down list. The options are as follows:

- Auto
- Manual
- Component

### **Liquidation Back Valued Schedules**

Check this box to liquidate all the schedules with a due date less than the system date on initiation of a back value dated finance.

### **Reset Retry Count for Reversed Auto Liquidation**

Check this box to allow to reset retry count for reversed auto liquidation.

### **Partial Liquidation**

Check this box to allow partial liquidation.

### **Allow Bulk Payment**

Check this box to allow bulk payment.

### **Retries Auto Liquidation Days**

Specify the retries auto liquidation days.

### **Retries Advice Days**

Specify the retries advice days.

### **Close Collateral**

Check this box to close collateral.

## **Limit Days for Settlement**

### **Other Customer Accounts**

Specify the number of days after which the other accounts of customer should be considered for settlement.

By default, the system will display zero. You can amend this value.

### **Guarantor Accounts**

Specify the number of days after which the guarantor account should be considered for settlement.

By default, the system will display zero. You can amend this value.

## **Track Receivable**

### **Auto Liquidation**

Check this box to allow auto liquidation.

## **Finance Statements**

### **Start Date**

Specify the start date of the finance statement.

### **Frequency**

Select the frequency from the drop-down list. The options are as follows:

- Daily
- Monthly
- Quarterly
- Half Yearly
- Yearly

**Frequency Units**

Specify the frequency units.

**Provisioning Preference****Provisioning Mode**

Select the auto provisioning mode. The options are as follows:

- Auto
- Manual
- Not Applicable

**Finance Notices****Finance Settlement Request**

Check this box to allow finance settlement request.

**Notice Date**

Specify the notice date.

**Expected Closure Date**

Specify the expected closure date.

**Renegotiation Details****Maximum Renegotiations**

Specify the maximum renegotiations count.

**Renegotiation No**

The system displays the renegotiation number.

**Status Change Mode****Status Change Mode**

Select the status change mode. The options are as follows:

- Auto
- Manual

**Holiday Periods****Period**

Specify the holiday period. Alternatively, you can select the period from the option list. The list displays the valid periods maintained in the system.

**UDE Rate Plan****Start Date**

Specify the start date of the UDE rate plan from the adjoining calendar.

## End Date

Specify the end date of the UDE rate plan from the adjoining calendar.

## Intermediary

### Intermediary Code

Specify the intermediary code. Alternatively, you can select the code from the option list. The list displays the codes maintained in the system.

### Intermediary Name

The system displays the intermediary name.

### Intermediary Ratio

Specify the intermediary ratio.

Click 'Holiday Preference' tab to specify the holiday preferences.

The screenshot shows the 'Finance Preferences' dialog box with the 'Holiday Preference' tab selected. The dialog contains several input fields and sections for configuring holiday preferences. At the top, there are fields for 'Application Number', 'Application Branch', 'Financing Account Number', 'Application Type' (set to 'Others'), 'Product Code', and 'Customer Number' (set to 'undefined'). Below these, the 'Account Preference' section has 'Holiday Preference' selected. The main content area is divided into three sections: 'Holiday Treatment for Disbursement / Payment Schedules', 'Holiday Treatment for Maturity/Value Dates', and 'Holiday Treatment for Revision Schedules'. Each section includes an 'Ignore Holidays' checkbox, a 'Holiday Check' dropdown menu (set to 'Local'), and a 'Holiday Currency' field. To the right of each section is a 'Schedule Movement' section with radio buttons for 'Move Across Month', 'Cascade Schedules', 'Move Forward', and 'Move Backward'. The 'Move Forward' option is selected in all three sections. At the bottom right of the dialog, there are 'OK' and 'Exit' buttons.

*For details on Holiday Preferences, refer to the section 'Holiday Preferences Tab' in the chapter 'Defining Product Categories and Product' in Retail Lending User Manual.*

## 2.24.20 Covenant Button

You can capture the covenant details in covenant screen. Click 'Covenant' button to invoke this screen.

The screenshot shows a software window titled "Covenant Details". At the top, there are two text input fields labeled "Application Number \*" and "Application Branch \*". Below these is a table with a header row containing the following columns: "Covenant Name \*", "Covenant Type", "Start Date", "End Date", "Frequency", "Due date", "Currency", "Guideline Value", "Actual value", and "W". The table body is empty. At the bottom right of the window, there are two buttons: "Ok" and "Exit".

### **Application Number**

The system displays the application number.

### **Application Branch**

The system displays the application branch.

### **Covenant Details**

#### **Covenant Name**

Select the covenant name from the list available here. The list displays the covenant names maintained in Covenant Maintenance screen.

#### **Covenant Type**

Specify the type of covenant.

#### **Start Date**

Select the start date from the adjoining calendar.

#### **End Date**

Select the end date from the adjoining calendar.

#### **Frequency**

Select a frequency according to which the Convent has to collected/ revised. You may select any one of the following frequencies:

- Yearly
- Half Yearly
- Quarterly
- Monthly

- Weekly
- Daily

### Due Date

Specify the number of days after which the covenant needs to be reviewed.

### Currency

Specify the currency. Alternatively, you can select the currency from the option list. The list displays all valid currency codes.

### Guideline Value

Specify the guideline value.

### Actual Value

Specify the actual value.

### Waived

Check this box to waive the covenant.

### Remarks

Specify the remarks about the covenant maintenance.

## 2.24.21 Evaluation Button

You can capture the evaluation details in evaluation screen. Click 'Evaluation' button to invoke this screen.

### Application Number

The system displays the application number.

### Application Branch

The system displays the application branch.

### Application Category

The system displays the application category.

**Customer No**

The system displays the customer number.

**Customer Type**

The system displays the customer type.

**2.24.21.1 Credit Score Tab****Risk Details****Risk ID**

Specify the risk ID.

**Description**

Give a brief description on the risk ID.

**Score**

Specify the score.

**Credit Score****Rule ID**

The system displays the rule ID.

**Grade**

The system displays the grade.

**Scale**

The system displays the scale.

**Score**

The system displays the score.

**Credit Rating****Question ID**

Specify the question ID.

**Category**

Specify the category.

**Question**

Specify the question.

**Answer**

Specify the answer.

## 2.24.21.2 Ratio Tab

Click 'Ratio tab' to invoke this screen.

  - Fund MIS 6 (text field)
  - Fund MIS 7 (text field)
  - Fund MIS 8 (text field)
  - Fund MIS 9 (text field)
  - Fund MIS 10 (text field)

A 'Cancel' button is located at the bottom right of the screen.

*For information on MIS, refer to the section 'MIS Button' in the chapter 'Account Creation' in Retail Lending User Manual.*

## 2.24.23 Fields Button

You can capture the UDF details in 'Fields' screen. Click 'Fields' button to invoke this screen.

The screenshot shows the 'Fields' screen with a header bar containing 'Fields' and a close button. Below the header, there are four input fields: 'Application Number \*', 'Application Branch \*', 'Account Number \*', and 'Branch Code \*'. The main area is divided into three sections: 'Character Fields', 'Number Fields', and 'Date Fields'. Each section has a 'Go' button and a table with columns for 'Field Name \*' and 'Field Value'. At the bottom right, there are 'Ok' and 'Cancel' buttons.

For information on Finance UDF, refer to the section 'Fields Tab' in the chapter 'Account Creation' in Retail Lending User Manual.

## 2.24.24 SWIFT Message Details Button

You can capture SWIFT message details in SWIFT Message Details screen. Click 'SWIFT Message' to invoke the following screen:

The screenshot shows the 'SWIFT Message Details' screen with a header bar containing 'SWIFT Message Details' and a close button. Below the header, there are three input fields: 'Application Number', 'Application Branch', and 'Account Number'. The main area is divided into several sections: 'Beneficiary Institution', 'Sender To Receiver Information', 'Message Details', 'Charge Details', 'Ordering Institution', 'Ordering Customer', 'Intermediary Reimbursement Institution', 'Ultimate Beneficiary', 'Beneficiary Institution for Cover', 'Receiver Correspondence', 'Account With Institution', and 'Intermediary'. Each section contains multiple input fields and a 'Cover Required' checkbox. At the bottom right, there are 'Ok' and 'Exit' buttons.

For details on SWIFT Message, refer to the section 'SWIFT Message Details Button' in the chapter 'Account Creation' in Retail Lending User Manual.

## 2.24.25 Payment Mode Button

You can capture Payment details in Payment screen. Click 'Payment Mode' button to invoke this screen.

The screenshot shows a 'Payment Details' window with a blue header and a close button. The window is divided into two tabs: 'Credit Settlement Mode' (selected) and 'Debit Settlement Mode'. The 'Credit Settlement Mode' tab contains the following fields:

- Application Number
- Application Branch
- Credit Payment Mode (dropdown menu, currently set to 'Account')
- Credit Account Branch
- Credit Product Account
- Instrument Number Credit
- Upload Source Credit
- End Point
- GIRO Number
- Payer Account
- Payer Bank Code
- Payer Branch
- Payer Bank Address 1
- Payer Bank Address 2
- Payer Bank Address 3
- Payer Bank Address 4
- Bank GIRO (radio buttons for 'Bank GIRO' and 'Plus')

The 'Debit Settlement Mode' tab contains the following fields:

- Account Number
- Component Name
- External Account Number
- External Account Name
- Clearing Bank Code
- Clearing Branch Code
- Product Category
- Routing Number
- Clearing Product Code
- Sector Code
- Auto GIRO (radio buttons for 'Auto' and 'Manual')
- Exchange Rate
- Negotiated Cost Rate
- Negotiated Reference
- Original Exchange Rate

At the bottom right of the window, there are 'Ok' and 'Cancel' buttons.

Specify the following details.

### **Application Number**

The system displays the application number.

### **Application Branch**

The system displays the application branch.

### **Account Number**

The system displays the account number.

### **Branch Code**

The system displays the branch code.

### 2.24.25.1 Credit Settlement Mode

Click the 'Credit Settlement Mode' tab to specify the credit settlement mode details.

Specify the following details.

### **Credit Payment Mode**

Select the mode of payment by which the account is credited from the drop-down list. The options are as follows:

- Account
- Credit Card
- Clearing
- Debit Card
- External Account

- Electronic pay order
- GIRO
- Internal Cheque
- Instrument
- Cash/Teller

**Credit Account Branch**

Specify the credit account branch where the account is credited. Alternatively, you can select the branch from the option list. The list displays the valid branch codes maintained in the system.

**Upload Source Credit**

Specify the upload source credit. Alternatively, you can select the it from the option list.

**Clearing Bank Code**

Specify the clearing bank code. Alternatively, you can select the bank code from the option list. The list displays the bank codes maintained in the system.

**Instrument Number Credit**

Specify the credit instrument number.

**Clearing Product Code**

Specify the clearing product code. Alternatively, you can select the product code from the option list. The list displays the product codes maintained in the system.

**End Point**

Specify the end point. Alternatively, you can select the end point from the option list. The list displays the valid end points maintained in the system.

**External Account Number**

Specify the external account number of the creditor.

**Product Category**

Specify the product category. Alternatively, you can select the product category from the option list. The list displays the valid product categories maintained in the system.

**Credit Product Account**

Specify the credit product account. Alternatively, you can select the account from the option list. The list displays the valid accounts maintained in the system.

**Clearing Branch Code**

Specify the clearing branch code. Alternatively, you can select the branch code from the option list. The list displays the valid branch codes maintained in the system.

**Routing Number**

Specify the routing number.

**Sector Code**

Specify the sector code. Alternatively, you can select the sector code from the option list. The list displays the valid sector codes maintained in the system.

**External Account Name**

Specify the external account name.

## 2.24.25.2 Debit Settlement Mode

Click the 'Debit Settlement Mode' tab to specify the credit settlement mode details.

The screenshot shows a 'Payment Details' dialog box with a blue header and a close button (X) in the top right corner. The dialog is divided into several sections:

- Application Information:** Application Number, Application Branch, Account Number, Component Name.
- Credit Settlement Mode:** A tab labeled 'Debit Settlement Mode' is selected.
- Debit Payment Mode:** A dropdown menu currently set to 'Account'.
- Debit Account Information:** Debit Account Branch, Debit Product Account, Card Number, Instrument Number Debit, Upload Source Debit, End Point.
- External Account Information:** External Account Number, External Account Name, Clearing Bank Code, Clearing Branch Code, Product Category, Routing Number, Clearing Product Code, Sector Code.
- Payer Information:** Payer Account, Payer Bank Code, Payer Branch, Payer Bank Address 1, Payer Bank Address 2, Payer Bank Address 3, Payer Bank Address 4, GIRO Number.
- GIRO Options:** Bank GIRO (radio buttons for 'Bank GIRO' and 'Plus').
- Exchange Rate Options:** Auto GIRO (radio buttons for 'Auto' and 'Manual'), Exchange Rate, Negotiated Cost Rate, Negotiated Reference, Original Exchange Rate.

At the bottom right of the dialog, there are 'Ok' and 'Cancel' buttons.

Specify the following details.

### Debit Payment Mode

Select the mode of payment by which the account is debited from the drop-down list. The options are as follows:

- Account
- Credit Card
- Clearing
- Debit Card
- External Account
- Electronic pay order
- GIRO
- Internal Cheque
- Instrument
- Cash/Teller
- PDC

### Debit Account Branch

Specify the debit account branch where the account is debited. Alternatively, you can select the branch from the option list. The list displays the valid branch codes maintained in the system.

### External Account Number

Specify the external account number of the debtor.

**Clearing Bank Code**

Specify the clearing bank code. Alternatively, you can select the bank code from the option list. The list displays the bank codes maintained in the system.

**Instrument Number Debit**

Specify the debit instrument number.

**End Point**

Specify the end point. Alternatively, you can select the end point from the option list. The list displays the valid end points maintained in the system.

**Clearing Product Code**

Specify the clearing product code. Alternatively, you can select the product code from the option list. The list displays the product codes maintained in the system.

**Upload Source Debit**

Specify the upload source credit. Alternatively, you can select the it from the option list.

**Card Number**

Specify the debit card number.

**Payer Bank Name**

Specify the bank name of the payer.

**Payer Account**

Specify the account number of the payer.

**Payer Branch**

Specify the branch of the payer.

**Payer Bank Address 1**

Specify the payer bank address 1.

**Payer Bank Address 2**

Specify the payer bank address 2.

**Payer Bank Address 3**

Specify the payer bank address 3.

**Payer Bank Address 4**

Specify the payer bank address 4.

**Debit Product Account**

Specify the debit product account. Alternatively, you can select the account from the option list. The list displays the valid accounts maintained in the system.

**External Account Name**

Specify the external account name.

**Clearing Branch Code**

Specify the clearing branch code. Alternatively, you can select the branch code from the option list. The list displays the branch codes maintained in the system.

**Product Category**

Specify the product category. Alternatively, you can select the product category from the option list. The list displays the valid product categories maintained in the system.

### **Routing Number**

Specify the routing number.

### **Sector Code**

Specify the sector code. Alternatively, you can select the sector code from the option list. The list displays the valid sector codes maintained in the system.

### **GIRO Number**

Specify the GIRO number.

### **Bank GIRO**

Specify the bank GIRO number.

### **Auto GIRO**

Specify the auto GIRO number.

*For information on Payment Details, refer to the section 'Payment Mode Details Button' in the chapter 'Account Creation' in Retail Lending User Manual.*

## **2.24.26 Ijarah Button**

Click 'Ijarah' button to specify the details.

The screenshot shows a dialog box titled 'Ijarah' with a close button (X) in the top right corner. The dialog box contains the following fields and controls:

- Application Number (text input)
- Application Branch (text input)
- Account Number (text input)
- Branch Code (text input)
- Ijarah (text input)
- Lease Type (dropdown menu)
- Payment In Advance (dropdown menu)
- Residual Value Basis (dropdown menu)
- Currency (text input)
- Residual Value (text input)
- Residual Amount (text input)

At the bottom right of the dialog box, there are 'Ok' and 'Cancel' buttons.

Specify the following details:

### **Application Number**

The system displays the application number.

### **Application Branch**

The system displays the application branch.

### **Account Number**

The system displays the account number.

### Branch Code

The system displays the branch code.

### Ijarah

#### Lease Type

Select the lease type.

#### Payment in Advance

Select the payment in advance method.

#### Residual Value Basis

Select the residual value basis.

#### Currency

Specify the currency code.

#### Residual Value

Specify the residual value.

#### Residual Amount

Specify the residual amount.

## 2.24.27 Inventory Tracking Button

You can view inventory tracking details in 'Inventory Tracking' screen. Click 'Inventory Tracking' button to invoke this screen.

The screenshot shows the 'Inventory Tracking' application window. At the top, there are input fields for 'Application Number', 'Branch', and 'Account'. To the right, there are fields for 'Financing Currency' and 'Asset Category', with a 'Populate' button next to the 'Asset Category' field. Below these fields is a section titled 'Inventory Details' which contains a table with the following columns: 'Fixed Asset Contract Reference', 'Acquisition Date', 'Sale Date', 'Asset Code', 'Available Quantity', 'Booked Quantity', 'Unit Price', and 'Total Cost'. The table is currently empty. At the bottom right of the window are 'Ok' and 'Cancel' buttons.

Specify the following details:

#### Application Number

The system displays the application number.

#### Branch

The system displays the application category.

**Account**

The system displays the account number.

**Financing Currency**

The system displays the financing currency.

**Asset Category**

The system displays the asset category.

**Inventory details****Fixed Asset Contract Reference**

Specify the fixed asset contract reference number.

**Acquisition Date**

Specify the application date.

**Sale Date**

Specify the date of sale.

**Asset Code**

Specify the asset code.

**Available Quantity**

Specify the quantity available.

**Booked Quantity**

Specify the quantity booked.

**Unit Price**

Specify the unit price of the inventory.

**Total Cost**

Specify the total cost of the inventory.

**Vendor Code**

Specify the inventory code.

**2.24.28 Multi Finance Button**

You can view the multi finance details. Click 'Multi Finance' button to invoke this screen.

Multi Finance Company Details

Application Number  Account Number   
 Application Branch  Branch Code

Multi Finance Company Details

1 Of 1

<input type="checkbox"/>	Borrower	Borrower Name	Currency	Amount	Rate	Value Date	Maturity Date	Remarks

Ok Cancel

Specify the following details:

**Application Number**

The system displays the application number.

**Application Branch**

The system displays the application category.

**Account Number**

The system displays the account number.

**Branch Code**

The system displays the branch code.

**Multi Finance Company Details**

**Borrower**

Specify the borrower number. Alternatively, you can select the borrower number from the option list. The list displays the borrower details maintained in the system.

**Borrower Name**

The system displays the borrower name for the borrower number selected.

**Currency**

Specify the currency code. Alternatively, you can select the currency code from the option list. The list displays the currency code maintained in the system.

**Amount**

Specify the amount borrowed.

**Rate**

Specify the rate.

**Value Date**

Specify the value date.

**Maturity Date**

Specify the date of maturity.

**Remarks**

Specify the remarks if any.

**2.24.29 Down Payment Details Button**

You can view the Down Payment details. Click 'Down Payment Details' button to invoke this screen.

**Application Number**

The system displays the application number.

**Application Branch**

The system displays the application branch.

**Account**

The system displays the account number.

**Currency**

The system displays the currency code.

**Down Payment**

The system displays the Down Payment amount.

**Future Down Payment Receivable**

The system displays the future Down Payment receivable.

**Total Down Payment Amount**

The system displays the total Down Payment amount.

### Process Reference

The system displays the process reference number.

### Account Currency

The system displays the account currency.

### Down Payment Amount

The system displays the Down Payment amount.

### Value Date

The system displays the value date.

### Amount in Account Currency

The system displays the amount in account currency.

## 2.24.30 Party Details Button

Click 'Party Details' button to invoke this screen.

The screenshot shows a software window titled "Party Details". At the top, there are four input fields: "Application Number", "Application Branch", "Account Number", and "Branch Code". Below these fields is a table with a header row containing "Customer Id", "Name", "Settlement Branch", and "Settlement Account". The table body is empty. At the bottom right of the window, there are "Ok" and "Cancel" buttons. The window also features a navigation bar with "1 Of 1" and a "Go" button.

Specify the following details:

### Application Number

The system displays the application number.

### Application Branch

The system displays the application branch.

### Account Number

The system displays the account number.

### Branch Code

The system displays the branch code.

## Customer ID

Specify the customer ID. Alternatively, you can select the customer ID from the option list. The list displays the valid customer ID maintained in the system.

## Name

The system displays the name of the customer selected.

## Settlement Branch

Specify the settlement branch code. Alternatively, you can select the settlement branch code from the option list. The list displays the branch codes maintained in the system.

## Settlement Account

Specify the settlement account number.

## 2.24.31 Multiple Asset Button

You can capture the collateral details in the 'Multiple Asset' screen. Click 'Multiple Asset' button to invoke this screen.

## Application Number

The system displays the application number.

## Asset Sequence Number

The system displays the asset sequence number.

## Asset Status

The system displays the status of the asset.

### 2.24.31.1 Vehicle Tab

#### Vehicle Details

##### Type

Select the type of asset from the drop-down list.

**Asset Category**

Specify the asset category.

**Description**

Specify the description of the asset.

**Application Number**

Specify the application number of the asset.

**Class**

Specify the asset class.

**Color**

Specify the color of the asset.

**No. of Cylinders**

Specify the cylinder numbers.

**Vehicle Condition**

Specify the condition of the vehicle.

**Maker Code**

Specify the maker code of the vehicle.

**Year of Manufacturing**

Specify the manufacturing year of the vehicle.

**Year Model**

Specify the model of the vehicle.

**Sub Model**

Specify the sub model of the vehicle.

**Engine Number**

Specify the engine number of the vehicle.

**Chassis Number**

Specify the chassis number.

**Registration Details**

Specify the registration details of the vehicle.

**Registration Type**

Specify the registration type of the vehicle.

**Registration Name**

Specify the registration name of the vehicle.

**Registration Emirate**

Specify the registration emirate.

**Reg#**

Specify the registration number.

### Down Payment Amount

Specify the Down Payment Amount.

### Vehicle Value

Specify the value of the vehicle.

### Maintenance Cost

Specify the maintenance cost.

### Insurance Amount

Specify the insurance amount.

### Asset Finance Amount

Specify the asset finance amount.

## 2.24.31.2 Property Tab

Click 'Property' tab to specify the property details.

Specify the following details:

### Property Details

#### New Property Type

Select the new property type from the drop-down list. The options are as follows:

- Yes
- No

#### Property Type

Specify the property type.

**Description**

Specify the description of the property.

**Building Name**

Specify the name of the building.

**Builder Name**

Specify the name of the builder.

**Project Name**

Specify the name of the project.

**Wing Name**

Specify the wing name.

**District/Area**

Specify the district or area details.

**City**

Specify the city where the property is located. Alternatively you can select the city from the option list. The list displays all the valid values.

**Area In Other Country**

Specify the area in other country.

**Plot Number**

Specify the plot number.

**Lot Number**

Specify the Lot number.

**Property Status**

Specify the status of the property.

**Property Area**

Specify the area of the property.

**Property Usage**

Specify the usage of the property.

**Property Area In**

Specify the property area in details.

**Date of Completion**

Specify the date of completion.

**Title Deed Number**

Specify the title deed number.

**Registration On Name Of**

Specify the registration on name of details.

**Reg#**

Specify the registration number,

**Registration Date**

Specify the date of registration.

**Title Deed Issue Date**

Specify the title deed issue date.

**Title Deed Issue From**

Specify the title deed issue from.

**Villa/Apartment Number**

Specify the villa or apartment number.

**Building compound Name**

Specify the building compound name.

**Street Name**

Specify the name of the street.

**Post Box Number**

Specify the post box number.

**Emirate**

Specify the emirate details.

**Area In Emirate**

Specify the area in emirate.

**City**

Specify the city.

**Country**

Specify the country

**Mortgage Degree**

Specify the mortgage.

**Amount Details****Currency**

Specify the currency code.

**Requested Amount**

Specify the requested amount.

**Down Payment Amount**

Specify the Down Payment amount.

**Valuation**

Specify the valuation details.

**Insurance Value**

Specify the insurance value.

**Asset Finance Amount**

Specify the asset finance amount.

**Insurance Details****Insurance Company**

Specify the insurance company.

**Insurance Paid By**

Specify the insurance paid by details.

**Premium Amount**

Specify the premium amount.

**Insurance Name**

Specify the insurance name.

**Expiry Date**

Specify the date of expiry.

**Property Management****Company Name**

Specify the company name.

**Managed By**

Specify the name of the person manages the property.

**Contact Person**

Specify the contact person details.

**Contact Number**

Specify the contact number.

**Vendor Details****Vendor Code**

Specify the vendor code.

**Vendor Name**

Specify the name of the vendor.

**Property Evaluation Details****Evaluation Name**

Specify the evaluation name.

**Evaluation Value**

Specify the evaluation value.

**Evaluation Date**

Specify the date of evaluation.

**Property Vendor Details****Vendor Type**

Specify the vendor type.

**Vendor Code**

Specify the code of the vendor.

**Chosen By**

Specify the chosen By details of the vendor.

### Account Value

Specify the account value.

### Account Date

Specify the account date.

### Account Start Date

Specify the start date of account.

### Account End Date

Specify the end date of the account.

## 2.24.31.3 Project Tab
